

Roosevelt to Go Thorough 14 States.

Oyster Bay, N. Y., Aug. 22.—Theodore Roosevelt started Tuesday on a journey of 5,493 miles, which will extend over nearly three weeks, and in the course of which he will travel through fourteen States. During the tour he will deliver fourteen speeches, one for each State.

The party will travel in the private car Republic, attached to the regular trains, except in a few cases in which special trains will be used for short distances to enable Colonel Roosevelt to fill all his engagements. Earnest Abbott and W. B. Howland of New York, who are associated with him in his editorial work and Fred Harper, his secretary will travel with him.

In addition to his set speeches, Colonel Roosevelt will make extemporaneous addresses. At almost every point along the line of travel elaborate preparations to receive him are being made.

DANGER IN DELAY!

Kidney Diseases Are Too Dangerous for the Marion People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them, and health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease following in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Marion.

Thomas F. Wright, carpenter, Chestnut street, Marion, Va., says: "I know that if Doan's Kidney Pills are taken as directed, they will live up to the claims made for them. I was annoyed off and on for two years by a dull pain across my back, sometimes so acute that it was difficult for me to get about. When I heard of Doan's Kidney Pills, I procured a box at the Carson Drug Co. and they soon disposed of my trouble. One of my relatives also used this remedy for a similar annoyance and praises it just as highly as I do."

For sale by all dealers. Price 50 cent box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no others.

Resignation Accepted.

R. D. Yancey Withdraws From Eastern State Hospital Board.

Richmond, Va., Aug. 22.—Governor Mann has accepted the resignation of Robert D. Yancey, Commonwealth's attorney of Lynchburg, from the Board of Directors of the Eastern State Hospital, at Williamsburg. Yancey says his court meets every month on the day for the meeting of the board, which he consequently cannot attend, and asks that his resignation be effective not later than October 1st.

New Postoffice Rules.

Our postmaster formulates the following rules for the benefit of his patrons and that you may know what you may expect: No letters given out until they have been received. If you don't get a letter or paper on the day you expect it, have the postmaster look through all the boxes and down the cellar also. It ought to be there somewhere and he likes to hunt for it just to please you. If your friend don't write, rave at the postmaster. He is to blame. If he tells you no, put on a grieved look and say there ought to be some. He is probably hiding your mail for the pleasure of having you call for it. Ask him to look again. If you are buying stamps, make him lick them and put them on—that's his business.

How to Get Rich.

"Any Young Man Can Win a Fortune Now As We Did."

Special correspondence of the New York World from Bridgeport, Conn., says: "If we were to start out to-day as we did, the four brothers of us, a little over fifty years ago, with \$700 apiece, the chances are that we would be worth in the same given time considerably more than we are to-day," said Frank Miller, President of the City National Bank of Bridgeport.

The world has told of the reputation of the Miller brothers—Frank, Darius, N. G. and Charles—who, starting out fifty years ago, each with \$700 given to him by their father, a farmer, met several days ago and reckoning up the united results of their strivings at more than \$25,000,000.

"And I suppose that most of the young men who read that story," said Mr. Miller, "said to himself: 'Yes, but that was in good old days of easy times and great opportunities. They couldn't do it to-day.' The times are easier to-day and the opportunities are greater than they ever were. Any young man who will live as we used to and work as we used to will succeed."

"My father was a farmer. He used to work—work hard. When I was a little fellow we boys were up before daylight taking care of the stock and doing three hours' labor before mother called us in to breakfast. Then we worked all day and till the sun went down at night. After dark we went up the lane for the cows at the pasture bars and drove them home and milked them after dark. We never heard of a ten-hour day or an eight-hour day."

ONLY ONE HOLIDAY.

"We had no holidays except the Fourth of July, and then we had only twenty-five cents to spend. We had a loving father, but he knew the value of money, and meant we should. Our mother was a Fairchild, and through her we got some of the blood in New England. In fact, both of them gave us good blood."

ALL HAVE BEEN THRIFTY.

"All my brothers have been thrifty. There is Darius up in New Britain. He's worth a great deal of money and he has made it all himself. But he still runs his store up there just as he did in 1860. A woman goes in and the same clerk sells her a spool of silk and a carpet. I tell him that he is losing money by not getting modern, but he says that he can't see it, and hates to change."

"We have always fought shy of politics. Never had time to go into that sort of thing. Some people have talent for it, and better let 'em do it. My advice is to stick to straight business. This country is all right, only we have too many politicians and too much politics. Things move fast now. People complain about the country and say it is going to the dogs. It isn't. The country is better than it ever was."

"It costs to live, but look at what you get for your labor. Keep inside of the amount of your earnings—and you can do it without suffering—and the money will pile up. Be wise in your investments and the money will do the rest. I have a mine out in the West, and every year I have to go out there to look after it, and as I ride across the country I cannot help thinking what a wonder fully rich and prosperous land we have here. It takes the foreigners who come over here to understand how to live and get ahead. Coming from a land where frugality is taught they start in practicing it and they get ahead."

