Laryngitis and Throat Troubles are relieved by Scott's Emulsion and it fortifies the lungs to thwart consumption.

VOL. XXV. NO. 31

MARION, VIRGINIA, FRIDAY, AUG. 11, 1914

\$1 PER ANNUM

## Congress Not Likely to Adjourn Until European War Ends.

Washington, Aug. 10.—Congress will likely remain in session until the European war cloud lifts. Senator Simmons, of North Carolina, chairman of the Senate finance committee, has declared that it should not adjourn as long as fighting continues in Europe.

The necessity of raising revenue with which to keep the machinery of the government going is the cause. The American government raises its funds for government expenditures by levying tariffs on imports. With practically every nation in Europe engaged in war, imports will likely fall to a minimum with the collapse of merchant marine of the warring nations and the industries which produce the material this country wants and upon which a tariff is levied for revenue. It may be possible that if the war is prolonged, the Underwood-Simmons act may have to be overhauled and a tax levied on the articles which are coming in.

Should customs receipts fail to maintain sufficient revenue, there are two other agencies by which additional funds can be raised. One is by increasing the income tax and the other is by the stamp act. More than half of the government's income comes from customs. The other half is raised from the internal revenue tax, the income tax and tax on corporations.

## Death of Mrs. Jno. S. Sherwood.

Mrs. John S. Sherwood died at her home on the South Fork near Seven Mile Fork last Thursday night, aged 65 years. Mrs. Sherwood had been a great sufferer for several months and was only relieved by death. She had been a member of South Fork Baptist church for many years and was a good woman. She is survived by her husband and eight children—Mrs. Nannie Eads, of Chilhowie; Messrs. William F., Dudley and Robert Sherwood, Mrs. Birdie Martin and Miss Lizzie Sherwood of Seven Mile Fork, Mrs. Mary Francis and Mrs. Nettie Copenhaver of Marion. The funeral service was conducted from South Fork church on Saturday by Revs. W. N. Britton and C. T. Rouse after which the burial took place in the church cemetery.

## A Republican Year

Washington, D. C., Aug. 10.—The surest barometer of political sentiment in the Nation is the cloak-room talk in the House of Representatives. The House has two "cloak-rooms," Democratic and Republican. It is in these rooms things are said freely which could not be safely voiced on the floor of the House. In these rooms, Congressmen gather and exchange political confidences. Their expressions are free and uncolored by political expediency. In short, they represent the thought of the "folks back home."

Leads from the Democratic cloak-room indicate a general belief among Congressmen that few Democrats will be elected from the Northwest in the coming campaign. The reason for this agreed on among Democratic Congressmen (but not for publication, of course) is the almost complete abandonment by the Wilson administration of the interests and industries of the Northwest.

"The results of the Kansas senatorial primary is record evidence that this will be a Republican year," said Representative Campbell of Kansas, when asked what he thought of the vote. "It is particularly good evidence that those who voted the progressive ticket in 1912 are normally Republican. I know that in my state of Kansas those who voted for Roosevelt in 1912 did so, not because they had left the Republican party, but as a protest against what happened in the Chicago convention."

"There will be a slump from the Progressive to the Republican party this fall and in 1916, not because those who voted the progressive ticket in 1912 are just as progressive as ever, but because they will have no protest to make with the party to which they belong."

## Test.

Children Cry FOR FLETCHER'S CASTORIA

## Mrs. Hall Found Guilty.

Louisa, Va., Aug. 10.—After deliberating an hour and twenty-one minutes, the jury trying Mrs. Elizabeth A. Hall for the murder of her husband, Victor K. Hall, on the morning of April 15, this afternoon brought in a verdict of second degree murder and fixed her punishment at ten years in the penitentiary. It was a compromise verdict, it is said, after nine jurors had stood for murder in the first degree, for which the penalty is death in the electric chair, or in the discretion of the jury, life imprisonment.

Miss Ruby W. Dickenson, of Marion, Va., who is a graduate of Marion College and Hollins Institute has been added to the faculty of the Lebanon State School to teach High School English and assist in the music department.—Lebanon News.

Mrs. E. F. Groseclose, of Marion, and Mrs. Robert Connell, of Liberty, Mo., are visiting the former's son, Mr. J. K. Groseclose, at Hotel Pulaski.—Pulaski Times.

## Divorce Rate Double Says Federal Report.

Washington, Aug. 11.—The divorce rate in this country has practically doubled in the last 8 years, according to latest statistics from the census bureau. Ten years ago, it is declared, there was only one divorce to every twenty marriages, but now the rate is one to twelve. Actors are shown to have more divorces within their ranks than any other profession, and musicians are said to come next.

## Elects Officers.

The Baptist Young People's Union elected the following officers at their last meeting for the next six months: Alex Hutchins, president; Miss Edith McGinnis, vice-president; Haynes Wolfe, secretary; Mrs. W. B. Echols, treasurer; Miss Lucile Wright, corresponding secretary; Haynes Wolfe, chorister; Miss Nellie Sims, librarian; Frank DeBord, chairman special committee; Miss Miles, chairman instruction committee; Mrs. C. L. Russell, chairman missionary committee.

## Favors Woman's Suffrage

Seattle, Wash., Aug. 12.—Suffragettes applauded to-day when Mayor Hiram C. Gill, in testifying before the Federal Industrial Relations Committee, made his initial declaration in favor of woman suffrage. Votes of women, the mayor had testified a few minutes previously, did much toward his recall three years ago. He also added that he was opposed to suffrage.

The mayor said he was favorable to woman suffrage now and said the votes of women had resulted in cleansing politics here.

The mayor insisted that the labor problems of the Northwest were different from those of the East.

"Back East you have capitalists who can't recognize that there is anyone except themselves, and laboring who are ignorant," he declared.

Mrs. W. S. Stone of Marion, Virginia, is the guest of Mr. and Mrs. J. F. Johnston on Fourth Avenue.—Wytheville Enterprise.

## Infection and Insect Bites Dangerous.

Mosquitoes, flies and other insects, which breed quickly in garbage pails, ponds of stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite you, they inject poison into your system from which dread disease may result. Get a bottle of Sloan's Liniment. It is anti-septic and a few drops will neutralize the poison caused by insect bites or scratches. Sloan's Liniment disinfects and soothes. You can't get it without it in your medicine chest.

## The Abingdon-to-Lebanon Highway.

Abingdon, Va., Aug. 10.—With a view of getting an estimate of the cost for completion of the Abingdon-Lebanon macadamized highway, Alex Stuart, of Abingdon, requested the State highway department to go over the road Friday. A. H. Pettigrew, assistant State highway engineer, with Henry Roberts, chairman of the highway committee of the Bristol board of trade, met here and were taken over the road to the Russell county line by Mr. Stuart. Upon their return, Messrs. Stuart and Roberts were very much encouraged over the State engineer's report, who said the road could be put in first class condition with only a small expenditure of money.

