At Fifty or before one begins to age. This aging process is retarded by Scott's Emulsion.

VOL. XXIII. NO. 19

MARION, VIRGINIA, FRIDAY, MAY 10, 1912.

SI PER ANNUM

### Three Names in Twenty-eight Minutes.

New York, May 6.—In the brief space of twenty-eight minutes Mrs. Lottie Osterhoff, a young woman, was the professor of three different surnames. She entered the Superior court room as Mrs. William Stephens. Judge Van Atta gave her a divorce from Stephens and restored her maiden name all in ten minutes. She left the court room as Miss Lottie Hariman. In the corridor there was waiting for her Everett Osterhoff, and the two went to the county clerk's office on the floor below, where they obtained a marriage license. That required ten minutes more. Eight minutes passed in getting a justice of the peace and in marrying.

### Nine Persons Killed.

Hattiesburg, Miss., May 7.—Nine persons including three women and two children were killed and fifty-five persons injured when the first section of the "Confederate Veterans Special" of eleven cars, en route from Texas to the annual re-union at Macon, Ga., was wrecked yesterday morning on a trestle a mile south of Eastabuchie, Miss., on the New Orleans and Northern Railway. The locomotive, baggage car, one day coach and three tourist sleepers were derailed and tumbled down a high embankment making a conglomerate mass of wood and iron debris.

Though several hundred Confederate veterans were aboard the train, not one was numbered among the dead. Several of the veterans were injured, though none fatally.

### Flagged Train With Shirt.

Wearing his shirt from his back an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, of Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back, and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at the Carson Drug Co.

### Double Tragedy in Hagers town.

Hagerstown, Md., May 6.—Five hundred persons viewed several days ago the remains at Undertaker A.K. Coffman's establishment of Luther H. Jenkins and his wife. Mrs. Jenkins shot her husband and herself. The husband died several hours later at the Washington county hospital; she dying immediately. Justice Ernest Hoffman deemed an inquest unnecessary. The tragedy was exacted at night.

The shooting took place at the home of Mr. and Mrs. Chas. Jenkins, a brother of the dead man, where they had been boarding. Jenkins and his wife had been calling at the home of Jenkins' sister, Mrs. Sam'l Price, earlier in the evening, and when they returned to their boarding house Jenkins produced a bottle of whiskey and all took a drink.

Mrs. Jenkins accused her husband of misconduct and he accused her of being inconstant. Mrs. Jenkins in course of the quarrel said: "Neither of us will be living to-morrow." Her husband merely laughed at the threat, and none in the room heard words seriously.

Shortly afterward Mrs. Jenkins went up-stairs and returned with the pistol. As Jenkins was returning from the back yard his wife fired four times at him, and fired one shot at herself; Mr. and Mrs. Charles Jenkins witnessing the shooting. When a policeman picked up the revolver it contained five empty .32-calibre shells.

Jenkins was twenty-three years old, and his wife was only eighteen. They married three years ago, lived in Virginia awhile and separated. Mrs. Jenkins returned to Hagerstown and he joined the army, being stationed in New York. He returned April 1st and the pair became reconciled.

Mrs. Jenkins was a Miss Zimmerman before marriage and was a very attractive young woman. Her mother survives.

### Emory and Henry News.

Emory, Va., May 4.—Mr. F. B. Kegley, of Wytheville, Va., who is engaged in agricultural demonstration work for the State, made an interesting address in our College chapel Monday, the 29th ult., on the "Enrichment of Rural Life."

T. S. Settle, of the Department of Education in Richmond, was here Wednesday, the 1st, representing the State Board of Education.

Miss Rose Jackson, now of Roanoke, has now almost completed a nice modern cottage, which will be occupied by her mother, Mrs. R. E. Jackson and family.

Our College representative, Mr. T. G. Litz, left Wednesday, the 1st, to represent this college in the State Oratorical contest at William and Mary College, Williamsburg, Va.

Dr. Chas. C. Weaver was in Duncannon Wednesday, the 1st, where he delivered a literary address before the High School.

Mrs. H. M. Umbarger and little daughter, of Pocahontas, Va., were guests of Mrs. W. B. Peters last week.

Mrs. Alice R. Shannon, of Poplar Hill, Va., visited Mrs. J. S. Miller and other friends in Emory last week.

Prof. S. A. McReynolds, in charge of Emory and Henry's Chemistry Department for last year, is just back from a trip of several months abroad, having spent some time in special musical duty in Italy. While in the East Prof. McReynolds visited many noted places like Rome, Paris, Berlin and London, which adds to prior extensive travels. He now returns, so he says, "to live and die in Southwest Virginia"—God's country.

Dr. J. P. McConnell went to Damascus Wednesday night, the 1st, to deliver the literary address in the High School commencement.

Messrs. W. M. Bunts and S. D. Hogg go across the country to Saltville to-morrow, the 5th, where the former will preach the annual sermon for the Odd Fellows. They will be accompanied by their friends, Misses Anna Cornett and Mary Hutton, of Bristol.

Student S. C. Beard is home in Jonesboro, Tenn., at the bed-side of a brother, who is seriously ill.

Miss Elizabeth Allen, of Sullins College, will give a reading in the Y. M. C. A., Tuesday evening, May 7th, for the benefit of the Athletic Association.

To-night at 8:30 the Junior Class will hold their annual banquet in the Byars House dining-room, catered by Mrs. Crowe.

The Missionary meeting met at Mrs. J. S. Miller's Thursday afternoon, the 2nd inst.

The Misses Elizabeth and Melinda Porterfield, of Indian Run community, spent the day recently visiting Mrs. C. K. Crowe.

Mr. and Mrs. R. M. Richardson went to Marion Wednesday, the 1st.

It would surprise you to know of the great good that is being done by Chamberlain's Tablets. Darius Downey, of Newberg Junction, N. B., writes, "My wife has been using Chamberlain's Tablets and finds them very effectual and doing her lots of good." If you have any trouble with your stomach or bowels give them a trial. For sale by all dealers.

### Only a Fire Hero

but the crowd cheered, as, with burned hands, he held up a small round box. "Follows!" he shouted, "this Bucklen's Arnica Salve I hold, has everything beat for burns." Right! also for boils, ulcers, sores, pimples, eczema, cuts, sprains, bruises—surest pile cure. It subdues inflammation, kills pain. Only 25 cents at the Carson Drug Co.