"I know people talk about the cost of living. But look at the pay for labor! It is wonderful. I have been all through Europe and I have seen how people live in those lands where they tell us everything is

Washington Suicide Wave

Washington, D. C., Aug. 22.—A suicide wave has claimed fifteen victims here in the past six weeks. During the last year there have been ninety-three suicides, the majority of the victims being white. Medical men, deeply interested in the suicide mania, could detect no particular cause for the wave of self-destruction in Washington. The coroner declared that the suicides cannot be attributed to hot weather, for it has not been exceedingly hot here for several weeks.

Prominent Young Bristol Man Charged With Passing Bogus Checks.

Bristol, Va., Aug. 20.—B. F. Forbes, a young lumber salesman from Birmingham, who has been literally lionized by local society for weeks, was arrested several days ago on a charge of passing bogus checks. His arrest was a shock to the smart set of the city, among whom he had been active since coming here.

The charge was preferred by the proprietor of a local saloon, where the man is said to have cashed a check which was returned unpaid. He is now in jail and since his arrest a local hotel, it is said, has come forward with a big bill against Forbes. The prisoner's friends seem to have deserted him.

ACUTE OR CHRONIC—WHICH?

of them lost the homes that they had already built. Do you think that it is an ideal condition when things are cheap? Horses were never so cheap in the world before as they were then—but everybody went on foot.

Food was never so cheap as it was then—but everybody was hungry. Clothes were never so cheap—but the whole human landscape was patched and ragged.

And the "free-trade" party was never so cheap as it was then—because nobody wanted it at any price. I tell you that high wages is the sign of good times. It is the wage scale, and not the price list that is the barometer of a nation's prosperity.

That is what makes eggs in my town worth fifty cents a dozen. That is what makes butter worth forty-five cents a pound. That is what makes a spring chicken no bigger than your fist and mostly neck and pin-feathers worth sixty-five cents. That is what makes strawberries worth twenty cents a box—and the bottom of the box is a good deal nearer to the top than it is close to the bottom. That is what makes Uncle Tom's old brood mare, sixteen years old and blind as a bat, worth \$100 in gold. I have been buying some of the farmer's products in the past few years and I know the prices that I have quoted, because I have paid them; but I am not complaining, because I like to see people get well paid for what they produce.

I also had some knowledge and some experience with the price of the farmer's products in the State of Washington in 1894 and 1895. You could buy horses in that State then, good sound horses, that weighed 900 pounds for \$15.00 per head. You can absolutely sell a fat hog today in my State for more than a small horse would bring in those days. Eggs were then worth about eight cents a dozen. I saw strawberries offered for sale in those days on the streets of Tacoma nine boxes for twenty-five cents, but mighty few people were eating strawberries in those days at any price.

Oh, there does not anybody need to sit up nights worrying about the condition of the American farmer these days. He is laying away the gold coin with every revolution of the sun, and at the same time the price of his farm land is soaring into the sky until an acre of good farm land is worth more than a city lot.

My friend from Mississippi (Mr. Clark) has been talking on this floor about cheap things. He wants the price of lumber to be cheap so the laboring man and the farmer can build homes. Well, we had cheap lumber in this nation in the years of 1894 and 1895—the cheapest lumber that was ever known in recent years. Did people build homes in those days? Oh, no; they not only did not build new homes, but most

Lutheran Synod Ends With Banquet.

The Lutheran Synod of Southwest Virginia came to a close last Saturday night when, after a delightful afternoon of entertainment by the congregation of St. Mark's church, the delegates to the convention were given a banquet at Sheen's.

Speeches were numerous and none were spared in the good humor of the evening. At a late hour the guests and their many friends parted at the banquet board, with blessings for each and all.

The menu consisted of Virginia Fried Chicken, Vegetable Salad, Cold Boiled Ham, Creamed Potatoes, Sliced Tomatoes, Olives, French Drip Coffee, Fancy Ice Cream.

The Lutheran Synod of the Southwest resumed its work in St. Mark's Lutheran church Friday morning at 9 o'clock.

The Synod voted to ordain candidates J. A. C. Hurt, M. D. Huddle, J. W. Link and B. F. Landes.

Under the report of the committee on literary institutions the following resolution with reference to the Marion Female College was adopted:

"In consideration of the efforts of the board of trustees of Marion Female College to enlarge and properly equip this institution so as to increase her ability and continue her usefulness to the church, and realizing the urgent necessity that prompt action shall be taken to locate and equip such an institution that shall meet with the hearty approval and financial support of all Lutherans in the State associated with the United Synod of the South. Therefore, be it resolved, that the president of Synod appoint a committee of four who shall at once lay before the other Lutheran bodies so associated the proposition to locate, erect and equip such an institution."

