C. BASCOM SLEMP RETIRES FORM NATIONAL COMMITTEE.

Washington, June 12.—Washington was not prepared for the announcement from Cleveland last night that C. B. Slemp had retired from the national Republican committee, and that Henry W. Anderson, of Richmond had been agreed upon as his successor.

Slemp apparently had not confided in any talkative friends. The White House correspondents had no intimation of what was coming.

Only one explanation was advanced. It was that Mr. Slemp, the president's secretary, desired to relieve his chief of any embarrassment which might have resulted from the charge that the White House was dominating the national committee directly.

Mr. Anderson steps into the place filled successfully by the late Alvah H. Martin, of Norfolk county, and Mr. Slemp, who succeeded Martin. At the time of his accession to the committee post, Mr. Slemp was serving as congressman from the Ninth Virginia district and also having charge of the office of federal patronage referee for the state.

After becoming national committee-man, Mr. Slemp continued to be patronage referee as well as congressman. About two years ago, however, he unloaded the patronage job onto Joseph L. Crupper, who has continued ever since to act in the capacity of patronage referee.

Mr. Anderson is not expected to become patronage referee, Crupper, it is believed here, will continue in that post.

Should President Coolidge be elected it is accepted that Mr. Slemp will get a cabinet post Anderson, in that case, would find the job of national committee-man invested with added power and prestige, and his influence in Virginia Republican politics increased beyond what it has even been in the past.

Mr. Anderson is one Republican who has fared well under both the Harding and Coolidge. The former was on the point of nominating him for the supreme court last year, but withheld the nomination when the Virginia senators let it be known that they would block confirmation. Until recently he has been connected with the department of justice under former Attorney-General Daugherty in the capacity of special consul at an annual salary of \$10,000 a year.

Grey-Lincoln Wedding.

The Royal Oak Presbyterian church of Marion was the scene of a most beautiful wedding on Wednesday evening at seven-thirty, which united members of two of Southwest Virginia's most prominent families, when Miss Elizabeth Rhea Grey became the bride of Mr. Willard S. Lincoln.

Graceful baskets of white peonias and numberless white candles against a background of ever-greens formed a beautiful setting for the bridal party. Just before the ceremony Mrs. W. L. Lincoln mother of the groom sang "I Love You Truly," and "At Dawning" in her charming manner. She was accompanied by Miss Edna Brown at the organ and Miss Frances Coyner on the violin.

The strains of Lohengrin's Wedding March the bridal party entered in the following order: Mr. Boyd Staley, Mr. Morgan Painter, Mr. Robt. Grey, of Washington, Dr. James King Grey and Mr. Frank Lemmon as groomsmen. Bridesmaids wearing rainbow shades of georgette crepe carrying old fashioned nosegays of vari-colored flowers followed. They were Misses Frances Lincoln, Evelyn Anderson, Mary Richardson and May Copenhaver. Mrs. Frank Lemmon as matron of honor and Miss Sarah Richardson as maid of honor. Laura Louise Lincoln dressed in white carried the ring in a calla lily while Mary Helen Grey scattered rose petals in the path of the bride, who entered on the arm of her father and was met at the altar by the groom and his best man, Mr. Ralph Lincoln. The bride was beautiful in a modish costume of white crepe back satin and lace with a veil of Brussels lace caught by a coronet of pearls. She carried a shower bouquet of brides roses and swansonia. Her only ornament was a necklace of diamonds and amethyst worn by her mother and grand-mother on their wedding days. The impressive ring ceremony of the Episcopal Church was used by Mr. Wilson who officiated.

The reception which followed at Greer's Tea Room was a large and brilliant affair. The ball room was tastefully decorated in roses and ever-greens. The receiving line was formed with Mr. and Mrs. Robt. Grey, Mr. and Mrs. W. L. Lincoln, the bride and groom and their wedding party. Mrs. Grey wore green georgette embroidered in pearls. Mrs. Lincoln wore taupe beaded georgette. The reception was followed by a dance for the bridal party.

Miss Grey is the daughter of Mr. Robt. Grey of Marion and was educated at Randolph Macon Academy in Danville. Mr. Lincoln is the oldest son of Mr. and Mrs. W. L. Lincoln and is associated with his father in the furniture business in Marion.

Misses Sarah and Mary Richardson were hostesses on Tuesday evening at a dinner in honor of Miss Elizabeth Grey, a bride of the week.

