Many Rebels Slain.

Mexico City, June 15.—Telegraph reports received at the capital today from Zacatecas say that the losses of the Constitutionalists in the battle at that place are estimated at 3,000. General Medina Barron, who commanded the Federal forces, has been promoted to the rank of general of division.

Gen. Barron in his official report of the battle to the war office, said that after an eight days battle the Constitutionalists were repulsed and were pursued by him and by General Benjamin Argumedo. Juan Cabral, a Constitutionalist chieftain, the Federal commander said, was captured by the government forces and immediately put to death.

The Constitutionalist leaders, Caloca and Triana, also were killed and General Panfilo Naters, the commander of the attacking force, was seriously wounded.

The Federals, according to the report, captured several machine guns, many horses and a great quantity of ammunition.

Judge Cassell Shows New Type of Wheat.

Roanoke, June 16.—Wheat which it is said will resist almost any drought, which is rust proof and unusually prolific, is being shown in town by Judge Geo. E. Cassell, of Radford, publicity agent for the N. & W. The Judge brought a small bunch of wheat here to show that it is exactly what it is claimed to be. Judge Cassell is authority for the statement that the wheat has only had one or two light showers since the last week in April, and yet it shows no material effects of dry weather. Half a bushel planted to the acre, it is estimated the yield from the second bottom ground will be between 40 and 50 bushels to the acre. The crop from which the sample is taken was grown without fertilizer, except pen stalks worked in with a disc implement. Struggle to resist drought is derived from an unusually healthy and well rounded stalk, supporting broad blades which catch every possible drop of moisture and yet the stalks do not grow to abnormal heights and are said to afford winter roughness fully up to the average of wheat straw feed. Mr. Cassell expects to start the Norfolk & Western experiment farm on a series of experiments with the wheat he is raising.

Flag Day is Observed at Seven Mile Ford.

Smyth County Memorial Association Pays Tribute to Some of Southwest Virginia's Bravest Heroes.

Flag Day was celebrated by the Smyth County Memorial Association at Seven Mile Ford Saturday. At two o'clock in the afternoon a large crowd assembled under the trees at the Asperale burying ground, where lie buried some of Southwest Virginia's bravest heroes. The association had invited the Sycamore Shoals Chapter D. A. R., of Bristol to join with them and decorate the graves of Gen. William Campbell and his wife Elizabeth Henry Campbell.

The program was opened with prayer by Rev. Tyler Frazier, then followed "America," sung by the crowd, led by the school chorus. Hon. Haynes L. Morgan, of Asperale, was introduced by Mr. J. W. Sheffey and gave a graceful address of welcome. He paid a beautiful tribute to Gen. Campbell and to the organization of D. A. R., then referred glowingly to the noble work of the U. D. C., and most touchingly to the Confederate soldiers whose graves were also to be decorated. Rev. Tyler Frazier was then introduced and spoke most interestingly of the private soldier. Mr. Frazier, as a boy marched out with the "boys in gray" and no one can tell so well as he the varied experiences of a soldier's life—the smiles and tears, the sunshine and cloud; the hearty laughter, followed by silent tears, bore witness to Mr. Frazier's eloquence. Then followed a recitation by one of the high school boys, "The Soldiers Grave," feelingly delivered. The program closed with "Dixie," heartily sung by the school chorus, after which many beautiful and fragrant flowers were scattered over the soldiers' graves. On Gen. Campbell's grave waved the first American flag, the white field and rattlesnake, on Gen. Preston's grave was the flag of Virginia and Old Glory, he having served in the War of 1812. On the Confederate graves were the flags of the Confederacy. Worthy of special mention was the large battle flag carried by Mrs. Frazier, president of Smyth County Chapter. This flag was made by Mrs. Arthur Cummings from her wedding dress and was presented to the Smyth County company at the beginning of the war.

In the late afternoon the party from Bristol, Chilhowie and Marion enjoyed a delightful luncheon at the home of Capt. and Mrs. John M. Preston, and afterward indulged in walking, auto rides and swimming, until time to return to their homes.

Citizens Meeting.

A meeting of much interest, which was well attended by representative citizens, throughout the county was held pursuant to notice, in the Court House last Wednesday. On motion of R. A. Anderson, Mr. James D. Tate, of Chilhowie, was made chairman and Hon. A. T. Lincoln secretary. The chairman read a letter from Hon. B. F. Buchanan, member of the Tax Commission, and in connection therewith explained the object of the meeting; which was to appoint a delegation to go to Wytheville on the 25th inst. to appear before the State Tax Commission and offer such suggestions as may seem pertinent and that will assist the Commission in formulating a plan for tax equalization and the assessment of land and property values, especially, as applies to our county and Southwest section.

