

About the Circus Parade.

When operating his own show, B. E. Wallace early acquired a national reputation for displaying the very finest horses in the show business and for possessing circus equipment unequalled. Since he has combined the Carl Hagenbeck Trained Animal exhibition with his show, Mr. Wallace persists in following the rules which made him previously successful. It is common to have circuses boast of their street displays with about all the superlative degree adjectives in the language, only to disappoint the throngs along the parade route. From past acquaintance with the Hagenbeck-Wallace management it is safe to predict that there will not be any cause for any disappointment in the parade of that show. The parade of the Hagenbeck-Wallace Shows is never late because of indifference or carelessness, for the management would like to live up to all its promises regarding the parade with the same certainty that characterizes its performances; but accidents, delays on the part of the railroad company or the thoughtlessness of the weather man may prevent the desired promptness, but the public should be in fixed position for the parade at the hour of ten o'clock.

A Reliable Medicine—"Not a Narcotic."
Mrs. F. Marti, St. Joe, Mich., says Foley's Honey and Tar saved her little boy's life. She writes: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar has many times saved us much trouble, and we are never without it in the house." The Holston Conference.

Bristol, Tenn., Sept. 1.—The Holston Conference of the Methodist Episcopal church, will convene in annual session at Athens, Tenn., on October 12, and the sessions will be held in the handsome new church of that denomination, just completed at an estimated cost of \$30,000. The new church will be dedicated at that time. The Holston Conference of this church embraces the following districts: Athens, Chattanooga, Knoxville, Clinton, Greenville, Bristol and Roanoke. The University of Chattanooga is the property of this denomination. The membership of the conference is 34,599, including 325 churches. There are 466 churches, valued at 957,135. In the Sunday Schools of the conference there are 30,375 children.

Maynard Will Bolt.

His Friends Say He Will If Refused Re-count, Young Forty-five Ahead.

Suffolk, Va., Aug. 29.—With official returns in from every county and city of the Second district except Princess Anne county, and semi-official reports from the Clerk's office there, which gave Maynard a gain of two, the Congressman is apparently beaten by Wm. A. Young, of Norfolk, by a majority of forty-three. A contest is pending.

Norfolk, Va., Aug. 29.—Congressman Maynard believes that he is the nominee of the recent primary, and if no action is taken by the Second district Democratic committee on the protests which he has filed with the City and County committee, three candidates will probably appear before the people of this district on the second Tuesday in November for election to Congress.

DON'T BREAK DOWN
Severe strains on the vital organs like strains on machinery, cause break downs. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak, run-down, or under strain of any kind, take Electric Bitters, the matchless tonic medicine. Mrs. J. E. Use them and enjoy health and strength—satisfaction positively guaranteed—50-cents at Carson Drug Co.

Hon. Henry C. Stuart frankly acknowledges that his observations while in Europe have convinced him that Protective tariffs are in most instances necessary to protect our laborers from the poorer paid laborers in those countries. The difference is that Mr. Stemp did not have to go to Europe to find that out.—Bristol News.

Iron Vein in Lee.

Discovered by Capitalists Boring for Oil and Gas.

Bristol, Va., Aug. 29.—The capitalists who are boring for gas and oil in the mountains of Lee county, Virginia, near Jonesville, have discovered a vein of iron ore fourteen feet in thickness. The ore, which was found three hundred feet below the surface, is said to be very high in per cent. of iron and fine in quality. It is probable that arrangements will soon be made to mine it. Surface indications for oil and gas in paying quantities are still abundant, and the impression seems to be well founded that the day is not distant when Lee county will become the scene of important oil operations.

Since Hon. Henry C. Stuart has repudiated the platform upon which he was nominated, as well as the platform of the National Democratic party, and has come out for the same kind of protection for which the Republicans endorsed in the last National convention when they nominated President Taft, we don't suppose we will hear any more about protection being "robbery," or those who advocate protection being "robbers."—Bristol News.

West Virginia is Second Coal State.

Bluefield, W. Va., August 29.—One hundred million tons of coal mined in West Virginia without the loss of a single life by dust or gas explosions is the record made by this State in the seventeen months ended with June 30 last. This statement is made by Charles Conner, Assistant Chief State Mine Inspector, who declares the record never has been equaled in any mining community. Incidentally, he declares that West Virginia now occupies second place in the list of coal producing States.

Sleepy Tom Clark to Become a Benedict.

