## National Y. W. C. A. Secretary

Business girls of this city will have a Summer Camp all their own where they can spend week-ends from June until September. This and other plans of importance to the girls of the city have all come out of the visit of Miss Eleanor Copenhaver of New York, who is stopping here this week-end during a tour of middle western cities in the interest of business girls and the Y. W. C. A.

### Business Girls Active

"I have found the business girls everywhere eager to attend the meeting in New York this spring, because they are anxious to have a part in the shaping of policies which concern them in their future work," Miss Copenhaver said today.

Miss Copenhaver addressed board members of the association at luncheon today at the Y. M. C. A., talking over questions which will come up at the biennial convention, such as motion pictures, world peace, unemployment, and certain changes in the Y. W. C. A. constitution.

Speaking before girls assembled at the Y. W. C. A. last evening, she told them how the American business girl was idolized the world over and how she was striving for advancement.

"Business girls today are expecting to get a free ride to the millennium on the back of 'psychology,'" she said. "Everywhere one of their paramount interests is personality, and they are working and living in the belief that personality and character can be changed. They are demanding real courses in psychology to supplant the quack courses being given by fake commercial psychologists."

"Women in the world today are thinking, 'They no longer live in a tinsel world and a fool's paradise, but are now part of the mammoth stream of human affairs.'"

Miss Copenhaver spoke of the need for the influence of young women in citizenship and pointed out that many girls just becoming of age were failing to use their voting privilege. On the other hand, she said many of the business girls had asked for the topic of citizenship to be presented at the national convention, with emphasis on the question, 'How Far Does My Vote Carry?'—The Daily Augus-Leader, Sioux Falls, S. D.

Save March 1, for the High School Minstrel, to be given at the Court House.

## Marion Kiwanis Club Entertains Capital Officers

MARION KIWANIS CLUB HOLDS DISTRICT CONVENTION, THIRD ZONE, WITH REPRESENTATIVES FROM THE CLUBS OF THIRD ZONE.

The Marion Kiwanians held an afternoon and evening session Tuesday, the afternoon session being in the public rooms of the Bank of Marion and the evening session being in the Kiwanis Hall of Greer's restaurant. At the afternoon session, representatives from eight of the clubs were present including the Presidents, Secretaries, and Trustees of each club. This was a business meeting and several things of great importance for the clubs of this zone were discussed. Very favorable reports were heard from the clubs represented, and these reports show signs of marked advancement of the clubs. Lieutenant Governor Tom Burch, of Martinsville, was present and heard these reports, and was very much gratified at the interest and spirit of willingness on the part of the clubs in working together and helping each other. All of the guests were invited to take trips around Marion and through the large manufacturing plants, as well as through the residential section. Each expressed surprise and satisfaction with the rapid growth of Marion and the spirit of cordiality which marked the entertainment.

All the Kiwanians then met at the regular meeting at night at which quite a number of the wives and friends of the members of the Marion Kiwanians were present. The meeting was called promptly at 7 P. M., by the President B. E. Copenhaver, and after the rapid dispatch of the necessary business, due attention had been given to the splendid meal, which had been prepared under the direction of the proprietor.

The fun started, Kiwanian Joe Boles, of Columbia, S. C., led the guests in several songs and caused the members to sit up and take notice regardless of their intentions. Joe formed several quartets and made some of the visitors sing so that they might receive the attendance prize. The attendance prize given to the members was won by C. C. Lincoln, Sr., and silent boosts were given by W. V. Birchfield and the Virginia Table Company. Joe Boles after getting most of the fun out of his system, then gave a very fine talk upon means of developing interest in attendance at the meetings and the method of developing loyalty and a progressive spirit in the club. Joe gave some very interesting comparisons and several very fine quotations from various writers of repute, which were applicable to the spirit of Kiwanism.

Lieut. Governor Tom Burch gave a very short talk upon what several of the clubs were doing and expressed his appreciation for the many kindnesses which he had received and the splendid service rendered by the officials of the various clubs. His speech was short but to the point.

