## New German Naval Warfare In Effect at Once.

NEUTRAL SHIPS WILL SAIL AT OWN RISK AFTER TODAY.

Berlin, Germany (via Sayville).—In an official note to the United States government handed to American Ambassador Gerard, the German government declared for unrestricted naval warfare after Feb. 1. New barred zones around enemy countries are announced and Germany announces that neutral ships sailing within those zones will do so at their own risk. Precautions will be taken to protect neutral ships which sailed before those zones prior to Feb. 1, but neutrals are urged to advise to warn their vessels on way to ports in barred zones and direct them away from those areas. Neutral ships in ports within the barred zones will be given until Feb. 5 to sail and must take the shortest route out of the restricted areas.

Similar notes were handed by the foreign office to the diplomatic representatives of all neutral nations.

ALL HOPES OF PEACE DESTROYED.

Washington, Jan. 31.—Germany has declared unrestricted submarine warfare.

A starvation blockade of England the like of which the world never has seen, was announced today in notes delivered to American Ambassador Gerard in Berlin and to the State Department here by Count Von Bernstorff.

Thus begins the long feared campaign of ruthlessness, conceived by Von Hindenburg, on a magnitude never even contemplated by Von Tirpitz.

Again the United States faces a severance of diplomatic relations with Germany with all its eventful possibilities. President Wilson's repeated warnings of "a world afire" and Secretary Lansing's "serge of war" statement are being recalled in the capital tonight with feelings of apprehension and misgiving.

Germany's action is the super crisis of all those that have stirred the American government in two and a half years of world war.

Talk of peace in Europe and of means of preserving the peace of the world has gone glimmering.

## Resolutions.

Your committee begs to submit the following resolutions in regard to the death of Brother W. W. Hurt:

We realize that in the death of Brother W. W. Hurt we have lost a devoted friend and teacher, a most valued citizen and noble christian. We are, however, comforted in the belief that our Lord is with the Lord and that our Lord is able to bring "good out of evil," and that He who is Master and Maker of all things will cause all things to "work together for good to them that love Him."

Therefore Resolved 1st: That we in our prayers ask constantly that the bereaved family be granted abundant grace in this time of need, and their hearts strengthened by Him who has promised to be "a father of the fatherless"—Ps. 68:5.  
2nd: That we continue to remind us loved ones of our abiding sympathy and interest in them.

Though we have been dormant for awhile these beautiful days have aroused us from our reverie.

Mr. H. L. Bonham says to the fruit growers of Smyth County to take a tip from him, that Smyth County is going to make better fruit in the future than she has been making in the past, and now is the time to do your pruning, so if you do not want to be left when marketing time comes, you had better get busy trimming the cankers and dead wood out of your orchards thinning the portions of your trees that are too thick, so as to let the sunlight in, head back where the trees are getting too tall, and use your best judgment to put your orchards in proper condition for bearing better fruit. As the season approaches, he expects, through the columns of this paper, to send you a reminder of the importance of spraying and fertilizing.

## Death of Mrs. Sophia Slomp.

Funeral services over the remains of Mrs. Sophia Slomp, who died Jan. 18, aged 77 years, were conducted at the Mountain View Methodist Church by her pastor, Rev. King after which the body was entered in the adjoining cemetery.

Mrs. Slomp succumbed to a brief illness of pneumonia at the residence near Chilhowie, of her nephew and niece, Mr. and Mrs. W. W. Grinstead, and with whom she had made her home for more than a year.

The passing of Mrs. Slomp marks the end of one of the oldest and best known families of Grayson Co., where she was born and spent most of her life. She was the youngest child of the late Auros and Polly Pickle, of Grant. She was twice married—her first husband Mr. Jar. ed Perkins, of Grant, and after a number of years spent in widowhood she became the wife of Rufus Slomp of Rye Valley, Smyth Co., who preceded her to the grave some fifteen years ago.

Mrs. Slomp was a quiet unassuming woman possessing many excellent attributes of character well worth emulation. She took life in a practical manner, weighed well her words—her chastity of conversation indicated a well balanced mind, a pure heart and an abiding faith in the one whom she loved and whom she served.

Mr. and Mrs. Grinstead kindly remembers their friends and appreciate every act of assistance extended them during the illness and death of their aunt.

## Death of Thomas Liilburn Crowley.

Farmville, Va., Jan. 29.—Thomas Liilburn, infant son of J. W. Crowley and Mrs. Nellie Copenhaver Crowley, died of pneumonia on last Friday, after a brief illness. He was an unusually attractive and healthy baby and his death came as a great shock.

