

## Council Changes Tax Charter Amendment Request to \$2.50 Maximum

Marion's town council, after hearing a number of citizens at the regular meeting Friday night, the 4th, amended its request for amendment of the Marion town charter by the general assembly to provide for a maximum tax levy of \$2.50 instead of removing the limitation entirely.

Among the citizens who spoke were R. A. Anderson, W. W. Hawkins, John W. Alexander, Dr. E. A. Holmes, Stuart Stephenson, Walter Vernon, Wilson W. Scott, and Mayor Hoge, who explained the town's financial position. Practically all opposed an unlimited provision and some opposed granting of even the right to raise the rate by 50 cents.

All members of the council were present except W. A. Wolfe. Joe and Stuart Stephenson asked that Campbell Avenue be built to the new homes they are building in the east end. This matter was referred to the street committee with power to act.

C. S. Wassum Jr. was authorized to do \$35 worth of new planting around the town hall.

Mayor Hoge reported 22 drunks tried in his court during February, with total fines assessed by \$164.50, 15 paying \$102.90, 1 fine suspended, 2 working out fines on streets, 4 to pay later. Collection on back fines were \$18, total collections \$120.90.

He also reported that the council's special committee had reached an agreement with Walter Hull of Hazard, Ky., which sets a price of \$2,000 on four acres of land west of Marion needed as the site of the new sewage disposal plant and that the committee is continuing right-of-way negotiations with Major G. P. Anderson.

Mayor Hoge also reported the right of way agreements on the west end highway improvement perfected. Only cash payments involved were \$200 to Mt. Pleasant M. E. church and a like amount to the Dickinson estate.

Superintendent Robert F. Williams asked council to ask Delegate L. Preston Collins to get a bill through the legislature authorizing the hospital board to sell the present athletic field to the town and the council agreed to the idea providing there be no immediate obligation. Then Delegate Collins was communicated with and it was learned that the dead line for introduction of such bills had been passed at the present session of the general assembly.

The police department was authorized to use up to 100 gallons of gasoline per month in the performance of duty.

On motion of Ken Snider, seconded by Rich Young, the judgment obtained against property of John E. Mitchell for non-payment of water taxes was released for, as the resolution said, "obvious reasons." The vote was: ayes, 2; nays, none; not voting, four.

A request to repair the edges of north Main street was referred to the street committee for investigation.

## Singing Mouse Captured During Concert Here

Singing mice have lately made a hit over the radio and Bob L. Hall, Jr., captured what he believes is one of three in captivity in the United States, Thursday the 10th.

Bob had heard the mouse singing for the past two weeks. The concerts were given at Huffaker-Fawcette Company. Thursday Bob cornered the mouse in a box, dropped the box in a tub, made the capture.

He brought the mouse to the Print Shop. It was a common house mouse and believe it or not—when excited it makes a series of little squeaks, murmurs and a note which sound a good deal like singing.

## Chamber Backs Rich Valley Move For Phone Service

Directors of the Marion Chamber of Commerce, in a special meeting held Tuesday, March 8th, unanimously voted to co-operate in every way with the people of Rich Valley in securing proper phone service for them.

The status of present negotiations between the would be phone users of the valley and the Inter-Mountain Telephone Company was presented by Ray Buchanan, Sam T. Buchanan and W. P. Buchanan, Jr. The Chamber's public affairs committee, Frank T. Lemmon, chairman, Ralph R. Repass, vice-chairman, George A. Collins, Wilson W. Scott and Paul E. Bird, was instructed to co-operate fully with the valley people in working for a definite service agreement.

The Chamber also reported the 1939 grand encampment of the Grand Commandery of Virginia to Marion. The matter was presented by the Rev. W. H. Carter.

Up to \$50 was appropriated as an underwriting fund for expenses of the annual Smyth County Contests of the public schools to be held in Marion in April. The contests this year will be held on two days instead of the usual one as in the past. Superintendent Robert F. Williams made the request.

## Kiwanis Holds Touching Memorial Meeting For Dr. Phipps

Honoring the memory of its president who died suddenly, Kiwanis of Marion held a memorial meeting for Dr. R. H. Phipps Tuesday night the 8th, at Hotel Lincoln.

