Wytheville, Va., Nov. 29.—Robert H. Crockett died at the home of his son Robert L. Crockett, in Draper's Valley last Saturday. Mr. Crockett, at one time, was the best known man in Southwest Virginia. He represented Wythe county in the Legislature, was a large cattle dealer and brought more fine horse, cattle and sheep to this section than any one man. He was 86 years of age. He was buried at Wytheville.

### A. L. Sibert Wins Wheelbarrow Ride.

Mr. George Huff, formerly of Roanoke, now of Washington county, is an ardent Democrat, and he worked enthusiastically for Mr. Stuart in the recent campaign.

Mr. Arthur L. Sibert is a prominent business man of Roanoke, an ardent Republican and an earnest supporter of Mr. Slemp.

Messrs. Huff and Sibert are old friends. During the campaign, while visiting in Roanoke, Mr. Huff met Mr. Sibert frequently and they had much to say to each other concerning the fight in the Ninth.

Finally they made the following wager:

If Stuart wins, Sibert is to roll Huff in a wheelbarrow from the Norfolk & Western tracks on Jefferson St. to the Elks Home, Jefferson St. and Tazewell avenue.

If Slemp wins Huff is to roll Sibert in a wheelbarrow from the Norfolk & Western tracks to the 'Elks' Home.

The loser is to buy a five dollar wheelbarrow for the purpose from the Nelson Hardware Company and the winner is to have the wheelbarrow.

Mr. Sibert and his friends say that Mr. Huff surely must pay that bet the first time he comes to Roanoke. Mr. Sibert is anticipating the ride with a great deal of pleasure and he says he would wear a silk hat for the occasion, but for the fact that he is afraid Mr. Huff might turn him over.—Roanoke Times.

The quicker a cold is gotten rid of the less the danger from pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by all dealers.

### Gasoline Explosion Kills Thirty People.

New York, Nov. 29.—A special from Newark printed in the Evening Sun, attributes the terrible holocaust there last Saturday, in which thirty young women lost their lives, to the explosion of a tank of gasoline. It was a four-story building and the flames swept with such rapidity that all avenues of escape were cut off from the several hundred occupants.

Almost before the occupants of the building knew that there was a fire, a whole floor had been practically enveloped and the flames were leaping from window to window. The girls employed on the fourth story, finding all avenues of escape cut off were panic-stricken. Some were burned to death without even getting off their stools upon which they stood while others were so frightened by the sudden fire that they sprang out the windows, jumping wild of the firemen's nets and on the hard pavement, being bashed to death. The fire started on the third floor, where a tank of gasoline was concealed.

### THIRTY KNOWN DEAD.

Newark, N. J., Nov. 29.—Thirty known dead, five more believed to be buried in the ruins, five so critically injured that they will not live and ten others in hospitals who are believed to have fatal burns, are the reckoning made in the fire which swept the four-story factory building at 216-218 High street. The bodies of five have been taken from the ruins and an equal number who are missing are now being sought under the great heap of charred and twisted debris.

"My child was burned terribly about the face, neck and chest. I applied Dr. Thomas' Eucletic Oil—the pain ceased and the child sank into a restful sleep."—Mrs. Nancy M. Hanson, Hamburg, New York.

### Hog Loses 195 Pounds.

Sterling, Ill., November 28.—A owned by Joseph Hurd, of Brookville, Ogle county, after a fast of 76 days, survived, and at the end its grunts were as loud as ever, and the appetite was much more ravenous.

On September 1 the hog was missed, and after a fruitless search Mr. Hurd opined it had been stolen. Last Friday he discovered the hog under the floor of the pen where he had other hogs and was unable to get out. Its weight was reduced from 270 to 75 pounds.

### First Woman Doctor Dies, Aged 86 Years.

Los Angeles, Cal., Nov. 28.—Dr. Augusta Fairchild, 86 years old, the first woman to obtain the degree of doctor of medicine in the United States is dead. Miss Fairchild is first cousin of Governor Fairchild, of Wisconsin. She once occupied the chair of gynecology in the St. Louis Medical College.

