MARION, VIRGINIA, FRIDAY, MARCH 8, 1912.

### William M. Slempp Dead.

Big Stone Gap, Va., March 5.—William M. Slempp died in a Louisville sanitarium yesterday morning. The news of his death was received here in a message from his brother, Congressman C. B. Slempp, who had been at his bed-side for about two months.

The death of Mr. Slempp, who was about forty-seven years of age, resulted from a complication of ailments that had been a source of worry to him for two or three years. As soon as his condition became critical, Congressman Slempp took leave of his duties in Washington and hurried to his bed-side. He had ever since been a constant attendant in the sick room, having manifested a devotion of the most worthy type.

William M. Slempp was married only about a year ago, and is survived by his wife. He was for quite a while in the internal revenue service in Virginia, having been associated with the office of the collector at Abingdon, a part of the time. He was a splendid young man, and enjoyed wide popularity in Southwest Virginia.

The body was taken to Lee county, Va., to day, and will be buried in the family cemetery near the graves of his parents at Turkey Cove. Much sympathy will be felt for the bereaved family, including the widow and Congressman Slempp, who had kept such close watch over him during his several weeks of suffering.

### Many Driven from Home.

Every year, in many parts of the country, thousands are driven from their homes by coughs and lung diseases. Friends and business are left behind for other climates, but this is costly and not always sure. A better way—the way of multitudes—is to use Dr. King's New Discovery and cure yourself at home. Stay right there with your friends and take this safe medicine. Throat and lung troubles find quick relief and health returns. Its help in coughs, colds, grip, croup, whooping cough and sore lungs make it a positive blessing—50c and \$1.00. Trial bottle free. Guaranteed by the Carson Drug Co.

### In Jail at Lebanon.

Bristol, Va., March 4.—Clinton Chafon, who it is alleged, entered the store of James Sutherland, at Kiser, Russell county, Va., a week ago, and shot the merchant down, then fled the scene, is now in the county jail at Lebanon. A reward of \$100 had been offered for his capture, so mysteriously he disappeared after the shooting. The officers were puzzled to know what became of him, and their predicament is now no cause for wonder, as Chafon had taken refuge in a cave, and had been in an under-ground chamber, until he came forth several days ago, almost exhausted from hunger, and gave himself up to Officer E. K. Jesse, near whose home he was in hiding.

### Letter from Taft.

New York, March 2.—The following letter from President Taft under date of February 26th, has been received by W. B. Miller, secretary of the China famine relief committee:

"Dear Mr. Miller: I sincerely trust that the people of the country will observe Sunday, March 10th, and the Jewish people Saturday, March 9th, as a famine relief day for the benefit of the starving multitudes in China. To all of us alike must come the appeal from these famine stricken people and to all of us, if we respond, there will sometimes come back the words 'Hungry, and ye fed me.' With best wishes for a successful appeal to the sympathy and assistance of our American people, I am, Yours sincerely, WILLIAM H. TAFT, President of American Red Cross."

### Man Born of Woman.

Man comes into this world without his consent, and leaves it against his will. During his stay on earth his time is spent in one continuous round of contraries and misunderstandings by the balance of the species. In his infancy he is an angel; in his boyhood he is a devil; in his manhood he is everything from a lizard up; in his duties he is a darn fool; if he raises family he is a chump; if he raises a small check he is a thief, and then the law raises the devil with him; if he is a poor man he is a poor manager and has no sense; if he is rich he is dishonest but considered smart; if he is in politics you can't place him, as he is an undesirable citizen; if he goes to church, he is a hypocrite; if he stays away from church, he is a sinner and damned; if he donates to foreign missions, he does it for show; if he doesn't he stings and a tightwad. When he first comes into the world, everybody wants to kiss him; before he goes out, they all want to kick him. If he dies young, there was a great future before him; if he lives to ripe old age he is simply in the way and living to save funeral expenses. This life is a funny road, but we all like to travel it just the same.—Selected.

### Obituary.

Sallie Blair Totten, (nee Thompson), was born near Chatham Hill, Smyth county, Va., Oct. 7, 1882; died Feb. 9, 1912. She was one of nine children, the daughter of Isaac and Francis Thompson. She came of good parentage and her very excellent moral and religious qualities tended to elevate, in the home, the church and the community in which her life was lived.

