## Republicans to Meet March 28 in Pulaski.

Bristol, Feb. 5.—With all counties represented, the Republican committee of the Ninth Virginia congressional district met here today and fixed Tuesday, March 28, and Pulaski, as the place for holding a convention to elect two delegates to the Republican national convention, one elector and five members of the State committee.

The meeting, presided over by District Chairman Charles S. Pendleton, was harmonious, and Republicans and Progressives participated alike. Representative O. B. Slemp was present and counseled harmony, and urged the delegates be sent unopposed, except that it be to secure harmony in arriving at a formidable nomination.

Colonel David F. Baily, a veteran in the party, was invited to address the meeting. He told of the early struggles to make the Ninth district solidly Republican, and of the various difficulties encountered by the pioneers in this effort.

The committee voted to adopt the same basis of representation as has been adopted for the State convention.

## Digging Virginia Zinc.

Gate City, Va., February 5.—The immense zinc properties lying in this Scott County, and just across the border in Sullivan County, Tenn., are at last to be developed on a large scale. The company, which has acquired about 1,200 acres of land that is rich in zinc deposits, is known as the Southern Zinc and Mining Company, of New York. Air compressors, drills, pumps, concentrating equipment and other machinery are being assembled on the ground, and J. H. Banks, the mining engineer in charge, says the work of development will be commenced in earnest within the next thirty days.

## Virginia Press Association

Richmond, Feb. 7.—The executive committee of the Virginia Press Association selected Staunton as the next meeting place, and fixed the date for opening of the session for Tuesday, July 25.

## Bristol's Marrying Parson Has His License Revoked

Bristol, Feb. 7.—"Your license to perform marriages in Bristol, Virginia ought to be, and is hereby revoked." The foregoing were the solemn words of Judge Floyd H. Roberts, of the corporation court, and were addressed to the Rev. Alfred Harrison Burroughs, the veteran parson of the Bristol Gretna Green, following an allday hearing today upon the question of whether the aged minister was a fit person to perform marriage ceremonies. The court's inquiry was based upon a recent incident.

The decision is that the minister will not be permitted to perform marriages in Virginia, but this decision does not affect his right to perform marriages just across the State line in Tennessee, where, in a hotel built for the purpose, he has married five thousand couples. Dr. Burroughs will have no appeal from the court's decision. He is now in his 84th years, and very feeble.

Mr. Harrison Owens, of Glade Spring, is detained from attending College, due to the serious illness of his father. We hope, however, that he will be able to return at an early date. Correspondent.

## Kentucky Mountaneers Battle.

Lexington, Ky., Feb. 5.—A general battle over the possession of land in the Kentucky mountains in which one man was killed and three others badly wounded was reported here today from Floyd county. Ance Miller was killed; Louis Miller, Harrison Miller and Alfred Miller were badly wounded. John Meadows and Walter Osborne, members of the opposing faction were arrested and are reported to be in jail at Prestonburg.

The Millers drove Walter Osborne and his family from their home and then took refuge at the Meadows home where they barricaded the house, the Millers fighting from the trees, according to the report received. It was said that the house was bullet riddled when the battle was over. The Millers claimed that they owned the ground where Osborne and Meadows' home were.

## Piedmont Happenings.

As we have not seen anything in the News from this place for a while, we just guess that everybody has been too sick to write.

There has been an epidemic of grip in our midst. Among the sick were Mrs. E. M. Blankenbaker, Mr. and Mrs. S. M. Rouse, Lloyd and Chloé Rouse, and Mrs. Kate Bailey, who is visiting at Mr. and Mrs. S. M. Rouse's. We are glad to note that they are able to be out again. Samuel McClure who has been very sick is improving some and it is hoped that he will soon be strong again.

Mrs. Jackson Haga is fast improving.

Mrs. J. R. Dolinger has been indisposed, but is slightly improved.

Rev. W. B. Wyatt preached a very impressive sermon at Grosses church last Sunday.

The Sunday School at that place is progressing nicely, there were 25 present in the Young Men's Bible Class last Sunday.

Mrs. Hannah Whisman, Mrs. Polly Gentry, and Miss Sallie Shupe, took dinner with their brother, Mr. Henry Shupe, last Sunday.

