VOL. XXV. NO. 16.

MARION VIRGINIA, FRIDAY, APRIL 17, 1914

\$1 PER ANNUM

"Dry" With a Vengeance.

West Virginia will be the real "dry" State of the union after July 1. On that date the most drastic prohibition ever placed on the statute books in an American commonwealth goes into effect under a constitutional amendment adopted in 1912 by a majority of 90,000.

It will be that the officers of the State will co-operate with Governor Hatfield in forcing the law to the letter.

The West Virginia prohibition law not only forbids the sale of intoxicating liquors, but a man is not even allowed to give his friend a "nip" even in case he is ill. Drug stores are forbidden to sell alcoholics except on the prescription of a reputable physician and a strict record of every sale must be kept. No person can have more than a limited amount of liquor in his possession. No newspaper, magazine or other periodical offered for sale in West Virginia can carry liquor advertisements. Jail sentences for violations are prescribed in every instance.

Public sentiment in West Virginia appears to be overwhelmingly in favor of a rigid enforcement of the law, the "wet" people believing that such a course will result in a revolution of feeling to such an extent that within a few years, the people will demand the repeal of such a drastic measure.

Mass-Meeting is Guarded by 420 Policemen.

New York, April 13.—City authorities Saturday left nothing undone to guard against disturbances at a meeting of the unemployed and the Industrial Workers of the World held in Union Square, but the crowd of 4,000 to 4,500 was orderly throughout, and some 420 policemen had nothing to do. Orders had been issued that the police were not to become active unless disorder started or an attempt was made to form a parade. No curb was placed on those who spoke.

Several banners were displayed, the legends on some of them reading: "I W. W. I Want Work," "Take and Hold," "Bread or Revolution," and "We Want Bread and Not Blood."

How They Come to Heel.

In the course of the debate in the House at Washington on Friday, at the end of which the rule providing for a vote on the repeal of the clause exempting American coastwise shipping from the payment of tolls through the Panama Canal was adopted in accordance with the demands of President Wilson. Representative Hardwick, of Georgia made these statements:

I want to ask the gentleman (Speaker Clark) if he does not realize that if we turn Woodrow Wilson down there is no hope or chance for any other democrat in the land?

I ask the gentleman from Missouri if he does not realize what every Democrat in this country knows, that we must support the Administration or be turned in to the wilderness for forty years more?

And it is officially recorded in the 'Congressional Record' that at the end of that statement there was applause.

In those words was revealed the crux of President Wilson's power to coerce his party even against the better judgement of its oldest leaders and even against the pledges of the platform on which it went before the people in November, 1912. With in the gift of the President are the spoils of office and with the memory of sixteen starving years behind them and the possibility of forty other starving years before them, the majority of the Democrats in Congress have come to heel without a whimper when the whip of patronage is cracked.—Philadelphia Press.

Instructions Issued to Commissioners of Revenue.

Richmond, Va.—Auditor C. Lee Moore has issued his final letter of instructions and directions to commissioners of the revenue for this year. The circular is full of meat, gives a concise statement of the duties and responsibilities of the officers, calls attention to the law which governs courts and grand juries in making inspections of the books of the officers and urges the commissioners to do their full duty to the State and to their cities and counties. The letter is as follows:

Notable was the work done in 1913 by the commissioners of the revenue. Never before in the history of the Commonwealth was their duty in assessing so capably and effectively performed.

I hope the work done by commissioners of the revenue this year will be prosecuted carefully and earnestly. If this is done, the result will surpass the fine work done in 1913 in assessing license taxes, incomes, tangible and intangible personal property, and improvements on real estate, and the increase in 1914 will exceed the gratifying increase in 1913.

The mandatory requirement that the judges of the circuit and corporation courts shall charge the grand juries impaneled to examine the land and property books will of course be observed this year; consequently the assessments made by you upon those books must be examined by the grand juries and the grand juries will make reports to the courts of their examinations.

I have no doubt the Tax Commission will call upon the clerks of the courts to furnish it copies of these reports, because the law creating the commission provides that "the commission is authorized to obtain all assessable property and make all assessments at fair market value, so the grand jury, in passing upon your assessments, will find very few, if any corrections to be made, and your work will receive its approval.

