RENEWED TESTIMONY

No one in Marion, who suffers backache, headaches or distressing urinary ills can afford to ignore this Marion woman's twice-told story. It is confirmed testimony that no Marion resident can doubt.
Mrs. W. M. Brinkley, 33 E. Phipps Ave., Marion, says: "I have had trouble from weak kidneys for quite a long time. Pains in my back and muscles were sharp and painful. My kidneys weren't regular and that caused annoyance. I had specks before my eyes and dizzy spells. I was told how good Doan's Pills were for these troubles and found them just fine. A few have always fixed me up in fine shape.

The above statement was given February 10, 1919 and on March 26, 1923, Mrs. Brinkley added: "I think there is no medicine like Doan's Pills, for they sure did cure me when I suffered from an attack of kidney complaint."

A Beautiful Service

EASTER SUNDAY IN THE LUTHERAN CHURCH

An unusually beautiful and impressive Easter Service was held at the Lutheran Church on Easter morning at dawn. Most of the large congregation which filled every available seat, were surprised at the improvements that had been made quietly during the preceding week.

The altar, pulpit and lectern were adorned with exquisite cloths of white satin embroidered with gilt emblems. These cloths were the gift of the Women of the three Circles of the Missionary Society and the neat hand work on them was done by Mrs. Ammon. On the Altar were a beautiful Cross and vases of gold a gift from Mrs. Edith Killinger in memory of her husband. Around the altar and chancel ran a handsome brass railing donated by a member of the church.

Just as the sun rose, streaming in golden light through the stained glass windows, the Pastor appeared in his robe, which was the gift of Mr. E. K. Coyner and the choir of young ladies from the College began the first of the two beautiful Easter Anthems which they sang. From the chancel and altar decorated with Easter lilies by the Young People's Society, the radiant light of a sacred hope and joy seemed to flow out. The Pastor's sermon presented simply and yet with remarkable power the message of the risen Christ. As the service proceeded, the shimmering veil of eternity which obscures our earthly life, seemed almost rent in twain, and in the last triumphant anthem the grief for loved ones before, the uncertainties which harass the Christian, seemed lost in the exceeding joy of immortality.

Eight adult members were received into the church. At the Sunday School, the children's choir, under the direction of Mrs. Nannie Pruner, gave with violin accompaniment and solo by Margaret Sue Copenhaver, a beautiful hymn. At the request of the Pastor and Superintendent, Mrs. Pruner agreed to make this choir a permanent feature of the Sunday School and of the evening service.

At the morning communion service the Pastor was assisted by President C. B. Cox of Marion College. The message of the morning sermon continued the Easter thought and emphasized the text "Come and See—Go and Tell". In view of the greatness of the salvation wrought by Jesus Christ, His followers were urged to bear over all the earth the message of the resurrection.

"The Greatest Day In The History of the World" and "When a Young Man First Goes a Courting" are the subjects of the pastor's sermons next Sunday morning and night. Sunday School at 9:30 A. M. and Young Peoples meeting at 7:00 P. M. Heartily singing and a friendly greeting awaits you. Come and bring your friend.

THE FAMILY.

Marion Kiwanians Entertain Pulaski and Radford.

Elegant Banquet at Greer's Cafe--Many Interesting Talks--Good Singing and Good Music the Order of the Day.

Thursday will be a Red Letter day in the history of the Marion Kiwanis Club, it being occasion of the Club entertaining the Inter-Clubs of Pulaski and Radford Clubs. A large delegation from both of these Clubs were early on the ground all ready for a good dinner and for anything that the Marion fellows could spring on them. Mine Host Frank Greer furnished the feed alright and it was a good one, with many of the delicacies of the season, cooked to the queens taste and served in that delightful manner that is giving Greer's Cafe an enviable reputation from Roanoke to Bristol.

The invocation was made by Rev. Zeb Randall, of Radford, this was followed by "Old Black Joe," sung by Pulaski, Radford, Marion and Rev. E. C. Burnz, who represented Saltville, who undoubtedly carried off the honors.

Miss Anglin, of the Marion College faculty, gave a recitation with her usual artistic taste, that was heartily applauded.

The Radford Jazz Band discoursed delightful music that added much to the pleasure of the occasion.

The Attendance Prize was won by Jack Steiga of Pulaski, a pocket knife, and was presented by Mr. Jno. B. Fries of Radford.

The Attendance Prize of next meeting is to be given by Rev. H. B. Brown.

The president Mr. Copenhaver read telegrams from clubs all over the State and other States, congratulating the Clubs on the event of the day. The President then introduced Hon. Julian Y. Williams, who was the representative of the Governor of the Capital District and delivered a very handsome and appropriate speech suitable to the occasion.