### CHICHESTER'S PILLS

DIAMOND BRAND. Refuse all Substitutes. Beware of Counterfeits. LADIES! Ask your Druggist for CHICHESTER'S DIAMOND BRAND PILLS in red and gold metallic boxes, sealed with Blue Ribbon. TAKE NO OTHER. Buy of your Druggist and ask for CHICHESTER'S DIAMOND BRAND PILLS, for twenty-five years regarded as Best, Safest, Always Reliable. SOLD BY ALL DRUGGISTS EVERYWHERE TESTED.

### Henry Stuart Very Ill.

Richmond, Va., May 3.—The condition of Henry C. Stuart, of Russell, former member of the State Corporation Commission, former member of the Constitutional convention, well-known business man and prominent as a candidate for the gubernatorial nomination, is regarded as very serious. He has been here under treatment for some time, having undergone an operation at the Johnston-Willis Hospital, and while it was thought that he was thought that he was improving, and has once or twice been out riding, he has failed to improve and at this time is a very ill man. No one is allowed to enter his room save his nurses and the physicians, even his brother, who came to the city several days ago, being refused admission to the room.

### SEWING MACHINE NEEDLES!

Owing to the difficulty of getting Sewing Machine Needles, we have put in a full stock of needles and shuttles—ALL MAKES. Just send us the name of your machine, or if you do not know the name, send an old needle—ANY MAKE FURNISHED. Send to either Marion or Sugar Grove Store. LOOK & LINDOLN.

### Corn Contest with the Use of Virginia-Carolina

### Fertilizers

### 120 Bushels Per Acre

Largely through the efforts of Senator Hamp Williams, Montgomery county has moved up a few notches on the Agricultural Calendars.

Master Ira Smith, age 15 years, a son of Mr. Toke Smith, Silver post-office, ten miles east Mt. Ida, on South Fork of Washita river, produced 120 bushels of corn on less than one acre of ground. On this plot of ground, 60x80 yards, he used only 300 pounds of fertilizers, which was manufactured by the Virginia-Carolina Chemical Company, of Shreveport, La.

Ira Smith captured the State prize, also, on the yield of corn per acre, which means for him a trip to Washington, some money besides, and an 8-16 disc harrow, offered by John Deere Plow Co., of St. Louis, Missouri, to the member of the Boys' Corn Club producing the greatest yield of corn to the acre in Garland and Montgomery counties. Some may doubt that Ira Smith raised 120 bushels of corn on less than one acre of ground, but Mr. H. S. Mobley, a representative of the U. S. Government, visited this corn patch himself and made this report: Plot of ground 60x80 yards; number of stalks, 7,020, of which 2,313 had two ears to the stalk, and the remainder had one, making a total of 9,333 ears. An average twenty ears weighed 13 pounds, making a total weight of 84,000 pounds, or 120 bushels (70 pounds to the bushel).

If all the boys in Montgomery county would join the Boys' Corn Club, and go to work now preparing their lands, they would stand a chance to win every prize on agricultural products at the Arkansas State Fair in 1912.—From the Montgomery Times, Mt. Ida, Ark.

Other interesting accounts of wonderful crops will be found in Farmers' 1912 Year Book or Almanac, which will be sent you free of cost if you will write to the Virginia-Carolina Chemical Co., Advertising Department, Richmond, Va., asking for one.

This company also has sales-offices at Norfolk, Va., Atlanta, Ga., Savannah, Ga., Columbia, S. C., Durham, N. C., Alexandria, Va., Charleston, S. C., Baltimore, Md., Columbus, Ga., Montgomery, Ala., Memphis, Tenn., Shreveport, La., Winston-Salem, N. C., and Cincinnati, O.

### Marriage.

The most chivalrous undertaking ever witnessed in this world and one that is as old as Eden is the launching of a home. Especially is this true when one considers the treacherous shoals through which it must sail. The sea on which it is launched is the sea of hope, the ship is the ship of destiny, the propeller is love, and the port to which it sails is peace. The captain is the husband, and his wife is the mate. Happy it is if not turned in its course by cross currents and storms of adversity and never comes into port. What high hopes beat in the hearts of two young people as they launch the barge! What dreams fill their minds! And, for the most part, these dreams are realized.

Marriage is natural. Back in Eden, when the first man stood alone and apart from all creation, God said, "It is not good for man to be alone," and he has never reversed that opinion. It is not good for him to be alone now any more than it was then. A bachelor at forty is as unnatural as a bird with but one wing. If bachelorhood is his choice, he deserves censure; if it is not, he deserves pity. In most cases he should be ashamed of himself. There is something tragic in a healthy, normal unmarried woman at forty. If one can find her pearl, it is usually broken. But like the dove pierced by an arrow, she shuts her quivering wings over the wound and dies rather than complain.

Marriage should never take place except as the result of love, and love is never purchasable. Money, family position, nor ambition should control love. Furthermore, love is mutual. It is doubtful that a young man can truly love a young woman who cares nothing for him. It is also doubtful that a very young woman can love a very old man. People who love must meet on common ground; and if there is no common ground, they may consent to marry, but cannot consent to love, for love is spontaneous. When sinister motives control, however mild they may be, there is little chance for a happy home. That is why so many homes are unhappy and why so many are disrupted.

But, after all, most married people are happier by far than they could be otherwise. What joy and hope there is at the launching of the home! The sea is smooth, the zephyrs blow in the right direction, and the voyage is full of promise. But what is the testimony of those who have made the voyage together? Have there been any storms encountered, any dangerous shoals and reefs? Yes; many, many. But as these old people, faded and gray, finish the voyage, they are even happier than when they started. They are not so gay, they do not talk so much now as then, but they are even more necessary to each other than they were at the beginning. The voyage has been long, but the end is peace. A home was built, a family reared, and peace, eternal peace, is gained. "Well, done, thou good and faithful servant."—Exchange.

### A Great Building Falls

when its foundation is undermined, and if the foundation of health—good digestion—is attacked, quick collapse follows. On the first signs of indigestion, Dr. King's New Life Pills should be taken to tone the stomach and regulate liver, kidneys and bowels. Pleasant, easy, safe and only 25 cents at Carson Drug Co.

### Electric Bitters

Made A New Man Of Him. "I was suffering from pain in my stomach, head and back," writes H. T. Alston, Raleigh, N. C., "and my liver and kidneys did not work right. But four bottles of Electric Bitters made me feel like a new man." PRICE 50 CTS. AT ALL DRUG STORES.

