## Kansas Heat Record Broken, Rays of Sun Unbearable.

Kansas City, Mo., Aug. 17.—Kansas, Missouri and Oklahoma yesterday sweltered under the eleventh day of terrific heat, which has paralyzed late crops, caused water famines, and been responsible for extreme suffering among the people and the live stock of the three States.

In many places the mercury reached 108. Late crops have been practically destroyed in parts of the State. Some farmers are cutting their corn in the hope of utilizing it for fodder. In some sections hay is being baled immediately after it is cut, as it is dry the curing process is unnecessary.

Olathe, Lawrence, Medicine Lodge and other Kansas towns have exhausted their water supply. Olathe buys 60,000 gallons a day from this city, and Lawrence has turned the water of the Kansas River into the mains as a protection against fire.

Ottawa Falls, Kan., has not had a rain in forty-five days, and for more than thirty days since then the maximum temperature has been above 100 degrees.

Notwithstanding the warning of the Kansas State officials that the farmers should not rush their cattle to market, 12,000 cattle were brought to the local market yesterday. This was almost three times as many as were brought in a week ago yesterday. Stockmen on the western ranges of Kansas find it almost impossible to obtain feed and water for their stock, and it is estimated that they already have sold one-third of their cattle. Creeks, wells and cisterns are dry, and the Kansas river and other larger streams are lower than they have been in twenty years.

Poultry is being rushed to market because of the water and feed situation and the fact that the hens won't lay eggs during such hot weather. Many chickens have died from heat prostration, especially while on the nests.

Pastures are burned so dry that the greatest precautions are necessary to prevent prairie fires. Boys near Kinsley, Kan., yesterday, in attempting to burn a bumblebee nest started a fire that spread over a large area, and a big force of volunteer fire-fighters was called out to check it.

Near Oak Hill, Kan., two wheat stacks were burned, when the sun ray, reflected from a piece of glass lying near them, started a fire. A car of slack coal took fire from the heat of the sun at Abilene, and was destroyed.

This city has been without rain since July 25th, when 70 inches fell. Shortage of water has caused the big ice manufacturing plants to reduce their output. This curtailment at a time when the demand is unusual, has caused considerable suffering.

## Veterans to Meet in Bristol.

Bristol, Va., Aug.—The annual reunion of the ex-Confederate soldiers of Southwest Virginia and East Tennessee will be held in Virginia Park, this city, on Thursday, September 18th. The Fulkerson camp of this city will be the host, and arrangements are now being made to entertain the visitors. From four to five hundred of the veterans are expected to be in attendance. As usual, a barbecue will be indulged in, and the visiting soldiers will be given all they can eat of the choice things from the farm. It is expected that the principal address will be delivered by Rev. J. Tyler Frazier, of Chilhowie, Va., who is one of the veterans that was in strenuous battles in the sixties. It is probable that a son of a veteran will be selected as another orator for the occasion.

## Judge Staples Endorsed.

Roanoke, Va., Aug. 15.—At a meeting of the Roanoke City Bar Association, in the rooms of the Chamber of Commerce, Judge Walter R. Staples, of the corporation court of this city was endorsed by an overwhelming majority of the members as the successor to Judge John A. Buchanan to the Virginia court of appeals. Resolutions urging the election of Judge Staples were adopted enthusiastically.

## Fortune in Tax Sales.

Washington, Aug. 19.—A fortune made by a New Yorker through delinquent tax sales purchases in Washington is to day discovered by the city tax assessors. Charles P. Wiltzie, of Rochester, N. Y., is the speculator.

Since 1909 he has purchased \$1,500,000 worth of District property, securing advance information from tax arrears records in the local assessor's office.

Commissioners of the District have ordered this source of information closed to Wiltzie.

## Too Many Dogs the Cause

Fredericksburg, Va., August 19.—Frank C. Baldwin, of Snowden, in Spottsylvania county, near this city, has been considering the question of raising sheep and deer for commercial purposes, but has been discouraged in the idea from the fact that so many stray dogs roam over his large farm. Many of these dogs come from Fredericksburg. Mr. Baldwin has several hundred acres of forest and well adapted to the raising of deer. He may take up the enterprise later, and possibly sheep raising also if he can be given assurance of protection from the ravages of dogs.

