

## Atkins Speaker To Represent S. W. Va. in State F. F. A. Contest

S. D. Scott Jr., of Atkins Chapter, Future Farmers of America, in a public speaking contest held at V. P. I. last Saturday morning won the right to represent Southwest Virginia in the state contest to be held there in connection with the Annual Rally June 17 to 20. Representatives of Grayson, Carroll, Giles and Montgomery counties furnished opposition to the Smyth county entry, Wayne Larowe of Woodlawn being placed second in the contest.

Scott's speech, "A Square Deal for the Farmer," presented the views of rural leaders justifying the unusual efforts being exerted through the A. A. to reestablish agricultural purchasing power. Questions of soil erosion, and the relative values of horses and mules as contrasted with tractor power for general farm use were presented by other speakers. Scott will be remembered as the winner of the County Declamation Contest last year. It is hoped that he will be able to carry the colors of Smyth County successfully through the state contest, the winner of which will be sent to Hot Springs, Arkansas to compete with other Southern State winners for the honor of representing the South in the National F. F. A. Public Speaking Contest held annually as part of the program of the National Congress of Future Farmers of America.

## Moose Will Install Next Monday

Southwest Virginia Lodge 394, Loyal Order of Moose, will convene in Marion next Monday evening May 6th, for the annual installation of officers. Officers elect are: Dr. R. H. Harrington, dictator; M. Curtis Hamm, vice-dictator; R. B. Hedrick, prelate; Dr. J. H. Gaw, past dictator; Dr. A. M. Showalter, honorary past dictator; D. Lee Barrett, treasurer; J. Ed Christian, trustee; R. R. Roberts, secretary. Delegations from many of the cities and towns of the Southwest are expected. Entertainment and refreshments will follow the business meeting.

## Children's Home Campaign Launched

The annual campaign of the Children's Home Society of Virginia in Marion was launched Sunday by Dr. E. H. Copenhaver, local chairman, and A. L. Stevenson, field secretary who spoke at local churches. The society now has some 700 children under supervision, 20 of them from Smyth county.

## Mild Typhoid Epidemic Strikes Quarry

Nine cases of typhoid fever have been reported from the vicinity of Quarry, near Saltville. To combat the epidemic, which so far is of mild intensity, a typhoid clinic is being held by County Health Officer J. F. Ward and Dr. R. W. Campbell, of Saltville. About 90 persons are taking the treatment.

Investigation has shown that the epidemic is waterborne. Most of the cases occur when the patient has drunk from a small open creek or at homes where the streams have overflowed into the springs.

## Chilhowie FFA Banquet Friday

The annual father's and son's banquet of the Chilhowie FFA Chapter will be held this Friday night at 7:30 at the school house.

## Beulah Anderson "Smyth County Princess"

Miss Beulah Anderson, daughter of Mr. and Mrs. Martin I. Anderson, of Chilhowie, was chosen "Smyth County Princess" in the "1935 Follies," sponsored by the Marion Chamber of Commerce at Lincoln Theatre, Thursday, April 25th. Miss Anderson, a golden-haired blonde, will receive a trip to Bristol with all expenses paid by Southwestern Virginia, Inc., to serve as one of the maids of honor to Miss Nancy Letitia Peery, 19-year-old daughter of Governor Peery, and queen of Bristol's first annual Dogwood Festival, May 9th-10th.

The last contestant to be eliminated, leaving only the winner, was Rosanell Snavelly, daughter of Mr. Gordon Snavelly, of Marion, Miss Naomi Rector, daughter of Mr. and Mrs. Fount Rector, of Seven Mile Ford came third.

The list of entries included the following contestants (some, however, failed to appear):

Nancy Gollenhon, Edith Copenhaver, Helen Kent, Helen Phipps, Mary Helen Brosius, Ellen Meade Wilson, Katherine Brosius, Mrs. Jas. Richardson, Roberta Stephenson, Neoma Rector, Helen Miles, Ruth Maiden, Polly Buchanan, Northea Linkous, Calphurnia Cox, Mrs. Lynn Johnson, Agnes Crockett, Mrs. Billy Scott, Beulah Killinger, Rosanell Snavelly, Mary Campbell Cook, Pearl Cornett, Martha Scott, Beulah Witt, Betty Boney, Margaret Atkins, Polly Sweet, Irene Burris, Virginia Brockman, Elizabeth Holmes, Alice Sherwood, Beulah Anderson, Rachel Sanders, Mrs. Ed Bass, Marie Dobbins, Margaret Nixon.

## Mountain Wanderer's Frozen Feet Amputated; He Dies

Some time ago it was reported that a man with frozen feet had been seen on Walker's Mountain, but investigation failed to locate him. About a week later, the same person appeared at the home of John Havens, County Health Officer. J. F. Ward found that the man, John Clapp, has such severely frozen feet that he was unable to walk.

On a stretcher improvised from sacks Clapp was carried about one-fourth a mile to the car. He was admitted to the State Hospital at Merion, after being judged insane. His frozen feet were in such bad condition that it was necessary to amputate them half-way up to the knees.

The operation was performed last week. Clapp died at the hospital Monday night the 29th.

## 50 Gals. Two Men and Women Captured After Chase at Glade

Two men and a woman, Mr. and Mrs. Will Broyles and G. Arnold, of Glade Spring, were captured at the underpass at that town Sunday night by state and county officers with 50 gallons of liquor after a chase from the White Oak Stand.

