MARION, VIRGINIA, FRIDAY, JAN. 14, 1916

Judge Kelly for the Supreme Bench.

Bristol, Va., Jan. 8.—Judge Joseph L. Kelly, of Bristol now a member of the Virginia supreme court, was today strongly endorsed by the Bristol bar to succeed the late Justice Lamar as a member of the United States supreme court. Judge Kelly, it is understood, will be made Virginia's candidate. He is forty-eight years old, and his record as a lawyer and jurist entitles him to the highest consideration.

It is expected that the lawyers and jurists of every city and town in Virginia will join in presenting his name to the president. A special committee of Bristol lawyers was named today to present Judge Kelly's name, and this committee will invite delegations from all counties in the State to join in urging the appointment of Judge Kelly.

Those who know Judge Kelly, as he is known here, are confident that he would make an enviable record in the high position for which he has been suggested.

Cost of War to Italy.

Rome, Jan. 11.—The sum of \$441,500,000 is, according to statistics just made public, the expense sustained by Italy for her army and navy from June 1 to Nov. 30. Adding \$120,000,000 spent in May and December, the total cost of the war to Italy is more than \$561,000,000, without including the expenses of the military preparations before the opening of hostilities. These expenses have been covered by war loans and new taxes.

The Habit of Taking Cold.

With many people taking cold is a habit, but fortunately one that is easily broken. Take a cold sponge bath every morning when you first get out of bed—not ice cold, but a temperature of about 90° F. Also sleep with your window up. Do this and you will seldom take cold. When you do take cold take Chamberlain's Cough Remedy and get rid of it as quickly as possible. Obtainable everywhere.

Compulsory Education May Be Made State-Wide.

Every child in Virginia, whether white or colored will be compelled to attend school until the age of fourteen years under the provisions of an amendment to the present State Constitution which educational societies from one end of the State to the other are urging for adoption at the present session of the Legislature.

Richmond school-teachers took initial steps recently to get behind the movement, when the executive committee of the Richmond Teachers' League and organization comprised of 600 teachers, indorsed the movement of a State-wide compulsory education law either by an amendment to the present State law or else the enactment of a new law which will make the present compulsory education law really effective.

The Principals' Club, which is a member of the league took up the committee's recommendation Friday night and gave its indorsement. Within the next ten days the other organizations in the league, the Elementary Teachers' Club, the High School Teachers' Club, the Kindergarten Club, the Junior High School Teachers, the Special Teachers, and the Supervisors' Club, will act on the executive committee's report, and as the members of the committee are from the different clubs unanimous approval is expected.

The present compulsory education law, the committee pointed out, is inadequate and ineffective. There is no State-wide enactment, but it is a matter of local option in the enforcement of laws affecting school attendance.

Chamberlain's Cough Remedy Most Effective!
"I have taken a great many bottles of Chamberlain's Cough Remedy and every time it has cured me. I have found it most effective for a hacking cough and for colds. After taking it a cough always disappears," writes J. R. Moore, Lost Valley, Va. Obtainable everywhere.

Slemp Wants Armor Factory for Va.

Washington, Jan. 11.—Congressman C. Bascom Slemp, of the Ninth Virginia district, is fully alive to the great advantages that will accrue to any State that secures the location of a giant factory within its borders for the manufacture of armor plate for the government. He intends whenever the plan reaches a more concrete form to make a strong effort to have such a factory located in Virginia, and will probably in a few days introduce a bill in the house of representatives providing for the construction of such a plant at either Roanoke or Pulaski.

"I do not know whether this or any succeeding Congress will commit the government to the manufacture of armor plate for its own use, in accordance with recommendations made by congress by Secretary of the Navy Daniels and other heads of departments," said Congressman Slemp, in speaking of his plan to introduce a bill to locate such a plant in Virginia. "There is a strong body of men in both the house and senate who favor the government having its own armor plate plant in order to effect the enormous savings to the government and to the people of the millions of dollars now paid to the armor plate manufacturers."

Some two weeks ago we reported the illness of Mrs. Mary Black, of Boyer, N. C., of that loathsome disease, leprosy. Mrs. Black died on Tuesday of last week. This is the first and only case of leprosy ever reported in this section, so far as we know. Two accredited physicians are reported to have pronounced this a genuine case of leprosy. The deceased was about 98 years of age and the stepmother of Mrs. W. R. Wright, of this place.—Grayson Gazette.

The school house at Tong Rock was destroyed by fire on last Monday afternoon between one and two o'clock. The fire originated from a defective flue and first caught in the garret of the building. The school furniture was saved. School was in session at the time of the burning and all the children escaped unharmed. Wert Calloway was the teacher.—Grayson Gazette.

