Bill to Pension Virginia Judges Passes in House

Provides for Supreme Court Jurists at the Age of 70 Years.

Richmond, Va., Feb. 23.—By a vote of 22 to 32 the House today passed the Senate bill providing a pension for members of the Supreme Court of Appeals upon attaining the age of 70 years. Delegate Lowry, of Bedford, opposed the measure, on the ground that a judge earning a salary of \$5,000 per year ought to be as well off after twelve years service as the school teacher or farmer.

Delegate Norris, of Lancaster, supported the bill, stating that the position of a judge of the highest court in the State carried with it dignity and an expense that did not permit the saving of any of the salary.

Mr. Lewis Houseman died at his home in Fincastle last week at the age of 83 years, having lived 65 years in Fincastle. He had been a merchant all his life. He was generally well known all over the county of Botetourt. He was a Confederate veteran. His wife died 12 years ago, and he is survived by four daughters and two sons.

To Vote on Bonds.

Gate City, Va., Feb. 20.—Floyd Magisterial district of Scott county situated on the lines of Wise and Russell counties, will vote on April 21st on the question of issuing road bonds to the amount of \$41,000. Three districts of the county voted bonds last year and work on the roads will begin in March. The remaining three districts will call for an election in the near future.

Stanley Caught in Ky.

James Stanley, charged with the murder of William Gilliam, of Scott county, on November 27, was arrested last week in Letcher county, Ky., and taken to jail at Gate City, Va., by Deputy Sheriff Rutherford, of Letcher county, who will receive a reward of three hundred dollars. Sheriff C. M. Dougherty and Commonwealth's Attorney J. T. Sargent of Scott county, prepared a circular on which was a picture of Stanley, which led to his arrest. Stanley is nearly 50 years old and is charged with three murders, two of them in Kentucky. His trial will probably be held next month.

Scott Plans Centennial.

Gate City, Va., Feb. 21.—Scott county was organized in 1814 from sections of Washington, Russell and Lee counties. The first court was held in the residence of Benjamin T. Hollins at Moccasin Gap, two miles east of the present courthouse at Gate City. In May, 1913, the commissioners appointed for the purpose selected the site of Gate City as the location of the courthouse.

This year has been decided to hold a centennial celebration, and a committee on arrangements has been appointed by the supervisors. The centennial will probably be held in October.

The Root of All Evil.

When a man makes money getting the chief object of his life he has bidden farewell to real happiness. His heart shrivels and he becomes incapable of enjoying the things that are elevating and refining; he looks on his fellowman as a mere machine, and he uses him as a machine, and really he becomes oblivious of the rights of others and only respects those rights to the extent that he fears to overstep the laws which give his fellowman protection in those rights. No qualms of conscience restrain him, and he will even take long chances on the law, as the Memphis bank president did, and often with the result that it brings about his downfall. And it is a mighty fall. Better for every man to live in respect of the law and of right; he will fare better in the long run, both in this world and in the next.—Stanton Leader.

Farmer Hangs Himself.

Bristol, Va., Feb. 23.—King Eads, a well known farmer of Washington county, residing near Benbams, committed suicide early Monday morning. He left the house about 7 o'clock for the purpose of feeding his hogs. He was gone a half hour when one of his daughters went to search for him. She found him suspended by a rope from a rafter in the corn crib. He had been dead some minutes.

Mr. Eads between fifty and sixty years old. He had been in bad health and his mind had been affected for some time. He leaves a large family.

John Austin, an aged and respected citizen living at Austin's Ferry, near Old Town, Grayson Co., died last week of general debility. He was about 75 years of age.

This week's issue of the Rural Retreat Times will be the last edition to come out under the present management. Messrs. L. W. Baumgardner and Byron Brown will have charge of it after the first of March.

United States Deputy Marshal S. C. M. Faddis brought seven barrels of moonshine whiskey to Galax last Friday. He found the whiskey on Burk's Ford, in Floyd county. Mr. Faddis shipped it from Galax to Bedford City.

Mr. Harry L. Langle, who a few months ago leased Hotel Hamilton in Bristol, one of a chain of hotels operated by him, has sold his lease to George S. Bunn and W. J. Cox, of Bristol, and the purchasers took charge of the hotel Saturday.

Mr. C. N. Otey, the new Wytheville Postmaster took charge of the affairs of the office Wednesday of last week. Mr. Otey's commission arrived Tuesday morning and the balance of the day was spent in checking up the office and taking inventory preparatory of his taking charge thereof.