Jess Baughman, past president, presided in the absence of vice-president Beattie Gwyn.

The program was opened by the singing of a hymn by L. P. Hayward, Fred Graybeal, Paul Bird and Curtis Hamm. Then Frank Peery, secretary, read a number of communications of condolences received by the club from district and state Kiwanis officers and others.

Resolutions prepared by a special committee consisting of George F. Cook, Francis M. Hoge and Col. James D. Tate were read by the chair and unanimously adopted on motion of Q. A. Calhoun, who in making the motion paid a personal and deep felt tribute to the late president and read messages of sympathy received by the club.

The Rev. W. H. Carter delivered a beautiful talk on "There is no Death", and after another hymn by the quartet, the Rev. C. W. Dean closed the meeting with the benediction.

The full text of the resolutions prepared by the committee is as follows:

"The committee in preparing the resolutions are solemnly reminded of the uncertainty of life; that man is but a shadow and life is but a dream; that in the midst of life we are in death; and that death often times comes like a thief in the dark, when we least expect it. And so it was with Rex Phipps, our president.

"On yesterday he was alive; full (Continued On Page 8)

## COUNTY AGENT, GAME WARDEN, WELFARE SUP AND VO-AG TEACHERS UNDER FIRE OF SUPERVISORS IN BUDGET FIGURES

### Supervisors Recommend Public Hearing on Proposed Budget Set For Saturday, March 26th, at Courthouse

The Smyth county board of supervisors, at its regular monthly meeting Monday, the 7th, recommended a number of roads on which work is asked during the fiscal year beginning July 1, 1938, and decided to buy supplies through a purchasing agent, naming Rush F. Ford a member of the board, to do the job at \$50 per year.

Roads which were recommended for work in the annual conference on the subject with J. H. Wyse, state highway resident engineer, were:

21 from intersection with 42 to intersection 42; 658 from intersection 645 to Marion corporation line. 622 from intersection 42 to intersection 620; bridge over North Fork of Holston river near intersection 624; 610 from intersection 638 to intersection 628; 624 from intersection 88 to intersection 42; 620 from intersection 610 to intersection 624; 645 from intersection 636; 654 from intersection 604 to intersection 635; 620, bridge over North Fork of Holston at Dillman Ford.

The resolution for employment of a purchasing agent was prepared and written by Supervisor S. F. Gollehon exactly as follows:

"Feeling, as the Board, does of a more adequate control of the expenditures of the Counties financial year, the Board of Supervisors do hereby resolve that a purchasing agent be employed for the purpose of purchasing material for the County, and for medical hospital bills, and for medicine of the benefit of the paupers of the County, therefore: Be it resolved:

"1st. This Board appoint one of its members as purchant agt. to see to it that all material and Equipment is furnished to the County officers at competitive prices and to make it obligatory on the part of all officers of the County as well as employees to make out list of their need at each regular monthly meeting and present same to "Purchasing Agent" so this material can be purchased through him. We feel it's bad business to have too many purchasing Agents in the County and for that reason we will positively refuse to o. k. any bill unless it first be presented and o. k. by a Purchasing Agent. For doing this Additional work the Board will allow the purchasing Agent out of the General County fund the sum \$50.00 per year. Mr. R. F. Taylor appointed as purchasing agent for the County supplies.

"Law on this point P 2725b 1932 Supplement to Code 1930."

Acting on a request presented by the Smyth County Wild Life Federation, presented by President Z. M. K. Fulton and Secretary Thruston Culbert, the board appropriated \$100 out of the dog fund to be used to match dollar for dollar with the state for the purchase of from 10 to 20 deer for a restocking program in the county to begin probably next winter.

Coal, 25 tons of it, was bought from Fuller and Israel of Drill, Va., at \$4 per ton.

The sum of \$500 was appropriated from the general fund for the Smyth county sewing room project.

It was voted to ask for WPA labor on the Red Apple Orchard road.

In a special meeting Saturday, the 5th, with R. E. Burson, state park director, the board voted to guarantee the state highway department a 50 foot right of way along the present Hungry Mother Park Boulevard in return for taking it into the secondary system and maintaining the surface.

