Who Will Succeed Kelly?

Bristol, Va., Jan. 25.—Following the nomination of Judge Joseph L. Kelly, of Bristol, for a place on the Supreme Court bench of Virginia, interest is being aroused in his probable successor as judge of the corporation court of Bristol, Va. Already several men are being prominently mentioned for the place, among them being: Commonwealth's Attorney Floyd H. Roberts, Col. S. V. Fulkerson, Judge N. P. Oglesby and J. S. Ashworth. The present legislature will elect Judge Kelly's successor here, although the change will not take place until in 1915.

After the ceremony the couple will take an extended bridal tour to Southern Europe, and will spend the summer and next fall in England, returning to this country about Christmas.

Machine Object to Buchanan's Confirmation.

The Tazewell press correspondent says: "The announcement sent out from Washington on Friday to the effect that President Wilson had forwarded to the Senate the name of A. B. Buchanan to be postmaster at Tazewell, fell like a bombshell among the followers of Senators Swanson and Martin here. Mr. Buchanan has been in charge of the office for the past year, serving out the unexpired term of Col. William C. Pendleton, who resigned to go into the newspaper business at Marion, and his appointment seems to meet with approval from patrons of the office generally, as he has been a faithful, courteous and painstaking official since taking charge of the office. There are rumors, however, that the machine men will do their utmost to hold up the confirmation by the Senate.

Kills His Brother in Protection of Sister.

Roanoke, Va., Jan. 25.—Edward Kefauver shot and killed his brother Otto, 28 years old, Friday afternoon in a suburb of Roanoke, after Otto had abused his sister, Mary, and had thrown the girl through a glass door of their home, severely cutting the young lady's face.

"He has saved our lives, for if this had gone on we should all have been killed," declared the mother of the two boys after the shooting. She declared her son, Otto, had threatened to kill the whole family for five years.

Edward Kefauver was held by the coroner's jury responsible for the death of his brother tonight. When arraigned before Magistrate Pollard for a preliminary hearing, Edward Kefauver was exonerated.

Mr. H. Emory Widener, a prominent young lawyer of Abingdon, and well known over Washington county, is very ill with smallpox at his home in Abingdon. He was taken ill Saturday. His condition is not serious and it is expected that he will speedily recover.

The express companies are advertising in their daily papers the reduction in their rates which will go into effect Feb. 1. In many instances these reductions are to half or less than half. They lay great stress on the fact that express packages are always insured which statement those who have had experience will receive with a grain of salt.

Virginians See Wilson.

Washington, Jan. 26.—A delegation of Virginia Progressive Democrats, composed of Attorney General elect John Garland Pollard, Eugene Withers, Christopher Farnett, Aubrey Strode and Allan D. Jones called at the White House this evening at 6 o'clock and for one hour discussed generally Progressive Democratic policies and patronage in Virginia with the President. The delegation was accompanied to the White House by Representative Carter Glass, who presented them to the President.

The delegation laid before the President a lengthy paper setting forth political conditions in Virginia. In addition to this, they gave the President a long verbal statement of political affairs in their State. They did not present the name of a new man for appointment, but their argument was in the nature of urging the President to recognize men for Federal office in Virginia who were sympathetic at heart with his policies.

Office Many Years With Same Family.

Freeling, Va., Jan. 26.—Among the first postoffices established in the territory now embraced within the limits of Dickenson county, was Osborn's Gap, up in the Cumberland mountains. There were three postoffices established at the same time, Holly Creek, Trammel Creek and Ava, in 1866. These postoffices were along the star route leading from Lebanon, Va., to Pikeville, Ky., the distance of about eighty miles. The mail was carried over this route weekly.

The little fourth-class postoffice up in the Cumberland has remained in charge of the same family, without change of name or site during the forty-eight years since its establishment, while the others have long since been discontinued and others established at different sites. John W. Swindal was appointed first postmaster at the place. He served in that capacity till his death in 1906, when his son, Rufus B. H. Swindal, was appointed, since which time he has served continuously.

