Hookworm is Found Most Prevalent in Georgia.

Atlanta, Ga., March 20—According to figures compiled by the Rockefeller sanitary commission forty to eighty per cent. of the school children in thirty-nine counties have hookworm, twenty to forty per cent. in forty-eight counties are afflicted and one to twenty per cent. in twenty counties.

With the exception of the Carolinas, the infection seems to be greater in Georgia than in any Southern State. Examinations of school children are being made by the commission through the State Boards of Health in the following States: Georgia, Alabama, Arkansas, Louisiana, Mississippi, Tennessee and North and South Carolina.

In Georgia, 17,775 children have already been examined and about 6,000 treated. Literature is being scattered throughout the South showing how to cure and combat the infection, which is done personally through sanitation.

John W. Sickelsmith, Greenboro, Pa., has three children, and like most children they frequently take cold. "We have tried several kinds of cough medicine," he says, "but have never found any yet that did them as much good as Chamberlain's Cough Remedy." For sale by all dealers.

Puts Tax on Bachelors.

Oconto, Wis., March 20—The City Council has adopted an ordinance imposing a tax of \$6 upon all unmarried men residing in the city between the ages of twenty and fifty years. The money raised in this manner is to be used for the support of orphans or other needy children. The adoption of the ordinance was received with practically unanimous acclaim by the women, but the bachelors are vigorously opposing its enforcement. Alderman V. O'Keefe, the only unmarried member of the Council, who is also president of the Council, declares that he will veto the measure, having been given authority by the Mayor to do so.

A DREADFUL SIGHT to H. J. Barum, of Freville, N. Y., was the fever-sore that had plagued his life for years in spite of many remedies he tried. At last he used Buckley's Arnica Salve and wrote: "It has entirely healed with scarcely a scar left." It heals burns, boils, eczema, cuts, bruises, swellings, corns and piles like magic. Only 25c. at Carson Drug Co.

\$25,000 Saloon Licenses.

Lynnfield, Mass., March 20.—At its annual election, if the plans of the Board of Selection are carried out it will probably remain dry. Chairman Perkins of the Board said several days ago: "I do not think \$25,000 is too much to pay for a liquor license." Perkins' opinion is also voiced by the two other members of the Board, who are temperance advocates.

NOT A WORD OF SCANDAL marred the call of a neighbor on Mrs. W. P. Spangh, of Manville, Wyo., who said: "She told me Dr. King's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25c. at Carson Drug Co.

Making Divorce Easier.

Reno, Neb., March 20—The popularity of the State of Nevada as a place to secure quick action in divorce cases was increased several days ago. The legislature let down the bars further than they have been, when both Houses passed a bill making a residence of only six months the requirement in divorce actions. The privilege of leaving the State "when necessary" is to be accorded to all who are establishing a residence. The bill now goes to the Governor.

NO NEED TO STOP WORK

When your doctor orders you to stop work, it staggers you. "I can't," you say. You know you are weak, run down and failing in health, day by day, but you must work as long as you can stand. What you need is Electric Bitters to give tone, strength and vigor to your system; to prevent a breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength—try them. Killed Man With Fist.

Broken Neck of Dead Man Puzzled Coroners' Jury.

Bristol, Tenn., March 20.—Following the statement made by William Whitaker, of Abingdon, to the effect that he had killed a man with his fist, soon after he (Whitaker) had been released from custody by the sheriff, a coroners' jury was Friday sent to the Whitaker home at Barron, in Washington county, Va., where the dead body of George W. Hines, of Crandall, Tenn., forty years old, was found.

The jury verdict was that Hines had been killed by a blow on the head just as Whitaker had reported. However, the jury was puzzled over the fact that the dead man's neck was broken. Whitaker's story is that Hines was intoxicated and entered his home without permission and began to abuse him.

Whitaker had until recently been held a prisoner for contempt of court.

If you have trouble in getting rid of your cold you may know that you are not treating it properly. There is no reason why a cold should hang on for weeks and it will not if you take Chamberlain's Cough Remedy. For sale by all dealers.

Pulaski Road Bonds.

Pulaski, Va., March 20.—Permanently improved roads in Pulaski district are now an assured fact.

The bond issue of \$70,000, negotiations for the sale of which have been pending for many months, has at last been disposed of, the purchasers being Weil, Roth & Co., of Cincinnati, Ohio, a firm of brokers who have had the matter under consideration for some time past.

