Garfield on the 36th Ballot

So far as third term sentiment is concerned, there does not appear to be much objection to Roosevelt in this connection as might be supposed. His critics, of whom he has no lack, are attacking him for other things. But the fate of General Grant in the Chicago convention of 1880 is still recalled, and some are attempting to draw analogies from it.

Grant, after two terms in the presidential chair, had friends who were quite as loyal as those who swear by Roosevelt. And he came dangerously near landing the nomination.

Indeed, it took thirty-six ballots to encompass his defeat, and then it was a dark horse—Gen. James A. Garfield—that brought about his undoing.

The first ballot was taken on June 27th, the fifth day of the convention, and resulted as follows: U. S. Grant, 304; J. G. Blaine, 284; John Sherman, 93; George F. Edmunds, 34; Elihu B. Washburn, 30, and William Windom, 10.

Garfield's name did not figure at all in the first or second ballots, and not until the thirty-fifth ballot did he get more than two votes, and then he got only fifty. But the thirty-sixth proved cataclysm that sent Grant to defeat. This resulted as follows: Grant, 307; Blaine, 42

Sherman, 3; Edmunds, 0; Washburn, 5; Windom, 0; Garfield, 397.

From first to last the Grant delegates stood like a solid phalanx, their vote never falling below 300. The failure of Grant, however, did not split the party. These States went solidly Republican the following November: Colorado, Connecticut, Illinois, Indiana, Iowa, Kansas, Maine, Massachusetts, Michigan, Minnesota, Nebraska, New Hampshire, New York, Ohio, Oregon, Pennsylvania, Rhode Island, Vermont and Wisconsin, while there was an even break in California.

The Democratic States were Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, Nevada, New Jersey, North Carolina, Tennessee, Texas, Virginia and West Virginia.

When your child has whooping cough be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. This remedy will also liquify the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by all dealers.

Harding to Nominate Taft

Columbus, Ohio, June 10.—Taft's name will be presented at the Chicago convention by Warren G. Harding, former lieutenant-governor. Harding has announced his acceptance of Taft's invitation to make the speech nominating him for the presidency.

Parent's Record Children's Birth.

Richmond, Va., June 10.—With a large part of the necessary printed matter already on hand, and with requests daily for the registration of births, the State Department of Health is preparing to carry out the provisions of the new statute for registering births and deaths when that measure becomes effective next Friday.

The printing of the forms on which births and deaths are to be reported was a very considerable undertaking and illustrates the importance of the task before the Health Department in securing a legal record of every birth and death in Virginia. Estimating that there are at least 30,000 deaths every year in the State, and a much larger number of births, the department had sufficient forms to distribute among the 1,500 registrars who are to issue burial permits and to record birth and death certificates. The contracts call for about 1,000,000 pieces and these were awarded, upon competitive bid, to firms in Richmond, Petersburg and Roanoke. Several hundred thousand of these forms have already been received.

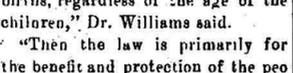

Health Commissioner Williams, who is to act as registrar of vital statistics, is much encouraged at the number of birth certificates which have already been filed by parents who desire a legal record of the birth of their children. The now famous Irwin twins have preempted first place in the records of the State, but since their certificates have been filed a number of fond parents have requested their physicians to enter their children's names on the great roster of Virginia's new-born. Only a few days ago, according to Dr. Williams, a prominent physician of Virginia presented the birth certificates of his two children with the urgent request that certificates be listed. He was unwilling, he said, that his children should go through life without a legal record of their births. "Where parents can secure the proper medical certificate of the birth of their children, we will accommodate them and record the births, regardless of the age of the children," Dr. Williams said.

Drives Off a Terror.

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are cold and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, of Rawsonville, Va., "and for coughs, colds and croup we have never found its equal." Guaranteed for all bronchial affections. Price 50c. and \$1. Trial bottle free at Carson Drug Co.

There is no real need of anyone being troubled with constipation. Chamberlain's Tablets will cause an agreeable movement of the bowels without any unpleasant effect. Give them a trial for sale by all dealers.