Abingdon to Have a New Railroad.

Abingdon, Va., Jan. 25.—Abingdon is all agog over the bright prospects for a railroad from this place north to the very large boundary of timber in this county owned by Armstrong & Company of Pennsylvania, and later from there on to St. Paul, in Russell county. The present surveys tap the Norfolk and Western some fifty feet west of the freight depot on that line. The proposed route is to pass near Captain Hanes home, across Judge McBrooms mill dam, then to the top of the mountain, passing near Grendale and crossing the North Fork of the Holston near Wild Waters, where the mill to cut this timber is to be located. The distance from that point to Abingdon is nine miles, and there will not be a tunnel or deep cut, and only one bridge on the line. It is estimated that it can be graded for \$3,000 per mile.

The ultimate destination of this road is into the coal fields of Russell county. With the Virginia-Carolina extending south from Abingdon and the Abingdon and Clinch Mountain north, the N. & W. east and west we feel very much interested in it in this section. Already there is much talk of a big extract plant at this place.

It is said that work is to begin on this enterprise as soon as the rights of way can be secured.

M. H. Honaker and H. G. Bradley have purchased 600 acres of the John G. White farm in Rich Valley, north of Abingdon from Trigg, Rodgers and Earnest at \$38 per acre.—Abingdon Republican.

A few days ago a little son of Floyd Dixon, three years old, was left in a room by himself at the home near Holston. The little fellow in some way got hold of a box of matches and when the mother returned he was so badly burned that he died the next day.—Abingdon Republican.

Over 18,000,000 pounds of meat was imported from Canada, Argentine and Australia in October and November. This is three times as much as was imported during the entire year of 1912. It is up to the Democrats to tell us why meat is still high. They formerly claimed that it was the wicked Tariff.—Waterloo (Ill.) Republican.

Baptist Gain in Virginia and North Carolina.

The relation which exists between the Baptists of Virginia and the Baptists of North Carolina is very close and there is rejoicing in each State on account of the success which is attained by the denomination in the other. The numerical strength of this denomination is greater in North Carolina by 951 churches and 84,399 members of the churches, but in each State the Baptists are growing rapidly; the membership in Virginia is now 154,305 and in North Carolina it is 239,204; the number of Baptist churches in Virginia, is 1,684, and the number of churches of this denomination in North Carolina is 2,036. The statistical secretary of the Baptist State convention of North Carolina, E. L. Middleton, of Raleigh, has tabulated some figures which are of special interest regarding the Baptists of this State. These figures show that during the past year there has been a gain of thirty-three churches and about 6,871 members and 13,264 baptisms were reported.

The greatest stronghold of the Baptist denomination is in the South and Virginia and North Carolina among the States in which it is growing most rapidly at this time.

Biliousness and Constipation Cured.

If you are ever troubled with biliousness or constipation you will be interested in the statement of R. F. Erwin, Peru, Ind. "A year ago last winter I had an attack of indigestion followed by biliousness and constipation. 'Wet' Voters Say 70,000 Would be Necessary to Order Election.

Richmond, Va., Jan. 27.—Opponents of the enabling act now pending in the Legislature are making some interesting showings of figures in connection with the provisions of that measure.

In the gubernatorial election of last year there were less than 75,000 votes cast. The figures for 1913 mail, it is believed, show that there are something like 275,000 possible voters in the State.

The Williams bill allows that on the petition of 25 per cent. of the number of qualified voters who took part in the last gubernatorial election, the governor shall order an election on the question of Statewide prohibition.

Twenty-five per cent. of the gubernatorial vote would be a fraction less than 19,000 votes. That 19,000 votes would be less than 3 per cent. of the qualified vote of the State is the claim of wet men, who are not members of the Legislature.