The remains of Mr. Stuart Tarter who died at the Abingdon hospital last Tuesday were taken to Grose clove and buried in the Presbyterian cemetery there on the following Wednesday. Mr. Tarter left a wife and two children, a daughter and son. The latter is in the Philippine Islands.

S. W. Crummett, a former prominent Highland county man, but who has recently been making his home in Staunton, committed suicide about noon last Thursday with a single-barreled shotgun, the entire left side of his head being blown off. He had been brooding for months over the tragic death of a daughter, who was killed by a vicious horse.

The town authorities of Norton have taken steps looking to a new passenger station. The matter has been turned over to a prominent attorney of Wise, who will first take the matter with the railroads themselves, and if he should fail there, appeal will be made to the corporation commission. Norton has five railroads and it is argued that the station facilities are inadequate for the size of the town.

Kelly to Resign in Sept.

Bristol, Va., Feb. 20.—Judge Joseph L. Kelly, of the corporation court of Bristol, Va., who was recently elected to the State supreme court bench, to become effective next February, has announced to the bar of his Bristol court that he will resign the Bristol judgeship next September. This means, as the legislature will not then be in session, that Governor Stuart will appoint his successor as judge of the Bristol court. Prominent among those mentioned for the position are: Floyd H. Roberts, at present Commonwealth's attorney; Colonel Samuel V. Fulkerson, Judge N. P. Oglesby, formerly of the Hillsville court, and J. Cloyd Byars.

Barefoot, He Runs a Mile in the Snow.

Pisgah Man and Neighbor Engage in Desperate Battle—Former Flees to Avoid Slaying Foe.

Tazewell, Va., Feb. 21.—With the thermometer hovering around zero and the wind blowing a severe gale, Joe Boothe, a respectable citizen of Pisgah, who has a wife and eleven children, had the unusual and painful experience of being forced to run a mile through the snow Saturday night barefoot and in his night clothes, being pursued by Jim Howery, of the same community, with whom he had engaged in a fight.

It is alleged that Howery went to the Boothe home and got into a quarrel with Boothe, who hit Howery with an axe handle. Howery was nursed back to life, so the report goes, and immediately attacked Boothe. They fought for some time in the house and later went into the yard, where they continued with fists and knives.

It soon became apparent to Boothe that he was being beaten and he took flight over the hills and fences to the home of O. E. Hopkins, where he was given shelter for the night. Doctors were summoned and he was taken to Dr. J. Witte's hospital at North Tazewell, where every effort is being made to save his life. It is believed that Boothe's feet will have to be amputated. They are so badly frozen that peritonitis is feared.

Boothe is said to have realized during the fight with Howery, that he knew he either had to run or commit a murder and that he preferred risking his life in the snow and wind. It was said that the county authorities will make a thorough investigation of the affair.

Irvine Out for Congress.

Washington, Feb. 21.—R. Tate Irvine, of Big Stone Gap, will be a candidate for nomination for congress from the Ninth congressional district to succeed Campbell Bascomb Slem, at the Democratic district convention to be held in Bristol, March 18. Furthermore he expects to be nominated and elected.

"I will be a candidate for nomination at the Bristol convention," said Mr. Irvine tonight. "I have every reason to believe that I will be nominated, too. If I am nominated the people of the Ninth district can depend on me to make a strong personal campaign. I believe I will be supported by every Democrat in the district, which will certainly mean my election over Mr. Slem or the man who is nominated to succeed him.

"With the passage of the Democratic tariff and currency measures which will certainly mean unprecedented prosperity throughout the country, if not already, then as soon as these measures are in good working order, I have the full belief that the Democrats will get together in the Ninth district and regain that territory from the Republicans."

Mr. Irvine is here as attorney for the Black Mountain Coal Company, which is participating in hearings before the Interstate Commerce Commission.

Other men whose names have been connected here with the nomination for congress from the Ninth district are R. P. Bruce, of Wise; Frank Buchanan, of Smyth, and John W. Chalkley, of Big Stone Gap. Mr. Bruce was here a few days ago and indicated that he had no particular desire to be a candidate.

The general impression in Washington is that Mr. Irvine will be chosen by the Bristol convention to oppose the Republican nominee.