After the various speakers had completed their part, the meeting was then given over to W. H. Teas and E. K. Coyner, who in turn had called upon one of their old reliable friends, Dr. Alexander, of Stonewall Jackson College, of Abingdon, to help them out. Dr. Alexander consented and gave a very short speech and with his mellow voice held his hearers spell bound with a short song. He then introduced several of his students and members of the Faculty, who entertained with vocal and instrumental music, and Miss Hale of the Expression Department then gave several short recitations and answered several encores.

## Will Come to Marion.

As a consequence of numerous inquiries that have been made from time to time the crack Virginia Polytechnic Institute Cadet Band is planning an extensive tour of the state. Marion is among those cities which have been tentatively scheduled to be visited by this famous and time-honored organization. The proposed tour through this section of the state will in all probability take place during the last week in March, and a most original and unique program will be presented.

The cadet band this year is captained by Herman L. Pritchard of Norfolk and it is probably the best musical organization that has ever represented Virginia Tech. Under the leadership of Director William L. Skuggs, a musician of marked ability, the cadets have an organization of crickets numbering fifty-five pieces, and of which number about thirty of the most capable will be included in the concert ensemble.

The cadet musicians scored big hits in all cities visited during the Fall season, among which were, Norfolk and Roanoke. Their talent and popularity has worked its way into South-West Virginia and the desire to hear them is now the popular sentiment of music lovers. These musicians have always reflected great credit upon the institution of which they are a most valuable part.

A fire started in the dental parlors of Dr. R. H. Phipps about ten o'clock Friday morning, but was extinguished before it did very much to the building but the furniture and appointments of the Doctor's office were considerably injured.

Mr. and Mrs. W. F. Culbert returned last week from an extended trip lasting several months in California. They enjoyed the trip greatly, and Mrs. Culbert has been improved in health by the trip.

Mrs. E. M. Copenhaver was hostess to the bridge Tuesday afternoon. After the game Mrs. Copenhaver served a delicious salad course followed with coffee and dough-nuts.

## THEY MET—THEY LOVED—THEY MARRIED!

It is barely a month ago that Count Ludwig Salm Von Hoogstraeten, Austrian nobleman, hero of the battlefield, tennis championship runner-up, shiek of the movies, a noted figure of the European duelling grounds, made the world gasp when he married, in an elopement, Mary Millicent Rogers, the beautiful heiress of some \$40,000,000 of Standard Oil's fabulous fortune. Count Salm has written the story of his whole life with its swiftly varying surroundings of old-world regal splendor culminating in his wedding of America's richest heiress. With their usual enterprise the Hearst newspapers have secured the exclusive rights to this sensational story written and signed by the dashing count. The details of this smashing international romance are of absorbing interest. Under the title 'How I wooed and won Millicent Rogers,' the story will start in the Sunday New York American next Sunday and continue in the daily and Sunday until completed. There is no romance of modern times that compares in interest with this of the multi-millionaire heiress and the handsome Count Salm.

## Dramatic Club Play a Success

The comedy, "Adventure of Grandpa" which was presented in Court Square Theater Monday and Tuesday nights of this week under the auspices of the local post of the American Legion was the initial performance of the Marion Dramatic Club. The club has been organized by a group of young people of Marion who have taken great interest in work of a dramatic nature and it is their intention to present a number of plays from time to time which will prove to be a delight to any audience. It is the ambition of the club to present in the future, plays which have attained a nation wide reputation by reason of their popularity in the larger theatrical centers. The members of the cast of "Adventures of Grandpa" put a very large amount of time and effort on the play and under the direction of Mrs. Willard Horne, staged a play which was enjoyed and appreciated by all who witnessed it. The members of the club wish to thank all those who so kindly assisted them in the production, either by personal services or the use of Stage furnishings, and we hope that all who enjoyed "Adventures of Grandpa" will look forward to the coming productions of the Marion Dramatic Club.

## IN MEMORY.

In sad but loving remembrance of our dear little infant baby, little Lois Delaney Brinkley, who departed this life February 10, 1923, age being six weeks; her visit was of short duration to her broken hearted parents. Dear Lois how we miss you. As the day's go swiftly by. We never will forget you. No matter how hard we try.

The arms that held you snugly,  
No other one can fill,  
For our darling baby girl;  
Lies sleeping on the hill

Sleep on dear darling baby,  
For we know you are at rest,  
We every one loved you dearly,  
But Jesus loves you best.