Members from Radford:
J. L. Kirkwood, Ambrose Wilson, E. H. Clements, Robt. McCready, Jas. Zoll, Jno. B. Spire, Rev. Z. B. Randall, Rev. James Figg, W. H. Weaver, Major F. B. Fitzpatrick, W. H. Padgett, C. C. Cunningham, W. H. Painter, W. I. Derott, Jas. E. Wyatt, Wm. Nyer.

Frank Caldwell, Thos. Jones, R. S. Down, Walter Seaver, G. O. Burk, W. Wright, Henry Roberts, Wm. Gierston, Thurston Turner, W. H. Garkling, N. H. Webb, G. R. Elder, W. M. Sumpton, Ed. Johnson.

Members of Pulaski:
E. L. Darst, B. K. Hall, R. I. Brown, N. B. Ranhof, D. L. Divers, B. A. Martin, W. L. Jones, R. L. Beamer, M. G. Bane, K. E. Harmon, F. R. Wicks, B. C. Hurst, H. B. Crockett, B. C. Taylor, E. P. Ham, D. E. Seagle, S. B. Slegler, Jr.

Hon. B. F. Buchanan was introduced and spoke for the Marion Club, and the meaning of "Kiwanis." While his talk was short it was just what the occasion demanded, and backed of with good sense, expressed in chaste language.

Mr. Eugene Ham, editor of the Times of Pulaski, then rendered two beautiful numbers on the flute, which was enthusiastically received.

The President of the Radford Club, then introduced Rev. Mr. Figg, of that city who delivered a short but eloquent address on the grand leading principles, and urged that each Kiwanian now and then take an "inventory" as to where each stands.

Ed. E. Dorst, president of the Pulaski Club spoke for that club, and his speech was full of wit and good points, and was one of the best efforts of the occasion.

The Quartette from Radford, gave another exhibition of their skill.

The Clubs then adjourned with a song, "It's a long way to Tipperary." After the conclusion of the banquet at the hall the Clubs assembled on the Court green where a photo was taken by Mr. A. P. Snider, the Marion photographer, of the assembled Clubs.

The day was a great one in the history of Kiwanis in Southwest Virginia, and will result in a big boost for all the Clubs. The editor was especially gratified with meeting with Mr. Glenn Minor, the editor of the Radford Journal, and with Mr. Eugene Ham, the editor of the Southwest Virginia Times, of Pulaski, both of these gentlemen being enthusiastic members of their respective Clubs.

TWO MARIONS, VIRGINIA AND OHIO, PLANT TREES AS HARDING MEMORIALS.

Two Marions, one in Ohio and one in Virginia, have planted Memorial trees for Warren G. Harding and registered them on the Honor Roll of the American Tree Association at Washington, D. C. Mrs. Harry J. Mautz registered the Ohio tree, which was planted by the Advance Club, and Mrs. Harding was the witness who signed the application blank. In Virginia, the Harding tree was planted by the Boy Scouts of Marion High School, assisted by pupils of the Grammar School, at the direction of the Woman's Club. Mrs. L. E. Gordon, Chairman of the Conservation Committee registered the Harding tree with the American Tree Association. Plans are now under way, the association says, for a Harding Memorial Highway. The first planting will be in the spring at Lima, Ohio. Other Harding trees have been reported to the association from Los Angeles and San Francisco.

(Letter To Mrs. L. E. Gordon)
Mrs. L. E. Gordon, Cherry Street, Marion, Virginia.
My dear Mrs. Gordon:—

Congratulations to Marion, Virginia, on planting the first Woodrow Wilson Memorial Tree in your State. We are glad to register it on our National Honor Roll.
Your City was also first in plant-

ing a Memorial tree for Warren G. Harding.

Again allow me to congratulate your city; the Boy Scouts; your city schools and the American Legion Post No. 18 for this good work.

Yours very truly,
CHARLES L. PACK,
President.

RIVERSIDE HIGH SCHOOL NOTES

The Riverside High School will close Friday night April 25. On Thursday night the Grammar grades will render an interesting program, consisting of songs, pantomimes, drills, and dialogs. The play, "A Little Clodhopper," will be rendered Friday night April 25. String band music and the awarding of certificates and prizes will also take place on this night.

The Parent Teachers' Association has done much work during the year, the latest improvements being placing new lamps in the auditorium and painting the fence.

Our community was proud of the showing made by the school representatives in the County Contest, Ruth Cole winning the dictionary and Margaret Williams being given second place in the Reading Contest.

Mr. A. J. Asberry and little son William, who have been visiting relatives at Lowe, W. Va., passed through Marion Thursday on their way home at Seven Mile Ford.

