VOL. XXV. NO. 8.

MARION, VIRGINIA, FRIDAY, FEBRUARY 20 1914

## "We Want Slempp" is the Cry from All Over the District.

Mr. C. S. Pendleton, of Hill's Station, district chairman of the Ninth District Republican Committee, was here last Thursday, in consolation with the local leaders of the party.

Mr. Pendleton reports, that after a thorough canvass of the district, he finds an almost unanimous demand that Congressman Slempp make the race again this fall. In fact, the call from the ranks is so strong it is not likely any other name will go before the convention and while it is not questioned that Mr. Slempp would like to retire from the arduous duties and devote his energies to his private interests, it is not likely, in view of the unusual demand for his services, that he will decline if the nomination is made unanimous.

A canvass of the district also shows many democrats will be more than pleased to have Mr. Slempp run. They base their action on the fact that factional fight within the ranks of their party will, no doubt, give the republicans the next house and that Mr. Slempp, as a ranking member of the republican party can get desirable committee appointments and be of more service to the State than a new democratic member, in the remote case one could be elected in the Ninth. They also say it will be impossible, on account of the local situation in the Ninth, on account of the bitter fight, at many places, over the distribution of "pie" to get a strong democrat to run and the man made the "goat" by the democratic convention in Bristol, in March, will not be able to command the full strength of the party.

Slempp is the local candidate, Tazewell Republican.

James D. Lipps, of Osborn's Gap, Dickinson county, died at his home there last Thursday at the age of 71 years. The deceased was a son of the well known Baptist preacher of the mountains, Morgan T. Lipps. He is survived by his wife and six children, all of whom are married.

## Mrs. Tate Entertains.

Mrs. James D. Tate, of Chilhowie, entertained last Wednesday afternoon from 3 to 5 in honor of Mrs. Edgar Lee Greever and Mrs. John M. Preston, Jr. Those invited to meet these brides of the winter were Mesdames Sallie Vane, Baker Sanders, Mary Greever, Frank Sanders, Marvin Sanders, Tyler Frazier, Joseph Sechler, Fannie Rutland, Joseph Greever, Will Copenhaver, Ed. Copenhaver, Bob Cole, Levi Cole, George Hall and Misses Florence Meek, Ada Sanders, Cordie Copenhaver, Gladys Vance and Mrs. Belfour Vance and Mrs. Paul Greever. Refreshments were served by Misses Nellie Preston, Florence Meek, Ada Sanders and Mrs. H. F. Jeffrey.

## Thos. W. Maury Dead.

Thomas W. Maury, who was born and raised to early manhood in Marion, died at the home of his mother on Alabama street in Bristol where they had resided since leaving here some twenty two years ago.

Mr. Maury was stricken ill with paralysis on the street Friday afternoon at 2:30 o'clock and was taken home where he lived only a few hours.

He was forty-seven years old and was a painter by trade. His mother, Mrs. C. E. Maury, two sisters, Misses Abbie and Sue Maury and two brothers, M. B. Maury, of Bristol, and Rev. C. H. Maury, of Hamburg, Arkansas, survives him.

His body was brought here Saturday evening on No. 30 and taken to the undertaking establishment of W. C. Seaver & Sons, and on Sunday morning conveyed to the home of Mr. M. M. Seaver where the funeral services were conducted by Rev. E. M. Harris, pastor of the Marion Baptist church, after which his remains were entered in Round Hill cemetery.

## Friends of Young Allen to Ask for Pardon.

The Richmond Times-Dispatch says that Governor Stuart will shortly be presented with a petition asking him to pardon Friel Allen, the youngest member of the Hillsville clan which wiped out the Carroll county court in March, 1912. Friel is now serving an eighteen-year term in the State penitentiary for the murder of Commonwealth's Attorney Foster. Word received says the Carroll residents of Mr. Airy and the neighboring territory are urging in the effort to have the governor give Friel his freedom.

Friel, who is seventeen years old, is the most popular member of the Allen-clan with the people of Carroll county. The persons circulating the petition in his behalf say that the young man's share in the Hillsville tragedy was negligible, and that he did not join in the shooting until he had been fired upon by members of the court.

Those who know him best say that there is little reason to believe that Governor Stuart will exercise executive clemency for Allen's benefit so quickly after his commitment to prison.

Mrs. John H. Huddle died at her home on Cripple Creek on Wednesday night of last week after a protracted illness. She is survived by husband and four children. Before her marriage to Mr. Huddle she was a Miss Jones, of Greenville, Tenn.

Miss Margaret White Trigg, daughter of Mr. and Mrs. Thomas Preston Trigg, and Mr. Philip Rainey Roper of Petersburg, were married on last Wednesday evening at 6 o'clock in St. Thomas Episcopal church, at Abingdon. The ceremony was performed by Rev. J. W. Hobson. The bride was given away by her father. After the ceremony they left for a honeymoon. They will reside in Petersburg.

## Bell Gets \$8,000 Verdict.

Christiansburg, Va., Feb. 17.—A jury on Saturday rendered a verdict of \$8,000 in the case of Bell against the Virginian Railway. They suit was injuries received by Postal Clerk Bell caused by a door in a mail car on the Virginian striking his head. The case aroused considerable interest, and a full week was consumed by the court, and over 100 witnesses were before the jury. A former verdict for \$2,500 was appealed from by the defendant. Attorneys Hunt and Staples, of Roanoke, appeared for the plaintiff, and Wingfield for the defendant.

