**VIRGINIA**—At a meeting of the Board of Supervisors of Smyth County, held at the Court-house thereof, on Saturday, the 13th day of September, 1924:—

Ordered that the following ordinance be published for two weeks in the Marion News, a newspaper published in Smyth County:

Be it ordained by the Board of Supervisors of Smyth County, that, pursuant to the provisions of Section 3356, of the Code of Virginia, and upon petition of more than 100 land owners thereof, it shall be unlawful for any person to hunt, kill or capture partridges (or quail) in Smyth County between December 31, 1924 and November 15, 1925.

And notice is hereby given that the foregoing ordinance will be offered for passage by said Board, at a special meeting to be held on the 4th day of October, 1924.

By order of the Board of Supervisors.

## First Meeting of Teachers.

### THE SMYTH COUNTY TEACHERS ASSOCIATION

The Smyth County Public Schools are now open and working on the second week of their year's work, with apparently greater success than has been gained in some of the previous years. Great enthusiasm has been instilled throughout the entire country both in the teachers and the schools. The first two days of the session was used for the general meeting of the Smyth County Teachers' Association, with an especially fine attendance and very gratifying results from the standpoint of outlining the work for the year. At the first meeting of the Association the regular business of the meeting was presented. At this time officers were elected for the year, Prof. Chas. E. Anderson, of Saltville, being elected as President and Mrs. Ella McKee of Chilhowie was elected Secretary and Treasurer. After the installation of the new officers the delegates to the State meeting were elected to represent the County during Thanksgiving week. Prof. B. E. Copenhaver Superintendent of the County Schools then took charge of the meeting and with his keen foresight conducted the entire exercises so that the greatest benefit possible, could be gained by the new as well as the old teachers.

Prof. Copenhaver had fine speakers to address the teachers at all meetings, and great interest was aroused by the fine speeches of Rev. J. R. Edwards, Pastor of the Marion Baptist church, Dr. Rosser, Pastor of a church in Bristol, who gave a wonderful speech upon the advantages, position of the teacher in a child's life and the community in which they live. Dr. C. Brown Cox, President of the Marion Junior College, in his pleasing manner welcomed the teachers and expressed his willingness to serve their interests in the way he was called upon and urged the teachers to let their lives be a keystone for the children to place in their lives to mold character; upon Prof. F. B. Fitzpatrick presented the need of a Pre-ventorium for the teachers in a most able and forceful manner and urged a full quota for the subscription to the Virginia Journal of Education and full membership in the State Teachers' Association stressing the importance of full co-operation for its success.

Mrs. John P. Buchanan, one of Marion's most talented ladies, stressed the importance of special interest in music and asked the hearty support of all teachers in making music a feature in school and in the child life of the County and State. Mrs. Buchanan is affiliated with several musical organizations and is well acquainted with the interest of other schools in music for all. Miss Bethea the popular County Nurse, gained the friendly spirit of all the teachers by her pleasant manner of presenting her work and showing how important her work is and how necessary it is for the teachers to assist and advise her, if they wish to gain the proper work from the children and improve the health conditions of the county. Miss Bethea has been in this work in Marion for several years and will be a great factor in the Smyth County School System.

Prof. Copenhaver was especially fortunate in having all of these talented speakers in addition to the veteran speaker, Dr. J. P. McDonnell President of Radford State College. Dr. McDonnell talked to all of the teachers several of them being his former pupils, in a regular heart to heart manner and it was a source of great pleasure to be listen to his general discussion of the development of Public School work during the past fifty years. Miss Stump, representing the Johnson Publishing Company, of Richmond, gave a very attractive demonstration of conducting recitation work with the use of her books. Mr. Summers, of D. C. Health and Company stressed the importance of having some form of character building text books introduced into all schools.

This is one of the best meetings which it has been the privilege of the teachers of this County to attend in several years, for which the thanks are due to Prof. B. E. Copenhaver, their able and faithful Superintendent.

### WITH THE METHODIST

Sunday morning, September the 14th, there were three hundred and forty-seven present. The "Reds" were slightly ahead but they have not yet over taken the "Blues." It is hoped that each side will get down to work and do its best for we expect to be in our new Sunday School rooms soon.

Next Sunday is Harvest Home Day and anyone having flowers or fruits that they will give it will be greatly appreciated. These will be used as decorations for services and afterwards sent to the sick and shut ins.