The surrounding counties, Russell, Tazewell, Lee and Wise are spending millions of dollars for road systems. The Lebanon highway will give Abingdon connection with a vast amount of business north of the Clinch Mountains.

One-fourth of all the motor cars of the world are owned in the United States. There are now 1,400,000 registered cars in this country.

Great Britain is second, with 250,000, and France, third, with 93,000. Persia has thirteen and Liberia, one. Many large cities in foreign countries have no motor cars.

## Fish Cover 500 Acres.

Five hundred acres of dead fish line the shores of Wauponoca Lake, at the Wauponoca Gun Club's reserve in Arkansas, according to reports received here. Lack of rain is assigned as the cause.

The lake, scarcely more than two feet deep at the deepest point, originally covered 1,500 acres of ground. During the last few weeks the lake has dried rapidly, and unless heavy rains come soon the entire sheet of water is apt to evaporate.

At normal stage this lake abounds with fish characteristic of local waters. The 500 acres of water which has been dissipated has killed thousands of the lake's fish. The shores are lined with dead black bass, carp and the like, and hundreds are dying daily because of insufficient water.

Summer colds are dangerous: They indicate low vitality and often lead to serious Throat and Lung Troubles, including Consumption. Dr. King's New Discovery will relieve the cough or cold promptly and prevent complications. It is soothing and antiseptic and makes you feel better at once. To delay is dangerous—get a bottle of Dr. King's New Discovery at once. Money back if not satisfied. 50c. and \$1.00 bottles at your Druggist.

## U. S. to Buy Land Near Bristol.

Bristol, Tenn., Aug. 11.—The United States government has filed condemnation proceedings against lands in Johnson county, known in part as the "Shady Valley tract," aggregating nearly 23,000 acres, with a view to curing the title of all defects in order that the land may be purchased as a part of the Southern Appalachian timber reserve. The cases will be heard in the federal court at Greenville, Tenn. Notice of the government's purpose to condemn these lands has just been published officially in the county newspaper of Johnson county, the Mountain City Tomahawk. This means that these lands are soon to be added to the White Top area and other lands purchased a year ago by the government.

One way to relieve habitual constipation is to take regularly a mild laxative. Doan's Regula is recommended for this purpose. 25c a box at all drug stores.

## Ford Car Production Eclipses All Records.

Detroit, Mich., Aug. 10.—Three years ago if you had told any one that a single automobile company would build more than 200,000 automobiles in a year, that person would have thought that probably you were harmless, but ought not to be allowed to run at large, as you might suddenly become violent. But in nine months the Ford Motor Company has done better than reach the 200,000 mark. It has built and sold 203,194 from October 1, 1913, up to July 1, 1914.

In other words, an average of better than 22,500 Fords have been built and sold every month for the first nine months of the company's fiscal year.

Last year's production of Fords was about 185,000 cars. This mark was passed by this year's production in the middle of May. It is almost impossible to conceive of 200,000 automobiles. Only by comparison may one really grasp what a huge figure means.

If all the Fords built and sold so far this year were placed in line a half-mile apart, they would reach around the world four times.

## Radford Normal Notes.

A bulletin entitled "The Old Time School in Scott County" will come from the press in a few days. This bulletin written by Prof. R. M. Adlington, of Scott county, is a valuable contribution to the educational history of this part of the State. The bulletin will be sent free to any one on application.

Dr. J. P. McConnell and Prof. W. E. Gilbert are planning educational campaigns for the latter part of August and the first week in September. These campaigns will cover six counties in Southwest Virginia. These campaigns are planned under the auspices of the Appalachian School Improvement Foundation, of which Dr. J. P. McConnell is president. A number of prominent speakers and educators have been engaged for these campaigns.

Prof. C. P. Graham, principal of the 5th Congressional District Agricultural High School at Elk Creek, spent a day at the normal recently recently securing data as to the best methods of teaching agriculture, school gardening, domestic science and manual arts in a high school.

## Midway Items.

I will try to give you a few items from our community. We have had a very dry season and all crops are short, even grass is gone. The gardens are very poor. We have had some recent showers which will help some.

Mrs. Hurst, of Pulaski, and son Estell and wife, were visitor to Mr. A. O. Rhoades' last week.

Miss Bessie Rhoades and her brother Dennis left for Valparaiso, Ind., where they will go to a business school. These young people will be missed from our community.

Mrs. Vanhoy and two sons, and Miss Nannie Pugh, Mr. Walter Ham and others from Sugar Grove and Tea, spend last Friday at the home of Mr. A. O. Rhoades and expressed themselves as having a good time.

As items are scarce I guess I had better ring off for this time.

J. V. M.

## The Case of L. L. Cantel.

The case of L. L. Cantel, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "After trying a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all dealers.

Children Cry FOR FLETCHER'S CASTORIA

## Four Killed in Duel Near Freeling.

Freeling, Va., August 10.—News of a revolting affair reached here from across the border line in Kentucky. Four men were killed at the town of Fleming. Details are meager, but it is gathered that an election for school trustees was being held in the district of Wright's Fork, of Boone Creek, in Letcher county, at which feeling grew very warm. As a result of this feeling, Marion Hall, Albert Hall, Alec Hall, and another Hall whose first name could not be learned, became involved in a difficulty with William Quillen, his son, Ira, and Maynard Hall. Guns were brought into play and after some skirmishing the three Halls (brothers) who fought with Marion, and the younger Quillen, were dead. Marion Hall was shot twice through the arm.

Mrs. Bullitt, wife of Joshua F. Bullitt, a prominent lawyer, of Big Stone Gap, died at her home in that city last Friday. She had been a sufferer for five years and had made a valiant heroic struggle, but in the end had to submit to the inevitable. She is survived by her husband and 8 children.

## Nation's Heavy Debt.

The debt of the national Government is a greater financial weight upon the people of each state, except Arizona and Massachusetts, than the obligations of the State in which they live, according to statistics issued last week by the Census Bureau. The figures show that on June 13, 1913, the per capita debt for the 48 States amounted to \$3.75 while that of the National Government was \$10.59. The total debt of the State Governments on that date was \$522,796,425. An offsetting item was \$76,980,571 in sinking fund assets.

The national government had a total debt at the end of June last year amounting to \$2,916,204,914. New York has a per capita debt of \$9.05 due largely to the cost of the Erie Canal.

If the American must compete with the cheap labor of the world he must subsist as that labor subsists. Having tried the dear cattle and cheap meat theory as applied to living and the altruism of the Underwood bill as applied to factories, the workingman is ready for the good old days, when he had high wages and overtime. Fortunately for the Republican party, all other parties repudiated the policies the workingmen are demanding. Protection will be restored—Watertown (N.Y.) Standard.