G. O. P. Convention Hall is a Wonder.

Chicago, June 10.—For the third time since its erection thirteen years ago, the doors of the Coliseum will be thrown open June 18th for the accommodation of a Republican national convention. In 1904 the Republicans nominated Col. Theodore Roosevelt for president in the building, and in 1908, under the same roof, William H. Taft was chosen as the party's standard bearer.

The Coliseum is on Wabash Ave. between 15th and 16th streets, less than a mile from the center of Chicago's retail shopping and hotel districts and is accessible from all parts of the city by elevated roads and surface lines. The Coliseum is 305 feet long, 170 feet wide and 70 feet in height, built of stone, brick, steel and concrete and is fire-proof.

It stands on the site of the old Libby prison, which was brought to Chicago from Richmond, Va., in sections, and rebuilt the year of the world's fair by Chas. F. Gunther and used to exhibit a valuable collection of Civil War relics. It is of modern Romanesque combined with the English Castellated type of architecture and cost \$800,000. It has been the scene of many notable assemblages. It has eleven large exits and can be emptied in five minutes in an emergency.

The sub-committee on arrangements of the Republican National Committee, under the direction of Col. Harry S. New, has expended \$40,000 preparing the building for this year's national convention of the Republican party. The building has 11,188 seats of which 7,988 are on the main floor and 3,200 in the balcony.

The speaker's platform is built against the southwest of the structure and extends across the entire width of the building. It is 75 feet deep and contains 1,932 seats, which will be occupied by the chairman, officers of the convention, members of the national committee and distinguished guests.

The seats back of the chairman's table will be slightly elevated. Directly beneath the chairman's table is a space for the noiseless telegraph instruments and their operators, by which news of the convention's proceedings will be flashed to the world. On both sides and extending in a half circle around the front of the platform are seats and tables for 400 working newspaper men and correspondents from all parts of the country.

Directly in front of these are the seats for 1,078 delegates arranged by States. This space will be enclosed by a railing and closely guarded by a large force of sergeants at arms. Back of this are the seats for the 1,078 alternates enclosed by a railing. On both sides and in the rear of the space occupied by the delegates and alternates are 3,500 elevated seats for visitors. At the north end of the building a special band stand will be erected. In the balcony, which extends around the four walls of the building, there will be 3,200 seats for visitors.

To avoid confusion in seating the crowd each entrance will be placarded, showing the sections for which it will be used and each ticket will bear the letter of the entrance for which it is intended. By this plan delegates and visitors will enter the door nearest the seats assigned them. The platform, aisles and all open spaces will be covered with matting to insure the maximum of quiet while the convention is in session. Five hundred public telephones and a large number of telegraph instruments are being installed in various parts of the building for the accommodation of delegates and the public. Architect Arthur G. Brown has arranged the seats in such a manner that the chairman's platform may be seen from every section of the large hall. Sergeant at arms William F. Stone will be assisted by a force of 800 deputy sergeants at arms, door-keepers, ushers and attendants. A special telephone system is being installed which will enable Sergeant-at-arms Stone, from his desk on the platform, immediately to communicate with his assistants in any part of the hall.

Could Shout for Joy.

"I want to thank you from the bottom of my heart," wrote C. B. Rader, Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice and to rid the system of kidney poisons that cause rheumatism, Electric Bitters have no equal. Try them—every bottle is guaranteed to satisfy. Only 50c. at the Carson Drug Co.

GREATEST MEDICINE ON EARTH

A prominent citizen of Evansville, Ind., writes:—"I was ill for five months with a pulmonary trouble, and had the best of doctors. I had hemorrhages and was in a very bad way. Through the advice of a friend I tried Vinol, and I feel that it saved my life. It is all you recommend it to be. I believe it is the greatest medicine on earth. I have advised others to try Vinol, and they have had the same results." (Name furnished on request.)

We want every one in this vicinity who is troubled with chronic colds, coughs, or pulmonary troubles, to come and get a bottle of Vinol.

