

### Bullet Hole in Head.

**John E. Hurt Found Dead, Thought to Have Committed Suicide.**

Tazewell, Va., Jan. 30.—John E. Hurt, one of the best known citizens of the county, was found dead near his home at Pounding Mill Friday morning, with a bullet hole in his temple and the conclusion has been reached that he killed himself. All the circumstances connected with the tragedy bear out the theory that death was from his own hands and this opinion is concurred in by the physician who examined him and who concluded that an inquest was unnecessary.

The fact is known that Mr. Hurt had been in ill health for several weeks and his mental condition had become alarming to family and friends. An examination of his body in the pasture near his home late in the morning by Dr. W. R. Williams developed that a bullet had been fired into his right temple and had lodged under his left ear. The weapon, found beside him, was a 38-calibre Smith & Wesson. His overcoat was drawn over his body as if after the shot, which must have not produced instant death, he had attempted to shield himself from the weather. His body was found in a pasture a short distance from his home by a party of citizens of the community who had been in search all night for him. He left his home in company with two hired men from his place to feed cattle. The men returned to the house as usual and stated that Mr. Hurt had remained in the pasture to watch the cattle and to prevent the hogs from eating the food. His body was found near the spot where the men left him as soon as the inquest was abandoned the body was taken to the home and from there taken to Tazewell for burial. The funeral services were held from the home of George W. Gillespie, his wife's father, and the burial occurred in the Jeffersonville cemetery Saturday morning.

Mr. Hurt is survived by a wife and several children. Mrs. Hurt is a sister to United States District Attorney Barnes Gillespie; W. T. Gillespie, cashier of Tazewell National Bank, and Dr. D. C. Gillespie, of Corneil.

### Scheme to Get Money.

**Stranger Uses Telegram Successfully, But is Arrested.**

Roanoke, Va., Jan. 30.—Saturday a stranger giving the name of E. L. Scott secured money here from sympathetic people by showing a telegram purporting to be from Pebron, N. D., and telling of how his wife and two children had been killed in an automobile accident. After securing a liberal supply of cash he went to Radford and on arriving there he began again to work his scheme.

It is said that he obtained about \$250 there. When a westbound passenger on the Norfolk and Western was at Radford early yesterday morning the conductor told the Radford agent about Scott's Roanoke career; the agent then informed the conductor that Scott had been in Radford and was leaving on that train. Immediately the conductor wired here. The Bluefield police were communicated with and when Scott arrived he was arrested. Arrangements are being made here to bring him to Roanoke for trial.

**ATTACK LIKE TIGERS**  
In fighting to keep the blood pure the white corpuscles attack the disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt rheum and sores multiply and strength and appetite fail. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes G. T. Budahn, of Tracy, Cal., "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them—50c. at Carson Drug Co.

### Funeral of Head of Christian Science.

Cambridge, Mass., Jan. 27.—In a concrete grava on the shores of Lake Baleyon, in Mount Auburn cemetery, there was laid several days ago a bronze casket containing the body of Mrs. Mary Baker G. Eddy, founder of the Christian Science denomination. On the casket rested a bronze box enclosing a complete set of the works of Mrs. Eddy, together with all the recent Christian Science publications, while the silver plate beneath gave her name and dates of her birth and death. The ceremony was attended by directors of the church and a score of its strongest supporters. Judge Clifford P. Smith, the first reader of the psalter church repeated the 91st Psalm, and the last two verses in Judges, which were read at the funeral on Dec. 8th. Then the grave was sealed. Later the spot will be marked by a mausoleum.

Gen. Henry Baker, of Bow, N. H., Mrs. Eddy's cousin, and executor of her will, was the only member of the family in attendance, but it was announced that all claims to other burial places had been waived. So the church buried its leader.

Since the funeral service of Mrs. Eddy on Dec. 8th, the bronze coffin had reposed in the receiving tomb at Mount Auburn, with a guard beside it day and night.

### Married on Stage.

Bristol, Va., Jan. 30.—A Meek Owen, of Chicago, and Miss Blanch Kline, of Indianapolis, members of a traveling theatrical troupe, which spent last week in Bristol, were married on the stage last Thursday night in the presence of the audience, the Rev. A. H. Burroughs, of the Greta Green, officiating. The couple had been advised that Parson Burroughs was the wizard of hearts in love, and that to have his services would certainly add to the romance of the event.

