MOVE INTO NEW HOME

MARION NATIONAL BANK GOES INTO NEW QUARTERS.

The new home of the Marion National bank has been completed, and the bank has taken possession, and moved their furniture and fixtures on Wednesday of this week. We do not, at this time propose to go into a description of the building and its many conveniences and up-to-the-minute bank fixtures, as we are waiting until formal opening takes place, and we have some photographs of both the exterior as well as the interior of the building.

All that is necessary at this time to say is that it is one of the finest bank buildings we have ever seen, and that Mr. King, the cashier, and his able corps of assistants are ready to extend the glad hand of welcome to all of their friends, that they will come in and see them.

We feel that not only the bank officials, but Marion and the entire county of Smyth have a right to feel proud of this fine building, which will attract the attention of the passer-by and tourist, and will the impression on the mind of the beholder that any town that can boast of such a fine bank building must be a fine place in which to live—and thereby they will make no mistake.

We offer our hearty congratulations to the Marion National on the possession of such a splendid place of business.

Are High Yields Worth the Cost?

With corn yields of 80, 100 and 120 bushels becoming more common each year's crop is harvested farmers naturally wonder whether such yields bring a profit commensurate with their cost. In other words does it pay to force yields up to more than double the average of the County or State?

Undoubtedly many Smyth County farmers are securing acre yields ranging from 50 to 100 per cent above the average of the county and in doing so they are surely reducing bushel costs and increasing their margin of profit. The cost of production per bushel is the thing of big concern to the farmers in these days of narrow margins between costs and market prices.

As an average of 324 reports of growing corn by Ohio farmers during the past six years it was found that 40 bushel yields cost an average of 60 cents per bushel; the 60 bushel yields 46 cents; the 80 bushel yields, yields 36 cents; the 100 bushels yields 26 cents, and the 120 bushel yields only 20 cents per bushel. Then we compare the 60 bushel with the 100 bushel yields. It cost 62 cents to grow, harvest, market and insure the 60 bushel crop. At 80 cents per bushel for corn the profit would be 18 cents per bushel. With the 100 bushel yield the cost to grow, harvest, market and insure was 41 cents per bushel. At 80 cents this would give a profit of 39 cents per bushel. The net profit from one acre of 100 bushel corn at 80 cents per bushel was therefore found to be \$39 or nearly four times the acre profit of the 60 bushel acre.

Soil practices were big factors in securing high yields. For example of those making 100 bushel yields 97 per cent grew a legume crop immediately the corn. In several instances liming had been necessary to produce good crops of legumes. About 60 per cent applied manure directly for the corn and practically all used commercial fertilizers applied in the rotation or directly to the corn at the rates of 100 to 400 pounds per acre. Part of the fertilizer was applied broadcast and part drilled in the row. Most of the good growers put faith in known varieties of seed that was given the germination test.

County Agent.

North Carolina vs. Tennessee.

The Kiwanis Club of Marion last Tuesday night enjoyed the unique privilege of listening to a happy discussion of the relative greatness of these two commonwealths. It came in under the head of the program for the evening, and from the ginger displayed by the two advocates reminded one of ye old tyme Club, before some of the boys went to sleep. Mr. Tom Greer waved the banner for the Old North State, while Mr. Andy Funk upheld the fame for Tennessee, and great indeed is the distinguished honor that rests upon both—in fact after sifting the whole matter down we do not believe that there was anything left for any of the other sections or states. It is needless to say that the members enjoyed the fireworks, and the two orators kept the tables in a roar of laughter from the start to their finish.

Among the visitors who attended this meeting of the Club was Mr. Walker, who will have charge of the new hotel, the General Francis Marion. Mr. Walker is from Covington, Va., and is an approved hotel man of known ability. He is now located in Marion, and is busy making arrangements for the opening of the Hotel as soon as it is completed.