### Prosperity for 1912 Forecasted.

"I never in my life saw such evidences of prosperity nor a more beautiful country than between Bristol and Roanoke," said Conductor David Copenhaver, of the N. and W., who arrived here last Friday on No. 41. "It is so different from this time last year," he continued, "when stunted grass and dwarfed wheat was the rule, and when the fruit trees offered little or nothing in the way of a yield."

According to Conductor Copenhaver the people of Southwest Virginia are destined to have the best year from a standpoint of crops, in the history of the region. Much ground has been plowed for corn and cabbage and other crops and all along the line of railway are busy scenes of farm life upon some of the prettiest and most fertile lands in the South.

What is said of Southwest Virginia applies with equal force to East Tennessee, where there is every evidence of abundant crops and flourishing stands of grass.—Bristol Herald Courier.

### The Norton Press Correspondent

says: The Abingdon presbytery met with the Presbyterian church at this place, beginning Tuesday night of last week. About twenty ministers and fifteen delegates were in attendance from all parts of the field. Rev. Adolph Kistler, of Bristol, was elected moderator, Rev. M. M. McFerrin, of Marion, clerk, and Rev. Frank Clark, of Grundy, assistant clerk. A feature of the sessions was a sermon Wednesday night by Rev. Mr. McFerrin, his subject being: "The Two Natures of Christ." It was pronounced by all who heard as one of the most masterly discourses ever in any church of the town. The Abingdon Presbytery presented a fine body of Christian men and Norton was indeed glad to entertain them.

### Larger Receipts for Baptist Foreign Mission Board.

Richmond, Va., May 4.—The Foreign Mission Board of the Southern Baptist convention representing two and a-half million communicants, closed its fiscal year several days ago. Though the board has encountered more than usual difficulties during the twelve months just passed, the reports show larger receipts than for any year in its history, making a net gain of about \$70,000. While the year closes with a debt of \$65,000, conditions are far better than last year, when the debt was reported at \$90,000.

### Porto Rico's New Wonder

From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barceloneta, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest and more than twenty others, who used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles it has no equal. A trial will convince you of its merit—50c. and \$1.00. Trial bottle free. Guaranteed by the Carson Drug Co.

### VERIFY IT!

The Public statement of a Marion citizen is in itself strong proof for Marion people, but confirmation strengthens the evidence. Here is a Marion citizen who testified years ago that Doan's Kidney Pills relieved weak kidneys and now states the result was permanent. Can any sufferer from kidney ills ask better proof? You can investigate. The case is right at home. H. W. Wheeler, Carpenter, Cherry St., Marion, Va., says: "The public statement I gave some years ago praising Doan's Kidney Pills was entirely correct. I always have this remedy with me and am continually telling my friends what a grand preparation it is. A member of my family suffered for a long time with disordered kidneys. She had frequent attacks of dizziness and also complained of pains her back and shoulders. Doan's Kidney Pills were finally procured from the Carson Drug Co. and their use as directed, gave prompt relief." For sale by all dealers. Price 50 cent box. Foster-Milburn Co., Buffalo, N.Y., sole agents for the United States. Remember the name—Doan's—and take no other.

**Just Like Congress.**

The Democrats in Congress can always be depended upon to stultify themselves just when the showing of the cap and bells will do the most harm to the party. After filling thousands of pages of the Congressional Record with clamor for economy, the Democratic House voted \$216,000 addition funds to itself for individual clerical assistance. This was done over the vehement protests of Chairman Fitzgerald, of the Appropriations Committee, and Representative Johnson, of South Carolina, in charge of the legislative executive and judicial appropriation bill. The House put up a poor and contemptible bluff by cutting off the salaries of the various under-paid clerks and minor officials in the departments.

The House practices economy on others, but itself will not economize. The sanctity of the stipends and prerequisites of members is inviolable; the principle that is applied to every other branch of the government service stops short of Congress. Legalized graft is entrenched in the National Capitol.—Richmond Times-Dispatch.

**A Matter of Political Prejudice.**

It is political prejudice, and that alone, which has maintained the allegiance of the solid South to the Democratic party, which has always adhered to the Free-Trade policy, and whose representatives in Congress are the originators and promoters of the proposed legislation against which the Southern sugar-producing interests are now crying lustily for help.

The South, during many years, recognizing fully that the Democratic anti Protection policy is as menacing to its interests as to those of the rest of the country, nevertheless has supported the Democracy, relying upon its inability to get control of the government, or of even part thereof, for immunity from the consequences of its stubborn folly. The South has voted continuously with the Democratic party, and trusted to the Republican party for Protection of its interests.

Now that the Democratic party is partly in power, and is striving to make its anti-Protection policy effective, the South cries for help and declares that it is up to the press to set the people right.

The Southern sugar producers say that the free sugar proposition is favored only by uninformed political demagogues and by associates or representatives of the Sugar Trust.

In which class do they place Representative Oscar W. Underwood, of Alabama, chairman of the Ways and Means Committee of the House, and father of the free-sugar bill?—Albany Journal.

Cheapest accident insurance—Dr. Thomas' Eclectic Oil. For burns, scalds, cuts and emergencies. All druggists sell it—25 and 50 cents.

**CONVALESCENTS**

Those Recovering from Any Severe Illness

After a long wasting illness, convalescents require nourishing food that will not overtax the digestive functions—and in the way of a strength-restoring and vitality-making tonic, we know of nothing that equals Vinol, our delicious cod liver and iron tonic (without oil).

Vinol creates an appetite, re-establishes good digestion and helps the fatty food to make rich blood, form flesh, strong muscles and impart new life and vitality to every organ in the body. We ask those who need a strength and flesh-building tonic resolutely to call at our store and get a bottle of Vinol, with the understanding that if it does not help them we will refund their money without question.

**Allen Trial Will Run Into Next Week.**

Wytheville, Va., May 7.—That a verdict will have been reached before another Sunday in the case of Floyd Allen for the murder of Common wealth's attorney W. M. Foster, of Carroll county, new seems extremely doubtful. There is every indication that the court will still have under trial the accused when an adjournment is taken next Saturday night. The defense has a large array of witnesses summoned, and unless the evidence given by them is very brief the taking of testimony will run into next week. While the time of argument may be limited, it would be difficult to speculate on the limit with any array of five lawyers on each side.