She was happily married to William B. Totten, a young man of most excellent character—merchant by occupation—August 13, 1902. These were equal yoked together—they were agreed—and their union, though of short duration, was a happy one. They both loved and served the "Lord, Jehovah," in whom is everlasting strength and happiness. The union was blessed with one daughter, Anna, who bears the marks peculiar to a Christian mother's tender care.

Sister Totten was "born again," during a series of meetings conducted by her pastor, Rev. J. S. Huley, in March, 1905, at which time she joined the M. E. Church, South, at Goodman's Chapel, where she remained faithful and true 'till her transfer was made to the Church triumphant. She was a faithful worker in the Church, the Sunday School and the Woman's Foreign Missionary Society, of which she was a member. She will be greatly missed from all the places which she filled, but since she had us "weep not for me," and since God does all things right, we will calmly say, "Thy will be done."

When the end came there was a calm, an undisturbed peace,—not a cloud in her moral sky to bedim her prospects for heaven. Hence, here was a triumphant death. She passed from our gaze shouting the praises of God. She said to the weeping ones by "don't weep for I am going home." Her last request was, "Tell my sister and brother in the West to meet me in heaven." Her last words were, "O, Jesus!" Her many friends were stricken by the numerous calls while she was sick, and by the unusually large attendance at the funeral service, which was conducted by the undersigned, her pastor. Interment was made in the Spratt's Creek cemetery. She is survived by father and mother, three brothers and five sisters, and by her husband and little daughter, who very keenly deplore their loss.

### Deputy Sheriff at Abingdon Dead.

Abingdon, Va., March 1.—Deputy Sheriff W. B. Campbell died of measles at his home near here to-day. He was thirty years old and widely known. For several years he conducted a livery stable in the town. He went into office January 1. The widow and three children survive.

### Plain as Day.

The Democratic party can not and will not give the people such Tariff legislation as will bring sufficient revenue or protect the laborers and producers of this country. All the bills they have presented so far have been ignorantly drawn and of a nature to inspire no one with any confidence whatsoever in their integrity or ability.—Freeport (Ill.) Journal.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, Ohio.

### The Editor's Song.

How dear to my heart is the steady subscriber,

Who pays in advance at the birth of each year;

Who lays down his money and offers it gladly,

And casts 'round the office a halo of cheer!

Who never says, "Stop it; I cannot afford it!"

Or, "I'm getting more papers than I can read!"

But always says, "Send it; the family all like it—"

In fact, we think it a household need!"

How welcome he is when he steps in the sanctum!

How he makes our hearts throb!

How he makes our eyes dance!

We outwardly thank him—we inwardly bless him—

The steady subscriber who pays in advance.

### Womanly Wisdom.

(From March Farm Journal.)  
"Just rain and snow, and rain again,  
And drizzle, drip and blow!  
Then snow and thaw and slush, and then—  
Some more rain and snow!"

Put a scratcher for matches in every room in the house, and save the walls.

Paint the vinegar barrel, hoops and all, and save them from rusting off and making a mess in the cellar.

The invitation to a modern fashionable wedding ought to read: "The honor of your presents is requested."

It is time to look through the cellar and see that there are no rotten turnips, cabbage or potatoes to pollute the air.

"There's a lot of girls that don't ever intend to get married." "How do you know?" "I've asked several of them."

When you spill hot grease upon the floor, immediately pour cold water upon it. This cools it before it can strike into the wood.

When dressing poultry do not waste the feet. Place them in boiling water for a few minutes, and the skin and nails will come off easily. They make a delicious bit of soup or jelly.

It is not natural for children to sneeze; if they do so, take them to a doctor to learn the cause of the obstruction to the free passage of air from nose to throat. The tonsils may be enlarged, or there may be some growth in the nasal passage, or catarrh of the throat or nose.

At the last regular meeting of Holston Chapter, U. D. C., an invitation was extended to the First district convention of the U. D. C. to meet here late in the spring. The First district is composed of twenty-five chapters in Southwest Virginia. Miss Nellie Preston, of Seven Mill-Ford, is president. The date will be announced later.