## Brought Back From Ohio.

Tuesday of this week Sheriff S. F. Dillard returned from Cincinnati, Ohio, with William H. Debusk and Elizabeth Martin, and Debusk was lodged in jail under the charge of violating the Federal White Slave Act. The Sheriff left for Ohio last Saturday with a warrant for the return of the girl, but he informed us that the authorities there would not let him return with the girl alone, but insisted that the man be brought along also, and that Debusk be prosecuted, consequently he bought them both to Marion. Debusk will be taken on Tuesday before United States Commissioner J. D. Perkins who will probably send him to the United States Court for trial at Abingdon.

We understand that Debusk had been married some time ago, but his wife and secured a divorce from him in a Western State.

### RESOLUTIONS OF RESPECT

Whereas; Recognizing the Divine will of God in all things and that He in his wisdom has seen fit to take from our midst brother L. S. Fry, We the members of Sugar (Grove) Lodge I. O. O. F. number 215 offer the following resolutions:

1. That in the death of our brother our lodge has sustained a grievous loss, he was ever ready to co-operate with or assist in anything for the advancement of interest of his lodge.
2. That we extend to brother Fry's family our heartfelt sympathy in this dark hour of bereavement, and commend them to the care of him who doeth all things well.
3. That a copy of these resolutions be sent to the Marion papers for publication. A copy sent to the bereaved family, also a copy to be placed upon the minutes of our lodge.

A. B. PAFFORD,  
E. L. PUGH,  
Committee.

### IN MEMORY.

Rev. John M. Haulsee was born in 1838, departed this life September 2nd, 1924. He professed faith in Christ at an early age, and for fifty years was a gospel minister in the Missionary Baptist church. During his ministry he won many souls to Jesus Christ. He was a capable and efficient expounder of the word. He like all faithful preachers, expressed a desire to be in the work, but by reason of failing health was not able to accomplish his hearts desire. He often expressed a desire that he might be able to preach another sermon before going to his reward.

For years he was Clerk of St. Clair School Board and exhibited good business tact, and was instrumental in putting it on a good financial footing.

He was a real friend and christian gentleman, and leaves a host of friends to lament his going yet realizing, to die, was gain to him.

He was united in marriage to Martha Jane Hutton May 12th, 1875. To this union were born five children three boys and two girls, all having preceded him to the grave. Forty-one years ago, within two weeks, all five were taken by scarlet fever.

He was a faithful father and loving husband. He leaves a faithful wife and brother and a number of other relatives to mourn their loss. "Asleep in Jesus blessed sleep."

### RENEWED TESTIMONY

No one in Marion who suffers backache headaches or distressing urinary ills can afford to ignore this Marion woman's twice-told story. It is confirmed testimony that no Marion resident can doubt.

Mrs. W. M. Brinkley, 33 E. Phipps Ave., Marion, says: "I have had trouble from kidneys for quite a long time. Pains in my back and muscles weren't regular and that caused annoyance. I had specks before my eyes and dizzy spells. I was told how good Doan's Pills were for these troubles and found them just fine. A few have always fixed me up in fine shape."

The above statement was given February 10, 1919 and on March 26, 1923, Mrs. Brinkley added: "I think there is no medicine like Doan's Pills, for they sure did cure me when I suffered from an attack of kidney complaint."

### A GOVERNOR OF COMMON SENSE

Although President Coolidge's address of acceptance at Washington city was written before the publication of Mr. Davis's speech at Clarksburg, it is a full and effective answer to that polished utterance.

Mr. Coolidge has a marked advantage over his Democratic competitor because he can point to three and a half years of actual achievement while Mr. Davis is forced to rely on accusation, much of it as a matter of fact, plain exaggeration—accompanied of course by vague promises of the betterments he will strive to bring about if he is elected.

There is naturally a wide divergence between Mr. Davis's allegations of Republican inefficiency and corruption and Mr. Coolidge's report and interpretation of his party's record.

The public debt has been reduced nearly three billion dollars; the taxpayers' burden is less than it was by six million dollars a day; the budget has been put into successful operation to the benefit of the whole people; the Army and Navy have been cut to a peace-time basis; more legislation has been passed in behalf of the farmer than was ever enacted before, and in addition his problems have been brought appreciably nearer solution by the beneficial action of nature and the law of supply and demand; where there were approximately five million workers idle when out of power, the number is comparatively insignificant today and prosperity is reviving; the Washington Arms Conference has done more for the peace of the world than all the efforts of the League of Nations, and our unofficial assistance to Europe, notably through the Dawes Plan, promises to bring about the early recuperations of the war-torn continent; we have made generous provision for the disabled veterans of the World War—to say nothing of the bonus; we have negotiated treaties with Germany, Austria, Hungary, Colombia and Mexico, and we are working out, but with no aggressive thought in mind, a comprehensive system of national-defence.