So far as the testimony is concerned, it appears to every one that the Commonwealth has woven about Floyd Allen sufficient evidence to have the jury convinced of his guilt and that the verdict should be murder in the first degree. The attorneys feel that they have introduced all the testimony necessary to establish beyond any reasonable doubt that Floyd Allen is the murderer of William M. Foster. The defense will introduce numerous witnesses who will testify to the contrary in accordance with the knowledge of the Hillsville tragedy. They will put forth every effort to save their client from the chair.

It is natural to presume that the Floyd Allen case will be one of the longest, if not the longest. By the prosecution he is considered the arch conspirator, while the defense will try to throw the blame on those two who are fugitives from justice. Practically all points of law will be settled in this particular case, and this should result in straight sailing when the others come to trial.

While there are some suspicions of a mistrial in view of one juror having, according to reports, given expression to a statement that courts do not always give justice and perhaps ought to be shot up, yet there are many who do not think there is the slightest cause to believe that every man on the jury would not determine the verdict by the law and the evidence.

The testimony of Floyd Allen will draw the largest crowd which has as yet attended the hearing. Some interesting developments from his standpoint are most likely to be recited regarding conditions in Carroll county as he believed them to exist. His story will try to convince the jury that he was first fired upon, and that his people opened fire in self-defense.

In case Floyd Allen is convicted of murder in the first degree will be electrocuted at the expiration of the thirty days is a question which is frequently asked. The law grants the prisoner a respite of at least thirty days. It is natural to presume that counsel for the prisoner would ask that sentence be postponed until the other cases were disposed of, and such a request would most certainly be granted by the court. The defense might desire to have the men testify who have already been found guilty.

**IRISHMEN'S WORK IN CHINA**

Late Sir Robert Hart Served Celestial Empire for Forty-Nine Years.

Irishmen have made careers for themselves in the most unlikely quarters throughout the whole period of modern history. While the distinction won by Irish noblemen in the service of Spain and France and the exploits of the Irish Brigade, who turned the day at the decisive battle of Fontenoy, are familiar to the world, and Irish names are found prominent among the soldiers and sea fighters and statesmen of the South American countries, it is not so well known that they have played their part in Russia and in eastern lands. Peter Lacy was a trusted lieutenant of Peter the Great and employed by him in constructing and training the Russian army. Some of the highest nobility in Russia today are of Irish descent, though their names are so Russified as to give no hint of their origin.

This capacity of the Irishman for winning success in a foreign land received another notable illustration in the case of Sir Robert Hart, who died after serving China for forty-nine years. This keen little man had wonderful constructive ability. It might be objected that his family had been settled in Ireland for only a couple of hundred years. His ancestor was a Captain De Harid, an officer who received a grant of land from William III. after the battle of Boyne. If 200 years do not nationalize a family then surely nationalization becomes impossible if a remote ancestor can be traced to another country.

**COCHINEAL IS NEAR END**

Soon to Become Thing of History Like Tyrian Purple of Antiquity.

It is the opinion of M. Leon Diquet, who has been studying the state of the cochineal industry in Mexico for some time, that before many years have passed cochineal scarlet will have become a thing of history only. He is the Tyrian purple of antiquity. How many people are aware of the method of manufacture of this well-known dye. It is made from the dried female of the cochineal insects (coccus cacti). They are gathered by brushing the branches of the nopal cactus, on which the insects feed as soon as they begin to lay their eggs. They are then desiccated in ovens or killed with boiling water. It has been estimated that one pound of cochineal contains no fewer than 70,000 dried insects. The color is brought out and fixed by chloride of tin. The Indians had cultivated the coccus cacti in pre-Columbian days, but the commercial possibilities of the insect seem to have been first realized by the Spaniards in 1518. It was introduced into Europe about 1523, and into India in 1755. The city of Oaxaca was the center of the cochineal country in the days of Humboldt, but only a few plantations of the nopal cactus now remain—hence the fear that the dye will soon become a thing of the past, at any rate unless some other substance is found on which to feed the insects.

**Believed Doctors Poisoners.**

An extraordinary story of popular ignorance is reported from Apricena, a small town in the south of Italy. A tradesman was found to be suffering from gastric enteritis, and his doctor prescribed a mixture containing a proportion of morphia. The tradesman and his wife, however, decided to test the medicine by giving some of it to the cat. Of course, the mixture, while innocuous to an adult male, was fatal to the cat, and the report was at once spread that all the doctors in consequence of the increase in the population of Italy, had received orders from the government to introduce poisons into their prescriptions, in order that the poorer people might be got rid of. It was only with difficulty that the townspeople were calmed, and, in spite of all the official explanations, it seems evident that the doctors will be avoided by the poorer classes for some time to come.

**That End Seat.**

The season for the "end seat hog" is passed, so far as the trolley cars are concerned, but it is just beginning elsewhere—shall we say it, and we hate to say it, in the churches? Is it possible that there is where the warrant for the practice in the trolley comes from? People see it in the church, and of course justify it in the street car. It may not always be so, but insisting on holding an end seat and making others push or climb over has a tinge of selfishness in it that looks very strange in a church whose gospel is unselfishness. There is no place where the Christian spirit shows up more finely than where one moves up and gives his brother or sister a choice seat. It is a way of "preferring one another" that the Scriptures speak of.—Columbus (Ohio) State Journal.

**ECZEMA? TRY ZEMO**

Has Cured Worst Cases and You Can Try It at Our Risk.  
Yes, try Zemo. That's all you need to get rid of the worst case of eczema. You take no chance, it is no experiment. Zemo is positively guaranteed to stop itching, rash, raw, bleeding eczema, makes a pimply face smooth and clean. Zemo is a wonder and the minute applied it sinks in, vanishes, leaves no evidence, doesn't stick, no grease, just a pure, clean wonderful liquid and it cures. This is guaranteed. Zemo is put up by the E. W. Rose Medicine Co., St. Louis, Mo., and sold by all druggists throughout America, and in Marion by D. M. SMITH DRUG CO.

Children Cry FOR FLETCHER'S CASTORIA

**Wins in Virginia Bristol Primary.**

Bristol, Va., May 8.—William L. Kice, the veteran mayor, and James W. Mort, for many years president of the city council, were yesterday defeated for the Democratic nomination for the mayoralty of Virginia Bristol by Geo. N. Warren, a young attorney. Warren, who received more votes than both his opponents, announced himself as the "Young Men's Candidate." He was supported by the Elks being a member of that order. The nomination was made in primary.