The capture was made by state Patrolman Ira Ratliff and Smyth County Deputy Sam Mountain. They were with Patrolman Jim Cowan and Ed Helms and Washington county Deputy Johnny Hagy in a party which attempted to stop the Broyles car at the White Oak. The car shot past, failing to halt for several pistol shots from the officers (one of which removed a headlight), and Ratliff and Mountain, in a car with the engine running, took up the chase.

The three captured persons were brought to Abingdon and placed in jail.

## Riverside Commencement Wednesday

Commencement exercises for Riverside school, South Fork, will be held this Wednesday, May 1st, at 7:30 p. m. at the school house with Dr. E. H. Copenhaver of Marion delivering the principal address. All are invited to attend.

Miss Agnes Crockett had as her week-end guest Miss Nick Hayes of Rich Valley. Miss Hayes was formerly a student at Marion high school.

## Queen of Dogwood Festival

Miss Nancy Letitia Peery, daughter of Governor and Mrs. G. C. Peery, of Virginia, who will reign as the Queen of the First Annual Dogwood Festival to be held in Bristol on May 9th and 10th. Twenty attendants from the two high schools and the three colleges in Bristol, together with 9 princesses, one representing each of the 19 counties in Southwestern Virginia, will form her court. Two Maids of Honor will be designated, one from Bluefield, West Virginia and one from Bristol Tennessee. Miss Peery is 19 years of age and is a student at Hollins College, Virginia. She will be officially crowned by Governor Hi McAlister, of Tennessee, at Tenneva Field at 8 P. M., on Thursday night, May 9th.

## All Here This Time

LET THE RED FLAG RISE AT THE RIGHT TIME

The article, "Waste of Time and \$7.00 Spent," by R. L. A., inasmuch as it introduces the speaker for the Chamber of Commerce, I think the facts should be known before a decision is formed.

Information is what the council is seeking and to get this information you have to go to engineers of reputation such as Wiley and Wilson of Lynchburg and seeking information is what the council and the Chamber of Commerce is doing. \$7.00 was possibly spent in a very good cause. I understand the meeting cost \$5.00 and not \$7.00. They first want to find out if there is a possibility of the T. V. A. coming to Marion. This is the most important question that was brought up. Who knows whether the T. V. A. is coming to Marion and who is getting any action to get the T. V. A. in

## Airway Beacon Being Erected On Staley's Knob

A beacon of the Washington-Nashville airline is being erected on the top of Staley's Knob at Marion. It will be a high, permanent steel structure, carrying a special light to guide planes in night flying. The construction is being done by the bureau of air commerce, department of commerce.

The beacon is one of a chain stretching from Washington.

## ALMOST DONE

Marion's new municipal building is almost done. The finishing touches should be completed within three weeks. Then the town fathers and the citizens are looking forward to a grand opening party. It has been suggested that the fire company join in the occasion by giving a dance.

We are unable to agree with the editor of our Democrat's political column that the building fails altogether fails on "being a thing of beauty and a joy forever." It may not be quite all that, few things are, but it is a handsome, gracefully proportioned building and already what can be seen of the interior finish gives great promise.

We do have one suggestion to offer the council for the benefit of the young people of the town. And that is that no permanent railing be put in the council room, shutting off the seats of the council from the seats of the people. We see no reason why the council need impose any barriers between itself and the citizenry—and we do know that if the room is left at its full size it will make an excellent place for social events which will bring pleasure to the participants and some small revenue to the town.

## \$2,500 Verdict Awarded Atkins and Saltville Divide Honors In Final Contests

A jury in Smyth county circuit court on last Friday the 26th, awarded a verdict for damages of \$2,500 to Riley Glover, Chilhowie, who sued Lindsay Walker, farmer who resides east of that town, for \$25,000 damages for injuries received on Sept. 1, 1933, when a car in which he was riding with Wood Vance struck Mr. Walker's horse on the highway late at night.

The suit, filed by E. L. Glover, the boy's father, as his next friend, has attracted wide attention among farmers who keep livestock.

The case more or less hung on whether the plaintiff could prove that Mr. Walker deliberately allowed the horse on the highway and was in the habit of so doing. Conflicting testimony was offered by many witnesses in the two day trial.

Young Glover was represented by John P. Buchanan, Emory Widner and George Warren. Walker was defended by George F. Cook, L. P. Collins, C. H. Funk. The defense moved that the verdict be set aside as not being according to law, arguing that there is no Virginia statute to cover the offense, if there was an offense. Judge Robertson has the motion under study.

The jury was Julian Copenhaver, Olin H. Harris, J. W. Earnest, Cecil Greer, Ike Phipps, Harrison Hopkins, R. L. Russell.

The case of Blankenbeckler vs. Madden was continued by plaintiff. The case of W. Lynn Copenhaver vs. Lincoln Theatres Corp. was passed for trial later this court term. No criminal cases were heard Monday.

## Marion College May Day Pageant, Monday The Sixth

The annual May Day celebration of Marion College—an event that always draws a large throng of visitors from Smyth and adjoining counties—is scheduled for Monday, May 6th. In case of bad weather, the event will be postponed until a suitable occasion.

The pageant this year is Shakespeare's "Mid-Summer Night's Dream." Except for a few scenes it is given almost entirely in pantomime. For the first time, the boys of the college are participating in the pageant.

