C. Bascom Slemp Elected by Biggest Majority In Years

REPUBLICANS CERTAIN OF 35 STATES WITH 2 DOUBTFUL

THIS COUNTY GOES TO REPUBLICANS BY 464 FOR SLEMP.

Democrats Won Only Eleven States; Lost 9 They Had In 1916.

New York, Nov. 3.—Harding and Coolidge are certain of 408 electoral votes. Two states yet in doubt. Republicans will have a Senate majority of 10 and a majority of 100 in the Lower House.

CHAMP CLARK DEFEATED
Champ Clark, once almost nominated for president by democratic convention at Baltimore, was defeated in his home State for re-election to Congress. Seems as if the people were awfully tired of even having democratic congressmen, even in Democratic Missouri. We extend our sympathy, which he much needs, and our congratulations to T. W. Hukreide, the Republican winner.

Solid South Is Broken.

Missouri, Maryland, West Virginia, Tennessee and Oklahoma get on the Republican Band wagon. When Senator Harding swept through Oklahoma and Tennessee in his great campaign he left an impression behind him that will brighten the pages of political history. It will read—"Harding breaks the Solid South."

A CARD.

To the Republicans of Smyth County I want to again thank you for your loyalty and patriotic sense of duty as exhibited by your votes and the splendid majority you gave our ticket last Tuesday. Republicans of Smyth County have never lost a battle during the past 20 years. Now that the women have come on the stage of action we want to thank all of them who stood with us. With their help future victories will be easier. With a majority of 464 we can take courage and go forward. Inspired by the fact that we have right on our side we can always depend upon the masses of the people to stand with us. Every precinct did its duty. For this patriotic service and loyalty I again say I want to thank you.

Very respectfully,
R. A. ANDERSON,
Republican County Chairman.

Mr. W. Lynn Copenhaver, Cashier of the Bank of Marion, left last week for a course of treatment at Mayo Brothers, Minn. We hope our popular friend will return improved in health.

Official Vote of Smyth County Nov. 2nd, 1920.

We wish to call attention to the page advertisement in this issue of the E. L. Pugh Company, of Teas. They are conducting a big closing out sale of the best stock of goods in Rye Valley. Sale opens Saturday at 9 a. m. First 75 persons will get a good broom for 1 cent.

Miss Anna Harris who has been visiting her sister, Miss Isabelle Harris for several months returned to her home in Erie, Pa., Saturday.

Mrs. Elmer Downum, of Roanoke, spent the week-end in Marion.

Mr. and Mrs. Gilbert Swartz were visiting Mrs. John Shorts last week.

Mrs. Walter Comer has returned home after a weeks visit at her mother's.

WOODS WINS

Roanoke, Va., Nov. 2.—W. N. Doak, Republican candidate for Congress from Sixth Congressional District, who from incomplete unofficial returns from all but four precincts was defeated by James P. Woods, Democratic incumbent, by a majority of 3,000 in a statement here declared: "There was all kinds of fraud in this election."

PUBLIC DEBT REDUCED

Washington, Nov. 2.—Treasury operations for October reduced the public debt by over twenty-four million and sixty-two million as the lion dollars, leaving about twenty-four total debt.

It's no trouble at all to earn a hundred per cent on an investment in this town. Just bite off a subscription to this sheet and the deed is done.

The election Tuesday passed off quietly here in Marion and throughout the entire county. The Republicans are very unexcited over the results in the county, especially in Rich Valley District, when the democrats usually pile up a big majority. There are always even after every Republican victory year in and year out, a few dyed-in-the-wool democrats, who do a lot of talking and try to make every one believe that they are going to win. They talk among themselves until deluded as to the true state of affairs and as the election day approaches, they are in a frenzy of emotion and idea of victory, but which wears off before the sun of another day is seen. We have such democrats here in Marion and we honestly feel sorry for them. Tuesday night, at the Marion Theatre, when the news was being flashed upon the screen, we understand that it got too hot for some of our good democratic friends, so they just left.

Women Work Polls.

At North and South Marion precincts, the democratic women were present, in numbers with their little lists of names, checking up on their voters, and showing and electioneering when they had opportunity. The day was wet, drizzling and cold and also we are in favor of woman suffrage, we do not feel that it is the duty of the Democratic party, or any party, to have the women hanging around in front of the polls all day even if they have some one at home to attend to all the household duties that the greater portion of women have to attend to. Our consolation is that none of our good republican women were called upon to expose themselves and stand out in the cold and drizzling rain all day, in order that they might bring some influence or create sympathy so as to gain more votes in this manner.