**Roosevelt and Clark Carry Maryland.**

Baltimore, Md., May 8.—Speaker Champ Clark and Theodore Roosevelt carried the Maryland primaries on the face of incomplete returns received several days ago from all the counties of the State. The indicated vote was as follows: Republican—Roosevelt, 66; Taft, 63; Democrats—Clark, 69; Wilson, 33; Harmon, 4; uncertain, 23. Majority necessary to control the State convention, 65.

**Thousands Flee from the Mississippi Flood.**

New Roads, La., May 8.—It is believed by those in charge of the relief work that practically all flood marooned inhabitants of Pointe Coupee parish will have been rescued by the end of this week. The Texas and Pacific railroad officials say that their road transported 7,000 people from points along their line to the upper part of the parish. The railroad station here is crowded with refugees waiting to be taken to the Baton Rouge relief camp. Waters of Terrebonne continue spreading over west Canton Rouge and Itserville parishes.

Lame back is usually caused by rheumatism of the muscles of the back, for which you will find nothing better than Chamberlain's Liniment. For sale by all dealers.

**Girls Wanted!**

HOLSTON M'P'G Co., Inc.,  
Marion, Va.

**Planning to Seat 10,000 Persons.**

Chicago, May 7.—An arrangement of seats in the coliseum for the Republican national convention is being perfected whereby 10,000 persons, or about 1,200 more than were present when William H. Taft was nominated, may be accommodated.

The sub-committee in charge of the convention arrangements, headed by Harry S. New, of Indiana, will meet here May 14th. At this time the seating arrangements, it is expected, will be definitely passed upon, together with other detail matters.

Under the direction of Alexander R. Smith the work of inspecting and tabulating credentials already has begun at national headquarters.

Although more than 800 delegates have been elected in different States, Mr. Smith says he so far has received the credentials of only 110.

Poor appetite is a sure sign of impaired digestion. A few doses of Chamberlain's Stomach and Liver Tablets will strengthen your digestion and improve your appetite. Thousands have been benefited by taking these Tablets. For sale by all dealers.

**BEFORE the Rail Roads it cost ten times as much and took ten times as long to send a letter from Baltimore to Chicago. It's done better today at a tenth of the time and cost. Progress Dear Sir—progress. Men's clothing has made great strides in the past few years. Ready-to-wear is no longer "just as good" as custom-made—it's better.**

**Dr. Fahrney's Teething Syrup**

Relieves the pains and cures the ailments that make babies cry and fret and grow sick and weak; checks Diarrhoea; prevents Convulsions; cures Sour Stomach, Colic, Cramps and all Stomach and Bowel Ailments of babies. Safest, purest and best medicine for babies. 25 cents at drug stores. Trial bottle FREE by mail of Drs. D. Fahrney & Son, Haverhill, Mass., if you mention this paper.

KEEPS BABY FROM CRYING.

**Protect Your Factory Against Fire**

Burning sparks and embers from another building or from a locomotive are liable to land on your roof any time of the day or night and set fire to your factory if it is covered with an inflammable roofing. Statistics show that over half of the fires are caused that way. That would mean that valuable records might be destroyed; that thousands of dollars might be lost in orders that could not be filled; that many customers would go to your competitors, and that you would have difficulty in getting back your competent men after you rebuilt.

**J-M ASBESTOS ROOFING**

is made of Asbestos, and you know that Asbestos won't burn. It is a positive fire protection. Burning sparks, embers, etc., have no effect upon it. It will withstand the flames of a powerful blow-torch without being burned or injured. Is it good business judgment not to protect your buildings from fire when you can have absolute fire protection by using J-M Asbestos Roofing? J-M Asbestos Roofing is also unaffected by acids, gases, chemical fumes, heat or cold, and never needs painting.

Write or call for Samples of this Roofing and Booklet.

MARION NEWS

LOCAL ITEMS.

D. H. Mitchell made a business trip to Bristol Thursday.

Miss Mattie Kent is visiting relatives in Bristol this week.

Dr. Copenhagen will not be in his office next Wednesday and Thursday.

Mrs. Josephine Dunlap returned last Friday from an extended visit at Hampton, Va.

Mr. J. T. Buchanan, of near Chat-ham Hill, was a business visitor to Marion Wednesday.

Hon. J. D. Perkins, the Grayson attorney, was attending circuit court here this week.

Mr. H. L. Bonham, the Chilhowie lumberman, was a business visitor to Marion Tuesday.

Mr. S. A. H. Groseclose, of near Marion, is attending the Re-Union at Macon, Ga., this week.

Mrs. Mary Williams returned last Friday from Batesville, Ark., where she spent the winter.

H. Harmon and son Judge were over from Olympia Monday. Mr. Harmon remained in Marion returning Tuesday.

A. L. Robinson, of Friendship, and Jno. S. Ashworth, of Bristol, were here Monday in attendance upon circuit court.

Mrs. Mary Ann Newman is reported ill at the home of her daughter, Mrs. John W. Rice. She is 94 years old and this advanced age renders her condition unfavorable.

E. L. Harden, of Bristol, representing the Patriotic Order Sons of America, is in town this week. It is his intention to organize a lodge at this place.

Mrs. W. K. Cowden went down to Roanoke Thursday to see her mother, Mrs. W. J. Hutton, who has undergone a surgical operation in Jefferson Hospital. She reports her mother doing well.

Mrs. John R. Horne, who has been at the Jefferson Hospital, Roanoke, returned home Wednesday night. She underwent an operation for appendicitis which was entirely successful.

Mr. Walter E. Greer has purchased from Judge Geo. W. Richardson his residence lot on South Main St. adjoining the dwelling of C. H. Carper, and will erect thereon a handsome home.

Miss Grace Miller left Wednesday for China Grove, N. C., where she went to act as bridesmaid for Miss Zelia Corriher, who is a niece of Mrs. J. P. Miller. Miss Grace will be away for about two weeks.

Mr. E. S. Wolfe, of St. Clair Bottom, one of our substantial patrons, paid our office a pleasant call Tuesday, settled his subscription and had The News sent to his son, A. R. Wolfe, at Hell Gate, Wash.