A Winter Cough

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry J. Sanders, of Cavefish, Va., was threatened with consumption, after having pneumonia. He writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of all medicines for coughs, colds or lung trouble. 'Good for children's coughs. Money back if not satisfied. Price 50c. and \$1. At all Druggists. H. Z. Bucklen & Co., Philadelphia or St. Louis."

Two Women Burned to Death at Alms House.

Lebanon, Va., Feb. 21.—At the Russell county poor farm Friday Bettie Bailey, an inmate, was burned to death when her clothing, caught fire, dying almost instantly, and Sallie Adams, also an inmate, in attempting to save the Bailey woman, was so badly burned that death came to her Tuesday morning, four days later.

In passing the grates the Bailey woman's clothing caught fire and the Adams woman rushed to her assistance. When Superintendent Mays reached the building he had to knock the windows out to let smoke escape before he could get in. When he got into the room the Bailey woman was standing up against the wall dead. The Adams woman, who was fatally burned, was given all the assistance and relief possible, but death ensued after four days' suffering.

Both women had been in the Russell almshouse for many years.

Preacher Indicted on White Slave Charge.

Roanoke, Va., Feb. 23.—B. F. Landis of Prices Fork, Montgomery County, Va., formerly a Lutheran minister and educator of local prominence, was indicted here last Wednesday by a grand jury in Federal District Court on a charge of violating the Mann white slave act. It is charged in the indictment that on September 1, last, he caused to be transported from Montgomery County to Bluefield, W. Va., for immoral purposes, Mrs. Lizzie Jones, wife of a farmer living in the Prices Fork section.

It was announced by the presiding judge, McDowell, when court convened last Wednesday night, the case against Landis will be continued one year to await decision of the Supreme Court of the United States on the scope of the Mann act.

Some Federal judges have held, it was said, that the act was designated to apply only to cases of commercialized vice, while others have construed the law more liberally as applying to any case where a female was transported in interstate commerce for immoral purposes.

Landis' bond of \$1,000 was continued and he was released.

Mrs. Issiah Cole died very suddenly at her home near Carsonville on last Saturday morning about 9 o'clock of paralysis. She was 67 years of age. A husband and three children survive. Interment was made at Summerfield cemetery Sunday afternoon at 2 p. m.—Grayson Gazette.

Joseph Addison Waddell, A. M., LL. D., died last Thursday at Staunton, aged ninety-one years. He was a clerk of the Supreme Court of Appeals. He was a member of the Underwood Constitutional Convention in 1868, and helped to prevent the entire submergence of the civilization of the State by the so-called "black and tan" element, and later served several terms in the Senate. He was the author of "The Annals of Augusta County," and of many articles on historical subjects.

Preacher's Idea of a Wife.

Philadelphia, Pa., Feb. 21.—The Rev. W. H. Barnes, a sixty-two-year old clergyman, took out a license last Thursday to marry. Being a widower the Rev. Mr. Barnes is therefore supposed to know something about the large plunge. Here are his qualifications for an ideal wife:

1. She should be good and sweet to look upon and have a pleasant personality.
2. She should have plenty of soap and vivacity.
3. She must have a capacity for grasping the vital things in life.
4. She should have broad, human understanding of humanity and love all men and women as her brothers and sisters.

Moonshiners are Victims of Raid.

Two Raids in Franklin County and One Near Altavista, and in Which Two Plants are Large.

Roanoke, Va., Feb. 23.—Officers of the internal revenue service were busy in more directions than one last week and rounded up a total of four illicit distilleries, three in Franklin county and one near Altavista. Operatives had become wary and had gotten their copper equipment to safety before the officers arrived, except in the Altavista raid, where a fifty-five gallon still was captured and out.

Deputy Collector A. T. Dotson and Special Employee J. M. Newton, operating in the vicinity of Calloway, Franklin county, found and destroyed a medium sized plant, from which the still had been removed.

Deputy Collector G. O. Mundy and Special Employee W. A. Jolly worked the same day on Shooting Creek, Franklin county, and uncovered two unusually large outfits which evidently had been in operation some time and from which large quantities of contraband liquor must have been turned out. At these two places a total of 4,200 gallons of beer was spilled and indications about the places pointed to recent operations on a large scale.

Wednesday of last week Deputy Collector G. M. Tucker made a campaign into the hills not far from Altavista and found a small plant, which he destroyed. It consisted of a 55-gallon copper still and accessory equipment in proportion.

"Running a Bill."