In other words, the vote in the election of 1913, as ascertained in the election for Governor, is a little more than 27 per cent. of the qualified vote of the State. Twenty-five per cent. of the vote actually cast, therefore, would be a very small percentage of the actual qualified vote.

Here are the figures which the Voters assessed for taxes in 1911, less those returned delinquent for 1910 (counties), 224,063.

Voters assessed for taxes in 1911, less those returned delinquent for 1910 (cities), 48,916.

Veterans who draw pensions (others not included), 8,793.

Vote for Governor Mann and Kent 111,118. Qualified voters not voting, 171,655. Twenty-five per cent. of qualified voters, (282,771) would be 76,693. Twenty-five per cent. of votes in last election 37,770.

Roanoke, Va., Jan. 27.—Roanoke will have a new half million dollar hotel on the northeast corner of Jefferson street and Seventh avenue is the rumor in real estate circles. It is substantiated by the fact that the Columbia Trust Co. of this city has recently sold to a Richmond syndicate the old Gale lot on the corner mentioned. This lot measures 151 feet on Jefferson street and 250 on Seventh avenue and was sold for \$75,000. The building will be 12 stories and will be fireproof.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's ointment. The result was lasting."—Hon. John R. Garrett, Mayor, Gaard, Ala.

The Ladies Home and Foreign Missionary Society of the Royal Oak Presbyterian Church met with Mrs. H. B. Staley on Strother Street last Wednesday week with a large number of members present. In the absence of the president, Mrs. E. H. Higginbotham conducted the meeting, which was opened by the Lord's Prayer repeated in concert, followed by scriptural reading, reading of the minutes, and roll call. Three new names were added to the roll. The subject for the evening "China," Mrs. L. A. Amsler gave an interesting talk on the work followed by readings from other ladies. A letter from the superintendent of the Woman's Auxiliary, was read asking that a season of prayer and praise for Foreign Missions be observed and a period of self-denial be appointed. It was decided by the society to adopt this request. After the discussion of other business before the society the meeting was closed with benediction. The next meeting will be with Miss Elizabeth Painter the second Wednesday in February, and it is hoped that as many ladies of the church as possible, will attend.

MISS HALLIE FELL, Reporter.

Preacher is Held as White Slaver.

Roanoke, Va., Jan. 25.—The Rev. B. J. Landis, a Lutheran minister of Price's Fork, Va., was arrested Saturday by a deputy United States marshal upon a warrant charging violation of the Mann white slave act.

The minister was arranged before a Federal commissioner at Lloyd, Va., and his case set for February 1.

The warrant charges that the preacher paid the transportation from Price's Fork to Bluefield, W. Va., of the wife of a neighbor named Jones. They registered at a Bluefield hotel as brother and sister, remaining several days. The warrant further asserts Landis claimed his "sister" was subject to epilepsy and required constant watching.

The Rev. Landis has been a member of the Lutheran synod a number of years and had a charge at Price's Fork, Va., and possibly other places in Montgomery county, and was also principal of the Price's Fork high school, but it is understood because of the charges against him, he has been removed as minister and teacher.

George A. Thomas, a brakeman for the N. & W. who runs between Glade Spring and Saltville, had his leg cut off between the knee and ankle on the Saltville yard Monday morning. His home is at Glade Spring.

Mr. James T. Trolinger, of Pulaski, closed a deal with R. R. Moore last Friday selling his Back Creek farm in that county. It contains 305 acres and the price paid was \$21,000. Mr. Moore gets possession on Oct. 1.

James B. Painter died at his residence in Pulaski on last Wednesday week after an illness of ten days with pneumonia. He was born in Draper Valley, Pulaski county, 75 years ago and was well and favorably known all over that county. He at one time conducted a store at Dublin. For several years he resided at Rural Retreat.

Pull together, brethren. We are all here for the same purpose. Then live and let live. The best way to build up a town is for each and every man to pull together and not to read and pull down. All the residents of a town are partners, not opponents. In all likelihood, the more business done by your rival the more you will do.—Campbell County Citizen.