NIGGER! NIGGER!

Some democrats are so narrow and partisan that even after practically the whole country went almost solidly for the Republicans, they ask if the Republican negro candidate for Senate in Virginia was elected. All we can say is poor fellows! if they can't take a good licking like men, we feel sorry for them. The more you continue to keep up this old cry the bigger republican majorities grow in the great Southwest. Sentiment and prejudice will not longer hold your own people much less attract the rising generation who do not understand such partizan cries.

Personal Mention.

Mr. and Mrs. A. G. Groseclose are the proud parents of a little daughter, born Saturday night, October 30. Mother and babe are doing nicely.

The Marion Women's Club will meet tomorrow afternoon at 3:30 in the Gdammer School Building.

The Annual Meeting of the Baptist Woman's Missionary Society of Virginia will be held at the First Baptist Church, Bristol, beginning Tuesday November 9th. A large gathering of representatives of women from all over the State will be present.

Sentimental issues and exservice "twaddle" will not win in the 9th District.

INFANT CHILD DIES

The infant son of Mr. and Mrs. S. F. Gollehon, died at their home at Ad-wolfe East Monday afternoon. The little one was not quite two weeks old and declined in strength from birth. The funeral service was conducted from the home Tuesday afternoon by pastor H. W. Bellamy assisted by Rev. W. N. Britton. The remains were then laid to rest in the Anderson cemetery.

Harding, Coolidge and Slemp a great ticket. It stands for America First. Who would not be proud to enlist under such a banner?

All honor to the Republican women of Smyth County, and the Ninth District. They did their duty and helped to more than double the majority in this County and the District.

DEATH OF LITTLE DAUGHTER OF MR AND MRS C. E. ANDERSON

Mary Faith, the little daughter, of Mr. and Mrs. Chas. E. Anderson died at the home of her parents at Ad-wolfe Wednesday morning, aged two years and five months. She was stricken with flux, and so terrible was the malady that she survived only a few days. Mary Faith, was a very bright and attractive child; a favorite in the household and her sudden taking away was a severe blow to her parents and little brothers and sisters. A funeral service, which was largely attended by friends and relatives, was held from the home on Thursday morning at 10:30 o'clock, conducted by Revs. H. W. Bellamy and W. N. Britton. The burial then took place in the Anderson cemetery.

CHASE BEAR NEAR MARION.

W. L. Wright, Joh Hutton, G. L. Anderson and John Wright had a terrible fight with a bear in Brushy mountain (east of Mollies Knob) last Thursday night. It cut one of the dogs eyes and ears up considerably. The dogs run it about three miles and it is believed it would have weighed from 125 to 150 pounds.

From head lines in the Roanoke (Democratic) Times, we see where Mr. Cox will go abroad. He should have left about three months ago and would have saved himself a lot of disappointment and expense of a special train all over the United States.

"Wilson is silent on the Election" and "Secretary Colby confesses Sadness" are headlines in the morning newspapers. Guess any one would be "silent" and "Sad" when such an avalanche of rejection hit the work of a life time.—"The League of Nations."

The fellow who imitates virtue is not necessarily a virtuous imitator.

LOOKING AHEAD

We are not going to have a panic in this country. We believe that all danger of such has passed.

But we will in all probability soon have a period of business depression. That is to be expected.

Producers can not afford to continue paying the high wages they are now paying without keeping prices up, and that they can not afford to do, because the public is refusing to buy.

Now the result.
 The employing class (capitalists, if you care to term them such) are curtailing production and are laying off men in large numbers. The will continue to do so until production is at a minimum. In some cases mills may close down entirely. This action will gradually extend to all parts of the country and into all lines of industry.

The millions of employees who are thus thrown out of work can not afford to remain idle for any great length of time. They and their families must eat.

In time necessity will force them back into the shops at reduced wages, production will start up again, with a reasonable profit for the producer and a considerable reduction in price to the consumer. The laboring man will be no worse off in the end, because his living expenses will be reduced in proportion to the reduction in his wages.

Two material facts stand out above everything else.
 First, the public will not long continue to buy at present prices, except actual necessities.

Second, prices can not be reduced to any great extent until the cost of labor comes down.

We may never return to pre-war basis, but the above will be the method adopted by the capitalist to return production to normal.

Upon this country there has been weeping and lamenting over the scarcity of coal, and over the fact that in many places there is no coal to be had above ground.