Bluefield, W. Va., Aug. 27.—Rev. "Sleepy Tom" Clark, who travels around the country in a dilapidated wagon and who has the distinction of being the only man who claims to have visited heaven and hell the same day, and to have then returned to earth, is going to be married. "Uncle Tom" has been going among the citizens of Abingdon, Va. the last few weeks getting signatures to a paper he has which will enable him to claim his bride.

He is seventy and the bride is about the same. According to the groom-to-be she has about \$30,000 in greenbacks. Not believing him to be trustworthy, when he "popped the question" she told him if he would bring back to her a paper signed by at least 100 prominent business men of Abingdon and saying that he is honest, trustworthy, of good character and able to support a wife, she would marry him. "Uncle Tom's" paper was signed on Thursday and in a few days he will start for Bland, where his beloved bride lives.

Quotations from scripture are painted on the sides of the wagon in which "Uncle Tom," travels around the country, and a small bulldog drags along under the dilapidated vehicle, while on the rear is painted in large letters: "Trust in the Lord, but beware of the dog."

He has been traveling around the country in this manner for over thirty-five years.

Exchange Value of Farm Products.

While the prices of practically all commodities have shown some advance during the last few years, the products of the farm show a much greater advance than do the products of mines and factories. The financial condition of the grain raiser, the general farmer and the dairy man is better than ever before and never was the purchasing power of farm products so great.

Senator Reed Smoot, in a speech before the United States Senate on May 27, 1910, declared farm land itself had advanced in value rapidly and everything produced on the farm had risen materially. Financially, the farmer has become independent. The rural free delivery and the telephone have placed him in touch with the world and he is as familiar with current events as is the city dweller.

The average prices of the principal farm products in March, 1910, and March, 1896, as shown by the bulletins of the United States Bureau of Labor, reveal in a striking manner the prosperity of the farmer. The real value of any article is its exchange value. The real worth of farm products is measured by comparison with the value of articles which the farmer wants a purchase.

Figuring on the general wholesale price of articles, ten bushels of corn in 1896 would buy twenty-one pounds of Rio coffee, in 1910, seventy pounds; ten bushels of corn equaled in value fifty-three gallons of refined petroleum in March, 1910, twenty-three gallons in March, 1896; ten bushels of corn equaled in value 1,040 brick in March, 1910, and 519 in March, 1896; ten bushels of corn equaled in value 337 pounds of wire nails in March, 1910, and 95 pounds in March, 1896; ten bushels of corn equaled in value 131 pounds of sugar in March, 1910, and 59 pounds in March, 1896, &c.

A 300-pound hog, when valued in merchandise at the wholesale rate, equaled 36 barrels of salt in March, 1910, and 16 barrels in March, 1896. Twenty pounds of butter showed values as follows when measured in the wholesale price of staple articles: Coffee, No. 7 Rio, in March, 1910, 70 pounds, in March, 1896, 29 pounds; granulated sugar, 130 pounds in March, 1910, as compared with 82 pounds in 1896, &c. A case of eggs which would have bought 72 yards of Amoskeagingham in March, 1896, would have bought 110 yards of the same material in March of this year.

These comparisons might be continued indefinitely, the same state of affairs existing in every line of goods which the farmer buys whether to eat or to wear, whether to house himself and his stock or to operate his farm—in every case the rise in the value of the products of his farm has been greater than the rise in the value of products he desires to buy.

Agriculture is the foundation of our national wealth. Farmers constitute our greatest class. When the farmer prospers every one else must necessarily prosper, and the whole country goes ahead.

Does the farmer, in the light of these comparisons, desire to turn back the hands on the clock dial? Does he prefer Cleveland penury to Taft prosperity? Let him answer at the polls this fall.

Snow in Texas.

Sudden Drop in Temperature in Oklahoma and Texas.

Dallas, Texas, Aug. 29.—Temperatures fell rapidly in Texas and Oklahoma Friday. Amarillo, in the Panhandle, reported a drop from 92 to 50 degrees in twelve hours, accompanied by a high wind and heavy rains and a temperature of 52 degrees with a light snow is reported at Canadian, Texas. At Ada, Oklahoma, the mercury fell 20 degrees. Low temperatures and showers are reported generally over the lower Panhandle and reports of a light rainfall are received from a number of other points in Oklahoma and Texas.

Mrs. Jacob Wilmert, of Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor at times. A few weeks ago I got Foley's Kidney Pills and gave them a fair trial. They gave me great relief, so continued till now I am again in perfect health." Carson Drug Co.