The May Queen and her court were chosen more than a month ago by the Senior class, but in keeping with tradition her identity will not be known until she is crowned.

A ten cent charge is made for admission to the campus, with five cents additional for those desiring a seat.

The May Day celebration is a part of college's Mother Day events. All mothers of boarding students are invited to spend Sunday and Monday in the college building as the guests of their daughters. On Sunday afternoon they will be entertained by the YWCA with a tea. On Monday evening there will be the Mothers Banquet, with Miss Virginia Snidow presiding, and Miss Patsey Staley, toastmistress. Mrs. H. G. Keiser, of Wise, will respond to the toast. Mrs. Robert Lane Anderson is the speaker.

## Sugar Grove Baccalaureate Well Attended

The main auditorium of Sugar Grove high school was filled to capacity Sunday morning, the 28th, as the Rev. R. Lake Wright of Rural Retreat preached the baccalaureate sermon to the graduating class in cap and gown.

With Miss Genelle Keesling directing the music, the service opened with the entry of a large choir from the school and Community League, followed by the graduating class. Rev. J. R. Shumate made the invocation. Announcement of the graduation program was made by Robert F. Williams, principal. Mrs. Click Cheate sang a fine solo.

The Rev. Wright preached a powerful sermon on "Like Unto a Man who Built His House Upon a Rock." He called on the graduates to build their characters likewise and fight temptations of the modern world.

Mr. D. M. Greer, watchtinker, whose place of business is in Hotel Marion, is back on the job and ready to serve his clients after an illness of about five weeks.

Atkins and Saltville high schools divided honors in the final event of the annual county contests held Saturday, the 27th, in Marion in morning, afternoon and night sessions.

Reciting "Si and I," Miss Mildred Aker of Atkins defeated seven other young ladies in the reading contest, and William Craft of Saltville, who declaimed "Robes," took the measure of seven other young orators in the other half of the program at the court house auditorium Saturday night.

Marion was jammed with school children, their teachers, and their parents and friends all day. The singing contests got underway at 10 a. m. with the program running simultaneously at Lincoln Theatre, donated for the occasion, and the court house auditorium, which took care of the overflow audience. Singers were assembled at the grammar school, marched to the theatre where they sang and were then marched to the court house, where they sang again. Both halls were packed. Superintendent B. E. Copenhaver presided at the theatre and Principal Robert F. Williams of Sugar Grove at the auditorium.

The new arrangement did away with the terrific crowding of past years and ran without a hitch. The singing was beautiful.

Winners in the singing contests were:

One room schools, Greenwood: primary groups, Atkins; elementary groups, Pendleton Chapel; high schools, Marion. It was at first an-

## Jackson Building Dates From 1851

Several weeks ago we published an article, recounting the various traditions afloat about the old Jackson Building. In spite of questioning many of the oldest citizens of Marion, however, we could not obtain definite information as to the exact date when the building was erected.

Mr. A. T. Lowry, of Saltville, read the article, and has kindly volunteered to tell us what he knows about the building. His information definitely places the construction of the building in 1851—84 years ago.

Mr. Lowry states: "I knew Emory Blackard, of Crockett, Virginia. He died in 1924 at the age of 85. He often told me that his first work was when he was 17. That was in the fall of 1851, when he was an apprentice bricklayer under Joseph Lambert, and was working on the Marion Tavern—later known as the Jackson Building.

"There was a political speaking in Marion that day. Daniel Sheffey, who qualified in Tazewell as a lawyer in 1830, introduced Landon C. Haynes, the great Tennessee orator, and grandfather of Robert L. Taylor and Alf Taylor. Later Haynes opposed Daniel Webster in the famous debate in the Senate on Succession. Mr. Haynes then introduced John B. Floyd, who was running for governor on the democratic ticket. He was elected and under President Buchanan was appointed Secretary of War. "Joseph Lambert of Wythe County, who was in charge of the bricklayers, led the white workers off to hear the speaking, but made the slaves keep on.

"After the speaking Haynes went on to Sulphur Springs, above Chilhowie, where a great barbecue was arranged. They roasted a thousand hams, and for a week the feasting lasted. Now they've got more lawyers and less law, more hogs and less meat than ever before.

"That fall, county court was opened by Beverley Johnson. Court was adjourned to hear the speakers."

Mr. Lowry added, "The history of the Jackson Building interests me, for so many of our most prominent and most influential families have once lived within its walls."

## Chilhowie Fair To Organize Next Tuesday

An important meeting of the Chilhowie Community Fair association will be held next Tuesday, May 7th, at 7:30 p. m. at the school house in connection with the meeting of the Parent Teachers Association. Plans will be made for this year's fair and officers elected.

### Bloodhound Brings Fancy Price

Last Friday Joe, one of the fine bloodhounds owned by a company of local men was sold at a fancy price to certain officials connected with the Harlan County and State Police Department of Kentucky. Some years ago, the State not providing bloodhounds for its hospitals, Drs. Wright, McCarty, Hutton, Watkins, Mr. W. E. Johnston and Mr. R. L. Simpson formed a little company to acquire a kennel. They have been used frequently by the State in tracking down escaped prisoners and patients in different parts of the southwest. Since the use of the hounds has become well known, the escape of patients from the local hospital has been greatly reduced in number. The

company still have the famous Peggy O'Neil and a number of other well-trained dogs.