Coal barons have been rubbing their hands in glee at the prospect of exorbitant profits when the pinch of winter drives desperate householders to pay any price to prevent freezing to death.

Newspapers for months have been full of detailed accounts of juggling and profiteering in coal. Facts were laid bare in the hope that public prosecutors would punish the offenders.

Prosecutors, jarred into the open by the exposures, talked largely, vowed dire punishments, and did practically nothing, except to pinch an occasional "small fry."

It began to look as if millions would have to be gouged or let their families freeze, for there is coal in abundance under ground.

The situation was desperate.
 Then a new element entered—one which reckons not of politicians, or craven prosecutors, or profiteering or graft.

That element was Providence.
 Winter was pushed back. Summer was pushed forward. The warm rays of the sun enveloped the earth at a time when icy blasts should be blowing and furnace fires should be roaring.

God, who created man, came to the rescue when man demonstrated his impotency to handle the situation.
 But God is not a politician.

Local Boys Stand Well At University of Virginia.

Both as to academic rating and general interest in college activities, Smyth County stands well in the personnel of students registered at the University of Virginia this year.

The county's numerical representation, according to figures just announced by the university Registrar, is six and includes sons of the county's most representative citizens. The combined state representation is 953 out of a total of 1622 students registered for the present session.

The proportion of Virginia men at the home university is greater than in any previous year, having increased more than 169 percent since 1905. The reason is not only geographical, members of the University faculty say, but is due to the fact that Virginia students obtain free tuition in the academic department. University figures also show that the number of students from the state public schools attending the University has increased more than 33 percent since 1910.

The local boys who entered the university in September are witnessing the first year of co-educational instruction at the institution, nineteen young women having taken advantage of the ruling of the Board of Visitors admitting them to the graduate and professional school.

The following students are registered from Smyth County: Thomas J. Atkins, Atkins; J. M. Campbell, Saltville; E. E. Copenhaver, Jr., Seven Mile Ford; R. J. Neff, Chilhowie; W. M. Sprinkle, Marion; R. C. Thompson, Saltville.

AS THE PUBLISHER SEES IT

We are all ready to criticize a young girl if she becomes wild, or giddy, or indiscreet. But wouldn't it be even better to look beneath the surface, and consider the actions of the parents who allowed her to travel the dangerous path in the days of her childhood?

Perhaps you have noticed the newspaper accounts of the number of young girls who are reported missing in the big cities. In one big city alone it averages two thousand a year.

Many of these girls have drifted in from the country towns and farms in order to better their condition, and have fallen an easy prey to the vultures who are lying in wait for them.

Most of these disappearances are the results of the girls taking up with strange men on the streets, or in the parks, or the cafes.

But the girls are not always to blame entirely for allowing themselves to be led astray. Often they are the victims of neglect on the part of their parents during the formative period of their characters.

A hen never neglects its little chicks until they are able to care for themselves.

But some parents are not as careful or considerate as the mother hen.

They allow their girls to begin running wild while yet in their tender years. This spirit of wildness, ignored in infancy, grows with time until it reaches the point where it is beyond control.

And then the "port of missing girls."

Not all parents neglect the proper training of their children, of course, but too many for the public weal.

In Nature's School.

Roy M. Shuler, Glade Spring Virginia.

When I was young and wandered o'er The hill and dale searching for lore,
 Every white cloud wore a bright smile
 And cheered me on lifes weary mile.
 Of birds I learned to find their haunts
 Which satisfied me of my wants.

Down in the woods below my home,
 Going to work, or coming from,
 The blue jay twittered his lament
 And boasted how his time was spent,
 Or teased the other little birds
 Who turned a deaf ear to his words.

The squirrels built their nests of leaves
 The moth around him daily weaves
 His house of silk to turn the cold;
 The barred owl his wings unfold
 And soon is rid among the trees
 To escape the coming winter breeze.

Each day that I had time to spare,
 Was spent with these wild creatures there.

In Jeem's woods; what times we had
 While we held lodge—not a fad,
 For Mr. Squirrel told us such
 As how he gathered hickory nuts.

Then says the robin to us all,
 "I fly away in early fall
 To the southland where it is warm,
 And food to eat in every form
 I find growing on every tree;
 And these good things all meant for me."

Replied the squirrel: "You are a king;
 You fly about on feathered wings;
 But you do not know how I feel
 Down in my nest close to my meal
 And when I hunger for my lunch,
 Some kind of nut I then will munch."