### Best Ten Hymns.

**Methodist Episcopal Congregation Ballots on Choice.**

New York, Jan. 31.—A New York Methodist Episcopal church which has taken a poll of its congregation in an effort to determine the ten best hymns announces that the following received the requisite number of ballots: "Nearer, My God, to Thee," "Abide With Me," "Jesus, Lover of My Soul," "I Love to Tell the Story," "Lead, Kindly Light," "Rescue the Perishing," "Rock of Ages," "Onward Christian Soldiers," "What a Friend We Have in Jesus." Four others were tied for the tenth place: "Love Divine, All Love Excelling," "Just As I Am," "Faith of Our Fathers, Living Still," and "In the Cross of Christ I Glory."

The Roanoke press correspondent says: "The jury in the case of H. G. Brown vs. the Norfolk & Western, gave the plaintiff a verdict of \$2,000.00. Several years ago Mr. Brown was struck by a freight train at the Commerce street crossing and one of his arms was so badly crushed that it had to be amputated. Evidence was introduced to show that Mr. Brown had been to the asylum at Marion; that he had been fighting the railroad several years, and that the gates at the crossing were down when he was hurt. Mr. Brown claimed that the gates were not down. He sued for \$15,000.00. Judge Jackson, of the attorneys for the defense, asked that a motion be entered to set aside the verdict on the ground that it was contrary to the law and evidence. He asked, however, that the court reserve its decision on that point until he could confer with his associate, Mr. Roy R. Smith.

### Leg Broken by Falling on Sidewalk.

Mrs. Susie Sears, whose home was near Marion, Va., accidentally fell upon the sidewalk in front of the Kemble-Cochran store, on State St., at 4:30 o'clock Friday afternoon and broke her right leg just above the ankle. She was formerly a Miss Hutton, of Smyth county. With her brother and her two children, she came here on her way to Knox county, Kentucky, to which county her father moved some time since. She was starting there to make her home.

Mrs. Sears attempted to rise immediately after falling, but found that her injured limb gave her great pain and she could not bear to put any weight on it. She was carried to the office of Dr. Kimmons, in the Interstate building, where her injured limb was set and otherwise treated. The accident may prevent her going to Kentucky for at least a few weeks.

The accident is regarded as a most peculiar one, as there was apparently nothing on the pavement to cause her to slip, any more than that it was wet from a recent shower.—Bristol Herald Courier.

### Poisoned by Bad Food.

**Negro Found Dead and Two Colored Women Unconscious.**

Roanoke, Va., Jan. 31.—When N. E. Snead went to call his colored cook, Laura Hubbard, Sunday morning he received no reply. After pounding on the door and shouting for sometime he pried open a window. When he looked inside he saw Laura Hubbard in bed, Maggie Barber stretched on the floor and Frank Payne leaning over the foot of the bed—all apparently lifeless. They were partly undressed. When the police arrived and entered the place they found the man dead and the two women unconscious. No sign of foul play could be discovered. It seemed evident that they had been poisoned by bad food of some kind. The women may recover, but as yet they have been unable to talk.

### Five Hours' Battle.

**Mexican Revolutionaries in Operation in the Southern Part of That Country.**

Mexico City, Jan. 28.—Belated news of a five-hour battle between federals and rebels near San Juan Evangelista, southwest of Coatzacoalcos, has reached here. The character of the warfare waged by the rebels was exemplified in the cruel treatment by them of a captain and his aide who fell into their hands. The rebels, estimated to be four hundred strong, who had been pillaging ranches, were routed by the federals on the 22d inst., and a loss to the latter is said to have been three killed and several injured. The rebels' loss is not known.

After the battle Captain Gonzales, of the federal army, with his aide, was attacked by the revolutionists while en route to the town of Acayucan. They first took refuge in a church at La Cruz De Mileago and made a heroic defense. The revolution is reported to have manifested itself in Ojulan, El Hule, Tuxtepec and Chiltepec.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth—un-throat for the grippe, asthma, hay fever, croup, quinsy or sore lungs. Price 50c. and \$1; trial bottle free. ### Honor the Flag in the Homes.