### Dramatic Club Elects Officers

Meeting Friday, April 26th, the Marion dramatic club elected the following officers: president, Mrs. N. A. Lineweaver; vice-president, Miss Emma Mae Umbarger; business manager, Z. M. Wolfe, Jr.; publicity director, Chad Walsh.

The club plans to meet each Friday at 8 p. m. The meeting this week will be at Mrs. Lineweaver's residence. A committee has been appointed by the president to prepare a constitution, which will be submitted to the club.

A study of the one-act play will probably be the next activity of the club.

### Rotary Hears Miss Campbell On Mexico City

Marion's Rotary club, which like clubs all over the country is particularly interested in Mexico City just now because the international convention will be held there this summer, heard an interesting talk on the city Tuesday night at Hotel Marion given by Miss Kathleen Campbell of the Southwest Virginia Hospital staff.

Miss Campbell, who was presented by Dr. Dick Hutton, visited Mexico City last Christmas.

Vice-president Cecil Greer presided in the absence of Prexy Bill McCarty.

### Kiwanis Entertains Youngsters

About fifty youngsters of both sexes and most ages were entertained by Kiwanis Tuesday night at a dinner at hotel Lincoln.

The "sons and daughters" affair was thoroughly enjoyed.

Bill Allen did some hot singing, so did a quartet composed of Harry Linkous, Harlass Wassum, Helen Kent and Martha Scott, and Mrs. Jessie Blackwell and Mildred Snider did nobly by the piano.

### A Chance For Seven Boys

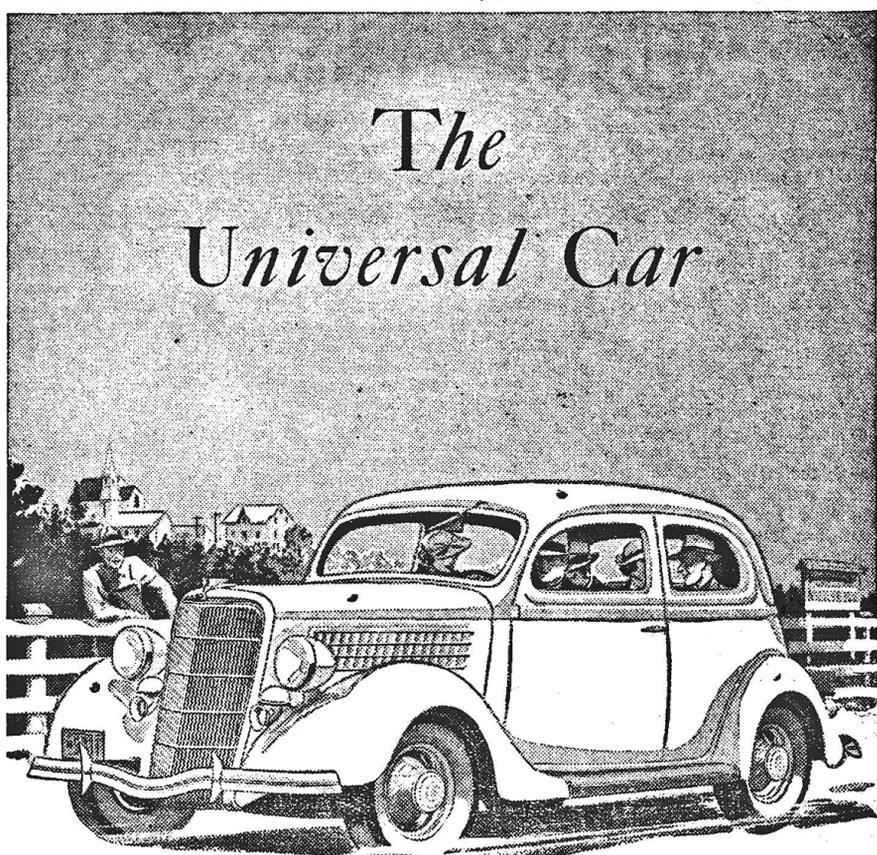

Equipment for Marion Junior Drum and Bugle Corps has arrived—so much equipment, in fact, that there are drums for three more boys and bugles for four more boys.

The first seven boys between the ages of 8 and 14 who make application to Walter Huffaker, at Huffaker-Faucette Company, will be given places in the Corps.

The instruments are here. The lucky seven, who want to learn to play, parade and go on trips had better hurry.

### Rural Retreat Items

Rural Retreat, Va., April 29—The Girl's Hi-Y Club gave a banquet for the mothers Thursday evening at Hotel Rural Retreat. Covers were laid for forty-one. The club sponsors, Misses Kathryn Eiter and Gladys Miller, were present and Mrs. C. m. Misses Verrell.

# The Universal Car

ONE name comes quickly to mind when you think of "The Universal Car." The description is distinctively Ford. No other car is used by so many millions of men and women in every part of the world. Everywhere it is the symbol of faithful service. . . . That has always been a Ford fundamental. Something new is constantly being added in the way of extra value. Each year the Ford has widened its appeal by increasing its usefulness to motorists. . . . Today's Ford V-8 is more than ever "The Universal Car" because it encircles the needs of more people than any other Ford ever built. It reaches out and up into new fields because it has everything you need in a modern automobile. . . . The Ford V-8 combines fine-car performance, comfort, safety and beauty with low first cost and low cost of operation and up-keep. There is no other car like it.