It seems economical, but really it is not. You feel that because you are not parting with cash at the moment, you are temporarily saving money; and you are usually sure that when the bill comes in, you will be better off financially than you are at the moment. Of course this idea is delusive; you find on the first of the next month that the bills are larger and the accumulated fund less than you had expected.

Running a bill is subtly demoralizing. When you open a new account you are scrupulous to pay the bill very soon after it is rendered; you wish to impress your creditor with the fact that you are an uncommonly desirable patron. After awhile you feel that he has learned this fact, and you let him wait for his check while you impress a new set of creditors with your punctuality and solvency. So you keep putting off and putting off the creditors who are "old friends" until finally it becomes a scramble to prevent their sending in an account headed by that discouraging item, "Bill rendered." When you stick into the "bill rendered" class, you have entered the second stage of indebtedness. The third is marked by the receipt of dunning letters, the fourth by personal visits from collectors, the fifth by menacing communications from lawyers.

It is difficult for men and women who have the habit of "charging" everything to put aside money for investment. They have adopted a costly way of living. The ability to purchase what you will, although your pockets are empty, is an expensive luxury. The shops that permit charge accounts are the shops that ask high prices; a charge account usually means that you pay from five to ten per cent. more for a thing than its cash value. If you adopt the pay-as-you-go principle, you will considerably reduce your own high cost of living.—Youth's Companion.

Colds and Croup in Children.

Many people rely upon Chamberlain's Cough Remedy implicitly in cases of colds and croup, and it never disappoints them. Mrs. E. H. Thomas, Lucasport, Ind., writes: "I have found Chamberlain's Cough Remedy to be the best medicine for colds and croup I have ever used, and ever tire of recommending it to my neighbors and friends. I have always given it to my children when suffering from croup, and it has never failed to give them prompt relief. For sale by all dealers."

Dr. Sayers Dies in Wytheville.

Wytheville, Va., Feb. 24.—Dr. Samuel Rush Sayers died at his home here on Union street, Monday morning at 10 o'clock, having been in bad health for several years. Had he lived until the third day of next June he would have been 81 years old.

The deceased was one of the most prominent men in the county and up until a few months ago had been president of the First National Bank for a number of years. He represented Wythe county in Legislature from 1895 to 1898 and again in 1914.

Sullivan county, Tenn., which includes a part of Bristol, will spend \$100,000 more on good roads bringing the grand total spent for this purpose up to \$600,000.

The roller mill of the late N. R. Phipps, at Volney, was sold on Saturday at auction by Edgar I. Phipps, administrator. Mrs. W. C. Bagwell was the highest bidder, the price being \$4,150.—Grayson Gazette.

Between thirty and forty young men, all applicants for positions in the railway mail service, went to Bristol last Saturday from Southwest Virginia and East Tennessee to stand the civil service examination for work of that class.

Miss Hunter Gardner was quietly married to Mr. Edward Webb at the home of her parents in Christiansburg on Wednesday of last week. The groom is a native of England, but has for several years represented a New York concern in this territory.

Herbert Barnette, of Roxboro, N. C., who is 16 years of age, measures 30 inches in height and weighs 32 pounds, is visiting friends in Lynchburg. Barnette was with Barnum and Bailey show last year and expects to join it again in March.—Lynchburg News.

John B. Rector, of Independence, received a telegram from Seattle Wash. Saturday saying his oldest son had been killed there in a snow slide. He had been at Seattle five years and was planning to start home this week on a visit. The remains are being sent home for interment and will arrive there today.

Mrs. Nannie Sutherland Elliott, widow of the late Jas. M. Elliott, died at her home South of Independence last Sunday afternoon. She was about 63 years old. The deceased had been in bad health for several months but her condition did not become serious until about a week ago when pleurisy developed. She is survived by six children.

A party composed of the following persons left this week for western points: W. M. Boyer and family, Tom Johnson and family, Libborn Vaughan and Miss Gladys Boyer going to Olathe, Colo., Mr. and Mrs. Gid Busie, Virgil Cox and a young son of D. H. Cornett, of Fox, bound for Ross, Montana, and Hilary and Everett Reeves for Shedd, Oregon. This party will carry away from the county sums aggregating about \$15,000.—Grayson Gazette.

Death of Dr. Umberger.

Wytheville, Va., Feb. 23.—Dr. Everett W. Umberger, of this place, died at his home on Church street Friday about 2:15 o'clock, aged 61 years. He had been married about 37 years.

