## Black Widow Spider Found Near Marion

A black widow spider—an insect whose bite is very dangerous to humans and which is almost unheard of in this section of the country—was captured alive Monday, the 12th, by Miss Eva Bridges, who lives with Mr. and Mrs. Marvin Hart near the golf course.

Miss Bridges noticed the spider in an empty wash tub she was picking up to move in the backyard. With it was a smaller black widow which she killed.

There is no doubt that the spider captured, which is being kept alive in a glass jar is a black widow. It is a small black spider with very long legs with a red dot at the point of its abdomen and the typical red hour-glass mark on its underside.

### Copenhaver-Shanklin

Saturday morning, August the tenth, at eleven o'clock, the Royal Oak Presbyterian church was the scene of a quiet but beautiful wedding when Martha Cooper Shanklin became the bride of Francis Joseph Copenhaver.

Lovely baskets of flowers made a charming background for the bridal party. Before the ceremony "At Dawning" was beautifully sung by Mr. R. N. Shanklin Jr., cousin of the bride, accompanied by Mrs. J. P. Buchanan who also rendered Mendelssohn's and the Lohengrin wedding marches in her usual gifted manner. Misses Ellen Clyde Hull and Martha Elizabeth Hull were the daintiest of little flower girls in pink and blue organdy. They were followed immediately by the bride attended by her father. The bride, who was lovely in a costume of blue crepe with matching accessories, carried an exquisite bouquet of pink roses.

She was met at the altar by the groom attended by his best man, Mr. Julian M. Copenhaver. The impressive ring ceremony was performed by Rev. G. A. Wilson, D. D., in the presence of relatives and intimate friends.

The bride, who is loved and admired by her many friends, is the daughter of Mr. and Mrs. James R. Shanklin. The groom, who is employed by the Virginia State Highway Department, is the son of Mrs. R. M. Copenhaver.

Immediately following the ceremony Mr. and Mrs. Copenhaver left for a motor trip. Upon their return they will be at home to friends at Seven Mile Ford.

## Two Smyth County Girls Injured By Auto

The condition of Miss Virginia Carrico, 19, of Marion, remains unchanged at Rockingham Memorial hospital, but her companion, Miss Leola Medley, 20, of Sugar Grove, shows some improvement.

The girls were struck by an automobile while walking along the valley pike north of New Market Saturday afternoon.

Miss Medley has a broken leg while Miss Carrico is believed to have internal injuries. J. O. Phillips, of Shenandoah City, driver of the automobile which struck the girls, is being held by Shenandoah county officers on charges of reckless driving and operating an automobile without a driver's license.

The girls told officers they were enroute to New York and were waiting for an automobile, the driver of which was paying a visit in a nearby town. Their baggage was at a nearby filling station.

## Southwest Virginia's Finest Service Station Opens

Southwest Virginia's finest service station—the new "Marion Service Station No. 2"—built on the Jackson lot at Park street and the Old Rialto in Marion, is now open.

The station has been leased and will be operated by Frank J. Atkins, popular operator of Marion Service Station No. 1, over the creek.

The station will handle products of Standard Oil Company of New Jersey—Esso Aerotype gas, Esso-lene, Esso and Essolube Motor Oil; Atlas Tires, Batteries and Accessories, and cigarettes and soft drinks.

The station is marvelously equipped to give the best in service to the motorist, and presents many features not to be found in other stations in this section.

All greasing will be done by the verified Esso lubrication system, in which handy loose leaf charts at the operator's elbow leave nothing to chance. Gear oil for transmission and differential is handled through special pumps and metered by the pint, insuring the customer exact and full measure. Included in the special equipment is a complete set of Alemite Pressure Pumps, the latest to be developed by these leading makers. There is a special room for washing and polishing cars, and outside there is free air, of course.

The soft drinks will be kept in a large electric refrigerator. Rest rooms for both men and women are commodious.

To Walter Jackson, who built the station, and Frank Atkins, who is operating it, go our hearty congratulations. They have opened an establishment of which Marion can be proud.