The table with its beautiful setting of ebony lace and silver was decorated by an enormous silver basket of roses and silver candle sticks. Above it was hung from the chandelier a shower of rose buds, while streamers of pink tulle wound with smilax were drawn from the chandelier to each corner of the table. The place cards were miniature bridesmaids' and groomsmen. The bride was presented with a beautiful bridesbook of white kid as guest of honor prize. Those present were the bridesmaids and groomsmen who formed the bridal party and several house guests of Miss Grey's.

They will be joined later by their parents Major Anderson and his wife.

A Delightful Occasion.

MARION KIWANIS CLUB HOLDS LADIES NIGHT MEETING

The Marion Kiwanis Club held a meeting Monday, June 16th, instead of the regular meeting which is held on Tuesday. This was done to conform to plans of all of the clubs. This was the best meeting ever held in Marion according to the records concerning the other meetings. Each of the preceding meetings have been the best, but this one beat all of the others.

The program committee has been making great preparations for the last two weeks, and from the program they presented nothing was omitted which could give entertainment. The committee, composed of W. L. Lincoln, Dr. R. H. Phipps, J. K. Meek and Walter B. Jackson, spared neither time nor expense in getting fine local entertainers, as well as going to Bristol and getting people who could give fun and who know how to entertain. Everything went off with a snap. After President B. E. Copenhaver called the meeting to order the only preliminary as is usually made was the opening prayer by Kiwanian Edwards.

The first of the attractions was the dinner given by F. M. Greer in the large banquet hall of the restaurant, where about one hundred twenty of the Kiwanians and guests from Marion and other towns were gathered around the tables. After a few of the courses had been served, the Chairman of the evening, Mr. W. L. Lincoln, was called upon to start something, and he then called upon his performer. The first number called for was a solo by Miss Nellie Staley of Marion who spent the past session in the Cincinnati Conservatory of Music, who sang "Little Mother of Mine."

After Miss Staley, the Kiwanians were given the pleasure of hearing Miss Margaret Wassum, another young lady of Marion who has just returned from the Cincinnati Conservatory of Music, give a violin solo, "Romance in A". Miss Wassum has great talent and during the past session won many honors in school.

Mr. John P. Brosius of Marion, who sang, "Roaming" and "Tulips," two beautiful solos. Then came the talent that the committee sent for Mr. Dick Bunting and Miss Florence DeHart, of Bristol, both of great reputation for their ability to perform, sang Samoa, while Miss DeHart danced the dance of the natives of the islands. This song and dance met with so much applause that they had to respond to an encore. Mr. Bunting and Miss DeHart then gave the Newsboys Dance, in costume and with a rough appearance such as most new-boys have, this dance likewise met with such hearty approval that a second appearance had to be made. Both Miss DeHart and Mr. Bunting entered into the evening's fun like real Kiwanians.

Miss Anna Bryant and Miss Elizabeth Anderson, who have appeared several times this winter, then sang, "I am Minding My Business," and danced a cake walk.

Miss Nellie Staley then sang "Macheta" and was followed by dance "Scho," which was just recently been produced in Hollins. This dance was by Misses Frances Coyner, who just recently performed at Hollins, and Miss Margaret Atkins of Marion. This was an interpretative dance and was performed with much skill.

At the close of this part of the entertainment, zero hour, was observed and a portion of the regular program, observed by all clubs was conducted by the President of the club. Nothing was lacking, for W. V. Birchfield was there and brought cigars for everybody, who could, would or even had an idea of intending to smoke, after the meeting.

Charlie Blackwell, one of the silent members of the club, came up to his usual standard and presented a "Silent Boost" which would have been a credit to a man twice his size. It could be determined from the size of the prize that Charlie has big ideas. The "Boost" was a large cake in two layers with Kiwanis Club in blue icing, on the top layer with "Ladies Night" on the second layer. The cake itself was about twenty-two inches in diameter and about one foot high, and a cake that would melt in your mouth. All the members of the Committee are to be congratulated upon their success in getting up this fine program which was a surprise to all except those who were on the committee.

Mr. and Mrs. C. Preston, Mrs. Jas. Keller and daughter, of Abingdon, were in Marion Wednesday attending the Lincoln-Grey wedding.

Some time during Sunday night an attempt was made to break into the safe of the American Express Company at the Norfolk & Western station at Marion. The attempt was unsuccessful, though the thieves broke the handle to the safe and damaged somewhat the combination to the lock. From the bungling way in which the attack of the safe was made it must have been the work of amateurs.