Misses Banie Pennington, Maggie Poe and Mr. Auther Poe were calling on Misses Sarah and Lula Shupe Sunday afternoon.

Among those of this place who attended the burial of Mrs. Maggie King last Friday were: Mrs. J. R. Dolinger, Glen and Fred Dolinger, Mr. Henderson and B. Hart.

Mrs. King was the daughter of Mr. and Mrs. Enosh Hart of Holston Mills. She married a native of Michigan, and made that state her home until last year. She having developed Tuberculosis her husband decided to try another climate and moved to the State of Ohio.

Maggie was always a sweet girl she professed faith in Christ in her girlhood days near Park, Virginia, and joined the Baptist church and lived a devoted christian life. She bore her sickness with patience and cheerfulness to the end requesting those about her not to grieve but to meet her in the sweet beyond. She leaves a bereft husband, two daughters Ocie and Virginia, a father and mother, one sister and three brothers with a host of relatives and friends to mourn their loss. The remains were brought to Chilhowie on the afternoon train last Friday and conveyed by Undertaker Morris to Mountain View church where a most excellent and consoling funeral service was conducted by Rev. C. T. Rouie and the remains interred in that cemetery in the presence of a gathering of relatives and friends.

## WORLD WIDE THEMES

America's Duty Under the Present Day Conditions to be Considered.

Topics of world wide importance; subjects which concern every Christian American citizen; practical themes, every one of them, will be discussed by men of national reputation during the Virginia convention of the Laymen's Missionary Movement, in Richmond, February 13, 14, 15, 16. Some of the following subjects will be discussed:

What Must America Do Under the New World Conditions?

The Sort of Christianity Needed to Conquer the World.

The Call of God to the Church of Today.

Is a Victorious Christian Life Possible and Obligatory?

Recent War Experiences in Turkey. Is the Church Awakening to Her Missionary Duty?

The Disintegration of Mohammedanism.

The Two Americas.

The Adequacy of the Gospel to Meet Modern Industrial and Social Conditions.

The War and Missions.

Where to Begin in Making the Church More Aggressive and Productive.

Religion in Business and Business in Religion.

Essential conditions of Evangelizing the World.

How to Reach the Unchurched in This Territory.

Saving America for the Sake of Humanity.

What Would It Mean if Laymen Generally Were "Good Soldiers of Jesus Christ"?

Every Protestant church is invited to send as many accredited delegates as possible. An attendance of at least 1500 laymen is hoped for. There should be 2000 present.

## REQUEST FOR PRAYER

Intercession for Virginia Laymen's Missionary Movement Convention. The following request has been issued by the committee on prayer for the coming Laymen's Missionary convention to be held in Richmond, February 13, 14, 15, 16.

"We would be reminded that the Virginia convention of the National Missionary campaign, to be held in Richmond, February 13, 14, 15, 16, will be an occasion of quickening and power only as Christ shall be felt in its fellowship and conduct. Let us acknowledge his Lordship in our preparations and confidently look for the manifestation of it in all sessions of the convention.

"To this end let us covenant to bear the convention in mind in our daily devotions and make it a prominent object of intercession in our mid-week and Sabbath services."

These subjects for prayer have been suggested:

- For the Whole Undertaking.
- For the Mission Boards.
- For the City of Richmond and Other Convention Cities.
- For the Delegates.
- For the Speakers.
- For the Churches.
- For the Spread of the Spirit of Prayer.

Those who are at the head of this great interdenominational movement feel that the opportunities and also the difficulties of so great an undertaking constitute an unusual challenge to faith and prayer. More important than all other means of preparation is the enlistment of a large number of intercessors, who with unclouded vision of Christ, unshakable faith in God and unwearied persistence, will unite in prayer that the campaign may help to inspire America to fulfill her mission of service to mankind.

## Severe Cold Quickly Cured.

"On December first I had a very severe cold or attack of the grip as it may be, and was nearly down sick in bed," writes O. J. Metcalf, Weatherby, Mo. "I bought two bottles of Chamberlain's Cough Remedy and it was only a few days until I was completely restored to health. I firmly believe that Chamberlain's Cough Remedy is one of the very best medicines and will know what to do when I have another cold." Obtainable everywhere.