## Unique Entertainment Near Troutdale

Dwellers at Troutdale and vicinity enjoyed a unique entertainment, to which the annual change was one mountain laurel, dug up and tied up, on Wednesday night, the 14th, at Piney Peak school when Miss Irene Dewley of New York City gave a program of readings which she has delivered in the metropolis and in Europe, where she studied.

The program was much enjoyed. Miss Dewley is the guest of Mrs. Kyle T. Cox of Bridle Creek. What she is going to do with all the mountain laurel she collected we don't know.

## Plasterco Mine Still Being Pumped

The large "stope mine" belonging to the United States Gypsum company, located at Plasterco, which was flooded several weeks ago, is still being pumped night and day in an effort to get the mine in operation as soon as possible.

At the time of the flood water entering this mine, the United States Gypsum company, had a two months plaster supply stock, upon which to work, enabling the several different manufacturing units of their plant to continue operating and filling orders.

Engineers who have been on the job since the company suffered setback, estimated the volume of water in the mine as being 6,000,000 gallons. Where the break occurred in the wall, workmen have completely repaired and strengthened all of the mine walls. Carpenters and laborers used nearly 300,000 board feet of lumber.

Eight pumps have been working incessantly to get the water out. One 10,000-gallon pump has connected to it a shaft nearly 500 feet in length, through which this water must be pumped out of the mine.

Officials at the plant are hopeful that the reconstruction operations will be over in another two weeks, enabling the men to resume mining the plaster, which is in large deposits in this flooded mine area.

## Fair Will Be Permitted With Children Barred

A meeting of the Smyth County Board of Health, and Dr. E. C. Harper representing the State, was held in Marion Saturday, August 10, 1935 to consider a petition signed by 127 citizens of the Town of Marion, requesting the State and the local Board of Health to cancel the Smyth County Fair scheduled for August 19-24, and now postponed to August 26-31.

It was the unanimous opinion of Dr. E. C. Harper, representing the State, and the Smyth County Board of Health, that no emergency existed at this time, and it was not necessary to call off the Smyth County Fair. There has not been a case of infantile paralysis reported in Smyth County and only one reported west of Pulaski during the month of August.

The regulation to children under sixteen will apply to the Fair and all other public meetings.

Should an emergency arise, strict regulations shall be enforced.

Nowhere in the State have the Health authorities thought it necessary to prohibit meetings of adults.

## Mrs. C. T. Rouse

Martha Elizabeth West Rouse was born May 13, 1855, departed this life at 8:30 P. M. August 9, 1935, age 80 years, 2 months and 26 days.

She was married to Rev. Charles Taylor Rouse, December 3, 1874, to whom were born seven children: William H., a prominent lawyer of Bristol, Va., Claborn, a successful merchant and supervisor of Smyth County, John P. of Wenatchee, Washington, Dr. Charles A., W. Glenn, and Minnie, the latter for several years principal of Riverside High School. One son Newton died in infancy and her husband on November 14, 1926.

She is also survived by twenty-one grandchildren, three great-grandchildren, one sister, Mrs. Jennie Kirk, and one brother, Mr. George West of Marion.

She professed faith in Christ in early womanhood and joined the South Fork Baptist church of which she remained a consistent member until the summons came. Her illness of several years prevented her attendance at church but her loyalty to her church and the steadfastness of her unwavering faith was attested to by the life she lived. She always welcomed to her home the ministers of the Gospel, never failing to ask them to read the Bible and have prayer with her. Her life was indeed a beautiful sermon within itself. During her husband's ministry of more than forty years she kept the home fires burning and reared her children in the nurture and admonition of the Lord.

She would often say to her children "Go and do all you can; I am not able to go."

She was indeed a patient sufferer, a kind loving mother, a cheerful friend and helpful neighbor.

Funeral services were conducted by Rev. L. C. Ross of Chilhowie, Rev. J. B. Thomas of Bristol and Rev. Roy Redding of Marion, at the Riverside Baptist church, Sunday, August 11, 2 P. M.