Mr. Dave Edmond of Winston-Salem, N. C., is in Marion for several days. He is connected with the construction of the new school building.

Mr. and Mrs. C. O. Brickey of Welch, W. Va., spent the past week end in Marion.

The county agent, game warden, welfare superintendent, four vocational agriculture teachers and the rural supervisor of teachers are under fire of the Smyth county board of supervisors—or rather, of a voting majority of that board—in the tentative budget for the fiscal year beginning next July 1 and published in full in this paper today.

Actual salaries made in the tentative budget are as follows:

### Smyth Wild Life Federation to Formally Organize This Friday

The Smyth County Wild Life Federation, which set up a temporary organization on Feb. 26th, will formally organize this Friday night, March 11th, at 8 p. m. at the Marion town hall.

Prof. C. F. De La Barre, Blacksburg, president of the Virginia Wild Life Federation, will be the principal guest speaker, and a second leading feature will be the presentation of two or three reels of conservation motion pictures through the courtesy of the Jefferson National Forest personnel. Roy C. Brown, of Virginia Intermont College, Bristol, district director for the Federation, will also attend.

The temporary officers, Z. M. K. Fulton, president, and Thruston Culbert, secretary, have, with the organization, a meeting today.

A Smyth County Wild Life Federation, which has already secured from the county board of supervisors an appropriation which it is hoped will bring from 10 to 20 deer to the county for stocking purposes, can be of great value to this community. It is urged that every section of the county be represented.

### G. O. P. To Name Candidate To Oppose Rep. Flannagan

Bristol, March 8th—Robert H. Woods, of Pearisburg, chairman of the ninth Virginia Congressional district Republican executive committee, announced tonight that the committee would meet in Bristol at 1 p. m. next Saturday, March 12th, for the purpose of fixing the time and place for a convention to nominate a candidate for congress.

"It has come to my attention that the incumbent, Rep. John W. Flannagan, Jr., would not be given opposition," said Chairman Woods. "This is absolutely absurd. Mr. Flannagan most assuredly will be given an opportunity to defend the Roosevelt depression and explain to the people of this great district the part he has so proudly played in helping create the worst depression in history.

"We will go into battle this year not so much as partisans but as patriots."

### Entry Blanks Here For Bristol Dog Show

A supply of entry blanks for the Bristol Dog Show, a recognized American Kennel Club exhibition, has been received at the print shop and any persons desiring to enter dogs may pick up blanks here.

The show will be held on Tuesday and Wednesday, March 22nd and 23rd. Entries close March 15th.

Clarence Wolford is spending this week in Washington D. C.

Mr. and Mrs. Gilbert Richardson and Nannie Lane spent Sunday in Bristol.

Mr. Glen Richardson spent Wednesday in Roanoke, Va.

J. F. Ward, superintendent of public welfare, reduction of \$440, from \$2940 to \$2500.

Paul E. Bird, county agent, salary cut of \$420 from \$1320 to \$900. This means a total cut of \$840 from the county agent's salary, which last year was \$2640, as he is paid dollar for dollar by the state, based on the county appropriation.

Game Warden Miles Newman is cut \$330. This year the county paid him \$1230 and it is proposed to pay him \$900 for the coming year. He also gets a fixed salary from the State Commission on Game and Inland Fisheries.

In addition to the three salary cuts here listed, the majority of the board of supervisors have served notice on the school board that before approving the school budget they will insist on cuts of \$166.33 for each of the four vocational agriculture teachers and for the rural teacher's supervisor.

These five positions are held by people who are paid \$2 by the state for each \$1 paid locally. A deduction of \$166.33 from each will mean that each will receive a net of \$500 proposed cut.

The state education authorities who control these units have certain minimum salary requirements. They pay two-thirds of the salaries and have the power of continuing or discontinuing the units if the county does not pay a share which will meet the minimum requirements.

The total of the general fund is proposed by the board at \$58,943.73, a net increase of \$1301.32 over the general fund for the current year.

The county school operating fund shows a net increase of \$16,503.08 and a total appropriation of \$158,435.88. This increase included \$14,000.00 for equipment for the new Marion high school building and increases in capital outlay for two new school busses and an increase in the salaries of bus drivers.