## The Latest Fad Among Parisians

Paris, August 10.—The latest fad among fashionable Parisians is having the tongue read, "Glossomancy." is the new science is styled, is akin to Chiromancy and Graphology, and consists in having the character told by the shape and dimension of the tongue. A long tongue shows frankness, a short one dissimulation; a broad one, unreservedness; a narrow one, concentration. When the tongue is long and broad, it is a sign that its owner is inclined to gossiping; when it is long and narrow that he is moderately frank and open. Those who possess a short and broad tongue are untruthful and people should be careful of those whose tongue is short and narrow, for they are sly as well as bad tempered. The new science makes sticking out the tongue not only bad mannered but dangerous.

## Sugar Takes a Jump.

San Francisco, Aug. 10.—Sugar jumped three quarters of a cent a pound here today, the greatest single advance ever made here. The rise was due to European war conditions. The California-Hawaiian Sugar Refining Company quoted an advance of \$5.45 per hundred weight or \$15 a ton. The California-Hawaiian Sugar Refining Company quoted an advance of 55 points to \$5.25 and further advances were predicted.

Dealers are short on stock and England is bidding above parity in the Cuban market.

Messrs. Hayer and Combs, of Lebanon, have established an automobile line between Abingdon and Lebanon, one car a day leaving each point.

## Wheat Reaches New High Water Mark

Chicago, Ill., Aug. 10.—A new record for the season was made on the Board of Trade today when May wheat reached 111 1/8, a jump of more than 7 cents since last Thursday.

The previous record was made last Saturday, when grain for that month reached 107 5/8.

Advances of nearly 8 cents were also shown for September and December wheat. Sentiment was radically bullish and the volume of trade was fairly large. The market eased off half a cent at 11:15 A. M.

## Cornerstone Laid

Radford, Va., Aug. 11.—The cornerstone of Grove Avenue Methodist church was laid Friday by Past Grand Master W. L. Andrews, of Roanoke, and Virginia May Lodge of Masons, of East Radford, in the presence of a large gathering. This is the most ambitious church edifice Radford has yet attempted and it is a result of the special demand of the larger congregation growing out of the presence here of the Normal School. The church is to seat a thousand persons in the auditorium and Sunday school room, which are thrown into one. It is to cost \$25,000.

## Pointed Paragraphs

Even a rich bachelor may make a poor husband. Too many people take advice that doesn't belong to them. Ten men out of ten either have too much money or not enough. The man who is in pursuit of success should carry no excess baggage. There is satisfaction in being able to deceive the deceiver. It is now the open season for teaching the summer girl to swim all over again. One boost for every ninety nine knocks is about the usual proportion. A woman's husband may be a poor excuse and yet better than none.

We were told that the Democrats would so adjust the tariff that it would reduce the cost of living. We have had that free-trade tariff law now for months, but how about the high cost of living? Our good American money goes abroad, we get the goods but the foreigner gets our money. How do you like it?—Pike County News, Louisiana, Mo.

## Summer Constipation Dangerous.

Constipation in Summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Ptomaine Poisoning and other ills are natural results. Po-Do-Lax will keep you well, as it increases the bile, the natural laxative, which aids the bowels of the congested poisonous waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose to-night. 50c. at your Druggist.

## Estimated Yield of Country's Chief Crops.

Washington, August 10.—The country's record breaking crop of winter wheat amounts to 675,000,000 bushels, the department states in its preliminary estimate. This is 22,000,000 bushels more than was forecast in July.

Prospects of the spring wheat crop have decreased during August and that crop is now estimated at 236,000,000 bushels or 38,000,000 bushels less than in July, making the total wheat production forecast of 911,000,000 bushels or 16,000,000 bushels less than indicated July 1.

Corn prospects decreased 283,000,000 bushels during July and a crop of 2,634,000,000 bushels is now indicated, while oats decreased 44,000,000 bushels.

Potato prospects increased 9,000,000 bushels and a 370,000,000 harvest is indicated.

Weather conditions for the great grain crops were not especially favorable during July.

## Disappointment Among Rural Carriers.

There is general disappointment among the rural carriers of the country in not getting the increased salary expected July 1st. Instead of a uniform increase from \$1100 to \$1200 applying to all rural carriers having routes of standard length, as was expected, the increase is based on three conditions—the length of the route, the number of pieces of mail handled, and the weight of the mail carried. The carriers at Marion get no increase. Hay T. Thornton, Postmaster at Richmond, through whose office all the rural carriers in Virginia are paid says that something like 25 per cent. of them will have their salaries raised varying amounts. The total pay roll for Virginia, amounting to \$90,000 a year, will be increased by about \$4,000.

## Man and His Troubles

This story of man and his troubles may not be exactly along the lines of progress and development work, but it is a fairly good and true story of the hardships that the average man must go through, for life is just one (?) thing after another, we have ours, and we guess that most of men have theirs, anyway what do you think of it.

"Man that is born of woman is of few days and full of microbes. He hoppeth out of bed in the morning and his feet are pierced with the tack of disappointment. He walketh through the streets of the city in the pride and glory of his manhood and slippeth on the banana peel of misfortune and unjoineeth his neck. He smoketh the cigar of contentment, and behold! it exploded with a loud noise, for it was loaded. He slideth down the banister of life and encounters many slivers of torture. He lieth down to sleep at night and is stung by the mosquitoes of annoyance and his frame is gnawed by the bedbug of adversity.

What is man but the blind worm of hope? Behold, he is impaled upon the hook of despair and furnishes bait for the "vathan, death, in the fathomless ocean of time. Sorrow and travail follow him all the days of his life. In his infancy he is afflicted with worms and colic, and in his old age he is afflicted with rheumatism and ingrow-toenails. He marryeth a cross-eyed woman because her father is rich, and findeth she has not sense enough to fry the festive chuck steak. His father-in-law then monkeyeth with options and goeth under.

What is man but the tumor on the neck of existence? He playeth the races and betteth all on the brown mare because he hath received a tip. The sorrel gelding winneth by a neck. He carrieth his own insurance, for "insurance is a graft," and lo, his dwelling is consumed by the fiery demon between two days. He signeth the bond for his friend, for "his word is as good as his bond," and the Sheriff selleth his farm to pay the default. He investeth his savings in mortgages, and asketh not for abstracts of title, and when his debtor faileth to pay he findeth his security is nil. Verily, man is nothing but a wart on the nose of nature; a bunion on the toe of time; a freckle on the face of the universe."—Ex.

## Constipation Causes Sickness

Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the back-ed-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Just take one dose tonight. 25c. at your Druggist.