The Ladies Aid Society of the Centenary M. E. church held its regular monthly meeting at the home of Mrs. Ila M. Prater Lael, Thursday June 12th, with a goodly number present, Mrs. Cupp president, presided over the meeting. The routine of business was carried out. Then a program followed, with music by Miss Ethel Hutton and little Miss Lula Ruth Pippin of Knoxville, Tenn., to the delight of all. Then a recitation paper letter by Lula Ruth Pippin which was very appropriate.

MARION'S GOOD STREETS.

On Sunday June 15th we started out from Roanoke enroute to Bristol to attend the great Sale of King's the wife being desirous of hunting for "bargains." The road between Roanoke and Radford were rotten, but when we struck Radford we found good macadam road and made good time from there to Wytheville, making a stop-over there for supper at 8 o'clock. At 9 P. M. we left there and made a record run, but the "wimmen-folk" curled up and were taking a nice comfortable nap on each other's shoulder when we struck the streets of Marion, when the wife woke up with a start and exclaimed, "My you certainly did get to Glade Springs quickly," referring to the rough condition of the streets of Marion, particularly between the railroad and the Post Office. She was very much surprised when I told her that we were only as far as Marion, for six months ago when we were making this same trip we could not but compliment the town on its smooth pavements, both side walk and middle of the street. We decided, since we had been having engine trouble as well as three flat tires on account of tacks and one blow-out that we would spend the night in Marion.

Monday morning while I was having some work done on the car, the wimmen sauntered down the street and on seeing such a splendid array of dresses, hats etc in the store windows, decided they would do their shopping here, and stated that they found some good bargains here, just as good as they would have found in Bristol. So we remained here until Tuesday morning and set our faces toward home. X Y Z

1918	\$22,480,000,000	1923	\$16,064,000,000

During 1923 the American farmer carried over \$16,064,000,000 worth of grains and live stock, dairy and poultry products, fruits and vegetables from the farm to the market. The total value of the nation's farm output was \$146,000,000 more than the estimated value for 1922 and over \$6,169,000,000 more than the value of the farm products in 1914.

In 1921 and 1922 the value of farm products was lower than any year since 1910, when the total was \$13,406,000,000. With the entrance of the United States into the World war, prices for farm crops almost doubled in value. In 1917 the total value of farm products was \$19,331,000,000, an increase of \$5,925,000,000 over the previous year. In 1918 the value had reached \$22,480,000,000 and in 1919 it was estimated at \$23,787,000,000. In 1920 the total value of farm products decreased in the one year more than \$5,459,000,000. In 1921 there was a still greater reduction, the total value having dropped to \$12,402,000,000, the lowest since 1915. Since 1921 values have been working their way back to normal.

Of this year's crop more than \$2,000,000,000 worth were marketed by the farmer's own business organizations at the actual cost of handling. Reports from 2,600 grain co-operatives show business totalling \$400,000,000; 1,841 dairy products organizations did a business of \$300,000,000; 1,182 live stock shipping associations, \$280,000,000; 78 cotton co-operatives, \$100,000,000 and 14 tobacco organizations, \$132,000,000. Only 8,313 of the 10,300 organizations have reported, of which 90 per cent were primarily engaged in selling farm products.

HAS HIS PICTURE.

The May-June number of the Game and Fish Conservationist contains the picture of Mr. A. M. Newman, the Game Warden for Smyth County, and runs under it the following: "Premier 'Go-getter' on subscriptions to the Game and Fish Conservationist." We do not know the record of Mr. Newman as a subscription getter, but when it comes to looking after the duties of his position he is right on the job all the time, and the dog that has not got a tag had better move into the next county at once.

THE CLEVELAND CONVENTION FINISHED ITS WORK.

NOMINATES A STRONG, PATRIOTIC AMERICAN TICKET.

As we announced in the last issue of the News the Republican Convention that met in Cleveland, nominated for the President of the United States Hon. Calvin Coolidge of Massachusetts. We went to press before the Convention had completed its work, but this was done later by the nomination of General Charles G. Dawes, of Illinois, as the candidate for the office of Vice-President.