The assessment of property, income and license taxes for 1914 made by the commissioners of the revenue and sent to this office will be submitted to the tax commission for consideration and analysis by comparison with assessments for previous years in the several counties and cities and in the several districts of commissioners in the same county.

The office of commissioner of the revenue is one of importance and requiring absolute impartiality in assessing tax payers and in determining to fairly assess at market value. This is the law and applies alike to all taxpayers. No taxpayer should see that no favoritism is shown.

Cumins Says G. O. P. Will Unite and Win.

Chicago, April 10.—United States Senator Albert B. Cummins, of Iowa, in an address here Thursday night, criticized the Democratic administration, defined his stand on the tolls bill, pronounced the Republican party the true progressives. He was the chief speaker at the Appomattox Day celebration of the Hamilton Club. Democratic defeat at the next national election, Senator Cummins predicted, would be effected by Republicans and Progressives united as the Republican party and embracing a platform of progressive doctrines.

Dealing with the records of the Democratic administration, Senator Cummins declared it unnecessary to speak of Congress. The President has, for the time being obliterated that ancient and once powerful department of the government," he said.

"When therefore I speak of the Democratic administration I mean Woodrow Wilson. The overthrow of representative government does not seem to have excited alarm, but the day will come when the country will understand better than it does now how vital it is to preserve independence of legislative authority."

Boyd Funk, whose home is at Cedar Springs, was killed Saturday morning when he fell from a freight train and struck his head on a culvert, fracturing his skull. The body was found beside the track at a point between Crockett and Rural Retreat and it is thought that Funk fell from Norfolk & Western freight train No. 86. He was between twenty and twenty-five years old.

May Never Enforce "Dry" Order

Washington, D. C., April 10.—Naval circles are still "in the air" as a result of Secretary Daniels' order abolishing the wine mess aboard all vessels of the navy, and prohibiting even the use of light wines or beer in the quarters of officers at yards and stations. There is much criticism of Secretary Daniels, in the service, but for obvious reasons, it reaches the secretary's ears only in a roundabout way, and he never knows who is making it.

Mr. Daniels has begun to feel the effects of the criticism outside the service, and it would not be surprising, so it is said, if on July 1st, when the order is scheduled to become effective, it would not be promulgated and the wine mess would be allowed to continue.

Secretary Garrison said he had no intention of issuing a similar order to the army. Secretary McAdoo indicated he has no intention of making the revenue cutter service "dry."

Criminal Crime Charged.

Rev. C. A. Barker, a minister of Renhams, Va., who was arrested in Bristol, on last Tuesday week on a charge of attempted criminal assault was fined one hundred dollars by Mayor Warren in police court in Bristol Wednesday afternoon. The charge of attempted criminal assault, which is a felony, was dismissed. Barker is alleged to have attempted to assault Mrs. N. K. Lewis, twenty-two years old and a niece of his, whom he took to Bristol on her way home in Colorado. They went to the Moody house and engaged rooms, and in her room was the deed attempted. Barker is 40 years old and is a man of family.

Farm Damaged by Mines, Owner Seeks Damages.

Wise, Va., April 14.—One of the most important cases on the civil docket to be tried at this term of Circuit Court, now in session, is that of W. V. Hamilton against the Stone Gap Colliery Company. Hamilton owns a 200 acre farm, under which the Stone Gap Colliery Company owns the coal. The taking away of the coal has caused the destruction of the spring, and water courses on the farm, for which Hamilton is asking \$5,000 damage.

The case probably will go to the Supreme Court no matter which way it is decided here. Hamilton is represented by R. P. Bruce and W. M. Bond; the Stone Gap Colliery Company by O. M. Vicars, George Peery and Attorney Fulton. If the case is decided in Hamilton's favor it is probable that many similar cases will follow.

Operator Graham Huddle, who has been located at Seven Mile Ford, has moved his family to Pulaski to take a position as one of the track men at the Norfolk and Western yard office. He will work the third track.

