The Bankers Organize

MARION, CHILHOWIE AND SALTVILLE FORM A COUNTY ASSOCIATION.

Last Wednesday there was organized at Marion a Bankers Association for the county of Smyth. The members of the Association at present comprise the representatives of the Banks at Marion, Chilhowie and Saltville. The object of the organization is for the more effective cooperation of the banking institutions of the county, and the improvement of the banking facilities of the county as a whole.

The organization was effected by the election of the following officers: President—T. E. King, cashier of the Marion National Bank.
First Vice-President—Clyde Craft, cashier of the Saltville National Bank.
Second Vice-President—G. P. Cox, cashier of the National Bank of Chilhowie.
Secretary—C. M. Shannon, assistant cashier of the National Bank of Saltville.

Treasurer—W. Lynn Copenhaver, cashier of the Bank of Marion.
The Officers will constitute an Executive Committee, that will meet once each month, and will have in charge the business of the Association, and have the control and management of the affairs of the Association.

E. B. Spencer, President of the National Exchange Bank of Roanoke, gave a most interesting and instructive address to the bankers assembled after which the meeting adjourned to Greer's Restaurant where a very delightful banquet was served by the bankers of Marion to their banker guests. Smyth county has long felt the need of such a body and success to their undertaking is assured.

Dr. J. N. Hillman Addresses The Marion Kiwanis Club

GIVES A VERY UNIQUE PROGRAM WHICH WAS SUCCESSFULLY CARRIED OUT

The chairman of the evening's program for the Marion Kiwanis Club that was rendered last Tuesday night are to be very heartily congratulated on the success of the evening's entertainment. The Club has given some fine entertainments since its organization, and taking the entire record of the Club it has every reason to be proud of its achievements; it has been spicy, lively, full of snap, and has been the means of accomplishing some very worthy ends. In fact the Club has done a good work; the members of the Club have been benefitted by mingling one with another, they have become better acquainted, and the feeling of "one for all and all for one," that is so necessary in the up-building and doing of things that count, has grown and strengthened among our prominent business men.

But we did not start in to boost the Kiwanis Club, tho' it is worthy of every good word we can say for it; what we want to do is to tell of the splendid evening; that was had at Greer's restaurant last Tuesday night. The attendance should have been larger, and the members that did not attend simply lost one of the best entertainments in the history of the Club. You can never tell when these fellows will bring a new stunt on you, so you had better be in place at each meeting or you will stand a good chance of missing some good treat.

There were some very distinguished visitors present, among them being noted President J. H. Hillman of Emory and Henry College; the Rev. Frank Y. Jackson, now of Bluefield, West Virginia, but formerly a pastor of the Methodist church at Marion, and all of our people were glad indeed to greet him; Dr. Widmeyer of Baltimore, Mr. Hillman, a son of the president, and Stuart Staley, of Marion.

During the supper the president of the Club, Mr. Copenhaver, called for some reports from the committees, but with the exception of J. D. Perkins of the committee on the National Park, none had a report to make. Mr. Perkins stated that the committee that had the matter of the location of the Park were at present on the ground going over the various sites, but that no decision had been as yet rendered. Mr. Perkins took the occasion to call the attention of the Club to the efforts that are at present being made to locate a road from down in North Carolina via the town of Wytheville through to the coal fields in West Virginia. Our sister town is moving right along in the matter, has effected an organization to aid in establishing this route. This route ought to come by way of Marion, but unless urgent measures are taken at once it will go by way of Wytheville; Mr. Perkins urged the Club to look into the matter without delay.

At this point the chairman of the evening took charge of the program, Messrs. W. V. Birchfield and D. D. Staley. The first number on the program was a dance given by Miss Catherine Lawson, of Orlando, Fla., who received very tremendous round of applause for her very successful and graceful dancing.

The second number of the program was two vocal solos by Miss Sena Bryant; this was indeed a charming number, Miss Bryant is a very talented musician, with a sweet, clear voice and skillful execution; she received very hearty applause.