To the loved ones left behind, his short life of five weeks will ever be the sweetest, holiest memory. Although we grieve for our darling because we loved him so, we know that he is safe in the arms of Jesus to await our coming home.

## A Card of Thanks.

We take this method to extend our heartfelt thanks to one and all of our neighbors and friends for the help and sympathy so kindly rendered in the sickness and death of our loved one. May the Lord bless you.

## Do You Want Your Kidneys Experimented On?

Kidney troubles are getting more common every day. Government health bureau figures say deaths from this cause are 72 per cent more than 20 years ago.

Anybody suffers constant backache, who feels blue, nervous and irritable, who has dizzy spells, headache and urinary disorders should suspect kidney weakness. Overworked kidneys must have a rest. Take things easy, live more carefully. Take a good kidney remedy to build the kidneys up again.

But be sure to get Doan's Kidney Pills—the oldest, the most widely used, the best recommended of all kidney pills now in use all over the civilized world. Don't experiment with your kidneys. Thousands have already tested Doan's. You have tried your experience to go by. Plenty of cases right here in Marion here's one.

Miss Hattie B. Panfill, Marion says: "I had occasion to use a kidney medicine some time ago and as Doan's Kidney Pills were highly recommended, I found them to be a mighty good medicine. I gladly advise their use to anyone troubled with weak and disordered kidneys."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Panfill had. Foster-Milburn Co., Props., Buffalo, N. Y.

## Cold Sores and Fever Blisters

are only outward manifestations of the inflammation of the mucous surface that lines the lungs, the stomach and all the digestive tract, but they give you evidence of how sore a membrane may become as a result of inflammation, which is stagnation of the blood, rightfully called acute catarrh.

If you suffer from such conditions don't let them become chronic, don't run the risk of systemic catarrh.

## Clear it Up With PERUNA

When your system is cleared of all its poisons, the membranes soothed and healed, the cold gone and your digestion restored, you will enjoy life, feel equal to all its tasks, and be at peace with the world. Let Peruna do for you what it did for this sufferer:

Mrs. L. A. Patterson, 238 Utah Avenue, Memphis, Tenn. says: "I have been a friend of Peruna for many years. I have used it off and on for catarrhal complaints and found it a very excellent remedy. I have a small family of children. Times are hard with us, but I can scarcely afford to do without Peruna, especially during the season of the year when coughs and colds are prevalent. We always recommend Peruna to our neighbors, for the benefit it has been to us."

You needn't suffer longer with such a remedy at hand.

Peruna can be obtained in tablet form. You can carry it with you and take it systematically and regularly for a remedy, or as needed for a preventive. Get a box today.

The Peruna Company, Columbus, Ohio

## We Fix Your Tires to Last

How many times have you had tires fixed only to have them "give out" on the very first trip?

Our vulcanizing outfit enables us to fix blow-outs and weak spots in a way that usually makes them even stronger than the rest of the tire.

Poor repair work on tires is ultimately the most expensive. Unless the weak part is properly strengthened, there is likely to be another blow-out soon that may ruin the tire completely.

Just give us a trial and we will show you that our prices are low and that we can turn your work quickly.

LYNCHBURG, VA.

Clean Home Paper

## COSTS YOU LITTLE!

Less than one cent per day is all it costs you to keep informed of what is happening in the world if you are a reader of The Lynchburg News. Advancing prices is the rule these days, but every rule must have an exception to prove it, and The News is the exception which proves the rule of high prices. The subscription prices of The News are exactly the same today as they were before the paper trust increased the cost of the white paper upon which The News is printed to just double what it formerly was. Three dollars brings you The News by mail for one year. Twenty-five cents gives you a one month's trial. Why not subscribe now? Why not spend one cent a day to keep informed of the tremendously important happenings of these stirring times?

## GIVES YOU MUCH!

"The best and newest newspaper in Virginia." That is what one subscriber recently wrote about The Lynchburg News. And he had excellent reason to think so. The News is cheap in price but far from cheap in any other sense. With both day and night leased wire service of the great Associated Press it is not surpassed by any newspaper in the matter of news service. Through its correspondents at State and National capitals and at numerous other points throughout Virginia, it keeps its reader informed on all matters of especial interest and importance to Virginians. Its comics and illustrations are high class. Nowhere else will the reader get larger value for his money. In very, very few instances will he get as much.