## W. E. Foss, Democratic Governor, Bolts Party.

Plainfield, Mass., Aug. 20.—W. Eugene Foss, three times elected governor of Massachusetts, as a Democrat and a candidate for the Democratic nomination for the presidency last year, today declared himself again a Republican but remained indefinite regarding his reported candidacy for the Republican nomination for re-election.

Speaking on the same platform with Congressman A. P. Gardner and Colonel E. C. Benton avowed candidates for the Republican gubernatorial nomination, Governor Foss addressed the Essex Republican Club members as fellow Republicans and made a plea for republican success because he said the state and national need the return of the Republican party to power and the Republican party is justly entitled to success although its leaders in the past have been faithless to the pledges of the party.

"I have kept my hat in the ring," the governor added, "in order to force other candidates into the field as I believe the direct primaries system requires more than one candidate. I shall keep my hat right there until it is too late for either of the other candidates to pull out."

## Wedding of Much Interest

Mr. S. Floyd Landreth, Commonwealth's Attorney of Carroll county, Va., and Miss Lola Evelyn Lintecum of Bonesteel, S. D., were married last Wednesday in Washington. He was appointed by Judge Staples to succeed the late William Foster, who was murdered by the Allens in the famous Hillsville tragedy on March 14 of last year. He was an eyewitness to the tragedy and prosecuted the Allens in the long drawn out trials that followed in the Wytheville courts, and in which he became known throughout Virginia.

The election held in Manassas last week for the purpose of voting on a bond issue of \$75,000 to install a system of water, lights and sewerage, resulted in a victory in favor of the bond issue by the overwhelming vote of 103 to 38. Although the vote was large, the victory was fully expected, and when the result was made known it was highly celebrated with fireworks and bonfires.

A wedding of interest will be solemnized about the middle of September in Abingdon when Miss Mary Josephine French will become the bride of William Carson Kreger, a young business man. The bride is a daughter of the Rev. George D. French, of the Holston Conference. Her mother is a sister of Bishop E. E. Hoss. Miss French is well known and is popular socially wherever she is known, being a young woman of splendid attainments and possessing a most amiable disposition.

## Rooster Saves Boy's Life.

Staubenville, Ohio, Aug. 19.—Just as a copperhead snake was about to strike three-year old Harry Finley "Pete," the child's pet rooster, flew at the reptile and drove his spurs deep into its head, killing it instantly. Nothing is too good for "Pete" to-day, and he seems to appreciate the fact that he deserves a Carnegie medal.

Washington, N. J., Aug. 18.—The arrival of twins at the home Howard Collins, a farmer living near Port Golden, increases the number of his children to eleven, all born within seven years. A year after they were married the couple were blessed with twins. Three years ago the stork sprang a second surprise by bringing triplets, and early yesterday morning the second twins arrived. The second, third, fifth and sixth years of the Collins' married life account for the other four children.

## Bishop Opposes Woman Suffrage.

Milwaukee, Wis., Aug. 19.—"I do not believe that the Creator intended the position of woman in the world should be the same as that of the man," said Archbishop Sebastian G. Messmer, of the Milwaukee diocese, in an address before the members of the Catholic Press Association today, in which he spoke against woman suffrage.

However," he added, "I would not dare to come out with a positive statement that agitation for woman suffrage is against the rules of the church. The church has not taken any definite stand and until it does each individual has a right to think, talk and act as he sees fit. There has not even been a clear expression of what the traditions of the church would be."

## Average Salary is \$835.

Hollins, Va., Aug. 16.—The third and last day's session of the Valley Baptist Association on Thursday at Enon Baptist church was well attended. The association goes next to the Laurel Ridge church, Roanoke county, with Rev. M. W. Royall, of Pearisburg, as the preacher.

Among the reports read was the pastorate which was discussed by Joseph A. Turner. He stated that the average salary paid to pastors in the Valley Association exclusive of five city churches is \$835.

The closing moments of the association were spent with a house full of people in devotional exercises led by Rev. W. F. Powell, of Roanoke.

## Superintendents Named.

Richmond, Va., Aug. 19.—The State board of education last Friday night announced the election of the following division school superintendents:

Both and Highland—Bruce R. Richardson.  
Brunswick—R. E. Chambliss.  
Loudoun—W. G. Edmondson.  
Wythe—George R. Huffard.