The funeral services were conducted at the Methodist church, of which he was a member, Sunday afternoon at 3 o'clock. With interment at the East End cemetery.

He is survived by three brothers, Mr. Charles Umberger, of North Carolina; Mr. Crig Umberger, of Oklahoma, and Rev. Robert Umberger, of West Virginia and two sisters, Mrs. Peters, of Emery and Miss Nettie Umberger, of Charlotte, N. C.

House Votes to Build a Railway.

Endorses Administration's Bill for 1,000 Mile Government Road in Alaska.

Washington, D. C., Feb. 21.—Backed by the administration, the Alaskan bill authorizing President Wilson to construct a railroad from Alaska's coast to its great interior coal fields, was passed by the House last Thursday by a vote of 230 to 87. A similar measure already has passed the Senate, and the bill will be taken up at once in conference between the two houses, with a view to sending it quickly to President Wilson, who has signified his intention of signing the measure. Belief, therefore, was expressed last Thursday that with a large force of men Uncle Sam would within a few months turn from the completed Panama Canal and tropic skies to build a \$35,000,000 railroad 1,000 miles through Arctic snows.

The Sixth and Ninth district joint Educational Conference will be held at the Radford State Normal, Radford, Va., March 5th, 6th and 7th next. An interesting and instructive program has been arranged, on which Dr. Long, of Martha Washington College, and several prominent educators of the Southwest are slated to address the meetings.

Popular Primaries Proposed.

Washington, Feb. 21.—President Wilson's proposal for National popular primaries for the nomination of President and Vice President will be considered by the House elections committee next Tuesday. Chairman Rucker announced Friday. A bi-partisan sub committee of five members will be appointed to frame a bill, which is to be submitted to the President before it goes to the House.

Failures Heavy.

Business failures for the week ending Jan. 29, were 453; which compares with 434 last week, 351 in the like week of 1913, 312 in 1912, 230 in 1911 and 232 in 1910.—Baltimore News, Jan. 31, 1914.

Miss Kelly Dies in Hospital.

Miss Josephine Kelley, aged 20 years, daughter of Mr. and Mrs. J. W. Kelly of Big Stone Gap, died Friday afternoon at St. Andrew's Hospital in Lynchburg where she was operated upon for appendicitis. She was a member of the freshman class of the Randolph-Macon Woman's College, and was apparently well until a few days before she died when she was taken violently ill with appendicitis. She was taken to the hospital where the doctors done everything to save her life but to no avail. Her body was taken to Big Stone Gap for burial.

Tale of Buried Treasure.

Winchester, Va., Feb. 24.—A report that \$10,000 had been located in the foundation of the historic old courthouse of Shenandoah county, at Woodstock, set the people almost on their heads a day or two ago, and they are still wondering whether the rumors of buried treasure can possibly be true. A young man who was hunting in the mountain found an old gun, which upon being picked up, fell in two. In the stock was a note, stating that the owner of the gun during the Civil War had hurriedly secreted \$10,000 under some boards in the western part of the courthouse cellar, and that the finder of the gun could have the money. Thus far, however, the authorities have not permitted any one to excavate under the courthouse, but many people are still on tiptoe of expectation, hoping he or she will be the first to be privileged to go to the cellar with pick and shovel.

MARION, VA. FEB. 27, 1914

Legislative Review.
 BY LEWIS H. MACHEN.

As intimated in last week's report Governor Stuart on Saturday sent a closing message to the Legislature regarding primary election reforms. Being the first of its kind since the Montague regime, it was a distinctly refreshing and made some of the sleepy members rub their eyes. Senator Holt and some of the others who helped circulate the Byrd bill last session have come forward with a committee bill which actually marks an advance, though containing a few feeble spots. Today the matter comes up in the Senate and it is more than likely that most of the Governor's suggestions will be accepted.

Last week's report did not go as far as predicting that the Governor would veto the Enabling Act, which he did within a few hours after receiving the elaborate brief of Senator Early against it. There is still a lot of talk about its constitutionality and anyone can take a guess on that subject. At the Court of Appeals, as the saying is, will have the last one. At present, there should be some way of finding out at once whether or not the bill was properly passed.

The Senate spent practically the whole of last week upon the appropriation bill. As usual, there was a war of wits among the different interests and institutions over the available funds. The chief fight, however, ranged around the effort to increase the appropriations for the common schools. Senator Mapp strove for an increase of \$150,000 and failed. Senator Featherston struck out for an \$85,000 increase and got it, making a total of \$600,000. The Senators who voted against the increase were Buchanan, Nichols, Edmonston, Fletcher, Hart, Holt, Lesner, Moucure, Paul, Rinehart, Thornton, Walker, Wendenburg and West.