The Tariff is made a scape-goat for high prices in regions where the people allow Free-Traders to do their thinking. That seems to be the case in part of Oklahoma, where an advance of \$1 a thousand on common lumber is excused on the ground that the increased Tariff necessitated such a course, when as a matter of fact the duty was reduced seventy-five cents a thousand.—Norwalk (Ohio) Reflector.

Another Hole at Staunton.

Staunton, Va., Aug. 29.—A small hole formed in the front yard of the Hon. Jacob Yost last Saturday morning, just across Lewis Street from where the last cave-in occurred. The heavy rain-fall is supposed to have caused it, and it was no surprise to those who have been studying the caves, as they expected some further settling around the edges.

The Great Roanoke Fair—Sept. 20-23.

This will be the Eighth Annual Fair and its attractions will exceed those of the great expositions held in preceding years. This is due to the broad-minded and progressive policies of its management, which comprises some of Roanoke's best citizens. The Executive Committee consists of Colonel James P. Woods, Robert H. Angell, A. L. Sibert, J. W. Hancock, Louis A. Scholz and Henry Scholz, all of whom have obtained well-earned experience by their successful administration of the Association's affairs from its inception. Its object is not to share its financial profits among the stock holders; on the contrary what profits it has made have each year been turned back into the enterprise. This policy has resulted in the Association's now owning one of the most desirable and well-equipped fair grounds in the South, and its race track is the fastest South of the Potomac and Ohio rivers.

ANSWERS EVERY CALL.

Marion People Have Found That This is True. A cold, a strain, a sudden wrench. A little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A certain remedy for such attacks. A medicine that answers every call. Is Doan's Kidney Pills, a true specific. Many Marion people rely on it. Here is Marion proof. John W. Hurton, farmer, R. F. D. No. 3, Marion, Va., says: "I cannot recommend Doan's Kidney Pills too highly. For many years I was annoyed by dull, heavy pains across the small of my back, often so severe as to prevent me from working. I was also bothered by too frequent passages of the kidney secretions, this trouble being especially noticeable at night and disturbing my rest. A short time ago when I read of Doan's Kidney Pills, I procured a box at the Carson Drug Co. and after using them a short time my suffering ceased. On several occasions since then, as the result of a cold or overwork, I have noticed a lameness in my back, but Doan's Kidney Pills have always given me immediate relief." For sale by all dealers. Taft for Harmony.

President Urges Republicans to Forget Their Differences.

New York, Aug. 30.—An urgent call for all Republicans to forget their differences after the nomination of their party have been made, and to unite in trying to elect Republican nominees, and thus insure the further carrying out of platform promises is made in the letter which the President has written for use in the Republican campaign textbook. The letter, addressed to Chairman William B. McKinley, of the Republican Congressional Committee, at the headquarters in the St. James building, was given out yesterday. It virtually takes the place of a party platform in the campaign for Congress this fall, and it is evident the President intended it for such.

To Mr. Roosevelt Mr. Taft gives the credit for arousing public interest on the subject of conversation. The regulation of stocks and bonds of railroads, a ship subsidy measure and a National Board of Health are other promises which remain to be kept, the President asserts. Those who wish for such legislation, in describing which Mr. Taft uses the word progressive, should vote for Republican candidates, the President insists.

THE LASH OF A FIEND

Sherman Praises Taft.

Clinton, Ill., August 29.—Vice-President Jas. S. Sherman stopped off in this city last Friday just long enough to tell Weldon Springs chautauqua that "he wouldn't talk politics, and he did not, unless an eulogy of President Taft may be called politics."

"William H. Taft is a patriot," declared Mr. Sherman. "Behind that charming personal presence, behind that sunny smile, behind that disposition which would avoid controversy, there is courage, stability and the firmness to meet any contingency."

FOR CONGRESS—NINTH VA. DISTRICT:
G. BASCOM SLEMP,
OF WISE CO.

Speaking.

Hon. Thos. J. Muncey and Hon. L. P. Summers will address the citizens of Smyth county on Monday, Sept. 5, 1910, at one o'clock.

In this country the average load drawn by one horse over level dirt roads is 1,400 pounds and over hilly roads 1,000 pounds. In France and Germany, where they have more improved roads, the average load for one horse is 3,800 pounds. This is one of the reasons why bad roads increase the cost of producing farm crops, and it is a strong argument in favor of improving the roads.