The president appointed the following persons on this committee: Revs. J. B. Greiner, D. D., T. O. Keister, D. D., Messrs. S. S. Coosell and K. W. Kime.

Mr. J. E. B. Smith, of Christiansburg, offered inducements to secure the location of said institution.

The Synod adopted \$1.00 per capita as the minimum sum to be contributed to benevolence for the ensuing synodical year.

The election of officers of Synod resulted as follows: President, Rev. L. A. Fox, D. D.; vice-president, Rev. W. R. Brown; secretary, Rev. Paul Seig; treasurer, Dr. A. B. Greiner; Mr. J. B. Scott was appointed choirist.

Messrs. H. D. Derrick, of Roanoke, and H. L. Bonham, of Chilhowie, were elected members of the executive committee of the Synod.

FOR CONGRESS—NINTH VA. DISTRICT:

C. BASCOM SLEMP,
OF WISE CO.

Speaking.

Hon. Thos. J. Muncey and Hon. L. P. Summers will address the citizens of Smyth county on Monday, Sept. 5, 1910, at one o'clock.

The tariff and the negro seem to be the only issues in Mr. Stuart's keynote speech at Gate City. We thought the negro question had been eliminated from politics. The Democrats boast that they have done this, but they won't let him stay out—they continue to harp on the negro. This was Mr. Wysor's theme six years ago, and we all know how much he made out of the issue. The people of the Ninth district don't scare any longer at this old Democratic hobby.

The Democratic leaders and newspapers tell the consumer and laborer that the tariff is responsible for the high cost of living. In the same breath they tell the farmer that his prices are regulated by the laws of supply and demand. It seems that the two arguments used destroy each other. The tariff keeps out foreign goods, thus protecting the home laborer and giving him work at good wages, which enables him to pay good prices to the farmer for what he produces.

The latest fear of some of our Democratic friends is that Colonel Roosevelt's coming to the Ninth district on October 7th may injure Mr. Slemp. So they are offering their advice and good offices, and telling us that Slemp had better get some other distinguished Republican to come. We thank them for their consideration and free advice, but think the Republicans of the Ninth district will stand pat for 'Teddy, the very man the Democrats don't want to come to the district.

"Simple rot," "chasing rainbows" and blowing "tin horns" is the way the Times Dispatch replies to an editorial in the News of recent date. This is characteristic of the East Virginia press, a good bombastic way to meet facts. The dogmatic statements of the Democratic press, which would make all Republican editors laborers before the election, generally melt away after the votes are counted. Good Republicans do not believe in the Democratic party and will not vote for Stuart. He may depend on his money but it will not save him from defeat.

The Times Dispatch argues that because Slemp defeated Bailey 6,732 and served ten months in Congress, and then defeated Byers only 4,101, that he has grown unpopular and that losing at the rate of 2,631 in the ten months that Stuart would defeat him now by 5,303. Such reasoning shows the ignorance exhibited by such a great daily as even "The Supreme in Virginia." Slemp and Bailey were both Republicans and Slemp's majority in that race was not a clear Republican majority, but showed his popularity with Democrats as well as Republicans. The 4,101 was a clear-cut Republican majority, the largest ever given for Congress in the district. This majority is what staggers the Democrats, for they know that Stuart, stripped of his money, is no stronger (if so strong) as Cloyd Byars. The "Supreme in Virginia" will find out on November 8th who slumps in the Ninth district.

From Sickness to "Excellent Health" So says Mrs. Chas. Lyon, of Peoria, Ill.: "I found in your Foley Kidney Pills a prompt and speedy cure for back ache and kidney trouble, which bothered me for many months. I am now enjoying excellent health which I owe to your Foley Kidney Pills." Carson Drug Co.

Stuart Poses for Protection

The Republicans of the Ninth district stand pat on the Tariff and welcome it as a leading issue in the campaign. On this issue it seems that Mr. Stuart has repudiated the Democratic position and seeks to get on the Republican platform. He says he is for a tariff that is necessary to cover "the difference between the cost of production at home and abroad." Now that is the doctrine laid down in the last Republican platform and is the substance of the Republican tariff plank. Mr. Stuart can't deceive Republicans by trying to thus endorse the protective policy. This principle is protection pure and simple, and for Mr. Stuart to claim it as Democratic policy or doctrine is heresy pure and simple. He knows the people of the Ninth district stand for protection and thus hopes to capture Republican votes by advocating this doctrine. We don't blame him for abandoning the Democratic position on the tariff, but Republicans will not be caught napping. They will stand by the party and platform that openly declare for protection and give their votes for the election of that gallant young standard bearer, Bascom Slemp, who has voted for and fought the battles of protection; who stands by the Republican platform of 1908 that declares for a tariff "equal to the difference between the cost of production at home and abroad."