To much praise cannot be given to the leaders of the Republican party who in convention assembled have nominated two men for the high offices of President and Vice-President of the United States that will when elected to these high position, discharge the duties attached thereto with honor to themselves and to the best interest of the whole people. The men who have been selected to carry the standard of the Republican party to victory in November are broad-minded, patriotic American citizens, and have deep at heart the best interests of the whole people, irrespective of section or private interests. They will safely and firmly guard and protect the true interests of the whole people, and the demagogue, the place-seeker, and the man who would use the power of the government for the purpose of advancing personal and selfish self-interest, will have no place in their council and no part in the government.

General Dawes in accepting the nomination, spoke as follows:

"You have done me a great honor in gathering here irrespective of party and simply as my friends and neighbors in Evanston, where I lived for so many years.

"I know you want me to say something and yet upon such an occasion as this, it would be unseemly in me to speak in a partisan manner.

"But it occurs to me that there is one subject which may be called political and yet is thoroughly nonpartisan—a subject upon which all good citizens, whatever may be their party, must agree—and that is the curse of demagoguery in political discussions in this country. To such an extent has grown this among the politicians of both parties that the real facts and economic principles involved in questions of national policy are continually obscured by a dense and putrid fog bank of demagogic arguments, designed simply for the purpose of forwarding selfish personal, political and group interests.

"I have recently returned from Europe where I have seen in prosperated industry and human suffering the effects of five years demagogic political appeals to the passion and prejudices of the different peoples as distinguished from appeals to their reason and common sense."

To the very brink of the abyss has Europe been brought by this method of treating serious questions, involving great elemental and economic principles. To save herself she has abandoned the demagogue and returned to common sense.

"An orgy of demagogism has been running rife in the world and we, here in the United States, are feeling its devastating effects. All good Republicans and all good Democrats, who put their country above their party demand the beginning of an era of common sense in public discussion.

"As human beings whatever may be our party, we are bound to differ on many subjects, but as good citizens, we can unite to demand from those who represent us in political debate that they present our differences honestly and from the standpoint of truth—not from the standpoint of passion and prejudice. The man who distorts facts—the man who preaches pleasant doctrines to one portion of our people and another pleasant but absolutely inconsistent doctrine to another portion, is a menace to the safety of our fundamental institution. As good citizens, irrespective of party, we must demand from our political leaders a strict adherence to the truth including disagreeable truth.

In the campaign which is before me, and as a duty I owe not simply to a political party, but to the citizens of the United States, I pledge myself to adhere to the truth and to the natural common sense conclusions to be drawn therefrom. As to the demagogue on the stump, whatever may be his party, I want it distinctly understood that in the coming campaign I ask no quarter and will give none. In this, at least, I know that I will have the sympathy of all good citizens irrespective of party and I hope our political opponents will follow the same course. Let common sense reign.

"When this campaign is over, what ever may be the result, I want to come back to my home town still holding the respect of my neighbors."

The Cleveland Convention nobly did its work, and have given to the American people true and tried men for their leaders, and when in November Coolidge, Dawes and Summers are swept into office with a tremendous majority of the American people behind them, every interest of the country will be in hands of men that can be depended on to be true to the trust that has been confided to them.

"If Your Pain Is There, What You Need Is a Good Tonic For the Kidneys"

The kidneys are the scavengers and they work day and night in separating and the poisons from the blood. Their signals of distress are easily recognized and include such symptoms as lumbago, backache, depression, drowsiness, irritability, headaches, dizziness, rheumatic twinges, dropsy.

People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances. It means that you are a victim of uric acid poisoning. Then ask your druggist for Anuric (anti uric acid) and you will very soon become one of hundreds who have been helped by this powerful enemy to uric acid.

Dr. Pierce manufactures Anuric (kidney-backache) tablets and you can obtain a trial pkg. by enclosing 10c and addressing Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

NOTICE

A VALUABLE FARM TO BE SOLD AT PUBLIC AUCTION.

Pursuant to the terms of the will of the late William H. Little probated in the Clerk's Office of Smyth County on June 23, 1923, in Will Book No. 9, page 6, I will sell at public auction on the premises, on June 28, 1924, at 2:00 o'clock, P. M., as executor of the said Will, all of the land of which the said William H. Little died seized.

DESCRIPTION:

Located in the Rich Valley District, Locust Cove, on the McCadam Road leading to Saltville, containing about 107 acres, the same being sold by the boundary, with splendid dwelling house thereon, a good barn and other outbuildings, and a fine orchard; a large portion is rich bottom land, the rest is rolling with a blue grass sod, and the entire farm is well watered. Very seldom is such a farm offered for sale at any price, however, this property will be sold to the highest bidder.