## Brightest Child in Virginia

Jewel Jessamine Kendrick, the seven-year-old daughter of Mr. and Mrs. J. Thad Kendrick, of Tazewell, is beyond question the smartest baby in the State. She can spell the most difficult words in the dictionary, name all the capitals in the United States, as well as the capitals of every country in the world. Notwithstanding she is only seven years old, she would be in the 6th grade if she were to enter school at present would be able to secure a third-grade certificate to teach if she were old enough. She is a natural elocutionist and recites beautifully.—Herald.

## Stroupe Given 7 Years.

Bristol, Tenn., Feb. 16.—Seven years in the penitentiary was the term given Raymond Stroupe in the corporation court here last Thursday as the result of a trial on the charge of having murdered Policeman Wm. A. Campbell six years ago. Stroupe probably saved himself from more severe punishment by his story that the officers fired on him first and he returned the fire without knowledge that his pursuers were officers. He had had a fugitive since the killing until recently when detectives captured him in Oklahoma City.

## Enabling Act Adopted in Both Houses.

### Virginia Given Right to Vote on State-wide Prohibition.

Richmond, Va., Feb. 13.—Lieutenant Governor J. Taylor Ellyson, president of the Senate, cast the ballot today which will give the people of Virginia the right to vote upon the question of State-wide prohibition.

The report of the conference committee named by both Houses was up for acceptance or rejection and the clerk announced the vote: "Ayes 19; noes 19." "The chair votes aye," said President Ellyson, after which a motion to reconsider was rejected.

The enabling act is passed to day by both Houses, the vote in the house being 65 to 31, provides for an election on the fourth Tuesday in September, 1914, the ballot for which will read "For State-wide Prohibition" and "Against State-wide Prohibition."

The electorate will be the voters qualified for the general election held in November, 1913, and those who qualify for the spring election in June, 1914.

The election is to be called by Governor Stuart upon receipt of petitions bearing the names of twenty-five per cent of the State.

In event the majority of votes are for "State-wide prohibition," the act becomes effective November 1, 1916.

The report of the majority of the conferees and the report of the minority conferees furnished subjects for lively debate and argument in both houses.

The vote in the Senate on the adoption of the report follows:

Ayes—Blanks, Bowers, Buchanan, Crockett, Echols, Edmondson, Galle, Featherstone, Fletcher, Gravatt, Mapp, Moncure, Paxton, Rinehart, Royal, Saunders, Smith, Tinsner, and West—19.

Noes—Brook, Cannon, Catron, Drewry, Early, Garrett, Harman, Hobbs, Holt, Lester, Massie, Montague, Parr, Paul, Rison, Sower, Thornton, Watkins and Wenderburg—19.

President Ellyson's vote broke the tie and gave the "ayes" a victory.

Pairs—Senator Hart with Senator Walker. Mr. Hart would have voted no.

Under the terms of the measure beer, wine and cider may be manufactured, provided it contains less than 3 1/2 per cent of alcohol; and provided it is shipped outside the State and not into dry territory.

Delegate White, of Rockbridge, asked for a reconsideration of the vote in the House and alluded to the beer, wine and cider amendments to the measure as "a cowardly makeshift to catch votes and nothing more. The bill was made by honest men, but it is a dishonest product and I ask the Democracy of Virginia to stand up straight on this measure.

## "Forty-Two" Party.

Miss Ella Richardson, at the home of her brother, Judge Geo. W. Richardson, entertained at a Valentine forty-two party. The house was artistically decorated with Valentine tokens arranged by the hostess. Refreshments were served after the game by Miss Richardson, the menu being as follows: Creamed oysters in heart-shaped patties, ham, Waldorf salad, heart-shaped sandwiches with cheese and olive fillings, pickled beets in heart-shape, fruit jelly, cheese straws and coffee. Miss Richardson was assisted by Judge and Mrs. G. W. Richardson. Those enjoying the evening were Misses May Scherer, Rachella Killinger, Cooper, Grace Buchanan, Gibbons, Shifflett, Walter and Messrs. J. A. Groseclose, D. A. Buchanan, G. F. Cook, Glenn Wheeler, L. P. and Geo. A. Collins and J. A. Thompson.

## Feel Miserable?

Out of sorts, depressed, pain in the back—Electric Bitters renews your health and strength. A guaranteed Liver and Kidney remedy. Money back if not satisfied. It completely cured Robert Madsen, of West Burlington, Iowa, who suffered from violent liver trouble for eight months. After four doctors gave him up he took Electric Bitters and is now a well man. Get a bottle to-day; it will do the same for you. Keep in the house for all liver and kidney complaints. Perfectly safe and dependable. Its results will surprise you. 50c and \$1. H. E. Bucklen & Co., Philadelphia or St. Louis.

## Confederate Opens Lincoln Exercises.

Washington, Feb. 15.—While freezing winds swept across the Potomac from the Virginia hills where stands the Lee mansion at Arlington, a bare-headed Confederate officer Thursday opened the simple exercises that marked the breaking of the ground for the construction of the marble memorial the nation is about to erect to Abraham Lincoln. This day, the one hundred and fifth anniversary of Lincoln's birth, was chosen for the breaking of the ground for the \$2,000,000 structure.

Only a small group gathered to witness the significant event. Joseph C. S. Blackburn, former Senator from Kentucky, was the first to sink a spade into the ground, and then, with uncovered head, he spoke in high praise of the memory of the President against whom he fought a half century ago.

"This memorial will show that Lincoln is now regarded as the greatest of all Americans," said Senator Blackburn, "and that he is so held by the South as well as the North. Today we let the country know that this great work has been begun and will be carried on steadily until its completion."

M. F. Comer, Toledo, O.; Colonel W. W. Harris, Lieutenant J. A. O'Connell, U. S. A.; H. A. Vaile, John Bethune and Henry Bacon sought turns with the spade for the honor of aiding in starting the building of the memorial.