Marion Junior College Notes

A number of the Marion College students spent the Easter holidays away from the College. Those who remained at the college had a most enjoyable Easter. Saturday evening was spent at Dr. Copenhaver's Camp near Marion around a camp fire where, after a delightful lunch, an impromptu program of reading and songs was given; Miss Anglin's impersonation of the speaking doll being especially enjoyed.

Most of the girls attended the beautiful and impressive Easter service at the Lutheran Church which was held at dawn on Sunday morning.

On Monday obliging friends took all the girls and teachers in cars to the home of Reverend and Mrs. W. R. Brown near Rural Retreat. The Brown home is one of the places to which the girls are always eager to go. Mr. Brown is president of the Board of Trustees of the College and Mrs. Brown is president of the Alumnae Association and both are perennially and personally interested in Marion College girls. Lunch was cooked on top of the hill that has become a favorite picnic place with many groups of the College girls.

Mrs. A. L. Henna of Richmond and Miss Grace Bryant of Washington were guests at the College during the Easter holidays. Mrs. Henna was visiting her two daughters at the College. Miss Bryant was the guest of her sister Miss Ruth who is enrolled as a special student in the Home Economics department.

Miss Pritchard of Blacksburg, a Student Volunteer Secretary, visited the College on Tuesday. She addressed the student body on Tuesday evening and had a number of conferences with committees and individual students.

Rev. J. J. Scherer, D. D. of Richmond who is closely affiliated with many of the Social Service activities of Richmond spoke to the Sociology class on Tuesday. The class was especially interested in hearing Dr. Scherer tell of a number of cases which have come up before the Juvenile Court of Richmond.

May Day is a favorite topic of talk and everybody is eager to know the Seniors' selection of May Queen. The May Day pageant is being trained by Miss Anglin, with Miss Bortz of the Home Economics department as Costume Director.

The Commencement exercises of the College will extend from May 31 to June 2. The Baccalaureate sermon will be preached by the Rev. Ira F. Frankfield of Tower City, Pennsylvania, and the address on Monday, June 2, will be delivered by Hon. Cliff Woodrum of Roanoke.

The College girls are so much interested in watching the progress of the new building that they are oblivious to the discomforts incidental to the opening up of the present library into a large lobby which will be used as a congregating place for the students. The library will be removed to a larger and more commodious room. The Athletic Building will be completed within a short time and the odd and even teams of the College are planning one big basket ball game before the session closes, even though the basket ball season has closed. The building on the new wing is also progressing rapidly. The new wing has been made necessary by the increased enrollment, and will accommodate a number of additional students.

April 28 is registration day at which time many of the rooms will be reserved. A number of applications are already in the Registrar's office waiting for acceptance.

A full meeting of the Board of Trustees was held on Tuesday, its object being to discuss future plans and to consider finances in connection with the new building.

The Track season has opened up in the Athletic department. Girls are practicing for annual Track Day to be held some time in May. The Tennis Tournament for singles has also begun. The double Tennis Tournament was played in the fall.

A revival of the old fashion pastime of playing croquet is apparent on the front lawn.

Francesca Lawson, a well-known singer, will appear in the College Auditorium on Friday night, April 25. Miss Anglin and other members of the faculty have heard her else, where and have assured the music lovers of Marion an excellent and most interesting program.

The recital of Mrs. Scott's music pupils last week was unusually good. Mrs. Scott has made a most acceptable member of the college faculty during the second semester. Her pupils who took part in the program played with ease and accuracy. They were assisted by pupils of the expression department.

Gude's Pepto-Mangan
Tonic and Blood Enricher

ALARMING!

The kidneys should filter the blood, and when they are out of fix, the blood stream is just filled with poisonous uric acid.

Carried to all parts of the body, this poison causes backaches, headaches, rheumatic twinges, heaviness, drowsiness, dizziness, irritability or depression and distressing bladder troubles.

But that isn't the worst of it. In chronic neglected cases, the excess uric acid is apt to form into gravel or kidney stones, and to cause gout, sciatica, dropsy and even Bright's disease.

Let the first pain in the back be your warning. Get a bottle of Dr. Pierce's new An-uric tablets (anti-uric acid). Your druggist can tell you about this new discovery for bad kidneys. Or, send 10c for a trial package to Dr. Pierce, Pres., Invalids' Hotel, Buffalo, N. Y.

COOLIDGE GOES OVER THE TOP

Washington, April 20.—President Coolidge has gone "over the top" according to announcement Monday by his campaign manager, William M. Butler.

The President already has enough delegates, either by instruction, indorsement or personal preference, to assure him of the Republican nomination on the first ballot at the Cleveland gathering, Butler claimed.

Coolidge Total 563.