Charles F. Hagan, of Bristol, trustee of the vast estate of his father, Col. Patrick Hagan, has sold to the Sulphur Springs Lumber Company, a tract of timber land in Hunter's Valley, Scott county, for \$60,000. The company will install a band mill on the property.

Worley Fulton, aged 26 years and single, son of J. W. Fulton, of Abingdon, was struck and instantly killed by a falling tree near that town last Thursday morning. The accident occurred at the Bradley and Honaker stock farm, while a party of men were clearing timberland. Misjudging in what direction the tree was falling Fulton was struck on the head by a limb, causing his brains out.

A Cure for Sour Stomach.

Mrs. Wm. M. Thompson, of Battle Creek, Mich., writes, "I have been troubled with indigestion, sour stomach and bad breath. After taking two bottles of Chamberlain's Tablets I am well. These tablets are splendid—no other." For sale by all dealers.

Summer Session at Emory Begins June 10th.

Emory, Va., April 10.—The summer session at Emory and Henry College will open Wednesday, June 10th, closing Wednesday, August 12th. The session this summer promises to be one of the most successful ever held here. There will be a great many young ladies here from Martha Washington, Virginia Intermont, and Sullins taking special work. Work will be offered in mathematics, physics, latin, education and psychology. The same high grade of work which characterizes this institution will be maintained throughout the summer session.

The summer normal, which should not be confused with the summer session of Emory and Henry, will also be held here. Something over four hundred young ladies will attend the normal.

Thomas Gross, 87 years old, a wealthy land owner of Botetourt county, was instantly killed by the Memphis special near Coyner's Springs Sunday morning near a private crossing while attempting to cross the railroad track.

Mr. Isaac Blanton, an aged and honored citizen of Big Stone Gap, died at his home in that town last Thursday. He was one of the pioneer citizens of that country and was highly respected by all who knew him. He had been an invalid for several years.

Mrs. W. F. Phipps, formerly Miss Annie Weiss, passed away Tuesday night at her home near Grassy Creek after a long illness with a complication of diseases. The deceased was a daughter of the late Dr. Weiss of Mouth of Wilson, and was a very intelligent and accomplished woman. She was more or less known here, where she had many friends, who are extremely sorry to learn of her death.—Grayson Journal.

Stomach Trouble Cured.

Gunmen, Slayers of Gambler, Die

Sing Sing Prison, Ossining, N. Y., April 13.—The four gunmen convicted of the murder of Herman Rosenthal died in the electric chair at Sing Sing prison at the break of dawn this Easter Monday morn.

Of the four who died Frank Sedenshiner (Whitey Lewis) made the only public statement.

Even he did not flatterly assert his innocence.

"Gentlemen," he mumbled as they strapped him in the chair, "I did not shoot at Rosenthal. Then who said I did was perjurers. For the sake of justice, gentlemen, I say I did not. The witness Stannish —"

"Whitey" did not finish the sentence, the strange harness had been adjusted and the current threw his body forward in the chair. He had meant to say that Stannish, a waiter and a witness at the murder trial had lied but death intervened.

Sedenshiner was the second man to die.

"Dago Frank" (Frank Cirofco) came first. "Gyp, the Blood" (Harry Hprowitz) was third, and "Lefty Louie" (Louis Rosenberg) last.

Death of Mrs. Peery.

Mrs. J. S. Peery died at her home in Glade Spring last Tuesday week after an illness of several weeks. She was sixty-four years old and was the daughter of J. A. Brown of Wytheville. She was the mother of a large family of sons and daughters, whom she reared to useful manhood and womanhood. She is survived by her husband and the following children: John B. Peery, of Floyd, Va.; Mrs. R. B. Peery, of Marion, Va.; R. W. Peery, of Knoxville, Tenn.; J. B. Peery of Castlewood, Va.; A. N. Peery and Mrs. S. W. Keys, of Glade Springs, Va.; and Dr. B. V. Peery, of Richmond, Va. The burial took place at Emory Thursday.

Summer Session at Emory Begins June 10th.