Mr. Walter B. Jackson is moving his family this week to his splendid new mansion in West Marion. He has one of the most spacious and elegant homes in this section. It is built largely of cement and is fireproof.

Mr. Cicero Pennington, of near St. Clair Bottom, was in the city Thursday and went down to Bristol on No. 11 to have a tumor taken from his head. Mr. Pennington is in a bad condition and nothing but the removal of the tumor will give him relief.

Mr. R. L. Keller left Thursday morning for Roanoke where he went to bring his wife home from the hospital. Mrs. Keller, as mentioned in the News, underwent an operation about three weeks which was successful. She is very much improved.

Rev. J. J. Scherer, accompanied by his grand daughter, Miss Katherine Copenhagen, left Wednesday for Richmond. From there Rev. Scherer goes to Newport News to attend the annual meeting of the Grand Lodge of Odd Fellows of which he is Grand Chaplain.

Harry Broski, an employee at the ice factory, was badly injured last Tuesday by the breaking of a bolt which allowed ammonia and acid to escape, causing him to get badly burned about the face and eyes. The break caused considerable damage and loss of time at the plant.

Mother's Day Service.

On next Sunday, at eleven a. m., a Mother's Day service will be held in the South Fork Baptist church, near old Holstein Mills, in this county. The pastor, A. Blaine Brooks, will preach from the text: "Despise not the Law of thy Mother," and all members are requested to wear white flowers. Everybody cordially invited, and elderly people are especially urged to come.

Feel languid, weak, run down? Headache? Stomach "off"? A good remedy is Burdock Blood Bitters. Ask your druggist. Price \$1.00.

The Democrats held a mass-meeting in the Court House Monday and elected delegates to the State convention to be held in Norfolk. They did not instruct for any candidate.

Have you used Dr. Fahrney's Teething Syrup? It is the whole thing. Babies like it—cures all stomach troubles.

Mr. T. L. Stephenson, carrier on Route No. 2, left Tuesday for Baltimore, where he went to enter Johns Hopkins Hospital for treatment. Mr. Stephenson has been ill for several months and his condition has grown quite serious.

Jonas Back from Marion, on Felony Charge.

Chief of Police Caldwell, of Bristol, Tenn., who had been anxious to get possession of Will Jonas for several days, finally located him at Marion, Va., Friday evening, and Saturday his arrest was accomplished.

Jonas, it seems, had found work at Marion, where he had relatives. He had been assisting in unloading brick from a railway car at Marion. When the Bristol chief telephoned a description of the man wanted, the Marion officers had no trouble in locating Jonas and placing him under arrest.

After his capture Saturday morning Jonas said he would not return to Tennessee without a requisition. However, Chief of Caldwell requested City Sergeant J. D. Rodefer, of Bristol, Va., to go to Marion and take the man in charge, bringing him to the city jail on the Virginia side. Mr. Rodefer left for Marion Saturday afternoon and returned here with Jonas Saturday night on train No. 12.

Jonas is the man who slashed Jas. Edwards with a knife at the latter's home a few nights ago, inflicting wounds from which it seems doubtful whether Edwards will recover.—Bristol Herald Courier.

Fickle weather. Dr. Fahrney's Teething Syrup is always dependable. Doctors prescribe it. Write for free sample.

Sunday Will Be Mother's Day.

Wear a white flower, preferably a white carnation—it is Mother's Day special flower. Its whiteness stands for purity; its form, beauty; its fragrance, love; its wide field of growth, charity; its lasting qualities, faithfulness. Give one to some one else to wear—remembering the sick and unfortunate. Make the day known in churches and Sunday Schools.

If you fear hot weather and bad bowels, Dr. Fahrney's Teething Syrup is your friend and baby's comfort.

FOR SALE—A good Milch Cow, an Oliver Typewriter, No. 5, and a Twin-Cylinder 5 H. P. Indian Motorcycle. Apply to Z. V. SHERRILL, Marion, Va.

MARRIED. Mr. C. C. Blevins and Mrs. Dollie Osborne were married at the home of the bride, near Holston Mills, Saturday evening, April 27th, Rev. Mr. Bean officiating.

FOR RENT—Rooms, Houses and living apartments on Hotel Holston lot. See J. ELLIS DICKENSON, Real Estate.

For any itchininess of the skin, for skin rashes, chaps, pimples, etc., try Doan's Ointment—50c. at all drug stores.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHEWY & Co., Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last fifty years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by his firm.

NATIONAL BANK OF COMMERCE, Toledo, Ohio. Hall's Catarrh Cure is taken internally, acting directly upon the blood surfaces of the system. Testimonials sent free. Price 75 cents per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

Seven Mile Ford.

Messrs. Claud Hankla and George Moore spent Sunday at T. B. Rector's.

Misses Nannie and Belle Humphrey were visiting at D. V. Wolfe's Thursday.

Mrs. T. B. Wolfe, of Johnson City, spent last week with her grandmother, Mrs. Carlina Dungan, who continues very sick.

Mr. C. T. Wyrick, wife and little daughter, of Saltville, spent Saturday and Sunday with J. F. Oury.

The Ladies Civic Club meeting on May 4th was attended by a large number of our people and the speakers did fine.

D. D. Rice and wife spent Sunday in Bristol.

Mr. Hugh Null died at his home at Saltville Thursday of heart trouble. His remains were brought to the Gospel Hall and services held at 2:30 Friday; the burial taking place at the Phipps graveyard.

Mrs. David Rector came over from Sugar Grove last week and spent the night with her aunt, Miss Humphrey. Mrs. Rector will leave on the 15th inst. for Nebraska, where she will visit homefolks.

Postmaster Boothe made a business trip to Marion Monday.

Miss Netia Rector returned from Pearisburg College last Friday. All her friends welcome her back home.

"Diamonds and Hearts."

That ever pleasing and entertaining comedy-drama will be presented Thursday, May 16th, at the Court House auditorium, for the benefit of the Civic and Educational committees of the Marion Woman's Club.

The Civic committee has already done a great deal for the town; through its efforts regular cleaning days have been inaugurated, garbage cans placed on the streets, and the "pond" is being drained. It is not satisfied to stop here, but is anxious to see other improvements and willing to help.

The Educational committee has begun a Library for the Public School—only a beginning. It wants to see the school thoroughly equipped with charts, maps, globes and in fact, everything which may help in the education of our children. Come and help a worthy cause; help our town; our school. Admission, 50, 35 and 25 cents.

