PHIPPS MILLER,  
LOCAL EDITOR AND BUSINESS MANAGER.

**'Tis Said—**  
The heated spell still continues. A nice drove of sheep passed through town Saturday. The nights have been very cool for the past few days. Bristol is going to have water works soon. Over thirty deaths have occurred from flux in Lee county in the last twenty days. Threshing still continues in this section. The Methodist (col) Sunday school had a picnic Friday. The brass band has been engaged to play for the Sons of Zion at Mt. Airy Saturday. The Missionary Baptist Association met to day at the White Top Baptist church. The farmers are busy preparing their soil. We heard our local editor remark Saturday that "These are hard times." Every where he went to collect money he was requested to call again, but one place, and that was where he dropped in to see his girl. That speakers will be here next court day. Prof. H. L. Farmer of Richmond is visiting Wm. C. Pendleton. J. Hansbrough, who has been visiting Judge Robt. A. Richardson for his home Tuesday. This office was paid a pleasant call last Thursday by Misses Gertrude Clark and Carrie Francis. Call again ladies. Marion Graded School opened with about 80 pupils. We see from an exchange that there were as many as thirty deaths in twenty days from flux in Lee county. This is quite alarming. S. C. Painters new house is just going right up. Those who have left our town to engage in business in other places will hardly recognize the scenes of former days. This office was paid a pleasant visit Tuesday by W. O. Austin of the Southwest Republican and Geo. D. Smith of our city. Next Sunday is the appointment for the Methodist quarterly meeting. Preparatory services on Saturday. Prof. Brown and wife, Miss Gracie and Geo. Henderlite and some others went to White Top last Saturday. Dr. Wm. Farmer of Wytheville, was in town Friday on professional business. The meeting of the Literary club at Mrs. Rhea's last Friday evening was well attended, considering the inclemency of the weather. The program was very interesting and especially the address of W. B. Jackson. W. O. Austin, a former citizen of this place, was in our town this week. Miss Gertrude Clark, who has been visiting our foreman, left for her home in Wytheville Monday. The colored base ball clubs of Abingdon and Wytheville were here Monday but were unable to play a game on account of the excessive rain. Mrs. Lewman and daughter Bessie left for their home in Indiana last Friday morning. They have been spending the summer in our town and express themselves as much pleased with Virginia. This office was paid a call last Thursday evening by several young ladies. The editor regrets very much that he was not present and hopes they will call again. The Temperance column in this paper will be discontinued until after the election as the space is wanted for political news. All kinds of summer SHOES and SLIPPERS at M. Weilers.

#### GATHERED FOR THE HERALD.

The Occurrences of the Week. Gathered From the Town and County.