The high esteem in which she was held was attested by the large concourse of friends and beautiful floral offerings.

The active pall bearers were Ray and John Rouse, Franklin Meek, Ray Dinkins and Camet Rector.

Flower bearers: Anna Rouse, Mrs. Meek Rouse, Charmie Rouse, Mrs. Ray Rouse, Mrs. Major Hash, Junior Rouse, Marie Rouse, Virginia Rouse, Buddy Rouse, Paul Rouse, Wilma Marshall Rouse, Mrs. C. B. ## Everybody Ready For White Top Folk Festival

Everything is in readiness for the White Top Festival events, many new registrations having been received from guests for the recital by John Powell at Wytheville on Wednesday evening, the 14th, and the folk conference at Marion College on the 15th.

The folk play by Lula Vollmer will be presented by the Barter Theater players at Abingdon, instead of at Marion as first announced.

Sword dancers from the Pine Mountain Settlement School, Kentucky, directed by Glynn Morris will take part in the special program on White Top Saturday afternoon of the festival. This ancient English sword dance goes back to the pre-Christian era, and has not been given in Virginia before. The Kentucky dancers recently appeared in Washington and in New York at the English Folk Dance Festival and are expected to furnish a real thrill to the White Top guests.

Twenty-five members of the Knox County (Tennessee) Harp Singers, directed by J. H. Shingpaugh of Knoxville, will sing traditional folk hymns. Morning Trumpet, North Salem, Warrenton and others in the ancient Elizabethan "fa-sol-la" system with "lead, counter, tribble and bass." This traditional singing gives a weird and beautiful effect, astonishing to those who hear it for the first time. Other folk hymns will be given by singers of Conway, Arkansas, and W. E. Alderman's group from Galax, Va.

John Powell's recital is of exceptional interest: opening with the Vivaldi Concerto Grosso, including the Beethoven Sonata in E major, Opus 109, and closing with the brilliant Liszt Tarantella. By special request Mr. Powell is including a group of his own compositions based on folk tunes to be heard at White Top: Pretty Sally, from the ballad sung by Mrs. Nancy Baldwin at the festival; three country dances from Albemarle County; Green Willow, a beautiful dorian ballad from Mountain Lake; and the delightful English Morris dance, Jockey to the Fair, brilliantly transcribed for piano.

Many notables will attend the various events.

## Stolen Car Recovered Here

On Monday night, the 12th, local police found a light coupe, with three tires gone, abandoned near Staley's creek and the foundry. Inquiry revealed that the tires had been sold to a local filling station by a youth who disappeared. Further inquiry, and tracing of numbers, revealed the owner of the car as Eddie Wilkinson of Bassett, Va. He said it was stolen from him a few days before.

## Mrs. Martha C. Sturgell

Smyth County Fair to be Held Week of August 26

Because of the fact that the secretary manager of the Smyth County Fair, C. S. Parnell, desires to in every way cooperate with the petitioners or any one else interested, he has decided to postpone the Smyth County Fair here for one week: THEREFORE IT WILL BE HELD THE WEEK OF AUGUST 26, beginning on Monday morning of that date and lasting through Saturday evening.

He is appreciative of the cooperation being received in this community and hopes that he will merit this confidence by giving the people the fair they desire, a real agricultural, livestock and educational fair with plenty of attractions, excellent shows, fine horse show, excellent racing both running and harness, and a fireworks program each evening they will never forget.

Already his force of workmen are here doing their various duties and by next week the fair grounds will present an entirely different appearance.

One of the best bands obtainable will be here and besides playing for the attractions will give concerts to those present.

On the midway will be Marks Shows, with eleven rides, about eighteen shows and thirty concessions. This show is said to be one of the cleanest on the road this season and will arrive in Marion from Marlinton, West Virginia.

Please don't forget the change in date which is the week of August 26 to 31st. Six big days and six glorious nights.—(Advertisement.)