The third number was the address of Dr. Hillman of Emory College, whose subject was education in general but confined his remarks in particular to the high school and the primary. Dr. Hillman is a practical talker, and he gave his hearers some plain facts which were particularly pertinent in view of the early opening of the school session. He stressed the great cost of the maintenance of the high school, yet the necessity for their continuance; but to do so at the public expense would sooner or later lead to a curtailment of the efficiency of the primary branches. The only remedy as suggested by the speaker was the charging a tuition fee for the pupils in the high school. The Doctor's address was a splendid one, clear, forceful and well put.

The next number of the program was a clown dance executed by the Misses Janie Wassum and Catherine Lawson, which was very successfully executed.

The evening's entertainment was closed by the violin selections rendered by Miss Margaret Wassum, who was accompanied by her sister Miss Mattie Preston Wassum, on the piano. Miss Wassum is a very skill-

violinist, with exquisite touch and a perfect master of her instrument. She was the recipient of hearty applause.

It would be a grievous omission for us to close this account of a perfect evening's entertainment without a mention of one of the most pleasing features, this being a concert given the Club by the Marion Junior Band, which had assembled on the street outside the restaurant. The Band has only been organized three months, but judging from the playing Tuesday night they have made wonderful progress, and the pieces that they played were well rendered. Mr. Frank Leito is the leader of the Band, and if they continue in the future as they have since its organization it will soon become as fine a Band as there is in the Southwest. The members of the Club thoroughly enjoyed the concert, and return thanks to the givers for the great pleasure. The next meeting of the Club will be held Tuesday night the 12th, and this being Educational night will be in charge of the Rev. Goodrich Wilson.

SHEFFEY-JONES WEDDING

A quiet but lovely wedding took place in Marion at high noon Wednesday, August sixth, at the home of Mr. and Mrs. James White Sheffey, when their oldest daughter Lucy became the bride of Mr. Arthur Jones of North Holston, Virginia.

The lower floor was tastefully decorated with summer flowers and ferns. The wide doorway between the hall and adjoining room was transformed into an archway of lacy fern, caught with white tulle. As the Lohengrin Bridal Chorus sounded, with Mrs. John Preston Buchanan at the piano, the bride and groom appeared, and were met under the archway by Dr. L. L. H. Carlock, the bride's grandfather. To the accompaniment of soft music, the beautiful Methodist Episcopal ring ceremony was performed.

Immediately after the ceremony the young couple left in their car for a short honeymoon, after which they will be at home at North Holston.

The bride was becomingly attired in a handsome costume of dark blue, with gray accessories and a corsage of Sweetheart roses.

Only the family were present. Among those from out of town were Dr. and Mrs. L. L. H. Carlock of Bristol, Tenn.; Mr. and Mrs. Jno. B. Kelley of Glade Spring, Va.; Mr. and Mrs. R. C. Hornsby and Miss Caroline Hornsby of Athens, Tenn.

The bride is one of Marion's most popular young girls; the groom is the chief accountant of the Southern Gypsum Company at North Holston. The good wishes of many friends will follow the young couple to their new home.

Lou Summers Opens Campaign

Makes A Brilliant Address at Grundy, Virginia.

L. P. SUMMERS OPENS CAMPAIGN IN GRUNDY.

Hon. L. P. Summers made his opening speech here today to one of the largest and most enthusiastic crowds seen here since 1920.

The meeting was called to order by Geo. W. Mullins, County Chairman, who introduced S. R. Hurley, Circuit Court Clerk of this County, who made a short speech, which was in the main, an arraignment of Democratic Campaign methods. At the close of his talk, Mr. Hurley introduced the candidate, who was greeted with a deafening storm of applause. Mr. Summers seemed at his best, and had a store of facts which he handled out in a masterly way. He spoke in glowing terms of his many democratic friends, but denounced democratic Election Laws and Election Frauds in a manner that is peculiar to Lou Summers alone.