When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. "The nomination of Mr. Stuart for Congress by the Democrats appears to have come as a breath of fresh air in the politics of the Ninth district, and from Radford to Cumberland Gap, all through these beautiful mountains and valleys, there is a strong feeling among the voters that he is going to win."

The above is sent out from Democratic headquarters at Pulaski. "A breath of fresh air in the politics of the Ninth district!" For ten years the Democrats have been making nominations, and now they have given the district "a breath of fresh air." This will be refreshing news, especially to Rhea, Wysor, Bruce and Byars.

\$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. The Same Thing Over.

Two years ago the Democrats could find nothing to say against Congressman Slemp, they could pick no flaws in his record, but they set Mr. Stuart against him. They set the howl all over the district about a measure offered in Congress by a Western Congressman named Crumpacker. We heard and saw little else in the papers. Now they have selected Speaker Cannon, another Western Congressman, and by ridiculing and denouncing him they hope to weaken Slemp. In the first place Cannon is one of the country's greatest men. The fact that he has been elected for eighteen times to the Congress of the United States shows that his home people, who know him, have great confidence in his ability and honesty. He has been four times elected speaker, an honor rarely conferred on any member of that body. He has been a loyal Republican and always stood with the majority of his party. This is all that Mr. Slemp has done. He has stood and worked with the President and the majority of his party. He would not have done his duty and would not have been loyal to the great Republican district he represents had he done otherwise. So the cry of Cannon, like the cry of Crumpacker made two years ago, will not lose any votes for Slemp.

Marion High School.

Two of the teachers announced some time ago as part of the faculty of our school have declined to accept, and in their places Miss Mary W. Montague, of Richmond, and Miss Leona Jordan, of Dublin, have been elected. Miss Jordan is a graduate of Farmville Normal School, and Miss Montague is a graduate of the Richmond City High School and of the Post Graduate course, including the Normal and Training departments, and is also an A. B. of Richmond College. The trustees have every reason to believe they have secured a faculty equal to any the school ever had. Two years ago the people of Marion bought a piano and asked the trustees to allow music to be taught in the school building, to which they readily agreed, but assumed no responsibility in the matter; the parents selecting the music teacher and not the trustees. Last year so many children took music outside the building that it was very troublesome for the teachers to arrange hours, and the time lost by these pupils caused a number to fail of promotion. The lower rooms in our school are greatly overcrowded, and when children fail to go up to the next grade they are occupying room some child from the grade below is waiting to take, and to that extent are in the way of the promotion of other children.

This year the board decided it was for the best interest of all concerned to elect a music teacher and one all the patrons should be satisfied to employ, and to announce before hand that positively no attempt would be made to arrange hours for outside work in music or anything else. Pupils who miss classes will find it counted against them in giving their grades, and getting on the honor roll. From more than a dozen applicants the board has selected Miss Cora E. Rains, of Bohannon Mathews county, Va. Miss Rains received her musical education at the Peabody Institute, Baltimore, a school presented to the City of Baltimore, and liberally endowed by Mr. Geo. Peabody. She has taught music three years successfully, and comes well endorsed by former patrons and the trustees of Courtland High School, where she has taught, doing just the work we want here.

The School Board are firmly of the opinion that the course they are pursuing is for the best interest of the High School, and that only in this way can children take music and not seriously interfere with their regular school work. Believing this, the school think they have the right to ask and expect parents, who so children will take music, to help to make this music class a success. By Order of the School Board: S. W. DICKINSON, Clerk.

McKinley Talks of Coming Campaign.

Chicago, Aug. 24.—Congressman W. B. McKinley, Chairman of the Republican Congressional committee, visited western headquarters and issued the first statement regarding the campaign. President Taft's campaign letter mailed several days ago had not arrived. It is probable that it will not be made public until early next month. In his statement Mr. McKinley said: "We have canvassed the situation in various States and see no reason to change our opinion that the Republicans will control the next House of Representatives. Our Democratic friends are indulging themselves in usual pre-election claims. "The Republican party will make no apology for its record. The new tariff law surprised all in producing the two results expected of good tariff law, namely, increased revenue and prosperity. The Democrats have failed miserably in their effort to attribute the high cost of living, a world-wide condition, to the tariff. Prices are as high in free trade England and elsewhere abroad as in this country. "I consider that President Taft is growing stronger daily in the faith of the American people in his sincerity in working out his own and Roosevelt policies."

