VOL. XXV. NO. 7.

MARION, VIRGINIA, FRIDAY, FEBRUARY 13, 1914

\$1 PER ANNUM

Enabling Act Passes Senate.

Richmond, Va., Feb. 9.—There was a break for the band wagon when the State-wide enabling act was put on its passage in the Senate Thursday. The roll call showed twenty-nine for the measure and eleven against.

The final vote was as follows:

"Yea": Blanks, Bowers, Brock, Buchanan, Catron, Crockett, Early, Echols, Edmondson, Featherston, Fletcher, Garrett, Gayle, Gravatt, Hobbs, Lesner, Mapp, Massie, Moncure, Paxton, Rhinehart, Royall, Saunders, Sower, Tavenner, Walker, Watkins, West.

"Nay": Cannon, Drewry, Hart, Harman, Holt, Montague, Thornton, Parr, Paul, Rison, Wendenburg.

The chief provisions of the enabling act are that the voters of Virginia shall have the opportunity on the fourth Thursday in September, this year, to say if they favor State-wide prohibition or local option.

If the act is endorsed by a majority of voters, it goes into effect May 1st, 1917.

Those who may vote are those qualified to vote in the June election and who may come of age prior to that time. Breweries now in operation in the State, shall have the right to continue in business, shipping nothing outside the State and confining their product to three and a half per cent. alcohol.

Wine can be made but can be sold only outside the State.

Taft to Preside.

Washington, Feb. 9.—Former President Taft will preside over a meeting of the Lincoln Memorial Commission next Saturday to consider arrangements for finally beginning work on the \$2,000,000 structure to be erected here to the memory of Lincoln.

Mrs. Wiley Resigns as Head of Orphanage.

Mrs. E. E. Wiley has resigned as superintendent of the Greenville Orphanage of the Methodist Episcopal church, south, and her resignation has been accepted by the board of trustees. This step was taken by Mrs. Wiley because of ill health and advancing age. It was with reluctance that the board accepted her resignation, but Mrs. Wiley insisted and gave it no other alternative, and it was the duty, and so the board elected to fill the vacancy Rev. S. S. Kreger, pastor of King Memorial church, Chattanooga, and he will assume charge in a few weeks. Mrs. Wiley is the widow of the late Dr. E. E. Wiley, for so many years president of Emory and Henry College, and her administration of the orphanage has been highly successful and satisfactory.

Ingratitude.

John Robinson's clown delivered the following address to his audience, at the close of a circus performance at one of our Southern towns:

"My friends, we have taken in about six hundred dollars here today—more money, I venture to say, than any minister of the gospel in this county will receive for a whole year's service. A large portion of this money was given by church members as a large portion of this audience is made up of members of the church. And yet when your preachers ask you for money to aid in supporting the gospel, you say you are too poor to give anything. Yet you come here and pay dollars to hear me talk my nonsense. I am a fool because I am paid for it; I make my living by it. You profess to be wise, yet you support me in my folly. But perhaps you say you did not come to see the circus, but to see the animals. Ah, now, this is all an excuse. If you came simply to see the animals, why did you not look at them and leave? Why did you stay to hear my nonsense? Now, is not this a pretty place for Christians to be in? Do you not feel ashamed of yourself? You ought to blush with shame to be caught in such a place as this!"

Shot Each Other to Death in a Barroom.

Bluefield, W. Va., Feb. 9.—At Matewan, W. Va., late Saturday night Dan Adams and D. Ackerman shot and killed each other in "Bob" Busker's saloon. The men had a difficulty over a card game several days ago, and when they met Saturday night in the saloon both opened fire at the same time. Adams fell mortally wounded at the first shot. But he raised himself up on elbow and fired nine shots into Ackerman.

Adams leaves a widow and three children. Ackerman leaves an invalid widow.

James B. Doherty was reappointed State Commissioner of Labor for a term of two years last Friday by Governor Stuart. The term will begin on March 1.