### CORRECTION

Last week it was stated that the last day for the payment of capitation taxes in Smyth County was May 6th. This was an inadvertent error. The final day upon which such taxes can be paid so as to enable a voter to participate in the November, 1935, election is SATURDAY, MAY 4th, and it should be paid before noon on that day.

It is almost inconceivable that any person interested in the slightest in County affairs will not pay the small sum required as a prerequisite to voting. All of the County officers will be elected this fall. A member of the House of Delegates and a State Senator will also be chosen. If by inadvertence or neglect there has been failure to pay the poll tax, it should be paid to the Treasurer, or sent to him, so as to reach his office not later than the morning of May 4th. If it does not, the voter will find himself or herself embarrassed in November by being unable to cast a ballot or choose between the candidates offering for election. It is a small matter, but the payment of a capitation tax evidences that feeling of self respect which every citizen should possess.

### NOTICE OF PROPOSAL TO AMEND THE HUNTING LAWS

A meeting of this Commission will be held in Richmond, Virginia, Saturday May 11, 1935, at which meeting the following proposal to change the laws with reference to hunting will be considered and acted upon:

That the open season for hunting adult black bear in this State be from November 15-December 31, except in Nansemond and Norfolk counties the season shall be October 1-November 30.

That it shall be unlawful to occupy any baited blind or other bated place in this State for the purpose of taking or attempting to take any wild game bird or animal or to bait the same, or salt any game animal for the purpose of taking or killing the same. This shall not apply to migratory waterfowl when otherwise permitted.

That it shall be unlawful for any person or corporation to import into, or liberate in this State, any live wolf or coyote, or any wild bird or animal of a predatory species, except under special permit of the Commission of Game and Inland Fisheries. This shall not apply to any wild animal or wild bird legally held in possession for scientific or museum purposes prior to this action.

That it shall be unlawful to hunt elk in this State with dogs.

That it shall be unlawful to hunt ring-necked or other introduced species of pheasants, bear and squirrels in the snow.

By order of the Commission of Game and Inland Fisheries in Richmond, Virginia, April 13, 1935  
CARL H. NOLTING, Chairman.

## GOITRE ENLARGED THYROID GLANDS AND TONSILITIS

(Or Diseased Tonsils) can be cured successfully by removing the cause. By operations only the localized swellings are removed and are very likely to return because the roots, poisons and germs still remain in the system. Now it is considered those having Goitre or Tonsillitis have them by their own choice, through indifference or neglect, because they can be scientifically absorbed by using DR. HAYSSON'S WORLD-FAMOUS GOITRE PREPARATIONS, "EUREKA" Ointment and Balm for simple Goitre (Enlarged Thyroid Glands); "SUPREME" Ointment and Tablets for Exophthalmia, Tonsillitis, Tumors, Wens, Cysts, etc. These preparations are SAFE, PAINLESS, made according to the original formula of Dr. H. H. Hayssen, the famous Goitre Specialist from Heidelberg, Germany, and have also been successfully used and highly recommended by leading physicians since 1905.

- A 10 Days' Trial Size "Hayssen's Supreme" costs only \$1.00

## ARE YOU WILLING TO FOOT THE BILL?

A BILL has been introduced in Congress which provides for outright government ownership and operation of the railroads. If the proposed legislation becomes law, it will mean:

- (1) That the government will have to add 26 billion dollars to the already gigantic public debt.
- (2) A loss, in normal times, of nearly a million dollars a day in railroad taxes (part of which pays for the education each year of 1,600,000 children).
- (3) The creation of the greatest political machine in the history of the nation, with every user of railroad service and every railroad worker subject to the mercy of federal bureaucracy.
- (4) Cumbersome, inefficient operation, and the destruction of individual initiative and progress.
- (5) Huge deficits that will have to be met by public taxation.

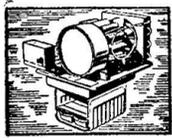

The experience of this and all other countries in government ownership and operation of railroads prove the accuracy of these predictions. Private initiative and enterprise have developed, in America, the largest, the best equipped, the safest and most efficient, economical railway system in the world. Are you—the shipper and receiver of freight, the traveler and the investor—willing to scrap this system and foot the bill of government ownership?

The issue is now before Congress. Congress is made up of your representatives. Your opinion, vigorously expressed, largely determines Congressional action. Express your disapproval of government ownership of the railroads to your representatives in Congress—or be prepared to foot the bill.

**CCC Workers Stop Fire On Glade Mountain**

Fire crews from the CCC camp at Speedwell, Virginia prevented a serious forest fire on Glade Mountain about eight miles east of Marion on Friday, April 26. Watchmen in the fire towers on Dickey's Knob and Comer's Rock discovered the smoke a few minutes after it started and reported it to fire crews under C. S. Jackson. Within fifteen minutes the crew started work on the fire and had it under control in less than an hour. Captain Frank also assisted, delivering food for the fighters and inspecting the burned area.

Five and one half acres were burned, doing considerable damage to young timber and leaf litter. The fire was apparently started by someone dropping a match or cigarette near the new road being built by CCC workers on Glade Mountain. The Forest Service will soon take over the Long Estate of about 9,000 acres in that section and desires the cooperation of all the residents of the Glade Mountain section in preventing the fires which almost every year sweep that area. Many years are required to mend the damage done by these fires. It is the intention of the Government to enforce all the laws relative to starting fires by prosecuting all violators.