Elsewhere on this page we give a resume of the various items of the budget, with particular mention of all increases and decreases. The complete budget, published in full detail at the will of the board so that the tax payers may know in detail how the board proposes to spend their money, will be found inside.

### "Warm Rain," Mrs. Hull's New Book, Now Being Distributed

"Warm Rain," Mrs. Lucille Shanklin Hull's new volume of poetry, shows again the poet's feeling and sympathy for nature and the people of the world about her along with increased skill of versification. Mrs. Hull, though predominantly a lyric poet, has tried her hand at narrative in retelling the story of Molly's Knob and there are poems, too, of moralizing sentiment as well as some reflecting her interest in other people—a nice variety of subject matter.

Perhaps Mrs. Hull is at her best in her poems recording her feeling for nature.

"Wind that rustles  
Glad and free,  
Swaying trees high on the land  
Tossing feam  
Up from the sea.  
"Rain in thrilling  
Streams that lash  
Sweeping on my upturned face,  
In the glare of lightning flash."

The reader is impressed by the sincerity of the poet's work as recorded with simplicity.

The spirit of the book is of additional interest to those who are interested in Margaret Hunt. Altogether, here is a book which will delight Smyth County poetry lovers.

Local distribution of this \$1.50 volume is being handled by Mrs. Glenn P. Anderson, as chairman of the philanthropic committee of the Marion Womans Club, which is receiving half the author's commission for its beneficial work.

# Payrolls Support Us All!

**THINK** of the combined industrial payrolls of this city. They are the lifeblood of the community . . . the chief support of its many activities.

The money in one individual's pay envelope is important to that individual. That is easy to see. But it is also important to many others not on the payrolls of industry—the butcher . . . the baker . . . the grocer . . . the clothier . . . the doctor . . . the dentist. For the great majority of payroll dollars pass swiftly into circulation . . . in return for the necessities and luxuries of life.

That is why the prosperity of this community as a whole and ALL its citizens may be measured by the aggregate payrolls of its industries.

Each week the industries of this city pour a total of \$00000 into wages for 00000 men and women . . . dollars which pass from hand to hand stimulating business for the whole community.

But money doesn't grow on trees. Where do these payroll dollars come from? They are—they must be—the result of **SUCCESSFUL** industries—industries that are able to justify their existence and obtain business in the face of intense competition.

That's why local industries deserve your support. That's why it is so important that the right spirit of mutual understanding prevail between our industries, their employees, and all people in the city.

And remember. When industries succeed they expand—build larger plants—employ more men.

Then, too, conditions which make for industrial prosperity in a community often attract outside industries . . . other companies decide to locate here. That's the way cities grow—payrolls grow—opportunities grow. That's the way everyone progresses.

Never forget. The future of this city depends upon the attitude of each and every one of its citizens toward the enterprises that produce the payrolls.

### Former Smyth County Girl To Sing At Emory

Miss Lola McCormack

Emory, Va., March 3—Miss Lola McCormack, formerly of Chilhowie and a graduate of Martha Washington College, will give a recital in the auditorium of Emory and Henry College Friday evening, March 11.

Miss McCormack has been well received in the numerous concert recitals that she has given in the South and in the East. She comes to Emory after concluding a series of recitals that she is now giving in Knoxville.

Prominent in local music circles as a high school and as a college student, Miss McCormack was graduated in music from Martha Washington College. After her graduation she studied voice in New York

under Oscar Seagle, internationally famous vocal artist. Since completing her studies under Mr. Seagle she has appeared continuously on concert platforms.

Oscar Seagle has said of her, "She has a clear, flexible lyric coloratura soprano voice of ample range which, combined with her good musicianship, promises a very bright future."

The concert will be sponsored at Emory by the Hermesian Literary Society of Emory and Henry College to help defray the expense of redecorating the society hall in commemoration of the centennial of the college.

Mr. James M. Hart will accompany Miss McCormack at the piano.

### W. J. Niday

W. J. Niday, 25, died in the Richlands, Va., hospital, on Tuesday, February 22nd of injuries received in the mines of the Harmon Coal Company. He suffered a fractured back and other injuries.