The next meeting of the Club will be Tuesday night the 26th, at which time the public school teachers of Marion and the teachers of the Marion Junior College will be the guests of the Club, and it is expected that this will be one of the gala occasions in the history of the Club.

Another Veteran Passes Away

Robert Disher, one of Marion's oldest citizens, died at the home of his son, J. W. Dishner, Pearl Ave., about 11 o'clock, Wednesday morning. He was born in Washington County, Va., December 4th, 1846, being 81 years 4 months and 9 days old. At the age of 16 he joined the Confederate army, and during the latter part of the war served in the 9th Georgia Battalion of Artillery.

At the close of the war he returned to Washington county and later on he came to Smyth county, where he married Miss Cicie Jane Hutton, who preceded him to the grave one year. To this union was born eight children, two of them have preceded him to the great Beyond. He is survived by three daughters, Mrs. L. M. Jones, Atkins, Mrs. J. P. Thompson, Marion, Mrs. Kate McCracken of Wallace, Va., and three sons, M. L. Dishner, Wide-mouth, West Va., J. W. and Jas. R. Dishner, of Marion, and a number of grandchildren and great grandchildren.

In early childhood he united with the Baptist church and was a faithful member unto the end and was a regular attendant at the Sunday School.

Funeral services were conducted at the home of his son, J. W. Dishner, Friday morning, at 10 o'clock, by Rev. H. K. Williams of the Baptist church, assisted by Rev. F. B. Shelton of the Methodist church. The remains were laid to rest by the side of his wife at Mt. Carmel cemetery to await the resurrection morn. XX

Meeting.

The W. C. T. U. held their annual dues social at the home of Mrs. Goolsby on Friday, April 8th, at three o'clock. Mrs. W. B. Echols had charge of the program, Mrs. Phillips had the devotionals. Rev. Mr. Williams, of the Baptist church, made a very interesting talk. Miss Louise Echols delighted the guests with a solo. At the close, delicious refreshments were served.

Marion Kiwanis Band Forging Ahead.

The Marion Kiwanis Band, altho' one of the best bands in this section of the state, is determined to be the best.

The management of the band has been successful in securing Prof. Felix C. Sanchez, of New York, as instructor and bandmaster.

Prof. Sanchez comes to Marion very highly recommended both as a gentlemen and instructor, having for the past eight years successfully taught violin and wind instruments in Petersburg, Va., and the Hopewell High School, and it was under his leadership that the Tubize Band of Hopewell has been so successful in their broad casting programs from station W R V A of Richmond, Va.

Prof. Sanchez has taken up his duties with the Marion Kiwanis Band and under his leadership the boys have taken a new spirit that has already begun to show improvement.

NATIONAL FARM NEWS OCCUPIES UNIQUE STATION IN FARM FIELD

Only National Weekly Newspaper Devoted Exclusively to Agricultural Interests.

Something entirely new in the newspaper world was instituted when The National Farm News was launched as a weekly newspaper for farmers.

There have been numerous "farm papers"—but never before a farmer's newspaper. Until the starting of The National Farm News the farmer who wanted to read the news that con-

James S. Vance, Founder, Editor and General Manager of The National Farm News.

cerned him had to dig through a mass of both ordinary newspapers and farm journals. All that is now done away with.

The National Farm News is truly a farm newspaper. It is made up of live news for farmers and for those who, while not actively engaged in farming, are interested financially or otherwise in farm affairs.

Being a newspaper, it takes the form of a newspaper—not a journal or magazine. This, too, is something new! Heretofore, papers meant for farmers have been made up on the farm of journals or magazines. The National Farm News presents to farmers of the United States the news of the week, while it is still news, in real news style that is easy and interesting to read.

Why a Farm Paper?

The National Farm News gives the farmer and the rural town man an all-agricultural survey of the week's news, with valuable information on the economics of production and marketing. The editorial staff is in close touch with the marketing machinery of the Agricultural Department and all the heads of the various cooperative marketing associations. They are located in Washington. What is offered along this line represents the best thought obtainable at the time. There is a service of unlimited value through such a paper, conducted solely for the betterment of American agriculture.