**ATKINS AND SALTVILLE DIVIDE HONORS IN FINAL CONTESTS**

(Continued From Page One)

nounced that Cleghorn Valley was winner in the one room division, an error which the committee explains as follows:

"By an oversight Cleghorn Valley, a two room school, was listed in the classification of one room schools in the Singing Contest held Saturday. The one room group receiving the highest rating was Greenwood school, and it is therefore entitled to the prize instead of Cleghorn as was announced the night of the contest. Cleghorn, as it happened, would not have won the prize in its proper classification as the points it received were lower than the number received by the winning group.  
"The Cleghorn School will re-

ceive a gift of \$5.00 for its library.  
—The Local Committee"

Second places were: primary, Rich Valley; elementary, Saltville; high school, Chilhowie.

Greenwood singers were: Edith Aker, Flossie Church, Cleo Wilson, Carley Copenhagen, Mary Copenhagen, Mildred Ferguson, Hazel Murray, Peggy Burchett, Ruby Testerman, Clea Young, Eunice Thomas, Shirley Blizzard.

Marion high singers were: Mary Helen Hagaman, Helen Kent, Katherine Brosius, Martha Scott, Nancy Gollehon, Agnes Crockett, June Burris, Katherine Windell, Martha Henderson, Clark Goolsby, Jim Scott, Justin Scott, Bill Vines, Harless Wassum, Richard Hall.

Other winning groups of singers will be published when names are sent in by their teachers.

Riverside and Rich Valley were tops in the spelling contests, most dramatic of all the contests, held Saturday afternoon in the court house with Superintendent Roy B. Bowers of Bristol, Va., giving out the words. Little Miss Irene Hart won the primary contest for Riverside and Miss Avonelle Asbury won the high school contest for Rich Valley. It was a clean sweep for the gentler sex.

**What Is It?**

Benny Burritt of Marion dropped into the print shop Monday, the 29th, with a bottle of water on which floated a yellow, sulphur-like foamy substance. Benny said he got the water out of a tub down in the country when the rain fell Saturday afternoon. He didn't think it was from the western dust storms. Rain carrying dust, he said, has shown a red or black gathering.

### Ryan Scholarship At U. Virginia Open

Dr. George O. Ferguson, Jr., chairman of the committee on scholarship awards at the University of Virginia, has announced that applications will be received for the Thomas Fortune Ryan Scholarship for the ninth congressional district, of which Smyth County is a part.

The scholarship, which carries an annual value of \$300, is open for the 1935-36 session to a high school graduate of this year or to a student from the ninth district already in attendance at the university. The award will be made on a basis of financial need and scholastic standing, and it is expected that the committee will make the appointment by July.

Ten Ryan scholarships at the University of Virginia, one for each congressional district as set up prior to the redistricting act of last year, were established in 1914 by the late Thomas Fortune Ryan of Virginia and New York. In addition to high scholastic standing and the need of financial aid in order to enter the university, it is required that the

applicant must be a resident of at least two years in the district from which he applies.

Students with good records who are unsuccessful in obtaining a Ryan scholarship will be given an opportunity to qualify for other scholarships at the University.

### Jailed After Accident

Freeman Holman of Todd, N. C., is in Marion jail waiting a hearing on May 10th on a charge he left his truck parked on the highway near Glade Spring at night and without

lights, causing M. E. Bristow, state commissioner of insurance and banking, and W. R. Gardner, Galax, a state bank examiner, to be injured when their car plowed into it. Holman was arrested near Marion by State Trooper E. D. Helms of Abingdon.

### LETTER TO YE EDITOR

(Continued From Page One)

Marion? If Marion is to have the T. V. A. power there must be action and they must know just what course to pursue to get this power. This is what we are trying to do. Let the people have information that we are active in trying to find out if the T. V. A. can be induced to come into Marion. This is the first move that is made to get the citizens on a cheap power rate and to keep the money at home rather than make continuous drain on the citizens to send big sums of money each month to other sections.

If the T. V. A. does not come to Marion, then what is the next step? Do we want to stand by and wait until our franchise expires and have nowhere to go? Who is looking out for the labor situation of those who are unemployed in our community? Are we going to sit by and let the \$4,800,000,000,000 be spent in other sections and we not get our part spent in our community? Are we using the resources of our country by not assisting the T. V. A. in developing in a hydro-electric plant on one of the best streams in our state which the Federal Trade Commission is interested in developing for all of its citizens? Who is going to give the rural electrification which large appropriations have been made for now? It cannot come from the corporations. It must come from municipals or the T. V. A. Are we standing by and saying to our country friends you cannot get electricity because you have not a municipally owned plant or the T. V. A. in our community? Who are they going to deal with? Are they to build their lines as they have in the past and then turn them over to a corporation to get the revenue from

it, at excess prices of the cost to build in connection with the present companies?

Is it worth while to consider these things and find out the facts where our citizens are called upon to issue bonds that would add to taxes, or whether revenue bonds will carry this obligation. If only revenue bonds are issued and our rates could be put at the same price as the T. V. A. which is 2-2-1 for power, then the citizens of Marion would be benefited.

Why work to get industries to come into a community if you are confronted with other towns who have their municipal plants and are offering inducements which we are unable to give. Who is taking care of female labor? If our town is to grow and is to have equal rights with towns who own their municipal power plants or have the T. V. A. in their community who can offer special inducements to moving plants, and there are no new plants new establishing, only those who are wanting to move to new territory where they can get the advantages of cheap power and intelligent labor, these will get the plants.