And thus I learn in nature's school
 Of every animal his rule;
 I watch the fishes in the brook
 As they nibble at my own hook,
 So ignorant of the outcome
 If he should swallow the big worm.

Still I can study when I wish
 The jay bird, squirrel, or the fish;
 I often wonder what great joy
 'Twould always give to be a boy
 Where I can fish and hunt with song
 And study nature all day long.

Men's Dress and every day shoes at big reduction.

Hard Coal Miners Want More Returns From Ninth District Wages.

Increase of 27 Per Cent and 8 Hours Demanded By Anthracite in Pennsylvania.

Philadelphia, Nov. 2.—Wage increase equal to the 27 per cent recently granted the bituminous miners, with a minimum day rate of \$6 and a universal eight-hour day in the hard coal region, were demanded by representatives of the anthracite mine workers here at a conference with the coal operators.

Under the Presidential anthracite commission's award the hard coal men were given an average increase of 17 per cent, with a minimum day rate of \$4.50.

In asking reopening of the award at the meeting, which was called at the request of President Wilson, officials of the miners presented eight demands, which they explained would eliminate alleged inequalities in the present wage agreement.

The operators without discussion took the matter under consideration and will present their answer to the miners at another meeting, to be held here November 5th.

Returns From Ninth District

Big Stone Gap, Nov. 2.—In a statement given The Roanoke Times at midnight Representative C. R. Slemp claimed his re-election over Bolling H. Handy, Democrat, by 3,600 majority. Reports received at the Republican headquarters show that Slemp carried Wise County by 800 to 900; Lee County by 500; Dickenson County by 50; Washington County by 600; Smyth County by 453 and Wythe County by 750.

Handy Carries Bristol

Bristol, Nov. 2.—The count in Bristol City now stands: Handy, 266; Slemp, 97. Bristol City will give Handy a majority of 600.

Coeburn, Nov. 2.—Round Top gave Slemp 132 majority; Blackwood precinct gave Slemp 18 majority; West Ward of Coeburn gave Slemp 144 majority, Stonega gave Slemp 92 majority while Tacoma gave Handy 8 majority. The wards in Coeburn gave Slemp the following majorities: West Ward 144; North Ward, 56; South Ward 31; East Ward, 161.

Tazewell, Nov. 2.—Early reports indicate that Slemp will carry Tazewell County by 650 majority.

Returns from Pulaski County so far received give Cox 1,572, Harding 1,261, Handy 1,623, Slemp 1,296. There remain four precincts to hear from which are usually Republican. They will not be sufficient to overcome the Democratic lead and the Democratic majority in the county will be from 75 to 100. The two precincts in the town of Pulaski gave Cox 311 majority.

On account of telephone wires being down the other precincts in the county will hardly be heard from tonight.
Giles County.

Pearisburg, Nov. 2.—Practically complete returns from Giles County give Rolling H. Handy, Democrat, 175 majority against C. B. Slemp, Republican for Congress.

Rural Retreat
 Rural Retreat, Nov. 2.—The vote cast here follows: Cox 194; Harding 313; Glass 296; Handy 212; Slemp 328. A total of 573 votes was cast.

Scott County
 Gate City, Nov. 2.—Indications are that Slemp has carried Scott County by 775 majority over Bolling H. Handy, Democrat.

Concede Slemp's Election.
 Bristol, Nov. 2.—Based on returned from nearby counties and incomplete returns from others, Handy leaders practically conceded the re-election of Bascom Slemp to Congress at 11:30 p. m.

C. T. Lile, of Collins & Lile Has Been Appointed Director For Red Cross Work Here.

Mr. C. T. Lile of Marion, has been appointed director of the Fourth Red Cross Roll Call for Smyth County Chapter. This announcement was made by Potomac Division headquarters, who stated that more than 75 per cent of the Red Cross chapters in Maryland, Va., an West Virginia had completed their organization for this

annual event, which consists of renewing memberships or enrolling new members.
 Volunteer workers are urgently needed to make the roll call a success in this county and all those, who desire to solicit membership should communicate with Mr. Lile who will furnish them with supplies and credentials.

With its peace time program fully completed the great relief organization, which has more members than all the combined welfare agencies in the nation, is carrying out a health enterprise in co-operation with other health agencies, that will eventually be taken up in very community in the United States. Included in the general plans for promoting the public health are the Junior Red Cross, the

extension of home service to civilian families, health centers, public health nurses, home care of the sick and dietetic classes and first aid methods. The Red Cross is also finishing its obligations, to the soldiers, sailors and marines in the military hospitals of the country; is continuing home service in the camps for our peace time forces and is still conducting a system of foreign relief.
 The Fourth Red Cross Roll Call begins on Armistice Day, November 11, and ends on Thanksgiving Day, November 26th.