The explanation is simple. The Progressive party is Colonel Roosevelt, and Colonel Roosevelt is the Progressive party. There was no other excuse for the party's formation, and there is no other excuse for its existence. With Roosevelt absent there is no such party worthy of the name. Should he desert the field of Armageddon it would become a barren waste, with the armies of the Lord scattered to the four winds.—Richmond Times Dispatch.

Mr. A. J. Hicks Passes to His Reward.

(Contributed.)
The death angel visited our home Tuesday morning, April 7th, and took from us our beloved brother Mr. A. J. Hicks, of near Saltville, aged 58 years, 10 months and 23 days. He had only been sick a few days and his death was quite a surprise to every one; he had expressed a number of times that he would be ready to go when the summons came and that he would be through with the toils and troubles of this life. He has left to mourn his death only one twin sister, Mrs. A. M. McCarrag, of Georger, Va.; his wife who was Miss Susie Walker, sister of Mr. U. S. Walker, of Saltville, and D. A. Walker, of Bristol, before she was married to A. J. Hicks—37 years ago. Fourteen children were born to them, five of which were bequeathing him to come to that brighter home where there is no parting, besides three sons and six daughters left without a father. All were at his bedside when he was called except Mrs. Shipp, of North Holston. O. A. Hicks, of Saltville, and Miss Annie, who has been in Richmond attending Massey Business College, ten months.

He joined the Methodist church when he was only 20 years of age and up to the time of his death lived a christian life as best he knew how. Mr. Hicks was loved by all who knew him, and will be greatly missed in the Sunday School and other church work.

He was laid to rest in the Elizabeth cemetery near Saltville, to await the resurrection morn. Funeral services were conducted by Rev. Naff.

"Father we are so lonely without you" but God knows best for some good purpose he took you from us we know not why, though some day we will understand. His will our be done.

The Fading of "Bull Moose" Vote.

Though it may be true that every one can interpret the election of a Republican Congressman in a Republican district in New Jersey after one's own beat, there can be but one opinion of the strength of the Progressive party in the United States when the Progressive party is in South America. Whatever the New Jersey election may show as to the verdict of the country upon the Wilson policies, that election and the others held less recently can be made to show but one thing. They can be regarded only as evidence that with Colonel Roosevelt absent the Progressive party is a name only.

The Progressive vote in the Seventh New Jersey District election Tuesday was 611, as against 4,746 in 1912, when Roosevelt carried the district. In the Twelfth Massachusetts the Progressive vote shrank from 9,000 to 3,600. Whereas the Bull Moose candidates ran well ahead of the Republican in the Twelfth Massachusetts two years ago, the candidate for Congress last Tuesday ran behind the Republican. Whereas Roosevelt left Taft in the rear in the Passaic district of New Jersey in 1912, the Bull Moose candidate for Congress last Tuesday was practically out of the race.

These are two recent incidents. Other elections held since the presidential campaign of 1912 show similar results. Once in a blue moon the Bull Moose candidate would make a respectable showing, but usually no one else knew he was running. The most crushing defeats were left to the last, and on one day the Bull Moose tickets in two congressional districts were lost completely in the contest between Republicans and Democrats.

The explanation is simple. The Progressive party is Colonel Roosevelt, and Colonel Roosevelt is the Progressive party. There was no other excuse for the party's formation, and there is no other excuse for its existence. With Roosevelt absent there is no such party worthy of the name. Should he desert the field of Armageddon it would become a barren waste, with the armies of the Lord scattered to the four winds.—Richmond Times Dispatch.

Refuse to Endorse Colonel Roosevelt.

Augusta, Maine, April 13.—A move to have the Republican State convention last Thursday recommend the nomination of Theodore Roosevelt as a candidate for President in 1916, met with failure. A resolution to that end adopted by the Republican caucus of the town of Yarmouth, was offered as an amendment to the platform, but was declared out of order.

The platform adopted condemns the National Democratic administration for what is declared to be its "hurried surrender to Great Britain of the Panama canal;" its violation of platform pledges; and "its vague vacillating policy in dealing with conditions in Mexico."