Not Going to Have an Easy Time.

Democratic members of Congress who go out on the hustings next summer are not going to have an easy time explaining a way their glowing promises of last year regarding the extent to which the revision of the Tariff would reduce the cost of living. This is particularly true in the matter of eggs. The price of that commodity has reached a point in New York City never before attained, although the Payne Tariff levied a duty of 5 cents a dozen on eggs, and the Underwood Tariff placed them on the Free List. Democratic economists insisted during the Presidential campaign that the Tariff was a tax. In other words, they argued that a duty of 5 cents a dozen on eggs increased the price to the American consumer 5 cents a dozen. Conversely, the removal of the duty should have reduced the price 5 cents a dozen. Instead of any reduction, eggs are quoted 50 per cent. higher than they were last fall. It has been convincingly demonstrated that in the matter of the price of eggs the Tariff is not the governing factor. One could go even further and say that there is no article of food, so far as experience goes thus far, that has been affected in the slightest degree by the removal of the duty.—Rochester Democrat and Chronicle.

Excellent for Stomach Trouble.

"Chamberlain's Tablets are just fine for stomach trouble," writes Mrs. Good Dunn, Arnold, Pa. "I was bothered with this complaint for some time and frequently had bilious attacks. Chamberlain's Tablets afforded me great relief from the first, and since taking one bottle of them I feel like a different person." For sale by all dealers.

W. H. Richardson Badly Injured by Dynamite Explosion.

W. H. Richardson, 57 years of age, while working on the public road in Rye Valley district, was seriously injured on last Wednesday week by an explosion of dynamite. While he and another man were drilling out a hole in which a stick of dynamite which had failed to explode, in one hole which he thought had already been partially fired. But at the second blow of the hammer it exploded tearing off a part of Richardson's left arm and destroying one and maybe both eyes, and also injuring him badly on the face. He was brought over on the Marion & Rye Valley Railroad and taken down to Abingdon where his arm was amputated at the hospital. Mr. Richardson is a blacksmith by trade.

The "lime grinding" bill authorizing the State to grind lime for agricultural purposes by utilizing convicts for the purpose has been declared constitutional. The bill has been held up by the legal proceedings ever since it was passed by the last Legislature.

After a protracted illness Mr. John H. Umberger died on last Wednesday at his home east of Rural Retreat. He was fifty-five years of age and a native of Wythe county. The funeral service was held on Friday morning from the Lebanon church in Wytheville after which his remains were buried at St. Paul's cemetery.

Fight Otey for Postmaster.

Washington, Jan. 26.—Protests against the confirmation of C. N. Otey as postmaster at Wytheville, Va., for which he was nominated last Thursday by the President, are pouring into Representative Bascom Slemm. Representative Glass and others of the Virginia delegation. Mr. Slemm has carried the protests he has received to Senator Swanson.

Washington, Jan. 26.—The senate confirmed the nomination of C. N. Otey, to be postmaster at Wytheville, in executive session late this afternoon. Mr. Russell having been confirmed as postmaster at Damascus Saturday afternoon. This leaves A. B. Buchanan, nominated for postmaster at Tazewell, along with James A. Lawson, at Danville, the only Virginia nominees on the anxious bench.

Republicans Shaping for the Fight.

Illinois Republicans are in popular dissatisfaction with the new tariff a factor that will bring over both rural and urban Democrats in considerable numbers, together with a heavy percentage of the Bull Moose element who deplore the "straddle" on the tariff question in their own platform. The plethora of idle money in Chicago is pointed to as incontestable proof of slackening business activity in the West.

Chicago, next to New York, is the largest repository of country bank overpluses in the country, but the borrowing demand is not so brisk as in other years, when the ticker stuff from Washington carried a different significance. The currency law and other new legislation will not go into operation in time to demonstrate their potency for weal or woe, but tariff reform has produced results so far out of keeping with Democratic promises that no other issue need be raised. Can the Democrats hope to convince the consumer that legislation which boosts the high cost of living still higher is a good thing?—Washington Post.