The court clerk of Washington county reports that 189 marriage licenses were issued in that county last year. That was the same number issued in the year 1912. The clerk says the number of marriage licenses issued eight or ten years ago was much larger than for the last two or three years. Of the marriages last year 23 were colored couples.

Norborne Akers, a farmer near Roanoke, who shot and killed Noah Sink, a Norfolk & Western fireman, last Monday week, was acquitted on a plea of self-defense on Friday. Akers was arraigned before Magistrate Camper and Darnell in Salem. It was shown to the satisfaction of the examining magistrates that Akers had fired on Sink in self-defense, after the deceased had attempted to draw a weapon.

Live Baby by Parcel Post.

Wellington, Kansas, Feb. 10.—Mrs. E. H. Stanley, of this city, received her 2-year-old nephew by parcel post from the home of his grandmother, in Stratford, Oklahoma, where he had been left for a visit 3 weeks ago.

The boy wore a tag about his neck showing that it had cost 18 cents to send him through the mails. He was transported twenty-five miles by rural route before reaching the railroad. He rode with the mail clerks shared his lunch with them, and arrived in good condition.

Parcel Post Change.

Notice of another important revision in the parcel post regulations. The rules have been so amended as to permit the mailing of packages of miscellaneous printed matter, weighing more than four pounds, at 4th class or parcel post rates. The ruling is now effective, but does not affect the postage rate of 1 cent for each two ounces of miscellaneous printed matter weighing less than 4 pounds.

The discrimination between the parcels of printed matter by reason of weight will cause considerable confusion among patrons of the office. One weighing exactly 4 lbs must be mailed under the old rate, which would amount to 32 cents. A parcel weighing just one ounce more could be mailed anywhere in the first zone for 9 cents.

Printed matter under the new classification does not include books or magazines, but applies chiefly to printed forms and similar articles. Books will come under another classification, which will be admitted to parcel post rates on March 16.

A Winter Cough

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. Sanders, of Cavendish, Vt., was threatened with consumption, after having pneumonia. He writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of all medicines for coughs, colds or lung trouble. Good for children's coughs. Money back if not satisfied. Price 50c. and \$1. At all Druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.

Dogs and Sheep.

The Southern Planter says there are 15,000,000 acres of so-called waste land in Virginia, which could be very largely utilized in the raising of sheep, were it not for wandering dogs. Our agricultural contemporary says that the sheep-raising industry, valuable as it could be made in Virginia, never can be developed unless there is enacted and enforced a rigid law against allowing dogs in the country districts to run at large, unaccompanied by their owners. Other counts in the indictment against the prowling cur is his liability to rabies and the danger of his spreading hydrophobia, and his utter disregard of game laws and tendency to raid poultry yards.

Therefore, the Planter gives very hearty support to the bill introduced by Delegate Lewis, of Mecklenburg, which seeks to make it unlawful for a dog to be allowed to leave his owner's premises, unless accompanied by his master. The penalty is a fine of not less than two nor more than fifty dollars, one half payable to the officer or other person furnishing the information upon which conviction is obtained. It is provided that the terms of the act shall not be applicable to dogs within the limits of corporate limits of cities or towns.

We do not suppose there is anybody who would dare combat the assertions which the Southern Planter makes. For long years it has been a recognized fact that the roaming dog was the one great enemy of the sheep; that it is because we never have had a satisfactory law regulating the ownership of dogs that the sheep-raising industry has not been developed in Virginia. But for many years another fact has been equally well recognized—that is, that when a legislator proposes an effective dog law it may be taken as a sure sign that he has no further political ambitions.—Richmond Journal.

Mrs. Mary A. Hagy died last week at her home four miles north of Abingdon, and was buried at Bethel, in Washington county. She was a sister of Mrs. C. F. Keller, of Green Springs, and Mrs. Alex. Keller, of Abingdon.

Indifference is Danger.

Greenville, S. C., Feb. 10.—The church of the world has its greatest enemy in the indifference of man, the most successful foe of Christianity, Secretary of the Navy Daniels declared here Sunday in an address at an interstate Y. M. C. A. convention of the Carolinas.

To Honor John Tyler.