TERMS: 1-3 cash in hand on day of sale and the balance upon a credit of one and two years, bearing interest.

There will also be sold at the same time and place the household goods and some other personal property.

Given under my hand this June 3, 1924.

VIRGINIA: In the Clerk's office of the Circuit Court of Smyth County, the 23 day of May, 1924:
 Commonwealth,

vs.

One Ford Automobile Motor No. 7743172.

Whereas, Chas. H. Funk, Attorney for the Commonwealth of Smyth County, Virginia, has filed an information, under oath, against one Ford Automobile Motor No. 7743172, seized while in the possession of Fred Kinney and Jim Mayberry, for the purpose of having the same condemned and sold and the proceeds disposed of according to law, and alleges that the same was seized on the 30th day of November, 1923 by the Sheriff of Smyth County, while being illegally used for the transporting of ardent spirits in said County.

Now, therefore, all persons concerned in interest, are hereby notified to appear before the Judge of the Circuit Court of Smyth County, on the first day of August term, 1924 that being the 28th day of August, 1924, to show cause, if any they can, why the prayer of the information for condemnation and sale of said automobile should not be granted.

A Fretful Child is a Sick Child

—W. L. Hand.

It isn't natural for a child to fret—nine times out of ten the mental disturbance is due to the ill effects of fermentation of partly digested food.

Of course, a laxative is needed, but the ordinary children's laxative fails in many a case to bring quick relief because it has little or no action on the liver.

Liv-o-lax is a thorough cleanser—it clears out the liver as well as the bowels and so rests the stomach and helps nature bring digestion back to normal.

The action of Liv-o-lax really is remarkable. It can be used in place of cod-liver oil and yet it is a pleasant-tasting, vegetable, liquid remedy that does its work without causing any kind of distress. Children love to take it and it is just as good for adults. All the drug stores have Liv-o-lax.

"You want to follow this chart!"

"WHAT'S the good of a scientific lubricating chart," says the experienced Fleet Boss, "when you don't take the trouble to follow it. You ought to use medium in Winter and heavy in Summer, watch your transmission grease and use a real flushing oil when you drain your crank case. Car and oil engineers together have figured out the chart. I use it for every model in the fleet—you ought to be just as careful."

Fifty-four years of experience in studying lubricating problems and specifying the right lubricants are back of the "Standard" Polarine Chart. For car, truck or tractor—motor, transmission, differential—the chart is your one reliable guide. Learn what the chart says and stick to it. Most good dealers carry all the "Standard" Polarine Motor oils and greases you need and urge you to accept only what the chart recommends.

THE Big-Six Touring is a seven-passenger car—not merely a seven-passenger body mounted on a five-passenger chassis.

It was designed and built for seven-passenger service—with a motor of ample power and stamina for seven-passenger satisfaction.

Then, too, with the auxiliary seats folded away, the Big-Six becomes the most desirable five-passenger car in which you have ridden, with room enough for all the luggage you will ever need.

Big-Six appearance is attractive, distinctive, and in good taste. Its performance, acceleration, flexibility and

dependability are known and respected the world over.

No car, regardless of price, surpasses it in quality or completeness of equipment.

If a smaller manufacturer or assembler were to build the Big-Six—of equal quality and workmanship—his price would be \$3,500—perhaps more.

But Big-Six overhead is distributed over six times as many units as are built by any Big-Six competitor, hence Big-Six cost and selling price are surprisingly low.

Don't buy blindfolded. Examine, ride in and drive the Big-Six before you buy any other car.

WHY PASTURES "RUN OUT"

Farmers everywhere are now asking why their pastures are not as good as in years past. There are several reasons.

Listen at this. The milk produced by the average milk cow in Virginia in one year removes from the pasture as much nitrogen as is contained in 125 pounds nitrate of soda, as much acid phosphate as is contained in 50 pounds 16 percent acid phosphate, and considerable lime besides. Or, to express it in another way, the nitrogen and acid phosphate removed is equal to the amount contained in 1 1/2 tons of stable manure. A thousand pound steer takes out as much nitrogen as is contained in 170 pounds nitrate of soda and as much acid phosphate as is contained in 115 pounds of 16 percent acid phosphate, besides about 40 pounds of limestone. Other livestock take off proportionate quantities.