It is against this substantial record of accomplishment that the candidate of the Democratic party brings his rhetorical complaint. His accusations of Republican corruption, Mr. Coolidge meets in brief convincing fashion. He says:

"There are those who would disregard all this (the Republican record of achievement) for an undertaking to convince themselves and others that the chief issue of this campaign is honest government. In all my studies of political history I cannot recall an administration which was desirous of a dishonest and corrupt government that, for the purpose of checking extravagance, ever undertook to introduce a budget system, to cut down taxes, to purge the pay rolls, to make enormous reductions in the public debt, and to lay firmer foundations for the peace of the World. That is not the way of dishonesty. The Government is sound. But individuals charged with wrong-doing are being prosecuted. The people of this country hate corruption. They know my position. They know the law will be enforced."

## The Doctors Hold Session

MEETING OF THE SOUTHWEST-  
ERN VIRGINIA MEDICAL  
SOCIETY

The members of the Southwestern Virginia Medical Society held a very extensive and highly entertaining meeting Thursday and Friday. The meeting opened with a session of the Executive Committee, Thursday afternoon and in the evening at 7:30 a very elaborate Subscription Luncheon was served to the members who were present in large numbers, and several of the members of the Marion Kiwanis Club and friends of the members.

After the luncheon, which was served in the large dining room under the Presbyterian church, the members and friends retired to the auditorium of the Court House where an open meeting was held, with quite a large number of the guests and friends were present. This was very entertaining and several of the local speakers took part including, Rev. James R. Edwards, Mr. W. R. D. Moncure. After these two addresses Dr. A. M. Showalter of Cambria, Va., and Dr. Stewart R. Roberts, of Atlanta, Ga., one of the invited guests, pleased the audience in an attractive manner with his discussion which was full of interest, especially to the medical profession. One of the main addresses of the evening was that of the President, Dr. S. S. Gale, of Roanoke, Virginia, who delivered his address to the members as their President of the Society.

The following day was used entirely upon subjects of interest, importance and instruction to the doctors, several papers of interest especially to the Medical Society, were read at this meeting and points of interest were discussed by all the members present. The two days were pleasantly spent and were considered most profitable by all of the doctors. Marion is looking forward to a return trip of the doctors when they have their next meeting.

The following resolution was adopted by the members of the Southwestern Medical Society during its business session.

Be it resolved: That we extend to the Medical profession of Smyth County, the ladies of the Presbyterian Church and the Kiwanis Club our sincere appreciation for the hospitality extended us while in Marion.

Dr. F. H. Smith of Abingdon was elected President of the Society for the ensuing year. Dr. E. G. Gill was re-elected Secy-Treas., and Dr. Z. V. Sherrill was elected delegate to represent this Society at the meeting of the Virginia State Medical Society to be held at Staunton, October 14-17.

### ENGAGEMENT ANNOUNCED

Mrs. Henry Thomas Hester, of Marion, announces the engagement of her daughter, Miss Lora Elizabeth, to Mr. Lawrence Herman Hubble, of Noto, the wedding to take place October 16th, in the M. E. Church South.

## MUSIC SECTION.

A Twilight Musical is to be given by the Monday Afternoon Music Club at the Royal Oak Presbyterian church on Thursday Sept. 18, at 7:30 o'clock. Miss Maude Wilson of the Roanoke Thursday Morning Music Club, will be the visiting artist.

With many successful appearances in Germany, Norway and Scotland, Miss Maud Wilson comes to America as the real interpreter of Edvard Grieg's beautiful songs. Of Scotch and Norwegian parents, this artist spent the earlier years of her musical life in Bergen, Norway, where as a cousin of Grieg she sang his songs with him and thereby obtained the correct interpretation of his compositions.

Later, several years of study in Dresden, Germany, broadened an already developed talent and brought to this singer the knowledge of German, French and Italian composition. During her residence in Dresden Miss Wilson, as one of Edvard Grieg's family, was a guest at the Opera. One of her successful concerts in Dresden was at the Italian Club, the Circolo Italiano, as well as several appearances in recitals and at the American Church.