## Slemp Tells of Election Frauds.

Washington, Feb. 5.—Congressman C. Bascomb Slemp added another chapter today to the controversy he started a week ago when he made the statement in an interview that a man who would run as an independent candidate for senator in Virginia could get enough votes from Republicans and independent Democrats in the State to be elected, provided he could obtain a fair election.

He stated in that interview that it would be impossible for an independent to be elected over a Democrat, however, because by fraud he would be cheated out of his election.

In an article since then Congressman Watson was quoted as having declared that he had not heard of election frauds in Virginia in twenty years.

Congressman Slemp today gave out the following interview in answer to the statement Judge Watson is quoting as having made:

"I have the highest respect for Judge Watson, and any statement he might make I do not think any one has better standing in the house of representatives than he; but the fact that he was on the bench before coming to congress and therefore, possibly not in touch with election conditions in the State, may have to make the statement referred to.

"Let me give you just one illustration: Maynard and Young, in 1910, not twenty years ago, but less than six years ago, ran for the Democratic nomination for congress, in the Second (Norfolk) district; this district embracing Norfolk, and adjoining Judge Watson's district.

"A Democratic district committee declared Young nominated on the face of the returns. Maynard appealed to the Democratic State committee charging fraud, in the city of Norfolk. Young charged fraud on Maynard's part, and each (both Maynard and Young) proved his case. Each according to the Democrat committee's report proved fraud perpetrated by the frauds of the other candidate. Poll books showed that men voted who were not in the State that day, and innumerable instances of fraud. At any rate, the Democratic State committee declared this primary election void, because of fraud and it was fraud of the grossest character. The State committee referred the matter back to the district committee, and the district committee ordered both a primary and a convention, trying to have some sort of double check on fraudulent efforts.

"Congressman Holland, now a distinguished member of the house here entered the contest and after balloting three days and nights, or near the 500 ballot was declared the nominee. I am sure he will verify the above statement.

"It would be interesting, also to know whether Mr. Tucker feels he got a square deal in his contest with Governor Mann.

## Acid Plant for St. Paul, Va.

St. Paul, Va., February 5.—Information reaches here that Swift & Co., and the American Leather Company, both of Chicago, have decided to build a plant here to manufacture wood extracts, principally tannic acid. Their plans, as shown here, call for a plant with a capacity of two carloads of lumber. St. Paul was selected as the site as the plant because of the abundance of pure running water. Such a plant will use at least a half a million gallons per day.

## House Passes Pension Repeal.

Richmond Va., Feb. 7.—The house by 56 to 8, this morning passed the Buch-Hundley bill, repealing an act pensioning the retired members of the supreme court of appeals, and the Torrens land registration bill. 59 to 10.

## Rev. B. T. Moody Loses His Appeal.

Abingdon, Va., Feb. 6.—Rev. B. T. Moody, at the hearing of an appeal from the adultery case, was found guilty Friday in Circuit Court here and fined \$500. The Moody case was recently heard in Magistrate Keller's court and the prisoner, fined \$500 from which the appeal was taken. It will be remembered that Moody figured in the Lodi community as a circuit rider and disappeared with one of the women of his flock, a prominent Washington county farmer's wife, deserting his own wife and after a long chase was captured through the efforts of the Bristol police and detectives. Moody will also stand trial in the Federal court in violation of the Mann white slave act.

One way to relieve habitual constipation is to take regularly a mild laxative. Doan's Regulax are recommended for this purpose. 25c a box at all drug stores.

## Patron's Day Observed at Nebo.

Good Roads Day at the Nebo school was observed Friday, taking the form of a general Patrons' Day celebration.

The school at Nebo under the guidance of Mr. B. C. White, an Emory graduate, this year, assisted by Miss Ella Sanders. The meeting held in the school building on the 28th ult., was a decided success, in that, the attendance of patrons was unusually large, and, because also, of the fact that patrons of the school were on the program.

Visitors from outside the neighborhood were Prof. P. D. Merelock of Emory Training School, and the division Superintendent of schools for the county. Both these gentlemen made addresses that were appreciated highly by these present; but the very sensible talk made by a patron—Mr. William Tilsen, will no doubt be worth more to the school than any other feature of the program.

Nebo is having one of its best years under the principalship of Mr. White. He tells us however, that the progress of the work is due largely to a better school spirit among the people.

