PIROSCAFO "ROMA."

Dearest homefolks - I will write you of  
Perhaps it will write you of  
the boat. She brought a gorgeous  
armful of roses - she looked  
lovely in them with her grey coat -  
We got the most amazing array of  
stunning presents - flowers, candy  
fruit baskets, nuts, grapes etc.  
Our stateroom and dining  
table is bursting with roses  
of every hue - We did not  
get them till this morning -  
We got to pier about 9:30  
Sweeties on - Mary in evening  
dress (first class) Olive Van  
Horn and her sister Louis, who  
and others came - at eleven  
they had to leave and at 12:10  
the little tug took us out into  
the river - One of our party thought  
they saw K on the deck but  
there were thousands of shouting  
weeping Italians waving and  
I could not see her -  
We waited till we passed the

statue of liberty and then <sup>(2)</sup> went  
down to our mail - the  
packages did not come up  
today - the food is amazing -  
four meals a day - then all  
the fruit we will have to  
let spoil. Did not take  
mother's pills or anything and  
have not been a bit sick  
though arm is a little  
sore -  
a fog all night and day has  
kept us from seeing stars or  
horizon  
Important - I fear schedule  
did not say how long in  
Budapest - I'll be there til  
June 20 and unless I  
can get a next address to  
you 12 days from then send  
letter to that address with  
W C A on - We got a  
free Hungarian visa because  
of the conference thus saving  
ten dollars  
the leather coat is under  
my coat saving my life -

Please sign it enclosed check  
or use it for my bills - at  
any rate cash it once -

We are travelling second  
class which seems luxurious  
to me - though it may have been  
a little darked - We are  
about the only Anglo-Saxons  
it is certainly good for our  
ego to see such a minority but  
Aunt May, the celebrities and  
millionaires are all 1st class -  
they paid me a big travel  
advance of \$450. Advance  
salary - so I did not have  
to overdraw -

Sunday 20 May -

Four of our party are sick - very -  
but I am hale and eating three  
or four meals - I took care to the  
doctor to get a hypodermic of  
atropin - the doctor begged us  
to come down often and teach  
him English -

I was not planning to go to  
London at all but let me have  
exact word at Budapest and I  
will see what I can do - Why  
don't you come over - The summer

school in Katura ~~sent~~ over until  
the 18 of August - after that  
was going to Paris and then home  
Wdrua Duntze in our party  
Knew Aunt Katie on the missionary  
review and admired her very much

I do not believe there is  
much chance for steamer  
rips - the ones they have  
are about four times  
as thick as blanket plaid

I am the only one who has  
written any letters yet  
but there is a chance a  
mail boat might come  
by so I am getting ready.  
The Olympic was in sight  
a long time yesterday a  
hundred miles away - you  
are supposed to be able to  
see three hundred

Have you looked into the  
matter of duty on coverlets.  
If you do not watch you  
will have to pay a lot on  
their return -

would involve railroad  
from Vienna to London and

at Budapest whether you  
think it worthwhile - I would  
be glad of a chance to go to  
London but I am afraid you

if they are there -

9 I wonder how you are celebrating  
father's birthday. I  
have just caught my first glimpse  
of the old world - the tip end of Portugal  
tomorrow we will be in the Penedes -  
rainy all day -  
Sat - We got up at 4 - The sun  
was rising behind high mountains

on the Spanish coast and we  
could see Africa on the other  
side at five - it was  
all light and we came to  
Gibraltar - it is far grander  
than the picture -  
at 8.30 they had drill telling  
down all the life boat and  
telling out to the whole crew -

Sunday - I am over at  
first class and have  
a good chance to mail  
this - We are hurrying  
off at Naples for an Antwerp  
drive to Andelfi & Soneto.  
Be sure and write