If it does not go to the seat of trouble, heal the inflammation and stop the cough, we will cheerfully return every cent paid us for it. This shows our faith, and proves that you take no chances.

Southwest Virginia in the Forefront.

Richmond, Va., June 8.—The Mann Graded School of Scott county has been awarded the prize of \$10 offered by the Co-operative Education Association to the school in the State making the greatest number of improvements during the year. Prof. W. P. Kenady, of Gate City, is principal of this school, and, by the help of pupils and patrons, has accomplished as much during the session just closed as to win the distinction of being the most progressive school in the State.

The association also announces that its prize of \$10 offered by the Anti Tuberculosis Association to the public school pupil writing the best paper on consumption has been won by Miss Lola Shupe, of Seven Mile Ford, Smyth county.

There were only four prizes offered by the association in connection with its school club work and the fact that two of these were awarded to schools in the southwest shows that this section is in the forefront in educational work.

Democratic Consistency.

Governor Wilson is opposed to the Protective tariff. As a Democrat and as a college professor he would be expected to be—as a Democrat, because the Protective tariff is a Republican principle of proven great worth and the Democratic position is that of opposition to anything of Republican origin, whatever its merits; as a professor, because the political economies used in colleges teach that Free-trade is the true science of government in that particular direction. It pans out well in theory—in books—but in practice it has been proven detrimental to the nation's progress, industrially and commercially. Prof. Wilson is a theorist in much that he advocates, but when he drops theories and gets down to the practical things of government, he will still hang to something akin to Free-trade—other than he would not be a Democrat. The consistency of the average Democrat on the Tariff question is seen, when one considers that they (Congressmen and Senators and all) preach and advocate Free-trade, in campaigns, and then, when Congress is considering revision of the Tariff law, Democratic Senators and Representatives plead for Protective duties on products of the localities they represent.—Tiffin (O.) Tribune.

Sugar Grove.

A very interesting ball game was played Saturday by the regular players of the Sugar Grove team and some scrubs gathered from the near country. All the boys seem to be rounding into fine form, and promises to make another record this year. The ladies of Sugar Grove on Saturday afternoon gave an Ice Cream Supper for the benefit of the Methodist church here. The receipts amounted to \$28.00

Several of the beaux and belles of Sugar Grove, spent Sunday afternoon in Sugar Orchard Park.

Mr. Roy Horne, student at William and Mary College, has returned to his home here. Mr. Horne is our star second baseman, and all the boys (and girls) were glad to see him. Miss Bessie Ward, who has been spending the past few weeks with her sister, Mrs. Charlton, of Marion, is now among Sugar Grove's fair maidens once more.

Mr. Estelle Repass, of Atkins, is conducting a singing school at the Baptist church. Our young people seem to be developing voices equal to Melba, Farrar and Caruso.

On Saturday afternoon the Sugar Grove Civic League will give an Ice Cream Supper in the Sugar Orchard just opposite the ball ground. There will be a ball game between Sugar Grove and Cedar Springs. There will be plenty of Ice Cream, Cake and other attractions. Everybody is cordially invited to come. F. and S.

The Republicans will go before the country on a Protective tariff platform and the Democrats will not. In the end, in case of a Democratic victory, the cost will have to be paid by the business and working men whose interests are touched by the Tariff.—Pittsburg Gazette-Times

Marion People Have Absolute Proof of Deeds at Home.

It's not words but deeds that prove true merit. The deeds of Doan's Kidney Pills, for Marion kidney sufferers, have made their local reputation. Proof lies in the testimony of Marion people: G. S. Williams, blacksmith, Cemetery street, Marion, Va., says: "I take pleasure in confirming my former endorsement of Doan's Kidney Pills made several years ago. I have not had occasion to use them for some time and I consider my cure a permanent one. For fully a year I was troubled by too frequent passages of the kidney secretions together with pain in my back. Reading about Doan's Kidney Pills, I procured a box from the Carson Drug Co., and they helped me a great deal. I am glad to recommend them at every opportunity."