Sometimes we learn from foreigners real lessons in patriotism. It was the French wife of an American Congressman who introduced the custom in Washington of making the Stars and Stripes as prominent as possible in the drawing-room decorations. It makes one feel like throwing up his hat and cheering, too, when he sees such manifestations of loyalty. The practice should find favor in every American home: we made it a rule in ours some years ago that the flag should claim its place of honor. This is only a little thing, perhaps, but what a sad commentary it is upon a great government that in millions of homes can be found not even the slightest evidence of that sentiment that always wells up magnificently during a great crisis of time of peril. The has been a time and there may again come a time when the old flag will shine forth in its glory over every American home, if over the school house?—Joe Mitchell Chanple, in "Affairs at Washington," February National Magazine.

A piece of flannel dampened with Chamberlain's Liment and bound on to the affected parts is superior to any plaster. When troubled with a lame back or pains in the side or chest give it a trial and you are certain to be more than pleased with the prompt relief it affords. Sold by all dealers.

### A Good Newspaper Creed

The following excellent newspaper creed is reproduced from the Louisville Courier Journal: To print nothing of a man which we would not say to his face; to print nothing of a man in malice; to look well and think twice before consigning a suspect to the ruin of printers' ink; to respect the old and defend the weak; and, lastly, at work and at play, day-time and night-time, to be good to the girls and square with the boys, for hath it not been written "Of such is the kingdom of heaven!"

**Hard on Champ Clark.**

The Richmond News-Leader, a leading Democratic paper, concludes an editorial on "A Strong Leader Wanted," as follows:

"One of the popular cries continually going up around us is a protest against bossism. Any one who reaches anything like a commanding position, either in local, State or Federal politics, is stigmatized as a 'boss,' and if he is not fit or strong enough to be a leader, possibly he is a 'boss.' But what the Democratic party needs more than anything else at present is not votes; not more men in the ranks, but capable, honest and zealous leaders, who have convictions with which they will not waver, and have purposes from which they cannot be deflected.

Mr. Clarke and Mr. Underwood may do very well to drive mules, vote for pension bills and side-step tariff revision, but they are clearly not the leaders that will put the Democratic party firmly in the political saddle and keep it there.

The people do not rule, never did rule and never will rule, except through their representatives; and unless they have representatives in whose character they have confidence and whose intelligence commands their respect, they are a help less, inarticulate mob, incapable of attaining their ends, except by brute force. It does not appear that either Mr. Clarke or Mr. Underwood will supply the leadership now needed by the Democratic party. Woodrow Wilson may be the man; at least, he looms larger at present on the political horizon than any other potential Democratic leader. Let us trust that he will not disappoint the high hopes that the Democrats have placed in him."

**Democrats Split on Tariff Board.**

Washington, Jan. 31.—After considering the matter for more than seven hours under a special rule, the House at 11:45 o'clock last night, by a vote of 186 to 93, passed the bill providing for a permanent Tariff Board of five members. This is the first of the legislation recommended by President Taft to be adopted in the House this session. The Democrats split on the passage of the bill, and although Champ Clark, the minority leader, voted for the measure, ninety of his followers were recorded against it. The others who voted in the negative were scattered to the bill, but in each instance they were defeated, and the bill was passed in exactly the shape it came from the committee. The insurgent Republicans voted with the regulars of the party in opposition to the amendments, and for the final passage of the bill.

**Another Chapter.**

Bristol School Board Attacks McChesney's Ability.

Bristol, Va., Jan'y 31.—Another chapter has been written in the controversy between the local school board and Superintendent S. Rhea McChesney, of the city schools. The local board has endeavored to oust Mr. McChesney from the schools, but he is holding on by reason of the fact that Bristol is a part of a district of which he is Superintendent by virtue of his election to the position by the State Board of Education. The State Board pays him \$200 per annum, and heretofore he has received \$1,400 per annum additional from the city board. The city board, having desired another man for active Supervisor of the Schools, and being denied that privilege by Superintendent McChesney, has denied the Superintendent any salary whatever aside from \$200.00, which he receives from the State Board.