Re-union of Harris Family

Attended by Over 100 People and Big Dinner Served.—Nearly All Related. At the beautiful country home of former County Commissioner Henry C. Harris, a family re-union was held Sunday, and the affair was a delightful one. There were over one hundred people present, of whom almost all were related by blood or marriage. While the re-union proper was held on the lawn in front of the home, the guests were given the run of the entire premises, and complying with repeated invitations from their hospitable host and hostess, made themselves "perfectly at home" On the well-kept lawn and in the shade of giant oaks and maples, seats were provided for the older guests, who sat and chatted pleasantly, while the younger ones romped and played on the green sward, much to their own enjoyment, and not a little to the elders', who were wont to recall the days when they, too, enjoyed like gladsome frolics. Dinner was served on the lawn, also, and such a dinner—but it is no use attempting to describe it, and it must suffice to say if there was anything omitted from the menu that would have added to its success it was not discovered, and the food proclaimed the housewives, who prepared it, artists in cookery. Immediately after dinner, Cornish, a Columbia photographer, took a group photograph of all present. This done, all assembled in front of the home, when short but very interesting talks were made by a number of those present, first of whom was John L. Jones, than whom there is no more popular after-dinner speaker in Bartholomew county. Mr. Jones spoke in high praise of the Harris relationship in general, and of his host in particular. Mrs. Jones also talked, and her's was a very interesting talk. Among others who made brief talks were the host, Justice Jack Harris, of Taylorsville; William S. Harris, of Decatur, Ill.; John T. Harris, of Sidney, Ia.; Alfred J. Harris, of Marion, Va.; Warren Harris, Nathaniel Harris, Chas. Harris, A. C. Kelble and Rev. Chas. S. Whitted.

The re-union was held in honor of the following persons, all of whom lived their allotted three score and ten years, and give promise of several years more of life, much to the earnest desire of their many friends and relatives. The honor guests were William S. Harris, John T. Harris, Alfred J. Harris, Nathaniel Harris, Charles Harris and Mrs. Drusilla Bozzell. The first three represent one branch of the Harris family, and the last three named another branch to which belongs Henry C. Harris, who came to this county in 1856, and in that early day he began making a name and a fortune for himself in the land of his adoption, and a more honorable name there is none other in Bartholomew county. From a financial standpoint Mr. Harris has prospered in the land of his adoption, and is now among the wealthiest and most prosperous farmers of the county, yet his wealth has been honorably obtained, and not a dollar of it is tainted by the stain of dishonesty. Henry Harris, like his brothers and cousins who were present at the re-union, is a native of the "Old Dominion," as all true Virginians delight to call their native State, and their ancestors came to this country from England when this country was yet a wilderness and these sturdy liberty-loving Englishmen added brain and brawn to the development of this, the greatest nation in the world, and fought for and helped win the freedom that is now being enjoyed by the American people.

Those present were: Henry C. Harris and family; William S. Harris, Decatur, Ill.; John T. Harris, Sidney, Ia.; Alfred J. Harris and wife, Marion, Va.; Nathaniel Harris and wife, Medaryville, Ind.; Charles Harris and children; Mrs. Drusilla Bozzell, Edinburg; John L. Jones and wife, John S. Carter and wife, Estell Harris, Robt. Howe and wife, Joseph Smith and family, Wilbur Harris and family, Addison Harris, A. C. Kelble and wife, Warren Harris and wife, Frank Prevoe and family, North Vernon; Frank Harris, Robert F. Harris and daughter, Miss Mable, of Seymour; John V. Harris and family, B. L. Foster and family, William H. Harris and wife, John B. W. Bevis and wife, Frank Oberlies and family, Bert Marr and family, Charles Pence and family, of Gdinburg; James F. Har-

ris, Robert M. Harris, Charles Bozzell and family, Rappi Miller and family, of Edinburg; James Cunningham and wife, Justice Jack Harris, Levi Perry, Rev. Charles S. Whitted and family, Mrs. Jennie Zeigler and children, Miss May Winn, Dasha Ding, Carl Nabe and Miss Edna Hayworth.—The Evening Republican, Columbia, Indiana, August 1st.

400 ACRE FARM 400 FOR SALE

\$1,500 Buys 103 Acre Farm on terms. \$2,000 buys same farm, together 30 acres of growing corn that will make 40 bushels per acre; also you get all other crops on the farm—beans, cabbage, potatoes, onions, tomatoes—a general variety of crops. All this will be your living for next year. Also a fair crop of apples and peaches. A fine span mules, 4 and 5 years old; all the farming tools—plows, cultivators, wagon, back, harness and gearing. Has a Six-Room dwelling, barn and other houses; 2 living wells of water; farm smooth, 35 acres in cultivation; 50 acres in timber; about 30 acres fine smooth rich land to clear. This farm together with the entire outfit and crops and stock is the biggest bargain in all of Upper East Tennessee. Don't write, but come quickly and see the farm; make same payment in Cash and secure the deal. The farm is situated 14 miles North of Knoxville, Tenn., near Heikell station. It is a valley farm. 100 Acres of White Oak timber for sale; situated one mile of Railroad Depot. This timber must be sold. Good road to depot, 1 mile. \$33 1/3 Per Acre buy the finest 400-acre farm in this country. This farm has 100 acres of choice white oak timber; also 100 acres of rich, dark-red, mulatto creek bottom land; 200 acres of gradual rolling upland. This is best quality of upland, being clear of stone and is fine farming land. This is the finest live stock farm in all of Upper East Tennessee. You can't find a better quality of soil in this country. The farm is situated in 1 mile of Railroad station, 13 miles of Knoxville, Tenn. We especially want to make a quick sale of the 400-Acre Farm because the owner is involved and the farm must be sold at once. The roads are piked all over the country from the farm in every direction. Fine market for all products of the farm; the market at Knoxville being fine for "truck and dairy" business. Abundance of fine spring and stock water on the farm; also fine hay and corn land. We are offering this farm for at least \$15 per acre less than any farm adjoining it. The farm is now priced at a bargain. Remember the 400-Acre Farm has an abundance of spring and creek water. Six-room frame dwelling, three tenant houses, barns and orchard; only one mile from Railroad depot, School and Church. Come quick and see it.