Why in Washington?

We are still an agricultural nation,

despite our great shops and factories. Washington, the NATIONAL CITY, is the great clearing house of farm news. Congress and the seat of Government are here. All eyes are now turned on Congress and the Administration. Every day brings the National Government into more intimate relationship with the country's basic industry—AGRICULTURE. The program for permanent improvement in farm life and farm business will be in keeping with what the Farmers want in the measure that the farmers KNOW what Congress and the President are doing.

Washington is the headquarters of the Department of Agriculture. This great governmental agency is only useful if used. The National Farm News gives farmers information, contact, acquaintance and use of this agency.

All of the GREAT NATIONAL farm organizations maintain headquarters in the National Capital. Their work in representing the farmers before Congress and the Departments of Government is of importance to every farmer in America.

Other Important Features.

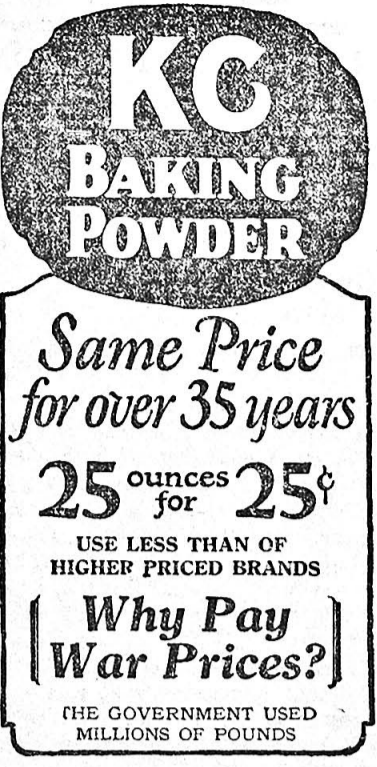

A nation-wide news-reporting service which brings the news of the entire country to you in an honest and complete way. In addition to this, The National Farm News carries carefully conducted departments for the Farm Home to interest and instruct every member: Helps for the Housewife; Legal Department to answer puzzling legal problems; interesting features for the young folks; gardening and club helps; questions and answers service on any and all problems; patterns; clean fiction—in fact a modern newspaper embracing the best there is for the American farmer and his home, published 52 times a year—once each week.

Who Is Back Of It.

A group of real American men, farm born and farm trained, schooled in every phase of farm life and activity, experienced in organization and cooperative work. The National Farm News is under the direct control of James S. Vance, the Editor and founder of this paper. Mr. Vance has a background of more than twenty-five years' successful experience in the publishing business, ranging all the way from a small town daily to the largest newspaper in America and a great National Fraternal Weekly.

A full staff of trained newspaper writers and experts on various matters pertaining to farming complete the personnel of THE NATIONAL FARM NEWS. It is first, last, and all the time an Independent Newspaper, serving no other interest but American farming in all its branches. It is equipped to perform a real service for the farmer and to meet a real need in his business.

In brief, The National Farm News is "a weekly newspaper" whose news columns give "honest news" free from propaganda, reporting the facts as they are, without fear or favor, and placing farmers on a footing of equality with those engaged in every other industry, by having their own news service.

Talks on New Problems For Women.

Miss Eleanor Copenhaver, National Secretary of the Y. W. C. A., is giving women two delightful days of conference and talks on subjects in which she is an expert. Her keen mind is greatly enhanced by her charming personality—the personality of a Southerner, for the young lady is a Virginian.

Women in Industry is the topic she is emphasizing here, touching on the changing conditions which open up new vistas to women every day, and the necessity for keeping a level head among the evidences of a new and intoxicating freedom.

Miss Copenhaver has been entertained with several affairs, luncheons, and dinners by the members of the Board, Staff and Industrial Clubs. She will leave Wichita Saturday.—Wichita (Kan.) RESOLUTIONS

by Thompson Lodge No. 88, Marion Virginia:

In the untimely death of our beloved Brother William E. Rosser, Thompson Lodge No. 88 I. O. O. F., has lost a faithful and efficient member.