Court being in session, the Nominee did not make a lengthy address, but it was an able outline of his forthcoming speeches. The Republicans of Buchanan County are solidly behind their candidate, of whom they are exceedingly proud to honor and to follow. The scrubbed republicanism of this County admire a fearless fighter and Mr. Summers is a veteran of many battles. A Congress of men of Lou Summers' type would make a dignified body of real Americans; and meek like him would help to lift the stigma of disgrace that has fallen upon our legislative department.

He would be a strong aid to the President in holding down the appropriations to the actual needs of the Government and a stay against the extravagant waste of the peoples' substance in reckless appropriations. He is an able lawyer, a substantial farmer and knows that the interest of the farmer lies in the relief of the burdensome taxation of a democratic state government that exacts four percent of his income to foster and encourage a horde of needless office-holders that are pasted upon the State at the expense of the people. He challenges the Hon. Geo. C. Peery to meet him in joint debate and to answer such questions as he may wish to propose, which is of vital interest to the voters of the Ninth District and to the State at large.

Buchanan County was one of the loyal Republican Counties of the old fighting Ninth and gave a good majority for Hasting in 1922, and will give an increased majority for L. P. Summers, at the County Election.

The Platform of 1924

As Adopted by the Republican National Convention at
 Cleveland June 12

VII—AGRICULTURE

In reading with agriculture, the Republican party recognizes that we are faced with a fundamental national problem and that the prosperity and welfare of the nation is dependent upon the prosperity and welfare of our agricultural population.

We recognize that agricultural activities are still struggling with adverse conditions which have brought deep distress. We pledge the party to take whatever steps that are necessary to bring back a balance in the condition between agriculture, commerce and labor that were destroyed by the Democratic party through an unfortunate administration of legislative measures passed as war measures.

We affirm that under the Republican administration the problems of the farmer have received more serious consideration than ever before, both by definite executive action and by congressional action, not only in the field of general legislation but also in the enactment of laws to meet emergency situations.

The restoration of general prosperity and of the purchasing power of our people through tariff protection has resulted in an increase to domestic consumption of food products, while the price of many agricultural commodities are above the world price level by reason of the right tariff protection.

Under the leadership of the President at a most critical time, a corporation was organized by private capital making available \$100,000,000 to assist the farmers in the Northwest.

In realization of the disturbance in the agricultural depression in Europe, and appreciating that the export field would be enormously improved by economic rehabilitation and the resulting increased consuming power, a sympathetic support and direction was given to the work of the American representatives on the European reparations commission.

The revival in 1921 of the War Finance corporation with loans of over \$300,000,000, averted in 1921 a complete collapse of the agricultural industry. We have established new intermediate credit banks for agriculture and increased the capital of the federal farm loan system. Emergency loans have been granted to drought stricken areas. We have enacted into law the cooperative market act. The grain futures and packer control acts; given to agriculture direct representation on the Federal Reserve board and on the Federal Trade commission; we have greatly strengthened our foreign marketing service for the disposal of our agricultural products.

The crux of the problem from the standpoint of the farmer is the net profit he receives after his outlay. The process of bringing the available price of what he buys and what he sells closer together can be promptly expedited by reduction in taxes, steady employment in industry and employment in business.

This process can be expedited by lower freight rates by better marketing field cooperative methods and a more scientific organization of the physical human machine of distribution and by a greater diversification of farm products.

We promise every assistance in the reorganization of the marketing system on sounder and more economic lines and where diversification is needed government assistance during the period of transition. The vigorous effort of this administration toward broadening our export market will be continued. The Republican party pledges itself to the development and enactment of measures which will place the agriculture interests of America on a basis of economic equality with other industry, to insure its prosperity and success.

We favor adequate tariff protection to such of our agricultural products as are threatened by foreign competition.

We favor, without putting the government into business, the establishment of a federal reserve system of organization for cooperative marketing of farm products.