YOU DON'T HAVE TO "BREAK IN" THE FORD V-8

You can drive it 50 miles an hour the day you buy it

THE FORD V-8 is ready for normal driving when you buy it. There is no tedious period of breaking-in for 500 or 1000 miles. You can drive it up to 50 miles an hour the first day. And after the first hundred miles you can drive it as fast as you desire.

That means greater motoring enjoyment for every motorist. It is especially important to motorists who are thinking about a new car for a vacation trip—to physicians, salesmen and all those who use a car for business. Instead of dragging along at slow speeds for days, you can make good time from the start.

The reason for this is as important as the result. The Ford V-8 needs no breaking-in because of unusual accuracy in the manufacture of moving parts and the smoothness of bearing surfaces. Clearances are correct when you buy the car. It is not necessary to depend on a long wearing-in period to eliminate tightness and insure smooth running. Longer life, greater economy and better performance are bound to result from such precision methods. The Ford V-8 gives you fine-car construction, along with fine-car performance, comfort, safety and beauty.

### Few Matches Remain In News-Dem Tourney

But few matches remain in the News-Dem Marion championship tennis tourney before all title holders are decided for 1935.

Last week Jim Richardson and Ralph Lincoln advanced to the finals in men's doubles, defeating Boots Walker and Arthur Barlow 6.3, 2.6, 9-7. Walker and Barlow had gained the semi-finals by putting out Andy Funk and John Sheffey 3-6, 6.2, 6.0. Richardson-Lincoln will meet the winners of a match between John Buchanan and Scotty Finley and Dr. Staurt Staley and L. P. Haywood, who advanced on a default by Burke and Duvall.

In women's singles Helen Miles, back from a beach vacation, won two matches to go into the finals. She put out Betty Boney 6.2, 7.5, and then eliminated Mrs. Boots Walker, winner of Lollie Lincoln, 6.3, 6.2. For the title she meets the winner of a match between Mrs. Dot Barlow and Naida Ackley.

The women's doubles rests on the outcome of a match between Mrs. Barlow and Mrs. Walker against Ruth Maiden and Madge Snider.

In mixed doubles, Madge Snider and Lanson Estep put out Mr. and Mrs. Jim Richardson in a tight one, 6.4, 9.7. They play for the title against Lollie Lincoln and John Buchanan.

### Scott Picnic

A picnic composed of the Scott relations was held at Hungry Mother State Park pavilion Sunday afternoon complimentary to their western relatives, Miss Lettie Scott of Wayne, Nebraska; Miss Mittie Scott of Chicago, and Miss Beulah Scott of Fremont, Neb., who are sight-seeing and stopped in Smyth county to visit relatives for one week, their first visit here in fifteen years. They are the daughters of the late Mr. and Mrs. R. W. Scott and are teachers at the above named places.

The gathering at the park was well attended, by adults only. These were about sixty-five in number, S. S. Snider, 84, the oldest one present and his wife, Mrs. Victoria Scott Snider, 73, the only member living of the immediate family of the late Rev. Andrew P. Scott, well known Methodist minister.

Exactly at 2 o'clock with tables laden with a great variety of food, Wilson W. Scott called the crowd to order and Dr. Walter Scott Hendricks, of the First Methodist church of Marion, gave the invocation. After the dinner, Dr. Hendricks spoke, stating that "this is the first Scott reunion held in this section, but I hope it will now become an annual event, if not semi-annual."

Monday morning the visitors left for the Shenandoah Valley. They expect to return to their respective places by the middle of September, to resume their duties as teachers.

### Roberts Reunion

Approximately 125 members of the Roberts family met in the Ward sugar grove Sunday, the 11th, for their annual reunion. Several states were represented, and four generations, with Wiley W. Roberts, 94, of Flatridge, Va., as the senior member of the group, were present. Following a bountiful picnic dinner a fine program including vocal music, string music and talks, was presented by various members.

The following officers were elected: Fred C. Parks, of Abingdon, president; Miss Beulah Anderson, of Chilhowie, secretary; W. J. Roberts, of Independence, treasurer; Miss Ethel Roberts of Rural Retreat, historian.

