Three Men Killed.

Knoxville, Tenn., Oct. 4.—Three men were killed and Sheriff Tucker, of Lee county, Va., taken prisoner yesterday when a posse of six men, led by the sheriff of Bell county, Ky., attempted to take into custody Mrs. Sirelda Barnett, at Gibson, Lee county, Va., wanted as a material witness against her brother, Chas. Denny, on trial for the alleged murder of Chas. Barnett in Pineville, Ky. The dead are John Collins, William Collins and James Collins, the latter being the father of the first two named. The killing occurred outside of the home of George Smith, where Mrs. Barnett was staying. The shooting was done from ambush, and the guilty party or parties are unknown. The Kentucky sheriff was armed with a requisition from the Governor of Virginia for the detention of Mrs. Barnett as a material witness.

Riverside Locals.

Messrs. W. J. Roberts and W. J. Nutter and little daughters, Rosalie and Emma, returned Saturday from Graham, Bluefield and Princeton, where they have been visiting friends and relatives for the past week. Misses Hattie and Susie Roberts spent Saturday night with the Messrs. Lawrence. Misses Hallie Call and Nina Williams, of Ceres, spent last Saturday night and Sunday with relatives and friends. Miss Jennie Clear returned home Sunday from Saltville, where she has been spending the past week with her sister, Mrs. Sam Whitley. Rev. J. D. Dame preached a fine sermon at Riverside church Sunday morning. This was his last sermon in this conference year, but hope we will get him back as all seem well pleased with him. X. Y. Z.

Austin, Pa., Scene of Great Catastrophe.

Austin, Pa., Sept. 30.—The dam of the Bayless Pulp and Paper Co. bursted one mile and a half north of town. Five hundred million gallons of water rushed down. Between 850 and 1,000 persons were drowned, crushed or burned to death. Hundreds of others are believed to have been swept away by the great torrent. Fire follows bursting of natural gas mains. Scores of persons caught beneath debris and slowly cremated. Over 1,000 buildings wrecked. Heavy rains of past two weeks caused reservoir to fill for first time since erected two years ago. Flood supply has been swept away. Physicians, nurses and supplies being rushed from surrounding towns. Governor Tener ordered State health and Charity officials to scene, together with Adjutant-General Steward and a large force of State police. Costello, a town of 450 population, below Austin, was also swept away.

Emory News Notes.

Dr. J. C. Cannon, former president of Blackstone Female Institute, and now president of the Southern Educational Chatauqua at Waynesville, N. C., delivered an interesting address before the student body in the Chapel Tuesday morning. President Chas. C. Weaver made a quick trip to Richlands, Va., in the interest of the college this week. The farmers of this community are rejoicing over a bumper corn crop. The recent rains are insuring good fall pastures, which means fat stock for the beginning of winter. President S. D. Long, of Martha Washington College, preached in the Chapel on last Sunday morning at eleven o'clock. Dr. J. P. McConnell speaks at Pembroke, Va., Sunday night, and at Parisburg, Va., Monday night on the subject of education. Society work is looking up. The Hermes Literary Society, following in the wake of the Calliopeans, has organized a Junior Society for the benefit of the Academy men. Emory and Henry has long been accredited with having the best society rooms in the South and much good is accomplished in this phase of work from year to year. The Declamation department of Emory and Henry College is in charge of Mr. W. H. Montgomery. The study of expression is compulsory for all students below junior. Emory and Henry has more men entering this year in studies preparing for medicine and pharmacy than ever before. Rev. James Weaver of Monroe, N. C., has purchased the Warren farm, one mile south of Emory, from Dr. H. M. Brooks. The College Executive committee met here on the 28th inst., and decided on plans and location of the proposed new college building. This building will be located on the old building site covering more ground extending westward. Large recitation rooms for all departments other than chemistry will be provided for and each professor and the president will have a private office in this building and a large reception room is arranged for. This structure will be three stories high, and the third story will be given entirely to a large reading room. September 30, 1911.

Horse Thieves Operating Near Bristol.

Horse thieves are again operating in Washington county. Some days ago a fine animal was stolen from E. C. Withers, of near Wallace, for the recovery of which he offered a reward of \$100. Saturday night a valuable horse belonging to E. E. Crigger, residing at Houston, in Washington county, was stolen. The horse was a bright sorrel, with two white feet behind and weighing 1,000 pounds. A few weeks ago a horse and buggy was stolen from Washington county, near Bristol, but the thief was pursued and the property recovered, though the fugitive escaped. The farmers of Washington county are wrought up over the recent numerous and bold cases of horse stealing and large rewards are being offered.—Bristol Herald Courier.

Atkins Items.