## The Best Recommendation.

The strongest recommendation any article may receive is a favorable word from the user. It is the recommendation of those who have used it taking of food, constipation, torpid liver, vomiting of partly digested food and then bile, you may know that you have a severe bilious attack. While you may be quite sick there is much consolation in knowing that relief may be had by taking three of Chamberlain's Tablets. They are prompt and effectual. Obtainable everywhere.

"Oh," responded Governor Johnson, hesitating momentarily, "I expect we will all be together in June."

Entered at Postoffice Marion, Va. as second-class mail matter.

MARION, VA. FEB. 11, 1916

As a result of the campaign made last fall by the Republicans in the State of Virginia some members of the present Legislature are "setting up and taking notice." Already the lower house has passed a bill to elect school trustees by the people, also a bill to repeal the law which pensions supreme court judges. A democrat has also introduced a bill to elect supreme court judges by the people. These bills may be killed in the Senate but they indicate clearly that the reforms as advocated by the Republicans are spreading. Many democratic representatives are about persuaded to listen to the voice of the people. Other reform measures have been introduced by both Democrats and Republicans. We await with interest to see their fate. A bill to allow the minority representation on all county and city electoral boards has been offered but the majority party will hardly be broad and fair enough to grant this liberal request. Virginia is one of the very few if not the only State that does not allow minority representation on such boards.

Who is your choice for our next President? Whom do you want to make the race and be elected? If we Republicans win—and we will—by showing a little common sense in selecting our candidate. He must be a man who has steered clear of political bosh—one who has been tested, tried and true. We have in mind a man of this type—one upon whom both the Progressives and the Old Reliables can unite—one who has shown his value to the Nation, as a public servant.

Such a man is none other than the Honorable Charles E. Hughes of New York. Mr. Hughes was not mixed up in the fight between Col. Roosevelt and W. H. Taft. Then he has been elected twice as Governor of New York and now it's up to the people to make him President. He was the people's choice 1912; and he is their choice now.

To get him out of the race in 1912, he was put on the Supreme Court of the United States; but this shelving was only for a short time.

The American people of the United States need just such a leader as Mr. Hughes for President. The East wants him; the West is wild for him; the North needs him, and the "solid south" will vote for him, and he is going to be the people's nominee, whether politicians "higher up" want or not. All Republicans will vote for Charles E. Hughes. He is their man.—Dickenson Co. Moor.

Under the changed basis of representation there will be 98 delegates in the Republican national convention at Chicago on June 7, as against 1,107 in the convention of 1912. Of these 597 will be chosen at direct primary elections; that is, assuming that the primary law passed by the Vermont Legislature is adopted on referendum this winter. Vermont is entitled to 8 delegates in the convention.

The other 20 States where direct primary elections will be held and the dates of the elections are: Indiana, March 7; Minnesota and New Hampshire, March 14; North Dakota, March 21; Michigan, April 3; Wisconsin, New York and Illinois, April 4; Iowa, April 10; Nebraska and Montana, April 18; Massachusetts and Ohio, April 25; Maryland, May 1; California, May 9; Pennsylvania, May 16; Oregon, May 19; New Jersey, May 23, and South Dakota and West Virginia, June 6.

Children Cry FOR FLETCHER'S ASTORIA

## Plans for Convention.

The Virginia Republicans are beginning to line up their forces and are preparing their plans for the State convention which will be held in Roanoke March 29 for the purpose of electing delegates to the National G. O. P. convention at Chicago in June. In addition to the election of representatives to the national organization there will be a mass of other business to be handled.

The big guns which were in action in 1912 and which have since been more or less inactive are being overhauled and prepared for the fall campaign. It has already been announced that T. J. Muncy, of Blaine county, will be chief gunner and will fire the opening gun of the convention in the capacity of temporary chairman.

As Mr. Muncy is an orator of more than local reputation, it is expected that in sounding the key note of the convention he will have some thing interesting to tell the Republican delegation.

While of course the election of a permanent chairman is more or less a matter of speculation, indications just now point strongly to the selection of S. Harris Hoge who was temporary chairman four years ago.

The leading speaker of the occasion, however, will be W. E. Humphrey, Republican congressman from Washington, who has been invited to address the convention at its afternoon session. Mr. Humphrey is considered one of the finest speakers at the house and it is expected that his presence will give an added interest to the convention.