#### Briefs and Personals.

W. I. Boone, of the Mountain Index paid us a call yesterday. Mr. R. E. Henderlite and his bride left for Pulaski city Monday morning. The band furnished excellent music yesterday. Messrs Geo. Henderlite and C. H. Maury left this morning for King College. The entertainment at the Opera House last evening was a great success. A handsome sum was realized. Haynes Morgan and John Thomas left this morning for Emory and Henry College. Our town will not have as many representatives there this year as usual. Bishop Whittle will preach in the Episcopal church next Wednesday, the 8th, morning and night. Don't forget the date. We are authorized to say by the chairman of the committee that the Temperance mass meeting that was called for to-morrow evening has been postponed until later notice. A number of subscribers were obtained yesterday. Jno. Alexander, who has been with M. Weiler for several months, left for his home in Lebanon last night where he goes to take charge of a school. Sam Alexander is now with Weiler. Mr. Weiler is going north Saturday to buy a large stock of Fall and Winter goods. J. B. Rhea returned Tuesday night from Knoxville Tenn., with a large and well assorted stock of Fall and Winter goods. The convention received an invitation from the building committee yesterday to come over and inspect the work, which many of them accepted. Dr. Jno. M. Luther left for Hampden Sidney College on last Tuesday morning and was followed by Mr. Jas. S. Rhea yesterday. Our hearts were saddened on last Monday morning by the departure of four of our most charming young ladies, Misses Maggie Steffey, Belle Painter, Eleanor Rhea and Susie Fell for the Rogersville Female College. "They always will be missed" The building committee of the Asylum met yesterday in the parlor of the Marion House. Nothing of importance was done except to let the contract for lighting the building and grounds. A New York firm has the contract and will put in electric lights. Our community was saddened yesterday upon learning of the death of Col. Richard Johnson. He had been quite sick for some time and his death was not unexpected. Being a member of the order of Odd Fellows he was buried with all the imposing honors of that body, and his remains were followed by a large concourse of people to Roundhill Cemetery. The following locals were contributed by Skint: THINGS OCCURED. The coons had quiet a lively game of Ball on last Monday between the Abingdon and wytheville col the core being Rain to nothen. more rain more water. They now are putting Slato on the Asylum it will soon be covered in. Several Bricklyars have let. A fight August the 25th Instent 1886 87. Tramp Printers Pientiful now. They will soon have the Asylum ready for me and my dony. Monday was the Blackest day of 1886 at marion august 30th bats crossed Inst. M. I. E. The great Nerve Food on Draught at Pendleton's Soda Fountain. All in need of a nerve tonic give it a trial. It is purely vegetable, harmless, pleasant to the taste and is unequalled as a nerve food.

#### Republican Congressional Convention.

Persuant to notice a Republican Convention for the 9th Congressional district met at this place on yesterday. Delegates were in attendance from every county in the district except Craig and that was represented by alternates. It was the largest district convention that we have ever seen, Republican or Democratic. There were more than two hundred delegates and alternates present, together with a large number of visitors from adjacent counties. The Convention met in the court house promptly at 12 m. and was called to order by Maj. W. P. Cecil, chairman of the district committee. He called Col. Robt. Sayers to the chair to preside temporarily over the Convention, and the representatives of the Republican press of this district were made temporary secretaries. Committees on credentials, permanent organization and resolutions were appointed, the delegates from each county selecting members for the various committees. It was seen that the court house was entirely too small to accommodate the delegates and the large number of spectators, so upon motion the Convention adjourned to meet at Seaver Opera House at 2 p. m. Shortly after 2 o'clock the Convention was called to order at the Opera House by the temporary chairman, and the committee on permanent organization reported Hon. H. C. Wood, of Scott county, as permanent chairman and Judge T. M. Alderson as permanent secretary. Again the representatives of the Republican press of the district were made assistant secretaries. The committee on credentials reported that there were no contested delegations and that that delegates present should cast the entire vote of their respective counties. The committee on resolutions made their report. It was amended in some important particulars and then adopted as a whole. The platform is as follows: We, the representatives of the Republican party of the 9th Congressional district of Virginia, reaffirm our devotion to the great fundamental principles of the National Republican party; and especially do we favor the following: 1st. A tariff that will protect American labor and industries. 2nd. The passage by Congress of the Blair Educational bill, that was twice passed by the Republican Senate and was twice defeated in a Democratic House. 3rd. The speedy repeal of the Internal Revenue laws. 4th. We endorse the financial policy of the National Republican party. 5th. The maintenance of the Riddleberger settlement of the State debt; and an effort to procure the good will and services of the U. S. government in its consumation and aid in its payment. 6th. We oppose the importation of pauper labor. After the adoption of the platform, the chairman announced that the nominations were in order. It had already been ascertained by conferences between the several delegates that the Hon. Henry Bowen was the choice of a great majority of the Republicans of this district. Judge M. B. Wood, of Scott county, arose and placed in nomination the Hon. Henry Bowen, asking that he be nominated by acclamation. Speeches seconding the nomination were made by Maj. Holdway, Maj. Cecil, Col. W. C. Pendleton, Col. Jno. C. Summers, James S. Browning, and a Mr. Hall of Buchanan county, and several others whose names we could not learn. The name of no other person being placed before the convention, Capt. Bowen was nominated by acclamation, amid great enthusiasm. A committee consisting of Judge Wood, Hon. D. F. Baily and Hon. W. J. Dickinson were appointed to wait upon Capt. Bowen and inform him of his nomination. The committee soon returned with the nominee and he was introduced to the convention, the band playing and the immense crowd cheering to the echo. At first, Capt. Bowen, who has been unaccustomed to public speaking, briefly returned his thanks for the honor that had been conferred him. But his friends asked that he give some expression of his opinions upon the questions embodied in the platform. This he did at some length with force, showing himself well informed on the tariff, educational and other questions. If Capt. Bowen could lay aside his