### Business Test for 1912.

By figures fresh from a government bureau it is seen that the exports of manufactured articles from the United States in the year 1911 passed the billion-dollar line for the first time. The increased demand for things produced by American manufacturers, artisans and inventors extends to all continents. In the last ten years the gain in this respect has been 36 per cent. in Asia, 64 in Africa, 70 in Europe, 158 in North America and 248 in South America. The old Democratic claim that a Protective Tariff breaks down our foreign trade has been knocked out so hard that it is offered no more in intelligent debate. The subject is of great importance in the United States, whose population in the last decade increased at the average rate of 1,600,000 a year. Opportunities for employment must keep pace if good industrial conditions are to be preserved. An enlarging foreign market is one of the assurances of prosperity.

This year Republican policies are upon trial with the judgment in the hands of 16,000,000 voters. Any form of Protection in a Tariff is condemned by the Democratic party. Tariff is likely to be the paramount issue. During the last fifteen years a Republican Protective Tariff has been in force, first the Dingley law and now the Payne law. What has been the result in the foreign demand for our manufactured productions? In 1896, the last year of a Democratic Tariff, our exports of manufacturers amounted to \$228,000,000. They have more than quadrupled in the last fifteen years. The increase began with the return of the Republican party to power and has been steadily augmented. The total is twice as large now as in 1902. It is a showing that appeals to every American workman who wants to use the ballot in behalf of good times and good wages.—Hampden (Va.) Recorder.

You can say good-bye to constipation with a clear conscience if you use Chamberlain's Tablets. Many have been permanently cured by their use. For sale by all dealers.

### Jackson Stood for Tariff.

It is well known to the country that when President Jackson was serving his first term as President, he took the position that there should be adequate Protection for American labor and American industries, and that he especially declared that he would never stand for any Tariff policy that would open up the flood gates to European labor and European goods to the detriment of American labor and American products. It is also well known that president Jackson was re-nominated on a platform declaring for such Protection, and that his majority at his second election was no greater than at the first.

In short, the position which President Jackson took on the Tariff was the American doctrine, which is exactly the position of the Republican party.—Hickory (N. C.) Times-Mercury.

### Biggest Mammoth Found.

Berlin, March 3.—The Wurtemberg Natural History Museum at Stuttgart just recently came into possession of the skeleton of what is believed to be the largest mammoth so far known to the scientific world. It was found at Steinheim, near Marbach, the birth place of Schiller.

The skeleton is over seventeen feet high and the tusks more than eight feet long. It dates from the elder diluvian era, and the mammoth is thought to be about four thousand years old.

### She Makes Home Happy.

There are, says a well known woman writer, so many vexations and difficulties connected with life as the woman in the home knows that if she loses her sense of humor for a moment there is danger of looking at the tragic side of things. The wife and mother with a sense of humor saves the family from many a distressing quarrel and misunderstanding. With her ready wit she breaks in upon the unpleasant argument among the children and thus saves them from engaging in an out and out quarrel. With tact and grace she ignores her husband's fits of ill humor, when he comes home weary and nerve-worn at the end of the day and with a bright remark or a cherry narrative of some humorous event of the day makes him forget his ill-feeling and puts him at peace with the world. Men, say, and quite truthfully, that the women do not have a sense of humor. Women are prone to look too much on the serious side of life. This does not help matters in the least. It only makes them worse. Life is full of unpleasant experiences and it also contains many real pleasures. The thing to do is not to dwell upon the unhappy affairs, but rather to select the pleasant things and emphasize them. While it is not well to just at sacred things it often is wise to greet some of the serious things with a keen sense of humor. This is the only way to live one's life in happiness.

### The Men Who Succeed

As heads of large enterprises are men of great energy. Success, to-day, demands health—to all is to fail. It's utter folly for a man to endure a weak, run-down, half-alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. B. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys, I am again, thanks to Electric Bitters, sound and well." Try them—only 50c. at Carson Drug Co.

STOMACH TROUBLES

Cured By Vinol—Here is Proof Seymour, Ind.—"I was troubled with a chronic stomach trouble, and five weeks ago it got so bad I had to give up work. I had tried various medicines without relief, and was finally induced to try Vinol. After taking the first bottle I was greatly benefited. Am now on the third bottle and ready to resume work. Am rapidly gaining in weight and strength." Edw. Niemman.

It is the curative medicinal elements of the cod's livers, combined with the strengthening properties of tonic iron contained in Vinol which makes it so successful in restoring perfect digestion and at the same time it builds up the tired, overworked and run-down system. Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

This is Brighten Up time. A can or two of paint and a little labor will work wonders in your home. Says the Little Paint Man.