Returning to Norway, Miss Wilson was heard in many of the large cities of her home country, but the call of a greater field has brought her to America. In spite of her years of study abroad, Miss Wilson has spent a season in the study of the American music and American audiences in Chicago, with one of the foremost teachers, and is now able to sing the English songs with the same success and assurance that she delivers Norwegian, German, French and Italian compositions.

### SUCCEED IN EFFORT TO FIGHT TYPHOID FEVER.

State Board Of Health Stops Epidemic In Little Lumber Town.

Richmond, September 12—Work of the Virginia board of health is successfully combatting an epidemic of typhoid fever at Clinchburg, a lumber town in the limestone region of Virginia was characterized as a distinct triumph for vaccination and preventative methods by C. R. Keiley, director of publicity in a statement here today.

"Only one death resulted in forty-three cases at the lumber camp," declared Mr. Keiley, "and the one death occurred before the state board was called to help in the situation. This must be considered as extraordinary when one is told that the average death rate from typhoid fever is one case in nine."

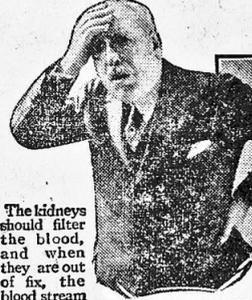

"Not a single death case developed after the second vaccine injection," he continued, "and yet, when the health authorities entered the town the contagion was spreading rapidly."

The epidemic of fever in the little lumber town, whose total population was not more than four hundred persons was attributed chiefly to defective water supply, said Mr. Keiley. This source of contagion was closed when the lumber plant was asked to purify all water for home consumption. In addition, he added, everyone in the town was immediately vaccinated with the anti-typhoid serum.

A corps of nurses under Miss Alice Dugger, state supervisor of nursing service in the field, was sent to the town to aid in the work of the health officers and contributed largely to the success in halting the spread of the epidemic, he said.

He asserted that typhoid was more prevalent in the limestone regions than in any other part of the state this year.

## ALARMING!

The kidneys should filter the blood, and when they are out of fix, the blood stream is just filled with poisonous uric acid.

Carried to all parts of the body, this poison causes backaches, headaches, rheumatic pains, heaviness, drowsiness, dizziness, irritability or depression and distressing bladder troubles.

But that isn't the worst of it. In chronic neglected cases, the excess uric acid is apt to form into gravel or kidney stones, and to cause gout, sciatica, dropsy and even Bright's disease.

Let the first pain in the back be your warning. Get a bottle of Dr. Pierce's new An-uric tablets (anti-uric-acid). Your druggist can tell you about this new discovery for bad kidneys. Or, send 10c for a trial package to Dr. Pierce, Pres., Invalids' Hotel, Buffalo, N. Y.

### IN MEMORY

Leonard Solomon Fry, was born at Holston Mill, Va., January 22, 1893, age 31 years 7 months 18 days. He lived at Holston Mill's most of his life until he volunteered to go to the late war. He served over seas, and on his return married Miss Lessie Richardson, daughter of M. C. and Celice Richardson, of Sugar Grove. Shortly after this marriage they moved to Payeton, W. V., and lived there until death. He was accidentally killed in the mines by falling of coal on September 9, 1924.

He belonged to the Masons also the I. O. O. F., and was buried at Sugar Grove by these orders, assisted by Rev. Mr. Edwards of Marion. His mother died when he was but 7 years and his brother James was killed in France during the late war.

He leaves to mourn his loss a wife two children, fathr, sistr and one brother.

### OBITUARY

Addie Cornelia, daughter of Mr. and Mrs. A. H. Nelson, was born March 24, 1900, in Grayson, county, and fell asleep in Jesus September 6, 1924, Marion, Va., being 24 years, 5 months and 13 days of age.

Addie was converted and baptized into the Falling Water church several years ago.

During her long illness she was every patient and told her family that she was saved. A few days before she passed away she called her mother, father, brothers and sisters to her bedside, and asked them not cry, but to laugh that she was saved and if she could she would come back to see them some day. Eddie leaves to mourn her loss, father, mother, two sisters, Ethel May Nelson and Mrs. Ott Hutton, two brothers, W. C. and E. R. Nelson, several uncles and aunts and a host of friends.