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed DEAFNESS is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CUNNEY & Co., Toledo, Ohio. Take Hall's Family Pills for constipation.

ICE ICE ICE

I want to say to every person in this town that I have tried my very best to make the prices on all things right. I will say right here that it is impossible for me to sell ice in small lots for less than 50 cents a hundred pounds, but will sell it in 100 pound lots at 40 cents or by taking a 300-pound block for \$1.00. As it is reasonable for you to say that, I can not do business for nothing. It is understood that there will be no more retailing of ice from the factory. As I have commenced will try to supply my trade this season, but will say that I would not sell next season at any price as the ice costs more than it did if it came from Bristol and you will have to dig the other fellow not Brinkley.

GOING TO BUY A CAR THIS YEAR? Illustration of a Buick car.

REMEMBER THIS—printed description and pictures give but a poor idea of what a car really is. The specifications of "BUICK" and "CHALMERS" cars below do not show the sturdy construction of wheels, frames, springs, steering gear, brakes, etc.; or the substantial upholstery and finish, nor can you feel how smoothly and quietly the motors run, and how comfortably the cars ride from reading about them. A list of measurements and equipment cannot indicate, except in a general way the extra strength and power and attention to details that has put these cars ahead of other cars at the same price—the final test of their supremacy is their successful showing all over the country in the hands of thousands of owners. Don't make your choice from catalogs—see the cars.

Chalmers Specifications: CHALMERS 30—4x4 1-2 inch motor; 115-inch wheelbase; compressed air self-starter and tire inflater; 34x4 inch tires on demountable rims; three-speed transmission; extra tire holders; mohair top and curtains; windshield; Prest-O-Lite tank; nickel lamps and trimmings; leather-lined body; full tool and tire repair outfit; two-passenger \$1,400, 4 and 5-passenger, \$1,600. Weds at Bedside of Bride.

Rather than postpone their wedding day, which had been set for June 6th, Miss Florence May Haring, of No. 323 North Ninth street, Allentown, Pa., and Rev. Rufus E. Kern, of East Greenville, Pa., were married at high noon on June 6th, despite the fact that Miss Haring was confined to her bed with illness. The plans had been to have a church wedding, but conditions made it necessary that the ceremony be performed in the bedroom, for the bride was too ill to leave her room for the ceremony. About the first of June the bride was taken ill, suffering with a mild attack of typhoid fever. She is, however, recuperating and hopes soon to be able to leave her room.

Miss Haring is the daughter of Mr. and Mrs. Charles K. Haring, of the above address. She graduated from the Allentown High school, class of 1902, with honors and for the past eight years she has been a teacher in the second ward schools. She is a vocalist of note, having formerly been a member of St. Michael's choir and for the past year of Christ Lutheran church choir. She is also a member of the Oratoria Society. She is prominently identified with church work, has a splendid disposition and her lovable nature and many personal charms make her an instant favorite with all.

Rev. Kern, after graduating from the East Greenville public schools, entered Perkiomen seminary, from where he was graduated in 1905. In the fall of that year he entered Muhlenberg College, graduating in 1909. A few weeks ago he was graduated from Mt. Airy Lutheran Theological seminary and he is ordained at Bethlehem. He is also a splendid singer. He was a member of the Muhlenberg College Glee Club for three years, and while attending school he sang with St. Michael's choir and with the Oratoria Society. For the past two summer vacations he conducted services at Gouldsboro in the Pocono mountains. During his junior year at the seminary he conducted services at a mission at Magnolia, New Jersey and catechized a class there. He is widely and favorably known and is looked upon as one of the most promising young men in the Lutheran church.

The plans were that the couple should leave Allentown at 2:14 on the afternoon of June 6th for Philadelphia and Washington after which they were going to Marion, Va., where he has been elected to the Lutheran charge. At the same time he will be instructor in German and church literature in the Marion Lutheran college for women. The couple now expect to go to Marion as soon as the bride's condition will allow her to undertake the trip.

The above is from an Allentown, Pa., paper.

Town Election.