Was it worth while to have the Supervisors to have a special meeting to get for Sugar Grove a water supply? Is it worth while to investigate these matters and know first hand that it is worth while to make any investment that will benefit all of the people of this section. If a power plant could be put in on New River and the T. V. A. is not coming to Marion after we have made every effort possible to get it here, we could give to our country neighbors electricity which they are unable to get for themselves and at the same time put no burden on anyone.

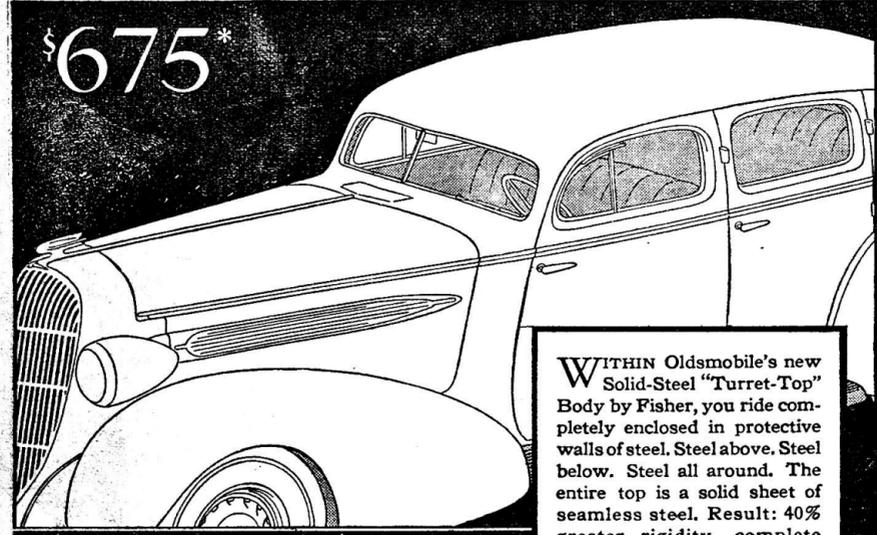

Why should we not investigate these matters? Investigation does not mean action. Time enough to draw the red flag when we are making a bad move and not just investigating.

Virginia is paying a large portion of the Federal taxes now and we are entitled to a large portion of the Federal money to be spent in the State of Virginia. How much of this money is going to be spent in our community? Are we standing by like we have done with the roads and after the money is all spent say we have not roads? Why not have these investigations and more of them and all of the citizens know the facts. Then, when the proper time comes to act, we will all be acquainted and can act as a unit.

Let the red flag arise at the right time.

E. K. COYNER.

## To make THIS BEER

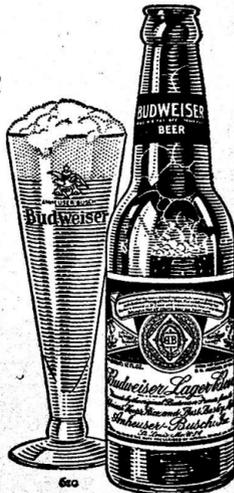

yeast cells must be fed just as carefully as babies

Since the yeast discoveries of the great French scientist, Louis Pasteur, revolutionized brewing practices, we have learned many things. We know that to make good beer, yeast cells must be fed as carefully as we nourish our own infants. So, during the BUDWEISER fermentation period, we see to it that the yeast cells get just the right amounts of the various food values they need. Thus, BUDWEISER is always uniform—in flavor, bouquet, carbonation, color, clarity, and purity.

In the brewing of BUDWEISER, nothing is left to chance. By clock and thermometer, every process is controlled. You will always find in BUDWEISER that matchless bouquet that is the envy of all brewers. BUDWEISER is always rich in the flavor of the pick of each year's barley crop. Always BUDWEISER lives up to its age-old reputation—the one beer that sets itself brilliantly apart from all others. The very first sip tells all who try it why the world-wide demand for BUDWEISER built the world's largest brewery.

Three Day Presbytery Session Ends

A three day session of the Abingdon Presbytery, held at Royal Oak church here and attended by about 100 ministers and deacons, came to a close Thursday, the 25th. At the opening session Tuesday the Rev. R. H. Showalter of Hillsville was elected moderator, with the Rev. J. G. Patton of Abingdon and the Rev. C. L. Afehart, Rural Retreat, as clerks.

The Rev. James M. Smith of Big Stone Gap, retiring moderator, delivered the sermon at the opening session Tuesday night. Rev. G. A. Wilson, pastor of the host church, delivered one of the sermons Wednesday.

All of the visitors were entertained at a big banquet served by ladies of the church Wednesday night.

The Rev. Evelyn Rouse of Riverside, a teacher in the Piedmont school, who has been ill for several weeks, was removed to the George Ben Johnston Memorial hospital in Abingdon Thursday.

The last meeting of the sixth grade poetry club was held at the grammar school April 19, with the president, Miss Edith Martin, presiding.

Herbert Mill, son of Mr. and Mrs. Frank Hill, is a patient at the Abingdon hospital, having undergone an operation for appendicitis recently.

Mrs. J. T. Frazier entertained the Rev. and Mrs. T. J. Eskridge, Mrs. Sallie Greever and Miss Nannie Ak-er at dinner Thursday.

Mrs. W. H. Copenhaver is confined to her home by illness.

Mrs. Frank Sanders spent the first of the past week visiting friends in Johnson City and Bristol.