Postoffice Men May be Paid for Injury or Death.

Washington, D. C., Jan. 26.—The post office appropriation bill, carrying a record breaking total of three hundred and five million dollars, was passed by the house Saturday. It includes an amendment extending to the post office clerks, letter carriers, rural free delivery carriers, mounted letter carriers and post office messengers a full salary for a year after injury received while on duty, with additional half salary for another year if necessary, and two thousand dollars indemnity in case of death.

Postoffice Robbed.

The postoffice at Baywood, Grayson county, was broken into and robbed of \$33.63 last week. The thief broke the window and got in. Gov. Hampton, Riley Waugh and Nan Higgins, were arrested and charged with the crime. At hearing before Esq. C. M. Pool Thursday afternoon Hampton confessed to the crime and stated that he committed the robbery and the other two helped him to conceal it after he gave them \$6.50. They were arrested on a State warrant but will be turned over to the United States authorities. They are now in jail at this place.—Grayson Gazette.

Meeting Closes.

The protracted meeting which had been in progress at the Baptist church in this place for about two weeks closed with the Tuesday night's service. This meeting was in charge of the pastor, Rev. W. A. Hask, assisted by Rev. Sanford, of Chatham. Both of these splendid ministers proved their abilities as revivists and as a result a number of souls were brought to Christ. Rev. Jaxton, of the Methodist church, also assisted in every way possible. It is safe to say that the preachers are prouder now, if possible, of the Rev. W. A. Hask than they have ever been. He is a pastor and preacher worth while.—Grayson Journal.

Clara Murray, seventeen year old daughter of Mr. and Mrs. Martin Murray, of Cripple Creek, Wythe county, died Sunday at a Roanoke hospital, where she had been undergoing treatment. The body was taken to Cripple Creek Monday morning for interment.

"Nick" Cullop on His Way to Cleveland.

"Nick" Cullop, the Cleveland American League "southpaw" formerly with the Bristol club, spe yesterday and last night in Bristol. Cullop said when interviewed by Herald Courier reporter that he goes to Cleveland Tuesday week to join Manager Birmingham.

Cullop made good last season in the Majors and says he expects to do a great deal better this year. When asked as to his making good, "Nick" said that he would be given a fair chance and he saw no reason why he shouldn't stick with the "big leaguers."

Asked what he thought of the new Federal League, he said he had not given the subject much thought, but hoped to see them make good.—Bristol Herald Courier.

Bluefield, W. Va., Jan. 26.—The two-year old son of Mr. and Mrs. H. H. Taylor secured a cartridge in some manner Sunday morning and used it in a toy pistol, firing into his side. MARION, VA. JAN. 30, 1914

Legislative Review.

By LEWIS H. MACHEN.

The big sweep of the enabling act through the House, with only a paltry 19 votes actually cast against it; has thrown a gloom over the recently radiant liquor forces and makes the passage of the measure by the Senate possible, though not certain.

The House committee on finance has favorably reported a bill to remove the license tax from doctors. This measure has been up repeatedly and was nearly triumphant in 1908.

The Senate has voted for the Thornton bill authorizing the Attorney General of Virginia to proceed against J. P. Morgan, if he should refuse to return the stolen will of Martha Washington. The house is expected to concur.

Senator West has cut out the biggest job of the session in his maximum fee bill, fixing \$3,500 as the highest amount that any public officer may receive in cities and counties having a population of more than 60,000; \$3,000 in those of less than 60,000 and more than 45,000; \$2,500 in those having less than 45,000 and more than 30,000, and \$2,000 in those having less than 30,000.

Governor Mann's last message attracted favorable comment, especially those portions recommending more effective general and primary election laws.

