Shriners' Have Big Day.

A Large Delegation Attend Session in Wytheville from Southwest.

Wytheville, Va., June 30.—The Shriners certainly captured Wytheville Saturday. The noon train from the east brought members of the order from Pulaski, Radford, Salem, Roanoke and other points east, but the Area Temple (I believe it is so designated) from Richmond, did not arrive until the afternoon train at three o'clock from the west, coming from Big Stone Gap. They came by special car, and they will not return to Richmond until nine o'clock in the morning. The music for the occasion was furnished by the Pulaski Band. There were also shriners from Marion, Saltville, Abingdon and Bristol.

The Fourth Avenue Hotel was headquarters, so speak. The local committee on entertainment was well supplied with automobiles, over forty. After all the shriners had been conveyed up town they were taken on an out-of-town trip of several miles down the McAdam road, returning about six o'clock they stopped at Nye's Springs where they enjoyed an old time picnic, which had been provided and served by a committee of ladies. After spending an hour there, they returned to Wytheville when the parade of the Shriners led by the band took place on Main street to the great entertainment of the many hundred interested spectators on the street. Later some of the shriners gave a special drill in front of the Fourth Avenue Hotel, which was highly appreciated expressed by frequent band clapping. The business session was held Saturday night at which some twenty or twenty-five were initiated, coming from different sections of the Southwest.

Massive Iron Coffin Found Near Abingdon.

The digging of a grave in Sinking Spring cemetery, near Abingdon, last week, revealed a massive iron casket. The excavation was filled in and a new location selected for the grave that was being dug. A night later some persons, curious enough to believe that the iron coffin contained rich treasure, unearched it, but were frightened away before it could be opened. Persons in the community the coffin the next morning, with the result that it was found to contain nothing save the bones of whoever was buried there. Nobody in or about the neighborhood seems to know anything about the history of the iron coffin or about what year it was placed there.

Niagra Failure Taken as Victory.

Monterey, Mexico, July 1.—Reports received here indicating that suspension of the mediation conference at Niagara Falls was contemplated, was interpreted by Constitutional leaders as a triumph for their cause and the belief was expressed that the United States would take steps, in such an event, to organize a new conference to consider the internal questions of Mexico. Such a new conference, it was asserted, must start with unconditional surrender of Huerta as a basis and it was contended that Huerta delegates must now recognize that nothing could be accomplished without representation of the revolutionary element.

To Cast Vote as a Unit.

Bristol, Va., June 30.—In a Republican mass meeting here Thursday delegates were elected to the Ninth District Congressional convention here July 9th. The vote is to be cast as a unit. Sentiment for the renomination of Representative Slempp is strong. David F. Bailey, former Collector of Internal Revenue, addressed the meeting, and predicted a fusion victory for the Republicans and Progressives this fall.

Washington, June 30.—Representative Parks, of Georgia, on Saturday introduced a bill to make it unlawful for negroes to be designated, elected or appointed as commissioned or non commissioned officers of the army or navy.

Shot Each Other Fatally.

Freeling, Va., June 30.—"Black-head" Vanover and Anderson Estep became involved in an altercation on Cumberland Mountain, near Osborn's Gap, on Wednesday with the result that both were shot perhaps fatally. The trouble came up over the alleged intimacy of Vanover's sister with Estep. When they became involved in the altercation it is said each held the others left hand, and used his pistol with the right. Vanover was shot through the bowels and Estep in the shoulder.

Mrs. D. V. Hagy was buried at Washington Chapel last Saturday and Mrs. G. W. Sprinkle, at Mountain View, south of Abingdon. Both these good women were members of the Methodist church and the funerals were conducted by the pastor, Rev. W. M. Patty. Mrs. Hagy was 34 years of age and Mrs. Sprinkle was 42.—Abingdon Republican.

Dickinson Delegates Are Instructed for Slempp.

Freeling, Va., June 30.—The Republicans of Dickinson county held a mass meeting at Clintwood and appointed delegates to the Bristol convention. Notwithstanding the frequently reported protests of O. Bacon Slempp against the nomination being thrust upon himself, the delegates were instructed in his behalf. There had been some talk in Republican circles of this county of former State Senator Roland E. Chase, of Clintwood, as a possible candidate, but this step practically eliminates his hat from the ring.

His Gamble in Wheat.