It is understood that the legal questions as to the validity of the bonds and the various proceedings connected with their issue were passed upon by a firm of Boston lawyers in conjunction Judge A. A. Phlegar, of Bristol.

Much of the preliminary work, as to surveys, specification of roads to be improved, etc., has already been done; so that now the bonds are sold, the work of actual road construction can be proceeded with.

Regulate Human Growth.

London, March 21.—Prof. Arthur Leith, conservator of the Hunterian collection at the Royal College of Surgeons, in a lecture a night or so ago intimated that as a consequence of recent discoveries bearing on the relation between the pituitary gland at the base of the skull and the growth of the body, science will soon be able to regulate human growth.

Not only, he said, might increased stature be obtained, but the growth of various parts of the body might be regulated, and the time might come when doctors would be able, for instance, to cause the nose to grow to any desired shape.

To Build New Railroad.

Bristol, Va., March 17.—Langborne & Langborne, contractors of Lynchburg, Va., have been awarded the contract to construct thirty-three miles of railway for the Consolidated Coal Company, which is planning to develop a large coal tract in the Elkton District in Eastern Kentucky. The new line will connect with the Chesapeake and Ohio and is to be completed by November 15. The company has raised \$40,000,000 for these developments.

FORCED TO LEAVE HOME

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. B. Nelson, of Oklawaha, Fla., "when all else failed and I gained just forty-seven pounds in weight. It's surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for all coughs, colds, la grippe, asthma, croup, throat and lung troubles—50c. and \$1. Trial bottle free at Carson Drug Co.

Great Roosevelt Dam Now Ready for its Mission.

Roosevelt, Ariz., Mar. 20—Standing on top of the great storage dam, which bears his name, former President Theodore Roosevelt pressed an electric button, which set in motion a mass of grinding machinery which in turn raised three of the six massive iron gates weighing about 6,000 pounds a piece. By this act he officially opened the Roosevelt storage dam, a part of the Salt river irrigation project.

The motors, which raise the gates, had hardly begun to turn before three raging torrents of water came rushing through the three openings at different levels and ran madly down the valley, where, after reaching fully sixty miles, it will be used in the irrigation of about 250,000 acres of land.

The dam has been about five years in building. The foundation was surveyed May 13, 1904. The first stone was laid Sept. 20, 1906, and the last stone was placed in position in the parapet walls Feb. 6, 1911. The structure is declared to be the largest storage dam of its kind in the United States, and with one exception, the largest in the world. It is exceeded in size only by the Assuan dam on the River Nile.

There are 336,000 cubic yards of masonry in the dam, according to the records of the reclamation service, and 340,000 barrels of cement, manufactured from material found in the vicinity, were used in its building. The structure is of sand stone and cement and rises 284 feet above the river. It is 1,080 feet long on top and 170 feet thick at its base. An acre of ground is covered by the foundation alone. Running along the top, which is the length of about two city blocks, is a roadway twenty feet wide.

The dam forms a reservoir twenty five miles long, and more than 200 feet deep. Its capacity is approximately 56,628,000,000 cubic feet, or according to the offices of the reclamation service, enough water to submerge the State of Delaware in water one foot deep.

The waters from the dam will be used to irrigate about 250,000 acres of land in the Salt River valley. After the water leaves the dam, and before it reaches the point where it is to be used, it flows a distance of about sixty miles. It is then distributed throughout the land to be irrigated by means of a diversion dam.

The valley, it is said, will become one of the richest agricultural valleys in the world. Crops can be raised twelve months in the year. It is estimated by C. J. Blanchard, statistician for the reclamation service, that one full crop from this valley will equal more than the entire cost of the irrigation works. He declared that land that was not worth one cent per acre before the project was built, since its completion has risen in value from \$100 to \$1,000 an acre.

The six massive gates of iron, which will control the outlet of the waters of the dam, each weighs 10,000 pounds. They measured four feet nine inches wide by ten feet high. They are divided into three "regular" and three "emergency" gates; the latter to be used only in cases of extreme floods.

The original town of Roosevelt, which was built by the people who went to the dam to work, now lies under about 220 feet of water. Its successor has been built higher up on the mountain slope.

The government road, which it was necessary to build before work on the dam could be begun was guarded to day for every mile of its length to provide against any possible mishap. It was out for a greater part of its length, cut of solid rock, and skirts the edge of precipices at dizzy heights.

Gets Ten Years.