The Board now asserts that Superintendent McChesney is overbearing, obstinate and determined on a "rule or ruin" policy, and that he refuses to give the schools due attention or to allow the Board to employ the man it wants. The Board elected Prof. C. E. Anderson, of Smyth county, as the supervising principal, but Superintendent McChesney refused to endorse the teacher's certificate presented by Prof. Anderson, and for this reason he was never qualified for the position. The Board now charges that Superintendent McChesney is deficient in learning, and is unable to instruct in any of the modern languages. It asserts, in brief, that he lacks the educational qualities to make him available in the position which he occupies. Superintendent McChesney is also a member of the State Board.

#### J. G. Davis Shot.

Roanoke, Va., Jan. 31.—J. G. Davis, ex-member of the House of Delegates from Grayson county, and a member of the State Democratic Executive committee from the Fifth district, was shot yesterday at Independence, in Grayson county, by Mrs. Claudie Edwards and painfully wounded. Davis went to the Edwards' place with Cleve Troy, a brother of Mrs. Edwards, to return a pair of oxen which Troy had bought from Mrs. Edwards' husband and which he claimed had been misrepresented. Mr. Edwards was not at home and Mrs. Edwards ordered Davis and Troy not to turn the oxen on the farm. Davis and Troy, however, persisted in doing so, and Mrs. Edwards fired at them with a double-barrel shot-gun. Fifteen of the shot struck Davis. Mrs. Edwards was arrested, but was later bailed.

### Death of Geo. Anderson.

George, the eldest son of the late John W. Anderson, died at the South western Hospital early last Monday morning, aged about fifty-one years. His mind was affected from birth and he had been an inmate of the Hospital for seven or eight years. He had been in ill health for more than twelve months, but the immediate cause of his death was heart failure. He is survived by four brothers, Prof. Chas. E. Anderson, of this county, but now at Panola, Ala.; Prof. L. P. Anderson, of Forest City, Ark.; John Wm. Anderson, of Soap Lake, Wash., and H. C. Anderson, of Dwina, Wise county, Va.; also four sisters, Mrs. W. E. Brown, of East St. Louis, Ill.; Mrs. H. H. Rosenbaum, of Graham, Va.; Mrs. W. M. Pierce, of Cedar Springs, this county, and Miss Ida Anderson, of Lodi, Va.

His remains were taken to Adwofe Tuesday evening and laid to rest in the Anderson cemetery. The burial service was conducted by the Rev. C. W. Trainham, of Marion. His sister, Miss Ida, was the only member of the family who could be present at the burial, his brother, Henry Clinton, arriving the next day—too late for the service. A goodly number of relatives and friends were present to pay their last respects to the deceased.

R. H. Hunt, the Chabanooga architect, and Clarence B. Kearfoot, of Bristol, have completed plans and specifications for the new First Baptist church to be erected on State and Virginia streets, Bristol, on the site of the present building of the church. The new edifice, to cost \$40,000, will be erected this year and will be one of the finest and most modern of its kind in the South. It is planned to begin work as early as the weather will permit, so that the building will be completed and ready for occupancy this year.

We call attention to Mr. G. W. Tyler's "ad" of Seed Corn of which our progressive farmers will do well to avail themselves. This seems to be the best yield we have heard of from this immediate locality, and shows what our lands will do if given a chance. Whenever one acre will yield as much as two or three it means a big thing to the farmer. This corn is now acclimated and it does not take much to plant an acre, and with deep plowing and proper cultivation it should pay well. It has a record back of it in 1909 of over 200 bushels per acre.

Mr. John W. Roberts, the oldest citizen of this neighborhood, died the 27th inst. at the home of his son Mr. Clayton Roberts. He was in his 86th year. Funeral services were conducted by Mr. Dame, pastor of the Methodist Episcopal church. The burial took place at 2 o'clock Saturday in the old family cemetery near Union church. His grand daughter, Mrs. Marshall West, of Asheville, N. C., and two grand sons, William S. and Grover C. Roberts, of Bluefield, W. Va., attended the funeral.

The Woman's Club will meet in the Auditorium of the school building Tuesday afternoon, February 7th at three o'clock. It is earnestly desired that there be a full attendance of the members.