## Three Things to Be Considered

There are three things to consider about anything you buy—  
(1)—What does it cost you? If you buy the Lynchburg News it costs you but little—less than one cent per day—and certainly that is as cheap as possible.  
(2)—What are you getting? If you buy the Lynchburg News you are getting a first class newspaper, one that will compare favorably with any.  
(3)—When will you get it? If you buy the Lynchburg News you will get it on morning of publication, while the news matter it contains is real news, fresh news, and before it has become what, in these progressive days, is ancient history.  
**Low Price, Excellent Quality, Splendid Service—These three things are combined in The News.**

## SAFETY FIRST!

Safety first is a good rule and one that it is just as wise to apply to the newspaper you read as to anything else. Many other newspapers are going up in price; most of them are in fact. Later on the same conditions that forced them to advance their subscription rates may force The News to follow their example. But right now the price of The News remains the same, three dollars per year by mail. Right now you can subscribe to The News for one month, one year or five years at that rate, which includes the Sunday edition. Be wise. Insure yourself against having to pay more for your daily paper in the future; subscribe to The News now while you can get it at small cost. And remember that the longer period you subscribe for, the longer you are insured against paying more than one cent per day for your paper.

Mrs. Josephine R. Dunlap, for the past twenty five years a resident of Marion, died last Monday afternoon at Buxton hospital, Hampton, Va., where she had been for treatment since last October. She was a native of New York and was 67 years old. For several years she has spent her summers here at the home of Mr. J. M. Brisco's and her winters on the coast.

The deceased had many friends in Marion and was a most excellent christian woman. She was preceded to the grave by her husband and only son several years ago and leaves no relatives here, but we understand, she is survived by a sister and other relatives in New York.

The remains were accompanied here from Hampton by Mr. J. M. Brisco, who was called there by wire Monday night, also by Rev. W. Pettus, of Boston. They reached here Wednesday night on No. 13. The remains were taken to the home of Mr. Brisco and kept until Thursday morning, when the funeral service was conducted from Episcopal Church at 10:30 o'clock by Rev. Pettus, assisted by Rev. T. F. Opie, of Saltville. The burial then took place from Round Hill Cemetery.

Mrs. Dunlap left some valuable property in Marion. She owned the brick building now occupied by the Marion Clothing Co. and W. F. Culbert. We learn she left a will in which she made the following bequests: To J. M. Brisco \$500; to Mrs. Livingston, her mother in law, \$500; to Miss Ruth Brisco \$50; to A. P. Snider \$100, and \$500 to A. P. Snider for the care of her section in Round Hill Cemetery. Two thirds of the remainder to Rev. W. H. Pettus and one third to Miss Hattie Dickey, and probably a few other small bequests. Mr. J. M. Brisco is named as executor in the will.

Gollehon-Hutton.

The many friends of Miss Margaret Hutton, of Fleet, will be surprised to learn of her marriage on Wednesday of this week to Mr. L. Gollehon, son of Mr. D. C. Gollehon, of Seven Mile Ford, Va.

They were married in Bristol this week, and left Thursday for Brady, Montana, where Mr. Gollehon has extensive farming interests, to make their future home.

Miss Hutton was one of our very popular young ladies, and the best wishes of a host of friends will follow her in her new estate to her new and far distant home.—Glade Spring Vidette.

After Taking Tanlac He Feels 100 Per Cent Better and Feels It Will Help Others.

"I suffered from indigestion, gas on stomach and had nervous spells and about every three or four weeks I would get faint sick and I took all doctors treatments and did not get much results from them and I will recommend Tanlac very highly for what it done for me," said Mr. L. E. Brown, Assistant Manager of the Finity Theater, Clifton Forge, Va., and in speaking of relief received he said.

"I am better from indigestion and the sick spells and it has almost cured me entirely. I feel 100 per cent better than I did before taking Tanlac. It helped me and I feel that it will help other sufferers of diseases where other medicines have failed to do any good."

When You Have a Cold. It is when you have a severe cold that you appreciate the good qualities of Chamberlain's Cough Remedy. Mrs. Frank Orocker, Pana, Ill., writes: "Our five-year old son Paul caught a severe cold last winter that settled on his lungs and he had terrible coughing spells. We were greatly worried about him as the medicine we gave him did not help him in the least. A neighbor spoke so highly of Chamberlain's Cough Remedy that I got a bottle of it. The first dose benefited him so much that I continued giving it to him until he was cured."

Why Shivering Warms Us. Some might doubt that shivering on a cold day would make anyone warm, but it is true that the spasmodic quivering of the muscles, called shivering, causes a flow of blood and thereby generates warmth. No one ever shivers until his body is extremely cold. It is a nervous protest on the part of the flesh, due to acute discomfort that has reached the brain and been reacted. But the moment shivering begins the muscles work involuntarily and the body begins to produce heat.

Wealth Without Labor. Thomas H. Swope, Kansas City multimillionaire, always declared that he never earned a dollar of his millions. "All I did," he used to say, "was to buy Kansas City real estate when people were anxious to sell and sell it occasionally when they were anxious to buy, but I kept the most of it. I just sat back and loafed, while the people of Kansas City worked for me, and built a great city and made me rich."