Not to the "pit" at the board of trade is speculation in wheat solely confined. There are other sorts of gambles in the grain. Not the least interesting is the chance to win or lose in wheat taken by Wm. Schrenkler. William Schrenkler is a merchant of Gorham, Kan.

At the end of the drought of last year many of the farmers around Walkeeneey, Kan., were so reduced in circumstances that they could not purchase the seed wheat to sow for this year's crop. Some of them were so disheartened that they did not seem to care whether or not they ever again plighted. Others of them were so downcast that they would not give promissory notes for seed wheat when such arrangement was made for them. Mr. Schrenkler decided to take a chance. He supplied the wheat to seed eight thousand acres at a cost of \$6,725 agreeing to accept one fourth of the crop this year if there was any.

"The 8,000 acres will average about 20 bushels to the acre," he said. "My share will be 40,000 bushels. It should sell for about 65 cents a bushel or \$26,000. That will leave me a profit of somewhere near \$20,000."

The telegram says Kansas is to harvest a mammoth crop of wheat this year. The crop practically is made now. Some of the good fields in Western Kansas will yield 40 bushels to the acre. It will average 20 bushels easily. The harvest began last week.—Augusta (Georgia) Chronicle.

Children Cry FOR FLETCHER'S CASTORIA

Pulaski County Republicans and Progressives for Fusion

Pulaski, Va., June 30.—A well attended mass meeting of the Republican voters of Pulaski county was held here Saturday afternoon at 2 o'clock. Delegates were chosen to the Bristol convention.

E. C. Gannaway, Republican county chairman, called the meeting to order. E. V. Jameson was elected secretary.

On behalf of the Progressives, G. C. Hall reported that they had held a conference at one o'clock in the office of H. C. Hurst, Progressive county chairman, and had decided to come into the meeting and take part in the election of delegates, provided they were given half of the delegates.

Major J. W. Eckman suggested that all present who wished to do so be allowed to go as delegates, casting as a unit the vote of the county. His sentiment was that he did not care whether they were Progressives or regulars, just so they would join together in helping defeat the Democrats this fall. It was, however, decided to separate into magisterial districts and select delegates who should choose their own alternates.

By unanimous vote the list of delegates was approved, and then the matter of electing a county chairman and secretary was taken up.

Major J. W. Eckman was unanimously and enthusiastically chosen as county chairman and E. V. Jameson was elected county secretary.

Major Eckman accepted the position in a brief speech in which he urged the Republicans to get together to defeat the Democrats.

Precinct committees were next chosen and then the meeting adjourned.

The results of this meeting show that, so far as Pulaski county is concerned, the Progressives and the regular Republicans have completely and intirely coalesced. It also seems to be the unanimous opinion that Congressman Slempp will be the nominee.

Miss Richardson Entertains

On Saturday evening Miss Ella Richardson entertained in honor of Miss Ellen Shannon, of Saltville. The tables for forty-two were arranged on the spacious front porch at Miss Richardson's home, and under the glow of the electric lights the young people enjoyed a progressive game until a late hour, when ices, cakes and bon bons were served by Miss Richardson, assisted by Misses Marie and Thelma Richardson. Among those enjoying the evening were Misses Ellen Shannon, Helen Covertson and Ollie Sanders, of Saltville; Thelma and Marie Richardson, Mrs. C. L. Richardson; Messrs. Robert and Richard Campbell, Sidney Sprinkle, Grady Greer, Roy Repass, P. Preston Collins, Kyle Eller, all of Marion, and Mr. John Glenn, of Saltville.

Tragedy Averted at Wytheville.

Wytheville, Va., June 30.—A tragedy was narrowly averted yesterday afternoon on Main Street, where the Shriners were assembled, when Sam Shaffer accosted Sam Davidson, who is under a \$10,000 bond for killing Ben Wilson about a month ago. Shaffer was at the time in a buggy and Davidson retreated. Shaffer got out of the buggy and followed him up. Sergeant T. L. Moyers was a short distance off and seeing the actions of the parties, rushed up and arrested them. A gun was found on Davidson.

Shaffer who was a strong sympathizer of Wilson, is said to have been very abusive to Davidson. The trouble occurred within a short distance of the spot where Wilson was killed. Shaffer is said to have been drinking. But for prompt action on the part of the police sergeant there would probably have been another tragedy. The parties were taken before the mayor and Davidson fined \$20 for carrying a concealed weapon and Shaffer \$5.