The Coolidge total stands at 563 This is eight more delegates than a majority, reckoned on the convention strength of 1,109.

FIVE GALS. PAINT FREE.

A large paint concern, in furtherance of an advertising and introductory campaign now in progress, offers to give, free of charge, five gallons of its best house paint, any color, to one property owner at each postoffice or on each rural route in this country. This concern wants its paint on a house in each locality this season which is the purpose of this remarkable offer. The company also wants an agent or dealer in each county. Persons interested are requested to write the Kero Paint Company, 213 South 7th St., Louisville, Kentucky. (Adv.)

See your neighbor who may not read the county paper and ask him if he has paid his 1921, 1922 and 1923 poll taxes. If assessable in Virginia he must pay for these three years in order to be a qualified voter.

"No government is truly democratic unless it is controlled by the people, and this control can only be exercised at the ballot box." Thus speaks, Harry Flood Byrd, State Chairman of the Virginia democratic machine. He speaks the truth, therefore Virginia is not a democracy, because the undemocratic election laws we have in this state work to disfranchise and keep fully 50 per cent of the voters from the ballot box. The State is not controlled by the people. This is admitted in an able editorial which recently appeared in the Richmond News Leader, a democratic daily. The editor in commenting on the recent Richmond Primary says in part:

"What is true of Richmond is true of other sections of Virginia. The vote in the State Primary seldom goes above 155,000 and in the general election ranges from 200,000 to 230,000. In contrast, Minnesota, with a population about as large as Virginia, will cast 660,000 votes, what is true of Virginia is true in the main, of the other Southern States, except perhaps North Carolina." The Leader further says:

"A small vote means government by those organized minorities that will muster their strength at the polls. It means government by "rings" and factions rather than government by the people"—"It may even mean the substitution of government by the least intelligent for government by the ablest. It implies the ultimate breakdown of representative government and the failure of democracy." The Basic trouble is that qualification under the Virginia Constitution involves more than the average Virginia voter, or the average voter in any State—is willing to do in the absence of the urge of bipartisan conflict."

This is a frank admission from the ablest edited democratic daily in the State that we do not have what the State Chairman calls "truly democratic rule" in Virginia, but we do have just what the Leader says: "government by "rings and factions." At the head of these "rings and factions" is chairman Byrd, who is calling on the people under the assumed name of democracy—to qualify to vote in the 9th Virginia District in order to return to Congress Geo. C. Peery, who believes in the Virginia Suffrage laws which leads to the disfranchisement of thousands of men and women in the Ninth District. A Chairman Byrd has been touring the Ninth District. What for? To put over a poll tax campaign, to perpetuate the rule of the "rings and factions," under the guise of democratic rule, the kind we have in Virginia only in name. All good citizens, in the 9th District both men and women, should rebuke such leaders as Byrd and Peery, who preach democracy but practice Autocracy, by qualifying themselves to go to the ballot box and vote, this fall for that loyal democratic citizen, the Hon. Lewis Preston Summers, who in reality believes in the rule of the people as against the rule of "rings and faction."

The New York Times a leading democratic paper says:

"Possibly Daugherty's resignation will serve to clear the air somewhat in Washington. The nauseating succession of investigations is beginning to get on the public's nerves. The whole thing is rapidly becoming a farce. When one committee listens attentively to the fantastic rumors repeated by an ex-crook, Al Jennings, and another committee likewise listens to wierd stories dramatically told by that picturesque person, Roxie Stinson, the investigations are getting way off the track. The old adage that dead men tell no tales doesn't seem to hold in Wahington. At least, the tales of the dead men are being told by proxy. How the layers of the Senate can take all this silly hearsay evidence seriously, the public finds hard to understand."

Now is the time to look after your poll tax. It will be too late after the 3rd day of May.

Saturday May the third, is the last day to pay the 1923 poll tax in order to vote for President and Congressmen next November.

Don't let this six months pre-election democratic poll tax law keep you from voting this fall. Pay it now. It will be too late after the third day of May.

Poll Tax! Poll tax!! Only two more weeks to pay in order to qualify yourself to vote this fall. This is presidential year. We elect a President and Congressmen on the 4th of next November. You will want to vote, but the Virginia Democrats have decreed that you are not qualified unless you pay this poll tax, and pay it six months before the election. This was done to disfranchise the poor man and the great mass of common people. Don't let Byrd, Peery and Company catch you napping. Pay before the 4th day of May and "hit 'em" one this fall.

LET ALL FALL IN LINE

A correspondent has this to say in regard to the roads. "I feel that it is unfortunate that the two factions of good road advocates do not get on harmoniously. We will get roads sooner if we pull together."