In the Senate Thursday it was a Southerner who made the motion to adjourn out of respect to the memory of Lincoln. The motion was made without prearrangement by Senator Overman, North Carolina, following the reading of the former President's Gettysburg address by Senator Bradley, Kentucky.

It was Senator Kenyon, Iowa, who had suggested the Senate will might pause a moment to observe the anniversary. The House, too, paused in its deliberations to pay its respect to the memory of the great emancipator.

## New Colonels Appointed by Gov. Stuart.

The names of nineteen new colonels have been announced by Governor Stuart. He sent them to a staff of twenty-five. The other six aides will be appointed within the next few days. No salary attaches to the office.

Julien H. Hill, of Richmond, is named chief of staff, and there are four other members of the staff from Richmond. The nineteen members named are as follows:

- John Landstreet, Richmond.
- Henry Lee Valentine, Richmond.
- Warren P. Taylor, Richmond.
- James J. Pollard, Richmond.
- John R. Paschall, Richmond.
- E. B. White, Leesburg.
- Robert L. Parrish, Covington.
- Parke P. Deans, Windsor.
- E. Lee Trinkle, Wytheville.
- John W. Williams, Pearisburg.
- William King, Lynchburg.
- Thomas F. Goode, Boydton.
- Harden Hairston, Martinsville.
- John B. Pinner, Suffolk.
- Ashton W. Gray, Petersburg.
- R. Kent Spiller, Roanoke.
- W. H. Langhorue, Esmont.
- R. L. Beak, Bowling Green.

May Virginia, the infant daughter of Dr. and Mrs. H. G. Tarter, of Chilhowie, died at the home of her grand parents in Richmond, last week, having been ill but a short time.

George Harmeling, for many years a prominent resident of Bristol, and formerly a member of the city council of Bristol, Va., died of paralysis at his home on Cumberland street in Bristol last Wednesday. He is survived by his widow and six children. He was a member of the Catholic church and was 74 years old.

## Borah Predicts Great Future for the G. O. P.

### Party Will Adopt Progressive Ideas, He Says, Then Come Back Again.

New York, Feb. 16.—The domination of the Republican party by progressive ideas is inevitable, and a reorganization by the rank and file instead of leaders is now being carried forward in resistless manner, according to Senator W. E. Borah, who addressed the Republican Club of New York, Thursday night. He analyzed the overwhelming defeat of the party in 1912, and drew from it the conclusion that the old method of organizing national conventions lay at the root of the disaster.

Senator Borah defended the action of the national committee in providing for reduced Southern representation and the seating of primary-elected delegates in the next convention, and asserted that these changes constitute a guarantee that the next convention will be genuinely representative of the wishes of the party.

He threw cold water on suggestions that a convention should be called in the near future, declaring that a platform which means anything vital can be framed only in the heat of a campaign, when the attention of the nation is concentrated upon politics.

Senator Borah defended the dignity of politics as a calling, declaring that it represented the most vital concerns of humanity, despite the fact that "political parishes and barren esthetic draw back from the stern conflicts where the fundamental rights of men are hammered and fashioned into laws and institutions.

"The next Republican convention will be in the hands and under the control of the voters of the party," declared Senator Borah. "Those who believe in the Republican party and who, looking to the future, hope to take up again the great problems of humanity and the tasks of government, may now direct its course and insure its destiny. If, as I believe, the vast majority of the voters of the party are fully alive to the demands and needs of our present citizenship; if, as I believe, they are in sympathy with the reforms which conform to the best interests of our common country, then nothing can prevent the party platform and the party candidates from becoming the embodiment and the representative of those principles and policies.

"I am not one of those who believe that the Republican party has made no mistakes, but I am one of those who have no doubt that under a full and free expression of the voters it will again become a powerful instrument for good."

## Delp-Grubb Wedding.

Friday morning Phil Delp, of Elk Creek, and Miss Mae Grubb, of Crockett, eloped to Sparta, N. C., and were married by Esq. Reeves. Because of parental objections the young couple planned an elopement through the aid of friends. Friday morning at about 5:30 o'clock the young lady escaped from her home and met her lover who was in waiting with a team and buggy. Harriedly they drove away and eluded their pursuers, making the trip to Sparta in about six hours, a distance of some 40 miles. Returning from Sparta they drove to the home of the groom's parents, Mr. and Mrs. R. E. Delp, on Elk Creek, where a reception was given in their honor. They will leave in a few days for Montana where they will make their future home.—Grayson Gazette.

## A Winter Cough

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. Sanders, of Avon, Vt., was threatened with consumption, after having pneumonia. He writes: "Dr. King's New Discovery ought to be in every family; it is certainly the best of all medicines for coughs, colds or lung trouble." Good for children's coughs. Money back if not satisfied. Price 50c. and \$1. At all Druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.

## Grand Lodge of Masons Elects Officers.

Richmond, Va., Feb. 14.—The Grand Lodge of Masons completed its work here Thursday afternoon by electing the following officers for the ensuing year:

Grand master, P. K. Bauman, Lloyde; deputy grand master, James B. Wood, Charlottesville; grand senior warden, James Alston Cabell, Columbia; grand junior warden, Harry K. Field, Alexandria; grand senior deacon, E. L. Cunningham, Newport News; grand junior deacon, Sol. Cutchins, Richmond; grand secretary, Charles A. Nesbitt, Richmond; grand treasurer, Fred Pleasants, Richmond; grand chaplain, Henry B. Lee, Charlottesville; grand marshal, James H. Price, Richmond; grand pursuivant, James A. Pamplin, Richmond; grand tyler, Oscar J. Adams, Richmond; grand steward, A. W. Baker, Richmond.