School Contests April 24

The annual contests for Smyth county public school pupils, in spelling, recitation and declamation will be held in the opera house on Friday, April 24th.

The spelling match will be held at two o'clock in the afternoon; one pupil to be sent by each teacher in the county. The prize is a Webster's New International Dictionary, worth \$12.00.

At night, beginning at 7:30 o'clock, two contests—one in declamation and one in recitation will be held. Handsome gold medals will be given in each of these classes. Schools doing as much as a one year of high school work are entitled to a representative in each contest.

The winners in these contests will represent the county in the district contests to be held this summer. An admission fee of 15 cts. for adults, and 10 cts. for children, will be charged. The proceeds, after paying the prizes and half rent, will be distributed among the schools which send speakers, and will be applied to the purpose of additional books for their libraries. \$171.63 is already on deposit in the bank, ready for distribution to the same schools, for the same purpose.

Sixteen.
 Sixteen days now for the Democrats of the Ninth district to see that every man has his poll taxes paid and his name on the registration books.
 Do not wait until the last day or two. Something may happen. You may get sick or be called away or be very busy. You will feel rather foolish if you go to the November election, after things have warmed up, and find you let your chance go by six months before and are helpless to help your party, however close the fight or brilliant the prospects.
 "Impress this view and duty on your Democratic neighbors. Keep at them, continue to remind them if they are slow, even if you have to ride or drive a few miles to get at them. It is part of your responsibility as a good Democrat and a good citizen."—Roanoke Times.
 The above is the way the Thursday's Roanoke Times, in part, states the poll tax matter to Democrats—what about it Republicans? We say "go thou," and do likewise. "Ride and drive a few miles" if necessary. Then you will feel good in November over another great victory.

War Imminent.
 Nearly the entire Atlantic fleet has been ordered to Mexican waters to form a public salute to the Stars and Stripes from the Mexican government as an apology for the arrest of United States marines at Tampico last week. Huerta is defiant, but President Wilson says Mexico must obey orders or our fleet will open fire on her ports. Things look more like war than at any time since trouble began with Mexico.

A Novel Entertainment
 Among the most popular entertainments are the Mock Court Trials given under the direction of an expert—Col. A. V. Newton, the well known lawyer-lecturer of Worcester, Mass.
 Many cities in various parts of the country, have been greatly excited over them, as attested by the lengthy and favorable reports in the leading newspapers, and best of all by the great audiences that have packed the largest halls and opera houses to the doors; in many cases the interest being so great that every seat has been sold in advance and hundreds turned away unable to obtain standing room.
 One of these popular entertainments will be given under the auspices of Marion Woman's Club, in Court Square Theatre, on Monday evening April 20th.
 It will be assured that one of our most respected and prominent citizens has been trifling with the affections of a young and beautiful widow of this town and will have to answer to the Breach of Promise suit brought against him, and there will be fun without limit.
 Indeed, it is safe to predict that it will be many moons before the walls of the Court Square Theatre, will again re-echo with so much laughter as will be heard on that occasion. Additional interest will be created in the trial from the fact that a large number of our prominent people will be participants. All the rules of a regular court of justice will be observed.

J. HIRAM BRUCE'S GOOD FORTUNE.

Avoided Consumption by the Timely Use of Bear's Emulsion.

About twelve months ago I contracted a very severe cold which left me with a dry hacking cough I could not get rid of. Cod Liver emulsion was recommended and I took two bottles without any relief whatever, then I took a bottle of guaranteed remedy and after taking it I returned the empty bottle and got my money back as it did not benefit me at all.

I felt right much discouraged, but decided to try Bear's Emulsion which had been recommended to me by a friend, and after taking two bottles I am entirely cured and there is no indication of the cough returning.

I heartily recommend it to any one suffering from a cough or cold they have never been able to rid themselves of.

Very truly yours,
J. Hiram Bruce,
Harrisonburg, Va., Nov. 16, 1911.

Pastor Harris Ends Second Year.

Last Sunday marked the second anniversary of the pastorate of Rev. E. M. Harris.