A subscriber once received a dun through the postoffice and it made him mad. He went to see the editor about it, and the editor showed him a few duns of his own—one for paper, one for type, one for fuel and several others. "Now" said the editor "I didn't get mad when these came because I knew that all I had to do was to ask several reliable gentlemen like you to come and help me out, and then I could settle all of them." When the subscriber saw how it was he relented, paid up and renewed another year.—Ex.

### No Ninth District Contest

Democratic Committee Hears Evidence, But Decides Stamp Is Elected.

Bristol, Tenn., Nov. 28.—After hearing evidence with reference to alleged frauds and irregularities in the recent election, the Democratic Executive Committee of the district decided late Saturday afternoon to advise against making a contest for the seat of Representative C. Bascom Slemp, who was elected on the face of the returns by a majority of 227. H. C. Stuart, of Russell, the Democratic candidate, will be governed by this decision.

The committee, composed of Peyton F. St. Clair, chairman; Frank W. D. Smith, M. C. Clark and Frank Buchanan, was supplemented in the investigation by the Campaign Committee, composed of R. Tate Irvine, Alexander Stuart, C. N. Otey, J. B. Boyer and G. W. St. Clair. Henry C. Stuart was in attendance and listened to the evidence.

In view of the fact that nothing developed to indicate positive fraud, although many irregularities were reported, both the Executive and Campaign committees were unanimous in recommending against a contest.

### Saltville I. O. O. F. Gives Banquet.

Saltville, Va., Nov. 28.—A Thanksgiving banquet was given by the I. O. O. F. of Saltville.

The Odd Fellows were out in full force with their ladies; also a number of invited guests were present.

The opening address was delivered by the Rev. W. N. Hurley, of Saltville, which was listened to with rapt attention. The next speaker was Past Grand Master of Virginia, Mr. W. T. Baldwin, of Radford, who spoke on the history of Odd Fellowship with magnetism and force. He told of the origin and rapid growth of this truly wonderful order, the magnitude of which made us proud that we were Odd Fellows and associated with such a grand and exalted work for good. Before and after the addresses the quartette rendered several splendid selections, vocal and instrumental, which were enjoyed by all.

Past Noble Grand Mr. M. S. Dunham, master of ceremonies for the occasion, then announced that the banquet was ready. Places were laid for one hundred and fifty persons, who did full justice to the sumptuous fare. The menu was as follows: Oyster stew, pickles, crackers, olives, turkey, celery, cranberries, light bread, ham, fried oysters, potato salad, cold slaw, butter, coffee, ice cream, cake, oranges, grapes and bananas.

The dining and lodge rooms were beautifully decorated with holly and other evergreens. The young people rendered sweet music while the guests mingled and chatted till a most enjoyable occasion.

### Lynchburg Banker Kills Himself.

Lynchburg, Va., Nov. 28.—Sam'l T. Withers, fifty-five years old, second vice-president of the First National Bank, committed suicide in a hospital here last Friday by shooting himself through the head. He had been on a sick leave from his bank since last July.

It is not known how Mr. Withers obtained the revolver with which he shot himself. Nurses, upon hearing the report of the weapon, rushed into the private ward and found the banker dead. For five months Mr. Withers had not been at work, but had been under medical treatment. Recently he stated he would return to work shortly.

The dead man's financial matters are in excellent condition. His estate is said to be worth \$40,000, with an income of \$4,000 a year. The suicide produced a decided shock in banking and other business circles of the city.

**SAVED FROM AWFUL DEATH**  
How an appalling calamity in his family was prevented is told by A. D. McDonald, of Fayetteville, North Carolina, Route 8. "My sister had consumption," he writes, "She was very thin and pale, had no appetite and seemed to grow weaker every day, as all remedies failed, till Dr. King's New Discovery was tried, and it so completely cured her that she has not been troubled with a cough since. It's the best medicine I ever saw or heard of." For coughs, colds, la grippe, asthma, croup, hemorrhages and all bronchial troubles it has no equal—50c. and \$1.00. Trial bottle free. Guaranteed by the Carson Drug Co.