Each member of our noble Brotherhood has lost a much loved and worthy Brother. Our community has lost a Citizen of sterling character and integrity.

Therefore, be it RESOLVED: That we extend our deep sympathy to his bereaved widow and children.

That we humbly bow to Divine wisdom that governs the Universe in which we live.

That a copy of these resolutions be spread on our minutes, and a copy be sent to the bereaved family and published in the Marion papers.

WINNERS OF PRIZE ESSEYS

The Womans' Club congratulates Ellen Hawkins on winning the second prize in the Essay Contest on "How to Make Marion More Beautiful." Most heartily we recommend the Essay printed below to the attention of the public. And hope before long we may see around us improvements in our town inspired by the thought of our school children.

HOW TO MAKE MARION MORE BEAUTIFUL.

Why not have Marion the most beautiful town in Southwest Virginia? If it cannot be made the most beautiful it can be made as beautiful as the majority of towns of its size. People are taking more pride in making their towns more attractive and in giving the visitors a good impression of their towns. Marion does not want to be behind in this movement therefore each citizen should do his part to further this movement.

Street lighting holds a big place in the attractiveness of a city. A better system of lighting would help Marion very much. Street lights may add to the beauty of a place but it may also detract from the beauty. In Marion they detract from the beauty. Street lights should be used that will look pretty at night and also be attractive in the day time.

Cleanliness is another big factor that helps in the advancement and beauty of a town. Any homeseeker will choose the town which presents clean streets and does not have unsightly places such as dump heaps. Dump heaps can be easily eliminated from any town. The gutters of Marion especially in the business section of the town are very unsightly, cigarette stubbs, old papers and such things are thrown in the gutters. If the gutters were cleaned often it would improve the appearance of our town a great deal.

Towns whose streets are lined with trees present a neat appearance. Elm and maple trees are very pretty for this purpose. It also adds to the beauty of a town and shows people that the citizens take an interest in the advancement and upkeep of their town. Many towns are using the idea of grassy sections with the trees growing in them and circle of flowers between the trees.

Washington, D. C., the capital of the United States, is one of the most beautiful cities in the country not only because it is the capitol and has so many public buildings but also because the streets are lined with trees. Kingsport, Tennessee, is another example of how a town is improved by trees, flowers and grass. In this city the grass and flowers which make the city so attractive are cared for implicitly by people whose business it is to look after this. These cities could do nothing toward beautifying their streets if they did not have the support and backing of the citizens. If each citizen in Marion would talk this up every one would soon become interested and it would be a small matter to get the thing started and we would have as pretty a town as others. Everyone likes to visit parts for their beauty. Marion has nothing of this kind and it would be a great advancement to have something on this order.

Well kept homes and buildings play a great part in the appearance who make it his business to keep his own premises clean and well kept the town would look better and if every one would insist that the public buildings are well kept the town would see that it was done.

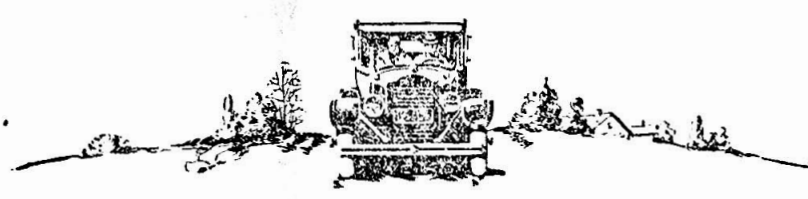

No one likes to walk down the street and see huge billboards staring them in the face. People would much rather see an open space than bill boards. Coming into Marion from the East and West are large billboards, if these were eliminated the outskirts of the town would look better.