Commissioner Wallace of Alabama was the first outsider to address the Legislature. The game question will be as lively as it was last session when it failed for lack of time.

Senator Gravatt has secured an amendment to the rules of the Senate allowing open sessions of committees, except when the committees by a recorded vote decide to have them secret.

The committees of both houses are getting to work, but not quite as promptly and vigorously as last year. This is because of the greater number of new men in the House and because more interest in the caucuses.

Any real bitterness was occasioned by the results of the caucus on the judgeships it is not apparent. There seems to be general satisfaction over the election of Judge Kelly to the Court of Appeals.

The inauguration of Governor-elect Stuart and the other State officers is the next impressive event on the boards. It will occur on ground hog day and everybody will be looking for shadows and other signs, but the general public will regard the new Governor's accession as in itself a good enough sign.

COD LIVER OIL AND IRON

Two Most World-Famed Tonics Combined in Vinol.

Cod Liver oil and Iron have proved to be the two most successful tonics the world has ever known—Iron for the blood and the medicinal curative elements of cod liver oil as a strength and tissue builder for body and nerves, and for the successful treatment of throat and lung troubles.

Two eminent French chemists discovered a method of separating the curative medicinal elements of the cod's livers from the oil or grease which is thrown away, but to these medicinal elements tonic iron is now added, thus combining in Vinol the two most world famed tonics.

As a body-builder and strength creator for weak, run-down people, for feeble old people, delicate children, or restore strength after sickness; and for chronic coughs, cold, bronchitis or pulmonary troubles we ask you to try Vinol with the understanding that your money will be returned

Report Against Enabling Act in Senate.

Richmond, Va., Jan. 27.—The Senate Committee on Privileges and Elections by a vote of 8 to 5 this evening decided to report the House enabling act with the recommendation that it do not pass.

There were no discussions of the measure, although Rev. James Cannon, Jr., and other members of the Virginia Anti-Saloon League were present. Dr. Cannon said he thought the subject had been thoroughly discussed in the House and he thought every member of the committee conversant with the details of the bill.

The Senate committee amended the House bill so as to provide for a vote on State wide prohibition and also on local option, and the measure will be so reported to the Senate tomorrow.

The vote in the Senate will be close, about 21 against and 19 for the bill.

Stuart to Receive Southwest Virginians.

Hundreds of Southwest Virginia Democrats are coming to Richmond next week to attend the inauguration of Governor-Elect Henry C. Stuart. When they are invited to the official public reception at the mansion on Monday night, they will be received by the new Governor on Tuesday afternoon between the hours of 4 and 6 o'clock.

This hour was selected because of the fact that they will leave the city early in the evening, and as they are making such a long trip. Mr. Stuart was particularly anxious to show his appreciation. Just how many will be in the party is not known, though it is probably that a special train will be secured to bring the Southwest friends to Richmond in ample time for the military parade and the inaugural ceremony on the south portico of the Capitol.

The reception on Monday night will be the first official function at the mansion after Mr. Stuart moves in that day. A series of dinners to members of the General Assembly and their wives will be given by Mr. and Mrs. Stuart during the session.

Mr. Stuart is now at work on his inaugural address, which will be read at the ceremony on Monday. The time required for its delivery will be twenty-five minutes. In the event of rain or very severe weather, the program announced for the portico will be transferred to the hall of the House of Delegates.

The committee in charge of the inauguration program has about completed all details, and the military spectacle, with V. M. I. and V. P. I. cadets in line, will be witnessed by thousands of people from Richmond and other cities in Virginia.

The property of the Catawba Coal and Iron Company, in Botetourt county, which was sold several years ago under bankruptcy petition for 65,000, will be sold by R. C. Jackson, special master, of Roanoke, because of default in meeting purchase payments.

The anniversary of the Crucifixion may fall on any one of thirty-five dates, while the anniversary of the birth of the Savior is always on the same date. The solar year has been adopted as the basis of the American calendar, while the lunar year is used for the establishment of the date of Easter.