The officers were installed and one thousand delegates attended the final banquet Thursday night.

Mr. W. Benjamin Gentry, chairman of the Republican Committee of Greene county, died at his home at Cedarvale, in that county, Thursday after a short illness of rheumatism, aged seventy years. He is survived by his wife and four sons.

Rev. David S. Henkel, aged sixty-eight years, one of the best-known ministers of the Disciples of Christ in Virginia, died at his home at Chatham, Virginia, several days ago, where he was pastor of the Christian church. He had been ill a year. Mr. Henkel was born in Alexander county, N. C., in August, 1846, and studied theology under his father, Rev. P. C. Henkel, D. D., and was admitted to the Lutheran ministry.

## Canning Club in Tazewell

The Board of Supervisors of Tazewell county on last Tuesday week appropriated \$200 to secure the cooperation of the Federal government in organizing a canning club in Tazewell. The Federal government appropriates a sum each year to be applied in the various States to demonstrate the growing and preparing for the markets of the many products of the farm. The appropriation this year for Virginia was \$4,000 and will be divided among the first twenty counties that will agree to appropriate \$200 to assist in the work.

## Blackstone Academy Burns

Richmond, Va., Feb. 16.—The Blackstone Academy, a preparatory school for boys at Blackstone, was burned about 4 o'clock Monday morning, the property loss being \$20,000. About seventy-five boys were asleep in the building when the fire, which started in the furnace room, broke out. Many of them leaped from the third story windows and were badly hurt, though none are believed seriously injured.

The boys suffered intensely in the cold, many barely getting out in their night clothes. The water supply was frozen and no attempt could be made to save the building. Several were overcome by smoke and were rescued with difficulty.

## Death of Mrs. Cassell.

Mrs. Elizabeth Graham Cassell, wife of M. B. Cassell, died at her home a few miles east of Wytheville, on last Tuesday afternoon of pneumonia and other complications, aged sixty-three years. She was at one time president of the Wythe Grays Chapter of the Daughters of Confederacy, and as its historian received a prize from the State Chapter, U. D. C. Besides her husband, she is survived by six daughters and two sons. The funeral took place Thursday at 11 o'clock, and interment took place in East End cemetery, at Wytheville.

Taking baby up at nights is often the cause of bad colds. Use Dr. Fahrney's Teething Syrup and stay in bed. 25 cents.

## Much to be Very

Democracy to be very Postmaster-Generalment that all fourth will be appointed from gibles obtained by civil examinations.

There are about 40,000 fourth class postoffices in the country, and these were covered into the civil service by a blanket executive order issued by Mr. Taft after he had been defeated for re-election. It had been hoped by Democratic Congressmen that this order would be abrogated by the present Administration and this patronage placed at their disposal, but they have been disappointed. Presumably, Democratic aspirants will be permitted to enter the competitive examination along with the Republican incumbents. Certainly they should have that privilege. But whether that is Mr. Borleson's plan or not, Congressmen will have no voice in the selection of fourth class postmasters.

A Congressman—we believe it was a Congressman—once said that every time he got a job for a fellow he "made eleven enemies and one ingrate." And the late "Cyclone Jim" Marshall, who represented the Ninth Virginia District in Congress many years ago, remarked on one occasion that "there never was but one man who could feed a multitude on a few loaves and fishes. I can't do it."

It would seem that the extension of the civil service to fourth class postoffices would be hailed with satisfaction by Congressmen, but reports from Washington indicate that they are not pleased with the new order.

The contract for the Bedford City postoffice building has been let to E. T. Abbott Construction Company of New York city. The building must be completed within fifteen months. Limestone is to be used for all stone work except where granite is required.

## Senator Bacon Dead.

Washington, Feb. 17.—Augustus Octavius Bacon, United States senator from Georgia for nearly nineteen years, and chairman of the foreign relations committee since the ascendancy of the Democratic party, March, 4, 1913, died Saturday in a hospital here, after an illness of ten days. He was the first United States senator elected by direct vote of the people under the seventeenth constitutional amendment. Though Senator Bacon had been seriously ill with kidney trouble and complications developing from a broken rib, his death was unexpected. It came suddenly at 2 o'clock in the afternoon and news of the end fell upon the senate as a shock, while it was in executive session.

## Marriage.

It was a beautiful wedding when on Wednesday at 6:30 p. m., at the home of Mr. and Mrs. C. O. Williams, Miss Blanche Aker, of Smyth county, became the bride of Mr. G. H. Suthers, of Wytheville.

The home of Mr. Williams was in readiness, and shortly after o'clock the wedding guests—relatives and friends of both the bride and groom—began to arrive.

At exactly half past six the invited guests entered the parlor. Preceded by the ushers, and attended by bridesmaid and best man, the bride and groom entered a few minutes later. Then followed the ceremony, which was performed by Rev. M. G. Lunsford, Jr., of the Baptist church. After the usual congratulations the guests repaired to the dining room where an elegant dinner was greatly enjoyed by all present.

The bride is a charming young woman, daughter of Mr. and Mrs. Robert Aker, of Smyth county. The groom is a native of Wythe county, and is well known in Wytheville. Each has a host of friends and wide acquaintance.—Wytheville Enterprise.

### 'Uncle Joe' in His Lincoln Day Speech at Peoria, Ill.

Mr. Cannon referred to factional differences in the Republican party and suggested that there were no differences between Republicans and Progressives on the subject of protection.