By each person doing his part to keep his property in good condition and working for the advancement of their town, Marion would soon present a much better appearance. If other places can become beautiful Marion can. Let Marion be known as the "City Beautiful."

Keep in Trim!

Good Elimination Is Essential to Good Health.

THE kidneys are the blood filters. If they fail to function properly there is apt to be a retention of toxic poisons in the blood. A dull, languid feeling and, sometimes, toxic backaches, headaches, and dizziness are symptoms of this condition. Further evidence of improper kidney function is often found in burning or scanty passage of secretions. Each year more and more people are learning the value of *Doan's Pills*, a stimulant diuretic, in this condition. Scarcely a nook or hamlet anywhere but has many enthusiastic users. The King of Vegetables

THE flaming red "love-apple"—to call the tomato by its early name—comes rightly by its royal coloring. It is the king of vegetables by "divine right" of superiority in food value.

The tomato is unique. It is two different kinds of food in one, possessing the peculiar acidity and succulence of fruit, while at the same time being rich in vegetable properties. Most important of all, it contains in remarkable proportions all the vitamins necessary to human growth and development. It is an excellent stimulant to the appetite.

So dependent have we become upon the tomato, that, if it were obtainable only in summer, we would miss it inexpressibly the rest of the year. We could find no substitute for the flavor it adds to soups and meats.

for its delicious succulence as a salad, and for the substantial contribution it makes to our vegetable diet. In addition, there are numerous tasty dishes we would have to forego altogether, if their most important ingredient, tomatoes, were unavailable. Fortunately, the tomato is one of the most extensively canned foods, and one of the cheapest. So the foresighted housewife always keeps her supply shelf amply stocked with this highly essential food in its ready-to-serve form. Here is a new and excellent dish made from tomatoes.

Komac Stew—Melt butter size of walnut in frying pan and fry in it 2 good-sized onions thinly sliced. Add 1 green pepper cut fine and 1 can tomatoes. Season, cover and stew slowly for a half-hour. Add 2 beaten eggs, stirring in well. Serve on toast

LET'S TAKE A VACATION

HOW nice it would be if each one of us could work out a weekly vacation plan, and cut down the "just beforehand" preparation so much for at least one day a week that we could have a whole long afternoon to spend—not giving the house an extra dusting, or getting up-to-date with that troublesome mending basket—but simply for the kind of recreation or rest which appeals to us most. Many of us need these little vacations so badly and take them so grudgingly. But what is to happen to the family that evening? There are several ways of preparing a satisfying meal with a minimum of "just beforehand" preparation. One is by the use of prepared or semi-prepared canned or packaged foods; another is by the use of such helps as the fireless cooker, the steam pressure cooker and the temperature regulated oven. And still another is by selecting dishes which may be partly prepared in the morning, and require only a minimum of time to complete in the evening before serving.

I have a friend whose family is particularly fond of baked beans. She at many times regretted this preference because it kept her tied down many long days baking beans. A fireless cooker was the solution of one of her biggest problems. She now serves baked beans frequently and on this day arranges an almost complete vacation from cooking.

But one doesn't need a fireless cooker to make use of this suggestion for a vacation day menu. Our New England grandmothers did not teach their families to eat baked beans without reason. In those days, when housekeeping also meant spinning and weaving, as well as hundreds of other household tasks which have been removed from the modern home, the housewife discovered that a pot of baked beans could be placed in a slow oven and be entirely forgotten for many hours. And so a slow oven may be used with equal success today.

The beans are simply soaked over night, parboiled, seasoned and placed in the cooker or a very slow oven just after breakfast in the morning, and need not be given

another thought until it is time to serve them that night. I wonder if you have ever tried cutting up frankfurters and baking them with beans instead of the usual pork, or using a combination of the two. This gives a very delicious change in flavor. Of course, baked beans are never quite perfect unless served with brown bread. Here is the recipe for Boston Brown Bread:

Boston Brown Bread

1 cup flour
2 1/2 teaspoons soda
1/4 teaspoon salt
1 cup corn meal
1 cup whole wheat or graham flour
1/2 cup black molasses
2 cups sour milk
1/2 cup chopped raisins may be added if desired

Method: Sift flour once before measuring. Sift soda and salt with flour. Mix with corn meal and whole wheat flour. Mix molasses and sour milk together and stir into the dry ingredients. Pour into well-greased tins. This bread may be either steamed or baked. The time for baking is 3 hours in a very slow oven—300° F. This recipe will make two medium sized loaves of bread.