We are all influenced and are happier for pleasant surroundings. Having everything spick and span in your home is not so much a matter of simply spending money, as it is in knowing how. An outlay of a dollar or so or even less will work wonders if it is rightly spent. Look around your house and see what is dingy and worn. Make a note of it and come to us and we'll tell you what to do to make it look as good as new. Here are a few suggestions.

YOUR FLOORS: If it's an old, worn, discolored floor, the best thing to do is to paint it with Sherwin-Williams Floor Paint. It covers up all the unsightliness and gives a fine, hard finish, easy to keep clean. Several attractive colors. Use one of the new floor stencil designs as a border and you'll have an elegant floor, and at such a small expense.

YOUR WALLS: Don't you sometimes get tired of wallpaper with its staring designs? A plain wall in a subdued, harmonious color is the very best of good taste and good decoration. Sherwin-Williams Flat-tone will give you just such a finish. Absolutely sanitary, will wash with soap and water, will wear for years, is made in beautiful soft shades that dry with a soft, velvet finish.

We handle a lot of different things that you need this time of the year. Even if you don't want to buy, come and see all the new things that we have that are of interest to every householder.

**FREE IF IT FAILS.**

Your Money Back if You Are Not Satisfied With the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxative or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons, and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation, if not of surgical variety, and the myriads of associate or dependent chronic ailments. If taken with regularity for a reasonable length of time. 12 tablets, 10 cents; 38 tablets, 25 cents; 80 tablets, 50 cents. Sold

**Death of Rev. Albert G. Hash.**

News reached here Tuesday evening that Rev. Albert G. Hash, a native of Grayson county, but quite well known in Marion, where he supplied the Baptist church last summer, died Monday in the hospital at Atlanta, Ga., where he had been taken to be operated on for acute appendicitis. Rev. Hash was nearly thirty six years old and pastor of the First Baptist church at Fort Gaines, Ga. He was a most estimable gentleman and fast becoming one of the leading ministers of his denomination in his adopted State. His death, just in the prime of life, is a great loss to the church and cause he represented. He is survived by a wife and one child, who were with Mr. Hash during his stay in Marion last summer. His brothers, Rev. Walter A. and Peyton, came over on the Marion & Rye Valley Tuesday evening on their way to be present at the funeral and burial of their brother, but on learning they could not reach there in time, decided not to go further. Mr. Hash had a number of friends in Marion who will join in extending sympathy to his bereaved wife and relatives.

## CAUSE FOR ALARM.

Loss of Appetite or Distress After Eating a Symptom That Should Not Be Disregarded.

Appetite is just a natural desire for food. Loss of appetite or stomach distress after eating indicate indigestion or dyspepsia. Over-eating is a habit very dangerous to a person's good general health.

It is not what you eat, but what you digest and assimilate that does you good. Some of the strongest, healthiest and healthiest persons are moderate eaters.

There is nothing that will cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

We are all who suffer from any stomach derangement, indigestion, or dyspepsia, whether acute or chronic, to try **REXALL DYSPEPSIA TABLETS**, with the distinct understanding that we will refund their money without question or formality, if after reasonable use of this medicine, they are not perfectly satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefited by them. We honestly believe them to be without equal. They give very prompt relief, aiding to neutralize the gastric juices, strengthen the digestive organs, to regulate the bowels, and thus to promote perfect nutrition, and eradicate all unhealthy symptoms.

We urge you to try a 25c. box of **REXALL DYSPEPSIA TABLETS**, which gives 15 days' treatment. At the end of that time, your money will be returned to you if you are not satisfied. Of course, in chronic cases length of treatment varies. For such cases, we have two larger sizes, which sell for 50c. Remember, you can obtain these in this community.

## GOOD NEWS!

Many Marion Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Marion are glad to learn that prompt relief is within their reach. Many a lame, weak and aching back is no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with the Old Quake remedy. Here is an example that is worth reading:

John W. Lutton, Farmer, Route 3, Marion, Va., says: "I cannot endure e Doan's Kidney Pills too highly. For many years I was annoyed by a dull, heavy pain across the small of my back, often so severe as to prevent me from working. I was also bothered by too frequent passages of the kidney secretions, this trouble being especially noticeable at night, disturbing my rest. A short time ago when I read of Doan's Kidney Pills, I procured a box at the Sprinkle & Carson Drug Store (now the Carson Drug Co.) and after using them a short time my suffering ceased. On several occasions since, as the result of a cold or over-work, I have noticed a lameness in my back but Doan's Kidney Pills have always given me immediate relief."