King William and King and Queen were separated, and H. R. Eubank was elected superintendent. Essex and King and Queen were consolidated into one district and W. G. Reynolds was chosen superintendent.

Westmoreland and Richmond were consolidated and Blake T. Newton was made superintendent. The following vacancies were continued till October 15: Alexandria, Buckingham, Carroll, Nansemond, Shenandoah and Warren.

Mr. and Mrs. I. B. Wells, who formerly resided in Marion, but who now live in Abingdon, announce the approaching marriage of their daughter, Miss Ollie, to Mr. Samuel Clayton Southern, which will be celebrated in the early fall.

The eldest son of Prof. T. C. Ballou, of Sugar Grove while picking berries from a huckleberry bush, was bitten on his hand by a Copperhead snake the first of the week. No serious results have followed so far.—Troutdale News.

J. H. Rhudy sold his 136 acre farm just east of town to Hon. J. G. Davis a few days ago. Price per acre, \$42.50. He has also sold his mountain place near E. R. Wileys to A. C. Rector, of Baywood. Consideration \$1600.00.—Grayson Gazette.

George W. Frost, a pioneer citizen of Bristol, died at 5 o'clock Thursday morning at the family home on Pennsylvania avenue in that city. He had been in ill health for some time, due to the infirmities of old age and his death was not unexpected.

Captain Henry Newberry, of Bland county, was the host of a large company of friends gathered at his home to celebrate his eighty-fifth birthday, August 11. Captain Newberry is one of Bland county's oldest residents; and he has four brothers whose ages are all within a few years of each other, and who are yet enjoying comparatively good health.—Roanoke Times.

## Thaw Makes His Escape From Matteawan.

Matteawan, N. Y., Aug. 18.—H. K. Thaw, the slayer of Stanford White, escaped from the hospital for the criminal insane here at 7.45 this morning. A dart for liberty through an open gate, a dash into the open door of a powerful automobile that stood quivering outside, and a flight like a rocket for the Connecticut State line, 30 miles away, accomplished his escape.

Tonight he was still at large, and the hospital authorities felt certain he was outside the state. Once beyond its boundaries, Thaw is free. Only months, perhaps years, of litigation, can bring him back to Matteawan, and then only in one event that he be adjudged insane in the state to which he has fled.

Five accomplices manned the car in which Thaw escaped and a big black limousine which trailed it past the asylum gate. The police have their descriptions and the names under which they registered at a local hotel Friday night, and are seeking them.

The hospital authorities believe Thaw has fled to the shore of Long Island Sound and boarded a yacht waiting with steam up to rush him to Europe.

A reward of \$500.00 for Thaw's apprehension has been offered by Dr. R. F. O. Keib, superintendent of the asylum. H. H. Barnum, the attendant at the gate past which Thaw flashed in his break for freedom, is under arrest and other arrests are expected to follow in the rigid investigation begun by Dr. Keib.

## Held for Attempt Murder.

Bristol, Va., August 18.—Arthur Newcomb, 20 years old, son of J. A. Newcomb, who owns a syndicate of Southern hotels, was arrested late on Friday night while in the company of a young woman at a local cafe charged with the attempted murder of Rufus Crowell, 14-year-old son of a local contractor, who was seriously injured when Newcomb's automobile struck a buggy in which he was riding on the Bluff City pike. Both were coming toward the city and Newcomb attempted to pass the buggy.

H. S. Laffer, manager of the Mrs. Vicer Burgess farm, was here from Graham on Saturday and complaining of the deprivations of sheep-killing dogs in that vicinity. He said that some of the farmers on Blue-stone have had to sell their flocks at a sacrifice on account of the number killed by dogs; and that sentiment in that section is rapidly crystallizing in favor of a heavy tax on dogs.—Tazwell Republican.

Corbett Ross, of Flat Ridge was accidentally shot Saturday while crossing a fence with gun. The entire charge of shot entered his body just below the arm. His condition is considered very serious, blood poison having set up in the wound. Mr. Ross spent several weeks in Troutdale recently, with Troutdale Produce Co., and seemed especially courteous and polite young man, making many friends who are pained to hear of this terrible misfortune.—Troutdale News.