"You remember Moses said that the Lord had led Israel out of the desert and made him to ride on the high places of the earth, that he might eat of the increase of the fields, suck honey from the rocks and oil from the flinty rocks; and have him butter of kine and milk of goats, and fat of lambs, and to drink of pure blood of the grape. But Jeshurun waxed fat and kicked, he grew thick with fat, and then forsook God who made him and lightly esteemed the rock of his salvation. The children of Israel took up strange gods whom their fathers feared not, and God hid his face from them.

"Without irreverence I think Moses gave the followers of Lincoln a prophesy as well as the children of Israel. The old rock of protection is a foundation stone of the republican party, and it is a rock of salvation for the industrial life of the United States.

"Now I am not an advance agent of compromise to bring warring factions together, I am just an old-fashioned republican and a stand-patter on prosperity. I am old enough to have seen the American people take Jeshurun for a model and kick when they grew fat with prosperity. I have several times seen many followers of Lincoln turn away from the rock of their salvation and follow after new, and apparently strange gods, neither feared nor worshipped by their fathers. The followers of Lincoln, and others, are now kicking at the democratic policies which have been put into life to remove the fat of American prosperity. It is a good time for them to quit kicking at each other, shoulder up their responsibilities, and turn to the rock of salvation."

It would be a blessing to the Democratic party here in Virginia if President Wilson would open his eyes to the fact that neither Claude A. Swanson or Carter Glass have any strings on the Democracy of the Ninth Congressional District. They are both aliens to our soil and enemies of our hopes and our ambitions. They both should be manfully enough to heed a trespass notice and attend to their own knitting. We were Wilson men out here in the mountains of God's country ages before Swanson was conceived and many moons before Glass showed any signs of blossoming into a "giant". We want these carpet buggers to cease fingering in our part of the pie.—Wise County News.

### More Than 24,000 Papers Published in Country.

Philadelphia, Jan. 31.—The forty-sixth annual census of the publications of the United States and Canada, published in the American Newspaper Annual and Directory, shows that an average of five new publications were started every working day during 1913. The suspension and consolidation make the net gain only three a week.

The total number of publications is 24,527. There are 2,640 dailies—the evening editions outnumbering the morning by about three to one. There are 572 Sunday papers. It requires forty different languages to carry the news to the people of this country. Large lists are devoted to the special publications, agricultural, religious, etc., but every class, every cult, every trade, every profession, every fad, every "ism" has its printed spokesman in the 215 different lists into which they are subdivided.

Only four industries now exceed in capital invested and value of products the business of publishing and printing. In ten years the output increased 86 per cent, and it is estimated that at present the earnings of newspapers and periodicals average nearly a million and a half dollars per calendar day. Two-thirds of this amount perhaps represents the income from advertising.

### Colds and Croup in Children.

Many people rely upon Chamberlain's Cough Remedy implicitly in cases of colds and croup, and it never disappoints them. Mrs. E. H. Thomas, Louisiana, writes: "I have found Chamberlain's Cough Remedy to be the best medicine for colds and croup. I have ever used, and never tire of recommending it to my neighbors and friends. I have always given it to my children when suffering from croup, and it has never failed to give them prompt relief." For sale by all dealers.

### Ninth District Plums Not Ripe.

Washington, D. C., Feb. 18.—Although the Virginia senators let it be known some weeks ago that they would make no more recommendations to the postmaster general regarding the appointment of presidential postmasters at offices in the Ninth congressional district, where the terms of the incumbents have long since expired, it is learned from several reliable sources here, that they are actuated by additional reasons to delay these appointments. The chief of these is that it is believed to be good politics to let the appointments drift along until after March 7th, when a convention of the Ninth district Democrats will be held at Bristol, which is expected to nominate a candidate for congress to run against Campbell, Bascom Sloop or his successor. The purpose is then to have the Democratic congressional candidate name the postmasters, in the belief that in so doing he can greatly strengthen his forces in the district.

Many prominent Republicans who have visited Washington during the past ten days have expressed doubt that the Democratic congressional candidate can make political capital by distributing the patronage in the Ninth. There are generally three or four candidates for each office, they say, and while the congressional candidate can expect help in his campaign from the friends of the successful applicant, it is questionable whether this will not be more than counterbalanced by the lukewarmness of those who were interested in the appointment of the unsuccessful applicants.

Whether the recommendations of the chosen candidate for congress will be accepted without question will also remain to be seen. So far, although a Democratic postmaster general has been on the job almost a year, the administration has announced no definite policy regarding these appointments, and neither the recommendations of Senators Martin and Swanson or Congressman Carter Glass have been accepted without question.

Only three presidential postmasters have been appointed in the district. The three nominations were J. N. Otey, at Wytheville, A. B. Buchanan, at Tazewell, and Mr. Russell, at Damascus.

### How to Prevent Bilious Attacks.

"Coming events cast their shadows before." This is especially true of bilious attacks. Your appetite will fail you will feel dull and languid. If you are subject to bilious attacks take three of Chamberlain's Tablets as soon as these symptoms appear and the attack may be warded off. For sale by all dealers.

It may be all right. We can't see it. President and Secretary of State calling for peace and arbitration treaties one day and the next day removing embargo on arms and ammunition and giving the Mexicans more opportunities to butcher each other. At the same time calling on our people and all foreign residents to run out and talking of a constitutional government we will recognize.

We must confess that this Mexican policy is one of the Wilson policies we cannot understand; for explanation of which we have waited hopefully and, so far, vainly; and which we fear very seriously will impress foreign and outside observers as cruel shifting and disgusting.—Roanoke Times.

### Consumption Takes 350 People Every Day

in the United States, and the surprising truth is that most cases are preventable with timely, intelligent treatment.

These appalling facts should warn us that after sickness, colds, overwork or any other strains upon strength, Scott's Emulsion should be promptly and regularly used because tubercular germs thrive only in a weakened system.