The federal aid road act, adopted by a Republican Congress in 1921, has been of inestimable value in development of highway system of the several states and of the nation. We pledge a continuation of this policy

of federal cooperation with the states in highway building.

We favor construction of roads and trails in our national forests necessary to their protection and utilization. In appropriations, therefore, the taxes which these lands would pay if taxable, should be considered as a controlling factor.

"My Children Just Love Liv-o-lax"

"For some time, I have been giving the children Liv-o-lax for the condition which I used to think called for calomel and castor oil," said a Charlotte mother.

"I think there is nothing more terrible than to have to give children those awful doses, which I wouldn't think of taking myself."

"Dr. Hand told me, in his drug store, how he worked up the formula of Liv-o-lax, just to do away with this unpleasant necessity, how Liv-o-lax, though a pleasant-tasting liquid remedy, acts on the liver in just the way required. Since I gave it one trial, I have been happy to have it in house, because the children just love to take it."

"And Liv-o-lax is an all-round family laxative. It is just as good for the grown-ups as it is for the children."

Get Liv-o-lax at your drug store—30c. Just one trial will convince.

He banked his Money, He became a Partner.

Big business men are always on the lookout for young men who have the qualifications for big positions. The main thing they want to know is: "has he MONEY SENSE?" That question can only be answered in one way: by a Pass Book showing REGULAR deposits. The routine of the business a man can be taught, but the value of money he must learn for himself with his own money.

We will welcome you.

"And clean out the Oil Pump Screen!"

In addition to draining the old oil every 500 miles the experienced Fleet Boss insists on removing the crank case four times a year for thorough cleansing of the interior. He sees that the wire mesh pump screen is scrubbed with kerosene, for even partial clogging with dirt will keep oil from flowing evenly. Uneven pressure, no matter how good the oil, is responsible for many scored cylinders and burned out bearings.

Not even the oldest Fleet Boss can claim anything like our 54 years of experience in making good oils—oils you can trust for ample pressure and perfect lubrication if you keep your oil lines open. Practical experience and constant laboratory tests keep the three consistencies of "Standard" Polarine motor oils fully abreast of every change in motor design. They set the standard in quality—you can't buy better lubrication at any price.

have you heard—

The best way to make your neighbor like you better—a well-cooled bottle of Orange-Crush.

Here are six reasons why Orange-Crush is so utterly delicious: (1) The natural fruit oil of oranges—which gives that delicate and distinctive flavor; (2) The natural acid of citrus fruits (oranges, lemons and limes)—which gives the tang; (3) Orange juice; (4) Carbonated water—which gives "zip," sparkle, purity; (5) U. S. Certified food color—which makes it as appealing to the eye as to the taste; (6) Pure cane sugar. That's all. *My, what a drink!*

Two National Park Sites.

COMMITTEE CONSIDERS PLAN OF TWO NATIONAL PARKS TO BE LOCATED IN TWO SECTIONS

Knoxville, Tenn., August 4.—A plan for two national parks located in different parts of the country is one of the many under consideration by the members of the national park commission who are now visiting the proposed sites in the Southern Appalachian mountains for the establishing of a national park, Colonel David C. Chapman, chairman of the committee on arrangements of the Smoky Mountain Conservation association, said this morning.

It is understood that between thirty and forty proposed sites are under consideration at this time and all suggestions made are being carefully considered by the members of the national park commissioner, Colonel Chapman stated.

"This only shows that the members of the commission are anxious to give every location due credit according to its merits," he continued, "and finally locate the proposed national park or parks in the place or places best suited for that purpose."

Three members of the national park commission are expected to arrive here on train number 41 about 1:35 o'clock Wednesday afternoon it was announced this morning. They are: Colonel Glenn S. Smith, of the United States Geological Survey section; Major W. A. Welsh, general manager of the Palisades Interstate park of New York, and Harlan P. Kelsey, representative of the Appalachian Mountain club.