The farmers are all very busy loading cabbage and sowing wheat. A large company from Atkins attended the Smyth County Fair. Miss Mary Purdy, who has been visiting her sister, Mrs. E. D. Hootnagle, left Tuesday on No. 14 for her home at Pine Hall, N. C. The Atkins High School opened on the 25th inst. We hope for a successful session. Rev. M. J. Wysoe preached a very interesting sermon Sunday morning at eleven o'clock. Mrs. J. A. Southern, accompanied by Misses Mary Purdy and Ottie and Lula Hutton, visited the S. W. Hospital while in Marion recently. The Baptist Sunday school had a picnic Saturday. Miss Ala Fox, of Charlottesville, Va., is visiting her sister, Mrs. Oscar Williams, of this place. Mr. and Mrs. J. L. Warden, accompanied by Mr. and Mrs. R. B. Haynes and son, from Roanoke, were the guests of Mr. and Mrs. A. F. Hutton Saturday night and Sunday. Miss Katherine Schrader, of Wytheville, was the guest of Mrs. J. R. Pafford several days ago. We are glad to note that Miss Lula Pickle is now improving. "PEGGY."

Radford Normal School.

Radford, Va., Oct. 4.—The board of trustees of the Radford State Normal School met here yesterday and took preliminary steps for prosecuting work on the new institution. Capt. W. T. Baldwin, chairman, and Messrs. Blanton, Tucker, Scherer, Smith and Wilson were present with Judge Cassell, secretary. The board elected Prof. John Preston McConnell, of Emory and Henry, as president of the normal, and B. E. Coppenbaver, superintendent of schools in Smyth county, assistant president. W. T. Baldwin remains president of the board, Geo. E. Cassell, secretary and E. J. Noel secretary and treasurer of the school.

TWO

Two gather lilies and wade in the sweet clover, Shouting glad songs in their morning of May; Gold are their dreams and the clouds that float over, And golden the future far stretching away. Two launch their boat for a voyage of long sailing, The bright ripples play, and the wind is off shore; While the red light of morning is failing, Steady and strong sails the bark—dips the oar. Two, hand in hand, climb over the mountains, Footsore and weary from tempest and toil, With only a moment to drink from the fountains, Renewing their strength for tomorrow's turmoil. Two when the Autumn has put on its glory, Sit by the shore of the beautiful past, Whose solemn waves break with a wonderful story, Of fancied ships which went down in the blast. Two, in the child of the snowy December, Talk of the Winter that leads to the Spring, Two sit and dream over faggot and ember, Of castles in air, and of birds on the wing. Two be at rest under blossoming roses, Winter sifts over them gently the snow, Sunlight of Summer above them reposes, Their places are filled—and the years come and go.—Frank Seaman in National Magazine.

Do the right thing if you have Nasal Catarrh. Get Ely's Cream Balm at once. Don't touch the catarrh powders and snuffs, for they contain cocaine. Ely's Cream Balm releases the secretions that inflame the nasal passages and the throat, whereas medicines made with mercury merely dry up the secretions and leave you no better than you were. In a word, Ely's Cream Balm is a great remedy, not a delusion. All druggists, 50 cents, or mailed by Ely Bros., 66 Warren Street, New York.

WIRGINIA—In the Clerk's Office of the Circuit Court of the County of Smyth on the 11th day of September, 1911: W. H. YATES, Plaintiff,

against THOS. HUGHES et als, Defendants.

The object of this suit is to obtain a decree for the sale of certain lumber embraced in a deed of trust executed by W. E. Edgerton to C. R. Williams, Trustee, on the 11th day of March, 1911, to secure W. H. Yates in the payment of a note for \$1,000 upon which there is still due and unpaid about \$500, with interest, and a decree against Thomas Hughes for lumber sold by him included in said deed of trust to marshal certain assets and for general relief.

And an affidavit having been made and filed that the defendants Josephine L. Reeder and Frank Welch, Jr., Trustee, are not residents of the State of Virginia, it is ordered that they do appear here within fifteen days after due publication hereof, and do what may be necessary to protect their interest in this suit.

And it is further ordered that a copy hereof be published once a week for four weeks in the Marion News, a news paper published in the County of Smyth and that a copy be posted at the front door of the court-house of this county on the 18th day of September, 1911, that being the next succeeding rule day after this order was entered.

A copy—Teste: E. L. KENT, Deputy Clerk, C. R. Williams, Jackson & Henson, sept. 15, 1911.

"The Thief."