Congressman O. Bascom Slamp, stopped in Roanoke Sunday on his way back from Bristol to Washington. His stay here was limited, however, and he had little chance to talk on matters other than business.—Roanoke Times.

## The World War in Figures

In Europe 78 per cent of the population is at war, in all the world 50 per cent of the population involved in the conflict; 13,000,000 men actually under arms; 2,000,000 killed; nearly 4,000,000 wounded more than 3,000,000 prisoners.

We cannot grasp these figures, but we can get some idea of what they mean by comparing them with the results of previous wars. We were accustomed to speak of our Civil War as the greatest conflict of modern times; but apparently it was only one tenth the magnitude of the present conflict. At no time did the number of men actually under arms, North and South exceed 1,300,000 men, and the total number of those killed in battle and who died of wounds on the Northern side was 110,070, and on the Southern side probably not more than 80,000; so that in four years of war when the destruction of life was less than one-tenth of the destruction of life during a little more than one year at the present time.

In the Napoleonic wars from 1798 to 1815 the largest army ever assembled was that which Napoleon led into Russia in 1812, and this numbered somewhat in excess of 500,000. The German armies fighting today in Russia on the east and France on the west are more than six times as large.

## She Will Recover

So her doctor said. Her friends and neighbors felt sure of it too. They have used Peruna themselves and know of its merits. That old cough that had worried her for years and years, for which she had taken all sorts of cough medicines, has disappeared. Peruna is doing the work. She will recover. Indeed, she has recovered.

Her name is Mrs. William Hohmann, 2764 Lincoln Ave., Chicago, Ill. She had suffered with catarrh of the bronchial tubes and had a terrible cough ever since a child. As she got older she grew worse. She coughed both winter and summer. Had to sit up at night. Could not sleep. "But all that has left me now. Peruna has cured me." There are others, and there is a reason.

## More Money for the Common School.

There are two bills before the legislature of Virginia in behalf of which every citizen of Smyth County ought to write without delay to his representatives, and to any other member of the legislature with whom he may have influence.

The lack of funds for running the public schools of our State is appealing to all who have studied the situation. Virginia spends about 11.35 per capita schooling the children of her counties, while Oregon spends \$32.00 per capita, and the average of the entire forty eight states is \$30.00.

Mr. Stearnes, the State Superintendent of Public Instruction has estimated that the minimum for country children in Virginia should be \$20 and for city children \$30. He declares that need at least he thinks that the State should contribute \$1,200,000.

As the editor of the Virginia school Journal says the public school system of Virginia does not need reconstruction one half as much as it needs money. The man who is trying to run a twelve million dollar plant on a six million dollar base doesn't need a machinist half as much as he needs a capitalist.

The second bill of vital importance to the mountain counties is the bill for compulsory attendance. Our present local option statute is utterly inadequate. Our one sixth of the white children of Virginia are not in school.

Examine these measures, and if you favor them, write at once to your representatives asking them to support the bills.

## RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system.

To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and rebuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

The great educational and social event of last week was the meeting of the Civic League on Saturday. There were twenty present in the absence of the President, Mrs. T. M. Kinnon, the Vice-President occupied the chair. After brief devotional exercises and the reading of the minutes the committee report on the cooking contest was called for. Mrs. Wiley Testament gave this report. Prizes had been offered for the best pies and cakes. The report of the committee was received and the committee was asked to continue its work. A second contest in cooking for the girls of the school will be arranged for the next meeting, this time to include light bread and biscuits. It was also enjoined upon the Program Committee that a special program be prepared for that meeting. A committee was also appointed to look after some special charitable work in the neighborhood.

Ah, these women, what a great power they are for good in the community when once they get interested. The business over, the program of the afternoon was called for. This consisted of recipes cakes and pies with samples for the whole company. Mrs. Testament showed a fine piece of fancy work and told how it was made. Mrs. A. Pafford read a receipt for a delightful cake which we all prized to be delicious. Then came a recipe for chocolate pie by Mrs. Wassum, and we discovered one of the secrets of Eugene's good nature when we came to sample his good wife's cooking. A committee of judges was then appointed to judge the work of the girls. After a long time the report was brought in. Miss Bencie Roberts was adjudged the winner of the first, while Miss Birda Pafford ran her a close second. The prize, were duly awarded to these popular young ladies and their pies were eaten by the appreciative company and the meeting adjourned.