## Lets Keep Our Powder Dry

As stated in a former editorial, published in the News, we expect to vote for State-wide Prohibition. We do this because, to our mind, after weighing all the arguments pro and con we think that State wide Prohibition, will be better for Virginia than the ineffective local option laws we have at present. Many of our readers may differ from us on this question just as some do politically, but we are not going to say they are incinerate and are opposed to good government. The question all must admit is one for thought and fair discussion. If those of us who are going to vote dry cannot convince by reason and argument the local option advocate, we can be sure that harsh criticism and caustic means will not drive them our way, and on the other hand unfair statements and charges will not convert or change those who favor Prohibition from their course.

The people want information and facts, not abuse and ugly charges from either side. We have been giving our readers some facts and figures on both sides and while we do not claim responsibility for what either side may say in the columns which they purchase, we feel sure the individual or organization that makes unwarranted and harsh statements only injures the cause advocated.

In an article in our last issue one Mr. J. E. Rogers, of King George county, in giving his reasons for opposing prohibition says that the enabling act was a piece of "snake-bait legislation" and that our representation were "bulldozed and intimidated by an army 400 strong of clerical hypocrites", etc. Now we do not endorse nor believe what Mr. Rogers says, and as indicated above, we think the "Local Self-Government League" only injures its cause when it publishes such reasons as given by Mr. Rogers. Fair thinking and conservative people (and this class will decide the question at the ballot box) will not endorse such stuff, but it will even turn many whose sensitive pocket nerves largely controls their actions.

Lets keep our powder dry and our shot will carry farther.

One stray Filley or Mare about 3 years old, black with sloping hips. She came to my place July 20th. The owner can come and get her by paying for cost of keeping and this notice.

## Washington Letter.

(By JONATHAN B. W. SE.)

Washington, D. C., Aug. 11.—The fact that five out of the six postmasters elected at the recent primaries in the Ninth district were anti-machine men shows conclusively that the "old ring" which represents the Martin-Swanson faction in the state is surely losing its hold. But one of the six men elected, R. W. Ervine at Dante, Russell county, is a machine candidate. In fact it is claimed by the machine candidate who was defeated at Pocahontas, that J. W. H. Lawford is a Republican. Whether or not that is true or just a ruse on the part of the machine candidate to defeat an anti-machine man who won fairly and squarely has not yet been determined by the Postoffice Department.

That Postmaster General Ervine intends to abide strictly by the agreement made between the two factions to name the man receiving the highest vote is indicated by the fact that all six of the successful candidates have been furnished with papers to fill out prior to appointment. This, despite numerous objections made to some of the successful candidates.

As stated in my letter of last week, a protest has been made against the appointment of Auk Dye at Honaker on the ground that he is not a bona fide patron of the office but lives outside the township. Dye is a strong anti-machine man and the protest comes from the machine faction. None of these alleged facts regarding Dye were made known before the election and he was allowed to enter as a candidate. But since his election the machine crowd is contesting his appointment.

Over at Pocahontas, Tazewell county, a protest is being made against the appointment of J. W. H. Lawford on the ground that there were irregularities in connection with his election. During the past week A. W. Landon, the "machine" candidate came to Washington in an effort to prevent Lawford's appointment. Lawford was the candidate of the Pocahontas Collieries Company and it is understood officials of the company used their influence with their employees to have Lawford elected. It is understood Landon charged Lawford with being a republican and intimated that coercion was used in bringing about his election.

But the anti-machine faction at Pocahontas is satisfied with Lawford's election. In speaking of the matter here this week a prominent Pocahontas anti-machine man said: Landon will try to prevent Lawford's appointment on the ground that he is a republican and that most of the votes cast for him were under coercion. Both of these charges are probably true, but as he got most of the votes it makes him a good enough Democrat for us."

The primary at Big Stone Gap the home of R. Tate Irvine, the Democratic congressional nominee is being held up because the "machine" candidate is to be tried this fall on the charge of killing a negro. Upon his conviction or acquittal depends whether he will be a candidate.

## Farm For Sale.

I have for sale a farm consisting of 84 acres located in Smyth county on Dry Fork of St. Clair creek, six miles South east of Chilhowie. 50 acres cleared land, good soil and in good state of cultivation. About 25 acres in good timber. Good 4 room dwelling house. Good barn and out-buildings. Fine orchard. Farm well watered. About one mile from Piedmont High School. Price \$4500. Easy terms made known to purchaser. For any further information write or see

David S. Rowland,  
 Chilhowie, Va.  
 R. F. D. No. 2.

Wood's Seeds.  
**Winter or Hairy Vetch.**

Winter or Hairy Vetches are increasing in popularity wherever they grow, and are proving to be one of the most valuable crops for fall planting. They not only make a large yield of the most nutritious hay—some of our customers reporting as high as three tons per acre—but they improve the condition and productivity of land for crops to follow, as much as any crop that can be sown, not even excepting crimson clover and cow peas.

Wood's Descriptive Fall Catalogue contains full information in regard to Winter or Hairy Vetch, Crimson Clover, Alfalfa, and all

Farm and Garden Seeds for Fall planting. Write for Catalogue and prices of any seeds desired.

T. W. WOOD & SONS,  
 Seedsmen, - - Richmond, Va.

## Says War Will Cut Down Living Cost.

Boston, Aug. 10.—Roger W. Babson, business statistician, today forecasts a golden opportunity for investment by men of small means, a boom in the cotton and wool industries, but the reverse of ol luxuries and some of the result of the European war.

"There is a possibility of a warrant being issued for the arrest of Babson. We have the right to export it. There are no export duties. By every law we can demand the price to go down.

Whether there is any reason for an increase in the price of beef or in the by-products of cattle. The prices of these should be lower, if anything. And after peace is declared in Europe and ships are available to transport beef across, there is no reason to anticipate a sudden demand for beef that will send the price up again. On the contrary, beef shipments should be below normal, for there is bound to be a prolonged era of economy among the nations engaged in war.

"Where New England is bound to be hit hard is in her boot and shoe industry. The European demand is going to fall off so heavily that I'm afraid many men will be thrown out of work.

"For the general public, however, there is a silver lining to this cloud, for it means a surplus of shoes on the market and consequently cheaper prices.

"Every article containing rubber is going to jump in price, for the world's rubber supply is no longer enjoying its dependable sources in Brazil. This means that automobile tires are going to cost more. But, because navigation is at a standstill, there's a consolation for automobile owners in the assumption that gas line will go lower.

"Sugar, rice and tea are going to cost more than ever. The price of potatoes probably will go up because a large part of our supply of potatoes comes from Denmark, Ireland and Germany.

"Cotton goods should be cheaper and woolen goods higher. We have had an excellent cotton crop and the price will drop because it cannot be exported just now.

"Never was the time more opportune for investment by men with the small means than now, for securities are just now at their lowest point since the panic of 1907. The market is loaded with first class securities that are an excellent purchase at bargain prices."