Remarks were made by Hon. A. T. Lincoln, Judge G. H. Fudge, John R. George, E. H. Copenhaver, H. L. Bonham, J. L. C. Anderson and John P. Buchanan. On motion the chair appointed F. W. Leonard, John R. George and C. L. Jennings a committee to nominate and report to the meeting one citizen from each precinct in the county who were to be elected as delegates to go to Wytheville. The committee reported nominations; which were on motion elected as follows:

J. S. Goetchius, T. B. Porterfield, F. G. Buchanan, R. C. Gwyn, Jas. H. Buchanan, Maurice Hale, R. N. Ward, Levi M. Cole, M. P. Henritzie James D. Tate, H. L. Morgan, C. C. Cornett, H. P. Copenhaver, F. P. Wheeler and F. G. Davis. In addition to the fifteen mentioned, on motion, F. W. Leonard, John R. George, C. L. Jennings, J. L. C. Anderson and S. W. Kent were added to the committee.

Chairman Tate then announced a meeting of the committee, composed of the twenty citizens named above, at the Court House next Tuesday at 10 o'clock. It is especially desired that each member of the committee be present so that definite plans can be made for the presentation of the county's interest at the Wytheville meeting.

The great question of tax equalization is one that concerns all of our people and we were pleased to see so many prominent citizens and tax payers, taking such interest in the matter. We urge every member of the committee to go to Wytheville and offer any suggestions that will assist the commission in its great and important work.

Judge Preston Campbell, of Abingdon, came to Bristol Monday and went to Gate City, where he will this morning convene the Circuit Court of Scott county.

Although Judge Campbell was appointed some months ago to succeed Judge F. B. Hutton this will be his first term of court in Scott county. The last Legislature of Virginia re-arranged the judicial circuits of the southwest and added Scott county to the circuit heretofore composed of only Washington and Smyth counties.—Herald Courier.

Washington, June 17.—Millions of dollars in paper money of a new type soon will be put in circulation upon the establishment of the Federal reserve banks. Commercial paper will be collateral advanced by the various banks as security for these notes.

The \$5 sample note has a portrait of Lincoln the face and the back shows a harvesting machine and allegorical figures typical of farming. The \$10 note bears a portrait of Cleveland and a manufacturing scene. The \$20 bears Jackson's portrait and is typical of commerce. Grant's picture is shown on the \$50 note and Franklin's portrait adorns the \$100 bill. Both of these larger bills are typical of the arts.

T. R. Barred From Campaign by Throat Trouble

London, June 19.—Col. Theodore Roosevelt Wednesday consulted a throat specialist, who after examining his larynx, said it would be impossible for him to undertake a continuous campaign or to speak in the open air during the next three months. In the meantime he advised him to make only a few speeches.

Colonel Roosevelt was the guest at breakfast of the Bishop of London.

Colonel Roosevelt is suffering from an affection of the larynx as a direct result of hardships endured in his recent Brazilian trip. This will force him to abandon plans to take part as an orator in the political campaign in the United States this fall, and compel him to exercise the greatest care for months. The announcement of the ex-President's disability was made after he had visited Sir St. Clair Thomson, a noted nose and throat specialist.

Valuable practical training in sewing, cooking and serving, in department of Domestic Science. Every encouragement for outdoor sports and physical development. Refused associates and pleasant social life. School of Music offers superior advantages for complete musical education; piano, pipe organ, voice culture. Thorough courses in Art and Expression. Expenses made possible by support of friends of the institution. Expenses for board with music, \$25. Session begins Sept. 15. Request for catalogue will have response.

Montague Re-Nominated.

Richmond, Va., June 16.—Out of an indicated vote of about ten thousand in the Third congressional district primary today, Congressman Montague has got a majority of not less than five thousand. The defeat of Wendenburg has been apparent since the day he announced his candidacy, but it was believed that he would make a far better showing than he did.

Montague's majority in this city is more than four thousand. Wendenburg did not carry a solitary precinct in the city and lost his county by a large majority.

When Out Of Sorts Start Your Liver Working

No Matter What Aids You, Dodson's Liver Tone is Usually a Big Help in Getting Well. Avoid Calomel.

Nine times out of ten, when you are ill or out of sorts, your liver is out of order and getting it in order again will make you feel better. When your liver is sluggish and torpid and you are constipated and bilious, it is impossible to feel well.