Possibly you would be interested in the rest of the menu my friend serves with the beans and brown bread. There is usually a cabbage salad, varied one time by the addition of chopped apples and nuts; another time cabbage is combined with diced pineapple and marshmallows, or green pepper and celery are used. The cabbage is shredded in the morning and kept crisp in very cold water in the refrigerator. The leaves of lettuce for serving the salad are separated and placed in a damp lettuce bag or wrapped in a damp tea towel and placed on ice. Of course, the foresighted housekeeper always prepares salad dressing in generous quantities once a week and has them ready for emergencies. For dessert, some variation of a baked custard, canned peaches with whipped cream or a fruit cup of seasonal fresh fruits, served with cookies, is very good and may be prepared in the morning in a very few minutes.

"Liquid Sunlight"

In keeping residence property radiantly new and clean, the occasional use of Hanna's GREEN-SEAL Paint is unequalled. The fresh, spick and span appearance it gives to dingy, dirty surfaces is like applying "liquid sunlight." The wide choice of colors in GREEN-SEAL also makes possible most harmonious color combinations.

Long wear and utmost surface protection are assured by using Hanna's GREEN-SEAL Paint.

Pains disappeared

"SEVERAL years ago I was badly run-down," says Mrs. John Bunch, R. F. D. 3, Columbia, S. C. "I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed." Then, explains Mrs. Bunch, she happened to read about Cardui, the woman's tonic, and decided to give it a thorough trial, the results of which she describes below:

"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 125 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength."

"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person."

Cardui has been helping suffering women for nearly 50 years. Sold by all druggists.

LUNCH BOX APPETIZERS
By CAROLINE B. KING
Culinary expert and lecturer on
household science.

Biscuit Chicken Sandwiches

Make baking powder biscuits cutting them rather larger than usual, bake in a hot oven. Split, butter and spread with chopped chicken, mixed with a very little white sauce well seasoned. Put together in sandwich fashion and wrap when cool in paraffin paper. Ham or any preferred meat may be used in place of chicken.

Prune Rice Puddings

Wash a tablespoonful of rice and cover with a quart of milk, place in a moderate oven, in half an hour add one-half cupful sugar, one-half teaspoonful vanilla, and one-half teaspoonful salt. Stir and cook slowly for an hour then add a cupful of prunes cooked in the usual manner, then drain, pit, and cut in small pieces. Continue baking one hour longer. For the lunch box fill paper drinking cups with the pudding when cold, sift a little powdered sugar over the top, and cover with paraffin paper.

Peanut Butter and Lettuce Sandwiches

Spread thinly sliced whole wheat or graham bread lightly with peanut butter, and arrange lettuce leaves, washed and carefully dried, on half the slices. Put together sandwich fashion, press lightly and wrap in paraffin paper.

Stuffed Eggs

Hard cook the eggs, and drop them in cold water, remove shells, and cut in halves lengthwise. Take out the yolks and chop fine, adding any cold ham or bacon that may be at hand. Salmon or sardines may also be used. Season nicely and moisten with a little mayonnaise. Fill the cavities in the eggs, and put the halves together, wrap in paraffin paper twisting the ends slightly to hold firmly.

Pickled Prunes

Wash and soak one pound of prunes in a quart of cold water, then place over the fire in the same water, adding the juice of a lemon and the thinly pared rind; also six cloves and a small piece of stick cinnamon. Simmer one hour, then add a cupful of sugar and one-fourth cupful of vinegar. Continue to cook for fifteen minutes longer. Remove the spices when the prunes are done.