The tested and proven value of Scott's Emulsion is recognized by the greatest specialists because its medical nourishment assimilates quickly to build healthy tissue; aids in the development of active, life-sustaining blood corpuscles; strengthens the lungs and builds physical force without reaction. Scott's Emulsion is used in tuberculosis camps because of its rare body-building, blood-making properties and because it contains no alcohol or habit-forming drug. Be sure to insist on Scott's.

### Fees in Allen Case.

Richmond, Va., Feb. 18.—The House committee on appropriations has reported the bill fixing the fees for the lawyers in the celebrated Allen case. The bill cuts the claims down as follows: J. O. Wyster, W. S. Poage, J. S. Draper, \$2,000 each, S. F. Landreth, \$1,000, and for Coxe and Coxe, for the defense, \$1,200.

### Lutherans Meet in Columbia, S. C.

Columbia, S. C., Feb. 18.—Nearly a thousand delegates have registered for the Lutheran Laymen's Missionary Movement convention of the Lutheran Church in the South, which opened its second biennial session here Tuesday. George B. Ormer, Newberry, S. C., president. Registrations have been received principally from North Carolina, South Carolina, Virginia, Tennessee, and Georgia with a few from Pennsylvania, New York and Ohio.

### LECTURE CHARTS AND LANTERN SLIDES

Extension Department of Harvester Company Soon to Distribute Educational Material on Agricultural Subjects for Use of Lecturers—Nominal Charge to Cover Cost of Shipment Will Be Made.

The Agricultural Extension Department of the International Harvester Company of New Jersey is now preparing, to be ready for distribution in 50 days, several thousand sets of charts and lantern slides to be loaned for lecture purposes to county and city superintendents of schools, county agricultural agents, farmers' unions, granges and farmers' institutes, state educational departments, Chautauques, etc. These charts and slides will deal with the more important agricultural subjects, and will be made up in sets treating in a concise yet comprehensive manner, corn, oats, alfalfa, feeding, feeds and feeding, soils and crop rotation, poultry, weeds and insects, home economics, etc.

For the information and direction of lecturers, a book will accompany each set of charts and lantern slides. This book will outline in brief form the story of each chart. Much time and thought have been devoted to the preparation of this material. The charts and slides are the results of thousands of experiments conducted at the experiment stations under many conditions with soils, farm crops, dairying, stock feeding, poultry, weeds and insects. This new work undertaken by the Extension Department is distinctly educational, there being no advertising feature connected with it in any way. The charts will be free, except for a small charge to cover cost of shipment, or possible damage caused by breakage. Address: Extension Dept., Har-

### GROW MORE CATTLE.

Prominent Cattle Grower Urges Southern Farmers to Raise Cattle—Conserve Soil Fertility, by Growing Grass and Feeding Cattle.

By A. L. FRENCH, Prominent Cattle Grower, Cascade, Va.

As our country grows older other problems besides securing the present dollar thrust themselves upon the map who handles the soil, and to the thinking men of the south, soil conservation stands in a class by itself as our most pressing problem and practical means looking to this end demands from year to year an ever increasing proportion of our thought.

The crop that is indigenous to a country is not always the crop that continues to be held in the highest esteem by the leading thinking men of that section. For instance, in the finest blue grass section of Indiana I know a leading live stock raiser and feeder who is discarding blue grass very largely for timothy, herds grass and spilling clover as pasture crops, because of the greater amount of feed the new pasture crops are producing. So while the grass has not been much in evidence upon the farms over much of the south up to this time the change of sentiment that is everywhere present among our people regarding the care of the soil leads us to believe that the matter will be tried out in a large way during the next ten years.

Grow More Grass. And where the trial is intelligently made grass will surely follow, for abundant rainfall, much sunshine, a fair quality of soil and lime makes grass growing. We have the rainfall and sunshine ever with us, the skeleton of a good soil is ours yet and a million or two tons of lime are within our borders awaiting our awakening.

The further south we move the greater percentage of infested herds we find. The best method of tick eradication now is the arsenical solution in the dipping vat.

Today, in any territory in Tennessee, Alabama, or Mississippi, in which tick eradication is being prosecuted, the owners of cattle bring them to the nearest dipping vat on the appointed day, regularly every two weeks, and plunge them into the arsenical solution. After a few times he doesn't even need to prod them, to get them to go through, merely opens the gate, as they have experienced the benefits of the refreshing bath, and take to it with eagerness and apparent delight. The only thing to do is for the people of the south to get together and work in harmony, if they are to accomplish the best results.

Harsh physics react, weaken the bowels, will lead to chronic constipation. Doan's Regulates operate easily. 25c a box at all stores.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. Two sizes 25 and 50c at all stores.

### What About Your Poll Tax?

Are you qualified to vote in the State-wide election to be held on the fourth Tuesday in September 1914? This will probably be one of the most exciting elections that has taken place in our State for many years. Then after the State-wide Prohibition election comes the congressional election and you will want to vote again, but you can't vote in this election unless you pay your 1913 poll tax on or before the 2nd day of May, 1914. Quite a number of town voters failed to qualify in time for the June election when mayor council and sergeant are to be elected. The only way to save your right to vote this fall is to pay your poll tax, if you have not done so on or before the second day of next May.