There are many avenues of usefulness open to such an organization in our town. The Club is especially interested at present in matters concerning the school. The citizens of the town are justly proud of their handsome school building, and of the excellent work done by the present corps of teachers. These teachers labor under great disadvantages, as there is a total lack of equipment in up-to-date schools. It would be a help to them and to the pupils in their care if such things could be provided. There is a growing demand for school library to supply the boys and girls with proper reading matter. A library of well selected books would be of incalculable benefit to them, as well as well as a source of much pleasure.

Health is the best of all assets and it is high time that people were waking up to the importance of school hygiene. The microbe has kept up with the progressiveness of the times and school houses are his natural habitat. The basement of the building in which the children play in bad weather is in such a condition that it is a positive menace to health.

Everyone who walks around the school building can see for themselves that the grounds need improving.

It is the object of the Woman's Club to point out these things to the citizens of the town, to dispel the prevalent indifference regarding them, and to excite an interest in bettering these conditions. Prof. Read, Principal of the School, Mr. B. E. Copenhaver, Supt. of Schools, and the local School Board are in thorough sympathy with this movement, and it is largely to them that the Woman's Club owes its organization.

### RESULTS

#### From Spraying Orchards!

Report of tests made for the State Department of Agriculture as reported in Commissioners Annual Report—Pages 185-188:

W. H. CLARK:

Sprayed three times—April 15th, May 15th and Aug. 1st. Two first sprayings commercial lime sulphur solution diluted one and one-half gallons solution to fifty gallons of water with two pounds arsenate of lead added. Third time with bordeaux and two pounds arsenate of lead to fifty gallons, chiefly for the "bitter rot."

Left one row of trees unsprayed for comparison.

RESULTS: For many weeks before gathering time unsprayed trees shed most of leaves, as well as most of apples, while foliage on sprayed trees remained green until sometime after apples were gathered. Early in season there were as many apples on unsprayed as on the sprayed trees, but they dropped all through the season, and when the apples from two sprayed and two unsprayed trees were gathered the sprayed measured eight bushels, and the unsprayed one and one-half bushels. Further, the sprayed were larger and smooth, while the unsprayed were wholly defective and knotty.

H. C. MILLER,

Albemarle County: One spraying with lime sulphur just as bloom fell. Four unsprayed test trees yielded only one-half bushel faulty apples, rest having fallen before gathering time. Four sprayed trees yielded seven barrels fine merchantable apples. Leaves on unsprayed trees fell long before frost, on sprayed trees remained on trees until after killing frosts.

We recommend at the least three sprayings:

First. February or early March with Commercial Lime sulphur, one gallon of solution to ten gallons of water to kill scale and clean up the bark.

Second. Just as bloom falls one and one-half gallons Lime sulphur solution and three pounds arsenate of lead to fifty gallons water.

Third. Repeat number two from ten days to two weeks later.

We have bought a car load of "Orchard Brand" Lime sulphur solution, arsenate of lead and prepared bordeaux and arsenate of lead, ready for use by diluting with water. We sell the Lime sulphur solution at 20 cents per gallon in barrel lots F. O. B. Chilhowie. We also carry in stock best make of Spraying outfits.

We will be glad to estimate your requirements if you will tell us the number of trees you propose to spray and their average age.

### TwoLams with One Head

Cuiperper, Va., Jan. 28.—A sheep on the farm of E. H. Gibson, just outside of town, gave birth Friday to a freak with one head and two bodies seemed to be fully developed. After that two other lambs, both perfectly formed, made their appearance. The curiosity has attracted much attention here.

**ACCUSED OF STEALING**  
 E. E. Campbell, of Clinton, Me., held by accuses Buckler's Arnica Salve of stealing—the sting from the burns or scalds, the pain from sores of all kinds and the distress from boils or piles. "It robs cuts, corus, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c. at Carson Drug Co.

### Couldn't fool Him.

A young country chap once got a job in a city grocery. He was very cautious in his new birth—they had told him at home that the city people would try to josh him because he was green. He kept a sharp look-out accordingly for joshers.

A sober old maid entered the grocery one morning.

"I want some bird seed, please," she said.

The new clerk sneered and answered scornfully: "No, ye don't lady. Ye can't string me. Birds come from eggs, not seeds."