Marion Team Wins.

The opening game of the Appalachian Interscholastic Basketball League, which was recently formed in Bristol with teams in Johnson City, Bristol, Tenn., Bristol, Va., Abingdon, Emory and Marion, was played here Saturday between teams from the Abingdon and Marion high schools.

After two twenty-minute halves of hard and sensational playing Marion won in the last minute of play by the score of 29 to 28. The game was well played. Fine team work was shown by both teams. The splendid playing of Wethers and Kahle, of Abingdon, and Wolfe and Debord, of Marion, deserves special mention.

The line-up was:
Abingdon—Kahle, center; Hughes, right forward; Haga, left forward; Wethers, right guard; Slampser, left guard.

Marion—Debord, center; Stone, right forward; K. Scott, left forward; Wolfe, right guard; R. Scott, left guard.

Referee, C. Robinson, of Marion; scorer, Prof. Stephenson, of Abingdon; time-keeper, Miss Buchanan, of Marion; time of halves, twenty minutes.

The Clinch Valley News makes this inquiry: "What has become of the boy who used to brush the flies from his horses legs with a long cow's tail brush while the blacksmith tacked on a shoe? And the boy who parched corn on the miller's old wood stove while waiting for his 'turn'?" Some of them are at the head of great corporations and some are still doing business at the old stand. Much depends on the boy you know.—Times Dispatch.

Hot Springs Costly for Honeymoon Trip

Hot Springs, Va., Jan. 9.—"Wonder if the President thinks his honeymoon was worth the money." "This remark was made by a hard-headed financier—just as the President and Mrs. Wilson embarked on their special train for Washington from Hot Springs, where they have been spending the first two weeks of their wedded life. The financier was probably more or less pessimistic, as, instead of honeymooning, he had been down at Hot Springs trying to get some relief for his rheumatism."

Hot Springs is one of the most expensive places in America in which to spend the time, whether you're on a honeymoon or not. It is only the wealthy who can live there for ten days or more, even if they are satisfied with a room and bath.

An itemized account of the President's bill follows:
Special train \$ 400
Room and board for President and Mrs. Wilson 480
Room and board for President's valet 64
Room and board for maid 64
Transportation of autos 120
Room and board for stenographer 96
Room and board for seven secret service men 352
Salary for secret service men 688
Garage fees and gasoline 48
Servants wages 48
Salary of stenographer 64
Tips and fees 75
Flowers 240

Cost to President \$2,739
Outside of these expenses—all of which were borne by the President personally and the Government—the sixteen days of the President's honeymoon cost the newspapers of this country the round sum of \$16,000. This, of course, included salaries and hotel bills of reporters, telegraph and telephone messages.
But, as my financial friend remarked, "we are the richest nation in the world and even if the honeymoons of our President's come high, they don't come often."

Holiday Wedding Is Solemnized.

A beautiful wedding was that solemnized Dec. 25, 1915, at high noon when Miss Myrtle Evelyn Dungan became the bride of John Stanley Williams of Franklin, Ind., the ceremony being solemnized at the home of the bride's uncle, Samuel O. Dungan, 1602 Broadway.

The parlors were fragrant with many pink Killarney roses and with a profusion of palm and amilax banked on the fireplace in the north room where the ceremony was pronounced. Before the ceremony there was a program of wedding music by Miss Yuba Willhite, violinist, concluding with "The Bridal Chorus" from "Lohengrin," as the bride, attended by her maid of honor, Miss Helen Louise Dungan, came down the broad stairway and entered the ceremony room to meet the bridegroom. The ring ceremony was used and was pronounced by the Rev. O. Ballard of the Memorial Presbyterian Church, who for many years has been a close friend of the family.

The bride's dress was of field mouse brown in combination of chiffon and charmeuse, and she carried a shower bouquet of sweetheart roses and lilies of the valley. The maid of honor was in lavender peau de soie and carried a set bouquet of orchids, and Mrs. Aaron Ward rosebuds.

Mr. Williams is the principal of the Franklin High School. He is a graduate of Franklin College and of the Indiana Law School and is a member of Phi Delta Theta. The bride is the daughter of Stephen W. Dungan of Franklin and is a musician of marked ability, having studied in New York and Chicago, and was graduated at the Adrian College of Adrian, Mich. She is a member of Delta Delta Delta Sorority.

Immediately after the ceremony yesterday there was a Christmas dinner for the wedding party and the relatives. Mr. and Mrs. Dungan later received informally for the evening. Mr. and Mrs. Williams will make their home in Franklin.—The Indianapolis Star.