Washington, Aug. 12.—For many weeks Villa has been recruiting and buying ammunition and General Carranza has not objected to shipment of ammunition via Tampico. Today, however, he called a halt.

Reports of increasing friction between the two constitutionalists leaders reached here today from various sources. General Villa sent to persons here a synopsis of the reasons why he is displeased with Carranza's attitude. He sets forth that he will insist on carrying out the agreement recently reached at Torreon, when the breach tentatively was adjusted.

Look out for hot days—Cholera infantum. Don't worry—use Dr. Fyfe's Teething Syrup. 25c. Sample free.

**Father and I**  
 The way was lone and dreary,  
 I knew not how to go,  
 'Twas dark and there were mountains  
 And my heart trembled so.

But the Father walked beside me  
 Down through this vale of tears,  
 I clung to his loving, tender hand,  
 The closest for many years.

We had often walked together  
 In ways to me unknown,  
 But never a way so dreary,  
 And never a way so lone.

But ah, I was glad for that journey  
 In that dark and lonely land,  
 For I learned to value the greater  
 My Father's guiding hand.

I learned how much he loved me—  
 So much that when on my way  
 I must pass through a dreary valley  
 When gone was the light of day.

When there were none to guide me  
 And I knew not what to do,  
 He walked himself beside me  
 To lead me safely through.

I love the Father dearer  
 Than I ever did before,  
 I've learned to count him faithful  
 And to trust his goodness more.

And now when the path is weary  
 And I do not understand,  
 I simply trust in the Father  
 And cling to his guiding hand.

W. W. NELSON,  
 Troutdale, Va.

## in Leg.

Aug. 12.—A shooting took place here when Joe Swartz had his left leg badly mangled just below the knee by a gunshot fired by Clarence Patrick. The shooting took place on Broad street. Patrick eluded the officers for several hours but was captured by Chief of Police Taylor and Officer Lester not far from Graham.

The officers found with Patrick his brothers Charles and William. The three men were arrested and lodged in jail. Charles Patrick was with Clarence when the shooting took place.

Clarence Patrick admitted having done the shooting, but claimed his brother had nothing to do with it. The shooting is alleged to have occurred over attentions to Patrick's wife on the part of Swartz. Patrick says he only shot to wound as he had warned Swartz to stay away from Mrs. Patrick.

The shooting took place near the home of Mollie Puckett and Patrick and his brother suspected Swartz and Mrs. Patrick were going to meet there.

After being shot, Swartz tried to make his way to the business section but due to the loss of blood, weakened and fell by the wayside, where he was later picked up and taken to St. Luke's hospital.

Two shots were fired, the first missing, the second tore away the fleshy part of the leg below the knee. The smaller bones of the left leg were broken. Swartz's home is at Marion, Va., at which place he was taken today.

VIRGINIA—In the Clerk's Office of the Circuit Court of the County of Smyth on the 31st day of July, 1914.

Mrs. M. B. Davidson, - Plaintiff  
 John Davidson, - Defendant  
 IN CHANCERY

The object of this suit is to obtain a divorce a vinculo matrimonii, on the ground of desertion. An affidavit having been made and filed that the defendant, John Davidson, is not a resident of the State of Virginia, it is ordered that he do appear here within 15 days after due publication hereof, and do what may be necessary to protect his interest in this suit. And it is further ordered that a copy hereof be published once a week for four weeks in the Marion News, a newspaper published in the county of Smyth, and that a copy be posted at the front door of the court house of this county on the 3rd day of August, 1914, that being the next succeeding rule day, after this order was entered.

LOCAL ITEMS.

Mr. O. B. Hopkins, of Sugar Grove was in the city Tuesday. E. Lee Trinkle, attorney, was down from Wytheville Tuesday. Miss Fay Bunn, of Bristol, is visiting her sister, Mrs. H. L. Kent. Miss Pauline Atkins returned to her home at Rural Retreat Sunday after a few days visit to Mrs. George Seaver. Mrs. John S. Apperson, who has been visiting relatives for several weeks at Blacksburg, returned home Wednesday. Judge Graham Porterfield, of Abingdon, and his daughter, Mrs. Stella Gibson, spent Sunday in Marion, the guests of relatives. Mrs. John Coker, of Roanoke, returned to her home Thursday after an extended visit to her parents, Mr. and Mrs. E. P. Robinson. Mr. and Mrs. H. G. Francis, and two children, of Bristol, spent Sunday in Marion, visiting Mr. Francis' parents, Mr. and Mrs. W. P. Francis. Lieut. G. P. Anderson and bride returned home Sunday from their bridal trip. They came earlier than expected on account of the death of Mrs. H. P. Copenhaver. Mrs. B. T. Greer and family, who have been on a several weeks visit to their old home in N. C., returned home Wednesday. Mr. Greer took his car and that them at Damascus. Hon. H. N. Bell who has been here on a visit to friends and relatives returned last Saturday to Chicago. His family will remain in the town and county a few weeks longer. Messrs Rowland Hopkins, E. D. Denay and A. J. Anderson, were up from St. Clair Creek Tuesday, to give their depositions in a suit now pending in the Circuit Court of Smyth county. Rev. J. J. Scherr, D. D., Rev. R. E. Kern, Dr. Henderson Miller and Prof. V. G. Copenhaver left here Tuesday for Salem, where they went to attend the annual session of the Southwest Virginia Synod. Rev. W. N. Britton and wife, of near 7 Mile Ford, accompanied by their aunt Mrs. Florence McCamie, of Tenn., who is on a visit to their home, were in Marion Tuesday to attend the funeral of Mrs. H. P. Copenhaver. Prof. Phipps Miller and wife, who have been visiting relatives at Portsmouth, Va., returned to Marion Monday. They left Wednesday for Rogersville, Tenn., where Mr. Miller will visit his sister for a week then they will return to Memphis. Mr. and Mrs. H. W. Bain, of near Christiansburg, came out last Friday to attend the funeral of Mrs. Jno. Sherwood on the South Fork. They were in Marion Monday, the guests of Mr. and Mrs. L. P. Francis. They left for their home on No. 12 that evening. Rev. M. M. McFerrin, formerly pastor of the Presbyterian church here but now of Augusta, Ga., was here Tuesday to attend and assist at the funeral of Mrs. H. P. Copenhaver. He and Mrs. McFerrin, who has been here on a visit to friends, left Wednesday for Bristol. We are pleased to note that Governor Stuart has appointed Mr. J. W. Starritt, our townsman and real estate agent, a delegate to the Eighth National Tax Conference which convenes in Denver, Colorado, on the 8th of September. Mr. Starritt is a fine business man and will make an excellent representative in this important conference. Buy your Oxfords at the reduced price at the Marion Clothing Co. Mrs. C. J. Brown and Miss Edna have returned to Marion. Mrs. Brown from an extended visit to her daughter, Mrs. Geo. B. Thompson, of Bristol, Tenn., and Miss Brown from N. C. city where she has studied music in summer. She completed the piano and received diploma from The American Institute of Music and The Metropolitan Music—having been high