"The majority of our people expressed themselves favoring the 'Pay-as-you-go' plan. Therefore, all good Democrats should fall in line and endeavor to make the plan a success, and not exhibit a spiteful spirit by complaining of our Auditor and the road department. These are good and capable men, and if we will support and not criticize so severely, we can expect good results. It is hard for men to do their best when under the glare of a critic's eye."

"Let those who were opposed to the plan fall in line and help to make it a success, and after a fair trial it proves failure or not the best plan. I think the pay-as-you-go crowd will be willing to change."

Both factions want good roads and neither faction is inflexible."

FOR MARION ORANGE CRUSH BOTTLING WORKS.

All of us, at least most of us—are devotees of the Turkish towel. We revel in the tingling invigoration which results from its vigorous use after the morning tub. None of us, however, would consider, were it physically possible, this exhilarating hygienic practice for interior application. Yet it is just this sort of a mildly irritant internal treatment that will put the "pep" in our digestive systems, says Dr. Charles L. Jones, of Mellon Industrial Institute. Dr. Jones is the research specialist at Mellon Institute who recently announced the discovery that carbonic gas, the gas which puts the bubbles in bottled, carbonated beverages, also known as soda water—is just so much poison to disease germs. As though this were not startling enough to those who have been skeptical of the fizzy beverages as other than pleasant refreshment, he now declares.

biological effect of carbonated beverages is what physiologists call their rubefacient (reddening) effect. That is, the carbonated beverages acts as a mild irritant, doing for the lining of the stomach what a Turkish towel will do for the chest.

And he further states: "The taking of baking soda, or soda-mint tablets, often produces relief from certain kinds of digestive troubles. Admitting that the important factor here is the relief of acidity the acid of the stomach reacts with the sodium bicarbonate, giving CO₂ or carbonic gas the same gas which you take into your stomach when you drink a bottle of carbonated beverage."

So there you are. When you bring the Turkish towel into play to give the exterior of your anatomy its morning exercises, don't cheat your stomach. Toss it a ready-made message from a bottle of soda water and start the day right.

So says Science, and who are we to question her

I hereby certify that J. D. Perkins, Special Commissioner, has executed bond before me in the above mentioned cause for sale according to the terms of the decree entered therein directing sale thereof.

H. L. KENT, Clerk.

NOTICE!

ON THE 16th DAY OF MAY, 1924,

at the residence of J. C. Wyatt on Walker's Creek, Smyth County, Virginia, I will sell at public auction to the highest bidder the home tract of land owned by Jennie C. and James C. Wyatt, consisting of about 60 acres.

There is a good and commodious dwelling on this property, outbuildings, including barns, smoke house, spring house, and all other necessary buildings, and the farm is in a high state of cultivation and is a very desirable tract of land.

At the same time and place I will also sell a tract of land adjoining this on which there are no buildings, but which is in a high state of cultivation, belonging to J. C. Wyatt and his children, in a certain suit pending in the Circuit Court of Smyth County styled M. C. Morris vs. Samuel George, et als.

The two tracts taken together will make an excellent home for any man desiring to live in the country and cultivate land that will produce all kinds of grains and grasses grown in this section of the country.

Chewing Gum Aids Digestion

By C. Houston Goudiss
National Authority on Nutrition
Publisher of The Forecast—America's Leading Food Magazine

Everyone knows we are given to eating more than we actually need, but when the table is heaped with good food, "what's a feller to do?" Things are so tempting, and so palatable! Why not enjoy them?

But many a heavy meal which is hugely enjoyed during the process of eating is far from enjoyable during the process of digestion.

Then it is that chewing gum comes to the rescue. Dr. W. A. Evans, former commissioner of health in Chicago, says in his book, "How to Keep Well": "To chew gum after a meal aids digestion. Most people do not chew their food long enough to mix saliva with it thoroughly. The chewing of gum adds some saliva to the stomach contents. It is of more service in stimulating the stomach muscle. It is especially serviceable in helping the stomach to empty its contents. If one has overeaten and the stomach is heavy something is gained by chewing gum for half an hour, beginning two hours after eating." And it also helps to keep the teeth clean.

Chicle, the base of chewing gum, is the milky juice which is secreted by the inner bark of a tropical tree known as the Achras Sapota.

Only during the rainy season are the trees "bled." After being refined and sterilized, the chicle is mixed with sugar and flavored and moulded into the familiar form which has become so popular.

GASOLINE THE CHEAPEST THING ABOUT AN AUTOMOBILE.

It must be because the motorist buys gasoline oftener than anything else connected with his car that the price irks him so much. If he ever sat down and figured the relative cost of gasoline and the other charges for the operation of a car during a year he would be very much astonished to find that gasoline amounts to only 15 per cent of what he spends for the pleasure and profit of owning and operating an automobile.