The election for Mayor, Sergeant, Recorder and Council took place on Tuesday and passed off very quietly. There was no opposition to Messrs. J. B. Richardson and A. P. Snider for Sergeant and Recorder. The only contest was for Mayor, and while politics did not enter largely in the election a Republican won. The vote was as follows:

FOR MAYOR: R. T. Greer, 103; G. H. Fodge, 88; W. E. Hodge, 21.

FOR SERGEANT: J. B. Richardson, 203.

FOR RECORDER: A. P. Snider, 191.

FOR COUNCIL: Walter E. Johnston, 104; W. E. Greer, 102; W. C. Seaver, 92; W. E. Francis, 87; J. M. Brisco, 78; George H. Miles, 76; J. H. Rouse, 69; J. F. Crabtree, 69; E. P. Ellis, 30; E. B. Sprinkle, 65; M. M. Seaver, 47; Jno. W. Rice, 68; B. Scott Sprinkle, 31; H. B. Staley, 53; C. Lee Richardson, 30; W. J. Atkins, 30; D. F. Carrier, 26; W. A. Tarter, 59; James White Shaffley, 55; Jno. A. Groseclose, 37; T. F. Pruner, 10.

The first seven names make up the council. There was a tie between Messrs. J. H. Rouse and J. F. Crabtree. They cast lots and Mr. Rouse won.

Porter-Currin.

On last Monday afternoon Mr. Frank D. Porter of Seven Mile Ford, and Miss Emma Currin, of near Adwolve, were united in marriage in this place at the home of Mr. Geo. W. Rider, Rev. E. M. Harris performing the ceremony. The bride is the daughter of Mr. and Mrs. Thos. Currin, and a most estimable young lady, while the groom is the only son of Mr. and Mrs. W. F. Porter of Seven Mile Ford, and a young man of industry and good habits. The young couple had started to Bristol, but decided to do the wise thing and have the ceremony performed in Marion. These are good people and The News extends to them best wishes and hopes for them much prosperity as they journey through life.

My Doctor Said

"Try Cardui," writes Mrs. Z. V. Spell, of Hayne, N. C. "I was in a very low state of health, and was not able to be up and tend to my duties. I did try Cardui, and soon began to feel better. I got able to be up and help do my housework. I continued to take the medicine, and now I am able to do my housework and to care for my children, and I feel as though I could never praise Cardui enough for the benefits I have received."

TAKE THE CARDUI Women's Tonic

Cardui is successful, because it is made especially for women, and acts specifically on the womanly constitution. Cardui does one thing, and does it well. That explains the great success which it has had, during the past 50 years, in helping thousands of weak and ailing women back to health and happiness.

If you are a woman, feel tired, dull, and are nervous, cross and irritable, it's because you need a tonic. Why not try Cardui? Cardui builds, strengthens, restores, and acts in every way as a special, tonic remedy for women. Test it for yourself. Your druggist sells Cardui. Ask him.

Subject of Prime Importance.

Weather is the topic of conversation that never grows out of date. We are almost as nearly at the mercy of the sunshine, the rain and the snow storm as we were a century ago. Therefore we always scan the sky when we get up in the morning. It is almost instinctive, even with the city dweller. No farmer fails to take a long look at the sky when he first rises, for on the weather will depend his activities during the day.

Preferred Jail to Marriage.

A country judge in England has just delivered the most sentimental decision ever heard of in his particular "neck of the woods." He told a burglar he would suspend sentence on him if he would agree to marry and settle down or get a dog or canary in order to have something to work for. Oddly enough, the burglar couldn't see it that way, and took a year's imprisonment instead.

Novelist's Limitations.

The English public will not let me probe deeply into humanity. You must not paint either woman or man; a surface view of the species that as water is acceptable. I have not plucked at any of the highest or deepest chords. Hence (possibly) those who have heard some of the chapters say it must be the best novel I have written.—From a Letter by George Meredith.

Remark Expressive.

A bicyclist was riding down hill when his hat blew off. A passing countryman picked it up and took it to him as he circled around, saving him the trouble of getting off. "I really must get a hat-guard to keep it on," remarked the cyclist, as he rode off without a word of thanks. The yokel's reply was short, but expressive. "Get a nail," he said.