The Moonlight Excursion.

The Marion Concert Band gave a moonlight excursion over the Marion and Rye Valley Ry. to Fairwood last Tuesday night carrying some 200 people. After several sweet strains of music played by the band the merry young party boarded the train at the Broad Street station which left at 5:30 o'clock on the 32-mile run. The first stop—Attoway—the band played for a short time, and the party was joined by fifteen persons, the train proceeded on to Pugh's Siding and Sugar Grove where the crowd was swelled by about 60 more excursionist. Several pieces of music was played at those places, and as the light of day began to fade away in the western horizon the train sped over mountain and dale which scene was most inspiring. Directly the train pulled into Fairwood—their destination—the party leaving the train and receiving a hearty welcome from her citizens amused themselves in different ways. The band boys went straight to the Fairwood band room where they gave a splendid exhibition of their musical talent. After playing here until 10 p. m. the party got on the cars on their homeward journey. The threatening clouds having disappeared and the moon peering over the mountain peaks in its fullness with the bracing mountain air made the crowd feel like staying longer. The returning train arrived in Marion at 1:40 a. m. Wednesday without a mishap of any kind to mar the pleasure of any one present.

The excursion was a financial success, netting the promoters about \$40.

Lebanon Association.

The Lebanon Association convened in its Sixty-fifth Annual Session on Wednesday of last week with Middle Fork church, near Chilhowie. The body is composed of the Baptist churches in Wythe, Smyth and Washington counties, about forty-five in number. The organization was effected Wednesday morning by the election of R. A. Anderson moderator, and C. T. Taylor clerk and treasurer. Mr. Anderson declined to serve longer, and M. M. Morris, of Glade Spring, was elected in his stead, with C. W. Traubham, of Marion, vice-moderator. The introductory sermon was preached by Rev. H. W. Bellamy, of Abingdon. The reports from the various churches showed a membership of more than 3,500. Contributions for home purposes showed an advance, while for general benevolence the amount was more than \$4,000, but a slight falling off from last year. There were about seventy-five or eighty lay and ministerial delegates in attendance.

Among the visitors were Rev. Dr. J. B. Hutson, pastor of Pine Street church, Richmond; Hon. J. Taylor Ellyson, Secretary of the Education Board, Richmond; Rev. Watts, Secretary of the Baptist Sunday School Work in Virginia, and Rev. Chelf of the Orphanage at Salem, Va. The meetings were well attended until Friday, when a down-pour of rain kept hundreds of people away. The next meeting of the association will convene on Wednesday before the third Sunday in August, 1911, with Groeses Creek church, about five miles South of Chilhowie in Smyth county. Dinner was served in the beautiful grove at the church each day, and the hospitality of the Middle Fork community was lavish and all that could be expected.

Trip to White Top.

To those who love nature, nothing could be more inspiring than a trip to the mountains.

On last Friday morning, August 19th, a party was to be seen, chatting merrily, while preparing to visit the long renowned White Top, whose majestic peaks reach the high altitude of 5,300 feet.

The party consisted of Misses Pearl Fox, Mattie Meek, Maude Snider, Grace Anderson, Mary Wolfe, Susie, Grace and Hattie Copenhagen. Messrs. Steve and Joe Meek, Elbert Johnson, Fleet Wolfe, W. N. Umbarger, Conley and Marion Copenhagen—with Messrs. V. G. and H. B. Copenhagen as chaperones. A wagon driven by Mr. Baxter Blevins was packed with abundant provision, and then the eager crowd scrambled into the hacks and were off to the mountain.

Heaven did not smile upon us, however, but sent a downpour of rain, which lasted until noon, rendering the journey up the mountain hard on both man and beast.

This gave us ample time to view the beautiful foliage along the way and also increased a desire that the geologist could have the numerous large specimens of rock we had to pass over.

We reached the beautiful, though secluded spot, Elk Garden, as night approached and there we pitched our tents and built a fire around which, after eating supper, weird stories of mountain origin were told. The night was an ideal one—the moon and stars in all their splendor leading enchantment to the surrounding green-clad peaks.