This world is full of people who know how to run the other fellow's business, but are never able to make a success of their own.

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment is a Brisk Purgative With Calotabs, the Purified and Refined Castor Oil.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the use of a powerful, non-toxic, cathartic, which are free from the sickening and weakening effects of the old style cathartics. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful.—(Adv.)

KILL 21 RATTLESNAKES IN DEAD TREE.

Hallwood, Va.—Twenty-one rattlesnakes were found in a dead cherry tree in the orchard of James E. Godwin, a farmer residing near here, and it required several hours work to exterminate the reptiles. The average length of the snake was about fifteen inches. The workmen found a hat-full of snake eggs, many of them as large as a marsh hen's egg.

BUSY REORGANIZING SAVINGS SOCIETIES IN PUBLIC SCHOOLS

Boys and Girls Who Did Such Fine Work Last Year Soon Will Be Active Again.

School boys and girls in all parts of this State are reorganizing the savings societies which did such excellent work last session, and it is believed that even better records will be made during this school year. In the nine months of the 1919-1920 session more than \$2,315,000 was invested in Savings Stamps, Thrift Stamps and other government securities in this district. In order that thrift in its various phases might be taught to greater advantage this session, Miss Mary G. Shotwell, director of the educational division of the district War Loan Organization, last summer visited all of the summer schools in Maryland, Virginia, West Virginia, North Carolina and South Carolina, and was instrumental in having regular courses in practical thrift incorporated in the curriculum not only in the State summer schools but in the county schools and teachers' institutes. In all, more than 660 lessons and demonstrations in thrift principles were given to upwards of 11,000 teachers. Many of these teachers—most of them, very likely—will correlate the thrift idea with their class work this session. The savings movement is being conducted in the schools, and elsewhere, under the direction of the United States Treasury Department. "Work and Save" is one of the slogans. In other words, effort is being made to make everyone realize—particularly the boys and girls of today who will be the men and women of tomorrow—the importance of increasing production, of curtailing waste, of wise spending, of systematic saving, and of investing in such securities as government bonds, Savings Stamps and Thrift Stamps.

Last session the hundreds of savings societies in this State gave ample evidence of the patriotism and intelligent endeavor of their members. This session, with the foundation already laid and with the pupils knowing how to conduct their savings societies and clubs, a record is anticipated of which the State will have good reason to be proud.

IS EASIER TO DODGE ELEPHANT THAN FLEA

Troublesome Insect-Like Extravagances Which Attack Pocket-Book When You Are Not Looking.

You can dodge an elephant but you can't dodge a flea. You have seen the big, lumbering elephant that threatens to overwhelm you as he waddles easily and safely. Unless you deliberately place yourself in the path of danger by attempting to get something for nothing, or by speculative and hazardous investment, or extravagance, you are not likely to have the financial life crushed out of you by the rush of disaster.

You can sidestep the charges of the elephants of dishonesty, judgment and mismanagement by buying Liberty Bonds but you can't sidestep the fleas of waste which take a nickel here and a quarter there and a dollar somewhere else before you can put your finger on them. Most people can avoid spending \$3,000 for an automobile or \$5,000 for a diamond ring but they cannot resist the 15 cents for an extra cigar or the \$2 for theater tickets or the nickel for a bag of peanuts. You cannot always dodge if you have the money in your pockets. If you let them alone, they will make your bankroll look as sick as a kid with measles.

The only way to prevent these small expenditures from making an angry rush on a \$10 bill every week is to swat them by putting the bill out of reach before they light. The safest place to put it is in government savings securities. Thrift Stamps and Savings Stamps are safe and profitable and the greatest protection in the world against waste money.

THEY WILL AGAIN HELP SAVINGS STAMP SALES.

Postmasters of the United States have pledged themselves to continue unremittently to give their fullest cooperation to the success of the savings movement instituted by the Treasury Department, according to news received by the Savings Division of the Treasury. At the Minneapolis convention the National League of Postmasters announced that they would continue to act as the principal agents for the sale of Savings Stamps and Thrift Stamps as they have done for the last three years. The postmasters took this step, they announced, because they were convinced that the economic situation which faced every citizen demanded saving, wise buying, wise spending and safe investment in government securities, and they voted to encourage the Savings Division movement to the fullest extent by urging investment in government securities by individuals, corporations and associations.