The rolling stock bill which passed the House Thursday strips the home cities of the railroads of the last remnant of their advantage, thus ending the long fight in a manner pleasing to the counties and also, it is rumored, to the railroads which make a substantial saving by being taxed according to the county rates. The Senate will concur.

The House could not get the Senate to agree to investigate the Soldiers' Home, and thereupon started out to look into the matter themselves.

The Senate has concurred in the resolution asking Congress to purchase Monticello.

On Tuesday the House committee on elections reported against the woman's suffrage resolution, as was predicted two weeks ago.

Liquor legislation is still being urged. A bill has passed the House designed to prevent the shipment of intoxicants to students in colleges and a very strict anti-jug measure has been introduced in the Senate.

The House finance committee has favorably reported bill to exempt physicians from the payment of license taxes, and it begins to look as though this reform had some chance of passage.

Senator Drewry failed to get the Senate committee on privileges and elections discharged from the consideration of his bill to prevent the corrupt payment of poll taxes. This committee has several times killed such measures.

The West fee bill, amended half to death, is utterly unable to move but all meritorious bills will be in a like situation in a couple of weeks when two or three objections will prevent their being considered. One ninety day session would be worth as much to the people as six sessions only sixty days each.

One of the biggest fights ahead will be over the proposed tax commission. Businessmen generally and many of the conservative members of the Legislature desire a commission of five

named by the Governor. However, the predominant sentiment among the members seems to be for a large commission of members only.

The current week will witness the convocation of progressive democrats, who will meet Friday pursuant to the call issued by Attorney General Poland. Senator Owen will speak Friday night and Secretary of State W. J. Bryan on Saturday night. The latter's theme will be "Progressive Democracy." Earlier in the day he will address the Legislature, and will naturally be the object of much attention while in Richmond.

The progressive democrats declare their program to be formulative and not factional, and insist that they are merely trying to bring Virginia into line with her more progressive sister states.

How to Prevent Biliousness.
 "Coming events cast their shadows before." This is especially true of bilious attacks. Your appetite will fail you will feel dull and languid. If you are subject to bilious attacks take three of Chamberlain's Tablets as soon as these symptoms appear and the attack may be ward off. For sale by all dealers.

No Democratic Encouragement.

There has been an election in the Second Congressional District of Iowa to fill a vacancy. A Democrat was chosen to succeed a Democrat. But the returns show that there was a Democratic loss of 6,600 votes, a Bull Moose loss of 9,900 votes, and a Republican gain of 2,300 votes. If the Democratic party can see any encouragement in those figures it must be a confirmed optimist.—Try (N. Y.) Times.

Significance of the Election in Iowa.

Nothing less than a rebuke of Free Trade and a reaction back to sound and stalwart Protectionism is to be inferred from the result of the special election of February 11 in the Second District of Iowa to fill the vacancy caused by the death of Congressman Pepper. The district was conceded to be strongly Democratic; so strongly Democratic that in the election of 1912 the Republicans did not put up a candidate in opposition to Pepper, whose election was practically unanimous. In 1910 Pepper was elected by a plurality of nearly 3,000 over his Republican opponent. In 1912, Wilson received 19,371 votes, Roosevelt 13,600 and Taft 8,303.

Now mark the change from 1912. The Democratic candidate for Congress this year received more than 6,000 votes less than Wilson in 1912; the Progressive vote fell from 13,000 in 1912 to 3,770 in 1914; the Republican nominee, though placed in the field only nine days before the election, received 10,765, as against 8,303 for Taft in 1912; a heavy loss for the Democrats and Progressives, and a big gain for the Republicans. Analysis of the vote shows that in the cities the Democrats barely held their own, while in the farming districts the Democrats and Progressives lost heavily and the Republicans made immense gains. This is the first opportunity that American farmers have had to pass judgment on the Free Trade Tariff of 1913.—American Economist.

You Can't Be Beautiful If Your Liver Doesn't Work.

One of the best known women of the American stage is writing a series of articles on the preservation of beauty. She attaches great importance to keeping the liver active at all times and she is right. Neither good looks nor happiness will stay long with any man or woman who lets the liver get lazy and sluggish.