Besides these losses, the rain which fall on an acre of land in Virginia in a year reaches out about 500 pounds of lime which is carried away in drainage water.

With these facts before you, consider the number of head of livestock and the amount of livestock products which your pasture has produced in the past 20 years. Your deductions will probably show quite a large amount of fertility and lime removed.

The lime and acid phosphate supply which has been so largely drawn is essential to the growth of clover, and nitrogen is essential to the growth of blue grass.

Another important reason for pasture deterioration is grazing too close early in the spring. The plants are sometimes literally starved to death by the early and close cropping. Then, too, excessively close grazing in the fall destroys the protection otherwise afforded by the forage during the winter. Of course, droughts, and other things have their effect too.

COURT REFUSES WRITS OF ERROR IN GARRETT CASE

Wytheville, Va., June 16.—The supreme court of appeals of Virginia the court of last resort in the state, today refused writs of error in the case of D. D. Garrett, clerk of the circuit court of Cumberland county against the commonwealth and also in the case of Larkin C. Garrett, brother of R. O. Garrett against the commonwealth. These cases are among the well known criminal cases in the state and were bitterly fought in the trial court.

The refusal of the writ of error in the case of R. O. Garrett means he must serve a sentence of five years on a conviction of second degree murder and Larkin C. Garrett a term of four years for the killing of Rev. E. S. Pierce in Cumberland county on June 1923.

Boiler Kills Five Men

FIVE MEN INJURED IN BOILER EXPLOSION AT PLASTERCO

Saltville, June 12.—At about 8:30 o'clock this morning at the Plasterco plant of the U. S. Gypsum Company a water heater connected with the boiler system of the steam plant exploded, severely burning five men, who were working in the immediate vicinity of the place where the accident occurred. Prompt work on the part of the company physicians and the employees of the plant soon had the men in the company emergency house and under medical care.

Of the men burned, Rev. George Hodgson, engineer at the plant, also pastor of the Plasterco and Damascus Baptist Churches, is not expected to live. William Scott, of Liberty Hill and Lee Farris, of Plasterco, were less seriously burned and all three of these men were removed to the hospital at Abingdon in the hospital ambulance. Mr. Kerr, local manager, is able to be about but is badly burned about the face and arms.

GRAHAM AND BLUEFIELD COMBINE—NAME CHANGED TO BLUEFIELD, VIRGINIA

Bluefield, W. Va., increased her population 5,000 and Graham, Va., the adjoining city swelled her population 22,000, Tuesday, when the latter community, by a vote of 287 to 233, adopted the name of Bluefield, Va. The strongest opposition to the movement.

By the decision of the qualified voters of Graham today the prediction made years ago that Bluefield and Graham would be united some day has at last been realized. The two cities have grown together and to the non-resident of the community, the division line between the two communities could never be distinguished.

The movement was launched some months ago and by a special act of the General Assembly of Virginia an election was called for the qualified voters to decide the issue.

DEATH OF MR. JOHN F. MCINTIRE.

After an illness of only 6 days with pneumonia, God saw cause to call Mr. McIntire from earths dwelling place May 30th, 1924. He was born December 1845, he served in the Civil War. Being twice married his first wife was Miss Mattie Hubble. One son was born to this union, Mr. Charlie McIntire. His first wife proceeded him to the better world about 17 years ago.

His second wife was Miss Alice Wolf; there was born to this union two sons, Emory and Ellis. Mr. McIntire endured his afflictions without murmur or complaint, he will be missed about the town of Marion, as he was well known of everyone. We sincerely hope and send up our humble prayers to our king of all things that he is rejoicing today around the throne of God, and watching for the bereaved ones, for whom our heartfelt sympathy go out. It seems hard to give our loved ones up, but after looking thru the dark vale of tears, we can remember God doeth all things well.

His funeral was conducted at his home by Rev. Wilson. I have never seen more willing hands than there were in giving assistance in ever way during the illness death and burial of Mr. McIntire. They took him back to his old home in Rich Valley, and laid him to rest in the family burying ground owned by Mr. E. H. Hubble. We wish to extend to Mr. Hubble and sisters our many thanks and may God bless you all for the generous hospitality they showed by serving the funeral crowd with dinner and other kindness they showed. They took the corpse in the same room where his wife layed 17 years ago. It makes us all think and know, there are whole-hearted men and women, who are looking for a better home after leaving this life, and going into eternity as one brother has done. There was an immense crowd of old friends and neighbors who attended the burial of Mr. McIntire.