Funeral services were held at Falling Water, by her former pastor Rev. C. T. Rouse assisted by Dr. Edwards. Her body was laid to rest in the church cemetery to await the resurrection morn.

IN CHANCERY.  
The object of this suit is to obtain an absolute divorce on the grounds of desertion and abandonment.  
And an affidavit having been made, and filed that the defendant Joseph Webber is not a resident of the State of Virginia, it is ordered that he do appear here within fifteen days after due publication hereof, and do what may be necessary to protect his interest in this suit. And it is further ordered that a copy hereof be published once a week for four weeks in the Marion News a newspaper published in the County of Smyth, and that a copy be posted at the front door of the court-house of this County, on the 15th day of September, 1924, that being the next succeeding rule day, after this order was entered.

**What Is  
Chiropractic?**

Chiropractic is a drugless health system which has for its foundation the fact that every functional activity in the body is controlled by an inherent force transmitted to every part of the body through the nervous system. The Chiropractor maintains that this life giving energy, which is centralized in the brain, is necessary to perfect function and that any interference along the paths of the nerves supplying the body leads to a derangement of function and, inversely, that every derangement of function indicates some interference along the paths supplying those organs where derangement exists. He claims that this interference can only occur where the nerve trunks find their way out from the spinal column between adjacent bony segments, or vertebrae. To the uninformed person it would undoubtedly seem a very absurd proposition to adjust the segments of the spine for disease in remote organs. Yet this is exactly what the chiropractor does, and the remarkable results which he obtains are creating a furor in the healing professions. After all, when one understands why the chiropractor attaches so much importance to the spine, it seems to be a clear and logical proposition founded on simple facts which we have all recognized but failed to apply.

### MEETING OF NURSES

The Annual Meeting of the Southwest Virginia Registered Nurses Association was held at the home of Miss Roberta Killinger, Friday, Sept. 12th at 2:30 P. M.

Officers for the coming year were elected: Miss H. Brogden of Bristol, was re-elected President; Miss Fortune of Radford, Vice President; Miss Bethea of Marion, Secretary and Treasurer. At the close of the business session, Dr. Nat Copenhaver of Bristol, read a very interesting paper on Goiter.

After which Miss Kerriek gave a violin solo, accompanied by Mrs. John Buchanan at the piano, Mrs. Buchanan finished the program with piano selections.

Following the musical programs a delightful course luncheon was served by Misses Bethea, Farris, Killinger and Stimson, Marion nurses.

Visitors of the afternoon were, Misses Bennett and Dugger, State Board of Health Nurses, and Dr. Leroy Sawyer, Jr., physician at Davis Clinic.

### IN MEMORY

On Monday, September 1st, little Dallis Edwin Barker, the ten weeks old child of Mr. and Mrs. D. R. Baker, of Sumpter, S. C., was brought to Marion, and on Tuesday morning was buried in Round Hill Cemetery.

The remains was taken to the home of Mr. and Mrs. Levi Fisher, where, in the presence of a few friends the funeral services were conducted by the Rev. G. A. Wilson, pastor of the Presbyterian church. Now precious, the words of the Master, who says, "Of such, is the kingdom of heaven."

Mr. and Mrs. Baker, and Mrs. Hoover, the grand mother, desire to express their sincere gratitude to the kind friends for the loving sympathy shown, and for the flowers brought for the occasion.

### THE COURT CLOSSES.

The September term of the Circuit Court will close its session on Wednesday of this week. The Court has had quite a lengthy term and a large amount of legal business has been transacted. There have been quite a clearing of the criminal docket, three convictions with penitentiary sentences. Quite a remarkable fact is attached to the criminal record in that no jury has been sworn in for a criminal case, the accused in every case disposed of either plead guilty or were tried by the Court.

## A GOVERNMENT LOAN.

## Plenty of Money.

Farming is a business and must be conducted as such. Financing is the first essential. The Federal Land Bank was created by an Act of Congress in 1916, to supply this need for the farmer. Everyone knows that the farmer needs a long term loan in his business, also a plan by which he can gradually reduce his indebtedness and not worry about the renewal of his notes and mortgage. His experience proves to him the advantage of a co-operative system.

1. A low rate of interest. Five and one-half per cent.

2. Systematic reduction of the mortgage.

3. Long term with no renewals.

4. Farm can be sold and mortgage transferred to the purchaser.

5. The farmers receive the earnings of the Bank. (Last year The Federal Land Bank of Baltimore paid about \$100,000 in dividends back to the County Associations.) Are you receiving any earnings on your present indebtedness?