J. E. Hampton Convicted of the Betrayal of Lizzie Palmer.

Bristol, Tenn., March 18.—For the betrayal of Lizzie Palmer, a pretty orphan girl, J. E. Hampton, who had been prominent in the insurance business in Southwest Virginia, Greensboro and Raleigh, N. C., was yesterday sentenced to ten years in the Virginia penitentiary, in the Corporation Court here. Letters to the girl and other evidence showed that Hampton practiced rank deceit, making it appear that he was anxious to marry Miss Palmer, although it has developed since his arrest at Raleigh that he is a married man. The defendant was in court with her young baby in her arms.

Irish in United States.

Washington, March 20—Two million is the approximate Irish born population now living in the United States. While these are not official figures of the Thirteenth census, it is a close estimate based upon the 1900 census and immigration in the succeeding years.

There were exactly 1,619,449 Irish-born in the United States in 1900. They were located in every State of the union. Immigration from Ireland the past ten years has been uniformly steady, averaging 37,000 yearly. The population of Ireland is estimated for 1909 at 4,374,158.

Trust Gives Up.

Washington, March 20.—As the first direct result of the Government's anti-trust suit against the so-called Electric Lamp Trust the Department of Justice has received intimations that the prices of all electric light bulbs will be reduced 33 per cent. all over the United States. By such a cut in present prices folks who buy the electric lamps will save more than 6,000,000 a year. The Department continues to receive word that the various pools in the so-called trust are breaking up in anticipation of the suits which have been prepared.

WARNING TO RAILROAD MEN

Look out for severe and even dangerous kidney and bladder trouble resulting from years of railroad work. Geo. E. Bell, 699 Third St., Fort Wayne, Ind., was many years conductor on the Nickel Plate. He says: "Twenty years of railroad work left my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most painful. I got a supply of Foley's Kidney Pills and the first bottle made a wonderful improvement, and four bottles cured me completely. Since being cured I have recommended Foley's Kidney Pills to many of my railroad friends." Carson Drug Co.

Higher wages were paid to American farm laborers during 1910 than at any time in the last forty-five years, according to statistics just made public by the department of agriculture.

"I had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunburg, Ohio.

It therefore ordered by the Court that the Judges of the election, for the County of Smyth, shall on the 2nd day of May, 1911, open the polls, at the various voting places in the County of Smyth, including the polls at the voting places, in the incorporated towns located within said County, and take the sense of the qualified voters of the said County on the question whether the Board of Supervisors for said county shall issue bonds for McAdamizing and otherwise permanently improving the said public roads heretofore in this order specifically set out in the said three magisterial districts of said county, not to exceed the sum of \$250,000, and it is further ordered that the regular election officers of said county, at the time hereinbefore designated shall conduct such election and close the polls in such manner as is provided by law in other elections and make return thereof as provided by statute, in such cases made and provided. And it is further ordered that the Electoral Board of Smyth county shall have printed and furnished the ballots for said election, as required by Section 2 of and Act of the General Assembly of Virginia, approved February 25, 1908, as amended by Act approved February 16th, 1910.

And in the event the question of issuing said bonds shall be decided for the issueing of the same, and said bonds are issued by the said Board of Supervisors, it is further ordered that One Hundred Thousand Dollars of said bonds so issued shall have written or printed in said bonds, the following sentence: "These bonds are issued for Rich Valley Magisterial District, but the full faith and credit of the entire County is hereby pledged for their payment and a tax to be levied upon the property of said district to pay the interest on them and to create a sinking fund sufficient in amount to pay them upon maturity," and One Hundred Thousand Dollars of said bonds shall have written or printed in said bonds, the following sentence: "The bonds are issued for Marion Magisterial District, but the full faith and credit of the entire county is hereby pledged for their payment, and a tax to be levied upon the property of said district to pay the interest on them and to create a sinking fund sufficient in amount to pay them upon maturity", and Fifty Thousand Dollars of said bonds so issued shall have written or printed in said bonds, the following sentence: "These bonds are issued for St. Clair Magisterial District, but the full faith and credit of the entire county is hereby pledged for their payment, and a tax to be levied upon the property of said district to pay the interest on them and to create a sinking fund sufficient in amount to pay them upon maturity", and said bonds shall conform in all other respects to the requirements of an Act of the General Assembly approved Feb. 25, 1908, as shown by an Act of said General Assembly approved Feb. 16, 1910, as shown by Acts of Assembly for 1908 pages 71 to 75 inclusive and Acts of 1910, pages 32 to 34 inclusive, and it is further ordered that certified copy of this order shall be published for four weeks in the newspapers published in Smyth county and posted by the Sheriff at the front door of the Courthouse of said county and each voting place in said county, at least twenty days prior to the election.