He invests on an average, it has been computed, \$900 in a car which ordinarily should be good for six years' service. Say that at the end of the six years he has nothing left of his investment but a piece of junk. That would mean ownership of the car had cost him \$150 a year for depreciation. Allow him 6 per cent interest on the \$900 he paid for the car and it will run to \$54 a year. Say he has to buy a tire each year at \$30. He pays \$5 a month for a garage on an average, many paying \$10 a month but many, in the country, running the car into a barn or letting it sit out.

Allow \$75 a year for repairs, which

Depreciation	\$150.	30.0
Interest	45	10.5
Tires	30	6.0
Garage	60	12.0
Repairs	75	15.0
Insurance	18	3.6
License and Taxes	25	5.0
Gasoline	78	15.6
Oil	10	2.0
Total	\$500.	100.0

Gasoline thus costs but 15.6 per cent of the total upkeep of a car, or 15 1/2 cents out of every dollar spent.

But a great majority of car owners buy a car and forget all about allowing for depreciation for wear and tear, or for interest. Oil and Gas

IN MEMORIAM

Mrs. Mary Pickle, who died near Holston Mill, April 3rd, 1924, was born January 7, 1835, making her age 89 years, 2 months and 26 days. She was first married to Giles Martin, of this union was born one son, Thomas Z. of Bristol. After the death of the first husband she was married to James Pickle, and to them was born one son; James of Oklahoma, and Laura, who lived with her and cared for her in her declining days. She leaves two granddaughters, Mrs. Mary Russell of Marion, and Mrs. Anna Bell Brinkley, of West Va.

On the morning of the 4th the funeral was preached at the home by Rev. H. B. Miller, assisted by the writer of this notice, and the body taken to the Thomas Cemetery, there to await the resurrection of which she will have part in the first. She was a faithful member of the Primitive Baptist church having joined early in life. No woman ever lived in this community who was held in higher esteem, her christian character will live on in the generations now living and worthy of emulation by her children and all her relatives.

NOTICE !

SALE OF LARGE AND VALUABLE BLUE GRASS FARM IN RICH VALLEY.

Pursuant to the terms of a decree entered by the Circuit Court of Smyth County on the 8th day of January, 1924, as modified by a further decree entered on the — day of March, 1924, in the Chancery Cause of W. R. Tilson et als vs. Sallie Ruth Tilson et als, I will, as Trustee and Commissioner in said cause, on

SATURDAY, THE 10th DAY OF MAY, 1924,

at 11:00 o'clock A. M., proceed to sell at 11:00 o'clock A. M., proceed to sell at public auction to the highest bidder on the premises at the mansion house now occupied by W. R. Tilson near Nebo, in Rich Valley, Smyth County, Virginia, that very attractive and magnificent blue grass estate known as the W. V. B. Tilson Farm, consisting of something over 700 ACRES of land running from the top of Walker's Mountain on the South to the North Fork of the Holston River on the North. Said land is situated in the heart of the celebrated Rich Valley blue grass section and is one of the most attractive and desirable estates in Southwestern Virginia, it is a class of land that is rarely placed on the market, and offers an opportunity for investment which comes rarely in a life time. This farm is made much more attractive by the fact that, unlike most blue grass estates, it is magnificently watered, having bold and never-failing springs in practically every field on the place and on every part of the place. Two roads pass through the land, the Rich Valley turnpike running from East to West through the entire tract and the Walker's Mountain road running from North to South. It is expected that the Rich Valley road will soon be put into first-class condition. There is also a good mountain road leading to Atkins Tank, which is the nearest station on the Norfolk and Western railroad, and to the town of Marion, a distance of some 12 or 14 miles.

In order that purchasers may be suited the entire tract has been subdivided into five subdivisions, all of which front on the main Rich Valley road, the said divisions containing from 86 ACRES to 188 ACRES each. The land will first be sold in parcels and then, at the option of the Commissioner, such parcels as he may elect be put together and sold and then sold as a whole if he shall think best, and he reserves the right to adopt that plan which will bring the most money. That portion of the said tract lying North of the main Rich Valley road and containing about 236 ACRES will be sold subject to the reservation of the minerals and mineral rights thereon. The other portion will be sold free of all encumbrances or reservations. A survey of the and has been made and a map showing the subdivisions can be seen by prospective purchasers either at the office of Buchanan & Buchanan, Marion, Va., or on the premises by calling upon Mr. W. R. Tilson. This will offer a rare opportunity to anyone desiring to purchase one of the most attractive and valuable estates in Southwest Virginia.