COOK AS YOU LIGHT Electrically!

At the Snap of a Switch

HOW would you like to simplify your cooking as electricity modernized your lighting?

Now you can cook with heat that is measured with the accuracy of electricity. Cook cereals, puddings, toings on the controlled heat of the Calrod unit without double boilers to temper the heat.

The electric "chef's brain"—an automatic timer-clock—watches over cooking operations while you go about other duties or pastimes.

Come in today and see the beautiful new ranges.

APPALACHIAN ELECTRIC POWER COMPANY

Amazingly low down payments; equally low monthly installments.

The Radio Girl Says:

"YOU'LL GET MOST FOR YOUR MONEY BY CHOOSING A FORD DEALER'S RADIO SPECIAL USED CAR"

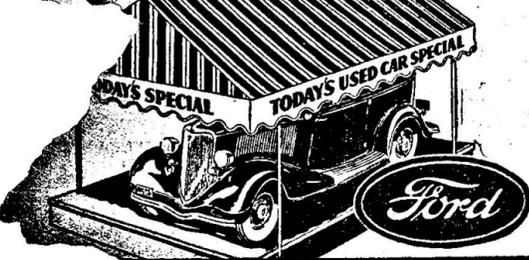

Under the Canopy Top in your neighborhood, an Authorized Ford Dealer is displaying, every day, a used car of outstanding value. And like all other used cars in his stock, it is backed by the reputation of a reliable merchant.

Never before have Ford Dealers offered a more attractive selection of dependable used cars—the result of public eagerness to trade late models of all popular makes on the 1935 Ford V-8.

Go to your nearest Ford Dealer's outdoor used car department today. Look first at the Radio Special under the Canopy Top. Its unusual value will be apparent at a glance. But if it's not exactly the automobile you and your family want, you're sure to find your needs perfectly met by one of this dealer's other big-value cars—at a price you easily can afford.

## Virginia Banking Officials Injured

M. E. Bristow, Virginia state commissioner of insurance and banking, and W. R. Gardner of Galax, a state bank examiner, were slightly injured three miles south of Glade Spring on the Lee highway on Monday, April 22nd, when their automobile ran into a parked truck on the brow of a hill near Mason's service station.

Bristow was taken to George Ben Johnston hospital, Abingdon, for treatment, while Gardner's injuries were so slight he underwent no medical aid.

According to State Trooper E. D. Helms, who investigated the accident, the truck was parked in the middle of the road and was void of lighting equipment. Its occupants fled soon after the crash, he said. Bristow's automobile was demolished.

## SOCIAL EVENTS

Evans-Newland

D. M. Newland announces the marriage of his daughter, Margaret Rebecca, to Mr. Karl Evans of Meadowview.

The bride is a graduate of the Radford State Teachers College and for the past few years has been a teacher at Barrack High School.

The groom is a graduate of Emory and Henry College and is now associated with the Tri-City Traction Company of Princeton, W. Va.

Mr. and Mrs. Evans will make their home in Princeton after May first.

Mrs. Karl Evans Honored

Honoring Mrs. Karl Evans, a recent bride of Meadowview, Mrs. J. T. Wilkinson entertained on Thursday afternoon, April 25th, at her home near Chilhowie, with a beautifully planned shower. The home was artistically decorated with a profusion of spring flowers.

Those receiving were the hostess, Mrs. Wilkinson, the bride, Mrs. Evans, Mrs. E. T. Evans, and Miss Mary Lynn Newland, sister of the bride.

The bride was lovely in an ensemble of blue triple crepe with accessories of pink. Her corsage was of sweetheart roses and lilies of the valley.

An interesting feature was announced as Master Marvin Wilkinson entered the room pulling a wagon filled to overflowing with gifts.

In the salad and ice courses served the Easter motif was carried out.

## Fire Company Makes Two Runs

The fire company was called out Monday afternoon, the 29th, in a pouring rain and extinguished a fire in a car parked in front of the Marion National Bank. Late last week the company started a run to Sugar Grove but was stopped when the word was sent back that the fire, which was on Slemp's creek, was under control. It seems a house was afire and it was first feared the fire would spread to other nearby houses.

## Dancing Class Planning Operetta

The Marion Dancing Class is now preparing for the annual recital to be given the latter part of May. They have selected Claude Davis Richardson's charming operetta, based on the Cinderella story—"The Maid and the Golden Slipper."

No effort is being spared to make this fantasy, with its lords and ladies, its cupid, prince and other fairyland characters, an event long to be remembered.

The exact date will be announced later.

## College Debate This Thursday

The annual junior-senior debate at Marion College will take place in the college auditorium, Wednesday, May 1st, at 7:00 p. m. The subject chosen is one being widely debated by college teams: "Resolved: That the nations should agree to prohibit the international shipment of arms and munitions."

The seniors, representing the affirmative, are Miss Naomi Bodenburg, of Osgood, Ind., and Miss Mildred Buchanan, of Rich Valley. The juniors, who uphold the negative, are Miss Jessie Tise, of Floyd, and Chad Walsh, of Marion.

The public is cordially invited to attend the debate.

## Piano Recital

Miss Gertrude Wheeler will present her piano class in a recital on Friday, May 10th, at 7:30 p. m. in the Court House Auditorium.

The program will consist of choruses, rhythm orchestra, vocal and piano numbers.

The public is cordially invited.