The Richmond Times Dispatch concludes an editorial on the "Fight in the Fifth" by saying that Saunders and Stuart ought to win, that they stand on platforms that ought to win. How about Stuart who has repudiated his platform and according to the Roanoke Times, his mouth-piece is on Taft's tariff platform. A candidate who is so highly inconsistent will not win and he ought not to win. "The Supreme in Virginia" to the contrary.

Highly Inconsistent.

Those Democratic newspapers of the Ninth district, which are trying to get Stuart on Taft's tariff platform are highly inconsistent. Slemp is already on that platform, and that fact is doing him enough harm. Why try to put Stuart in the same predicament?—Richmond Journal.

Stuart is trying to put himself on Taft's tariff platform. The Democratic papers in East Virginia are squirming over the situation, but Mr. Stuart thinks he can best appease the voters of the Ninth district by preaching tariff. He is trying to catch Republican votes even if he is "highly inconsistent." They will hardly be hardy napping.

Embarrassing to Democratic Campaigners.

Judging from the editorial utterances in the Lynchburg News, Mr. Carter Glass' paper, this gentleman does not relish Mr. Stuart's stand on the tariff as put by the Roanoke Times. Mr. Glass is to speak here next Monday and certainly will have to do some explaining or he will be slow to endorse Mr. Stuart's tariff views. Here is what The News says in reply to The Times:

The News may not have much sense, as The Times graciously suggests; but it thinks it has sense enough to know that Democratic campaigners in the Ninth Congressional district will not relish having thrust in their faces editorial declarations from the Roanoke Times to the effect that Mr. Stuart, the Democratic candidate, stands on the same tariff platform, "word for word," with the Republican signer and defender of the Payne-Aldrich act.

We hardly think any man of Mr. Glass' standing would relish advocating the election of a candidate to Congress who had repudiated his platform, or as The News puts it, allowed the "Roanoke Times to push him off and land him in the vanguard of Republican protectionists." The News strongly assails Mr. Taft's tariff doctrine and consequently in order to be consistent will have to assail Mr. Stuart, who according to The Times, is "all fours" with Mr. Taft, for The Times says:

"Notice how Stuart dwelt on 'reasonable' profits? Notice how the President also demands that profits be 'reasonable'? Both are right."

If both are right Mr. Glass will have to say the Lynchburg News is wrong, for it does not agree that Taft's is right.

Two Ballot Boxes, One for Amendments.

Big Stone Gap, Va., August 23.—Special—It may be especially significant that the Democratic papers of the State are maintaining such an absolute silence about the amendments to the Constitution of Virginia that the General Assembly provided, last spring, for being voted on at the election this fall.

The act of the State legislature requires that separate ballot boxes shall be provided for voting on these proposed amendments to the Constitution, which will, of course, necessitate separate ballots. The voter will therefore have to prepare two ballots, which are to be deposited by the Election Judges in the different ballot boxes. This is virtually two elections at the same time, and seems to be rich in promise of complications.

Many people may wonder if this extra phase and complication of the election on November 8th, next, will throw any additional light on some hitherto little understood passages of Mr. Wysor's speech at Gate City last Saturday. He made two very marked assertions in his speech. In discussing the suggestions that the Democrats intend to perpetrate election frauds this fall, in an effort to "fix" Mr. Stuart all right, he made light of it all, and asserted with much emphasis that "the ballots will be counted exactly as cast." It was noted by those present that, by way of extra emphasis, he repeated that identical statement three or four times. In speaking of Mr. Slemp, he said also: "He is already preparing for a contest."

No one will say or believe that Mr. Wysor had intentional wrong in mind, in making these statements. But a very interesting and grave supposition arises in the light of this double election. Should a great number of ballots be accidentally transposed, and gotten into the wrong ballot boxes, are they to be counted exactly as cast? Furthermore, if sufficient ballots should go astray in that way to change the result of the election, that would certainly furnish the strongest and most important basis ever known for a contest, in which case, Mr. Wysor's statement that Mr. Slemp "is already preparing for a contest" would prove truly and strangely prophetic.

The submission of these Constitutional amendments to a vote of the people this fall is provided by the act approved March 9, 1910, which is Chapter 105, Acts of 1910, at Page 141. It begins as follows:

"Be it enacted by the General Assembly of Virginia, That it shall be the duty of the officers conducting the election directed by law to be held on the Tuesday after the first Monday in November, 1910, at the places appointed for holding the same, to provide a separate ballot box at said election, in which the Judges of Election shall deposit the ballots of all qualified voters voting on the proposed amendments to the Constitution of Virginia, and open a poll and take the sense of the qualified voters upon the ratification or rejection of the said proposed amendments to the Constitution of Virginia in the joint resolutions proposing the said amendments to the Constitution of Virginia."