### Progressives to Meet.

The recent call for a big conference of progressive democrats to be held in Richmond the 27 and 28th of this month is significant in that it seems to have the endorsement of President Wilson behind it. The meeting is to be addressed by Secretary Bryan and Senator Owen, of Oklahoma. The special feature emphasized in the call sent out is the defective election laws now on our statute books. We fear the facts set forth by Hon. John Garland Pollard, the new Attorney General, will not be taken seriously by the machine people. His charge that judges and clerks of elections are the agents of partizan committees is not likely to be taken seriously by the powers to be. They tell us we have fair election laws and when our neighbor "The American" so forcibly set forth the defects in our present election laws in an open letter to the Attorney General, we do not even note a single comment or any opposition from the democratic press in the State to the just and fair demands made by "The American," simply because they do not want to admit the justice of the position, or do not care to agitate the question of "fair elections." We await with interest to see the outcome of the big meeting of Progressives to be held in Richmond next week.

### MAKES OLD PEOPLE STRONG AND WELL

We want to get the news to all old people about Rexall Olive Oil Emulsion, a remarkable new food-medicine which we firmly believe is the best remedy ever made to overcome the weakening, debilitating effects of increasing old age. It helps to rebuild wasted tissues, strengthen the nerves, and give new energy and a lively feeling to the body. It contains no alcohol or dangerous drug. It may not make you feel better for a few days, but if you do not feel much better and stronger before you have taken a quarter as much as you have of other medicines that have not helped you, we will gladly give back your money.

Rexall Olive Oil Emulsion contains pure Olive Oil and the Hypophosphites which, though they have long been endorsed by successful physicians, are here for the first time combined. The result is a real body, nerve and blood-building food-medicine that we believe is superior to anything else in overcoming debility, weakness and liability to disease, and to tone and strengthen the nerves and enrich the blood. You who are weak and run-down—you who are often troubled by various cold weather ailments, use Rexall Olive Oil Emulsion to get and keep well and strong. It is a sensible, pleasant-tasting aid to renewed strength, better spirits, glowing health. If it doesn't help you, come and tell us and we will give back your money without a word. That is how much faith we have in it. Sold only at the 7,000 Rexall Stores, and in this town only by us. \$1.00.—D. M. Smith Drug Co. Marion Va.

## Governor Signs State-wide Pick Pocket Gets Ten Year Term.

Richmond, Va., Feb. 19.—The enabling act was signed by Governor Stuart at 12.53 Wednesday afternoon. Tuesday briefs were presented to the governor arguing that the act was unconstitutional in that it would affect Virginia's finances and that it did not receive a majority of all members of the senate.

These briefs were given consideration, and an opinion from Attorney General Pollard was obtained. No reason for declining to sign the measure was forthcoming.

The State-wide election takes place in September. The temperance forces of the state, it is said, will at once proceed to circulate petitions. As soon as these petitions reach the governor he will order the election.

Information concerning the Sixth and Ninth District Joint Educational Conference, Radford State Normal and Industrial School for Women, East Radford, Va., March 5-6-7, 1914.

Delegates to the Educational Conference will buy tickets to East Radford. On reaching the station they will please come to the Administration Building of the Radford Normal School and register. Supt. J. P. Whitt, local manager, will then assign homes to all those wishing such assignment. All trains on the evening of the 5th of March and throughout the 6th of March will be met.

Visitors and delegates will be entertained in the hotels, private boarding houses and private homes of the city. Arrangement has been made for free entertainment in private homes for one hundred teachers. Entertainment in private houses will cost \$1.00 per day. Those wishing entertainment at the hotels will be accommodated at the usual rates.

If you desire any further information write Supt. J. P. Whitt, Local Manager, East Radford, Va. He will be glad to give you any information that you may desire in regard to the Educational Conference. Prof. W. R. Bowers, President of the 9th District Teachers' Association, Rural Retreat, will also cheerfully answer any request for information.

## A Winter Cough

A stubborn, annoying, depressing cough hangs on, racks the body, weakens the lungs, and often leads to serious results. The first dose of Dr. King's New Discovery gives relief. Henry D. ## DR. KOCH DISCOVERED GERMS

Says They are the Cause of Consumption.

Bear's Emulsion Builds Up Body Keeps Germs from Getting in Action.

Zeus discovered some years ago by Robert Koch, a distinguished German scientist, that consumption was caused by the action of a typical germ that is breathed into the body of any human being, and that it can only stay with those that allow their system to run down by the action of some other disease. When you are in the weak state is the time the germ is most effective. No appetite, loss of sleep, nerves in bad condition pains all through the body, then it is time to take Bear's Emulsion which will build up your system and take it from the ravages of this germ. Even the little hacking cough or little tickling in the throat often means much more than one would think. Don't neglect it, one or two bottles of Bear's Emulsion offers complete relief. One or two consumption germs will give you consumption and if you don't watch you will be added to the list that go to make so many deaths in one year. Bear's Emulsion is only one dollar a bottle or six bottles for five dollars. Sold by D. M. Smith Drug Co., Marion, Va.

## Obituary.

On Monday evening, Feb. 9th, the death angel visited the home of Mr. and Mrs. L. J. Hubble, taking away their youngest child, Mattie May.

She was born April 17, 1910. Services were held at the home on Tuesday following by Rev. W. N. Britton after which the remains were laid to rest in the Thomas burying ground.

For nearly four years she was a ray of sunshine sent to gladden the hearts of parents and loved ones. Her childish prattle and sunny disposition won the hearts of all who knew her.

She was the pet of the family and only those who were with her constantly fully realize what she was to them.

She was sick only a few days and during that time her clear childish voice could be heard singing the songs which had been taught her.

Her voice on earth is still and we miss her, but she is now with Jesus, the master who said "Suffer the little children to come unto me and forbid them not, for of such is the Kingdom of Heaven".

We wish she could have been spared, but the alwise Father knows best. We would point the sorrowing parents, brothers and sisters to the creator of all things and have them say with the Psalmist, "yea, though he lead me through the Valley of the Shadow of Death, I will fear no evil, for Thou art with me, Thy rod and Thy staff they comfort me."