Since assuming charge of the Marion Baptist Church two years ago there have been 69 persons received into the church by profession of faith and baptism, and 37 additions to the membership.

The Bible school outgrew the capacity of the church which necessitated the erection of a Sunday School building at a cost of about \$5,000. Notwithstanding the expense of the improvements the church has largely increased its offerings to missions and other benevolences.

Mr. Harris is an earnest and faithful worker a fine pastor and very popular with Marion people. The News heartily congratulates him on his excellent work.

Nothing So Good for Coughs or Colds

When you have a cold you want the best medicine obtainable so as to get rid of it with the least possible delay. There are many who consider Chamberlain's Cough Remedy unsurpassed. Mrs. J. Boroff, Elida, Ohio, says, "Ever since my daughter Ruth was cured of a severe cold and cough by Chamberlain's Cough Remedy two years ago, I have felt kindly disposed toward the manufacturers of that preparation. I know of nothing so quick to relieve a cough or cure a cold." For sale by all dealers

Forms of Fertilizer to Use.

Not every one knows that there is a great difference in the value of fertilizers of the same analysis, but there is. Take our Trucker's Potato Manure, for instance, analyzing 9 per cent available Phosphoric Acid, 5 per cent Ammonia and 7 per cent Actual Potash. We use three different forms of materials to supply the ammonia, differing in availability in order that the Potatoes, Cabbage, or other truck with which it is used may have a continuous supply of available ammonia from planting to maturity

Another example is our Bone Meal Mixture, intended especially for use when seeding grass with or without grain, and on corn crops especially when succeeded by wheat. This mixture contains 700 pounds pure raw bone to the ton and analyses 12 per cent available Phosphoric Acid, 2 per cent ammonia, and 3 per cent Potash, and in addition to 12 per cent available it contains 4 per cent Phosphoric Acid from bone, all of which will become available, and is in better form for grass than if quicker acting since it will not exhaust so soon.

Either of these mixtures can be made from material that would cost several dollars per ton less than those we use, but we only use what we believe, and what experience has shown, to be best for the crops and soils for which the mixture is intended.

Don't you think it is to your interest to buy from home people who study to meet your special conditions. Then you can get your fertilizer the day you want it, freight prepaid

KURFEE'S PAINTS FOR HOUSE PAINTING.

Let's have a heart to heart talk about KURFEE'S PAINT and House Painting—a paint that's GUARANTEED from gable to cellar.

The consumer is out after the very BEST paint for the VERY LOWEST PRICE. He is here to chase the nimble DOLLAR and if he is a hustler he does it to the limit. Of course there are certain definite things about dollar chasing and painting that have got to be respected.

They Embody Progressiveness, Common Sense and a Look Beyond the Hour. The First Two Mean the Last

Mr. Consumer you have to look beyond the first dollar that you chase and capture and put into PAINT. YOU want staying quality, you want HONEST QUALITY all through.

We have to give and keep giving our patrons honest, satisfying Paint, that our days may be long in the land as prosperous sellers of Paint. WHY?

BECAUSE IT IS HONORABLE and RIGHT and Because It Pays

KURFEE'S Paints are made in the best and most complete establishment devoted to the manufacture of paints in the world. Simply said, Kurfee's Paint is made of White Lead, White Zinc, Cold Pressed Linseed Oil, and contains NO adulteration. You have as much right to demand that you get proper WEIGHT in a gallon of paint as you do when buying nails, sugar, coffee or anything else. The usual practice of pricing and selling paint by the gallon is often misleading. Some CANS sold for gallons are short measure and some paints are made so THIN that they will not cover. They won't hide the surface. A paint to cover and wear well must contain a large quantity of Lead and just enough Zinc to keep the Lead from Chalking or rubbing off. It must be made of 80 per cent Lead and 20 per cent Zinc and the Outside White should weigh 19 pounds to the gallon. That's the best and whitest white paint that money can buy.

That's exactly the way Kurfee's Paint is made and for your protection the formula is placed on every can. You can see just what you are getting.

Another fact we want to drive home is it's economy. In the first cost and final cost it saves the user money.