Skillful Ancient Cooks.

The cooks of the ancients were artists in their way and were so skillful that they could serve a whole pig boiled on one side and roasted on the other.

What Every Woman Knows.

A woman always knows when a man is in love with her. A man often knows a woman is in love with him when she isn't.—Life.

No Doubt About It.

Electric Bitters

Made A New Man Of Him.

"I was suffering from pain in my stomach, head and back," writes H. T. Alston, Raleigh, N. C., "and my liver and kidneys did not work right. I had four bottles of Electric Bitters and made me feel like a new man."
PRICE 50 CTS. AT ALL DRUG STORES.

Why Have "Nerves?"

This is the reason why women have "nerves." When thoughts begin to grow cloudy and uncertain, impulses lag and the warnings of pain and distress are sent like flying messages throughout limbs and frame, straightway, nine times in ten, a woman will lay the cause of the trouble to some defect at the point where she first felt it. Is it a headache, a backache, a sensation of irritability or twitching and uncontrollable nervousness, something that is wrong with the head or back, a woman naturally says, but all the time the real trouble very often centers in the womanly organs. In nine cases out of ten the seat of the difficulty is here, and a woman should take rational treatment for its cure. Has local disorder and inflammation of the delicate special organs of the sex should be treated steadily and systematically.

Dr. Pierce, during a long period of practice, found that a prescription made from medicinal extracts of native roots, without the use of alcohol, relieved over 90 per cent. of such cases. After using this remedy for many years in his private practice he put it up in form of Dr. Pierce's Favorite Prescription, that would make it easily procurable, and it can be had at any store where medicines are handled.

Mrs. LILA B. HAWKINS, of Zou, Va., writes: "I had been failing in health for two years—most of the time was not able to attend to my household duties. My female weakness was my trouble and I was getting very bad but thanks to Doctor Pierce's medicine, I am well and strong again. I took only three bottles of 'Favorite Prescription,' and used the 'Lotion Tablets.' I have nothing but praise for Doctor Pierce's wonderful medicines."

Getting Even.

Eels are the luxury of the East. The fish shop stuck up proudly notice "We sell eels to the king. From the opposite side of the road the rival salesman watched his customers diverted to the shop that claimed to supply the royal table with eels. And then, after a week's reflection, he put up the rival notice: "God save the king!"—London Chronicle.

Best for Shoe Soles.

Rubber and asbestos mixed has been utilized successfully for the manufacture of soles for outing shoes. The material has the appearance of a thick, close felt, without odor, and without any discomfort to the feet, such as attends the use of pure rubber. These will be extensively introduced next season.

First Financial Center.

The Bank of Venice, established in 1876, was the financial center of the world; and when the Revival of Letters came, followed almost immediately by the invention of printing, it was Venice that led the world in the output of books and the spread of intelligence.

Inference There Somewhere.

"I don't think my husband loves me any more." "Why not?" "The other day I said to him: 'John, if I should die would you get married again?' and he said he wouldn't." "Isn't that all right?" "Yes, but I wish you could have heard the positive way he said it."

Authors Interested?

A new society has been organized in France under the title "The League Against the Leading of Books." It is asserted that the movement is really in the interest of authors, as every borrower may be considered an enemy buyer less.

Statesmen and Politicians.

A statesman is merely a politician with whom we agree. Neither is necessarily a leader of progress. Both are flies on the wheel, and we honor them in direct proportion to their riding ability.—Life.

Obvious.

We do not pretend to be much of a mind-reader, but when we see a lady hurrying downtown with a \$10 bill in one hand and an advertisement in the other we know that she is thinking of doing some shopping.

Only Occasionally.

Occasionally one meets a man who is so sure of his own importance that he can, without feeling the slightest embarrassment, wear a tall hat in the presence of his employer.

Romance and Fiction.

When a very rich man marries a very poor girl, that's romance. When a very rich girl marries a very poor man, that's fiction.—Galveston News.