Washington, D. C., Feb. 9.—Memory of President John Tyler is shortly to be honored by a monument over his grave in Hollywood cemetery, Richmond, for which Congress has appropriated ten thousand dollars. Secretary Garrison has designated Lieutenant Colonel E. E. Winstow, corps of engineers, at Norfolk, Va., to look after all preliminary work.

Death of Young Bride.

Hillsville, Va., Feb. 10.—About three months ago the 18 year old daughter of Mrs. W. M. Foster and Mr. Fulton Walls, slipped off and went to Bristol where they were married. From there they went to work. Saturday the young wife was brought back home to her mother's corpse, having died there on Friday. The particular cause of her death is not known to your correspondent.

Hudler-Fitzgerald.

Mr. W. W. Hudler and Mrs. Lenora Fitzgerald, both of Fairwood, were united in marriage last Sunday evening in the car of a special train which brought them to Troutdale, where at the railroad station the train was met by the Rev. F. L. Cox, who having a brief but impressive ceremony on rail, pronounced them man and wife. To say how many of the good people of Fairwood accompanied the happy couple, would only be a guess at the capacity of the car. They were "all aboard" who could find room on the train and all plentifully supplied with rice. The bride is daughter of Mr. and Mrs. J. M. Love, and the groom is Superintendent of Maintenance of Way on the Virginia Southern R. R.—Troutdale News.

Carroll Citizen Accused of Arson Arrested in Smyth.

[Carroll Journal.] Just as we go to press today. Constable John T. Cochran arrives in town with Semore Westmoreland, whom he captured in Smyth county, near Seven Mile Ford. The details of the burning as best we can get them are as follows:

Semore Westmoreland, who lives at Five Forks, this county, and who married a daughter of T. J. Myers, had not been on friendly terms with his family and had gone away to West Virginia, it was supposed. On December 96, 1913, while his wife was over at her father's home, just a short distance away and little after night, her own home was discovered to be on fire and was completely destroyed. It was rumored that Westmoreland had been in the neighborhood that evening and suspicion was at once directed to him. Parties on the following day tracked him from the house about nine miles to a home where he had stopped and sold a gun, which proved to be one that was left in the house and was there the evening before the house was burned. This party trailed him until they were confident he had taken rail, then give up the search, returning home and proceeded to be quiet about the matter, and collect up all the evidence and information, enough to warrant action on the part of the authorities.

In the meantime, Mrs. Westmoreland received a letter from her husband, who stated that he was at Radford, and on his way to West Virginia. The sheriff wired to Radford, but he had left there.

The citizens of Five Forks put up a reward of \$44 and the board of supervisors \$50, making \$94.00 reward for his capture and conviction. Constable J. T. Cochran got on his trail and rounded him up as above stated, at 7 Mile Ford, Smyth county, at the home of a relative, and brought the man here and lodged him safely in jail to day. The chain of circumstantial evidence is very strong against Westmoreland.

Georgetown, Del., Feb. 9.—Mrs. Florence McGee obtained a divorce when she told the court her husband called her his "Little House flower," and sprinkled her with water every time she looked faded.

Mrs. Mollie L. Gollion died at her home on the farm of Mr. Granville Repass, a few miles east of Rural Retreat, Sunday afternoon after an illness of some days of brain trouble. She was a daughter of Isaac Lester, of Bland county, and was born the 13th of March, 1878. Her husband and two small children survive.

Gov. Signs Commission.

Governor Stuart on February 4th signed the commission of Judge J. L. Kelly, of Bristol, as judge of the Supreme Court of Appeals for a term of twelve years, beginning February 1, 1915. The pen with which the Governor signed the commission was mailed to Judge Kelly by Secretary Forward with the compliments of the executive. The new Supreme Court judge comes from the city which is also the home of Governor Stuart's secretary.