WHEAT TO REACH \$1.35 A BU.

Before election day wheat will sell for \$1.25 a bushel and before Christmas for \$1.35, it was predicted by Dr. David Friday, director of research in the National Transportation Institute at Washington, speaking before the closing session of the National Association of Credit Men.

Reports on the American and Canadian crops indicate a decline in production, Dr. Friday said. He predicted a general upward trend of prices for all farm products. Agricultural content, he prophesied, will settle over the country next year.

Dr. Friday said that although the number of people on farms now is only 10 per cent greater than twenty years ago, farm production has increased 40 per cent. "Forget the back to the farm movement," he continued. "It is not the solution of the problem. During the next ten or fifteen years there will be no appreciable increase of farm population. There will be sufficient food by use of more and better machinery. The only difficulty now is that farmers have not been able to get prices for the last few years."

Eugene S. Elkus, San Francisco, was elected president of the national association at the closing session. Directors for a two-year term include J. F. Wood, Richmond, Va.

Gas Tax Is Making Money

GASOLINE TAXES IN 10 MONTHS \$2,363,540

The net collection of gasoline taxes by the State during the first ten months of operation of the new law aggregated \$2,363,540 according to figures released today from the office of James M. Hayes, Jr., Motor Vehicle Commissioner elect.

Every indication, says Commissioner Hayes, points to the fact that collection of the gas tax for the ensuing two months will bring the first year's total up to about \$3,000,000.

License tax collection for the said that up until June 1st his department had paid in automobile license taxes alone \$3,237,528.86. These figures for the first five months in 1924 are equal practically to the total motor license tax collections for the entire year of 1923.

Commissioner Hayes looks for fully an additional \$500,000 from the automobile tax, bringing this item up to about \$3,750,000 for the year. He said that the new bus tax had produced to date \$27,721.

On June 17 the minimum automobile license tax will be increased from \$10 to \$13.20, said the Commissioner. Under this law cars selling for much more than Fords, but of less horsepower, will be required to pay the same tax as Fords. Taxes are also soon to be materially increased on heavier trucks, the heaviest being a tax of \$200 on five-ton trucks.

Of the 3-cent gasoline tax 1-cent goes to the construction of feeder roads in the counties, the remaining 2 cents being applied through the State Highway Department to the construction of State roads.

The automobile license tax at present is used for road maintenance. After June 17 such portion of this tax as is not used for maintenance will be dedicated to road construction.

B. FRANK SPRINKLE

One of the first believers in "own your own home" in Fort Worth died Tuesday morning when B. Frank Sprinkle, 72 passed away at his home 1012 North Lake Street. Sprinkle since he came to Texas from Marion Smith County, Virginia, in 1881, lived in only two homes. Both of them he owned. The first was a modest three-room cottage at 611 East Second Street. He lived there for almost 30 years and then moved into the palatial home on North Lake Street, which he occupied at his death.

Last month Sprinkle celebrated his fortieth wedding anniversary. His widow and three sons, Arthur Herbert and Robert, were at the home Tuesday, as well as two grandsons and three brothers, the latter W. H., J. B. and T. P.

Funeral services will be held Wednesday afternoon from the residence, the Rev. J. W. Bergin officiating and Rev. R. C. Armstrong assisting.

Sprinkle was a member of the first band organized in Fort Worth and was a volunteer fireman.

When Sprinkle came to Fort Worth he engaged in the lumber business. Later he dealt in real estate and up to 10 years ago was active.

Rev. Mr. Bergin was selected to conduct the funeral services because Sprinkle was an active member of the First Methodist Church of which he is pastor. Sprinkle was the first \$1,000 contributor to the church.

KING'S THIRTY-FIFTH Anniversary Sale

-- Unquestionably Bristol's Biggest Sale in Thirty-five Years. --

This is Bristol's Biggest Sale because WE'VE MADE IT SO. Because we've gone to whatever extremes we deemed necessary to accomplish our aims in making new selling records. Six full pages in Sunday's Bristol Herald Courier failed to hold all the offerings we wished to present, but were sufficient to at least carry an expression of the magnitude of the sale in its importance as a value-giving event.

THE SALE WILL CLOSE SATURDAY, JUNE 28TH.