Lee County Republicans Name Ticket.

Pennington Gap, Va., March 20. —The Republicans of Lee county held here Friday. The attendance was large, harmony prevailed and the nominations were received with the greatest enthusiasm. The house was called to order by County Chairman J. Marion Smith. Hon. Harvey Young was elected temporary chairman, with L. E. Howard, secretary. Upon motion of Senator Noel, the temporary organization was made permanent. Committees on credentials and resolutions were appointed.

The convention was composed of 73 delegates, from the various precincts, one delegate being sent for each 25 votes or fraction thereof cast for Mr. Slemple in the last Congressional election. Resolutions were adopted renewing allegiance to the principles of the republican party and endorsing the official acts of President Taft, Congressman Slemple,

Accidentally Killed.

Mr. A. T. Short received a message Monday, from Clark's Summit, announcing the death of his brother, Roy, who was accidentally killed on Peak mountain while assisting his uncle, Mr. James R. Short, in measuring timber. They were engaged in measuring a boundary of timber when a large limb, which had been broken off by the recent sleet, became dislodged and fell on the two men. Roy was killed instantly, while his uncle was painfully but not seriously injured. The deceased was thirty years old and unmarried. His home was in this place, but he spent a great portion of his time with his uncle near Clark's Summit.

Roy was a fine young man, popular and highly esteemed by all who knew him. He had been a consistent member of the Summit Baptist church for about three years. His sudden taking away was a great shock to his friends and immediate family. He is survived by his parents, Mr. and Mrs. Geo. D. Short, one brother, Arthur T., and two sisters, Mrs. C. B. McCready and Mrs. H. K. Braddock, who have the hearty sympathy of the entire community.

The remains were brought to Marion Tuesday at 1:30 o'clock, and taken to the home of his parents, where they were kept 'til Wednesday afternoon at three o'clock, when a funeral service was conducted from the home by Rev. C. W. Trainham, assisted by Rev. R. K. Sutherland. After the service the remains were conveyed to Round Hill cemetery and laid in their final resting place. The News extends sympathy to the bereft family.

Mr. and Mrs. W. S. Robinson, of Laurel Blooming, Tenn., and Mr. Frank Robinson, of Damascus, Va., came up Wednesday and attended the burial of their kinsman H. Roy Short.

EDITOR NEWS:—Last week I wrote up the Town Council on the Long Distance Telephone, and I hope my article will stir up sentiment enough to get the service for us.

I now learn through members of the Council that I did not fully understand the situation. I understood it that the whole matter had been tabled, and Mr. Wood, of the Long Distance, told me they did not want the local business, all they wanted was connection. Now, I learn that the Long Distance people want a long franchise and will not connect with our phone system here unless they get an unlimited franchise and control. The members of the Council here say they have offered them everything that would be fair and they reject all propositions.

I am sorry if I did the Town Council any injustice, and I think I have done so. I only hope some equitable arrangement can be made so we will get the service.

J. R. VENABLE.

Court Notes.

The Commonwealth against Robt. Scott, felony, was heard and the jury, composed of Chas. Lammie, R. F. Prater, J. M. Hubble, Samuel McClure, L. H. Copenhaver, Sampson Tilton, R. H. Hubble, T. C. Sherrill, J. B. Perfarer, L. M. Killinger, W. N. Britton, M. L. Dutton, T. B. Smith, W. N. McGhee, T. B. Rector and T. H. Buchanan, found a verdict of guilty and fixed his punishment at five years in the penitentiary. In lieu thereof the court sentenced Scott to a term of five years on the public roads.

The Chancery cause of W. H. Buchanan vs. Lizzie Miller was removed to the Corporation Court of Bristol.

The cause of the Commonwealth vs. Chas. Schrader and Daisy Harris was called and entered into when the Commonwealth entered a nolle pro order—dismissing the case for the present.

Court adjourned Tuesday evening for the term.

The Marion High School pupils will present "Brother Josiah" Friday night, March 24th.

The Marion Concert Band will give their final concert the latter part of next week. Watch for circulars giving date. New features are to be added—something to drive away the blues. Be sure to attend.

A Special Medicine for Kidney Ailments. Many elderly people have found in Foley's Kidney Remedy a quick relief and permanent benefit from kidney and bladder ailments and from annoying urinary irregularities, due to advancing years. Isaac N. Regan, of Farmer, Mo., says: "Foley's Kidney Remedy effected a complete cure in my case and I want others to know of it." Carson Drug Co.