If you are interested in further particulars, would advise that you come to see me. 300 other farmers of this county have taken advantage of this system. Why not you?

GOOD ROAD MEETING AT CAMP, VA., A GREAT SUCCESS.

Mr. Keesling, the county road Supervisor of Rye Valley, is working hard to make the road possible between Camp and Cedar Springs. There is about three miles of the road that has not been improved yet, and some of it gets impossible for cars in the winter season.

The people decided to get up a big free work day, near Camp, inviting Grayson county friends to participate in the work.

Friday the 12th, all hands met with teams and trucks. The men came from Grayson with trucks. The Camp teams were on the job, ploughing and hauling.

The force was divided, Mr. Keesling keeping his force on one piece of road and all the rest on another piece.

The men though they were doing fine until the ladies called us to dinner at Mr. Cleave Wingett's residence, and there they found the ladies had been at work. Large tables were placed in the yard and the men were seated around, piles of fried chicken, ham, beans, and all that goes with such a dinner.

After dinner Mr. T. E. King, of the Marion National Bank, made a good road talk.

He spoke of dairying as a means of a steady income, as soon as we could get roads so products could be marketed at a minimum cost. Mr. King has an opportunity to be very close to the farmers and is thoroughly interested in their problems, many spoke of the common sense talk he made.

After Mr. King spoke Supervisor Keesling was asked to speak. He took the opportunity to thank the ladies for the big spread and also the people for the deep interest they are taking in the road. He promised he would do all he could to get the people out of the mud before cold weather.

About fifty men were there and all work Grayson County especially over 600 feet of road was hard surfaced.

Blue Springs Community is inspired by what her neighbor Camp has done and are talking of doing the same thing. If one day will take us out of a lot of mud why not?

UNUSUALLY POOR CORN PROSPECTS IN VA. THIS YEAR

Richmond, Va.—The unusually poor prospects for corn is the outstanding feature of the September report of the Virginia Crop Reporting Service. The September condition of 62 per cent of normal indicates a yield of 19.8 bushels per acre. This is the smallest corn yield since 1900. Much of the crop is late and is subject to serious injury by an early frost. The acreage planted was smaller than usual because the wet weather in May and June prevented the preparations and planting of all fields that had been intended for corn. The forecast of 33,640,000 bushels is only 63 per cent of last year's production. In the Southwest the season has been more favorable and the corn condition is much better than in other parts of the State. The September forecast for the production of corn in the United States is 2,513,000,000 bushels compared with 3,046,000,000 bushels last year and 2,899,000,000 bushels the average for the years 1913-22.

During August the condition of cotton, tobacco, peanuts improved; and the outlook for these crops is better than on August 1st; but the production can not be expected to equal the crop produced last year, even with a favorable season to harvest. The condition of late potatoes, sweet potatoes, buckwheat, pastures and late hay crops declined during August owing to the dry weather.

TOBACCO SHIPMENT ENABLE VIRGINIA TO HOLD NINTH PLACE IN EXPORT TRADE

Cigarette Exports Take Decided Jump in Latter Part of Half-Yearly Figures—Leaf Tobacco Leads.

Increased shipments of cigarettes enabled Virginia to maintain its favorable position of number nine among the States of the Union in the struggle for export trade for the six months ending June 30, according to statistics just released by the Department of Commerce. States heading Virginia are New York, Texas, Pennsylvania, New Jersey, California, Louisiana, Illinois, and Michigan.

With exports for the half-year totalling \$70,734,187, Virginia is followed in order by Ohio with figures amounting to \$68,816,104; Massachusetts, with \$58,986,095; Washington, with \$51,869,044; and North Carolina, with \$35,432,428. Of the remaining 39 states or regions, Nevada brings up the rear with but \$108,370.

Leaf tobacco shipments constituted the large item in Virginia's exports, amounting to \$45,844,272, followed by cigarette exports amounting to \$8,945,640, \$5,577,699 of which took place during the second quarter of the half-year.

This is the second time in the history of Government trade statistics, states Dr. Julius Klein, Director of the Bureau of Foreign and Domestic

## "My Children Just Love Liv-o-lax"

"For some time, I have been giving the children Liv-o-lax for the condition which I used to think called for calomel and castor oil," said a Charlotte mother.