Mr. J. W. Starritt was a visitor in Bristol from Marion Tuesday. Mrs. Jas. D. Tate was up from Chilhowie Wednesday. Dr. E. A. Holmes, of Broadford, was a business visitor in Marion Tuesday. Robert M. Richardson, of Emory, was a business visitor to Marion last Saturday. Miss Lillian Kent, of Bristol, is visiting her cousin, Miss Mattie Kent, this week. Mr. and Mrs. D. V. Wolfe, of 7 Mile Ford, were shopping in Marion Monday. Mr. Jas. S. Moody and son George, of Johnson City, spent Sunday in Marion on a visit to friends. J. Ellis Dickenson sold Ellis Ring, of Caronsville, Va., a Ford car this week making 44 sold to date. Mayor R. T. Greer, H. B. Slaley and D. B. Handsbew motored to Damascus Wednesday in the Mayor's car. Services in the Episcopal church at Marion on the third Sunday at 11 a. m. and 7 p. m., by Rev. Lloyd R. Craighill. Mr. H. O. Dutton and son Ed, of Holstein Mills came up Tuesday to attend the funeral of Mrs. H. P. Copenhaver. Mr. and Mrs. John F. Gills, the insurance man, spent last Saturday at Roanoke and Natural Bridge attending a State meeting of insurance agents. All Straw Hats reduced in price 25 per cent. Marion Clothing Co. Mr. C. L. Handsbew accompanied by his brother-in-law, Mr. J. L. Barbee, of Petersburg, arrived in Marion last week on a visit to Mr. and Mrs. George L. Handsbew. Rev. E. M. Harris, L. P. Collins, L. Phipps and R. A. Anderson went down to Chilhowie Wednesday to attend the opening session of the Lebanon Association at that place. Mr. and Mrs. J. Ellis Dickenson are spending one day each of the following cities this week: Richmond, Washington, Norfolk, Baltimore, Atlantic City, Philadelphia and New York. If in need of Trunks, Club Bags, Etc. go to the Marion Clothing Co. The next regular monthly meeting of the Woman's Christian Temperance Union will be at the home of Mrs. J. M. Brisco on Friday, August 14th at 4 o'clock. All members are urged to be present, as our year's work closes with this month and we must do our best to make a showing of our work at the Convention next month. Don't fail to see the second chapter of ZINGO Friday night, Aug. 14th. He going to have a battle in the clouds. Don't miss it. PASS-TIME THEATRE. A Sudden Death. Mrs. Ira Johnson died at her home 3 miles west of Marion. Thursday morning. The deceased was 24 yrs of age and is survived by her husband and two small children. Mrs. Johnson gave birth to a child which was still-born and died a few hours afterward. The burial took place today in Ebenezer cemetery. Men's Pants from 90c to \$5.00. Marion Clothing Co. Card of Thanks. We desire to take this method of thanking all our neighbors and friends, who so kindly assisted us in any way during the illness and death of our beloved wife and mother. May God's richest blessings rest upon you all. JOHN S. SHERWOOD and FAMILY. Farm Loans. I am prepared to make loans in sums from \$3000 to \$25000 on improved Southwest Virginia farms, on terms of from three to five years. Call on or write, H. E. Widener, Abingdon, Va. A MISTAKEN IDEA There are some people who still resort to drugged pills or alcoholic syrups to overcome colds, nervousness or general debility, and who know that the pure, adulterated nourishment in Scott's Emulsion is eminently better, but refrain from using it because they fear it may give them fat or obesity. This is a mistaken idea, because Scott's Emulsion strengthens the body before it is needed, and forms proper food for the sick, and is a very safe, and reliable source, and is continued use. SCOTT'S.

Death Mrs. Nan (nee Rosenba... started this life on Saturday morning, August 8th, 1914, aged 65 years, 4 months and 19 days, after a lingering illness. She was united in marriage to Mr. L. H. Copenhaver on October 8th, 1873 by Rev. J. C. Repass. Unto this union were born seven children, all living except one son, Thomas Adam, who preceeded her in death. She leaves to mourn her loss her devoted husband, two daughters four sons, a sister and a brother. She was received into the church by Rev. Dr. L. A. Mann in December 1866 and has been a devoted member of Ebenezer Lutheran Church ever since. The funeral services were held at Ebenezer Lutheran Church at 11 o'clock Sunday morning, Rev. R. E. Kern officiating, assisted by Rev. J. J. Scherer D. D., her former pastor. The esteem in which she was held in the community was evidenced by the large congregation of relatives and friends which completely filled the church. She was laid to rest in the church cemetery. Now is the time to buy your Summer Underwear from the Marion Clothing Co. Abingdon Loses Dispensary. Abingdon, Va., August 12.—The fate of the Abingdon dispensary was sealed today by a majority of 48 at a special election held for this purpose out of probably 275 votes. Two hundred and thirty-eight were polled, 142 against and 94 for the dispensary. Two votes were thrown out. The wets took their defeat good naturedly. The dispensary earned a net profit of over \$30,000 per year while Bristol was "dry" but since that time has earned only about \$10,000. The dispensary goes out in 60 days. Hon. L. P. Summers, who was one of the most vigorous opponents of the dispensary said: "We won a great victory for temperance—for the doctrine of local self-government. The result demonstrated the efficiency of a correct principle of government. It is not a prohibition victory but a vindication of the theory of local option. Many of our strongest local optionists voted against the dispensary. Many of those who last fall questioned my sincerity in my declarations against the dispensary, today voted for it while I fought it to the finish." C. C. Boatright Suicides. Gate City, Va., Aug. 11.—C. C. Boatright, proprietor of Hotel Boatright, went into an upper room at 3:30 this afternoon, laid down on a bed and shot himself twice near the heart. He died within an hour, but became sufficiently conscious to state that he shot himself, refusing to give a reason. For several days he had acted strangely and it is thought his mind was unbalanced. Mr. Boatright was forty-eight years old and a popular business man. His business affairs are said to be in good shape. You may think it strange that so many people are cured of stomach trouble by Chamberlain's Tablets. You would not however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally. Mrs. Rosie Rish, Wabash, Ind., writes, "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by all dealers.