### Bears at Work in Page and Bland Counties.

That bears, as well as human beings, are fond of hog meat, will be attested by residents in the lower ridges of the Massanutten mountains, not far from Luray, Page county, Va. According to reports coming from Luray, black bears a night or two ago raided the pens of several farmers and killed and carried off practically their entire stock of hogs, which were about ready to be slaughtered for the market. In addition to stealing the hogs, the bears have been raiding corn fields and raising trouble generally.

Bears have been very scarce in the woods on the Massanutten mountains for several years past, but this winter they are numerous, and bear signs can be found on every side in the mountains. Hunting parties are being organized and "bar" meat will shortly be on the market in the Valley of Virginia.

News reached the city several days ago that there is a man eating bear, no mention being made of pigs and other live stock, at large in the wilds of Bland county, Va., designated as the Wilderness section, nine miles from Rocky Gap, and an expedition is being organized to make Ole Brer Bar look like thirty cents through a thick fog. The report states that it is an immense black bear, and that it has been carrying away pigs, chickens, ducks, kids, calves and other small fruit, and even attacking grown-up human beings. A Bland man came in from the vicinity and vouched for the truth of the statement. He has seen the bear himself at close range and he says it is the largest ever observed in that part of the country. It is not thought that the bear has been there for any great length of time, and this appears to be its first appearance on Bland soil. The belief is that it drifted across from Russell or Dickenson.—Bluefield Leader.

Walla Walla, Wash., Nov. 30.—Two hundred and fifty dollars each is the valuation put on kisses stolen from the lips of Mrs. Elsie Vanzant, a Spokane schoolmistress, by Archibald Tiderington, of this city. Mrs. Vanzant herself valued them at \$2,500 each, Tiderington having taken two, according to her story and she having sued for \$5,000. ## Can voters Count Vote.

According to the official count of the returns in the election of November 8th, as certified Monday by the State Board of Canvassers, the plurality of Representative C. B. Slempp over Henry C. Stuart in the Ninth district was 227. That of Representative E. W. Saunders over his Republican opponent, John May Parsons, in the Fifth district, was 165. As before stated, three of the proposed amendments to the State Constitution were defeated, while that permitting County Treasurers and Commissioners of the Revenue to succeed themselves indefinitely was ratified by a majority of 1,437. The companion amendment relating to City Treasurers and Commissioners was rejected by 1,544 votes.

## BIG VOTE IN NINTH.

No surprises were developed, and the result in no instance is affected. The feature of the voting, as shown by the official returns, is in the size of the vote in the Ninth district. It amounted to 33,733, not counting those ballots which were thrown out as improperly marked, which would no doubt run the total of those who went to the polls to nearly 34,000.

Less than half this number of votes were cast in the Fifth district, where a strenuous contest was also waged. The vote there reached 14,969. The Ninth district's vote exceeds the combined voting in the Fifth, Second, Third and Fourth districts, although the Second and Third include the cities of Richmond, Norfolk and Portsmouth.

Following was the vote between Stuart and Slempp in the Ninth, and between Saunders and Parsons in the Fifth:

NINTH DISTRICT.		
	Stuart.	Slempp.
Bristol	483	208

Pittsylvania	1,622	1,000
Total	7,537	7,383

The Roanoke Evening World concludes an article on "Money spent in the Ninth district," where the Wise News says votes were selling for \$30 per head, as follows:

"We take off our hats to the 'valiant Democracy of the Ninth' and shower bouquets at the feet of those horny-handed sons who scratched the name of Slempp and patriotically deposited a ballot for Stuart (at \$30 per head)—indeed, 'it was a famous victory.' Such an exhibition of patriotism should not go unrewarded. (It didn't, for it made possible many happy returns on T-fanks giving!)"

Dear, valiant old Democracy! Long may your roosters crow! But there comes an answering crow across the valley from that Republican rooster—it isn't all dollars and Democracy; he gets his share.

Don't disturb the situation—honors are about even."

J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pills were so intense I was forced to hypodermic injections for relief. These attacks started with a pain the small of my back which gradually became paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine, am no longer bothered in any way by my old enemy, lumbago."—Greenwood, La.