"I think there is nothing more terrible than to have to give children those awful doses, which I wouldn't think of taking myself."

"Dr. Hand told me, in his drug store, how he worked up the formula of Liv-o-lax, just to do away with this unpleasant necessity, how Liv-o-lax, though a pleasant-tasting liquid remedy, acts on the liver in just the way required. Since I gave it one trial, I have been happy to have it in house, because the children just love to take it."

"And Liv-o-lax is an all-round family laxative. It is just as good for the grown-ups as it is for the children. Get Liv-o-lax at your drug store—30c. Just one trial will convince."

## FALL GRAINS.

Make your wheat and other small grain crops profitable by increasing yields with improved and high yielding varieties. We offer certified seed of the following Virginia Crop Improvement Association varieties.

V. P. I. NO. 131 WHEAT (Bearded)—This wonderful variety developed by the Virginia Experiment Station averages over four bushels more per acre than the best wheats heretofore grown in Virginia. Winter hardy, stiff straw, heavy yielder, excellent milling quality.

V. P. I. NO. 112 WHEAT (Smooth)—A pedigreed wheat bred by the Virginia Experiment Station for the benefit of Virginia farmers. Outstanding yielding ability, disease resistant, hardy.

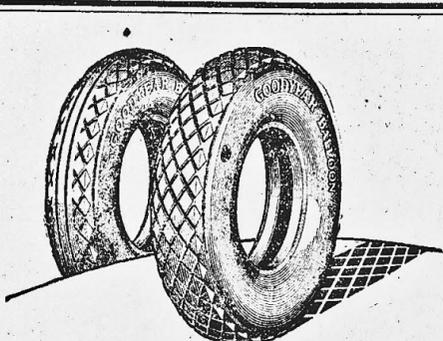

ABRUZZI RYE—Genuine Abruzzi of the highest quality. Produces two or three times as much grazing as common rye and is a better grain yielder.

For maximum results plant certified and guaranteed seeds distributed by a farmers' organization.

# Lubrication in one lesson

"YOU can learn all you need to know about car lubrication in one lesson," says the Fleet Boss. "There are just four rules. Standardize on 'Standard' Polarine. Get the right consistency. Use enough. Change it often."

The correct consistency of oil or grease for crank-case, transmission and rear axle has been charted for every make of car and truck. If you are not sure whether you are using the right one ask your dealer to show you his "Standard" Polarine Chart. Then, wherever you go, ask for that consistency by name.

If you expect your engine to be on the job whenever you need it, it is up to you to make sure of it. Buy your oil on a quality basis. Change it at least every 500 miles. Years of experience have shown that to be about the limit of safety. Under average conditions the very best of crank-case oil collects enough road grit and unburnt fuel in 500 miles to impair seriously the lubrication of pistons and main bearings. So when you change, change! To leave any dirty and diluted oil where it must be used over and over again is to ruin the fresh oil you put in, even a high quality oil like "Standard" Polarine. Play safe—new oil on a regular schedule is cheaper than repairs.

Mr. Kirkwood has made all the clubs this year and is looked on by the company as one of its most successful representatives. He gets the business when he goes after it.

#### A BEAUTIFUL HOME.

We spoke last week of the building improvements in Marion but failed to mention one of the most beautiful homes that has been built here for any days, it being that of Mr. George Collins, located on Main Street, west. Mr. Collins has been giving considerable time and attention this summer to the building of his handsome home, and he is well repaid for the time and labor, for there are few homes in our town that are as tastefully arranged and as well built as this home. It is an ornament to the town.

We have also noted the handsome home of Mr. James Mullins on Park Street, South, which is a very handsome commodious home, costing it is said around \$10,000, and is as

handsome as any in this section of handsome homes.

Railroad Avenue is also having a handsome home built up, it being that of Mr. H. R. Braddock, and while it is yet in the early state of construction it promises to be a large and conveniently arranged home.

Mr. J. O. Stephenson has had erected at the side of his home at the foot of Main Street a very attractive bungalow residence, the outside being of green shingle which gives it a pleasing effect, and it will be as attractive home as any in town when complete.

Miss Evelyn Sprinkle left last week for Decatur, Ga., where she is a student in Agnes Scott College.

Mrs. Sterling Dutton of Savannah, Ga., who has been visiting her father Mr. J. W. Keller left Monday for her home.