TERMS OF SALE:

One-fourth cash in hand on the day of sale and for the remainder a credit of 8, 16 and 24 months will be extended, the purchaser or purchasers being required to execute bonds to the Commissioner for the deferred payments with approved personal security, bearing interest from the date of sale.

B. F. BUCHANAN,

Commissioner and Trustee.

I hereby certify that B. F. Buchanan, Commissioner and Trustee in the above-named cause, has executed before me bond required by decree entered therein.

H. L. KENT, Clerk.

Mr. W. R. Tilson will also sell at the same time on the premises all of his farm stock and machinery, consisting of horses, cattle, etc., together with all household furniture. n d Apr 10 4t e

Ward's Orange-CRUSH
Lime-CRUSH and Lemon-CRUSH

The "Krinkly Bottle" insures a good drink—identifies the genuine, too.

"Jimminy Crickets, ol' pal, you just ought to taste it!"

—the fresh, unspoiled taste of youth finds a delicious difference in the genuine Ward's Orange-Crush—and passes along the word to his best friend.

DON'T buy a bottled drink that's just "something cold." Ask for Ward's Orange-Crush—or if you prefer Lemon or Lime flavor, ask for Lemon-Crush or Lime-Crush.

There's a delicious difference, born of Ward's secret process. Imitations don't compare.

Ward's Crushes are more than merely delicious—they are wholesome and have a real food value. Read our formula. Here it is: To the natural fruit oils of oranges, lemons and limes are added citrus fruit juices, carbonated water, fruit acid, U. S. Certified food color and pure cane sugar.

IN MEMORY

Mrs. Abbie Harris, died March 26, 1924, her age being eighty years, 10 months and 10 days. She was a good christian woman; she made her home with her son John Harris, of Broadford, her husband preceded her to the grave some twenty years ago. She was the mother of four children, all were at her bed side when the end came. She was sick only 2 days. She will be missed in the home where she has been a mother and a grand-mother.
(Funeral services were held at the Broadford church and she was buried at Riverside cemetery.)

CARD OF THANKS.

We wish to express our thanks to those who were so kind to us during the illness and death of our dear mother, and the nice flowers. May God's blessing be with you all.

SEALS SALE

At a meeting of the Executive Committee of the Virginia Tuberculosis Association the report on the Christmas Seal Sale was presented. The report shows that the sale was the largest in the history of the Association—the returns to date (with four counties yet to be heard from) are \$56,741.21. Attention was called to the fact that on account of the tuberculosis work of Norfolk being provided for in the Community Chest budget, only a limited sale was conducted in that city. This meant a decrease of about \$6,000 in the sale, but omitting Norfolk from the sale for both years, the increase in the rest of the State amounted to \$7,084.42.

At this meeting the budget for the coming year was adopted, and a program upon which will include in its activities the perfecting of County and City branches of the Virginia Tuberculosis Association, the establishment of the Modern Health Crusade and Nutrition work in the schools, and other educational features.

Dr. Charles R. Grandy of Norfolk, recently elected president of the Association, presided at the meeting, and Dr. William M. Smith of Alexandria and Berryville, who assumed the duties of Executive Secretary January 25th, read his report.

PURE-BRED STEER BETTER

The utility value of the purebred was ably demonstrated in a recent feeding test at Myron Straton Home Farms. In this test two years old steers were fed alike for 5½ months. One was sired by a purebred Hereford bull and the other by a scrub. At the end of the feeding period both were slaughtered and a comparison made of the carcasses. The first weighed 715 pounds, dressed, while the scrub weighed 470.

When marketed the better animal brought 19 cents a pound wholesale while the other brought only 12 cents. This price made the steer by the purebred sire bring \$135.55, while the other netted only \$56.40. Furthermore, the dressing percentage of the good steer was 61 and the other 42.

The difference in weight and the difference in price together, made the purebred steer bring a little better than double the money received for the scrub. The good steer required no more attention than the scrub and required no more feed, so there can be but one conclusion and that strongly in favor of the purebred sire.

Men who willfully neglect to make use of purebred bulls are doing themselves a great injustice.

Standards of Time and Gasoline

Standard clocks are the painstaking handiwork of the oldest and most experienced workmen in the oldest watchmaking firms. Almost any watchmaker can make clocks but it takes a master craftsman to make a standard clock. The refining of "Standard" Gasoline is also a matter of long years of experience.

Any clock is a wonderful piece of workmanship, but how about a standard clock?—the clock against which other clocks are checked for accuracy?

Fifty-four years' experience in oil refining, and millions of dollars spent in discovering new processes have made "Standard" gasoline the standard of comparison among gasolines. "As good as Standard" is a claim one often hears.

Yet here is a standard which costs no more than the products which aim to equal it. It is available at thousands of pumps. Take the simple precaution of asking for it by name.