Cast of Characters: Abraham Barnes, Mayor R. T. Greer; Hannah Mary Barnes, Miss Kate Brostus; Mrs. Halstead, Mr. C. C. Lincoln; Dwight Bradley, George H. Miles; Bernice Halstead, Miss Mary Miles; Amy Halstead, Miss Clara King; Inez Gray, Miss Elinor Copenhagen; Dr. Burton, John P. Buchanan; Sammy, Marvin Anderson; The Attorney, Hon. A. T. Lincoln; The Sheriff, John Alexander.

As sweet as the select of roses, as pure as the sparkling snow—Martha Washington Candies. Fresh every week. Carson Drug Company.

Nebo Items.

Services commemorating the ninety-third anniversary of the founding of Independent Order of Odd Fellows, were held Sunday morning at Bethany, under the auspices of the Ceres Lodge, No. 399. It was well attended by the members of lodge. The sermon was delivered by Rev. G. F. Jordon, and all who heard it were well pleased. Those who attended the Odd Fellows service from Olympia Lodge were Mr. Arthur Catron and Mr. Otis Hubble.

Mr. John Edwards, of Bland, Va., died last Tuesday of tuberculosis, and was brought to Zion for burial.

Miss Lucile Surface, of Radford, came in last Tuesday on an extended visit to her grand-parents, Mr. and Mrs. Benton Buchanan.

Mr. and Mrs. W. L. Jones returned to their old home at Olympia last Thursday from Berwin, W. Va., where they had been spending the winter with their sons.

Mr. Kent Groseclose, of Cere, came down to Nebo last Thursday. He was accompanied by his son, Henry.

Miss Lonnie Early was visiting Mr. and Mrs. Morris Repass, of Bethany, last Saturday and Sunday.

Dinah Primrose is having a fine time going to school.

'Squire Brooks was calling on his girl last Sunday evening.

It continues to rain and the farmers are getting behind with their corn planting. DR. LQUASH.

Resolutions Passed by the Woman's Club.

Miss Tarbell remarks that while the Woman's Clubs of America are discussing Browning and the Greek poets, measures are being shortened for their kitchens, food is being adulterated for their tables and the quality of hosiery sold to them is deteriorating.

The Woman's Civic Club of Marion has devoted no time to Browning and the Greek poets. We have discussed questions of practical import, and, wherever possible have taken action upon them:

At the last meeting a number of resolutions were unanimously adopted. Among them are the following, some of which were introduced at the request of gentlemen in town, who have already recognized the efficiency of the Club as a medium for bringing about social and civic reforms.

Item 1. We have received a number of requests for actions about the constant violations of the law against selling cigarettes to minors. Boys under ten years of age have been buying cigarettes in two of our stores.

We recommend that a member of the Club be appointed personally to see the Mayor about the enforcement of the law regarding this matter.

Item 2. Resolved, That as a Club and individually, we express our appreciation of the excellent work done by the Marion Band. We recognize that it is one of the institutions which has reflected credit on the town, both by the quality of its musical performances and by the good behavior of its members on trips to neighboring towns. It has been a benefit to the young people and a source of pleasure to the citizens of Marion. We hope that it may be encouraged to resume the work which it has so admirably carried on in the face of many discouragements.

Item 3. We recommend that the following plan be adopted for keeping the High School Library open during the summer: For an hour every Friday it shall be opened by some member of the Club who shall volunteer for that work for June and July. The chairman of the Educational committee shall secure a list of these names and shall have general oversight of the work.

Item 4. At the same hours magazines will be received and distributed to children applying for them. It was afterwards decided to accede to the request of the present librarian, Mr. Marvin Anderson, that he be allowed to remain in charge of the library during the month of May in order that he may have time for collecting fines from a few delinquents and re-marking books, etc.

Names of volunteer librarians beginning with June let were received and recorded as follows: Mrs. B. E. Copenhagen, Mrs. B. F. Buchanan, Mrs. Miles, Mrs. E. M. Copenhagen, Mrs. H. B. Staley. Any persons desiring to contribute old magazines to be read by the children during the summer months are requested to send them to the School building on Friday afternoons at three o'clock. A few of these magazines will be given to the chairman of the Philanthropic committee for the inmates of the jail.

Item 5. We recommend that the Civic committee be requested to post notices stating that it is a violation of the law to unwrap packages and throw paper on the street.

Item 6. We recommend that the Educational and Civic committees acting jointly be vested with full power to take any action they may deem advisable during the summer in regard to the beautifying of the school grounds.

Item 7. We recommend that the Educational committee be instructed to devise, discuss and complete plans for a School Fair for the fall of 1913; that they confer with the officers of the Smyth County Fair Association and with the Superintendent of Schools, so that announcements may be made at the next County Fair and also at the opening of the public schools.

Item 8. Resolved, That we express to the School Board our earnest hope that at least two new years may be added to the Marion High School for the next session.

Item 9. Resolved, That we protest against the disfigurement of the trees in our town by the Telephone and Electric Light companies.

An interesting report was heard from Mrs. R. A. Anderson, chairman of the Philanthropic committee, in regard to their visit to the Poor House and Jail.

While there may be room for doubt as to whether the progressive politicians are progressing forward or backward, it is certain that the Woman's Civic Club is progressing forward!

Death Chair Looming for Floyd Allen.

Wytheville, Va., May 8—The State has built a strong case for conspiracy to murder against Floyd Allen.

The defence has made a feeble start in breaking down the State's case.

The progress so far may be summarized in those two paragraphs. What further evidence the defence may make on the State's case remain to be seen.

The first stage of the trial of "the Allen clansmen" as the northern newspapers delight to call the destroyers of the Carroll county court is past. The evidence in chief for the State is all in. The evidence for the defence has begun.

Now is the time to get rid of your rheumatism. You can do it by applying Chamberlain's Liniment and massaging the parts freely at each application. For sale by all dealers.

Harrisonburg Paper Sold.

Harrisonburg, Va., May 7.—The Harrisonburg Daily Times, the only daily Republican newspaper in the State of Virginia, and the only Republican paper of any kind in the Seventh Congressional district, was sold at auction by Charles A. Hammer, trustee, to satisfy the creditors. The entire plant was purchased by Lineweaver Bros., grocers, and P. W. Reherd, Republican, who succeeded George B. Kozzell as treasurer of Rockingham county at last fall's election. The price paid was approximately \$3,600.00. The paper will continue.