## Not to Be Contested.

(Communicated.)  
 The Democratic newspapers about, both big and little, must feel like "cuckoo" their heads after that decision of the Democratic Executive Committee in Bristol to not contest Congressman Slempp's election. Those Democratic papers have been on an excessive partisan jag these past few weeks, and have vociferously shouted "Republican fraud" in the recent election, whence the application of about a ton of ice to their throbbing temples and fevered brows is absolutely necessary.

Those Democratic newspapers make their readers "tired." There may be a number of poor, innocent Democrats who can be deceived by this cry of "Republican fraud," but if there are any, it is a crime to impose upon such simple minds, and these Democratic newspapers should be prosecuted criminally. The great majority of the people know full well who perpetrates the election frauds and illegal practices. The Democrats know all right, because they do it, and the Republicans know all right, after they find themselves "stung." But wouldn't it have been just too lovely for all that "Stuart money" to have been shown up in a contest! That little case of Congressman Joe Sibley, in Pennsylvania, who is dying of shame after being shown up, would pale into insignificance.

These same Democratic newspapers have also been making loud noises about the Republicans spending money in this election. It is cast iron, copper riveted, sheath-lined nerve in any Democrat to even whisper "money" in the face of the facts. One prominent Democrat owned up, the day after election, that he knew of eighty-five thousand dollars of Democratic money on election day alone, and every Democratic leader you met was bemoaning the fact that Stuart didn't put out at least twenty thousand dollars more. Figuring conservatively, the Democrats must have had well over one hundred thousand dollars on election day alone, and with their expenditures from the first of March on, the total drain from Stuart's "barrel" must have been something awful. Moreover, if a contest had been started, most of that stupendous Democratic "slush fund" would necessarily have been traced to the Stuart "barrel." The Democratic office-holders and would-be office-holders in Virginia furnished a lot of the money, but most of it probably come direct from the Stuart "barrel."

Then, "aiot it awful!" Poor Stuart has to begin "shelling out" again in the Governorship primary. Also, in the fall, he must "shell out the coin" again for the would-be Democratic county officeholders who have helped him to fight his battle this year. Now, how would you like to be in Henry's shoes, and feel your "barrel" leaking, leaking, leaking, all the time. It is all "shell game" for him.

Few Democrats will croak "money" or "fraud" in connection with the recent election, and they will certainly stop charging Slempp with buying the district. They tried to do this, but with all their money they were defeated.

## Notice of Election.

VIRGINIA: At a Circuit Court continued and held for Smyth Co., at the Courthouse thereof, on Monday 21st day of November, 1910:

This day came the Board of Supervisors of Smyth County, by its attorneys and presented a petition signed by all the members of the said Board, praying the Court to enter an order requiring the Judges of Election of the County of Smyth, to open a poll on December, 22nd, 1910 to take the sense of the qualified voters of the said County, on the question whether the Board of Supervisors of said County, on the question whether the Board of Supervisors of said County shall issue bonds of Smyth County, to an amount not exceeding fifty thousand dollars, said bonds to bear interest at the rate of 6 per cent. per annum, payable semi-annually, payable on the first days of January and July of each year, one fourth of said bonds to run for five years, one fourth for ten years, one fourth for fifteen years and one fourth for twenty years, for the purpose of Macadamizing and otherwise permanently improving certain public roads in the Rich Valley Magisterial in said Smyth County, to-wit:

(b) The road leading from old Broad Ford along the Scott road road via United Church to Cedar Branch, a distance of about five miles; width, twelve to fourteen feet. (f) The road leading from Olympia to the Walker's Mountain at Whitehead Gap, a distance of about 3 1/2 miles, width from twelve to fourteen feet.