Four Bad in Every \$300000

Washington, Feb. 10.—If you have \$100,000 in silver and \$200,000 in bills bid away in a wooden sock under the mattress or hoarded in a tin box under an apple tree you are probably boarding \$4 in counterfeit money. Nobody knows just how much bad money is in circulation, but obviously a perfect counterfeit could never be detected. But perfection is scarce among bad bills, as it is among good men, and after close tabulations covering a period of a year the United States secret service has come to the conclusion that not more than \$3 in every \$100,000 of silver or more than \$1 in every \$200,000 of bills is spurious.

No Tax Dodging This Year.

A circular explaining the new bank deposit tax law has been addressed by State Auditor C. Lee Moore to the commissioners of revenue of the various counties in Virginia. The text of the act and detailed instructions for the assessment of money under its provisions are printed in the circular.

"You will observe," says the Auditor, "that the provisions of this act require the assessment of money owned by a taxpayer of this State, even though it is out of this State on deposit or in the custody of a person, firm, bank or other corporation outside of this State."

It is confidently expected, in view of the reduced rate of taxation of money and the provision for its taxation by the state alone, all money, taxable under this law, will be assessed.

You are, therefore, urged to thoroughly and fully assess this property belonging to each and every taxpayer residing in your district, and it should be borne in mind that debts of a taxpayer cannot be offset against the value of money assessable under this act."

The new law provides for the levying by the State alone of a tax of 20 cents on the \$100 on all money owned by residents of this State. The tax so collected is segregated for the use of the State, and the law forbids the levying of additional tax by local or county authorities. The former rate provided for a State tax of 35 cents on the \$100.

Money of a taxpayer which is used in business is not taxable under this act, the owner being taxed for it as capital.

House Rejects Senate Bill.

Richmond, Va., Feb. 7.—Just as fast as a vote could be had on the Senate amendments to the House State-wide enabling act they were defeated by the vote which represents the views of the State as expressed in the election of members of the House of Delegates last fall.

Husband Like a Buzz Saw

Pittsburg, Pa., Feb. 6.—Mrs. C. A. Killingworth, seeking a divorce, declared her husband as a sleeper is a menace to her because his elbows and knees are as sharp as razors. She says he is a succession of corners, and she would rather sleep with a buzz saw.

Why 1804 Dollars are Rare

The latest value placed on an 1804 dollar is \$3,500. There are only about a dozen such coins in the hands of collectors, yet there were 80,000 coined. The entire output was sent to a paymaster of the fleet, then lying off Tripoli, and the sailors to whom they were paid promptly traded them to the native Sahara traders, and they disappeared from circulation. This is the reason for their scarcity and consequent value.

Secret Marriage.

A marriage which will be of much surprise to friends of the contracting parties, was solemnized at the home of Mr. and Mrs. W. H. Eads of Chilhowie, Va., on Thursday, January 8 at 7:30 p. m., when Mr. Myrtle Eads, of this city, became the bride of Mr. G. Thad Griffiths, of Friendsville, Tenn.

The ceremony was very beautifully and impressively performed by Rev. C. L. Ledford, of Glade Spring, Va. The marriage was extremely quiet and intended to be kept secret for a year but it would only keep about a month.

Mr. Griffiths will arrive in the city today and he and his bride will leave for the Memphis special for Friendsville, where they will be at home to their many friends.—Bristol Herald-Courier.

To Call Extra Session for Tax Problem.

Richmond, Va., Feb. 9.—Governor Stuart has announced his purpose to call a special session of the Legislature Jan. 1, 1915, to consider and determine a revision and codification of the existing tax laws. He urges the naming of a commission to consider all the pending bills and to hear from any and all representatives on the subject.

The Governor today signed the bill looking to the immediate filing of suit to recover the stolen will of Martha Washington, now in the possession of J. Piermont Morgan, of New York.

A fine Percheron stock horse belonging to M. H. Honaker and H. G. Bradley, of Abingdon, was found dead in their stable last Thursday. It was valued at \$1,000.

While suffering from temporary abortion, brought on by typhoid fever, from a recent attack of which she had lately recovered, Miss Blanch Guldber, a prominent young woman of Roanoke, wandered away from her sister's home early Friday morning, and while crossing a railroad bridge she was struck by a Norfolk and Western freight train and killed.