It is not always safe to take calomel, the old liver remedy. Doctors agree that it is a very uncertain drug. But the D. M. Smith drug store has a remedy for sale that they guarantee to take the place of calomel absolutely, and still be harmless causing no restriction of habit or diet. This remedy is Dodson's Liver Tonic.

Dodson's Liver Tonic is a pleasant tasting vegetable liquid, and it starts the liver gently and surely and relieves constipation and biliousness so promptly that it has become a dependable remedy in thousands of homes in the United States. There are scores of families in this vicinity who will not be without it in the house and who would not think of starting on a trip without a bottle of it.

D. M. Smith Drug Co. has sold so much Dodson's Liver Tonic that they are convinced of its merit and will give any person his 50 cents back, who buys a bottle and does not find that it takes the place of calomel to perfection.

Superintendents Get Raise

Under amendments offered by Senator Saunders and Buchanan the Senate increased from \$2,250 to \$2,500 a year, the salaries of the superintendents of the Southwestern State Hospital and Eastern State Hospital.

Senator Buchanan and Representative Lincoln have offered bill in the Legislature and Senate to authorize and direct the Board of Supervisors of Smyth County to pay to the treasurer of Chilhowie the road tax for year 1913, paid on the property, real and personal, in said town and collected by the county treasurer of said County of Smyth.

A BRONCHIAL COUGH
 is wearing and dangerous because the inflamed, mucus-filled tubes interfere with breathing and the fresh air passes through that unhealthy tissue.

Probably no other remedy affords such prompt and permanent relief as **Scott's Emulsion**; it checks the cough, heals the linings of the throat and bronchial tubes and strengthens the lungs to avert tuberculosis. This point cannot be emphasized too strongly—that **Scott's Emulsion** has been suppressing bronchitis for forty years and will help you.

Be careful to avoid substitutes and insist on SCOTT'S.

We Promise You Relief from All Stomach Troubles—Or Your Money Back

We honestly believe we have the best remedy in the world for indigestion and dyspepsia. We urge you to try it at our risk. If it doesn't relieve you—as we feel sure it will—we'll give back your money without a word. You know us—your family druggist. You know we wouldn't dare recommend anything we didn't know about, nor dare to break a promise. Therefore, when we recommend any remedy it is because we believe it to be better than any other to relieve the ailment for which it is made, and when we prove our faith in it and our sincerity toward you by promising to give back your money if it doesn't relieve you and in every way satisfy you, you have no possible excuse for doubt or hesitation.

Rexall Dyspepsia Tablets

are, we honestly believe, the best remedy made for Indigestion, Dyspepsia and all other Stomach Ills

We Know They're Good Delays Are Dangerous You Risk No Money

Rexall Dyspepsia Tablets, in addition to other ingredients, contain Pepsin and Bismuth, two great digestive aids used by the entire medical profession. They soothe the inflamed stomach, check the heartburn and distress, stimulate a healthy secretion of the gastric juice, aid in the rapid and comfortable digestion of the food and help to quickly convert it into rich red blood, and thereby into flesh, bone and muscle. They relieve stomach distress promptly, and, used regularly for a short time, tend to restore the stomach to a comfortable, easy-acting, healthy state. They aid greatly to promote regular bowel action.

Don't neglect indigestion, for it frequently leads to all sorts of ills and complications. The pain and discomfort is not the most unfortunate part. The fact that when the stomach is not acting right, the material needed to repair the wastes that are constantly taking place in the body is not being given to the blood either in the proper condition or fast enough is far more serious. Nothing will cause more trouble than an unhealthy stomach. The blues, debility, lack of strength and energy, constipation, biliousness, headaches and scores of other serious ailments result from the failure of the stomach to properly do its work.

Our willingness to have you use Rexall Dyspepsia Tablets entirely at our risk proves our faith in them. We always sell them this way, and it is because we know that they have greatly benefited scores of sufferers to whom we have sold them. There's no red tape about our guarantee. It means just what it says. We'll ask you no questions. You needn't sign anything. Your word is enough for us. We know that when they help you you will consider it money well spent even if they had cost you ten times as much. If they don't help you, the money you paid for them is yours, and we want you to have it.

Sold only at the more than 7,000 Rexall Stores—the World's Greatest Drug Stores. In convenient boxes—three sizes: 25c, 50c, \$1.00

A Practically Worthless Check.