Brown Sugar Cookies

Cream a cupful of butter with two cupfuls of brown sugar, add a teaspoonful of vanilla, two well beaten eggs, one-third cup of milk in which three-fourths teaspoonful of soda is dissolved, and add gradually three cupfuls of flour. Drop by spoonfuls on buttered tins, bake in a moderate oven. A cup of chopped black walnuts or other nutmeats may be added to this recipe for variety.

**Quality Features
of the world's most popular
gear-shift truck.**

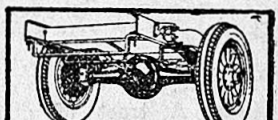

Chevrolet is the world's most popular gear-shift truck because it offers, at amazingly low prices, scores of quality features not found on any other haulage unit in the low price field. Included in this list are numerous recent mechanical improvements of the utmost importance, such as—AC oil filter and AC air cleaner to protect the motor from excessive wear and to maintain at its peak efficiency the smooth, effortless power for which Chevrolet's motor has long been

amous. Other new features are an improved transmission and new gear-shift lever; a new and more conveniently located emergency brake; crowned fenders; a new radiator of greater cooling capacity; a new 17-inch steering wheel—and even bullet-type headlamps to give a distinctive touch of smartness! If you want the utmost in commercial transportation combined with true economy, come to our showroom and see the improved Chevrolet Truck!

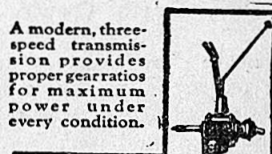

The famous Chevrolet valve-in-head motor has been made even more dependable—with even greater operating economy.

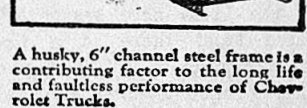

Heavy, extra-leaved semi-elliptic springs—set parallel to the frame—effectively cushion the load and chassis against road shocks.

The rugged Chevrolet rear axle possesses abundant strength and stamina for the heaviest haulage duty—giving faultless performance under every condition.

A modern, three-speed transmission provides proper gear ratios for maximum power under every condition.

A husky, 6" channel steel frame is a contributing factor to the long life and faultless performance of Chevrolet Trucks.

Prunes Victory Oatmeal with Top Milk Parsley Omelet Milk Toast Coffee Milk

Prunes with Orange Juice Puffed Grains with Top Milk Grilled Sausages Bran Muffins Coffee Milk

Orange Juice Cereal with Prunes Bacon Curls Popovers Coffee Milk

Fruit Melange Coddled Eggs Rice Waffles Coffee Toast Honey Milk

Florida Grape Fruit Hominy Grits Top Milk Codfish Souffle Whole Wheat Toast Coffee Milk

Prunes Victory

Wash a pound of medium sized prunes, place in casserole or covered jar, pour over a quart of cold water, add a cupful of sugar, small piece of stick cinnamon and one clove. Cover and place in very slow oven to simmer four hours, adding a little more water as necessary. Remove from oven, add a teaspoonful vanilla. Chill, strain and serve the juice in small glasses, the prunes with the oatmeal.

Parsley Omelet

Beat three eggs without separating to a light froth, add three tablespoonfuls cold water, one-half teaspoonful salt, dash each pepper and paprika. Melt a tablespoonful of butter in a clean smooth skillet or omelet pan, and pour in the liquid. Cook slowly and when almost ready to fold, sprinkle lightly with finely chopped parsley. Fold, slip to hot dish and serve at once.

Cereal with Prunes

Wash, soak and steam a cupful of small prunes, remove pits and cut into pieces. Add to any cooked cereal just before serving.

Bacon Curls

Roll lean bacon sliced rather thicker than usual and fasten with toothpicks, broil or bake in a hot oven till crisp all the way through. Serve on hot platter, with garnish of water cress.