## Preacher Recaptured.

Rev. Joseph Owens, of Meadow View, Va., who has been serving a sentence of ninety day on the chain gang, escaped from the convict force east of Bristol Monday, but was soon recaptured. He was brought back and placed at work in the quarry. A short time later a car ran over his foot and it was badly mashed.—Bristol Courier.

Altoona, Pa., Aug. 18.—Fifteen years ago C. J. Noel, a Pennsylvania locomotive engineer, calling on the girl who afterward became his wife, slipped his arm around her waist to embrace her and ran a needle that was sticking in her dress into his left arm.

It never gave him any trouble, but to day, while washing, he jagged a finger of his right hand and discovered the needle, six inches from where it entered, and drew it out, bright as ever.

## Two-Year-Old Child Killed.

Our people were greatly shocked on last Friday afternoon when the sad news was flashed here that the little two-year-old child of Mrs. Jesse R. Shumake had been killed with a shot-gun in the home Mr. Roy Elliott on the rural route. The load, which was from a 12-gauge gun, struck the little fellow on and below the chin, knocking two teeth out and almost severing the head from the body. The exact way in which the child met death is not known as no grown people were in the house at the time of the killing. Several children, ranging in age from three to seven years, were playing in the room. The gun was in a rack over the door and one theory is that the children were playing and jared the gun down and it was discharged killing the little fellow. An other is one of the children got the gun and in play pointed it at the child and fired.—Grayson Journal.

## All Navies Invited.

An invitation to all the navies of the world to meet at Hampton Roads in January, 1915, and pass through the Panama canal to the Panama exposition at San Francisco, accompanied by a fleet from the United States navy, shortly will be issued by President Wilson. Secretary Daniels made this announcement tonight. The invitation will be in the form of a proclamation.

## Lands Murderer.

Abingdon, Va., Aug. 18.—Wiley Holdman, the noted detective and all-round slight of hand performer, landed an alleged noted crook in jail here last week. Floyd Davis, a white man, is charged with having committed murder in or near Welch, W. Va. The crime is reputed to have been especially brutal and a considerable reward was offered for his arrest. Holdman got on the track of the man and arrested him at Fairwood, Grayson county. Davis is also charged with several other crimes.

## Cincinnati Loses Taft.

Cincinnati, Ohio, Aug. 18.—That Cincinnati has lost former President William H. Taft as its most prominent citizen was made known today through the report of an humble collector of taxes in the ward which Mr. Taft formerly resided. The assessor reported that he had never received a report from Mr. Taft as to his taxation.

The board of review, the official taxing body, took up the matter with Mr. Taft at his summer home at Point-au-Pic, Can., and Mr. Taft replied that he is now a citizen of New Haven Conn., where he has already paid his taxes.

#### Republican Mass-Meeting.

At a meeting of the County Committee held in Marion, Saturday, Aug. 16th, 1913, it was ordered that a Mass-Meeting of Republicans be held at the Court House Monday, Sept. 1st, (Court day), at 11 o'clock, to elect delegates and alternates to a County Legislative Convention to be held at a time and place named hereafter, and also to elect delegates and alternates to a Senatorial Convention for the First Senatorial District. All Republicans and voters who desire to affiliate with and endorse the principles of the Republican party are invited to attend.

#### Sleep Back from Europe.

Washington, D. C., Aug. 18.—Congressman Bascomb Sloop, of the Ninth Virginia district, returned to Washington today from a two-months' trip abroad where he went to seek rest and health. Mr. Sloop visited a number of the European countries, and declares that America after all is the land of opportunity.

"The people of Europe work more and play less than the American people," said Mr. Sloop, "I was struck with the large number of women toilers. The Germans impressed me as a sincere, thorough, steady race. They are an advanced people."

Mr. Sloop, as State chairman, sent out letters to all members of the Republican State committee asking what date would suit them best for a meeting at which to take up the approaching State campaign. From the meager reports made to him the Ninth district congressman is inclined to abandon the contest for the State ticket and concentrate all energies upon the legislative ticket. Mr. Sloop believes that Henry C. Stuart as Governor will insist upon a very advanced reform program and that this will divide the Democrats in the legislature into two factions—one for Stuart's reforms and the other against. He believes if the proper effort is made the Republicans can capture a sufficient number of legislators to give them the balance of power should the Democrats split into two factions.