#### extreme modesty he could speak with much power notwithstanding he is called a "silent man."

We have never seen a convention, district or State, where there was more enthusiasm, harmony and determination to win. At about 5 o'clock, having completed its work, the convention adjourned sine die. Mr. S. R. Gammon, of Bristol was in our city last Thursday in the interest of King College. They expect this to be a good year for the college. Mr. Ward, of Grayson county, was in town last Sunday, visiting Geo. W. Wright. Salvation Oil, the greatest cure on earth for pain, has made a most brilliant debut. All druggists and dealers in medicine sell it at 25 cents a bottle. Prof. Davis, of Emory and Henry College, who has been making a visit in North Carolina, spent a few days in our town last week. He attended the convention of the Sunday School Union and made several speeches and, in the absence of Dr. Leith, preached in the Methodist church both morning and night. Never interrupt any conversation with a hacking cough; it creates a bad impression. Better invest a quarter of a dollar in a bottle of Dr. Bull's Cough Syrup and cure it. Dr. Pierce Crockett, of Wythe county shot Wm. Hall in Montgomery county on last Saturday. It is supposed that he was crazed by drink as he had been very dissipated for some time. No reason was assigned for the rash act other than that he had heard that his life had been threatened by Hall. Dr. Crockett is known by many of our people as he attended the High school when it was under charge of Judge Miller and Prof. Evans. A correspondent of the Spirit of the Valley has the following: There are fifteen bricklayers on the asylum, and only two are from Virginia, and these two are Rockham boys—Win Furry, of Bridge water, and Samuel H. Hile. So far as I can learn there will be no doubt about the Republicans carrying this district. The asylum will have three and a half million brick in it when completed, and the brick work will be completed in eight or ten weeks, and it is expected the building will be finished some time next spring. The temperature here is delightful as it is one of the highest points in Virginia. The Sunday school union convened at the Baptist church last Friday afternoon according to appointment. The attendance, for some reason, was small and the meetings were uninteresting owing to the absence of several speakers. Friday night the subject: "The Model Sunday School and how to obtain it," was ably discussed by several speakers. On Saturday morning, after religious exercises the propriety of electing officers for the ensuing year was discussed as the organization was thought unnecessary. On taking the vote however it was promptly voted down and the Union will not be a thing of the past. Saturday night the church was well filled and speeches on "The relation of Sunday Schools to our Educational System" were listened to with marked attention by all. Other business was then attended to. Sunday morning there was a sermon by Prof. Davis and in the afternoon a Sunday School mass-meeting was held. The church was filled to its utmost capacity and after appropriate exercises, Prof. Davis and several of our vnsmen made short talks to the children. The convention then adjourned. Earthquake. An earthquake shock was felt at this place Tuesday night at 9:54. It was very perceptible for several families were awakened and rushed from their houses. It was first thought that Mr. — had fallen down, but the truth was soon learned. The daily papers report the shock as being severe all over the State and very severe in South Carolina and other places. A LARGE and WELL SELECTED stock of TRUNKS at cost at M. Weilers.