Law and the Profits. "How did you come to be a profiteer?"

"It was all because of the law of supply and demand," whimpered the culprit. "I was trying to get a sufficient supply of money to meet the demand for it."

COOKIES and DROP CAKES

From the NEW ROYAL COOK BOOK

WHEN the children romp in hunger, here are some wholesome delights that will satisfy the most ravenous appetite.

Cookies

1/2 cup shortening
1/2 cup sugar
1/2 cup milk
2 eggs
1 teaspoon grated nutmeg
1 teaspoon vanilla extract or grated rind of 1 lemon
4 cups flour
3 teaspoons Royal Baking Powder

Cream shortening and sugar together; add milk to beaten eggs and beat again; add slowly to creamed shortening and sugar; add nutmeg and flavoring; add 2 cups flour sifted with baking powder; add enough more flour to make stiff dough. Roll out very thin on loured board; cut with cookie cutter, sprinkle with sugar, or put a raisin or a piece of English walnut in the center of each. Bake about 12 minutes in hot oven.

Cocoa Drop Cakes

4 tablespoons shortening
1 cup sugar
1 egg
1/2 cup milk
1 1/2 cups flour
3 teaspoons Royal Baking Powder
1/2 cup cocoa
1/2 teaspoon salt
1 teaspoon vanilla

Cream shortening; add sugar and well-beaten egg; beat well and add milk slowly; sift flour, baking powder, salt and cocoa into mixture; stir until smooth, add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

DEATH OF SUSIE BLANKENBECKLER

Death of Susie Jane Blankenbecker who passed away September 23rd, 1920, age twenty-one years, eight months and a few days. She died at the Hospital, at Huntington, W. Va. Her remains were brought back home where the funeral service took place at Fair View Sunday, September 26th, 1920.

The body was laid to rest in the cemetery near by. Susie was a kind girl and was loved by all who knew her and she will be missed by her many friends.

The flower girls were Ida, Jane and Rachel Heldreth, Bessie and Bula Phillippe and Pearl Hale.

A precious one from them is gone, A voice they loved is still A place is vacant in their home That never can be filled. God is her wisdom and recall A voice they loved is given thou the slumbering body here The soul is safe in Heaven. —Written by a friend.

It Pays To Trade With The Home Merchants.

"A doctor in a small town purchased an item or two from one of the large mail order houses—enough to get his name on their mailing list. Later on when he failed to order more goods the catalog house's follow up man got busy and in one of his letters asked a number of stereotyped questions as to why the former no longer patronized his house. The following is the sensible and hard headed doctor's reply:

"Your letter of recent date asking why I had not traded with you for a long time, received, and as you ask me to tell you frankly why, I will give you a few reasons.

"First—I am in business in this community, with its varied industries for my support. I cannot ask the merchants of the town for their support if I do not give them mine.

"Second—I am looking over my more books, I fail to find either Mr. _____, Mr. _____ or other of the company's names, which reminds me that neither of these gentlemen have either given me a penny's patronage. Why is this? Am I too far away, or have neither of them needed a physician, or are they afraid of the mail order plan when it comes to the practice of medicine? I can certainly give as good satisfaction by mail as your house can and will appreciate a call from either of them when in need of medical service.

"Third—In looking over the subscription lists for improving our streets and public highways, I have failed to find the name of either member of your firm down for one penny to assist in the work. Also I have failed to find your name on any charity lists where help has been rendered to our poor; in other words, you are not down as a contributor to our Helping Hand Society. In fact in all the movements for the betterment of our conditions, where our community has needed the united efforts of her public spirited citizens, I have failed to find your name among the list of our contributors. Your name is not on our city tax books, nor do I find where you have paid a city license to do a mercantile business in competition with our home merchants.

"These are a few answers to your questions, and I trust you will see the justice of them."

"That the prosperity of a town may properly be gauged by the prosperity of its merchants needs no arguments. If the people of the town spend their money out of town—send it to Chicago catalogue houses—the merchants get just that much less, the town loses that much trade and that much money, loses inasmuch as the money would eventually be spent in the town.

A cordial invitation is extended to you to worship at the Baptist church on Sunday. Preaching at 11 a. m. and 7:30 p. m., by Rev. McElroy.

IN MEMORY OF J. R. MALOYED.