#### Costly Treatment.

"I was troubled with constipation and indigestion and spent hundreds of dollars for medicine and treatment," writes C. H. Hines, of Whitlow, Ark. "I went to a St. Louis hospital, also to a hospital in New Orleans, but no cure was effected. On returning home I began taking Chamberlain's Tablets, and worked right along. I used them for some time and am now all right." Sold by all dealers.

#### Annual Meeting of Lebanon Association.

The sixty-eighth annual session of the Lebanon Baptist Church convened at Wytheville last Thursday and was in session for three days. M. M. Morris, of Glade Spring, was re-elected moderator, L. P. Collins, of Marion, vice-moderator and D. D. Cole, of Chilhowie, clerk and treasurer.

The association is composed of 43 churches, located in Smyth, Wythe and Washington counties and the city of Bristol. Thirty seven or eight of these churches reported by letter or delegate. The reports showed a membership of more than 3600 a net gain of 250. There was an increase of contribution to all objects of benevolence. One marked improvement noted was the adoption of a more systematic method of giving by many of the churches.

Among the prominent visitors known to many of our readers was Dr. F. W. Boatwright, who spoke on education and told of the greater Richmond College for men and women now being erected in Westhampton Richmond. The new plant will be ready for use in September 1914, and when completed will cost \$1,000,000, with an endowment of nearly one million dollars. It will be the greatest educational plant of the kind in the state or perhaps in the south. Dr. J. T. Henderson brought cheering news from Virginia Intermont College at Bristol, saying that a debt of \$25,000, that existed ten years ago had been reduced to \$2500 which amount would be paid next November, and that the last session was the largest in the history of the school with prospects bright for the coming year.

#### Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. And unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

#### Bargains in Buggies and Surries

On account of the large demand for Automobiles, the Babcock Company, as well as other buggy manufacturers, found themselves overstocked on a number of standard styles of buggies and surries.

To work off this surplus stock, the Babcock Company and The Durant Dorant Carriage Company, both of whose lines we have sold for years, offered us such unusual inducements that we have just put in two more cars, and now have the nicest and fullest lines of Buggies and Surries we have ever carried.

We are giving our customers the benefit of all the reduction in price, and if you need anything in this line, we will sell you if you look at our stock. We also carry a very fine line of Buggy Harness.

We are exclusive agents in Smyth, Washington and Western part of Wythe counties for Studebaker Automobiles.

## It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

trogen, the component of protein, but protein is the costly food element. It is absolutely necessary for the production of milk and for young growing animals. Pigs will starve on corn alone. All animals must have frame building food as well as fat producing food, such as corn. Alfalfa with corn makes a perfectly balanced ration, supplying the animal with an abundance of bone, flesh and giving material.

Boston, Aug. 18—Governor Eugene N. Pess, who was one of the candidates for the Democratic Presidential nomination last year, made public a brief statement last Friday which was generally interpreted by political leaders to mean that he would seek the Republican nomination for Governor at next month's primaries.

Remarkable Cure of Dysentery.

"I was attacked with dysentery about July 15th, and used the doctor's medicine and other remedies with no relief, only getting worse all the time. I was unable to do anything and my weight dropped from 145 to 125 pounds. I suffered for about two months when I was advised to use Chamberlain's Colic, Cholera and Diarrhoea Remedy. I used two bottles of it and it gave me permanent relief," writes R. W. Hill of Snow Hill, N. C. For sale by all dealers.

The most superficial investigation will prove that the following statement from a resident of Marion is true. Read it and compare evidence from Marion people with testimony of strangers living so far away you cannot investigate the facts of the case. Many more citizens of Marion endorse Doan's Kidney Pills. J. W. Rice, Carpenter, Water St., Marion, Va., says: "I consider Doan's Kidney Pills the best kidney medicine on the market and I still use them occasionally and get great help. I am glad to confirm the public statement I made in their praise several years ago. For a year I was unable to work, owing to rheumatic pains in my hips and limbs. I also had intense pains through my back and loins. Having heard Doan's Kidney Pills highly recommended, I procured a box from the Carson Drug Co. and gave them a trial. They entirely relieved the pain in my back and helped me in every way."

For sale by all dealers—Price 50 cents—Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—DOAN'S—and take no other.