Dr. Wilbur A. Nelson, state geologist, and state forester, R. S. Maddox, are expected to join members of the party here Wednesday afternoon, accompanying them to Galinburg, Tenn., and on the trip up Mount LeConte.

After the inspection of Mount LeConte has been completed, the party will go to Elkmont, Colonel Chapman said.

Governor Austin Peay is expected to join the party at Elkmont, it has been announced.

The recommendation of the Southern Appalachian association, of which W. P. Davis, president, and Colonel Chapman, vice president of the Smoky Mountain Conservation, were recently made members, that

6,000 miles or 3,800,000 acres be set aside as a national park in the Southern Appalachians, does not meet the approval of the members of the Smoky Mountain Conservation association, it is said, as they regard this as rather large for that purpose.

"If we have time," Colonel Chapman said, "we will take the members of the national park commission to Thunderhead and Gregory's Bald, each of which are about ten miles from Mount Le Conte. They are located in Blount county, Tennessee, and Swain county, North Carolina.

"Although the national park commissioners have not committed themselves to any section as the most desirable location for a national park the fact is significant that they already say from what they have seen of the Appalachian mountains that they are suitable for the location of such a park.

"Colonel James Hyde Pratt, president of Western North Carolina, Inc., is said to have discussed with the members of the park commis-

sion the feasibility of having two smaller national parks and have them connected with a boulevard." "It was my understanding that members of the park commission were in favor or at least talked favorably of setting aside something like 1,000 square miles as a site for a national park," General Frank Maloney said.

Sale of Valuable Property In The Town of Marion, Virginia.

In execution of Decree in Vacation entered in the Chancery Cause pending in the Circuit Court of Smyth County, styled Max Weller Company et als vs. Ulmer McGinnis, Administrator of W. P. McGinnis and others, I will, at 11 o'clock A. M. on the

30TH DAY OF AUGUST, 1924,

at the front door of the Court House in said Town, sell at public outcry to the highest bidder the property described below, being the dwelling and lots owned by the late Dr. W. P. McGinnis at the time of his death.

DESCRIPTION OF PROPERTY

A large and well-built dwelling of rooms on a commanding prominence located on East Main Street in a good community and convenient to all public places in Town. This is a rare opportunity to get one of the most desirable pieces of property in Marion. The property will be sold first in two parcels, one of which will be located all the buildings, on the other no buildings, and then all together as a whole, Commissioner adopting the best total price for the property as the sale.

TERMS OF SALE:

One-third cash in hand on day of Sale, balance on 6, 12 and 18 months time, interest from date with approved security.

J. D. PERKINS,
Special Commissioner.

July 14, 1924.

VIRGINIA—In the office of the Circuit Court of Smyth County, July 10, 1924.

I hereby certify that J. D. Perkins, Special Commissioner, of Sale in the chancery cause of Max Weller Company et als vs. Ulmer McGinnis, Adm'r et als, has given bond before me as required by decree in said cause.

Given under my hand this 10th day of July, 1924.

Gained Ten Pounds

Mrs. George S. Hunter, of Columbus, Ga., says she suffered severely with female troubles.

"I had to go to bed and stay sometimes two weeks at a time," says Mrs. Hunter. "I could not work. My... were irregular and I got very thin. I went from 126 pounds down to less than 100. My mother had been a user of

CARDUI

The Woman's Tonic

and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I sent to the store after it and before I had taken the first bottle up I began to improve. My side hurt less and I began to mend in health. I took four bottles in all during the last ten months. Cardui acted as a fine tonic... I am well now. I have gained ten pounds and am still gaining. My sides do not trouble me at all and my... are quite regular. I know that Cardui will help others suffering from the same trouble."

Safety Assured.

The value of certain papers, jewelry, heirlooms, or similar articles is often not appreciated until they have been mislaid, stolen or destroyed.

The ever-present possibility of fire, theft, or damage to such valuable possessions is entirely out of proportion to the small charge that guarantees their safety in the deposit boxes in the fire and burglar-proof vault of this Institution.