Col. William H. Harman died at his home in Floyd Court House last Saturday. Col. Harman was one of the most influential and prominent men in that section and he was one of the first men to take up the matter of the establishment of the Floyd and Roanoke Railroad. He was 83 years old and was born in Craig county and went to Floyd when a young man. He is survived by his widow and two children.

Wilson Signs P. O. Bill.

Washington, Feb. 9.—By President Wilson's signature, the bill to regulate the payment of postal money orders Saturday became law and Postmaster General Burleson appointed a committee to prepare regulations to execute the new statute. The bill provides for the issuance of orders payable at any money order office and will, according to the postmaster general, greatly increase the volume of this business. In the last fiscal year nearly 91,000,000 domestic money orders were issued, amounting to almost \$625,000,000. The net income to the Postoffice Department was over \$5,000,000.

Clark Says World is Better

Washington, Feb. 10.—Speaker Champ Clark Sunday told a Christian Endeavor mass-meeting here that the world is growing better. He said the reason many people took a gloomy view of the times, was because the telegraph enabled newspapers nowadays to chronicle the crimes and disasters of all the world within a few hours.

The Speaker declared nothing made him more angry than to hear people say that public men of the present day are corrupt. The people's representatives in Washington, he said, are "honest, conscientious servants." Ninety-nine per cent of the men sent to Congress, he added, leave poorer than they come.

Discussing the hardships resulting where several churches are struggling in a single small town, Mr. Clark said he hoped some day to see his own church, the Christian, or Campbellite, and the Baptist our great denomination. Their beliefs he said, were near enough the same to warrant them in joining hands.

Bailey on Wilson.

Chicago, Feb. 10.—"The country has emerged from boss rule only to enter on a conflict with demagoguery and Socialism," said former United States Senator Joseph Bailey Saturday night at the annual banquet of the Michigan Society of Chicago. "The boss is better than the demagogue," he continued, "because it is easier to get rid of him."

"The two men who are most prominent at present in our politics," said Mr. Bailey, "are the two who have denounced the bosses most unparaphratically and they are the two men above all who have acted the boss to the very limit. One of them at the head of a party not new in power imposes his will on his associates with an impetuosity which finds no parallel in our history. The head of the party to which I belong controls the Senate and the House of Representatives today as if they were subordinate branches of the government."

Rev. F. L. Cox closed an eleven days meeting with Liberty Hill church, Grant, Va., last Thursday. Visible results 28 professions of faith and 27 additions to the church. The ordinance of baptism was administered last Thursday at 11 o'clock and was witnessed by a large number. This is said to have been the best meeting ever held at Grant.—Grayson Gazette.

Swanson is Designated.

Washington, Feb. 9.—Vice-President Marshall designated Senator Swanson of Virginia, to read Washington's farewell address at the observance of Washington's birthday by the Senate on February 23, Sunday falling February 22.

Billy Sunday Has Collected \$300,000.

Columbus, Ohio, Feb. 9.—Over 175,000 converts in four and a half years' work as an evangelist is the record of Rev. Billy Sunday, according to a biography of the baseball preacher, just published here. The record is accurate, starting with his meeting in Boulder, Col., in September, 1909, and including the results at South Bend in June of last year.

In that time he collected in free-will offerings, \$250,360.82.

He averaged \$326.54 a day during the time he conducted meetings. He caused 146,023 people to "hit the sawdust trail."

Since that time he has increased his total of collections to about \$300,000, and his converts to 175,000.

Marion Lyceum Course.

The committee are glad to report that definite arrangements have been made for the remaining numbers in the lyceum course. It was found impracticable to secure an attraction for Feb. to take the place of Madam Frances Wade's company, the engagement of which was cancelled on account of the severe illness of one member of the company. Some mediocre attractions might have been secured, but the committee was anxious to keep up the high standard of the first two numbers which have given such perfect satisfaction. The Alkahest Artists Co. will appear on March the 4th and Walt Hulcomb has been secured for March 17th. Mr. Hulcomb is the great Sam Jones' son-in-law, and is one of the most popular lecturers on the platform. He will give here his great lecture entitled "They're Off," a horse race lecture with a temperance lesson. In view of the present political and moral question before the people of Virginia embodied in the Enabling Act Mr. Hulcomb is sure to have a capacity house. The committee feel very much encouraged over securing this noted lecturer and orator, and predict a most successful conclusion to the lyceum course which has added so much to the pleasure and instruction of the people during the winter.