Bran Muffins

Mix and sift together one cup of whole wheat flour, three teaspoonfuls baking powder, one-half teaspoonful salt and two cupfuls bran. Dissolve one-half teaspoonful soda in one and one-half cupfuls sour or butter milk, add half a cupful of molasses and one well beaten egg; beat all the ingredients together and add a tablespoonful of melted butter and one-

fourth cupful chopped nut meats. Bake in well buttered muffin pans, in moderate oven twenty-five minutes.

Prunes with Orange Juice

Wash, soak and simmer one-half pound of prunes in one pint of water till partially tender, then add thin yellow rind from one orange and four tablespoonfuls of sugar. Continue cooking until the prunes are done, then add the juice from the orange. Chill well and remove orange peel before serving.

Popovers

Sift then measure and sift again one cupful of flour, to which you have added one-half teaspoonful of salt, add one cupful of milk and beat five minutes with a rotary beater, beat two eggs to a stiff froth without separating them, then combine mixtures and beat again two or three minutes. Half fill heated iron or pottery gem pans, and place in a hot oven. Bake twenty minutes.

Fruit Melange

Cut in small pieces one slice canned pineapple, one orange and one cupful cooked prunes, removing the stones. Mix all together, adding enough of the prune juice to moisten well, chill and serve in cocktail glasses, garnishing each with a maraschino cherry.

Codfish Souffle

Soak one-half pound salt codfish, then place in fresh cold water, bring to boiling point and simmer till tender, remove, drain, cool and flake into tiny pieces. Bring one cupful milk to boiling point and add the flaked fish, with pepper and paprika to taste. Blend a tablespoonful each of butter and flour together, add to the fish and beat with an egg beater for two or three minutes. Whip one egg, beat into it one-half cup cream, and whip into the egg. Beat several minutes until light and airy, serve on squares of toast.

They Buy Orange-Juice by the Carload

In 1926-27 Makers of Orange-Crush Use Juice from 14,000,000 Pounds of Fresh Ripe Oranges!

More than 14,000,000 pounds of fresh, ripe oranges will be used this season to obtain the juice required by the Orange-Crush Company in making the delicious beverage that bears its name.

The high content of orange-juice in Orange-Crush concentrate (from which the finished drink is made) marks the outstanding difference between this delightfully refreshing drink and the many cheapened substitutes which derive their flavor entirely from imitation extracts and contain no orange-juice whatever.

In making Orange-Crush, the juice of luscious oranges is blended with the delicate flavor of its peel, the zestful tang of the fruit acid, found in oranges, lemons and limes,

a pure food color such as is used in cakes and candies, pure cane sugar and healthful carbonated water. Nothing else. At the American Medical Association Baby Show, where 10,000 children were given a clinical examination, Orange-Crush was awarded a certificate of merit.

There is so great a difference between Orange-Crush and the majority of so-called orange drinks that the public is warned to ask for it by name and insist on the genuine. There is only one Orange-Crush—always in the Krinkly Bottle.

Marion, Virginia:

Dear Mr. Editor:

One of our largest tobacco company's of U. S. A. advertises their products in these words, "Chesterfield They Satisfy."

After being out of the county of Smyth for a year or two, I find this advertisement a mistake.

Chesterfield like all other cigarettes do not satisfy.

The Davenport Times like all other mid-west newspapers, they do not satisfy, but continue the "SMYTH COUNTY NEWS," IT SATISFIES.

Monthly Meeting.

The members of the Club of Men of the Marion Methodist church held their monthly meeting Friday night, and had as their guest Rev. E. H. Copenhaver, pastor of the Marion Lutheran church, as the speaker of the evening. Mr. Copenhaver made a strong appeal to the men to come out in full force in defense of the church and in the interest of all of the activities, and gave a very fine speech upon the power of the town represented and the possibilities for a wonderful work in the town if the men would devote but a little energy in the general activities of the town. One of the main objectives presented for immediate work was that of increasing church and Sunday School membership and attendance.