Biggest Failure in History of the United States.

New York, June 27.—The biggest mercantile failure in the history of the United States was precipitated Thursday, when receivers were appointed for the H. B. Claffin Co., of this city. The company, it is estimated, owes more than \$30,000,000, which at the present time it is unable to pay. Its assets are said to be \$14,000,000.

Jodo Claffin, head of the company, and its chief individual stockholder, is the owner of a chain of nearly thirty other dry goods enterprises throughout the country, which are involved in the failure. Receivers for several of these were named and similar action, it was announced, would be taken in the case of the rest. Their business will be continued under receivers' management until their financial affairs have been adjusted.

From 3,000 to 5,000 banks in all parts of the United States compose the bulk of the Claffin creditors. They hold notes aggregating the major part of the liabilities. These notes are said to have been issued by the various Claffin stores, indorsed by the H. B. Claffin Co., and the proceeds used, when discounted, in financing their needs.

On last Saturday afternoon Miss Ruth Butler left on No. 13 and was joined at Wytheville by Mr. Emory Hankla and went to Bluefield and were married. The bride and groom are both of this place and have a wide circle of friends, who wish them much happiness.—Rural Retreat Times.

Doctor Advises 4 Months' Absolute Rest for Roosevelt

Oyster Bay, N. Y., June 30.—Four months of absolute rest has been prescribed for Colonel Roosevelt by his physicians, who informed him that he was suffering from an enlargement of the spleen and a loss of vitality as a result of the malarial fever he contracted in the South American jungles.

"But in four months the campaign will be over," the Colonel said. Consequently, he added, he considered it an impossibility for him to follow his physician's advice.

Colonel Roosevelt has abandoned his campaign trip across the continent which had been arranged tentatively for September. He also telegraphed to Pittsburgh that he would make only one speech there one night this week. Two had been arranged.

The change in the ex President's plans came after an examination made Saturday night by Dr. Alexander Lambert, of New York. Dr. Lambert came to Oyster Bay, inspected his patient and then told him he must rest for four months. He urged the Colonel to make no speeches during the campaign. He explained, the Colonel said, that it would require a long period to shake off the effects of the malaria, and if this were not accomplished, the disease might become so securely fastened upon him that he would never recover his full strength. It might even impair his mental vigor, the physician said.

"I think Dr. Lambert took a gloomy view," Colonel Roosevelt said laughingly. "But I shall take care of myself as well as I can and I'll see that the malaria does not get settled in my system."

Russell Couples Elope.

Bristol, Va., June 30.—Half a dozen young people constituted an eloping party who left Cleveland, Russell county, at 2 o'clock yesterday morning and journeyed over the mountains to Bristol. The party was composed of two couples, William Houchin and Minnie D. Conner, and Carl V. Couch and Miss L. E. Gill.

Lynchburg, Va., June 29.—Mrs. Alma Inge, aged fifty, widow of John Inge, was run down by an automobile late Friday afternoon in front of her home on McKinnley Avenue and almost instantly killed, the machine passing over her. The chauffeur was at the wheel. Mrs. Inge had two sons, three daughters and two brothers.

Governor Cole Blaise, of North Carolina, has pardoned 1,200 convicts in three years. He has been in office long before he broke the pardoning record of the United States and it is his boast that he has shown clemency to more men than any other Governor on the continent. He has announced that he will turn it into a tuberculosis hospital for negroes.

Bristol has just completed a new jail at a cost of \$25,000. It is a brick structure, with many cells, and equipped with all the modern appliances for the confinement of prisoners. The new jail is situated upon a hillside adjacent to the city.

Lee Republicans Elect Delegates.

Pennington Gap, Va., June 30.—The best attended mass meeting for years was held here last Saturday by the Republicans voters of Lee county. Delegates were chosen to the Bristol convention.

L. B. Howard, Republican county chairman, called the meeting to order. Harvey Young was unanimously chosen chairman of the meeting, and J. E. Garham was elected secretary.

The meeting was participated in by both Republicans and Progressives and was harmonious in every respect. The result of the meeting shows that Lee county will present a solid front for the nominee of the Bristol convention. Sixty-two delegates and sixty-two alternates were chosen to the Bristol convention.