Our journey to the top was resumed at an early hour Saturday morning and about 10:30 our destination was reached.

Words have been lacking to describe the rocky glens covered with lofty pines and ferns of different sizes along the way, but here we reach the climax.

The tents were again pitched, dinner eaten, and then each one went out to feast upon the beauty of "mother earth."

The day was an exceptionally propitious one, and with the aid of field glasses, we were able to see at a great distance, recognizing among other places our home village.

Among the many attractions of White Top, we found Lovers' Leap to be the chosen one with some members of our crowd, although none felt the pangs of unrequited love bitterly enough to perform the rash act of leaping into to chasm. Rather, they seemed to enjoy comparing the peaceful tranquility of their minds and hearts with the fate of their unfortunate predecessors.

After roaming about the place and taking many pictures in beautiful locations, all returned to camp for supper. Just as we finished eating, we noticed the sun was almost reaching the horizon, and hastened to Sunset Rock to watch day turned to night.

Nature's noblest manifestations of color are truly in the sunsets among the high clouds. Especially is this true just before the sun sinks, when his light turns pure rose-color, and when this light falls upon a zenith covered with countless cloud-forms of inconceivable delicacy.

After sunset a gale struck the mountain, the blackness of the sky was illumined by fierce flashes of lightning and the peaceful silence broken by loud peals of thunder.

We hastened to our tents, expecting a storm which did not come; rather we enjoyed the mattress-like beds made of the soft thick grass and awoke, much refreshed, on the Sabbath—which was spent in singing, talking and admiring the beautiful lash-horn trees.

We were delighted to have Mr. Jim McCready, of Seven Mile Ford,

Mr. Elliott, of Emory, added to our list on Sunday. The former, a phreologist, added much to the amusement of the crowd. As night again approached, we left camp and went to the hotel and spent the night.

Monday morning found us much refreshed and ready for the day's ride down the mountain. At seven o'clock we began our journey, reluctantly bidding adieu to the beautiful landscape, vivifying atmospheres and healthful water.

At five p. m. we reached Adwolve, making its inhabitants realize our mirth by much shouting and laughter.

Low Tariff and High Cost of Living.

Those zealous "reformers" who sigh for a return of the "good old Democratic days of low tariff and low cost of living" will be disposed to resent and deny the assertion that in that halcyon period nothing was cheap but labor and whiskey, and that pretty much everything else was very much dearer than now. Yet this is the absolute fact, as disclosed from files of bills for supplies furnished the White House as far back as 1818, when President James Monroe's household subsistence accounts were audited by a Congressional committee and paid out of the public treasury. Our correspondent at Washington has dug up some of these antique files and records of purchase and payment. They are printed elsewhere in this issue just as the Washington tradesmen made them out—just as they were audited and paid. In Monroe's time of "Democratic cheap living and frugality" you could buy whiskey at \$1 to \$1.25 a gallon; to-day it ranges from \$2 to \$4 a gallon. Day labor ranged from 60 cents to \$1 a day for men and about 35 cents a day for women, whereas in these times such labor earns from \$1.50 to \$2.50 a day. Then the man who worked 12 hours could buy with his labor 12 pounds of flour, or if he preferred, a little more than two pounds of sugar. The eight-hour worker of to-day, "groaning under tariff burdens," can with one day's pay buy from 75 to 150 pounds of flour, or 60 pounds of sugar. At \$2 a pound three days' labor in 1818 would purchase no more than one pound of tea; in 1910 a much shorter single day's work will buy at least six pounds of tea.

As a matter of fact prices to-day are for the most part as nothing compared with prices in the old days of "low tariff and cheap living." The purchasing power of labor is fully five times as great now as it was then. The steady application of the Protective Tariff policy in the United States has resulted in establishing great and growing industries, and this has been accompanied by a reduction in the cost of living and a tremendous addition to the purchasing power of day's labor. But the chief value of these figures from the quaint old records is that they point the tariff reformers to-day to a time of low tariffs when the cost of living was a real burden upon the people as compared with the cost in these times.

BROOKLYN TABERNACLE BIBLE STUDIES

ISRAEL'S KING REJECTED.

Matthew 21:1-17—August 28.

"Hosanna to the Son of David! Blessed is he that cometh in the name of the Lord! Hosanna in the Highest!"