(Contributed.) In memory of J. R. Maloyed who departed this life on October 18th, 1920, at his home near Chatham Hill. He was born in Marion December 25th 1865. Age sixty-five years. His father died in the town of Marion when he was about six months old and being the only child was left with his mother, Jane Maloyed in poor circumstances to go out in a cold hearted world to battle for a support. When he was about ten years old he went into the home of G. W. Gillespie, of Rich Valley and there remained about five years and through the care and management of Mr. Gillespie he learned to work and to save his earnings and while there he made up his mind to have just as much of this world's goods some day as Mr. Gillespie.

When a young man he married Nannie Bise who at that time had four acres of land that she had received from her father's estate, to this small amount they worked together and now have one hundred and fifty acres and have built a real good house, barn and planted 10 acres in fine fruit trees and worth 10,000, perhaps almost as much as Mr. Gillespie. They raised twelve children, eleven living and one dead, six boys and six girls, now almost grown. He was taken ill about a year ago with cancer of the stomach and went to Abingdon hospital for treatment, he was operated on there and came home some what better but soon got worse and went back and was only examined by another operation and said they could do nothing and his case was hopeless and he wouldn't live three days. He insisted in returning home to die and the Drs. said he would die on the way so he came home and lived nine months. He made a hard struggle to live but after all his great efforts and the help of good friends he himself went to meet his Savior and after giving all the details of his earthly business and his funeral arrangements his life closed. His funeral was conducted by the pastor of Rich Valley Circuit, Rev. M. L. Burris, at Ridge Dale church, near his home. Some four or five his near people attending. The pall bearers were his four oldest sons and two nephews, James Bise and Kimble Buchanan. The flower girls was Misses Annie Pratt and Toby Buchanan. The flowers were most beautiful. May his large family all live a life that they some sweet day see him in Heaven.

Dear Doctor: Diphtheria and scarlet fever seem more prevalent than usual. They are carried by fresh secretion from the nose and mouth of cases and carriers. There are more carriers and milder, unrecognized cases than clinical cases. The germs do not get into the mouth unless they are put there. Please urge upon the teachers and local school authorities importance of not having in school common drinking cup and instructing pupils not to put into the mouth fingers, pencils or things that don't belong there. These simple measures will do more to prevent these diseases than quarantine. Of course, quarantine should be enforced.

Sincerely, ENNION G. WILLIAMS, State Health Commissioner. Collaborating Epidemiologist.

REPUBLICANS MAY WIN TEN SEATS IN THE UPPER HOUSE

Washington, Nov. 2.—A net Republican gain of "eight and possibly ten" seats in the senate was claimed by the Republican Senatorial committee on the basis of "early reports" from the Senatorial fights. Victories were claimed in South Dakota, Idaho, Maryland, California, Nevada, Oklahoma, Arizona and Colorado.

"Should the actual results bear out the early indications giving the Republicans a gain of eight seats," said the committee's statement, "they will have at the next session 57 seats to the Democrats 39, a majority of 18. Should they win all ten seats they will have a majority of 22."

HE FEELS FINE IN MORNINGS NOW

Returned Soldier Says Tanlac Has Relieved Him Of All His Troubles.

"Before taking Tanlac I suffered from one of the worst cases of stomach trouble a man ever had," said Frank Brown, of 638 Fourth Avenue, Huntington, W. Va.

"On returning home from the war I was all worn out and my digestion was awful," continued Mr. Brown. "I had no appetite and my food felt like a weight in my stomach. I would bleed up terribly with sour gas and become nauseated and have dizzy spells and would tremble like a leaf, I got nervous when I went to bed, I would roll and tumble and couldn't sleep. In the mornings I didn't even feel like putting my clothes on and at times I suffered, so badly that I would break out into a sweat.

"After I began taking Tanlac I began improving right off. I have only taken two bottles now and feel as fine as I ever did in my life. I want to be eating all the time. I no longer suffer from indigestion or from gas on my stomach and I am free from nausea and dizzy spells. I sleep like a top and I always get up in the mornings feeling fine. I have gained ten pounds in weight and will always have a good word for Tanlac."

Tanlac is sold in Marion at the Marion Drug Co.

Colored Wedding of Interest.

One of the most brilliant weddings of the season was that of Miss Bastine Richardson and Mr. Frank Smith on Thursday Oct. 21 at the home of her father. The home was beautifully decorated in pink and white chrysanthemums and green foliage.