#### Racers of the Sea.

The Puritan arrived her from New Bedford on Monday night. She was anchored yesterday afternoon off Bay Ridge with her topmast house and her absence flag flying. In the forenoon, with Commodore Forbes on board, she took a spin around the upper bay. She will go the ways either in this city or South Brooklyn. The Ealatea was put off the sectional docks early this morning, the work of painting and pot leading her having been finished yesterday afternoon. She was towed down to Bay Kidge, where she anchored off the Atlantic Club House. Lieutenant and Mrs. Henn, and Beavor Webb will go on board today and make the yacht their homes until the time comes to make her ready for the cup races. Meanwhile she will be tried daily over the course. The Atlantic was put on the ways at the foot of Twenty sixth street, Brooklyn. It was discovered that her lead keel and the work work on the port side in the neighborhood of the centre board trunk was somewhat damaged. When the Atlantic was about to leave New York to join the New York Yacht Club squadron at New London for the cruise an attempt was made to ship her centre board off Bay Ridge. A half gale of wind was blowing from the north west, and there was a good deal of a sea in the upper bay. After two hours had been spent in fruitless endeavors to ship it, the board was hauled up alongside, and the iron rod at the head of it was found bent almost at right angles with the board. The rod was straightened by means of a tackle while the yacht was being towed to city island, and there, is still water, the board was shipped. The damage to her keel was done in the attempt to ship the board off Bay Ridge. It is thought that the condition of her keel had something to do with the bad showing she made on the cruise. The injury is not serious, however, and she will be made ready for the trial of races. The Mayflower went on the way at Communipaw yesterday. Her appearance there attracted a crowd of Jerseymen and some persons from this city, all of whom gave vent to unqualified expressions of admiration. She will be put overboard on Friday. The Priscilla will go on the ways at Elm Park, Staten Island, to-day. Cluverius' Chances. The clerk of the court of appeals has been instructed by one of the judges of the court to withdraw from the court report their decision in case of Cluverius, condemned to be hung for the murder of Lillian Madison. The decision confirmed by the lower court, refusing the man a new trial, was forwarded to the reporter for printing along with the other decisions. The withdrawal of the decision from the reporter has made question of chance of the condemned man for a new trial an open one, and lawyers differ as to the significance of the step. A motion for a rehearing is pending, and if the forwarding of the decision to the reporter was by order of the court it was concluded that that was equivalent to a refusal to reopen the case. The last move, however, seems to be regarded as favorable to the prisoner, who had acted with the greatest coolness and unexceptionable demeanor under the death sentence. Northern capitalists bought 12,000 acres of land on the James river some time ago, and built up the village of Claremont. It has a present population of 1,500, mostly from the north. An agent of the company has been in Pittsburg for some days, and it is thought will induce many glassblowers and others of the better class of workmen to emigrate to the village of Claremont. The land there is said to be excellent for truck garden purposes. Nothing Like It. There has never been anything in Marion like the stock of millinery that I have just opened and am now showing. A complete assortment of all the latest styles of hats ribbons &c. These goods were bought with great care in the Eastern cities and I want all my old customers and many new ones to call and see for themselves. I also have a splendid stock of notions and dry goods, all fresh and the latest novelties. These goods will be sold at popular prices. MRS. E. N. SPRINKLE. A divorce case, after pending 16 years in the courts of Alleghany county, Pa., has just been granted. There have been 120 applications for divorce made in that county during the present year.

### Notice!

After the 1st day of July, I will POSITIVELY sell no good on credit. I will be glad to see my friends and will sell them goods at rock bottom prices, for pay down. I do this from the fact that I believe it to be the best interest to all concerned. Respectfully,  
S. C. PAINTER.  
An old Citizen Speaks.  
Mr. J. M. Norris, an old resident of Rome, Ga., says that he had been badly troubled with Kidney Complaint for a great many years and with Bezema for three years; at times could scarcely walk and had tried many remedies without benefit, until he began taking Electric Bitters and anointing his hands and feet with Tucker's Arnica Salve. This treatment afforded him great relief and he strongly recommends Electric Bitters to all who suffer with Kidney Complaints, or need a Blood Purifier.  
Sold by Jno. S. Pendleton.  
All persons indebted to me on store accounts will please call and settle, as I must have money to meet the demands on my business. Do not put off longer as all accounts are many long past due.  
J. S. PENDLETON.