The amendments so proposed, and to be voted on, are:

For extending the length of the session of the General Assembly to ninety days.

For simplifying legislative procedure.

For removing the restriction that County Treasurers can only be elected two terms, and for the election of County Commissioners of Revenue by the people.

Exactly the same for City Treasurers and City Commissioners of Revenue.

It may possibly be strange that matters so important as these have received no attention whatever at the hands of the Democrats of the State, who are primarily responsible for them to the people.

HON. C. BASCOM SLEMP.

Brilliant young Congressman who will open his campaign Monday, Sept. 5th at Jonesville, Lee county, the home of his birth and boyhood. Lee county will honor her gifted son with a great reception Monday, and give him a splendid majority Nov. 8th.

As above stated Mr. Slemp will open his campaign at Jonesville next Monday, and we predict a clear-ringing exposition of the principles contained in the Republican platform. A position on the Tariff that will be frank and consistent with his record and the platform of his party. He will show his constituents that he has been, and will continue to be, a friend of the great district he represents. We feel quite sure that the district has never had a Representative so well equipped for Congressional duties as Bascom Slemp. He is forty years old, just in the prime of life, and his splendid education, his being a man of the people, reared on the farm where young men get all kind of knocks and practical lessons, and last, but not least, his experience as a Congressman for nearly two terms and the lessons learned in his father's congressional career, and his great store of common sense, all go to make him by far the best fitted man that ever served the people of the Ninth district. It has been truthfully said that he is a man who does things. His splendid record speaks for itself. We present a single chapter: The Big Stone Gap Post, a Democratic paper, recently published an "itemized statement" of the funds Mr. Slemp has been instrumental in bringing into the district during his term as member of Congress. This "itemized statement" is taken from the Post as follows:

Appropriation for public building at Big Stone Gap, \$100,000	8,000
Appropriation to improve Court House at Abingdon,	65,000
Appropriation for site and building at Wytheville,	5,000
Appropriation for public building site at Pulaski...	65,000
Salaries for persons in his district.....	6,000
Private claims.....	8,000
Increase in pensions for the district.....	5,000
Special acts in getting pensions for parties.....	7,500
Back due pension money paid to claimants.....	
Total.....	\$269,500

You say this is material stuff and of little importance as compared to the great law-making duties of a Congressman. Well, it looks like a pretty good investment if for a \$15,000 salary you can get a man to bring to your district \$269,500, and have it spent so as to benefit more or less every man, woman and child in the district. You say the amount for salaries would come to the district anyway. Only to a limited extent. Never before did we have the Collectors, the District and Assistant District Attorney all in the Ninth district. When Democrats were in power the Ninth district got no appropriations, and only local Federal positions for our people. But above the direct material benefits, if you please, Mr. Slemp has shown himself a statesman, able to stand on the floor of the House and advocate the needs of his people with the strong men of the nation. He is to-day the leading young man in Congress, especially from the South—a man of culture, talent, experience and last, but not least, a Christian gentleman. He is just the kind of man the people want to continue to represent the great Ninth district.

GEO. W. RICHARDSON,
LAW AND REAL ESTATE.

I will give close and personal attention to all business entrusted to me: Collections, Preparation and Acknowledgment of Deeds a Specialty. If you have property to sell or exchange I would like for you to come and see me or write. I have a large list of Farms in Albemarle and adjacent counties, that I will be glad to show to anyone interested in that section.

No. 1.—One-fourth acre lot on Main street—desirable location, \$1,250.

No. 2.—Four-room house and 1/2 acre lot on Lincoln Heights, \$1,050 cash \$1,200 on time.

No. 3.—One-half acre lot, within one square of Court House, and one of the choicest building lots on market, Price \$2,100 cash.

No. 4.—Six-room house, barn and good orchard and about 50 acres of land, near Groseclose. Good land, in cabbage belt, price \$3,500.

No. 5.—263 acres of land (minerals reserved), one four-room house and one three-room house, well watered. Chestnut timber in large quantities. Price \$2,300—1 1/2 miles of Pugh's Siding in Rye Valley. Offered cheap for quick sale.

No. 6.—One-half acre of land, about 200 original timber and 100 acres bottom; five-room cottage, three tenant houses and outbuildings. Good for different kinds of grain and good for Dairy farm, 3/4 miles of Orew, Va., Price \$8,300. This is worth investigating.