Tells a Southern Story.

A story of love and intrigue based on actual happenings in the contemporary life of the South constitutes the plot of "The Sins of the Fathers." This is the new play by Thomas Dixon in which the author leaves his old stamping-ground of the Reconstruction Era to treat the problems and issues of the present. All the scenes and situations are located in the New South. The subject of the play concerns every thinking, patriotic American citizen. It is Mr. Dixon's biggest, most vital work, and its production at the Court House Auditorium next Monday night is easily the most important event of the local dramatic season.

Adwolve Personals.

MR. EDITOR:—Please accept a few of the latest happenings from our village.

The recent rain placed the ground in good condition for spring gardening.

Mr. E. B. Copenhaver was here on a visit to his mother last week.

Mr. Roy Houston went to Marion last Saturday to attend to business interests.

Mr. John Shannon, who has the contract for building Prof. Charles Anderson's new up to date barn, has it almost completed.

Master John G. Anderson, of this place, was visiting his mother, Mrs. S. T. Copenhaver, at Bristol last week.

Mr. J. M. Blevius, of the Miles farm, was a business visitor to this town last Saturday.

Mrs. John A. Pierce, of Valentine, Texas, was visiting relatives in Adwolve last week.

Mr. Byron Anderson, who is attending the Marion High School, was at home Saturday and Sunday.

Mr. A. M. Westmoreland, who has lived on Mr. Henderson Wolfe's place for about four months, has removed to Mr. John Barton's near Hog Through.

Mr. V. E. Copenhaver, our popular merchant, loaded a car of fine extract wood at the switch on last Friday. We learn that he intends to deal extensively in the lumber business this summer.

Sale and Purchase Confirmed.

The sale of the Poor House farm, located in the southside of Rye Valley, and the purchase of the W. G. Lewis farm, four miles southwest of Marion, by the Board of Supervisors, was confirmed by Judge Hutton on last Tuesday. The Rye Valley farm, containing 282 acres, was sold for \$8,750, and the Lewis farm was purchased for \$13,000, with the agreement that Mr. W. E. Daniel is to have ten acres off the Lewis farm for \$1,000, leaving 155 acres at \$12,000. The Board is to give and take possession April 1st—so the Poor House colony will soon be transferred from Rye Valley to the Lewis farm. The Court was very strong in his opinion that the Alma House should not be located in Rye Valley, but should have a more central location. The confirmation of the sale was strongly opposed by Messrs. R. M. Copenhaver, and others, but the Court over-ruled their objections.

May Lose His Seat.

Dallas, Tex., March 19—With all the old political opponents of Senator Joseph Bailey endorsing Representative Randall to succeed Bailey the old feud against the defender of Lorimer, is now in full flower. Although Bailey's term does not expire until March 3, 1913, the opposition which all but beat him in 1906, has revived. Bailey then secured his place in the Senate by only three votes in the Legislature after one of the bitterest political fights Texas ever knew. The issue then was Bailey's connection with the Waters-Pierce branch of the Standard Oil Co., and the same issue is being revived. Representative Randall has been in three Congresses, and from present appearances he will unite the anti-Bailey Democrats in his support.

FIRE INSURANCE. I wish to announce to my friends that I have opened a General Insurance Agency at this place and will devote my entire attention to the insurance business. I have Good, Strong Companies and respectfully solicit a share of your patronage. Very respectfully, J. SHEFFEY PENDLETON MARION, VIRGINIA Office in Court House.

THE PARROTT DEPT. STORE. Here is an opportunity—it is said that opportunity comes but once—we believe this must be the time. When we decided to discontinue business in Marion we attempted to countermand all the orders we had placed for Spring Goods. We did not succeed in doing this in all cases and had to take the goods. Now is your opportunity to buy these goods below value. You can use some of them: Ladies' Waist, both silk, net and wash; Dresses, Skirts, both cloth and wash; Wash Suits, Muslin Underwear, Knit Underwear, Hosiery, Gloves, Rain Coats, Gingham, White Linen, Linen Sheeting, Dress Linens, Table Linen, White Quilts, Lace Curtains, Ladies' and Children's Hats, Slippers and Shoes. We will keep up our Staple Grocery Department while we continue. Call on us for your needs. We have many things in stock you need and can use at the price we will make. Yours for Bargains, THE PARROTT DEPT. STORE.