To Remove Warts or Corns. An excellent preparation is made as follows: Salicylic acid, 20 grains; alcohol, one-eighth ounce; flexible collodion, one ounce. Mix together and apply with camel-hair brush over hard surface of wart or corn for three nights. Soak in hot water, when a layer of skin will come off. Then repeat as before until wart or corn is removed.

Anonymous. "I hear that you got into trouble by using an anonymous communication in your paper," remarked the country town lawyer. "I did," replied the country town editor. "But I'm carrying a notice in the next issue that hereafter anonymous communications will not be published unless the writer's name is signed."—Cincinnati Enquirer.

Just Between Themselves. Maude Elizabeth, not quite three years old, had been told by her grandpa that he would give her a Shetland pony if she would be his girl. After she went home she was in the barn with her daddy, who was milking the cows, when she said to him, "Daddy, I am yours and mother's girl, too, but we will keep it a secret."

Rejuvenating Rubber. Rubber that has lost its elasticity may be rejuvenated, according to the Journal de Pharmacie et de Chimie, by immersing it for five minutes in a bath of glycerin mixed with 25 times its volume of distilled water and heated to 70 degrees centigrade and then drying it with filter paper.

Got Them All In. Mary, who recites her prayers aloud each evening, remembering her parents' neighbors, Mr. and Mrs. Baker, and the man who sells the goodies at the corner store does so in the following manner: "God bless daddy, mamma, Mizer Baker, Mizzy Baker, and the other baker, too."

The Lesser Evil. "Don't you get awfully tired of taking part in all those theatrical performances?" the friend of the amateur actor once asked. "Yes, painfully tired," he replied, "for I don't like to act a bit. But I know that if I'm not on the stage I'll have to sit in the audience."

LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers.

Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

## MOUNTAIN COLLEGE'S LINCOLN CELEBRATION

Notable Men to Gather Feb. 10 at Cumberland Gap.

### STUDENTS NATION'S HOSTS

Chancellor John Wesley Hill Arranging Great Program For Twentieth Anniversary of the Lincoln Memorial University and Natal Day of Abraham Lincoln.

This year's greatest celebration of Lincoln's birthday will take place at Cumberland Gap, Tenn., where the borders of Kentucky, Virginia and Tennessee come together in the midst of the Appalachians. It is to be held under the auspices of Lincoln Memorial University, and will not only commemorate the natal day of Lincoln, but will mark the twentieth anniversary of the founding of the institution named for him. The mountain students from the region in which Lincoln's early life was spent are to be the hosts to the rest of the nation and lead in paying homage to his memory. Governors, Senators, educators, capitalists of finance and industry will assemble for a three days' Lincoln Congress, February 10, 11 and 12.

**Notable List of Speakers.**  
The arrangements for the celebration are in the hands of the Rev. Dr. John Wesley Hill, chancellor, who was recently elected to that office. He has arranged a notable programme for the Cumberland Gap celebration. The Governors of Kentucky, Tennessee and Virginia will make ad-

**Wide Range of Subjects.**  
The Presidents of fifteen colleges and universities will also deliver addresses. A wide range of subjects will be discussed. There will be addresses on "Lincoln and Labor," "Lincoln's Attitude Toward Capital," "Lincoln, the Friend of the South," "Lincoln and Education," "Lincoln and Arbitration," "The Religion of Lincoln," "Lincoln, the Typical American," "Lincoln, the Man of the Forest," "Lincoln's Peace Policy," "Lincoln and the Judiciary," "Lincoln and Thrift," "Lincoln and the Industrial South," "Lincoln and Emancipation," "Kentucky's Greatest Son" and "The Last Day of Lincoln." The last address will be delivered by Hon. Henry R. Rathbone, of Chicago, son of Major Rathbone, who sat in the theatre box with Lincoln on the night of the assassination.

Founded by General Howard. Lincoln Memorial University, where the celebration will be held, was founded just twenty years ago by the late General Oliver Otis Howard of Vermont. He devoted the last twelve years of his life to the up-building of the institution, as a living memorial to his old Commander-in-Chief. The college is designed to give poor white boys and girls of the mountains a chance for an education. A large percentage of the students earn their way through the college course, literally leaving the handles of the plough to don cap and gown to accept their degrees.

The trip to Cumberland Gap promises to prove a revelation to many of the distinguished persons who have accepted invitations to attend. It is planned to run special trains to Cumberland Gap from Washington and Chicago.

Starts your liver without making you sick and can not salivate.  
Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.  
"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. "Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back."  
Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel.