No. 7.—A nice farm of 76 acres, within four miles of Marion, with good 6-room house, barn and other outbuildings. Good land, in fine state of cultivation, well watered, and close to church and school. Price, \$3,500—\$1,500 cash, balance in one and two years.

No. 8.—212 acres of fine "blue grass" farming lands, about 1/2 miles west of Chilhowie, in Washington county, Va. Large ten-room dwelling house, two barns and other outbuildings—spring not far from the house—river on one side of farm—two orchards. Price \$20,000 cash

Bryan is Out of the Race

Kalamazoo, Aug. 29.—"I will not be a candidate for President in 1912" declared William J. Bryan at Kalamazoo. This is the first time the Nebraskan has positively stated that he will not make an effort to secure the democratic nomination for the presidency in 1912.

"While in conversation with a good farmer this week he said, 'These are the most prosperous times we have had in fifty years' and this man is a democrat too."—Peunington Gap News, Lee County Va.

A leading farmer and democrat made in substance the same statement to the editor of the News a few days ago. Good times in Lee! Good times in Smyth! Why do we want a change in Congress.

Nominate by Ballot.

Baltimore, Aug. 31.—For the first time in Maryland the Democratic and Republican parties yesterday selected by ballot nominees for Representatives in Congress. Heretofore the convention system prevailed.

In the Fourth district there were four Democratic candidates for the seat now held by John Gill, who did not seek a re-nomination owing to ill health.

Karl A. Sholtz, progressive Republican candidate in the Fourth district, who had proclaimed his opposition to the present tariff law and to Speaker Cannon, was overwhelmingly defeated by Addison E. Mullikin, who had the support of the party organization.

M. M. Sutherland is Dead

Wytheville, Va., Aug. 29.—M. M. Sutherland, one of the most enterprising and progressive citizens of Wytheville died at his residence on Main street this morning at 10 o'clock of Bright's disease, aged 42 years. Mr. Sutherland had been an invalid for several months. In the spring he went to Florida hoping to recuperate his health but grew worse and returned and while complaining attended to his business until a few weeks ago, when he went to Johns Hopkins Hospital in Baltimore for treatment, he remained there only a few days. He returned home and has since been confined to his room. He is survived by his widow and three small children. Funeral Tuesday morning at 10 o'clock from his residence and interment in East End Cemetery.

Mr. Sutherland was a brother of Rev. R. K. Sutherland, pastor of the Methodist church at this place, who has been in Wytheville with his brother for several weeks. The many friends here will unite in extending sympathy to Pastor Sutherland in his bereavement.

NOTICE!—All persons having claims against the firm of S. H. Wolfe will please present same and all parties owing said firm are expected to settle at once.

Death of John R. Sexton.

John Roberts Sexton died at the home of his father, Wm. C. Sexton, Wednesday morning at six o'clock, after an extended illness of Bright's disease. The deceased was fifty-seven years old, and one of the leading and most intelligent citizens in our county. The news of his death was received with regret by his many friends, though it was known he could not recover from the dread disease with which he was stricken. He had been prominent in the affairs of our town and county for many years, having served as Deputy Clerk of the Court for thirty-four years, Treasurer and Councilman of the town at the time of his death, and for a number of years before. In both of these positions he was capable and efficient. His fine ability and long experience in county affairs rendered him a very useful man. He knew more of the general-ogy of Smyth county than any citizen in the county. His jovial disposition and good natured qualities were apparent to all. He knew the people of the county with great precision and was always ready to greet his fellows in a manner pleasing and suitable to the occasion. A good practical lawyer and a man of fine business sense, he will be missed in the business affairs of the county. He was a kind husband and loving father, and had for a number of years been a consistent member of the Methodist Episcopal church, South. He is survived by his wife one daughter, Mrs. W. W. Hawkins; his aged father, W. C. Sexton; and three sisters and two brothers, viz: Mrs. Judge W. P. Dungan, of Elizabethton, Tenn.; Mrs. C. P. Cass, of Bristol; Mrs. A. T. Lincoln, of this county, and J. K. Sexton, of Walnut Ridge, Ark., and E. J. Sexton, of Cheyenne, Wyoming.