Old Folks' Ailments

"I began taking Black-Draught over fifty years ago and my experience with it stretches over a good long time," says Mr. Joe A. Blake, more a Civil War veteran and former Virginian, who is now a prominent citizen of Floyd, Texas. "It is the best laxative I know of for old people. . . A good many years ago, in Virginia, I used to get bilious and I found that

Theford's BLACK-DRAUGHT

was the best and quickest relief I could get. Since I came to Texas I have these bilious attacks every now and then—a man will get bilious anywhere, you know—and I find that a little Black-Draught soon straightens me out. After a few doses, in little or no time I'm all right again." Theford's Black-Draught is a purely vegetable liver medicine, used in America for over eighty years. It acts on the stomach, liver and bowels in a gentle, natural way, assisting digestion and relieving constipation. Sold everywhere.

IN MEMORY

Mrs. Nancy J. Suit, who departed this life April 19, 1924, was 56 years old, had been in failing health for a long time with heart trouble. All was done that loving hands could do for her recovery; she bore her sufferings bravely and was ready to go when the Lord called her. She was the mother of six children, two preceded her to the spirit world several years ago; she leaves to mourn her loss a husband and four children as follows. Mrs. Charlie Dempsey, Mrs. Geo. Richardson, Robert and John Suit, also five brothers and four sisters, with a host of other relatives and friends. She was a member of Rowland Creek Brethren church for many years, she was a faithful member always active in her church work so long as health permitted her. She always had a smile and kind word for all who met her. She was dearly loved by all who knew her, she will be greatly missed in the church and in the community, but most of all in the home that has been made sad on account of her departure. She was a devoted wife, a loving mother. She was indeed a good woman.

Funeral services were held at the home on Sunday, April 20th, by the Rev's M. G. Owens and R. F. Richardson, after which she was laid to rest in the Rowland Creek Cemetery to await the resurrection of the dead. "Blessed are the dead which die in the Lord."

ALL KINDS OF HARMONY AT G. O. P. CONVENTION.

Cleveland, April 23.—A striking example of harmony will be given the Republican national convention here in June when 17,000 unseen organ pipes give voice in two groups 357 feet apart. A console, separate from both will control them. Directed by the same console, a grand piano in yet another part of the hall may send differing but concordant strains to join the tones which seek each other from opposite extremes of the arena.

The organ pipes range in length from one inch to 30 feet. Those of the main organ, numbering 11,500, are in the wings back-stage. Those of the echo organ, 5,500, are in a hidden loft above the rear of the hall.

The console, resting on an elevator, may be played at the level of the arena floor, in the orchestra pit, or in the basement. Buttons in the console release electrical energy of 55 horse-power, driving three fan-blade pumps in the basement which send air to the organ pipes through hose-ducts three feet in diameter. The two larger pumps have a diameter of four feet. Air-power operates the pedals of the piano, and a mechanical finger strikes its keys. The console has a complete foot-key-board and three hand keyboards, electrically connected with piano and organs.

Delegates to the convention will deliberate in a cool atmosphere, for the same system of air-ducts which keeps the convention hall warm in winter keeps it at a low temperature in summer. Every hour there will be six changes of air. The fresh air, on its admission to the building, will be cooled by passage through chambers of spray and keep in motion within the hall.

Too Much Booze.

A party of young sports started out Sunday to have a good time with a Ford run-about and a quart of "corn licker." They got as far as the residence of Mr. J. A. Eller when the car got into the mire, and the hilarious crew kicked up such a fuss in attempting to get it out that Sergeant Snavely was summoned from Marion and "gathered 'em in." A little distance from where the car was a jar was found partially filled with the juice; the party was brought to town, fined \$35.75 each for disorderly conduct and sent on to the Grand Jury to answer for transporting liquor.

At the Chilhowie Theatre April 25th, 8 P. M., the Tom Thumb Wedding, the funniest show of the season, 100 laughs in 100 minutes, don't fail to see it. Admission 20 cents. For the benefit of the Baptist church.

Thinking of Tomorrow

IN THE BUDGET OF TODAY'S PLANNING A THOUGHT OF TOMORROW IS NECESSARY FOR SUCCESS

WHAT do you own today? What is your income? What do you want to own a year from to-day—five years, ten years fifty years. What do you seek in the way of influence and power among your friends?

There is no more dependable way of protecting your future than by consistent saving and conservative investment.

It Pays To Begin---TODAY

As a first step, for your savings plan you can put aside \$10—\$20 or more dollar every month and receive 6 percent on these payments. Money you have saved can be invested at once.

It will pay you to ask for full information about this 7 percent First Preferred Stock. Inquire at our office or phone for a representative to come and tell you about it.