Death of Dr. H. L. Williams

Dr. Henry L. Williams died at his home on West Main street Tuesday morning at six o'clock at the advanced age of eighty-one years. He moved here about three years ago from Alabama. He had been feeble and confined to his home for several months. He was a doctor of medicine and had practiced his profession in the States of Alabama and Mississippi. He was twice married and is survived by several grown children, who reside in the South, and his last wife who resides in this place. He was a member of the Baptist church, having been a Deacon in his home church.

A funeral service was conducted from the home Tuesday at twelve o'clock by Revs. C. W. Trainham and M. M. McFerrin, after which the remains were taken to the station and sent to Eshelville, Ala., for burial. The body was accompanied by Mr. J. Ellis Dickenson. Mrs. Williams was not well enough to make the trip.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. Most of these are known as germ diseases. Pneumonia and consumption are among them. Why not take Chamberlain's Cough Remedy and cure your cold while you can? For sale by all dealers.

Every community has its shirkers, jerkers and workers. The shirkers carefully abstain from doing anything to help and systematically oppose every project designed to benefit it. They are fossils and back numbers with which any place may well dispense. The jerkers usually are enthusiastic for a while over any new idea, but the enthusiasm soon dies out and fails when it is most needed. The workers deal with every project for improvement on its merits, and when it commends itself to their judgment they push it with all their might and intelligently until it becomes an accomplished fact. Ever alert to the best interests of their town, and imbued with true local patriotism they are uniting in their efforts to promote its welfare, and the result is seen in growth and prosperity. It is up to every man in this and every town to decide as to the class he will join, and whether he will be a detriment or a valuable asset in the community.—Tazewell Republican.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of J. H. Watson.

Pulaski Minstrels.

The Pulaski Elks Benefit Minstrels played at the Opera House last Saturday night. They had a good house, taking into consideration the very inclement night. The company was composed of thirty-four people and was perhaps the best amateur troupe that ever played in Marion. Quite a number of the company could enter the role as professionals. The singing for the most part was good and the comedians all acted well their parts. The string band that accompanied the minstrel rendered excellent music. It was a fine body of men and each act rendered did much credit to the company.

ALL THE GOOD QUALITIES of Ely's Cream Balm, solid, are found in Liquid Cream Balm, which is intended for use in atomizers. That it is a wonderful remedy for Nasal Catarrh is proved by an ever-increasing mass of testimony. It does not dry out nor rasp the tender air-passages. It allays the inflammation and goes straight to the root of the disease. Obstinate old cases have yielded in a few weeks. All druggists 75-cents, including spraying tube, or mailed by Ely Bros 56 Warren street New York.

We desire to express our thanks to the many friends in Marion and Summit for the sympathy and kindness they extended to us during recent affliction. (Geo. D. Short and Family.)

The most common cause of insomnia is disorders of the stomach. Chamberlain's Stomach and Liver Tablets correct these disorders and enable you to sleep. For sale by all dealers.

Why should farmers wishing to increase their yield of corn use Seed Corn that made only fifty bushels per acre when by a cost of only seventy-five cents per acre they can get Seed Corn that made over 100 bushels per acre last year, would being acclimated, and over 200 bushels per acre the year before. Is this good business? This kind of corn for sale by G. W. TYLER, Seven Mile Ford, Va.

1911 Spring Millinery Opening. Our Semi-Annual Millinery Display will begin on Tuesday March 28, 1911. Our showing this spring will surpass anything we have ever attempted in Style and Numbers. Do not forget that we lead in Ladies' and Gent's Furnishings, Dress Goods, Silks, White Goods, Lace Curtains, Linen Handkerchiefs and Notions. We are sole agents for Walkover Shoes for Men and Boys, Selby, and H. C. Godman Co. Guaranteed Footwear for Ladies and Children. COLLINS BROS. Main Street, Marion, Virginia. Most clothiers never say a word about the fabrics from which clothes are made, other than; "they are all wool." Naturally at any first-class shop you expect to obtain "all wool." But, won't it interest you to learn about colors and patterns? The fabrics from which "Griffon Clothes" are made are the smartest of weaves from the best-known mills in the world. In color, they range from plain blacks and blues to the popular browns, pleasing grays and stunning tans. There are small checks, large overplaid, herringbone stripes and fancy mixtures, very beautiful, but of no decided pattern. They reinforcing every fabric is the quality, the all wool-part. "Griffon Clothes" will please you, because of their fabric and style. "Griffon Clothes" are all wool.