A burial service was conducted from the Methodist church Thursday at 3:30 o'clock by Pastor Sutherland and Rev. J. B. Greiner. The floral exhibit was profuse and beautiful. The active pall bearers were: J. L. C. Anderson, J. H. Rouse, W. N. McGhee, W. B. Jackson, J. P. Sheffey and E. M. Copenhaver. Honorary: B. F. Buchanan, G. W. Richardson, F. B. Hutton, R. L. Williams, W. L. Lincoln, H. P. Copenhaver and E. H. Copenhaver. Flower bearers: J. B. Richardson, W. M. Hull, M. Weiler, H. L. Kent, B. E. Copenhaver, S. L. Alexander, L. M. Copenhaver, John Buchanan, John Brosius and Harry Gillespie.

Mrs. C. J. Brown's Preparatory School will open Sept. 5th. This school is well and favorably known to the people of Marion and vicinity. The limited number of pupils makes it possible to give each child the SPECIAL and PERSONAL attention so necessary to success—particularly to pupils of the lower grades. Terms \$15.00 to \$18.00 for session of nine months.

Organization of the New Town Council.

The new Council, composed of R. T. Greer, J. M. Brisco, Jas. White Sheffey, Geo. W. Sprinkle, W. C. Seaver, J. H. Groseclose and W. P. Francis, met Thursday morning and organized as follows: Mayor—R. L. Williams; Vice-Mayor, R. T. Greer; Treasurer, J. M. Brisco.

COMMITTEES: Finance—Francis and Sheffey. Lights—Sheffey, Seaver and Groseclose.

Water—Greer, Francis and Groseclose. Streets—Sprinkle, Sheffey and Seaver.

Auditing—Brisco and Greer. Building—Sprinkle, Brisco and Greer.

Fire—Seaver and Brisco. Sanitary—Greer and Groseclose. Cemetery—Francis and Sprinkle.

Time of Meeting—First Friday night in each month. The remaining officers will be elected at their meeting on Friday night. We learn the old Council went out of office leaving about \$2,000 in the town treasury.

Chamberlain's Colic, Cholera and Diarrhoea Remedy is today the best known medicine in use for the relief and cure of bowel complaints. It cures griping, diarrhoea, dysentery and should be taken at the first unnatural looseness of the bowels. It is equally valuable for children and adults. It always cures. Sold by all dealers.

Resolutions of Respect.

At a meeting of the Council of the Town of Marion, on August 31, 1910, the following resolutions were passed: Resolved First: That the Council has heard with deep sorrow of the death of Mr. J. R. Sexton, one of its members, and the Treasurer of the Town, and recognizing his valuable work at various periods in the history of said Town, as Mayor, Councilman and Treasurer, desires to leave on record this tribute to him as a public official.

Second: That the members of this Council feel not only the loss of a faithful friend and neighbor, who brought spirit of good cheer and helpfulness, not only to the deliberations of this Council, but to the intercourse of every day life.

Third: That a copy of these resolutions be spread upon the records of the Town of Marion, published in the newspapers of the Town, and that a copy thereof be delivered to the family of Mr. Sexton.

Fourth: That, in as much as this, the 31st day of August, 1910, which marks the retirement of Mr. Sexton from the walks of life, also marks the end of the service of this Council, it does now finally adjourn in respect to his memory.

By order of Council. JOHN P. SHEFFEY, Mayor. A. P. SNIDER, Recorder.

Big Timber Loss.

Spokane, Wash., Aug. 31.—Expensive cruisers in Spokane, who are now compiling reports from the burned district in Idaho, Washington, Oregon and Montana, estimate that the recent forest fires destroyed or damaged more than 750,000,000 feet of timber in the four States.

Converted into merchantable lumber it is estimated this timber would have supplied building material for the construction of from 50,000 to 55,000 four and five-room cottages, or enough to house the entire population of any city in the four States named.

Don't waste your money buying plasters when you can get a bottle of Chamberlain's Liniment for only 25-cents. A piece of flannel dampened with this liniment is superior to any plaster for lame back, pains in the side and chest, and much cheaper. Sold by all dealers.

Woman's Friend

Nearly all women suffer at times from female ailments. Some women suffer more acutely and more constantly than others. But whether you have little pain or whether you suffer intensely, you should take Wine of Cardui and get relief. Cardui is a safe, natural medicine, for women, prepared scientifically from harmless vegetable ingredients. It acts easily on the female organs and gives strength and tone to the whole system.

TAKE CARDUI

The Woman's Tonic

Mrs. Verna Wallace, of Sanger, Tex., tried Cardui. She writes: "Cardui has done more for me than I can describe. Last spring I was taken with female inflammation and consulted a doctor, but to no avail, so I took Cardui, and inside of three days, I was able to do my housework. Since then my trouble has never returned." Try it.