Hindenburg Sees No Peace in Sight.

Vienna, Jan. 11.—Field Marshal General von Hindenburg, does not believe that the end of the European war is imminent, according to a statement he made to a representative of the Vienna Neue Freie Presse, who, on the occasion of the interview, dined with the general.

"The French," said the Field Marshal, "still want Alsace-Lorraine, when we hold Lille instead of their being in possession of Strassburg. That is hardly a normal mental make up. But if they want Alsace-Lorraine so badly why don't they come and get it. The English also seem bent upon continuing the war, despite the fact that two lords make beautiful peace speeches. Of course, from India come reports which should place a damper upon the war spirit of the English, but we must wait to see if these reports are true. At any rate England has an Achilles' heel, and when I say this I don't think of India alone."

"The Russian Czar and his government also want to continue the war, and the oft-announced revolution keeps people waiting. The odd feature of the situation is that none of these nations notice that they are sacrificing themselves for England. In short, it does not look like peace."

"Germany cannot sheath her sword. Certainly, there is no German who would not hail with joy the moment when this horrible spilling of blood shall have come to an end. But we are not to blame for the future spilling of blood. They plunged us into this war and now they oblige us to continue it. Can Germany make peace overtures? Such overtures would be interpreted as a sign of weakness and the entire hostile press would shout: 'Germany can't go any further and has to beg for peace.' We are obliged therefore, to continue fighting until our antagonists are convinced of their defeat, which today they do not yet believe."

"Germany must not show that she is tired of the war, and what is more we are not tired of the war. The situation is constantly improving for us. Even the road to the Orient is now open. For us it is not a question of seeing this thing through, of preserving, but of being victorious."

Death of Carl Buchanan.

Carl Buchanan, the twenty-two-year-old son of John W. Buchanan of Holston Mills, this country, lost his life in the coal mines at W. Va. He was engaged in operating a motor which was bringing several loaded cars out of the mines, when the motor left the track, and the cars piled over on young Buchanan, causing a compound fracture of the skull, which resulted in almost immediate death. The body was brought to the home of the parents at Holston Mills, and funeral services were conducted by Rev. N. D. Cole of the Primitive Baptist Church. The body was accompanied from Marytown by a young girl to whom Mr. Buchanan was engaged. His burial took place on the day which had been appointed for the celebration of the marriage ceremony.

This notice should have appeared in our last issue but was overlooked by the printer. The News joins the friends in extending sympathy to the bereft parents and family of the deceased.

N. & W. Passengers Will Now Know Why.

A larger consideration for the convenience and comfort of passengers traveling on the lines of the Norfolk and Western is shown in a bulletin which is being issued by the management to conductors and trainmen in which the latter are instructed to notify passengers of the causes of delay etc. when trains happen to be late.

The bulletin follows:
"In event of any delay to trains or interruption of traffic which may be important enough to affect the comfort and convenience of passengers, conductors will make every possible effort to find out the cause of the delay and its probable duration and will furthermore see that a suitable announcement is made to the passengers and others interested."

"Conductors and trainmen are instructed to freely and courteously answer all questions addressed to them upon this subject and give any and all information which may be necessary for passengers to make suitable arrangements."

"It may not be possible for conductors and trainmen to find out exactly the cause of the trouble or the length of the delay. In such instances they will only be expected to do the best they can."

Station agents will endeavor to find out why trains are late and see that the passengers waiting at the station are properly informed. The train dispatcher will keep in touch with the agent and assist them in ascertaining the cause and extent of the trouble.

"Nothing will product so good an effect and contribute so much to the popularity of the Norfolk and Western as the announcement of information of this character."

Fix Virginia G. O. P. Representation

Washington, Jan. 11.—The call for the Republican national convention to be held at Chicago, June 7th, issued from the Republican headquarters here by Chairman Hilles is the first under the new assignment of representation and shows that Virginia will have but 15 delegates in the convention instead of 24 as heretofore.

This is the result of the long-standing cry among the Northern Republicans for smaller representation from the South which they have claimed has a very small Republican vote, but as large a representation in the Republican conventions as the Northern States where the Republican vote is greatly in the majority.

In the next convention Virginia will have four delegates at large, two from the Ninth district, and only one each from the other nine districts.

Under the new arrangement instead of having two delegates from each of the Virginia districts, they will have but one because they polled less than 7,500 Republican votes in the presidential election of 1908, which was decided on as the basis.

Fred Dolinger, who has been sick since Xmas, is able to be in school this week and we hope he will soon gain his usual strength.