The 1936 reunion will be held at the same place on the second Sunday in August. On account of the prevalence of infantile paralysis in sections of Virginia a large number of the family did not attend.

### Optical Specialist To Be In Marion Saturday AUGUST 24TH Lincoln Hotel

DR. M. MILTON TALKIN

To do one thing and do it well is to be preferred to doing several things and doing them in a mediocre manner. And it is to this principle that Dr. M. Milton Talkin owes much of his success. He has divested himself of a myriad of details found in the general practice of medicine and confines himself to this one field of practice. This embraces an important field of physical aid. Impairment of vision that would make life a failure is corrected so that life becomes a success. The misery of headache and nervousness passes away when these are caused by eye strain, by properly fitted glasses. Clearly this field offers ample opportunity to serve the public.

### DENTIST'S SIGHT SAVED

Out in Southwest Virginia a practicing dentist found his sight failing. Young in years, ambitious to forge ahead, with a family on his hands he was profoundly shocked to find not only that his eye sight was failing but that they to whom he went for aid could offer none. What a tragedy! But, ten minutes after he called upon Dr. M. Milton Talkin he was told that not his eyes needed attention but that some other trouble was present. He was recommended to see his family physician. The suspected condition was confirmed by later findings, he was placed upon the proper course and his improvement followed. What might have happened had the wrong course been followed is not difficult to imagine.

They who feel the need of optical attention should call. He is moderate in his charges, liberal in his terms and dependable in his work. His is the safe and economical way to clear and perfect vision.—(Adv.)

### Health Notes

Your brain is your power house. From it is supplied the vital energy that is necessary to produce proper function in the heart, stomach, kidneys, etc. The nerves are cables which convey this energy and any pressure upon them decreases this capacity and results in disease of the organ supplied. Chiropractic is the only branch of science dealing exclusively with this principle. By locating the pressure on the nerves in the spine and correcting that it removes the cause and nature does the rest.—(Advertisement n d 2te Aug 12

# A TAX "NOAH'S ARK"

APPALACHIAN ELECTRIC POWER CO.

TO OUR CUSTOMERS:

We are told that the animals in every known variety "went in two by two" when they marched into the ark.

Indirectly, through their electric bills, our customers pay almost every known variety of tax. Read the list at the left of the 14 different taxes paid for your account.

History does not tell how much Noah's menagerie ate during their stay in the ark but we can tell you the penny just what part of the revenue you pay was eaten up by taxes. In 1934 we provided for taxes in the amount of \$2,778,661.81. Had we been free of taxes to the same extent as are government power projects, the cost of service to our customers would have been reduced by well over \$2,000,000.00 per year.

Pre-season Offering

# WINTER COATS

Don't wait! You couldn't do better even if you waited until next year. You'll get a bargain here if you ever got one. Every coat was hand picked . . . and all from the best makers in New York who were anxious to do business with us, for we kept them working in their off season. We were more than picky . . . we insisted on the newest fabrics . . . on the best furs they could put their hands on . . . and we got better than usual workmanship because it is early. Choose your coat at once . . . you need not pay for it until you want it. A small deposit holds any coat.

These values will not be repeated.

### THE TRUTH

. . . about summer offerings of fur coats. Such offering was pioneered in this section by Collins. We introduced it because we found that, in August, we could offer first choice of the New York Market at prices which meant a substantial saving—at no sacrifice of quality—to every customer.

Collins is a home-owned, home operated institution. We have no heavy capitalization charges, no big overhead charges, to meet. Yet, by careful buying from the right sources, we offer here in Marion coats which equal or surpass those you may find in stores in much larger cities. Our buying facilities, through our Special New York representative, are equal to any in America.

In our August offering of fur coats and furred coats, you get the double benefit of our ability to buy at the right places and our ability to sell without the addition of heavy extra charges. You save the difference.

You Should either know furs—or know your furrier. Our 38 years of service are behind every coat we sell.