Now here are the inside facts about Kurfee's Paint and House Painting and WHY they are used. They save

ECONOMY In Time ECONOMY In Cost ECONOMY In Material ECONOMY In Labor

Don't pay Lead and Zinc prices for BARYTES, WHITING or SILICA which costs only one to two cents per pound. Examine formula to see how much Lead the paint contains and set a gallon of the outside white on scales.

We want to figure paint COSTS with you this way—the cost of painting you: house. Buy it by square yard, not by the gallon. CAN WE QUOTE YOU PRICES?

Get Your Liver Get Lazy or Sluggish.

Liver-Tone Will Keep it Working
 and Make You Feel Well Clean
 —No Dad After-Effects.

If you have allowed your fear of calomel to keep you from toning up your liver when it gets a little sluggish and lazy—try Dodson's Liver-Tone, and note how quickly and harmlessly it starts the liver and relieves constipation and bilious attacks.

When you take Dodson's Liver-Tone, you do not have to stay in the house all day. None of the weakening and harmful after-effects of calomel follow its use. Dodson's Liver-Tone is a mild, pleasant vegetable liquid that cannot hurt either children or grown people. Yet it easily overcomes the most stubborn and inactive liver without making you quit eating or working.

These are not just claims. D. M. Smith drug store backs up every one of these statements and agrees to refund the price of Dodson's Liver-Tone with a smile to any person who pays his 50 cents for a bottle and isn't satisfied that he got his money's worth.

Imitations of Dodson's Liver-Tone are another proof that it is a good thing. Nobody ever imitates a poor remedy. Be sure you get the genuine Dodson's Liver-Tone—the kind that is guaranteed.

Copy of An Ordinance passed by the Council of the Town of Marion at their regular meeting held April 3rd, 1914:

BE IT ORDAINED by the Town Council of the Town of Marion, Virginia, that no person, firm or corporation shall sell or offer to sell any commodity or article of merchandise in any market, store or at any place within the corporate limits of the Town of Marion, at or for a greater weight or measure than the true measure thereof, and

All coal, meat, poultry, butter, butter in prints, provisions and all other commodities and articles of merchandise, except vegetables sold by the head or bunch, if offered for sale or sold within the Town of Marion, Virginia, shall be of the exact weight represented and it shall be unlawful for any of the said commodities to be exposed for sale or sold within the corporate limits of the Town of Marion, if the same or any of them shall not be of the exact weight represented, and

It shall be unlawful for any person to sell or offer for sale within the corporate limits of the Town of Marion any article of merchandise or other commodity, at a price per pound or by the measure when the same shall not have been correctly weighed by the person offering to sell same and the exact weight told the purchaser, unless the purchaser may desire to purchase the said article in bulk, and

If demanded, any person, firm or corporation who shall sell or offer for sale any of the above commodities, shall at the time of making delivery of the same to the purchaser, deliver to the said purchaser a written slip stating the name of the person, firm or corporation selling the said article, the name of the purchaser and description of the article and its correct weight upon which the price is based, and

If the said weight shall be found to be less than represented, the provisions of this Ordinance shall apply and the seller shall be liable to the penalties thereof. Any person violating any provision of this Ordinance shall be subject to a fine of not less than \$5.00 or more than \$25.00 for each offence, and if convicted a second time for the same offence, shall be fined \$50.00 and if convicted a third time, shall be fined not less than \$50.00 and confined in jail not exceeding thirty days.

This Ordinance shall be in force on and after May 3, 1914.

"I was under a great strain nursing a relative through three months' sickness," writes Mrs. J. C. Van De Saude, of Kirkland, Ill., and "Electric Bitters kept me from breaking down. I will never be without it. I don't feel tired and worn out? It isn't the spring weather. You need Electric Bitters. Start a month's treatment to-day; not only better for stomach, liver and kidneys. The great spring tonic. Relief or money back. 50c. and \$1.00, at your Druggist."

An Important Question:

Am I developing a cash reserve
 which will provide an income or
 enable me to grasp my opportunity
 the moment it arrives?

Do you know of a better way to develop a reserve
 than to deposit your income in The Marion National