Here is a young lady who has received one hundred and sixteen proposals in less than a year. She is an actress, but the offers of marriage have been the A-1 brand. Lot the stage variety. Miss Edyth Ketchum is the lady's name and she is the leading woman with "The Thief," that intensely powerful drama of human emotions which comes to the Court House Auditorium Oct. 12, 1911. In speaking of her proposals the young actress says: "I wish I could turn over to girls looking for husbands the majority of proposals for marriage which I have received during the present season. By actual count I have so far been honored with one hundred and sixteen. I haven't escaped in a single city of my itinerary. Bankers, brokers, politicians, college men, merchants, cow-boys and even an Indian are in the list. But so far I have dodged the noose. "The most unique proposal came from a man in Kansas City. He sent me the impression of his palm, at the same time importuning me to have it read by a palmist and if there was aught in his life or character that would blush at the spot-light of investigation, to reject 'this proffered hand.' But life is too short and the distance to the palmist too long. It makes an interesting page in my scrapbook, however." Miss Edyth Ketchum will play the role in "The Thief," originated by Margaret Illington when the play was first produced in New York. It will be remembered that Miss Illington renounced the stage for "life in a cottage," where she could spend her time "darning stockings."

Austin, Pa., Oct. 2.—With a roar that could be heard for miles, the great dam of the Bayless Pulp and Paper Co. here went out at 2:30 o'clock Saturday afternoon. Forty bodies had been recovered from the ruins when darkness came and it was estimated that fully 400 are unaccounted for and are believed to be dead.

The dam, which was 530 feet long and forty-nine feet high, held back more than 500,000,000 gallons of water. For the first time since its construction two years ago the water was running over the top and many persons went out from Austin a mile and a half away to see the unusual sight. They were horrified when a section about twenty feet wide gave way on the west side. A great volume of water poured through the hole and the alarm was very quickly sounded. People ran for their lives to the hills nearby, but some were caught in the flood and whirled down the valley. A moment later another break occurred, this time on the east side. It was much greater and permitted the bulk of the mass of water behind it to rush in a mighty volume towards the lowlands. Five hundred persons were drowned and many were injured. The debris from hundreds of crushed houses caught fire and is still burning. An appeal was sent to Governor Tener for help.

It is estimated that 1,000 buildings have been torn from their foundations and crushed in the flood or have been destroyed by fire. The water made its way through the business section of the town and left only four buildings standing. The Valley of Freeman's Run is narrow and the town was built against its bank. All the buildings in the lower part of the valley were swept clear of their foundations by the torrent, and many of those which remained, quickly fell a prey to the flames. Many were burned in the fire and others were ground to pieces by the masses of timbers and stones swept down by the flood.

Rev. J. H. A. Cyrus, D. D.

A Sketch of the Head of Union Industrial Academy, Port Conway, Va.

(Communicated)

Rev. J. H. A. Cyrus, D. D., better known in Marion as Archie Cyrus, son of the late Rev. Samuel Cyrus, formerly a well known preacher of this section of Virginia, is at the home of his mother, Mrs. Parthenia Cyrus. He is here for a rest and for the improvement of his health.

Dr. Cyrus went to the Eastern part of the State and located at Port Royal in November, 1881—nearly thirty years ago. He was postmaster at Port Royal from 1882 to 1885, three years; taught public school for twenty-one years; was clerk of his association (the Mattaponi Baptist) for twenty-two years; has been a member of the town council for twenty-three years; clerk of the council for seventeen years; was assistant secretary of the National Baptist convention for four years, and treasurer of the same convention for eight years. This organization has a membership of more than 2,000,000.

He is now president of Union Industrial Academy at Port Conway, Va., an institution which has the financial and moral support of the people of both races, having on its board of managers six of the best white citizens of that part of the State. Forty young colored men and women have graduated from this school and are filling acceptable positions as school teachers, clerks, farmers, etc. He has pastored some of the best churches in Caroline and King George counties.

Dr. Cyrus is regarded as one of the leading colored men of the State and has testimonials showing the high regard in which he is held by the citizens of Caroline and King George counties and the City of Fredericksburg and elsewhere.

EVER HAVE IT?

If You Have the Statement of This Marion Citizen Will Interest You
Ever have a low-down pain in the back? In the small, right over the hips? That's the home of backache. It is caused by sick kidneys. That's why Doan's Kidney Pills cure it. Marion people endorse this. Read a case of it:
John H. Rider, W. Main Street, Marion, Va., says: "My back often troubled me and at night became lame and sore. Frequently there were sharp pains in my loins and finally a kidney weakness made its appearance. I saw Doan's Kidney Pills advertised in the local papers and thinking that they might help me, I procured a box at the Carson Drug Co. They corrected the trouble with the kidney secretions and benefited me in every way. I have no hesitation in recommending Doan's Kidney Pills to all persons who are afflicted with kidney complaint." (Statement given March 18, 1903.)

THE RESULTS LASTED.
Mr. Rider was interviewed on Dec. 1, 1910, and said: "I confirm every word of the statement I gave some years ago recommending Doan's Kidney Pills. I have not had an ache or pain since that time."
For sale by all dealers. Price 50 cent box. Foster-Milburn Co., Buffalo, N.Y., sole agents for the United States.