ALTHOUGH God foreknew and the prophets foretold that the Jewish nation would reject Jesus and not receive him as their King, nevertheless, everything was done as though the results were not foreknown and foretold. The prophets were fulfilled. Today's study illustrates this. Jesus offered himself to Israel as their Messianic King, just five days before his crucifixion, and on the exact day upon which, as the Lamb of God, he should have been received by them, in order that they might have been "passed over" and, as a nation, become the antitypical Levites from amongst whom would have been selected the antitypical priests. Their failure to receive Jesus at the appointed time did not at all interfere with the Divine arrangement, for all of the Jews found worthy to be of the spiritual Levites and spiritual Priests were selected, although the nation was rejected. The remainder of those spiritual, antitypical Priests and Levites God has been gathering from amongst the Gentiles ever since. By and by, all these, of whom Jesus is the Chief Priest, will be glorified on the spirit plane. Then will begin the great Messianic work for Israel, and through Israel for all the nations of the world. Thus in due time Israel's expectations will be realized on a grander scale than they ever dreamed of. Abraham, Isaac and all the prophets shall be made princes or rulers in all the earth. Israel restored to Divine favor shall "obtain mercy" of God through the glorified Church, and shall become the channel of God's favor for pouring out upon mankind riches of grace.

The Sabbath day prior to his crucifixion was spent by the Great Teacher at the home of Lazarus and Martha and Mary. His fame had spread by reason of the miracle performed upon Lazarus. A feast was given in his honor on Sabbath night after sundown. It was then that Mary anointed him with the precious perfume which Jesus said was an anointing for his burial. The fragrance of this perfume has come down to us through the ages. The next morning, to fulfill the Scriptures, Jesus sent for the ass and its little colt to be brought. The ass was probably a white one, for it is reputed to have been the custom of the kings of Israel to ride upon white asses. The multitude who had come to see Jesus, and Lazarus whom he had brought from the tomb, filled with admiration, hailed Jesus with shouts, as "The Son of David!" "The Great King!" The Messiah! Certain scribes and Pharisees called attention to this and suggested that Jesus rebuke them. His answer was that, had the people refused to acclaim him, the stones would have cried out; because it had been prophesied centuries before, "Shout, O daughter of Jerusalem! Behold, thy King cometh unto thee. He is meek and having salvation; lowly, and sitting upon an ass, with his colt, the foal of an ass." The little procession headed for Jerusalem, the multitude shouting and strewing their clothing and palm branches for the ass to tread upon, as marks of honor to the great King whom they imperfectly, indistinctly, recognized—not realizing the still greater glory and honor of his later revealing in the end of this Age, when "every knee shall bow and every tongue confess to him."

Four months ago—on April 24th, we passed over the historic road from Bethlehem to Jerusalem, thinking the while of the great incident of this lesson. The road sweeps around the side of the Mount of Olives on a reasonable grade until suddenly a turn of the road and the sharp declivity of the Valley of Hinnom (Gehenna) brings Jerusalem into full view in a moment. Time and again we walked over part of the road and noted where the Master halted the little procession and wept over the City, saying, "O Jerusalem, Jerusalem, thou that killest the prophets and stonest them which are sent unto thee, how often would I have gathered thy children together, even as a hen gathereth her chickens under her wings [for safety], and ye would not! Behold, your house is left unto you desolate. For I say unto you, Ye shall not see me henceforth, till [that day] when ye shall say, Blessed is he that cometh in the name of the Lord."—(Matt. 23:37-39)

Our heart went out in sympathy for the Jewish people. We recalled how they have been nationally "left desolate" for eighteen centuries, and have been persecuted, even, alas, by those who have named the name of Christ! We specially rejoiced to think that "the time of Jacob's trouble" will soon be over—that the time when they will enter into the New Covenant relationship with God will soon be at hand. (Jer. 31:31; Rom. 11:27.) We rejoiced to think that soon Immanuel in the glory of his Kingdom will be revealed, and that all flesh shall behold the glory of that Kingdom. Then the Lord will pour upon Israel the spirit of prayer and of supplication and they shall look upon him whom they pierced. (Zech. 12:10.) We rejoiced to think that "that day" when they shall say, "Blessed is he that cometh in the name of the Lord," is nigh at hand. But, we reflect, correspondingly, the time of special favor to spiritual Israel must be drawing to a close.

That spot where Jesus stopped to prophesy Israel's future was the same one over which, a little later, the army of Titus marched to the destruction of Jerusalem, and, amidst famine, finally accomplished the destruction of the city, taking, according to records, ninety-seven thousand prisoners. One million, one hundred thousand, were said to have perished through famine and war. The ground around the City of Jerusalem the Romans planted thick with crosses, on which Jews were crucified until there was room for no more, says history.

The Great Teacher's entry into Jerusalem caused considerable commotion. He went directly to the Temple and ordered from it the money-changers and dove-sellers who had no right within its hallowed precincts. Thus was fulfilled the prophecy, "The zeal of thine house has consumed me." The poor, the blind, the lame, again had his ministrations. Again the chief religionists of the time were vexed and considered him an intruder upon their arrangements and were displeased with the multitude's shouting his praises as the Messiah, the Son of David. They rebuked the Teacher, who answered, Scripturally, "Out of the mouths of babes and sucklings thou hast perfected praise."—Matt. 21:16; Psalms 82.

Dr. Pierce's Favorite Prescription
Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.
It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants. **THE ONE REMEDY** so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.
It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeits as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.