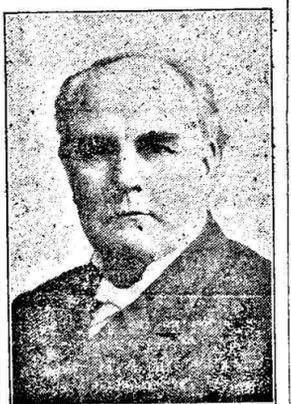

Church Annual Meeting. The Marion Baptist Church held its annual meeting last Sunday and elected delegates and alternates to the Lebanon association now in session at Chilhowie. The report on membership for the year closed at 16 over last year. The Treasurers report showed that the church had contributed to Missions or the various Boards of the Association, \$529.02. To pastors salary, current expense and church improvements, \$4330.55. Total of \$4859.57. School statistics showed 303 scholars enrolled with an average attendance of 184. Contributions made by the school for the year amounted to \$380.67. Making a grand total for the church and school of \$5240.24. This is a fine showing for the church and speaks in commendable terms of the faithful work Pastor Harris has done during the past association year which closed the 1st day of August. Notwithstanding the building of the Sunday School rooms, the church gave more to general benevolence than ever before. The Hawkins Copenhaver Com-haver cut-price sale is now on. Their clothing is their best salesman. They invite your inspection. The regular monthly meeting of Holston Chapter U. D. G. will be held in their room at the Courthouse Friday, Aug. 21, 3 o'clock. A good attendance is necessary as it is the time for election of officers and electing delegates to the Bristol convention. WANTED—We want at once 10 thousand Hickory and Oak Spokes, please call or write for prices paid for same. LOOK & LINCOLN. Will not each "White Ribboner" see that she does her very best to secure an audience for the noted Irish Orator, Mr. M. J. Fanning, Saturday, August 15, 8 P. M. A lecture so far above the average should not be wasted on empty seats. Mr. S. All parties due the D. M. Mitchell Co. an open account or by note are requested to come forward at once and make settlement. Do this now and avoid further cost and trouble. E. H. Buchanan, Trustee. ICE CREAM SUPPER.—The W. C. T. U., of Chilhowie, will have an Ice Cream Supper at that place Saturday evening, Aug. 15, for the purpose of raising funds to defray expenses of Hon. M. J. Fanning, the noted temperance orator, who will lecture in the Baptist church at that place on Saturday. Kills Bear. Abingdon, Aug. 12.—R. C. Copenhaver, president of the Citizens Bank and Trust Company, has returned from a camping trip, in the White Top Mountains, south of Abingdon, reporting that Dr. Albert Barrow, of Konnarock, a member of the camping party, had killed a large bear while on the way to the mountain summit, which is 5748 feet above the sea level. The trip was being made in a wagon. Dr. Barrow and Mr. Copenhaver decided to climb the mountain by an old trail; after following it some distance a noise in a thicket attracted their attention and the bear was discovered. Dr. Barrow, who was leading the way, having lived in these mountains several years, fired, wounding the bear which turned for flight when a second shot killed him. The animal was a handsome specimen of its kind and weighed about two hundred pounds. Although once in a while evidence is seen to indicate their passing through this section of the mountains, it is the first one killed in a number of years. \$100 Reward, \$100. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

A Good Woman Gone to Her Reward. Mrs. Ella Goodell Copenhaver died at her home two miles west of Marion Sunday morning; after an illness of more than twelve months. She was born in Fulton, Allegany county, N. Y., March 8th, 1836, and moved to Marion with her husband, Dr. G. Goodell, December 1866. She was 5 years, 5 months and 11 days the time of her death. She was married to Mr. H. P. Copenhaver in 1875. Her wedded life covered a period of almost 40 years. She was survived by her husband, her nephews, Jno. Brosius and neice, Miss L. Brosius, members of her family, leaves no children. Mrs. Copenhaver was a devoted christian woman, of gentle disposition and kindly disposed towards all who knew her. She did much good in dispensing charity and was loved and much appreciated by the poor and needy with whom she came in contact. A faithful good woman she will be missed from the home, by those who loved her and by those to whom she was devoted. The funeral service was conducted Tuesday morning before a large audience, from the Presbyterian Church, of which she was a member by her pastor Rev. J. M. Solgwick, assisted by her former pastor, Rev. M. McFerrin, of Augusta, Ga., and Rev. E. M. Harris, F. Y. Jackson, and R. E. Kern. The burial took place in Round Hill Cemetery in the square where sleep her departed spouse. The floral tributes were lavish and beautiful, evidencing the high esteem in which she was held. The flower bearers were Misses Ruby Dickenson, Ruth Campbell, Glady Vance and Josephine Buchanan assisted by Mr. George Miles, Frank Copenhaver, Lieut. Glenn P. Anderson and Dr. J. A. Thompson. Active pall bearers were L. P. Collins, T. E. King, R. A. Anderson, W. M. Hull, W. W. Hurt and J. P. Sheffer. Honorary pall bearers were Judge G. H. Fudge, E. H. Copenhaver, Jas. W. Sheffer, W. A. Tarter and Graham T. Holl. Attention Horsemen. Professional trained horses are barred at the Tazewell Fair this fall. This gives an opportunity to amateurs owning a horse that can step some to try them out. For catalogue and speed program, write the secretary. W. G. O'BRIEN, Tazewell, Va. Says Prohibition is Success. Rev. J. E. Wolfe, of Princeton, W. Va., formerly a well known Bristol pastor says: "Prohibition, which became effective in West Virginia July 1, is already a success" said Mr. Wolfe. "The people of West Virginia have their eyes on Virginia and expect it to abolish the sale of liquor at the election to be held September 22. I understand that reports are being circulated in Virginia intended to injure the temperance cause, to the effect that the prohibition law is a farce in West Virginia. This is entirely untrue. The city of Princeton, where I have had personal observation of the situation, has not suffered. Merchants say their trade is just as good and collections better than ever before. The people of West Virginia are intensively interested to the Virginia campaign." Mr. Wolfe is pastor of the M. E. church south at Princeton. A large and handsome new church building has been erected.

Think This Over! We Don't Claim to Give You \$50.00 for \$25.00. You Wouldn't Believe Us if We Did. Hon. M. J. Fanning, of Philadelphia, Pa., will deliver his lecture, "Render Unto Caesar", Saturday, August 15, at 8 P. M. in the C. H. Auditorium Sundry, August 16, at Chilhowie, Sunday evening at Saltville. Plan to hear him.

CASTORIA For Infants and Children In Use For Over 30 Years Always bears the Signature of J. C. Ayer & Co. DON'T TAKE CALOMEL. HERE'S A BETTER REMEDY. Taking calomel is mighty risky and often times dangerous. You ought to get along without taking calomel yourself or giving it to your family, when you can get a remedy that takes its place. Dodson's Liver Tonic is an agreeable vegetable liquid that starts the liver to action just as surely as calomel does. But, unlike calomel, Dodson's Liver Tonic does not stimulate the liver too much. It gives relief gently. Calomel acts so strongly that it may leave you worse than you were at first, and calomel also sometimes causes salivation. Dodson's Liver Tonic works well and never harms. A large bottle of Dodson's Liver Tonic is sold for fifty cents by D. M. Smith Drug Co. and Marion Drug Co. It always has given such perfect satisfaction that your money will be given back to you with a smile if you buy a bottle and are not perfectly satisfied with it in every way.