### Didn't Have to Pawn Her Ring.

A woman called at the loan agency of the board of public welfare and offered a cheap ring as collateral for a small loan.

"I pawned my ring here last summer; I wonder whether you still have it?" she asked the clerk.

"How much was lent on it?" the clerk asked.

"One hundred dollars. I simply couldn't get the money together to redeem it."

"We sold your ring at auction the other day for \$125. You have \$25 coming."

Ralph Jerry, attorney for the agency, paid the woman the balance due her. She didn't pawn the cheap ring, and went away surprised and happy.

About two hundred other patrons of the agency have balances due them, ranging in size from five cents to \$150. The last auction was held last Monday and Tuesday. All unredeemed pledges were sold, and in cases where the sale brought less than the amount loaned, the agency stands the loss.—Kansas City Star.

### For Children's Cough.

You can't use anything better for your child's cough and cold than Dr. King's New Discovery. It is prepared from Pine Tar mixed with healing and soothing balsams. It does not contain anything harmful or is slightly laxative just enough to expel the poisons from the system. Dr. King's New Discovery is an expectorant—it kills the cold germs—raises the phlegm—loosens the cough and soothes the irritation. Don't put off treatment, Coughs and Colds often lead to serious lung troubles. It is also good for adults and the aged. Get a bottle to-day. All Druggists.

### Time Lock Universal.

Practically all the modern safe deposits possess time locks. These timepieces operate from one hour to three days. When the doors are closed the timepiece is set, and on no account can the doors be reopened until the clock has run its allotted time. The other week a clerk overwound the timepiece at a well-known safe deposit, with the result that the renters could not gain access to their safes until late in the afternoon.

Anyone, of course, can hire a safe in a public safe deposit by paying the necessary rent. Each renter is supplied with his own key, and if he loses it his safe has to be broken open, for the company does not possess duplicate keys.

H. M. Falke, Lincoln Hill, Marion says: "I suffered a long time with my kidneys. My back ached all the time and was so weak and sore that I could hardly do any bending or lifting. The kidney secretions were too frequent in passage, causing me to get up at night. They were highly colored and burned in passage. I tried many medicines without any relief until I got Doan's Kidney Pills at the Carson Drug Co. They cured all signs of the complaint and I am glad to tell others about them. Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Falke had. Foster-Milburn Co., Props., Buffalo, N. Y."

### \$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at last one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional treatment. It's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Take Hall's Family Pills for constipation.

There is good sense and real patriotism in the measure, introduced by Delegate Jones, of this city, and which passed the House of Delegates yesterday, providing means by which the Stars and Stripes may be raised over every public school in Virginia. The flag is to fly during school hours on each school of the year, weather conditions permitting. It is well that the youth of Virginia shall have before their eyes the flag of their country. They may have to defend it, and they should learn early in life to love and reverence it.

### Praise From a Minister's Wife

Tells of Her Long Suffering and How She Found Relief. Husband Joins In Commending Cardui.

Waynesville, N. C.—Mrs. Joseph Fry, wife of the Pastor of Jonathan Circuit, Western North Carolina Conference, M. E. Church South, writes: "About 1899, about fifteen years ago, I had a severe case of Typhoid Fever and a relapse, which left me in a very bad condition, which got worse all the time. Was so nervous, could not stay in the room alone for five minutes, and I was irregular. My nervousness was an awful worry to me and my friends, and I couldn't sleep for four or five nights at a time. The doctors would often have to give me something to make me sleep. Could do none of my work and had to keep a cook.

I then began taking Cardui and after I had taken half a bottle I felt I was improving and not so very long afterwards I was able to go church. After I had taken four or five bottles, I was able to turn off my cook and do my own work, and I got back my correct mental condition, for I had been so nervous and absent minded, since my illness. I was also able to return to school and resume my studies and my piano lessons at Trinity College where I was in attendance."

Rev. Mr. Fry writes: "She cannot praise Cardui too highly. It is well worth what it costs. I will recommend it to any lady in poor health."

Can you doubt the merit of Cardui, in the face of such evidence? Give it a trial. All good druggists sell Cardui.