Mrs. Fannie Hays, who has been very ill for some time, is fast improving. She is under the care of a professional nurse, Miss Honaker of Pulaski, and hope of her recovery is entertained.

We were sorry to lose our friend and neighbor, Mr. Rollen Hopkins and family, who moved to Marion the first of the year to take charge of the jail. His son Charles Hopkins has moved in the house vacated by Mr. Hopkins, and will have charge of the farm. We welcome these good people in our midst.

Mr. and Mrs. Curtis Detonaid and family, who have been visiting friends and relatives in this section, left for their home in Creaton, Wash last week.

Mrs. Kate Bailey, of Chilhowie is visiting at the home of her nephew, Mr. S. M. Rouse.

The twin infants of Mr. and Mrs. Lee Johnson died of pneumonia and were buried both in the same casket at the McCreary cemetery last Saturday. It must have been a cross to give up both of the dear little ones at once, but don't grieve dear parents, that were too pure to stay here and suffer the trials and afflictions of this life. They are with Jesus, where they can live a pure life. Try to meet them.

Less miles of new railroad were built in the United States during 1915 than in any other year for over 50 years, or since 1864, and more miles of railroad were in receivers' hands during the year than ever before, according to the Railway Age (a summary of its railways statistics for the year, compiled from official sources and published in its annual review. There have been only three other years since 1848 when the increase in railway mileage was less than 1,000 miles, and they were the Civil War years of 1861, 1862 and 1864.

Legislature Convenes in Biennial Session.

Richmond Va., Jan. 12.—Rigid enforcement of the prohibition laws which are to be written into Virginia's statute books at this session, following the overwhelming approval of that policy by the people at the poll—a request that the hands of the governor be strengthened in order to enforce prohibition, and a discussion of taxation, featured the message of Governor Henry C. Stuart to the General Assembly which convenes in biennial session at noon today.

Discussing the new system of taxation, Governor Stuart asks: "Shall the people of the State be cheated out of their long delayed advantage by the hue and cry raised by the interested parties against the methods necessary to reach and maintain substantial results?"

It is essential, he says, that means of discovering undeclared intangible property shall be maintained and strengthened.

Both houses organized with the election of officers nominated at last night's Democratic caucus.—Harvey Houston, Speaker of the House and C. Harding Walker, president of the Senate. No bills of general interest were introduced with the exception of the Torrens land registration system.

Governor Stuart tendered a reception to the members of the legislature at the executive mansion to night.

Senator Rison, chairman of the Senate caucus, announced the following:

Steering Committee: G. Walter Mapp of Accomac, chairman; N. E. Early, Jr., of Greene; Saxon W. Holt of Newport News; J. E. West, of Vausemond, and A. W. Robertson of Rockbridge. The committee will name the members of the standing committees in the Senate.

Delegate R. H. Willis, of Roanoke, who will be named chairman of the committee on privileges and elections, becomes ex-officio floor of the House.

The Republican members of the House have selected M. K. Lowry of Brooke, floor leader for the minority.

The Wilson-Bryan Breach Widens.

Washington, Jan. 10.—The breach between President Wilson and former Secretary of State Bryan over the national defense issue was widened last night.

Bryan's determination actively to use influence in congress to defeat the administration preparedness program was indicated in a letter to Representative Sherwood, of Ohio congratulating him upon his recent speech in the house denouncing preparedness. Bryan wrote as follows:

"Allow me to congratulate you upon your speech. It hit the mark and was an excellent opening of a campaign which will, I hope, end in defeat of the plan to increase the army and navy appropriations."

The Bryan letter broke a long silence on the preparedness issue. It is one of the most unequivocal of his several public utterances of determined opposition to the administration program. His reference to "the opening of a campaign" against national defense was regarded at the capitol as presaging his active personal participation.

The possibility of a working arrangement between Bryan and Kitchen against the defense plans has long disturbed administration leaders.

You've hit the right tobacco

when you fire-up some Prince Albert in your old jimmy pipe or in a makin's cigarette. *And you know it!* Can't get in wrong with P. A. for it is made right; made to spread-smoke-sunshine among men who have suffered with scorched tongues and parched throats! The patented process fixes that—and cuts out bite and parch. All day long you'll sing how glad you are you're pals with

PRINCE ALBERT
 the national joy smoke

You take this testimony straight from the shoulder, men. You can smoke a barrel of P. A. without a kick! It hands out all the tobacco happiness any man ever dreamed about, it's so smooth and friendly. It's a mighty cheerful thing to be on talking-terms with your pipe and your tongue at the same time—but that's what's coming to you sure as you pin your faith to Prince Albert!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

It's an easy job to change the shape and color of unsalable brands to imitate the Prince Albert tidy red tin, but it is impossible to imitate the flavor of Prince Albert tobacco! The patented process protects that!