### A COMMON ERROR.

The Same Mistake is Made by Many Marion People.

It's a common error to plaster the ache in the back.

To rub with liniments rheumatic joints, when the trouble comes from the kidneys.

Doan's Kidney Pills are for all kidney ills.

And are endorsed by Marion citizens.

J. L. Lindsey, of Marion, Va., says: "My kidney bothered me for six or seven years, causing a dull pain in the small of my back. The secretions from my kidneys were discolored and irregular and painful in passage. I took a great deal of medicine, but my health did not improve to any extent. I used Doan's Kidney Pills as a last resort, getting them at Carson Drug Store and the change they brought about was surprising. My back became much stronger and free from pain and my kidneys were restored to their proper working order. I consider Doan's Kidney Pills a most effective kidney medicine. I have recommended them before in the local newspapers and at this time I can speak just as highly of them as ever. Kidney trouble has not bothered me during the past seven years."

For sale by all dealers. Price 50 cent box. Foster-Milburn Co., Buffalo, N.Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

### THE KEY OF KNOWLEDGE.

Things You Ought to Know—Especially Why God Has Permitted Evil.

Every Christian Bible Student SHOULD KNOW the satisfactory proofs that the Bible is a Divine Revelation—reasonable and trustworthy—revealing a Plan which is systematic, full of Justice, Wisdom and Love.

The Key of Knowledge of the Scriptures, long lost (Luke 11:52), is found, and gives God's faithful people access to the "Hidden Mystery." (Col. 1:26.)

**YOU SHOULD KNOW** that the Lord Jesus and his faithful are to be not only Priests but Kings.

**YOU SHOULD KNOW** that this Kingdom is to come and God's will be done at the Second Advent.

**YOU SHOULD KNOW** that God's Plan is to select and save the Church in the Gospel Age, and to use this Church in blessing the world during the Mediatorial reign on earth.

**YOU SHOULD KNOW** that a "Ransom for all" implies an opportunity for Restitution to all.

**YOU SHOULD KNOW** that the Day of Judgment is 1,000 years long—the world's Trial Day.

**YOU SHOULD KNOW** that the Spiritual and Human natures are separate and distinct.

**YOU SHOULD KNOW** that the "Narrow Way" of self-sacrifice will cease with this age.

**YOU SHOULD KNOW** that the "Highway of Righteousness" without suffering will be open to all of the redeemed race during the Messianic reign on earth.

**YOU SHOULD KNOW** that the Kingdoms of This World are but for an ordained period and must then give place to the "Kingdom of Heaven"—"Thy Kingdom Come." Especially **YOU OUGHT TO KNOW** why God has permitted evil for six thousand years, and the relationship of God's people to this reign of sin and death and to the results.

These subjects and many others of deep interest to all of God's people are discussed fully and in language easy of comprehension in "THE DIVINE PLAN OF THE AGES."

### STOMACH LIVER LUNGS

Each of the chief organs of the body is a link in the Chain of Life. A chain is no stronger than its weakest link, the body no stronger than its weakest organ. If there is weakness of stomach, liver or lungs, there is a weak link in the chain of life which may snap at any time. Often this so-called "weakness" is caused by lack of nutrition, the result of weakness or disease of the stomach and other organs of digestion and nutrition. Diseases and weaknesses of the stomach and its allied organs are cured by the use of Dr. Pierce's Golden Medical Discovery. When the weak or diseased stomach is cured, diseases of other organs which seem remote from the stomach but which have their origin in a diseased condition of the stomach and other organs of digestion and nutrition, are cured also.

The strong man has a strong stomach. Take the above recommended "Discovery" and you may have a strong stomach and a strong body.

GIVEN AWAY.—Dr. Pierce's Common Sense Medical Adviser, new revised Edition, is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

# TAKE CARDUI

### The Woman's Tonic

Mrs. Rena Hare, of Pierce, Fla., tried Cardui and afterward wrote: "I was a sufferer from all sorts of female trouble, had pain in my side and legs, could not sleep, had shortness of breath. "I suffered for years, until my husband insisted on my trying Cardui. The first bottle gave me relief and now I am almost well." Try Cardui. "I will help you."