Mrs. A. G. Martin presided at the piano, before the bridal party entered the parlor, Mrs. Williams Henderson, sang A Dream, at the strains of Mendelssohn's Wedding March, the bride entered the parlor on the arm of her father by who she was given away in marriage. The bride was attired in white charnuese with silver trimming the brides veil forming the train. She carried a beautiful bouquet of brides roses. The grooms gift to the bride was a diamond ring which she wore.

Mrs. Orley Hendrick a sister of the bride and matron of honor, wore an orchid taffeta dress and carried a bouquet of roses. Mrs. Howard Richardson sister-in-law of the bride wore a crystal beaded net over pink crepe-de-chine dress and carried a bouquet of roses. Mr. Howard Richardson a brother of the bride acted as best man, Mr. Alfred Hunter cousin of the bride acted as license barer. The ring ceremony was used. Rev. F. D. Johnson officiated.

Mr. Frank Smith is a prominent young man of this place and has a wide circle of friends here and abroad. Miss Bastine Richardson has a lovely disposition and many friends, the beautiful presents received attested to their popularity. After the ceremony, the guests were ushered into the dining room which was beautifully decorated in the color scheme of pink and white, after which an elaborate reception was given. Those attending the wedding from out of town were: Mrs. Lula Hendricks from Knoxville, Tenn. Mrs. Dan Martin, of Bristol, Tenn. Mrs. Clyde Delaney of Bristol, Tenn. Mrs. Chas. Ellyson and Mrs. Frank Snyder, and Mrs. Hattie Cooley of Abingdon, Va., Mrs. Chas. Seals, Mrs. Henry Seals, Rev. and Mrs. Eddie Gibson, Miss Meredith Carter, Miss Cecil Taylor, Mr. Wiley Waugh of Glade Springs Va. Mr. Alfred Hunter from Bluefield, W. Va. Miss Maggie McClanahan from New York City.

IS IT "JUST A COLD"?

Don't say "It's just a cold." It may turn into backache, rheumatism, achy joints. Or other serious sickness that comes from weak kidneys.

Colds are due to congestion. Congestion makes the kidneys over-work to filter the blood. Colds often leave the kidneys weak. First break the cold; Then use Doan's Kidney Pills to avert the kidney dangers. Let this Marion resident tell you about them.

Mrs. J. B. Folds, Lee St., says: "A few years ago I had a bad pain in the small of my back that came from catching cold. My back pained me so I could get no rest day or night. My kidneys must not be right and they were. The first box of Doan's Kidney Pills gave me a lot of relief and the second one cured me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Folds had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

R-II GAVE AGED WOMAN QUICK RELIEF AFTER DOCTORS HAD FAILED.

One-Half Bottle of The Reese Formula R-II Accomplished in Three Days What Two Bluefield Physicians Could Not Do in Four Weeks. Patient Now Feeling as Young at Seventy as She Did at Twenty.

After being stricken with influenza and pneumonia, closely followed by rheumatism, which confined her to bed for more than four weeks, Mrs. Hanna Chandler, 225 Tank street, Bluefield, W. Va., feels better today than she did at twenty years of age, despite her seventy-odd years. Mrs. Chandler says, concerning her condition and the merits of The Reese Formula R-II.

"Last winter I was taken down with the 'flu' I was considerably run down at time and this with my advanced years made me an easy victim of the malady. Pneumonia developed, and for almost a week my condition was critical. However, my constitution stood by me and after a while I was able to sit up. But no sooner had I begun to recover from the 'flu' and pneumonia than I was almost completely paralysed with rheumatism. Two doctors came to see me daily for more than four weeks but I got no better. I did not eat anything during those entire four weeks, except a crust of corn bread or a piece of toast occasionally. One day my daughter read of The Formula R-II, and I decided to try a bottle. I took just half a bottle when I was able to sit up, and after I had finished a second bottle of this wonderful remedy I felt just as well, if not better, than before, I was stricken. I am seventy years old, but feel younger than I did at twenty, thanks to 'The Reese Formula R-II, which I have continued to take. I have gained fifteen pounds and now eat anything, in fact, my only trouble today is getting enough to eat."

Mrs. Chandler has so much confidence in The Reese Formula R-II as a body-builder that she now is giving it to her two grandchildren—six and eight years old.

Thousands of similar testimonials are constantly pouring into The Reese Formula Company's offices from persons suffering from the after-effects of influenza and pneumonia, indigestion, nervousness, sleeplessness, lumbago, backache, female weakness, urinary, bladder, stomach, liver and kidney troubles. This remedy can be obtained at all leading drugstores, including D. M. Smith Drug Co.