The Democratic party, through its speakers and its newspapers, pledged itself to the poor man to reduce the cost of living. The main instrument toward the reduction was to be a lower Tariff. Behold, the lower Tariff has been in operation several months and the high cost of living has not been reduced. Has not the Democratic party been guilty of cashing a politically worthless check. The Democratic Congress has appropriated \$20,000 to make inquiry in regard to the high cost of living. It was the wicked Tariff. Wool is on the free list. Who is buying his clothing any cheaper? Cattle and hogs and all kinds of meat are on the free list. Who is buying his meat any cheaper?—Kittanning (Pa) Free Press.

Blanks are being circulated to be filled out showing the income tax received by persons living in this as well as other sections. The blanks cover three pages with one page of instructions and at a glance appear to be somewhat complicated to one not familiar with the filling out of same.

Harsh physics react, weaken the bowels, will lead to chronic constipation. Doan's Regulates operate easily. 25c a box at all stores.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. Two sizes 25 and 50c at all stores.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Dr. H. H. Miller vs. Bear's Emulsion.

Strong Endorsement by the Old-Practicing Physician in the Home Town of Bear's Emulsion.

Bear's Emulsion continues to give good satisfaction to all those that use it. But should your bottle be an exception we will gladly refund your money.

Dr. John D. Bear, Elkton, Va.

Dear Sir:—It gives me pleasure to recommend your Emulsion and the recommendation will not only help you but will be the means of some one seeking for a remedy to rid them of the long lingering coughs and a good system builder. I have prescribed your Emulsion and have received very gratifying results. It is a fine tissue builder; tones up the stomach and gives the patient a good appetite. I have seen the remedy made and know all its constituents and thoroughly recommend it.

Yours very respectfully, Dr. H. H. Miller.

Mitchell-Stone.

On Tuesday St. Paul's Methodist church was the scene of a wedding of widespread interest when Mr. J. W. Mitchell, of Johnson City, Tennessee, led to the altar Miss Albina Fitzillian, the popular daughter of Mr. and Mrs. A. F. Stone.

The church was elaborately decorated with evergreens, potted plants and a profusion of cut flowers, which with the soft light of many candles produced a most pleasing effect.

While the guests assembled, Miss Grace Pemberton presided at the organ, rendering a short musical program, Mrs. H. M. Heuser sang softly, "I Love You Truly."

Promptly at 8:30, the bridal party entered to the strains of the Lohengrin Bridal Chorus. The bridesmaids Misses Alberta Tarter, Mattie Merk and Winnie Stone, becomingly attired in white tailored suits and black hats and carrying arm bouquets of pink roses, came slowly down the right aisle, while on the left came the ushers, Mr. E. M. Speakman, of Psinceton, W. Va.; Mr. J. W. Greenawald and Mr. Herbert Stone. Then followed the maid of honor, Miss Loreno Stone in white cloth suit and black hat. Her flowers were lilies-of-the-valley.

The bride, dressed in a modish suit of King's blue, with accessories bearing an exquisite shower-houquet of lilies of the valley, entered on the arm of her father, and was met at the altar by the groom and his best man, Dr. R. E. Mitchell, of Toano, Va.

Dr. J. R. Brown officiating using the impressive ring ceremony, during which "Traumerer," was softly played, Mendelssohn's Wedding March was used as a recessional.

Mr. and Mrs. Mitchell left on No. 14 for a two week's tour through Northern cities, and shortly after their return will be at home in Johnson City, Tenn.

The attractive bride is widely known for her lovable disposition and noble character, and the groom, who is a mechanical engineer, rapidly rising in his profession, is a young man of sterling worthiness. The numerous and costly presents of silver, cut-glass, linen, etc., attest the esteem in which this young couple is held.

RECEPTION

Mr. and Mrs. A. F. Stone entertained the members of the Mitchell-Stone bridal party at their home on Monday evening. The reception hall and parlors were tastefully decorated, the color scheme being green and white. Miss Winnie Stone, assisted by Miss Belle Gregory served delicious fruit punch, and the pleasure of the guests was much enhanced by the vocal numbers of Messrs. E. W. Speakman and Floyd Smith, and by the skillful instrumental music of Miss Elizabeth Eveasole. At ten o'clock a delicious supper of meats, salads, and ices was served, after which the bride's cake was cut and enjoyed by all.—Wytheville Enterprise.

Mr. C. W. Brinkley and family moved from Seven Mile Ford to this place Tuesday. They will occupy their property recently purchased from Mr. W. M. Brinkley.