Harris, in the presence of a large number of neighbors and friends after which the remains were laid to rest in the family cemetery near the home.

BRONCHITIS AND COUGH CURED

J. R. EARLY WRITES OF BEAR'S EMULSION

Undoubtedly One of the Best Preparations Ever Made to Tone Up the System.

John D. Bear, Elkton, Va.,

Dear Sir: I have used and recommended Bear's Emulsion for three years and before or since I purchased the first bottle I have never seen anything that would relieve the bronchitis for my little girl so promptly as it does. I have used it for myself and other children.

Before getting this Emulsion I have stayed away from church on account of a dry hacking cough that I had. Now I take a dose before starting to church and am never bothered during preaching.

I will in good faith recommend it to any one needing anything for cough, cold, or bronchitis. J. R. Early.

At one dollar a bottle or six for five dollars; can be supplied by your druggist or will be sent direct. D. M. Smith Drug Co. agents.

The Great Indian Passion Play, "Hiawatha", in 4 reels, at the Pass Time Theater on Feb. 20th and 21st, Four thousand feet of film. Mr. O. Harvey, president Knoxville Ry. and Light Co., says: "Hiawatha" is, I believe, the best play of its kind ever seen in Knoxville. It is charming in its simplicity, and yet remarkably complete in every detail."

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. Two sizes 25 and 50c at all stores.

Acts on the Liver and Doesn't Make You Sick

Dodson's Liver Tonic Livens Up the Liver—Is More Than a Mere Laxative and Better than Calomel.

Calomel was for years the chief medicine used to stimulate the liver. But calomel is dangerous, and people are not to be blamed for being afraid of it.

Within the last few years many medicines have been put out to be used instead of calomel, but their effect is often only on the bowels—not on the liver. D. M. Smith drug store says that the only real liver medicine to actually take the place of calomel is Dodson's Liver Tonic, a mild, harmless, vegetable liquid that D. M. Smith Drug Company guarantee to take the place of calomel and give prompt relief in cases of constipation, biliousness and sluggish liver.

So confident are D. M. Smith Drug Co. that they give their personal guarantee with every 50 cent bottle of Dodson's Liver Tonic. You can be sure that you are getting Dodson's by asking them if they are giving you the medicine they personally guarantee to refund money on if unsatisfactory.

How to Prevent Bilious Attacks

"Coming events cast their shadows before." This is especially true of bilious attacks: Your appetite will fail you will feel dull and languid. If you are subject to bilious attacks take three of Chamberlain's Tablets as soon as these symptoms appear and the attack may be warded off. For sale by all dealers.

J. Ellis Dickenson has purchased the entire business of the Ford Sales Co., and has installed several cars for the passenger business of Smyth county. The rates are as follows: \$2.00 per hour for the entire car or 20cents per mile. To or from the station for one one passenger, 25c. and the entire car for 75c. Phone J. Ellis Dickenson, Agent for Ford cars.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. The result was 'astounding.'"—Hon. John R. Carreit, Mayor, Gard, Ala.

A Carelessly Treated Cold
is the source of most sickness because drugged pills, syrups and alcoholic mixtures are uncertain and unsafe.
Scott's Emulsion has been relied upon by physicians for forty years as the safe and sensible remedy to suppress the cold and build up the enfeebled forces of the throat and lung troubles.
Don't tolerate alcohol substitutes, but insist on the Genuine Scott's Emulsion. One bottle usually lasts longer than a cold. Every druggist has it. 13 75

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.
Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst. I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework. I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off. I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly believe I would have died if I hadn't taken it. After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely. I fattened up, and grew so much stronger in three months, I felt like another person altogether." Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution. Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy. Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.