You are gone but not forgotten,  
Never shall your memory fade,  
Sweet thought shall ever linger,  
Around your darling little grave,  
Mother and Father.

## DON'T RISK NEGLECT

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Pills as have your friends and neighbors. Ask your neighbor. A Marion case. S. D. Shortt, miner, 34 railroad Ave., Marion, says: "I had some trouble with backache four years ago. I was working in the mines and was required to do considerable heavy lifting. Lumbago took me and caused my back to give out completely, in fact, I was then unable to lift a pound. When I stooped, stitches caught me above my hips, which nearly took my breath away. I was all crippled up from this attack and my kidneys didn't act as they should. I was told by a friend that Doan's Pills had cured him, so I got a box at the Marion Drug Co. I began using this remedy and surely was helped by it. Every symptom of kidney complaint disappeared after I had taken a couple boxes of Doan's and I was cured."

## To Purify The Elections

The following is an extract from the resolutions adopted by the Ninth District Republican Convention held at Bristol, Virginia February 4th, 1924.

Whereas, in a grand jury investigation in the circuit court of Wise County, at the November, 1923, term thereof, it was established that a number of ballots voted by mail at South Wise election precinct in said county, in the general election held on November 6th, 1923, had been fraudulently changed after having been deposited with the registrar of said precinct, resulting in the indictment of said registrar for such offense, which indictments are now pending in said court; and

Whereas, it is strongly suspected that similar abuses were perpetrated at other precincts in said county in the said election; and

Whereas, it is very apparent from the foregoing judicially established facts that the provisions of the Absent Voters law are inadequate to protect the ballot against such abuses, and that, on the contrary, the rights of citizens desiring to vote by mail, under the present partisan control of the election machinery, are openly exposed to the fraudulent manipulations of partizan and corrupt registrars; and

Whereas, it is the sense of this Convention that the primary and fundamental duty of any government which professes to be democratic in character is to provide some means whereby the will of the people may be freely, honestly and adequately registered and expressed; and that, as declared by section 3 of the Virginia Bill of Rights, that form of government is best which is most effectually secured against the danger of maladministration.

Therefore, Be it resolved: That it is the sense of this Convention that it is proper to bring the attention of the members of the General Assembly of Virginia, now in session, to the situation hereinabove described, and to respectfully urge upon the General Assembly, and the individual members thereof, as the proper guardians of the rights and liberties of the people, the imperative necessity of providing relief from a condition which is intolerable, which is subversive of free government, and which is a reproach to the State of Virginia.

Be it further resolved: That a copy hereof be furnished to each member of the General Assembly.

## MEMORIAM.

## IMPORTANT REQUIREMENTS FOR ADMISSION OF NEW MEMBERS AND REINSTATEMENT OF OLD MEMBERS

Our National By-Laws require that there must be a favorable vote of a Post on new applications for membership and on applications of "old members" for reinstatement by members who have lost "good standing" by reason of being delinquent for over one year in payment of dues.

After March 1st, 1924, a new National, By Laws will be enforced. This provides that in order to be restored to good standing, a delinquent "old member" must not only be favorably voted upon, but must also pay all back dues in full. For example, a man who joined the Legion and paid his dues in 1920 but failed to pay dues for the succeeding years, and then wishes to "rejoin," after March 1st, 1921, 1922, 1923 and 1924 dues; and the Department Headquarters could not accept and honor such a man's 1924 card, unless it be accompanied by eight dollars (\$8.00) to cover delinquent state and national dues.

Up until March 1st, a delinquent can get back to good standing without paying all these back dues, (so far as Department and National Headquarters are concerned) and this ought to be a splendid aid in getting back "old members" during January and February. Give this matter wide publicity.

Legion membership is getting more difficult to obtain and more valuable to hold. The day is coming when a man who does not wear the Legion button, will have his war record regarded with suspicion by the public.

JOHN J. WICKER, Jr.,  
Department Commander.

## Watch the Kidneys Before and After Childbirth

During the period of pregnancy the kidneys have double work to do, which is apt to strain and weaken them so that they break down and fail to keep up their work of filtering the uric poisons out of the blood-stream. This condition, unless looked after promptly, may kill the baby before birth and ruin the mother's health, too.