Can't Give Liquor at Home

By refusing a writ of error in the case of James Crawford against the Commonwealth, the State supreme court yesterday upheld the construction placed upon the Byrd law by the circuit court of Rockingham county, which was that it is unlawful to give or furnish an intoxicated man with ardent spirits. Crawford was fined \$50 by a jury at the September term of the circuit court of Rockingham county for giving a glass of wine to Bernard McDaniel in his own home while the latter was under the influence of liquor.—Richmond Times-Dispatch.

Tax Bill Passed.

Richmond, Va., Jan. 28.—Bank deposits in Virginia will in future be taxed twenty cents on each one hundred dollars. The house yesterday passed this bill and to-day it was agreed to as it passed the house, the vote being unanimous. The most determined opposition has developed to the West fee bill and it is known that the measure is doomed to defeat as it was presented. The law may be changed, but the change will not be near so drastic as was the original measure.

Never Known to Stutter

Referring to James Hume's candidacy for Congress the St. Peter Herald says he is a high Protectionist who has never been known to stutter. The Herald is right. That red-headed rooster swallowed the Aldrich bill, hair and horns, and at the same time kept up a hail of invectives against its opponents.—St. Paul Dispatch.

Yes, we preferred a virile tariff that protected the farmers against the attacks of the Dispatch, that worked for years for free-trade in farm products. It has now, practically, and it and the farmers don't have to swallow any hide, hair or horns as large shipments of meat come in free of duty without these unnecessary. The 20,000 tons of dressed beef recently from Argentina is but a drop in the bucket, but it is a beginning, and in a few years the men that occupy \$150 an acre land in southern Minnesota will be competing with cheap land and cheap labor in South America, Australia, Russia and other countries. The Progressive candidates for Congress in this district that opposed the Aldrich bill loud and long, and thus gave aid and comfort to the Free-Trade (in farm products) Democrats are now stuttering and knocking knees when they go around the district saving they want to run for Congress because the present Democratic Tariff "discriminates against the farmer."—Slayson Mann, Gazette.

The Abingdon press correspondent says: "Mr. and Mrs. William Farnsworth live on Water street. About twelve o'clock Monday night they heard a knock at their front door. Before they could respond the knocking was at a back door. This was opened but no one in sight. The front door was then opened and there on the steps appeared a basket of clothing, which on closer examination also contained a baby only a few days old. Three bottles of milk. Asyrian Preacher is Sentenced to Jail.

The Rev. C. Mohammed, the Asyrian preacher arrested in Bristol, Va., Thursday on a charge of obtaining money under false pretenses, was tried Friday morning in Police Court and fined twenty-five dollars and thirty days on the chain gang.

Mohammed, who was represented by Attorney John T. DeHart, took an appeal from the judgement of Police Justice Warren, to the Corporation Court. He is still in jail, however. Mohammed played on the sympathies of a number of prominent Bristol church people, getting from one to five dollars out of them to make up a relief fund to help him to reach his wife at Norfolk. Before the stranger got out of the city the subscribers to the fund became suspicious and made an investigation, with the result that a warrant was issued for Mohammed.

Mohammed had a roll of currency on his person when arrested amounting to one hundred and nineteen dollars.

All of the donations except one of three dollars and fifty cents were received by Mohammed in Tennessee, so only one case could be brought against him in Virginia.

Mohammed stopped off in Marion and secured five dollars from one of our prominent citizens on the pretext that he wanted to go to Norfolk.

Clash Over Appointments.

Superintendent Hodges of the Alexandria county schools, and Superintendent French, of Dickenson county, are to have a row before they are confirmed by the senate. This became known today when Senator Featherston, of the committee on nominations, offered a resolution, which was agreed to, empowering the committee to subpoena witnesses and to compel their attendance and to produce books and papers.