It was given out that the old soldiers would get their pensions promptly this fall. Now they are about forty days past due for this county. Some one is to blame for this delay. These old men are needing the small stipend they get badly. Some of them have walked miles making visits to their offices only to be daily disappointed. We hope they will be forthcoming, especially for the relief of those who are needy.

ONE MILLION DOLLARS FOR A GOOD STOMACH.

This Offer Should Be a Warning to Every Man and Woman.
The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach. This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable. His misfortune serves as a warning to others.
Every one who suffers with dyspepsia for a few years will give every thing he owns for a new stomach.
Dyspepsia is commonly caused by an abnormal state of the gastric juices, or by lack of tone in the walls of the stomach. The result is that the stomach loses its power to digest food.
We are now able to supply certain missing elements—to help to restore the gastric juices their digestive power, and to aid in making the stomach strong and well.
We know that Rexall Dyspepsia Tablets are a most dependable remedy for disordered stomachs, indigestion, and dyspepsia.
We want you to try them and will return your money if you are not more than satisfied with the result.
Three sizes, 25 cents, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store.

Highway Scouts at Marion

The Bristol-to-Washington Highway Scouts arrived in Marion Monday at 3:20 o'clock. They were met near Chilhowie by a delegation headed by the Mayor and other leading citizens. In the party, including the cars of the scouts and citizens, there were nine automobiles.

The visiting party was made up of the following gentlemen: W. H. Aston, Meadow View, president of the Bristol-to-Washington Highway Association; H. L. Bonham and J. D. Tate, Chilhowie, members of the Executive committee; R. B. Vance, of Abingdon; P. St. J. Wilson, Richmond, of the State Highway Commission; O. L. Omohundro, Nashville, of the Highway Association of Tennessee; Chas. P. Light, Washington, of the American Highway Association; Jas. T. Thomas, Washington, of the committee of education, Southern Commercial Congress; Samuel T. Copenhaver, Bristol; Messrs. Vance and McKee, Chilhowie, and F. M. Runnels, secretary. The meeting in the court-house was called to order by Hon. B. F. Buchanan, who made a short speech presenting Mayor R. T. Greer, who after an appropriate address introduced Mr. O. L. Omohundro, of the Tennessee Highway Association.

The meeting in the court-house was called to order by Hon. B. F. Buchanan, who made a short speech presenting Mayor R. T. Greer, who after an appropriate address introduced Mr. O. L. Omohundro, of the Tennessee Highway Association. Mr. Omohundro explained the situation as to the proposed highway. It being contemplated to run it diagonally across the State of Tennessee from Memphis to Bristol, and thence through Virginia on to Washington, thus giving a great highway 1,000 miles long from the Capital City to the Mississippi. He clearly set forth the many and great advantages to be derived from such a road when completed.

At the conclusion of Mr. Omohundro's address, P. St. John Wilson, of the State Highway Commission, gave a pleasing and practical talk, full of information and abounding in sound advice. He stated that the old McAdam road running through this and other counties of the Southwest was constructed under the supervision of Col. Crozet, and it was conceded by experts that in its conception and fundamental features of construction there was no better road anywhere in the whole country. All it needed now was intelligent improvement and maintenance.

At the conclusion of Mr. Wilson's remarks, Mayor Greer introduced Mr. F. M. Runnels, secretary of Bristol's Board of Trade, who also made a practical and instructive talk. The last speaker was Hon. Chas. P. Light, of West Va., a member of the American Highway Association, who at once captivated his audience. With his sound sense, shrewd wit, felicity of expression and striking illustrations he gave probably as interesting, informing and enjoyable a talk as has ever been heard in this county on the subject of road improvement.

"Why," said he, "the folks in the Northern part of your own Valley of Virginia have absolutely no conception of the beauty and hospitality of this country here. I had positively no idea how attractive it was. But you have converted one fellow and that's me, and I am going to advertise you wherever I go. Just go ahead and build your good roads and you will soon have the money of tourists, as well as from business coming in from every side. But remember it takes money to do this, and also remember that while you are building up the towns, you must build up the country also, and make the young men satisfied to stay at home on the farms. To make the town of Marion prosperous you must make the county of Smyth prosperous."

When Mr. Light concluded, the meeting adjourned. The pathfinders left immediately for Wytheville.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHERRY & Co., Toledo, Ohio.

Baptist Picnic at Atkins.

The Baptists of Cedar Bluff church at Atkins held their Sunday School picnic celebration last Saturday, and spent an enjoyable time. The day was beautiful, the crowd was enthusiastic and the good things to eat were abundant; so what more could man desire for such an occasion? Church folk have long since agreed that the Sunday school is the fountain-head of the church, and that annual picnics lend zest and enthusiasm to the work.