THE CENTAUR COMPANY, NEW YORK, N. Y.

**Stony Battery Items.**

Mrs. W. H. Rosenbaum and mother, Mrs. Wm. Martin, were visiting Mrs. C. Debord on last Tuesday.

Mrs. Goldie Debord, who has been real sick, is improving.

Mr. and Mrs. Jesse Thompson were visiting Mrs. C. B. Debord last Sunday.

Mr. Ed. Dempsey was on Miss Bessie Blevins' day.

The stork was home of Mr. and Mrs. leaving a fine baby boy.

Mr. A. ... is spending a few days in North Carolina.

... Debord made a business trip to Marion Saturday.

J. R. Debord and Mr. W. H. Rosenbaum are busy plowing for wheat.

The Sunday school at this place is progressing very nicely.

Miss Sallie Rosenbaum was calling on her sister, Mrs. Ed. Suit, Monday eye.

Mr. and Mrs. C. W. Copenhaver were visiting Mrs. Copenhaver's mother last Sunday.

Hot weather. Little clothing. Plenty of water inside and out. Dr. Fahrney's Teething syrup. Babies don't get sick.

**Adwolfe Notes.**

We are having dry weather here—a fine time for making hay and freshing wheat, but hay crops are very short; wheat crops are fine in this section of the country.

Our Civic League is progressing nicely; meets every two weeks, second and fourth Saturday.

We are expecting to build a new school building at once; most of the patrons are subscribing liberally.

We are sorry to say that Mrs. Jessie Davis is quite ill at this time.

Hon. Hayden Bell and family spent a few days with Prof. Charles Anderson last week.

We are glad to say that Miss Manda Tucker is much improved. She has been on the sick list for the past six weeks.

Our bustling merchant, Mr. Eads is doing a good business; he is a big help to the community.

Rev. J. L. Dean is looking for his son and daughter home from Richmond where they are employed.

The Odd Fellows had a picnic at South Fork last Saturday. They reported a good time and a large crowd out.

We are sorry to say that Mrs. Jane Anderson is improving slowly.

We are glad to note that Miss Lissie Sherwood, who has been quite ill for the past two weeks, is improving fast.

Mrs. Roy Hash, who has been visiting her father, Mr. L. M. Hart, returned home Sunday.

Mr. John Parks seems to regret that it was a mistake about him being married.

Mr. and Mrs. John Taylor, of Saddle Creek, have been visiting Mr. Baxter Blevins for several days. Mr. Taylor is thinking of purchasing a farm in this section.

We learn that Mr. L. M. Hart has the Maryland fever. He expects to soon go to look out for land.

Mr. Charlie Hart is building a nice cottage; he will be ready to move in it soon.

Mr. Cricket Sexton moved back to his farm. "B. R."

**Fail to Recognize Kidney Weakness.**

Are you a bad back victim? Suffer twinges, headaches, dizzy spells? Go to bed tired—get up tired? It's surprising how few suspect the kidneys. It's surprising how few know what to do. Kidney trouble needs kidney treatment. Doan's Kidney Pills are for the kidneys only. Have convinced Marion people of their merit. Here's a Marion case; Marion testimony. Kidney sufferers hereabouts should read it.

C. R. Prater, farmer, Marion, Va., says: "I don't hesitate to recommend Doan's Kidney Pills to anyone, as they gave me relief from backache. That complaint had bothered me for a long time and I was very grateful to Doan's Kidney Pills for curing me."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Prater had. Foster-Milburn Co., Props., Buffalo, N. Y.

**MARION COLLEGE**

**AND SCHOOL OF MUSIC**  
A Junior College For Young Women  
1874—"Cultured Christian Womanhood"—1914

Situated in the mountains of Virginia, famed for health and charm of scenery, Marion College offers young women a thorough education, comprising the two lower classes of standard college work. Its Christian teachings, influence and discipline, select faculty, requirements for thorough scholarship, and the low expense, make this an ideal homeschool.

New buildings, just completed, provide every modern dormitory convenience. Ample class-room and laboratory facilities. Preparatory department and literary and science courses, co-ordinating with standard colleges. Valuable practical training in sewing, cooking and serving foods, in department of Domestic Science. Every encouragement for outdoor sports and physical development. Refined associates and pleasant social life.

School of Music offers superior advantages for complete musical education; piano, pipe organ, violin, voice culture. Thorough courses in Art and Expression.

Expenses, made possible by support of friends of the institution. Expenses for year \$175, with music, \$225. Session begins Sept. 16. Request for catalogue will have prompt response.

REV. HENDERSON N. MILLER, A. M., Ph. D., President, MARION, VIRGINIA.

**THE BLACKSTONE SCHOOL FOR GIRLS**

JAMES CANNON, JR., M. A., D. D., PRINCIPAL

**20 Years** Ago the Blackstone School adopted the following motto: "Thorough instruction under positively Christian influences at the lowest possible cost."

Result. It is today, with a faculty of 32, a boarding patronage of 368, a student body of 428, and a plant worth \$150,000.

**WHAT BUSINESS COLLEGE?**

The selection is vital. It makes or mars a start in life. No two business colleges are alike. They differ widely. You want the best.

Many young people throw away their time and money attending a cheap, new or inefficient business college or the so-called commercial or shorthand department of a preparatory or literary school.

No school advertises its weak points. Careful investigation alone will bring them out.

**National Business College**  
ROANOKE, VIRGINIA

will stand the closest investigation.

Ten teachers, \$75,000 building and equipment, two Commercial Departments, Banking and Office Department, Telegraphy, Stenotype, 100 typewriters, Shorthand Department seating 200, Auditorium seating 400.

Banking as outlined by the Federal Reserve Act. Positions for qualified students. Bookkeeping and Commercial Course for the boy or young man who prefers to stay on the farm.

All these advantages, one or all studies, six months' tuition only \$60.00, nine months \$85.00, twelve months \$110.00.

Twenty-sixth Session opens Sept. 1st. Just write today for free catalogue, college journal and specimens of penmanship.

**COULD SCARCELY WALK ABOUT**

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst. I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework. I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off. I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly believe I would have died if I hadn't taken it. After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely. I fattened up, and grew so much stronger in three months, I felt like another person altogether." Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution. Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy. Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them. Try Cardui today.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions on your case and 64-page book, "Home Treatment for Women," sent in plain wrapper.