### RURAL MAIL CARRIERS CAN TELL YOU

**CONCRETE COSTS LESS TO DRIVE ON**

"As a rural mail carrier making the same trip every day it's easy to keep track of driving costs. My present route is concrete most of the way. Compared with my old route over lower type roads, I save real money on gas, tires and car repairs every year."

Concrete costs less in the first place than any other pavement of equal load capacity. Saves taxpayers \$114 to \$469 per mile per year in surface maintenance compared to other roads. Saves you "real money" in car operation costs. Demand concrete for your roads.

**ELECTRICITY in the HEN HOUSE is a PROFITABLE INVESTMENT . . .**

YOU will be more successful in your poultry raising when you apply modern electrical methods. Electric brooders provide the pure air so necessary to growing chicks. Electricity assures pure heat with no fumes, and there is no open flame to use up the oxygen in the air, so essential to life and growth. A properly designed electric brooder gives automatic, well distributed heat regardless of the weather.

The use of electric lights in the hen house to lengthen winter days to about thirteen hours in-

creases egg production in the months when prices are highest. Electrified experimental farms have demonstrated that the cost of electricity in poultry houses for large flocks, as well as the provision of electrically heated drinking water, amounts to about 2 cents a year for each hen.

Electricity will work for you . . . Give it a chance in your Hen House!

### WANTS WHIP HAND

The Lynotype operator gave the "Sage of Adwolfe" a starter when he struck the letter p instead of f in the word "whip-hold" which we used in comparing the Hitler-Mussolini hold to the grip the administration has on the American farmer. All he needed was a "starter" and there glides on in a voluminous editorial of two columns in which he makes no effort to vindicate or prove his assertion that the 1936 election of Franklin D. Roosevelt saved "the morals of Democracy." We do feel justified to criticize most all the new deal editorial effusions, because we are backed up by so many of the learned and able democrats and democratic writers of the day. We need not try to name the long list of democratic congressmen and senators, men who have given much thought and study as to what will be the outcome of these "New Deal" policies. These men, old line democrats, stand up in the halls of congress, knowing that it may be impolitic to oppose the President. Still they criticize the "New Deal" in strong and vigorous terms. Our new deal friend no doubt is grieved to refer to these learned and able leaders of his party as "Tory Democrats," but to our mind their strong and convincing arguments against much that is going on under the direction and guiding hand of the President is not only justifying but we feel adds much "weight and dignity" to our protests. "Tory Democrats" too bad, of course we quote from Senator Byrd and Glass, because they are right in opposing the whole-sale extravagance going on in Washington. At the same time we were not inconsistent in opposing the machine policies and election methods of the Byrd faction in Virginia. In answer to a query made to one of my democratic friends as to Senator Byrd's stand. He replied that he was for Byrd in Virginia but against his stand in Washington. I replied you are wrong on both ends of the line. Now the contributing editor of the Democrat may or may not belong to the Byrd machine here in Virginia, if so he is wrong, but certainly he should not class him as a "Tory Democrat" in his Washington stand where he is right.

Yes, "Dictatorship is the cry from one end of the land to the other." This is true and it cannot be successfully denied that the cry is much louder now than at anytime in the life of the present generation. If the President gets his "Reorganization Bill" passed, Senator Carter Glass is so apprehensive, that he wants to know if it will give the president power to abolish congress. It is one of those progressive measures that if the President gets it thru, he will not only have a "Whip-Hold" but a much stronger "Whip-hand" on our government organization than any President since the days of George Washington.

### Services At Gospel Hall

Mr. H. G. Mackay preached the Gospel at the regular Sunday service at the Gospel Hall, located on High Street. The subject was "A Day of Good Tidings," from 2 Kings 7. The speaker pointed out that, even as the work of the Lord in that day had provided a full and free salvation for the starving inhabitants of Samaria, so it is today. The finished work of Christ upon the Cross has provided for perishing sinners a full and free and eternal salvation. A mid-week service for prayer and Bible study is held weekly on Wednesday at 7:45 p. m., and the public is cordially invited to all the services. Commencing Sunday, March 13th there will be a weekly broadcast over WOPI, Bristol at 3:30 p. m. This radio ministry will be under the direction of Mr. H. G. Mackay and Mr. F. M. Detweiler.