L. B. Howard was unanimously re-elected county chairman, and J. E. Laningham county secretary.

The delegates go uninstructed to the Bristol convention, but the sentiment was a unit for the nomination of Congressman Slemp.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

A Rush of the Thirsty.

Bluefield, W. Va., June 30.—As a result of persistent buying by thirsty thousands, Bluefield's twelve saloons were all closed by 5 o'clock this afternoon, never again to open. Every saloon either exhausted its stock or shipped it beyond the confines of the State and Bluefield is on the water wagon several hours in advance. Many thousands of dollars, worth of liquors have been bought by the local citizens as well as country folks for many miles around. All outgoing and incoming trains have been crowded today and yesterday and most every out-of-town visitor carried a suitcase, and some times two. No disorders of any kind resulted, and much satisfaction is felt in "dry" circles.

ENDORSED AT HOME.

Such Proof as This Should Convince Any Marion Citizen.

The public endorsement of a local citizen is the best proof that can be produced. No better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Marion adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

David Malley, painter, College St., Marion, Va., says: "I had been annoyed for a long time by irregular action of my kidneys and at times also suffered severely from weakness across my back. I often found it almost impossible to straighten. Since using Doan's Kidney Pills, procured at the Carson Drug Co., I have been greatly relieved."

Transferring Fluid and Eradicator

Any One Can Do It.

DIRECTIONS

For transferring pictures place the liquid on the picture with a soft brush. See that the picture is well soaked with the liquid. Let it stand a short time and then blot it off with a piece of paper to take off the extra moisture. Place whatever you want the picture on over the dampened picture you wish transferred and rub over firmly with the bottom of a bottle or a large spoon.

When transferring the picture on cloth do not blot it off, as the cloth absorbs the extra moisture. Place a sheet of paper over the cloth to keep it from wrinkling.

When transferring the picture on wood, place the picture on the top of the wood, and place a piece of paper over the back.

For removing spots on clothing, saturate the spots well with the liquid and rub off with a cloth, especially paint, tar or pitch.

Va. Press Association.
The twenty-sixth annual meeting of the Virginia Press Association was held in the city of Alexandria last week June 23-25. The meeting convened in Elks' Auditorium. Mr. C. B. Carlin, of the 8th congressional district also delivered an address. After the first session an automobile ride around Alexandria and through Arlington was given. Wednesday morning's session was followed by a trolley ride to Mr. Vernon, where an elegant luncheon was served by the ladies of the D. A. R., who have charge of the place. After luncheon the manager of the grounds took the entire Association through the old mansion occupied by Washington, explaining in detail each room and everything connected with the historic place. A visit to the tomb of Washington, where a beautiful wreath, presented by the Association, was placed in the vault, was an incident of the trip.

On Thursday the entire Association was taken to the city of Washington where they were met with automobiles and taken for a 30-mile drive to all the places of interest in the city, returning at 12:30 at the Chamber of Commerce building, where luncheon was served. After a visit to the Star printing plant we went to the White House and was received in the East Room by President Wilson, who addressed the Association. Captain Rosenbaum Promoted.

The following clipping from a newspaper published in the Hawaiian Islands will be of interest to many of our readers who are friends and relatives of Captain O. B. Rosenbaum, a native of Smyth county, and son of Mr. T. M. Rosenbaum:

"An important change in the personnel of the regimental staff was made by orders that issued yesterday from the headquarters of the 2nd Infantry whereby Captain Otto B. Rosenbaum was appointed regimental quartermaster to fill the vacancy in that position on the staff that has existed since Captain B. H. Watkins was relieved by expiration of tour over a year ago. Captain Rosenbaum has had extended experience in the position to which he has been appointed, having served a number of years as quartermaster of the 7th Infantry in which regiment he was an officer while in the grade of lieutenant. He has also had experience in other staff work as he was the regimental adjutant of the 26th Infantry as a captain. The 2nd Infantry is much pleased at the thought of having an officer of such attainments at the head of supply matters and particularly at a time that bears possibilities as to field service in campaign.

In addition to taking over the duties of regimental quartermaster, Captain Rosenbaum has been designated as post quartermaster by post orders of the same date as those of the regiment appointing him on the regimental staff and will relieve Lieut. Frederick A. Barker of the post duties. Lieutenant Barker has filled the post position most acceptably during his tour and will under his appointment as battalion quartermaster and commissary continue in the office of the quartermaster as Captain Rosenbaum's assistant."