It is therefore considered by the Court that the Judges of the Election of the County of Smyth, shall on December 22, 1910, open a poll at the various voting places in the County of Smyth, and take the sense of the qualified voters of the said County on the question whether the Board of Supervisors for said County shall issue the bonds for Macadamizing and otherwise improving the said Rich Valley Magisterial District, in said County of Smyth, not to exceed in amount the sum of fifty thousand dollars, and it is further ordered that the regular election officers of said County, at the time hereinbefore designated shall conduct such election and close the polls in such manner as is provided by law in other elections, and made return thereof, as provided by statute in such cases made and provided. And it is further ordered that the Electoral Board of Smyth County shall have printed and furnish the ballots for said election as required by Section 2 of an Act of the General Assembly of Virginia, approved February 25, 1908, as amended by an Act approved February 16, 1910. And in the event the question of issuing the said bonds for the said Rich Valley District shall be decided in favor of the issuing of said bonds, and said bonds are issued by the said Board of Supervisors, it is further ordered that the bonds so issued shall have written or printed on said bonds the following sentences: "These bonds are issued for Rich Valley Magisterial District, but the full faith and credit of the entire County is hereby pledged for their payment; and a tax to be levied upon the property of said district to pay them upon maturity" and said bonds shall be in all other respects as required by an Act of the General Assembly of Virginia, approved February 25th, 1908, as amended by an Act of the said General Assembly approved Feb. 16, 1910.

And it is further ordered that certified copy of this order shall be published for four weeks in the newspapers published in Smyth County, and posted by the Sheriff at the front door of the Courthouse for Smyth County, and at each voting place in said County, at least 20 days prior to the election.

## How Shall They Get Together.

That is the trouble with the proposal that the Democrats "get together" on a tariff-for-revenue-only basis. This political slogan has never been other than a bright particular star in the galaxy of glittering generalities. The only place where it would be altogether acceptable is one where the inhabitants buy everything and sell nothing. So long as the Democratic party remained a party of protest it served as well as any other policy. But once the burden of responsibility is assumed, it loses its value. The great difficulty has been that whenever a local constituency has benefited through a Protective tariff, there it has received support, whatever the political complexion of the people, and woe be to the Congressman who has ignored the fact. Hence the dilemma of the Democratic leader when hides, lumber, sugar, lemons or whatever else may be the chief product in his district come up for consideration in the Tariff schedule.

Tariff for revenue only will do very well for opposition thunder, but its worst enemies could offer no more effective obstacle to Democratic harmony than to insist upon allegiance to this doctrine as a first step in the shaping of the future destiny of the party.—Washington Post.

Work for the Council. The springs from which Marion gets water are open and unprotected. The smaller ones are full of leaves and surface water from the hill run into them, and on this hill is an old house said to be used as a stable, and cattle can roam around. The house should be removed, the ground sloping towards the springs cleared up and kept clean and should be controlled by the town, if not already owned. By a ditch or other means, surface water should be kept out of the springs. If houses can not be built over these springs they should be inclosed by high and close fences. The street lights should be looked after to see that the town gets candle power it pays for, and more modern burners substituted for the inefficient kind now in use would greatly improve our lights. With better lights fewer would be needed and more tax money be left for other things, and the water tax need not so nearly run the town financially. A disproportionate part of the town's taxes goes now to lights, and partly useless lights, as the arc light on reservoir hill, etc. This Council should investigate the matter of street lights with the view of the town owning its own lighting plant when the present franchise expires, as it does in the near future. See if better and cheaper lights may not be had both for the town and private users. Other towns and cities own their light plants, why not Marion? TAX PAYER. Rev. A. Blaine Brooks will preach at South Fork Baptist church next Sunday at 11 o'clock. WANTED—10,000 bushels of Potatoes. The D. H. Mitchell Co. will pay highest market price. The general store of T. J. A Mild Protest. Graham, Va., Nov. 26 Editor Marion News, Dear Sir: I note with sorrow and regret that the Synod decided to move Marion Female College to Salem, Va. This action of Synod reminds me of the members that revised the Constitution of Virginia, proclaimed it without the people having a voice in the matter. Marion offered a site and \$15,000 to retain the college, where it was chartered, where it was organized and established; and a healthier and better location is not to be found in the State. The people of Marion and surrounding country have been loyal to the college for years and it has a history that we all feel proud of and to remove the college. I feel it is an injustice to Marion and her good people. Marion was not considered. Salem offered a site and \$10,000 and got the college. I have nothing to say against Salem, except that she has taken something she out not to, for the college rightly belongs to Marion. I understand that Marion is still to be remembered and that the college will be called Marion Female College, a perpetual insult. Yours truly, J. R. ANDERSON. Our former countyman speaks the sentiments of Marion and Smyth county people. We hope the Trustees will consider the points made before they abandon their property here.—Editor. TRUSTEES MEET. At a meeting of the Board of Trustees of Marion Female College held on the 29th inst. a paper was adopted by a vote of thirteen to four in answer to the request of the Synod to remove the college to Salem. This we will give next week. Also the committee to select a President was also directed to proceed at once in that duty. Rev. Peery having resigned. The Committee on Plans for building will begin its work at once. This looks like Marion College is going to stay where it belongs. We congratulate the Trustees on their action. If your cousin, or aunt, or friend has been to New York you may learn what "The Blue Mouse" really is. The New York papers called it a success; old-timers and first-nighters declared it a scream without a flaw. Clyde Fitch has adapted from the German farce of Alexander Engel and Julius Horst much of the original matter but he has given it a thorough white-washing so that "The Blue Mouse" which will be seen here at the Courthouse