### To The Farmers of Smyth County:

March 2, 1938

It is not our desire to encourage borrowing, but, to inform progressive farmers of Smyth County of a service available when it might prove profitable for them to use credit.

Production credit is the only institution available to farmers in this section which:

1. Farmers control.
2. Lends money only to farmers.
3. Meets all of the farmers short-term credit needs.
4. Is operated by farmers in the interest of farmers.

It is a permanent source of sound credit for farmers and stockmen, and is available every day in the year.

If you can use credit profitably, we shall be glad to have you call on our representative, Mr. J. F. Mast in the office of Mr. W. V. Birchfield. Mr. Mast will be available Wednesday and Thursday mornings of each week. Applications will be written at any time in Mr. Birchfield's office. If it is not convenient for you to call at his office phone or drop him a card, and Mr. Mast will call at your farm. Mr. Mast is not in your county to solicit your business, but offer to you our services.

**Farmers Urged To Attend  
Wallace Meeting At  
Bristol Saturday**

Farmers of Smyth county are urged to attend the address to be delivered by Henry A. Wallace, U. S. secretary of agriculture, at Bristol, Virginia, high school Saturday, the 12th, at sharp noon in which the secretary will discuss the new farm program. The address will also be broadcast over a Bristol radio station.

"In view of the recent passage of the new Farm Bill and subsequent changes in the 1938 Soil Conservation program, this meeting should be of great interest to all farmers of this section. The public is invited and we hope that a large number of people from Smyth county will take advantage of this opportunity to hear Secretary Wallace," it is stated by County Agent P. E. Bird. Following his address, Secretary Wallace will hold an informal reception during the afternoon at Hotel Bristol at which all who wish to meet him may do so. The day will be topped off by a banquet Saturday night given by Bristol business interests.

It is expected that Smyth county will have a large representation at the meeting.

**KIWANIS HOLD TOUCHING  
MEETING FOR DR. PHIPPS**

(Continued From Page 1)

of vigor enjoying the early afternoon of life, just 54 years of age, presiding over this club, supremely happy, with the hope and expectation of still a long life to live. But—today, Rex Phipps, our president, is dead. Thus in a humble way we commemorate his memory.

"He became a charter member of the club when it was organized in 1928, and he remained a loyal member through the years to the end. The cardinal principal upon which Kiwanis was founded, and upon which it has endured, was indeed a part of his being. It was a daily portion of his life to help the underprivileged children, anywhere and everywhere, out of Kiwanis as well as in Kiwanis.

"During this long period of the Club's existence he had served on every committee connected with the club. There was never any evasion or reservation on his part when called upon from time to time to do and perform anything on behalf of the club. It should be recorded that he always stood at the head of the class on all the various committees for his sincerity of purpose and duty well performed.

"It was at the last annual meeting of the club for the general election of officers, last November 12th,

with a membership of more than 50 active members, that he was unanimously elected president of the club, a signal honor well deserved. "He had scarcely begun his administration as president when he was so suddenly taken away. However, he was in this brief space of time well on his way to becoming one of the club's outstanding and respected presidents.

"He loved the club, and he loved every member of the club. It was his greatest ambition to see the club grow and prosper. He believed whole heartedly in everything for which the club stood. Though death has made him invisible to us, yet in simple faith we believe, as we do this simple honor, that the angels have pulled back the curtains, while he in spirit smiles down upon this club a benediction, almost divine. So we say to you, "Good bye, Rex, and Mr. President—we'll be seeing you."

"Therefore, be it resolved: "First, that in the death of our beloved president, we humbly bow to the will of our Creator and to the God of us all, fully realizing that He knoweth all things best and that He doeth all things well.

"Second, that in his passing, the club lost a good member and an able leader; one whose life was worthy of the emulation of us all.

"Third, that in his departure all of the members of the club have sustained a common loss and share a common sorrow, and

"Fourth, be it resolved that these resolutions be preserved in the archives of this club; and that the secretary forward a copy of the same to the widow and daughter of our departed president, Rex Phipps.