There never was a time when people appreciated the real merits of Chamberlain's Cough Remedy more than now. This is shown by the increase in sales and voluntary testimonials from persons who have been cured by it. If you or your children are troubled with a cough or cold give it a trial and become acquainted with its good qualities. For sale by all dealers.

Dir is Broken.

Bristol, May 7.—Dir is broken on the campus of King College here yesterday for the erection of a new building to cost \$15,000. The ceremony was made a feature of the annual field day at the college. The institution erected a building of this class now started five years ago. Th. Rev. Tilden Scherer, formerly of Marion, is the new president in charge of the school. He is an alumnus of the institution, which is conducted under the auspices of the Presbyterian church.

CASTORIA For Infants and Children. The Kind You Have Always Bought. Bears the Signature of J. C. Watson.

It Is Easy, Nowadays, To Be Well-Dressed! The well-dressed young man is not necessarily the one who spends a great deal of money on his clothes. Good Judgment goes further than cash. A very few dollars will bring the right result if spent in the right way. Go to a high-grade Clothing House—not a tailor. Ask for one of the standard brands. Pay a fair price for something good. Select a style suitable to your age; a becoming color and pattern; see that the garments fit you—and you're done. You'll find the very best value in a Schloss Brothers Suit Hawkins-Copenhaver Co.

### RAISING THE COLT BY HAND

Cow's Milk May Be Used If the Attendant Conducts Work Patiently and Intelligently.

(By A. S. ALEXANDER, Wisconsin College of Agriculture.)

In case the mare dies or has no milk the foal may be raised on cow's milk, if the attendant conducts the work patiently and intelligently. Choose the milk of a cow that has recently calved, preferably one which gives milk low in butterfat, for mares' milk while rich in sugar, is poor in fat. Sweeten the milk with molasses or sugar and dilute with warm water. Give a little of this prepared milk at short intervals from a scaled nursing bottle and large rubber nipple. Be careful to keep the bottle and nipple scrupulously clean. Add an ounce of lime water to each pint of the prepared milk and allow half a cupful once an hour at first.

As the foal grows, gradually increase the amount of milk fed and lengthen the intervals between meals.

Shire Mare and Foal.

In a few days food may be given six times a day and later four times daily. The foal will soon learn to drink from a pail, if allowed to suck the attendant's fingers at first.

Until the bowels move freely, give rectal injections night and morning. If the foal scours at any time give two to four tablespoonfuls of a mixture of sweet oil and pure castor oil shaken up in milk and stop feeding milk for two or three meals, allowing sweetened warm water and lime-water instead. Let the foal lick oatmeal as soon as it will eat and gradually increase the amount and add wheat bran. In five or six weeks some sweet skim milk may be given and the amount gradually increased daily until, in three months or so, it may be given freely three times a day in place of new milk. The foal at this age also will be eating freely of grass, grain and bran.

At all times supply pure cold drinking water. Let the foal run out in a lot or grass paddock for exercise. Accustom it to be handled daily. Feed small quantities of nutritious food often, keeping all food vessels clean and the foal should thrive and develop well.

The illustration shows an English shire mare and foal which took the first prize at the London horse show last year.

### CHURCH DIRECTORY

MARION, VA.

**METHODIST**—Preaching every Sunday morning and evening—T. C. Shuler, Pastor.

**SUNDAY-SCHOOL**—Every Sunday morning at 9:30—H. B. Staley, Superintendent.

Divine services and sermon every Thursday at 7:30 p. m. during Lent.

### How The Body Kills Germs.

Germs that get into the body are killed in two ways—by the white corpuscles of the blood, and by a germ-killing substance that is in the blood. Just what this substance is, we do not know. The blood of a healthy person always has some germ-killing substance in it to ward off the attack of disease. The fountain head of life is the stomach. A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished. To put the body in healthy condition, to feed the system on rich, red blood and throw out the poisons from the body, nothing in the past forty years has excelled Dr. Pierce's Golden Medical Discovery, a pure glyceric extract (without alcohol), of bloodroot, golden seal and Oregon grape root, stone root, mandrake and queen's root with black cherry bark.

"My husband was a sufferer from stomach trouble and impure blood," writes Mrs. JAMES H. MARTIN, of Frankfort, Ky. "He had a sore on his face that would form a scab which would dry and drop off in about a month, then another would immediately form. It continued this way for a long time. He tried every remedy that any one would suggest but found no relief. He then tried Dr. Pierce's Golden Medical Discovery which completely cured him. He has stayed cured now for two years, and I recommend this valuable medicine for impurities of the blood."

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

J. H. MARTIN, Esq.

## "Cardui Cured Me"

For nearly ten years, at different times, Mrs. Mary Jinks of Treadway, Tenn., suffered with womanly troubles. She says: "At last, I took down and thought I would die. I could not sleep. I couldn't eat. I had pains all over. The doctors gave me up. I read that Cardui had helped so many, and I began to take it, and it cured-me. Cardui saved my life! Now, I can do anything."

## TAKE The CARDUI Woman's Tonic

If you are weak, tired, worn-out, or suffer from any of the pains peculiar to weak women, such as headache, backache, dragging-down feelings, pains in arm, side, hip or limbs, and other symptoms of womanly trouble, you should try Cardui, the woman's tonic. Prepared from perfectly harmless, vegetable ingredients, Cardui is the best remedy for you to use, as it can do you nothing but good. It contains no dangerous drugs. It has no bad after-effects. Ask your druggist. He sells and recommends Cardui.

## CONNECTICUT LAMB A FREAK

Animal is Perfectly Normal, Strong and Healthy and Only Defect is Shyness of Hind Legs.

This peculiar looking "sitting down" lamb is owned by a farmer in Connecticut. The animal is perfectly normal, strong and healthy and his only defect is that he is a little shy on hind legs. He was born just as shown in the illustration, with perfect legs and hoofs except that they are short.

A Freak Sheep.

## Care for Brood Sow.

When the sow farrows keep her quiet for a day or more and feed her plenty of water. A full flow of milk for the pigs is not desired for the first two days. After that time the feed of the sow may be increased gradually. If the milk of the sow is started too soon the young pigs may not be able to take all of it at first, and caking and scalding udder result.