***They Want a Change.**

Every once in a while we see an editorial in a Democratic newspaper condemning the Republican administration and the tariff laws for which it is responsible, on the ground that the Protective policy of the Republican party has increased the cost of living.

Do our Democratic friends call attention to the fact that the Protective tariff has increased the wages of the workmen of this country from one to three hundred per cent? No.

Do they have anything to say about the fact that, when we had Free Trade in this country, men had nothing to spend but their time? No.

Do they have anything to say about the factories that are now in full operation, and which were idle when we had Free-Trade? No.

Do they have anything to say about the conditions of wage earners in this country, and those engaged in the same occupations in other countries, with which Free-Trade would put us in competition? No.

They simply want a change for political reasons, as they wanted it in 1892, and when they get it they will want another change, as they did in 1896.—Trenton "State Gazette."

Smothering Spells

"I suffered for nine or ten years. Had spells of smothering, finally went into convulsions. Dr. Miles' Nerve Tonic brought complete relief, and I believe saved my life."
MRS. ROSA BOWNER,
185 N. 18th St., Birmingham, Ala.
The blood is the channel through which is transported the nourishment that sustains life. When the circulation is poor, your vitality is low, your nervous system exhausted and you are weak and debilitated. You can restore nervous energy by taking Dr. Miles' Nerve Tonic. Its strengthening influence upon the nervous system gives it power to send life-giving blood through the veins. The first bottle will benefit; if not, the druggist will return your money.

A Clean Man

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues. The man who is clean in this way will look it and eat it. He will work with energy and think clean, clear, healthy thoughts.

Dr. Pierce's Golden Medical Discovery

prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs; makes pure, clean blood, and clean, healthy flesh. It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol or habit-forming drugs. Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe. Easy to take as candy.

400 ACRE FARM 400 FOR SALE

\$1,500 Buys 103 Acre Farm on terms. \$2,000 buys same farm, together 30 acres of growing corn that will make 40 bushels per acre; also you get all other crops on the farm—beans, cabbage, potatoes, onions, tomatoes—a general variety of crops. All this will be your living for next year. Also a fair crop of apples and peaches. A fine span mules, 4 and 5 years old; all the farming tools—plows, cultivators, wagon, back, harness and gearing. Has a Six-Room dwelling, barn and other houses; 2 living wells of water; farm smooth, 35 acres in cultivation; 50 acres in timber; about 30 acres fine smooth rich land to clear. This farm together with the entire outfit and crops and stock is the biggest bargain in all of Upper East Tennessee. Don't write, but come quickly and see the farm; make small payment in Cash and secure the deal. The farm is situated 14 miles North of Knoxville, Tenn., near Heikkell station. It is a valley farm.

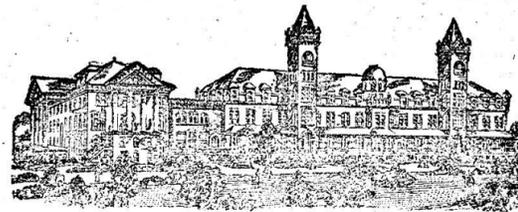

400 Acres of White Oak timber for sale; situated one mile of Railroad Depot. This timber must be sold. Good road to depot, 1 mile.

\$33 1/3 Per Acre buys the finest 400-acre farm in this country. This farm has 100 acres of choice white oak timber; also 100 acres of rich, dark red, mulatto creek bottom land; 200 acres of gradual rolling upland. This is best quality of upland, being clear of stone and is fine farming land. This is the finest live stock farm in all of Upper East Tennessee. You can't find a better quality of soil in this country. The farm is situated in 1 mile of Railroad station, 18 miles of Knoxville, Tenn. We especially want to make a quick sale of the 400-Acre Farm because the owner is involved and the farm must be sold at once. The roads are piked all over the country from the farm in every direction. Fine market for all products of the farm; the market at Knoxville being fine for "truck and dairy" business. Abundance of fine spring and stock water on the farm; also fine hay and corn land. We are offering this farm for at least \$15 per acre less than any farm adjoining it. The farm is now priced at a bargain. Remember the 400-Acre Farm has an abundance of spring and creek water. Six-room frame dwelling, three tenant houses, barns and orchard; only one mile from Railroad depot, School and Church. Come quick and see it.