The many friends of the family extend to them their deepest sympathy and pray that they may feel it best to say "Thy will be done."

A FRIEND.

## RUN-DOWN WOMEN

Find Health in a Simple Tonic

How many women do you know who are perfectly well, strong & healthy as a woman should be? Many may not be sick enough to lie in bed—but they are run-down, thin, nervous, tired and dizzy.

Women are so active nowadays and so much is expected of them that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic with out oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. Walter Price, Biloxi, Miss., says: "I was in a run-down condition for months, I had taken several medicines but they seemed to do me no good. Finally Vinol was recommended, and from the first bottle I began to improve until I am strong and well as ever."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

P. S.—For pimples and blotches try our Sazo Salve. We guarantee it.

## DESTROY CATTLE TICK

Dipping Vat Has Proved to Be a Good Method—Other Methods Which Will Help.

The arsenical solution in a concrete dipping vat has proved to be the most effective remedy for the extermination of cattle ticks.

The following are the specifications for the construction of a dipping vat:

The site selected for the vat should be dry. The excavation should be 7 feet deep, 27 feet long at the top, 13 feet long at the bottom, 4 feet wide at the top, 3.0 inches wide at the bottom.

The walls and floor should be 6 inches thick. The wooden frames should be constructed of 2x4-inch braces, on the outside of which 1-inch boards are tacked. After the concrete has set, take out frame and plaster inside of vat with a mixture of 1 part cement and 2 parts sand. The walls of the vat should be built one foot above the surface of the ground. The slide where the cattle go into the vat should be three feet long with a fall of two feet. The concrete should be made as follows: Cement, 1 part; sand, 2 1/2 parts; gravel or broken rock, 5 parts, all thoroughly mixed.

The dipping vat should be covered with a shed and provided with convenient pens, chute and dipping pen.

The Arsenical Solution.

The following formula is most commonly used:

Sodium carbonate (sal soda), 24 lbs.; white arsenic, 8 lbs.; pine tar, 1 gallon; water, 500 gallons.

Mix the soda and arsenic within a kettle containing 30 gallons of water; boil 30 minutes; let this solution cool to 140 degrees, then slowly add the pine tar.

Other Methods of Eradication.

In undertaking measures for eradicating the tick it is evident that the pest may be attacked in two locations, namely, on the pasture and on the cattle.

In freeing pastures the method followed may be either a direct or an indirect one. The former consists in excluding all cattle, horses and mules from pastures until all the ticks have died from starvation. The latter consists in permitting the cattle and other animals to continue on the infested pasture and dipping them at regular intervals in the arsenical solution and thus preventing engorged females from dropping and reinfesting the pastures.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. Two sizes 25 and 50c at all stores.

## Acts on the Liver and Doesn't Make You Sick

Dodson's Liver Tone Liven's Up the Liver—Is More Than a Mere Laxative and Better than Calomel.

Calomel was for years the chief medicine used to stimulate the liver. But calomel is dangerous, and people are not to be blamed for being afraid of it.

Within the last few years many medicines have been put out to be used instead of calomel, but their effect is often only on the bowels—not on the liver. D. M. Smith drug store says that the only real liver medicine to actually take the place of calomel is Dodson's Liver Tone, a mild, harmless, vegetable liquid that D. M. Smith Drug Company guarantees to take the place of calomel and give prompt relief in cases of constipation, biliousness and sluggish liver.

So confident are D. M. Smith Drug Co. that they give their personal guarantee with every 50 cent bottle of Dodson's Liver Tone. You can be sure that you are getting Dodson's by asking them if they are giving you the medicine they personally guarantee to refund money on if unsatisfactory.

## It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

## Sale of Valuable Land.

Pursuant to a decree of the Circuit Court for Smyth County, Virginia, entered on the 9th day of January, 1914, in the Chancery Cause of W. M. James versus Wildy Brown, I will on Saturday, the 14th day of March, 1914, at the front door of the Court House for Smyth County, at public outcry, to the highest bidder, proceed to sell the land mentioned in the Bill and Exhibits of said cause, being the same land conveyed to the said Wildy Brown and by deed of the said W. M. James and Mary E. James, of date May 6, 1911, of record in the Clerk's Office of Smyth County in D. B. No. 28 p. 205, consisting of Thirty five and one-half acres, situated on the Southfork of Holston River, adjoining the lands of W. H. Blewins et als. There will be excepted in the sale all minerals and mineral rights in and on the said land.

Terms of Sale.—Cash in hand sufficient to pay cost of suit and sale, and the residue on a credit of six and twelve months, the purchaser being required to give personal security for the deferred payments, with interest.

GEORGE F. COOK,  
Special Commissioner

I hereby certify that George F. Cook special commissioner named above, has given the bond required of him by the decree under which he sells.

### Marion People Give Credit Where Credit is Due.

People of Marion who suffer with weak kidneys and bad backs want a kidney remedy that can be depended upon. Doan's Kidney Pills is a medicine for the kidneys only, and one that is backed by willing testimony of Marion people. Here is a case:

J. F. Crabtree, Lincoln Hill, Marion, Va., says: "I have heard so many people praise Doan's Kidney Pills that I should I have any kidney trouble, I would use them. One of my wife's family used Doan's Kidney Pills for kidney trouble. He procured a supply from the Carson Drug Co. and they did him more good than all the other medicines he had ever taken."

He suffered for years from a lame and aching back, together with kidney weakness and Doan's Kidney Pills relieved the trouble. They are surely a grand remedy and worthy of endorsement.