Senator Thornton, when asked regarding the matter, said that he understood the charges were the same that were made against Mr. Hodges when he was up for re-election last summer. It was then alleged that Mr. Hodges was receiving more pay than he had agreed to when he was first chosen, and that the school funds were being improperly divided. The State board of education heard the case at great length, and Mr. Hodges was elected to succeed himself.

The nature of allegation against Mr. French, of Dickenson are not known.

Emory and Henry Proud of Judge Kelly.

Emory, Va., Jan. 28.—For the second time this year Emory and Henry College has been honored in seeing one of her sons elected to a position of honor and trust in the Commonwealth of Virginia. Judge Joseph L. Kelly, recently elected judge of the Supreme Court of Virginia, graduated from Emory and Henry in the year 1886. He has always been connected with the college as friend and active supporter, and is now a trustee. It is interesting to note that Judge Kelly succeeds an Emory and Henry man, Judge John A. Buchanan, whom Judge Kelly succeeds, graduated from Emory and Henry in 1870.

The Calliopean Literary Society sent the following congratulatory telegram to Judge Kelly, who is an ardent Calliopean: "We rejoice at the opportunity to tender to you congratulations on being elected to the supreme judgeship of Virginia."

(Signed) R. W. BELL, C. C. QUILLAN, R. L. OSBORNE, Committee.

The news of this honor coming so soon after Henry C. Stuart, an Emory and Henry graduate, had been elected to the Governorship of Virginia, has been the cause of much gratification to Emory and Henry College.

WATCH FOR THAT WEAK SPOT

A Cough or Cold Hits It Every Time. It May Bring on Tuberculosis. Fortify Yourself by Taking Bear's Emulsion.

How are we to keep from getting consumption if our lungs are weak? By taking good care of yourself. Never let your system get in a run-down weak, nervous condition. Never let a cough linger on from day to day no matter how little it may bother you. Try to get rid of getting a cold and allowing it to attack one spot every time on a little exposure. Get a remedy that will build up the spot, strengthen it and make it as strong as any other part of the body.

The tuberculosis germ attacks the weak places and if we have no weak spots the germ is thrown out of the body again. Bear's Emulsion sold by D. M. Smith, Drug Co. Marion, Va. It is recommended to build up the system and lungs so as to fortify us against this germ. And as I have read so many testimonials from different people of Rockingham County, I believe this remedy is one of the best for a run down system and weak lungs.

Emory and Henry.

Emory, Va., Jan. 29.—Prof. L. W. Crawford Saturday morning in chapel gave a resume of the seventh International Conference of the Student's Missionary Movement. This conference was held from Dec. 31st until Jan. 5th. The conference is held every four years or in other words once in every student generation. Emory and Henry College was represented by Prof. Crawford from the faculty and by H. A. Melton and C. B. Cox, from the student body. There were about 7000 in attendance, representing 755 different institutions. Mr. J. R. Mott was the chairman. Among those who spoke at the convention were the following: J. Campbell White, Secretary of the Layman's Missionary Movement; Bishop L. L. Kinsolving, of a noted Virginia family; W. J. Bryan, who was the only speaker to receive applause, the rules of the convention being strictly against applause were however broken on this occasion; George Sherwood Eddy, who, according to the Kansas city papers, made the best address of the occasion. Cablegrams from all over the world were read, wishing the convention all good success. At present the college is suffering from a rather severe epidemic of mumps. Dr. L. R. Littleton who has been confined to his room for over two weeks, is just getting out. Among those more recently afflicted are Messrs J. C. Wichester, F. W. Stout, C. G. Eartwood and William McDonald. This week marks the beginning of the second week of examinations. The examinations began on the 20th of this month and last until the 31st. Mr. G. K. Crow's hotel on Lynden street is nearing completion and will be ready for occupancy in about two weeks. Mr. R. I. Goodman is building a residence on Oxford Ave. Mr. H. L. Dean is again with the college in the capacity of book keeper.