TAKE CARE! Remember that when your kidneys are affected, your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." Carson Drug Co. **KEEP THE KIDNEYS WELL.**

Be it known that the late Wm. M. Marion's People Know How to Save It.

Many Marion people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is a Marion citizen's recommendation:

George S. Williams, Cemetery Street, Marion, Va., says: "I consider Doan's Kidney Pills a remedy of more than ordinary merit and am pleased to recommend them at every opportunity. For about a year I was troubled by a difficulty with the kidney secretions, accompanied by pains in my back. A short time ago I read about Doan's Kidney Pills and was so impressed with the good reports concerning them that I procured a box at Carson Drug Co. Although I have used them but a short time, they have helped me more than any other remedy I have ever taken. For sale by all dealers. Price 50 cent box. Foster-Milburn Co., Buffalo, N.Y., sole agents for the United States. Remember the name—Doan's—and take no other."

**Do You Feel This Way?**

Do you feel tired out? Do you sometimes think you just can't work away at your profession or trade any longer? Do you have a poor appetite, and lay awake at night unable to sleep? It is a remedy prepared by Dr. R. V. Pierce, of Buffalo, N. Y., whose advice is given free to all who wish to write him. His great success has come from his wide experience and varied practice. **The House of Pride.**  
Love was a madness that had never perturbed Isaac Ford. When he answered the call to go to the heathen with the message of life, he had no thought and no desire for marriage. In this they were alike, his father and he. But the Board of Missions was economical. With New England thrift it weighed and measured and decided that married missionaries were less expensive per capita and more efficacious. So the Board commanded Isaac Ford to marry. Furthermore it furnished him with a wife, another zealous soul with no thought of marriage, intent only on doing the Lord's work among the heathen. They saw each other for the first time in Boston. The Board brought them together, arranged everything, and by the end of the week they were married and started on the long voyage around the Horn.—Jack London in December Pacific Monthly.

**The Hot End of the Tariff Poker.**  
A farmer who brings eggs around to certain customers in this section announced the price recently at 55 cents a dozen; the other day they were 48 cents. We merely mention this as a reminder to Governor-elect Foss, who is to "reduce the cost of living." Three of the aforesaid customers voted the Democratic ticket and now expect Mr. Foss will slash this egg price, whether by Canadian reciprocity. Tariff revision or some other hocus-poens.—Attleboro Sun.

These Democratic Governors-elect cannot fail to realize that their victories impose great responsibilities upon them. Their party will soon need National leaders, Presidential timber.—Chicago Record-Herald.

It is a painful situation for the statesmen who have "got there" on the promise to do something that will reduce the cost of living. Now, the main cost of living is the cost of food supplies, and the people who produce the food supplies—the farmers—cast ten of eleven million of the votes. The man who grasps the hot end of the poker can let go of it. Not so the demagogues who have grabbed the warm end of the Tariff reduction scheme. They stand pledged to lower the tariff and, thus reduce the cost of living. When they find, as they inevitably will, that this means a reduction of the selling price of farm products and also a reduction of the selling price of labor, they will be begging for advice as to how to let go of the hot end of this particular poker.—American Economist.