The expectant mother, should have her urine examined every two weeks. This should be done by the attending physician, or send sample to Dr. Pierce's Invalids' Hotel, in Buffalo, N. Y., for analysis. For toning up weakened kidneys, Dr. Pierce's An-uric (anti-uric-acid) Tablets provide effective treatment, and a bottle should be kept in the house and should be used for a time after baby has come to keep the blood free from poisonous matter that might affect the little one during the nursing period.

"An-uric" can now be had from all medicine dealers.

## DEMOCRATS AND HIGHER TAXES.

The following letter, published in the Bristol Herald-Courier of the 19th, is a just arrignment of the administration of the present Governor of Virginia, who since the commencement has given the people of the State a master-piece of wobbling politics, first on one side and then the other and has finally landed the State government into a deficit. This "Moses who was to lead the State into a business administration, has proved a most lamentable failure, and bids fair to leave the State in a worse condition than that in which he found it, with higher taxes and a deficit in the State Treasury. The following is the letter:

## What's The Matter With Virginia?

Editor Herald Courier:

In the news item from Richmond I notice there is a movement on foot to charge students tuition in the institutions of higher education.

What is the matter with Virginia? Why does she rank so low in the matter of education? Why such a large per cent of illiteracy?

Isn't there a "Moses" somewhere in the democratic party to lead us out of the wilderness? Must we continue groping in the darkness of ignorance and illiteracy until the horde of Virginia politicians grind us down further and further, if not entirely obliterate us?

We Republicans, what few there are of us, have no show. It is strictly up to the Democrats.

I remember a speech Lee Trinkle made in the auditorium of Appalachia high school. He is a fine speaker and made a grand oration. To hear him laud the school system of Virginia you would think we stood high in education, while as a matter of fact, we are near the foot of the list. Oratory from politicians will not run our schools. If it would, some of the high schools of Washington county and probably other counties would not have been paying tuition for the past few years. Oh, yes! We have a free school system all right, but some of the pupils are, or have been, paying from three to five dollars per month. At least I have been so informed.

In that same speech, made in Appalachia two years ago, Lee Trinkle said "Send George Peery to Congress so you will have somebody up there who can make some noise." "Making a noise," seems to be his idea of statesmanship. As governor of Virginia Trinkle has made plenty of noise. But what business principles has he advocated and carried out for the benefit of our state and people? Why have we a deficit of \$1,800,000? Whose fault is it? What is the remedy? We must pay our debts. We want to be proud of our state, "Virginia, the mother of presidents." We can't feel proud of our standing in education. Are we then going to make it still harder for our boys and girls to get an education. God forbid! Surely there are plenty of ways. The taxpayers have to foot the bill anyway, whether as tuition or as tax. Increase our poll tax, increase our property tax, in fact, raise the money most any way except by a tuition fee. If we can't give our boys and girls a better chance than we older ones had, we have lived in vain.

What would George Washington, Thomas Jefferson and Robert E. Lee think of Virginia and its condition if they were alive today? Imagine Thomas Jefferson entering the governor's mansion in Richmond today. No doubt he would say, "Hello Lee, are you governor of Virginia?" "Yes." "What party do you represent?" "The grand old party of Jefferson." Then I can imagine Jefferson saying, "Lee I founded the Democratic party, but I am indeed grieved to know that this conglomerated, political mess you have here in Virginia must bear the name of the illustrious party I founded."

As I said before, we Republicans can't do anything. It is strictly up to the Democrats. Then what are you going to do about it? Will you take us ahead, or must we continue to back up? Sometimes an engineer cannot pull the grade with his train. He backs up so far, then he takes a new start and goes over the grade. Let us apply the lesson. Lee, you are our engineer. We have backed up. There is a great pull to be made, the grade is heavy. But have your helpers shovel in lots of fuel, get up a big head of business steam, open the throttle wide, and if necessary the Republicans will join in with the Democrats and help you over the grade of your un-business-like, political mistakes. Be a business governor as well as a politician. Give us a reputation for efficiency, that we as Virginians may be proud of.