LADIES' DEPARTMENT.

All receipts under this head have been tried and are known to be good.

CULINARY RECIPES.

SNOW BALLS.

1 pint sweet milk. 6 eggs. Flour to make stiff dough, and then bake in lard.

OMLETS.

6 eggs, half pint sweet milk, 2 tablespoons of flour. Beat the eggs light, put in a pan, set in the stove and let it cook five minutes, stirring all the time; then put into the oven and bake 15 minutes. Eat hot.

CORN CUSTARD.

Cut corn from the cob and mix it—not too thinly—with milk. Add two or three beaten eggs; pepper and salt to taste. Bake half hour. To be served as a vegetable.

EGG SAUCE.

To eat with puddings or dumplings. Two eggs whipped until they are light, stir in 1 cup of sugar and pour on 8 tablespoonful of boiling milk, stirring the egg and sugar all the time. Flavor with any extract that suits the taste.

VINEGAR PIE.

1 cup of sugar, one-half cup vinegar, boil together and skim; when cold add 1 well beaten egg, stir briskly until the egg is all in, 1 large teaspoon butter, 1 heaped teaspoon soda, thicken with rolled crackers; if no crackers a bit of pie crust baked and rolled will do; use 1/2 teaspoonful ground cloves for one pie.

TOMATO CUSTARD.

1 pint tomatoes stewed and strained, 2 pints of milk, 4 eggs, 1 teacupful of sugar. Bake in small cups, quickly. This is a good dish for invalids.

HOME AND FARM.

PROTECTING HOGS FROM CHOLERA.

It is a notable fact that hog cholera is mainly confined to localities where hogs are kept in large numbers and mainly on corn. Giving a variety of feed is a pretty sure preventive, but in this case prevention is decidedly better than cure. Where the constitutions of swine are enfeebled by continued feeding on too fattening corn, cholera will make serious ravages before it can be checked. Wheat bran or mill feed is cheap and good feed for growing hogs, and even whole wheat may be fed in small quantities at present prices.

An End to Bone Scraping.

Edward Shepherd, of Harrisonburg, Ill., says: "Having received no more benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. I have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Buckle's Arnica Salve, and my leg is now sound and well. Electric Bitters are sold at fifty cents a bottle, and Arnica Salve at 25c. per box by J. S. Pendleton.

TRY IT ON ITS MERITS.

LAUCK'S LUNG REMEDY!

For Coughs, Colds, Asthma, Sore Throat and all Bronchial Affections, Whooping Cough and Croup, also Catarrh. This remedy has been known to the proprietor several years past, and has been administered in many aggravated cases with marvelous success. As a remedy for coughs, colds, asthma, sore throat and all bronchial affections, it has no superior. It has been tested in innumerable cases of long standing and has never failed. It would seem a waste of time and space to enumerate individual cases in which it has proved a success. The proprietor will, however, cheerfully furnish a list of such, if desired. A remarkable fact with this remedy is that no one who ever tried it failed to recommend it to others. You have but to try it on its merits. You will never be without it. Consumptives will find speedy relief if not permanent cure. It acts like a Charm on Children with Whooping Cough, Croup, and kindred coughs. It contains no opiates. It is made from the very best materials, and no money is spared in its preparation. It invigorates and builds up the system. It acts as a tonic. The effects are permanent and lasting. The proprietor has tested the remedy in so many cases with wonderful success, and is so thoroughly convinced of its efficacy, and on account of the many personal applications made to him for it, that he is concluded to place it upon the market, and let the public have the benefit of it. Directions for taking will be found upon all bottles. Purchasers are requested to examine bottles and see that name and trade mark are stamped on them. None genuine unless so stamped. Price per bottle 50 cents and \$1.25. On receipt of \$2.00 I will send to any part of the country, free of expense, 4 bottles of this remedy. No family should be without this remedy. Nothing equals it for Whooping Cough and Croup. Manufacture 694 1/2 St. N. W., one door north of F St., Washington, D. C.