For sale by all dealers. Price 50 cent box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

## GAUDY FUNERALS IN BURMAH

With Ballet and Band the Rich Burmese Are Paraded to Their Tombs.

They have gorgeous funerals in Rangoon, the capital of Burmah, India. When a rich Burman is buried, for instance, the funeral procession might be compared to the street parade of some circus. First comes a kind of ballet of Burmese in bright colored silks, dancing the wildest kinds of contortions, anything but graceful. Next there is the hearse, drawn by several black horses. Oddly enough, in some cases it will be a huge black English hearse with attendants in black and white girdles, instead of the usual gaudy Burmese hearse, with its models of dancers and race horses. Following this a brass band will blare out some lively tune, to which the ballet can dance, the whole being about as appropriate to the solemnities of such an occasion as would be a dirge to entertain a bridge-whist party.

Stringing along after the band will be a mile, more or less, of ox-carts with quaint tops of colored matting, each crowded with "gay mourners" who are provided with no end of refreshments. A big Burman in brilliant pink silk and carrying a large fan usually plays the part of master of ceremonies, his chief duty being to see that all are happy. As companion he will have a muscular chap bearing a huge case of bottles containing drinks for the whole party. Luckily, since dead men tell no tales, it is also true that they find no fault; and so these grotesque funerals are never interrupted by the box occupants in whose honor the spectacles are arranged.

## IS LAZIEST MAN ON EARTH

Sea-Faring Man Discovers Him in Person of Chief of the Solomon Islands.

In all probability the laziest man on earth has been discovered by sea-faring men who had occasion to stop at the Solomon Islands of the East Indies not long ago. Those islands are inhabited by tribes of black men known to the sailors as Kanakas.

The ruler over the islands of Choise and Caristova is one of these Kanakas, known as Chief Sonoa. The Kanakas are almost invariably short and very heavily built, but Chief Sonoa is the shortest and fattest one of the bunch, weighing in the neighborhood of 365 pounds. He is not only the blackest, fattest and laziest, but he has more wives than any other chief in that neighborhood.

One of the sailors who visited these islands said that "his majesty would lie in the sands of the beach while his favorite wife would sit beside him and smoke. She would draw a mouth full of the smoke into her lungs, the chief would open his mouth, the favorite would blow the smoke into it and he would inhale it into his lungs, after which he would let it pass out his nose. Time after time would the wife chosen for this job blow the smoke into her chief's mouth, and time after time he would take it into his lungs to let it pass out of his nose. The tobacco used was the strongest that could be had, and with it was rolled some kind of leaf that would bring on sleep. A truly luxurious being is this dusky king."

**Sure of a Raise.**

An enterprising woman, who rents several apartments in a new building and sublets them, furnished, room by room, has profited at the rate of several hundred dollars a year by woman's propensity for telling everything she knows. To each applicant for a room she named an exorbitant price to start with.

"Now, understand, this is a concession to you alone, and must be regarded as strictly confidential. If you tell a soul in the house that I have made a reduction in your favor I shall have to charge the original price."

Within two weeks rents had gone up.

"Mrs. Smith tells me," said the astute landlady to each gossiping tenant, "that you told her you pay only \$8 for your room, instead of \$7." And as no one was in a position to plead not guilty the additional rent was exacted.

## Maybe She Liked Coffee.

Kent Cooper, a newspaper man, said he was in a restaurant in Chicago recently when he observed, sitting at the table next him, an evidently well-to-do young man and a young woman, the latter of whom showed signs of not being accustomed to the restaurants of the class she was then patronizing. When the remnants of the dessert were removed from before the pair, the waiter stood at attention for the final order.

"I think you may bring me a cigar and a demitasse," said the man.

"I don't care for a cigar," giggled the girl, "but you may bring me one of the other things and a cup of coffee."

**Fidgeting Children.**

The child who shows no disposition to move about and is apparently happier sitting still will grow up to be slow-witted, heavy. On the other hand, the baby who is always using its arms and legs will be intelligent; its brain will work quickly, and it will without doubt be clever.

Children should consequently be encouraged when in the infant stage to throw their arms and legs about, to play with their fingers and toes, and when they are older the wise parent will not insist on their keeping still.