Everywhere tobacco is sold you'll find Prince Albert waiting your cheerful smile. Buy it in tippy red bags, 5c; tidy red tins, 10c; handsome round and half-round tins—and in that classy pound crystal-glass humidor with sponge-moistener top that keeps the tobacco so fit!

RECIPE FOR GRAY HAIR.

To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and 4 oz. of glycerine. Apply to the hair twice a week until it becomes the desired shade. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded, gray hair, and removes dandruff. It is excellent for falling hair and will make bare hair soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off.

OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, or careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

Doubt Ends When She Takes Tanlac.

Mrs. Emma Henle Says Relief Was an Agreeable Surprise to Her.

Louisville, K., Jan. 13.—Mrs. Emma Henle, of 1549 Kentucky street, Louisville, declared recently that she had little faith in Tanlac when she began taking it but that after a few doses she noted a remarkable change in her condition.

"I had suffered for years with kidney trouble and rheumatism," she said recently, "At times the pain was so bad I could hardly stand it. I had no appetite and lost a great deal of sleep. My friends became alarmed about me. My nerves were in a dreadful shape and I had no strength."

"I decided to try Tanlac because I had heard so many people say it had helped them. I am frank to say I didn't expect it would do me much good, but in that I was agreeably surprised. I had been taking it a very short time when my appetite came back. I sleep peacefully now as a baby, and have gained strength and weight. I really feel like a different person and I have Tanlac to thank for it."

Tanlac, the premier preparation, is of proved value in cases of kidney and liver trouble, poor circulation, rheumatism, catarrh and kindred ailment. It is being sold now in Marion at D.M. Smith drug store.

Resolutions of Respect.

We, the members of Pleasant Hill Council, Junior Order No. 185, offer the following tribute of respect to Bro. John J. Phillippi in the death of his father, G. H. Phillippi, who departed this life Dec. 30, 1915, aged 59 years and 10 months.

Resolved: That we bow in humble submission to Him who doeth all things well for our good. We sorrow not as those who have no hope. A good Christian man has gone, let us try to live as he did, and when the end of life comes it will be well with us, and may we have the hope as he had of glorious immortality and we recommend to his children to the same God that he trusted in so long.

Resolved second: That we as members of Junior Order extend to Bro. John Phillippi and family our heartfelt sympathy.

Resolved third: And a copy of these resolutions be sent to the bereaved family and a copy be sent to our county papers for publication.

Geo. H. Phillippi was born Feb. 14, 1859 and died Dec. 30, 1915, aged 59 years, 10 months and 16 days.

He joined the Evangelic Lutheran church early in life and was a faithful member ever ready to do what his church required of him. He was sick for a number of years and never murmured or complained, seemingly resigned to the will of the blessed Lord; died peacefully and quietly.

Resolved, 1st. It having pleased Almighty God to take from the midst of the living and transplant in a heavenly country the christian father of his remaining children in that beautiful home where they may join him again.

Resolved, 2nd. We, the fraternal brothers of the encampment I. O. O. F. and submit our sympathy with Brothers Ira J. and G. B. Phillippi, and the other children in their sad bereavement by a home newly made sorrowful.

UGH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

"Dodson's Liver Tone" Will Clean Your Stagnant Liver Better Than Calomel and Can Not Salivate.

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver. If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of harmless Dodson's Liver Tone instead of using sickening, salivating calomel. Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful; full of energy, vigor and ambition.

Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal guarantee that it will clean your sluggish liver better than nasty calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you get your money back. Children gladly take Dodson's Liver Tone because it is pleasant tasting and doesn't gripe or cramp or make them sick. I am selling millions of bottles of Dodson's Liver Tone to people who have found that this pleasant, vegetable, liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist about me.

It Always Helps

says Mrs. Sylvania Woods, of Clifton Mills, Ky., in writing of her experience with Cardui, the woman's tonic. She says further: "Before I began to use Cardui, my back and head would hurt so bad, I thought the pain would kill me. I was hardly able to do any of my housework. After taking three bottles of Cardui, I began to feel like a new woman. I soon gained 35 pounds, and now, I do all my housework, as well as run a big water mill. I wish every suffering woman would give

CARDUI

The Woman's Tonic

a trial. I still use Cardui when I feel a little bad, and it always does me good."