There was a time when a great number of people took calomel when so troubled. But this is not true today. It has become widely known that calomel often has had after-effects and is even dangerous to many. The use of Dodson's Liver Tone instead of calomel has spread wonderfully because it has proved so beneficial in so many households.

The D. M. Smith Drug Co. and Marion Drug Co. recommend and guarantee Dodson's Liver Tone instead of calomel and guarantee to refund purchase price (50c) to you instantly without question if you are not perfectly pleased with the way in which it relieves you from constipation, sick headache, biliousness, etc. It "liven's the liver" and is a pleasant-tasting, vegetable liquid, easy to take and causes no pain, no gripes, no bad results no change from your regular duties and habits. To test Dodson's Liver Tone is a sensible matter because you get your money back if you are not satisfied.

A Correction.

Anawalt, W. Va., June 15. Editor Marion News, Marion, Va.

Dear Sir: I am requested by Mrs. R. F. Eledge, mother of William Vernon, the man who was burned to death in Anawalt guard house on the night of June 3rd to ask you to correct the statement published in the last issue of your paper in regard to the subject. In the first place, he was a Hungarian, but he (Vernon) was cut about the head; it is claimed by being struck by a Hungarian with either a beer or pop bottle.

The facts in the case as near as I can gather them are as follows: On the night of June 3rd William Vernon went to the house of Bert Holwort, a Hungarian who sells oil, etc., and while there became involved in a row, and was thrown from the house and assaulted with either a beer or pop bottle, after which he secured a revolver and fired several shots, none of which took effect. He was then put under arrest by John Collins, deputy sheriff, and placed in a log house used as a guard house, at Anawalt about 11 o'clock on date above mentioned. It was stated at Anawalt at 11:30 that the guard house was on fire. People living near it, it is stated, endeavored strenuously to rescue the unfortunate man but their efforts were in vain.

The deceased was the son of Mrs. Gordon Eledge, of Jenkins Jones, W. by her first husband. He was a mine worker and well thought of by all who knew him. I myself have known him a long time, and I considered him a man of integrity, quiet and unassuming.

He leaves a widow, who was before her marriage Miss Rattie Hefinger, of Marion, Va.; a mother, four sisters and three brothers, all which (except one brother who is in the U. S. army) accompanied the remains to Marion.

A MISTAKEN IDEA There are some people who still resort to drugged pills or alcoholic syrups to overcome colds, nervousness or general debility, and who know that the pure, unadulterated nourishment in Scott's Emulsion is eminently better, but refrain from taking it because they fear it may lead to excessive fat or obesity. This is a mistaken idea, because Scott's Emulsion first strengthens the body before making flesh. Its blood-forming properties aid nature to throw off sickness by building health from its very source, and flesh is formed only by its continued use. Avoid alcoholic substitutes for SCOTT'S.

Tribute of Respect. Some three years ago there came to our community from East Tennessee our Brother in Christ J. T. Edwards. He lived and moved in our midst in a manner that won the hearts of all high-minded, right-thinking citizens.

About two years ago "Jake," as we called him, responded to the call of the Lord's cause and joined our church where he was an exceptionally active and efficient member, and labored as tea her and Assistant Superintendent in the Sunday School. His faithfulness to his profession of christianity made him a rare power for good among his fellows, both in and out of the church.

Recently while serving as foreman in a logging camp our Brother was crushed to death by a log, brought home to Atkins, and buried. Rev. E. M. Harris of Marion Baptist church, conducting the services. He was 29 years of age, leaves a wife, baby and other relatives to whom our hearts go out in sincerest sympathy.

We, the members of Cedar Bluff Baptist church, take this means of paying a last tribute of love and respect to our deceased Brother. May his memory rest on our lives a benediction from above, urging us each and all onward in the work he loved, the cause of Christ, and upward to heights of christian consecration that knows no selfishness or ceasing till we have attained that perfection in christian character, which will be creditably acceptable before a throne of grace.

WILLIAMS' Transferring Fluid and Eradicator Any One Can Do It. DIRECTIONS For transferring pictures place the liquid on the picture with a soft brush. See that the picture is well soaked with the liquid. Let it stand a short time and then blot it off with a piece of paper to take off the extra moisture. Place whatever you want the picture on over the dampened picture you wish transferred and rub over firmly with the bottom of a bottle or a large spoon.

When transferring the picture on cloth do not blot it off, as the cloth absorbs the extra moisture. Place a sheet of paper over the cloth to keep it from wrinkling.

When transferring the picture on wood, place the picture on the top of the wood, and place a piece of paper over the back.

For removing spots on clothing, saturate the spots well with the liquid and rub off with a cloth, especially paint, tar or pitch.
